(b)(1) For the purpose of such investigation, the Secretary may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any records that are relevant to the inquiry.

(2) Such attendance of witnesses and the production of such records may be required from any place in the United States.

(c)(1) In the case of contumacy, or refusal to obey a subpoena, by a person, the Secretary may invoke the aid of a court of the United States with jurisdiction over such investigation or proceeding, or where such person resides or does business, in requiring the attendance and testimony of such person and the production of such records.

(2) The court may issue an order requiring such person to appear before the Secretary to produce records or to give testimony touching the matter under investigation.

(3) A failure to obey an order issued under this section by the court may be punished by the court as a contempt thereof.

(4) Process in such case may be served in the judicial district in which such person is an inhabitant or wherever such person may be found.

PREEMPTION

SEC. 1628. (a) This subtitle is intended to occupy the field of—

(1) promotion and consumer education involving pork and pork products; and

(2) obtaining funds therefor from pork producers.

(b) The regulation of such activity (other than a regulation or requirement relating to a matter of public health or the provision of State or local funds for such activity) that is in addition to or different from this subtitle may not be imposed by a State.

(c) This section shall apply only during a period beginning on the date of the commencement of the collection of assessments under section 1620 and ending on the date of the termination of the collection of assessments under section 1622(a)(3) or 1622(b)(1)(B).

ADMINISTRATIVE PROVISION

SEC. 1629. The provisions of this subtitle applicable to orders shall be applicable to amendments to orders.

AUTHORIZATION FOR APPROPRIATIONS

SEC. 1630. (a) There are authorized to be appropriated such sums as may be necessary for the Secretary to carry out this subtitle, subject to reimbursement from the Board under section 1620(c)(3)(B)(iv).

(b) Sums appropriated to carry out this subtitle shall not be available for payment of an expense or expenditure incurred by the Board in administering an order.

EFFECTIVE DATE

SEC. 1631. This subtitle shall become effective on January 1, 1986.

Subtitle C—Watermelon Research and Promotion Act

SHORT TITLE

SEC. 1641. This subtitle may be cited as the "Watermelon Research and Promotion Act".

FINDINGS AND DECLARATION OF POLICY

SEC. 1642. (a) Congress finds that—

(1) the per capita consumption of watermelons in the United States has declined steadily in recent years;

(2) watermelons are an important cash crop to many farmers in the United States and are an economical, enjoyable, and healthful food for consumers;

(3) approximately 2,607,600,000 pounds of watermelons with a farm value of $158,923,000 were produced in 1981 in the United States;

(4) watermelons move in the channels of interstate commerce, and watermelons that do not move in such channels directly affect interstate commerce;

(5) the maintenance and expansion of existing markets and the establishment of new or improved markets and uses for watermelons are vital to the welfare of watermelon growers and those concerned with marketing, using, and handling watermelons, as well as the general economic welfare of the Nation; and

(6) the development and implementation of coordinated programs of research, development, advertising, and promotion are necessary to maintain and expand existing markets and establish new or improved markets and uses for watermelons.

(b) It is declared to be the policy of Congress that it is essential in the public interest, through the exercise of the powers provided herein, to authorize the establishment of an orderly procedure for the development, financing (through adequate assessments on watermelons harvested in the United States for commercial use), and carrying out of an effective, continuous, and coordinated program of research, development, advertising, and promotion designed to strengthen the watermelon's competitive position in the marketplace, and establish, maintain, and expand domestic and foreign markets for watermelons produced in the United States. The purpose of this subtitle is to so authorize the establishment of such procedure and the development, financing, and carrying out of such program. Nothing in this subtitle may be construed to dictate quality standards nor provide for the control of production or otherwise limit the right of individual watermelon producers to produce watermelons.

DEFINITIONS

SEC. 1643. As used in this subtitle—

(1) the term "Secretary" means the Secretary of Agriculture;

(2) the term "person" means any individual, group of individuals, partnership, corporation, association, cooperative, or other entity;

(3) the term "watermelon" means all varieties of watermelon grown by producers in the forty-eight contiguous States of the United States;

(4) the term "handler" means any person (except a common or contract carrier of watermelons owned by another person) who handles watermelons in a manner specified in a plan issued under this subtitle or in regulations promulgated thereunder;

(5) the term "producer" means any person engaged in the growing of five or more acres of watermelons;

(6) the term "promotion" means any action taken by the Board, under this subtitle, to present a favorable image for watermelons to the public with the express intent of improving the competitive position of watermelons in the marketplace and stimulating sales of watermelons, and shall include, but not be limited to, paid advertising; and

(7) the term "Board" means the National Watermelon Promotion Board provided for in section 1644.

ISSUANCE OF PLANS

SEC. 1644. To effectuate the declared policy of this subtitle, the Secretary shall, under the provisions of this subtitle, issue, and from time to time may amend, orders (applicable to producers and handlers of watermelons) authorizing the collection of assessments on watermelons under this subtitle and the use of such funds to cover the costs of research, development, advertising, and promotion with respect to watermelons under this subtitle. Any order issued by the Secretary under this subtitle shall hereinafter in this subtitle be referred to as a "plan". Any plan shall be applicable to watermelons produced in the forty-eight contiguous States of the United States.

NOTICE AND HEARINGS

SEC. 1645. (a) When sufficient evidence, as determined by the Secretary, is presented to the Secretary by watermelon producers and handlers, or whenever the Secretary has reason to believe that a plan will tend to effectuate the declared policy of this subtitle, the Secretary shall give due notice and opportunity for a hearing on a proposed plan. Such hearing may be requested by watermelon producers or handlers or by any other interested person, including the Secretary, when the request for such hearing is accompanied by a proposal for a plan.

(b) After notice and opportunity for hearing as provided in subsection (a) of this section, the Secretary shall issue a plan if the Secretary finds, and sets forth in such plan, on the evidence introduced at the hearing that the issuance of the plan and all the terms and conditions thereof will tend to effectuate the declared policy of this subtitle.

REGULATIONS

SEC. 1646. The Secretary may issue such regulations as may be necessary to carry out the provisions of this subtitle and the powers vested in the Secretary under this subtitle.

REQUIRED TERMS IN PLANS

SEC. 1647. (a) Any plan issued under this subtitle shall contain the terms and provisions described in this section.

(b) The plan shall provide for the establishment by the Secretary of the National Watermelon Promotion Board and for defining its powers and duties, which shall include the powers to—

(1) administer the plan in accordance with its terms and conditions;

(2) make rules and regulations to effectuate the terms and conditions of the plan;

(3) receive, investigate, and report to the Secretary complaints of violations of the plan; and

(4) recommend to the Secretary amendments to the plan.

(c) The plan shall provide that the Board shall be composed of representatives of producers and handlers, and one representative of the public, appointed by the Secretary from nominations submitted in accordance with this subsection. An equal number of representatives of producers and handlers shall be nominated by producers and handlers, and the representative of the public shall be nominated by the producer and handler members of the Board, in such manner as may be prescribed by the Secretary. If producers and handlers fail to select nominees for appointment to the Board, the Secretary may appoint persons on the basis of representation as provided for in the plan. If the Board fails to nominate a public representative, the Secretary shall choose such representative for appointment.

(d) The plan shall provide that all Board members shall serve without compensation, but shall be reimbursed for reasonable expenses incurred in performing their duties as members of the Board.

(e) The plan shall provide that the Board shall prepare and submit to the Secretary for the Secretary's approval a budget, on a fiscal period basis, of its anticipated expenses and disbursements in the administration of the plan, including probable costs of research, development, advertising, and promotion.

(f) The plan shall provide for the fixing by the Secretary of assessments to cover costs incurred under the budgets provided for in subsection (e), and under section 1648(f), based on the Board's recommendation as to the appropriate rate of assessment, and for the collection of the assessments by the Board.

(g) The plan shall provide that—

(1) funds collected by the Board shall be used for research, development, advertising, or promotion of watermelons and such other expenses for the administration, maintenance, and functioning of the Board as may be authorized by the Secretary, including any referendum and administrative costs incurred by the Department of Agriculture under this subtitle;

(2) no advertising or sales promotion program under this subtitle shall make any reference to private brand names nor use false or unwarranted claims in behalf of watermelons or their products or false or unwarranted statements with respect to attributes or use of any competing products;

(3) no funds collected by the Board shall in any manner be used for the purpose of influencing governmental policy or action, except as provided by subsections (b)(4) and (f); and

(4) assessments shall be made on watermelons produced by producers and watermelons handled by handlers, and the rate of such assessments shall be the same, on a per-unit basis, for producers and handlers. If a person performs both producing and handling functions, both assessments shall be paid by such person.

(h) The plan shall provide that, notwithstanding any other provisions of this subtitle, any watermelon producer or handler against whose watermelons an assessment is made and collected under this subtitle and who is not in favor of supporting the research, development, advertising, and promotion program provided for under this subtitle shall have the right to demand a refund of the assessment from the Board, under regulations, and on a form and within a time period (not less than 90 days),

prescribed by the Board and approved by the Secretary. A producer or handler who timely makes demand in accord with the regulations, on submission of proof satisfactory to the Board that the producer or handler paid the assessment for which the refund is sought, shall receive such refund within 60 days after demand therefor.

(i) The plan shall provide that the Board, subject to the provisions of subsections (e), (f), and (g), shall develop and submit to the Secretary, for the Secretary's approval, any research, development, advertising, or promotion program or project, and that a program or project must be approved by the Secretary before becoming effective.

(j) The plan shall provide the Board with authority to enter into contracts or agreements, with the approval of the Secretary, for the development and carrying out of research, development, advertising, or promotion programs or projects, and the payment of the cost thereof with funds collected under this subtitle.

(k) The plan shall provide that the Board shall (1) maintain books and records, (2) prepare and submit to the Secretary such reports from time to time as may be prescribed for appropriate accounting with respect to the receipt and disbursement of funds entrusted to it, and (3) cause a complete audit report to be submitted to the Secretary at the end of each fiscal period.

PERMISSIVE TERMS IN PLANS

SEC. 1648. (a) Any plan issued under this subtitle may contain one or more of the terms and provisions described in this section, but except as provided in section 1647 no others.

(b) The plan may provide for the exemption, from the provisions of the plan, of watermelons used for nonfood uses, and authority for the Board to establish satisfactory safeguards against improper use of such exemption.

(c) The plan may provide for the designation of different handler payment and reporting schedules with respect to assessments, as provided for in sections 1647 and 1649, to recognize differences in marketing practices and procedures used in different production areas.

(d) The plan may provide for the establishment, issuance, effectuation, and administration of appropriate programs or projects for the advertising and other sales promotion of watermelons and for the disbursement of necessary funds for such purposes. Any such program or project shall be directed toward increasing the general demand for watermelons, and promotional activities shall comply with the provisions of section 1647(g).

(e) The plan may provide for establishing and carrying out research and development projects and studies to the end that the marketing and use of watermelons may be encouraged, expanded, improved, or made more efficient, and for the disbursement of necessary funds for such purposes.

(f) The plan may provide authority for the accumulation of reserve funds from assessments collected under this subtitle, to permit an effective and continuous coordinated program of research, development, advertising, and promotion in years when watermelon production and assessment income may be reduced, except that the total reserve fund may not exceed the amount budgeted for two years operation.

(g) The plan may provide for the use of funds from assessments collected under this subtitle, with the approval of the Secretary, for the development and expansion of sales of watermelons in foreign markets.

(h) The plan may contain terms and conditions incidental to and not inconsistent with the terms and conditions specified in this subtitle and necessary to effectuate the other provisions of the plan.

ASSESSMENT PROCEDURES

SEC. 1649. (a) Each handler required to pay assessments under a plan, as provided for under section 1647(f), shall be responsible for payment to the Board, as it may direct, of the assessments. A handler also shall collect from any producer, or shall deduct from the proceeds paid to any producer, on whose watermelons a producer assessment is made, the assessments required to be paid by the producer. The handler shall remit producer assessments to the Board as the Board directs. Such handler shall maintain a separate record with respect to each producer for whom watermelons were handled. Such records shall indicate the total quantity of watermelons handled by the handler, including those handled for producers and for the handler, the total quantity of watermelons handled by the handler that are included under the terms of the plan, as well as those that are exempt under the plan, and such other information as may be prescribed by the Board. To facilitate the collection and payment of assessments, the Board may designate different handlers or classes of handlers to recognize differences in marketing practices or procedures used in any State or area. The handler shall be assessed an equal amount as the producer. No more than one assessment on a producer nor more than one assessment on a handler shall be made on any watermelons.

(b) Handlers responsible for payment of assessments under subsection (a) shall maintain and make available for inspection by the Secretary such books and records as required by the plan and file reports at the times, in the manner, and having the content prescribed by the plan, to the end that information and data shall be made available to the Board and to the Secretary that is appropriate or necessary to the effectuation, administration, or enforcement of this subtitle or of any plan or regulation issued under this subtitle.

(c) All information obtained under subsections (a) and (b) shall be kept confidential by all officers and employees of the Department of Agriculture and of the Board, and only such information so furnished or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing brought at the direction, or on the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving the plan with reference to which the information to be disclosed was furnished or acquired. Nothing in this subsection shall be deemed to prohibit—

(1) the issuance of general statements based on the reports of a number of handlers subject to a plan if such statements do not identify the information furnished by any person; or

(2) the publication by direction of the Secretary of the name of any person violating any plan together with a statement of the particular provisions of the plan violated by such person.

Any such officer or employee violating the provisions of this subsection shall be subject to a fine of not more than $1,000 or imprisonment for not more than one year, or both, and shall be removed from office.

PETITION AND REVIEW

SEC. 1650. (a) Any person subject to a plan may file a written petition with the Secretary, stating that the plan or any provision of the plan, or any obligation imposed in connection therewith, is not in accordance with law and praying for a modification thereof or to be exempted therefrom. The person shall be given an opportunity for a hearing on the petition, in accordance with regulations prescribed by the Secretary. After the hearing, the Secretary shall make a ruling on the petition, which shall be final if in accordance with the law.

(b) The district courts of the United States in any district in which the person is an inhabitant, or in which the person's principal place of business is located, are hereby vested with jurisdiction to review such ruling, provided that a complaint for that purpose is filed within twenty days from the date of the entry of the ruling. Service of process in such proceedings may be had on the Secretary by delivering to the Secretary a copy of the complaint. If the court determines that the ruling is not in accordance with law, it shall remand the proceedings to the Secretary with directions either to (1) make such ruling as the court shall determine to be in accordance with law, or (2) take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted under subsection (a) shall not impede or delay the United States or the Secretary from obtaining relief under section 1851(a).

ENFORCEMENT

SEC. 1651. (a) The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating, any plan or regulation made or issued under this subtitle. The facts relating to any civil action that may be brought under this subsection shall be referred to the Attorney General for appropriate action, except that nothing in this subtitle shall be construed as requiring the Secretary to refer to the Attorney General violations of this subtitle whenever the Secretary believes that the administration and enforcement of the plan or regulation would be adequately served by administrative action under subsection (b) or suitable written notice or warning to any person committing the violations.

(b)(1) Any person who violates any provision of any plan or regulation issued by the Secretary under this subtitle, or who fails or refuses to pay, collect, or remit any assessment or fee required of the person thereunder, may be assessed a civil penalty by the Secretary of not less than $500 nor more than $5,000 for each violation. Each violation shall be a separate offense. In addition to or in lieu of such civil penalty, the Secretary may issue an order requiring the person to cease and desist from continuing the violation. No penalty shall be assessed nor cease and desist order issued unless the person is given notice and opportunity for a hearing before the Secretary with respect to the violation. The order of the Secretary assessing a penalty or imposing a cease and desist order shall be final and conclusive unless the person affected by the order files an appeal from the Secretary's order with the appropriate United States court of appeals.

(2) Any person against whom a violation is found and a civil penalty assessed or cease and desist order issued under paragraph (1) may obtain review in the court of appeals of the United States for the circuit in which such person resides or carries on business or in the United States Court of Appeals for the District of Columbia Circuit by

filing a notice of appeal in such court within thirty days after the date of the order and by simultaneously sending a copy of the notice by certified mail to the Secretary. The Secretary shall promptly file in such court a certified copy of the record on which the violation was found. The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence.

(3) Any person who fails to obey a cease and desist order after it has become final and unappealable, or after the appropriate court of appeals has entered a final judgment in favor of the Secretary, shall be subject to a civil penalty assessed by the Secretary, after opportunity for a hearing and for judicial review under the procedures specified in paragraphs (1) and (2), of not more than $500 for each offense. Each day during which the failure continues shall be deemed a separate offense.

(4) If any person fails to pay an assessment of a civil penalty after it has become a final and unappealable order, or after the appropriate court of appeals has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General for recovery of the amount assessed in any appropriate district court of the United States. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

INVESTIGATION AND POWER TO SUBPOENA

SEC. 1652. (a) The Secretary may make such investigations as the Secretary deems necessary to carry out effectively the Secretary's responsibilities under this subtitle or to determine whether a handler or any other person has engaged or is engaging in any acts or practices that constitute a violation of any provision of this subtitle, or of any plan or regulation issued under this subtitle. For the purpose of an investigation, the Secretary may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents that are relevant to the inquiry. The attendance of witnesses and the production of records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena issued to, any person, including a handler, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring the person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by the court as contempt thereof. All process in any such case may be served in the judicial district in which the person is an inhabitant or wherever the person may be found. The site of any hearing held under this subsection shall be within the judicial district in which the handler or other person is an inhabitant or in which the person's principal place of business is located.

(b) No person shall be excused from attending and testifying or from producing books, papers, and documents before the Secretary, or in obedience to the subpoena of the Secretary, or in any cause or proceeding, criminal or otherwise, based on, or growing out of, any alleged violation of this subtitle, or of any plan or regulation issued thereunder, on the grounds that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture. However, no person shall be prosecuted or subjected to any penalty or forfeiture on account of any transaction, matter, or thing concerning which the person is compelled, after having claimed the person's privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

REQUIREMENT OF REFERENDUM

SEC. 1653. The Secretary shall conduct a referendum among producers and handlers not exempt under sections 1643(5) and 1648(b) who, during a representative period determined by the Secretary, have been engaged in the production or handling of watermelons, for the purpose of ascertaining whether the issuance of a plan is approved or favored by producers and handlers. The referendum shall be conducted at the county extension offices. No plan issued under this subtitle shall be effective unless the Secretary determines that the issuance of the plan is approved or favored by not less than two-thirds of the producers and handlers voting in such referendum, or by the producers and handlers of not less than two-thirds of the watermelons produced and handled during the representative period by producers and handlers voting in such referendum, and by not less than a majority of the producers and a majority of the handlers voting in the referendum. The ballots and other information or reports that reveal or tend to reveal the vote of any producer or handler or the person's volume of watermelons produced or handled shall be held strictly confidential and shall not be disclosed. Any officer or employee of the Department of Agriculture violating the provisions hereof shall be subject to the penalties provided in section 1649(c) of this subtitle.

SUSPENSION OR TERMINATION OF PLANS

SEC. 1654. (a) Whenever the Secretary finds that a plan or any provision thereof obstructs or does not tend to effectuate the declared policy of this subtitle, the Secretary shall terminate or suspend the operation of the plan or provision.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of the Board or 10 per centum or more of the watermelon producers and handlers eligible to vote in a referendum, to determine if watermelon producers and handlers favor the termination or suspension of the plan. The Secretary shall terminate or suspend the plan at the end of the marketing year whenever the Secretary determines that the termination or suspension is favored by a majority of those voting in the referendum, and who produce or handle more than 50 per centum of the volume of the watermelons produced by the producers or handled by the handlers voting in the referendum. Any such referendum shall be conducted at county extension offices.

AMENDMENT PROCEDURE

SEC. 1655. The provisions of this subtitle applicable to plans shall be applicable to amendments to plans.

SEPARABILITY

SEC. 1656. If any provision of this subtitle or the application thereof to any person or circumstances is held invalid, the validity of the remainder of this subtitle and the application of such provision to other persons and circumstances shall not be affected thereby.

AUTHORIZATION OF APPROPRIATIONS

SEC. 1657. There are authorized to be appropriated such sums as are necessary to carry out the provisions of this subtitle, except that the funds so appropriated shall not be available for the payment of any expenses or expenditures of the Board in administering any provision of any plan issued under authority of this subtitle.

Subtitle D—Marketing Orders

MAXIMUM PENALTY FOR ORDER VIOLATIONS

SEC. 1661. (a) Section 8c(14) of the Agricultural Adjustment Act (7 U.S.C. 608c(14)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, is amended by striking out "$500" and inserting in lieu thereof "$5,000".

(b) The amendment made by subsection (a) shall not apply with respect to any violation described in section 8c(14) of the Agricultural Adjustment Act occurring before the date of the enactment of this Act.

LIMITATION ON AUTHORITY TO TERMINATE MARKETING ORDERS

SEC. 1662. (a) Section 8c(16) of the Agricultural Adjustment Act (7 U.S.C. 608c(16)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, is amended by—

(1) in subparagraph (A)—

(A) striking out "The Secretary" and inserting in lieu thereof "(i) Except as provided in clause (ii), the Secretary"; and

(B) adding at the end thereof the following:

"(ii) The Secretary may not terminate any order issued under this section for a commodity for which there is no Federal program established to support the price of such commodity unless the Secretary gives notice of, and a statement of the reasons relied upon by the Secretary for, the proposed termination of such order to the Committee on Agriculture, Nutrition, and Forestry of the Senate and the Committee on Agriculture of the House of Representatives not later than 60 days before the date such order will be terminated."; and

(2) in subparagraph (C), striking out "The termination" and inserting in lieu thereof "Except as otherwise provided in this subsection with respect to the termination of an order issued under this section, the termination".

(b) The Secretary of Agriculture may not terminate any marketing order under section 8c(16) of the of the Agricultural Adjustment Act (7 U.S.C. 608c(16)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, if such termination becomes effective before January 16, 1986.

CONFIDENTIALITY OF INFORMATION

SEC. 1663. Section 8d(2) of the Agricultural Adjustment Act (7 U.S.C. 608d(2)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, is amended by—

(1) inserting in the first sentence after "pursuant to this section" the following: ", as well as information for marketing order programs that is categorized as trade secrets and commercial or financial information exempt under section 552(b)(4) of title 5 of the United States Code from disclosure under section 552 of such title,"; and

(2) inserting after the first sentence the following:

"Notwithstanding the preceding sentence, any such information relating to a marketing agreement or order applicable to milk

may be released upon the authorization of any regulated milk handler to whom such information pertains. The Secretary shall notify the Committee on Agriculture, Nutrition, and Forestry of the Senate and the Committee on Agriculture of the House of Representatives not later than 10 legislative days before the contemplated release under law, of the names and addresses of producers participating in such marketing agreements and orders, and shall include in such notice a statement of reasons relied upon by the Secretary in making the determination to release such names and addresses.".

Subtitle E—Grain Inspection

GRAIN STANDARDS

SEC. 1671. Section 4 of the United States Grain Standards Act (7 U.S.C. 76) is amended by adding at the end thereof the following:

"(c) If the Government of any country requests that moisture content remain a criterion in the official grade designations of grain, such criterion shall be included in determining the official grade designation of grain shipped to such country.".

NEW GRAIN CLASSIFICATIONS

SEC. 1672. (a) The Secretary of Agriculture shall direct the Federal Grain Inspection Service and the Agricultural Research Service to cooperate in developing new means of establishing grain classifications taking into account characteristics other than those visually evident.

(b) The Secretary shall report to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate, semiannually, with the first report due not later than December 31, 1985, on the status of cooperative efforts required under subsection (a), as such efforts relate to more accurately classifying types of wheat and other grains currently in use.

STUDY OF GRAIN STANDARDS

SEC. 1673. (a)(1) The Office of Technology Assessment shall conduct a study of United States grain export quality standards and grain handling practices.

(2) The Office of Technology Assessment shall conduct such study—

(A) in consultation with the Secretary of Agriculture; and

(B) in accordance with Section 3(d) of Technology Assessment Act of 1972 (2 U.S.C. 472(d)).

(b) In conducting such study, the Office of Technology Assessment shall—

(1) evaluate the competitive problems the United States faces in international grain markets that may be attributed to grain quality standards and handling practices rather than price;

(2) identify the extent to which United States grain export quality standards and handling practices have contributed toward the recent decline in United States grain exports; and

(3) perform a comparative analysis between—

(A) the grain quality standards and practices of the United States and the major grain export competitors of the United States;

(B) the grain handling technology of the United States and the major grain export competitors of the United States;

(4) evaluate the consequences on United States export grain sales, the cost of exporting grain, and the prices received by farmers should United States export grain elevators be subject, by law or regulation, to requirements that—

(A) no dockage or foreign material (including but not limited to dust or particles of whatever origin) once removed from grain shall be recombined with any grain if there is a possibility that the recombined product may be exported from the United States;

(B) no dockage or foreign material of any origin may be added to any grain that may be exported if the result will be to reduce the grade or quality of the grain or to reduce the ability of the grain to resist spoilage; and

(C) no blending of grain with a similar grain of different moisture content may be permitted if the difference between the moisture contents of the grains being blended is more than 1 percent; and

(5) evaluate the current method of establishing grain classification, the feasibility of utilizing new technology to correctly classify grains, and the impact of new seed varieties on exports and users of grain.

(c) Not later than December 1, 1986, the Office of Technology Assessment shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report containing the results of the study required under this section, together with such comments and recommendations for the improvement of United States grain export quality standards and handling practices as the Office of Technology Assessment considers appropriate.

TITLE XVII—RELATED AND MISCELLANEOUS MATTERS

Subtitle A—Processing, Inspection, and Labeling

POULTRY INSPECTION

SEC. 1701. (a) Section 17 of the Poultry Products Inspection Act (21 U.S.C. 466) is amended by adding at the end thereof the following new subsection:

"(d)(1) Notwithstanding any other provision of law, all poultry, or parts or products thereof, capable of use as human food offered for importation into the United States shall—

"(A) be subject to the same inspection, sanitary, quality, species verification, and residue standards applied to products produced in the United States; and

"(B) have been processed in facilities and under conditions that are the same as those under which similar products are processed in the United States.

"(2) Any such imported poultry article that does not meet such standards shall not be permitted entry into the United States.

"(3) The Secretary shall enforce this subsection through—

"(A) random inspections for such species verification and for residues; and

"(B) random sampling and testing of internal organs and fat of carcasses for residues at the point of slaughter by the exporting country, in accordance with methods approved by the Secretary.".

(b) The amendment made by this section shall become effective 6 months after the date of enactment of this Act.

INSPECTION AND OTHER STANDARDS FOR IMPORTED MEAT AND MEAT FOOD PRODUCTS

SEC. 1702. (a) Section 20(f) of the Federal Meat Inspection Act (21 U.S.C. 620(f)) is amended by striking out the last sentence and inserting in lieu thereof the following: "Each foreign country from which such meat articles are offered for importation into the United States shall obtain a certification issued by the Secretary stating that the country maintains a program using reliable analytical methods to ensure compliance with the United States standards for residues in such meat articles. No such meat article shall be permitted entry into the United States from a country for which the Secretary has not issued such certification. The Secretary shall periodically review such certifications and shall revoke any certification if the Secretary determines that the country involved is not maintaining a program that uses reliable analytical methods to ensure compliance with United States standards for residues in such meat articles. The consideration of any application for a certification under this subsection and the review of any such certification, by the Secretary, shall include the inspection of individual establishments to ensure that the inspection program of the foreign country involved is meeting such United States standards.".

(b) Section 20 of the Federal Meat Inspection Act (21 U.S.C. 620) is amended by adding at the end thereof the following:

"(g) The Secretary may prescribe terms and conditions under which cattle, sheep, swine, goats, horses, mules, and other equines that have been administered an animal drug or antibiotic banned for use in the United States may be imported for slaughter and human consumption. No person shall enter cattle, sheep, swine, goats, horses, mules, and other equines into the United States in violation of any order issued under this subsection by the Secretary.".

EXAMINATION AND REPORT OF LABELING AND SANITATION STANDARDS FOR IMPORTATION OF AGRICULTURAL COMMODITIES

SEC. 1703. (a)(1) The Comptroller General of the United States shall conduct a study of Department of Health and Human Services and Department of Agriculture product purity and inspection requirements and regulations currently in effect for imported food products and agricultural commodities. The study shall evaluate the effectiveness of Federal regulations and inspection procedures to detect prohibited chemical residues and foreign matter in or on food or raw agricultural commodities in processed or unprocessed form.

(2) The study shall include a review of Federal regulations and inspection procedures currently in effect to detect in imported live animals chemicals and chemical residues the use of which is prohibited in the production of domestic live animals.

(3) The study shall include recommendations regarding the feasibility of requiring that quality control reports relating to product purity and inspection procedures be submitted from processing plants certified by the Secretary of Agriculture as eligible to export meat and meat food products to the United States.

(4) The study shall include recommendations on the adequacy of the Department of Health and Human Services and the Department of Agriculture to prescribe and enforce food sanitation requirements and chemical and chemical residue standards for imported agricultural commodities and food products.

(b) The study also shall evaluate the feasibility of requiring all imported meat and meat food products, agricultural commodities, and products of such commodities to bear a label stating the country of origin of such commodities and products. The study shall include an evaluation of the feasibility of requiring any person owning or operating an eating establishment that serves any

meat or meat food product required to be marked or labeled under paragraph (1) or (2) of section 7(c) of the Federal Meat Inspection Act (21 U.S.C. 607(c)) to inform individuals purchasing food from such establishment that meat or meat food products served at the establishment may be imported articles—

(1) by displaying a sign indicating that imported meat is served in such establishment; or

(2) by providing the information specified in paragraph (1) of such section 7(c) on the menus offered to such individuals.

(c) The Secretary shall submit the results of the study conducted under subsection (a) to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate not later than one year after the date of enactment of this Act.

POTATO INSPECTION

SEC. 1704. The Secretary of Agriculture shall perform random spot checks of potatoes entering through ports of entry in the northeastern United States. The Secretary of Agriculture shall report to the Committee on Agriculture, Nutrition, and Forestry of the Senate and the Committee on Agriculture of the House of Representatives the results of such spot checks.

Subtitle B—Agricultural Stabilization and Conservation Committees

LOCAL COMMITTEES

SEC. 1711. (a) The fifth paragraph of section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) is amended—

(1) by striking out the third sentence and inserting in lieu thereof the following: "There shall be 3 local administrative areas in each county, except that, in counties with less than one hundred and fifty farmers, the county committee selected as hereinafter provided may reduce the number of local administrative areas to one, and except that the Secretary may include more than one county or parts of different counties in a local administrative area when the Secretary determines that there are insufficient farmers in an area to establish a slate of candidates for a community committee and hold an election.

(2) by striking out "annually" in the fourth sentence (as it existed before the amendments made by this section);

(3) by inserting after the fourth sentence (as it existed before the amendments made by this section) the following new sentences: "Each member of a local committee shall be elected for a term of 3 years. Each local committee shall meet (A) once each year and shall receive compensation for such meeting by the Secretary at not less than the level in effect on December 31, 1985, and (B) at the direction of the county committee and with the approval of the State committee, such additional times during the year as may be necessary to carry out this section without compensation. The meetings of a local committee shall be held on different days of the year."; and

(4) by inserting after the eighth sentence (as it existed before the amendments made by this section) the following new sentences: "The local committees in each county shall (A) in a county in which there is more than one local committee, serve as advisors and consultants to the county committee; (B) periodically meet with the county committee and State committee to be informed on farm program issues; (C) communicate with producers within their communities on issues or concerns regarding farm programs; (D) report to the county committee, the State committee, and other interested persons on changes to, or modifications of, farm programs recommended by producers in their communities; and (E) perform such other functions as are required by law or as the Secretary may specify. The Secretary shall ensure that information concerning changes in Federal laws in effect with respect to agricultural programs and the administration of such laws are communicated in a timely manner to local committees in areas that contain agricultural producers who might be affected by such changes.".

(b)(1) The amendments made by this section shall become effective on January 1, 1986, except that the amendments made by clauses (2) and (3) of subsection (a) shall not apply with respect to the term of office of any member of a local committee elected before January 1, 1986.

(2) If the number of local administrative areas and local committees in a county increases as a result of a change in the number of local administrative areas in the county under section 8(b) of the Soil Conservation and Domestic Allotment Act (as amended by subsection (a)(1)), any member of a local committee in such county elected before January 1, 1986, shall serve the unexpired portion of any term commenced before the date of such increase as a member of the local committee for the administrative area in which such member resides.

COUNTY COMMITTEES

SEC. 1712. The first sentence of the fifth paragraph of section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) is amended—

(1) by inserting "and as otherwise directed by law with respect to other programs and functions," after "Alaska,"; and

(2) by inserting a semicolon and "and the Secretary may use the services of such committees in carrying out other programs and functions of the Department of Agriculture" before the period at the end thereof.

SALARY AND TRAVEL EXPENSES

SEC. 1713. (a) Section 388(b) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1388(b)) is amended—

(1) by inserting "(1)" after the subsection designation; and

(2) by adding at the end thereof the following new paragraph:

"(2)(A) The Secretary shall provide compensation to members of such county committees (at not less than the level in effect on December 31, 1985 for county committees) for work actually performed by such persons in cooperating in carrying out the Acts in connection with which such committees are used.

"(B) The rate of compensation received by such persons for such work on the date of enactment of the Food Security Act of 1985 shall be increased at the discretion of the Secretary.".

(b) Section 388 of such Act is amended by adding at the end thereof the following new subsection:

"(c)(1) The Secretary shall make payments to members of local, county, and State committees to cover expenses for travel incurred by such persons (including, in the case of a member of a local or county committee, travel between the home of such member and the local county office of the Agricultural Stabilization and Conservation Service) in cooperating in carrying out the Acts in connection with which such Committees are used.

"(2) Such travel expenses shall be paid in the manner authorized under section 5703 of title 5, United States Code, for the payment of expenses and allowances for individuals employed intermittently in the Federal Government service.".

(c) The amendments made by this section shall become effective on January 1, 1986.

Subtitle C—National Agricultural Policy Commission Act of 1985

SHORT TITLE

SEC. 1721. This subtitle may be cited as the "National Agricultural Policy Commission Act of 1985".

DEFINITIONS

SEC. 1722. As used in this subtitle—

(1) the term "Commission" means the National Commission on Agricultural Policy established under section 1723;

(2) the term "Governor" means the chief executive officer of a State; and

(3) the term "State" means the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands, American Samoa, or the Trust Territory of the Pacific Islands.

ESTABLISHMENT OF COMMISSION

SEC. 1723. (a) There is established a National Commission on Agricultural Policy to conduct a study of—

(A) the structure, procedures, and methods of formulating and administering agricultural policies, programs, and practices of the United States; and

(B) conditions in rural areas of the United States and the manner in which such conditions relate to the provision of public services by Federal, State, and local governments.

(b) In addition to the members specified in subsection (c), the Commission shall be composed of fifteen members appointed by the President and selected as follows:

(1) The President shall request Governors of States to nominate members representing individuals and industries directly affected by agricultural policies, including—

(A) producers of major agricultural commodities or the products thereof in the United States;

(B) processors or refiners of United States agricultural commodities or the products thereof;

(C) exporters, transporters, or shippers of United States agricultural commodities or the products thereof;

(D) suppliers of agricultural equipment or materials to United States farmers;

(E) providers of financing or credit for agricultural purposes; and

(F) consumers of United States agricultural commodities or the products thereof.

(2) The Governor of a State may submit to the President a list of not less than two, nor more than four, nominees to serve on the Commission who represent individuals and industries referred to in paragraph (1).

(3)(A) Except as provided in subparagraphs (B) and (C), the President shall appoint 15 individuals from a total of, to the extent practicable, not less than sixty individuals nominated by States under paragraph (2) to serve on the Commission.

(B) The President may appoint to the Commission not more than—

(i) one individual nominated by a particular State; and

(ii) seven individuals of the same political party.

(C) If the President determines that the individuals nominated by States under paragraph (2) are not broadly representative of the individuals and industries referred to in paragraph (1), the President may substitute

no more than three other individuals to serve on the Commission who represent such individuals and industries.

(c)(1) The chairmen and ranking minority members of the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate shall—

(A) serve as ex officio members of the Commission; and

(B) have the same voting rights as the members of the Commission selected and appointed under subsection (b).

(2) The chairmen and ranking minority members may designate other members of the respective committees to serve in their stead as members of the Commission.

(d) A vacancy in the Commission shall be filled in the manner in which the original appointment was made.

(e) The Commission shall elect a chairman from among the members of the Commission who are selected and appointed under the provisions of subsection (b).

(f) The Commission shall meet at the call of the chairman or a majority of the Commission.

CONDUCT OF STUDY

SEC. 1724. The Commission shall study—

(1) the structure, procedures, and methods of formulating and administering agricultural policies, programs, and practices of the United States, including—

(A) the effectiveness of existing agricultural programs in improving farm income;

(B) the manner in which the programs may be improved to retain a family-farm system of agricultural production;

(C) the effect of legislative and administrative changes in agricultural policy on planning and long-term profitability of farmers;

(D) the effect on farmers of the existing system and structure of formulating and implementing agriculture policy;

(E) the effect of national and international economic trends on United States agricultural production;

(F) the means of adjusting the agricultural policies, programs, and practices of the United States to meet changing economic conditions;

(G) potential areas of conflict and compatibility between the structure of making agricultural policy and long-term stability in policy and practices;

(H) changing demographic trends and the manner in which such trends affect agriculture and agricultural policy consistency; and

(I) the role of State and local governments in future agricultural policy; and

(2) conditions in rural areas of the United States and the manner in which such conditions relate to the provision of public services by Federal, State, and local governments, including an analysis of—

(A) conditions that reflect the declining rural economy, including economic and demographic trends, rural and agricultural income and debt, and other appropriate social and economic indicators of such conditions;

(B) trends and fiscal conditions of rural local governments;

(C) trends and patterns in the delivery of rural public services;

(D) the impact of the deregulation of transportation, telecommunications, and banking on the rural economy and delivery of public services; and

(E) trends and patterns of Federal, State, and local government financing, delivery, and regulation of public services in rural areas of the United States.

REPORTS

SEC. 1725. Not later than twelve months after the date of the enactment of this Act, and each twelve months thereafter during the existence of the Commission, the Commission shall submit an annual report to the President and Congress containing the findings and recommendations of the Commission with respect to the matters referred to in section 1724. The Commission may not comment on legislation pending before Congress unless specifically requested to do so by the Chairman of an appropriate committee.

ADMINISTRATION

SEC. 1726. (a) The heads of executive agencies, the General Accounting Office, the International Trade Commission, and the Congressional Budget Office, to the extent permitted by law, shall provide the Commission with such information as the Commission may require in carrying out the duties and functions of the Commission.

(b)(1) Except as provided in paragraph (2), members of the Commission shall serve without any additional compensation for work performed on the Commission.

(2) Such members who are private citizens of the United States may be allowed travel expenses, including a per diem in lieu of subsistence, as authorized by law for persons serving intermittently in the Government service under sections 5701 through 5707 of title 5, United States Code.

(c) Subject to the availability of funds appropriated in advance and such rules as may be adopted by the Commission and without regard to the provisions of title 5, United States Code, governing appointments in the competitive service or the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to the classification and General Schedule pay rates, the Chairman of the Commission may appoint and fix the compensation of a director and such additional staff personnel as the Commission determines are necessary to carry out duties and functions of the Commission.

(d)(1) On the request of the Commission, the Secretary of Agriculture shall furnish the Commission with such personnel and support services as are necessary to assist the Commission in carrying out duties and functions of the Commission.

(2) On the request of the Commission, the heads of other executive agencies and the General Accounting Office may furnish the Commission with such personnel and support services as the head of the agency or Office and the Chairman of the Commission agree are necessary to assist the Commission in carrying out duties and functions of the Commission.

(3) The Commission shall not be required to pay or reimburse an agency or the Office for personnel and support services provided under this section.

(e)(1) In accordance with section 12 of the Federal Advisory Committee Act, the Secretary of Agriculture shall maintain records of—

(A) the disposition of any funds that may be at the disposal of the Commission; and

(B) the nature and extent of activities of the Commission.

(2) The Comptroller General of the United States shall have access to such records for the purpose of audit and examination.

(f) The Commission shall be exempt from sections 7(d), 10(e), 10(f), and 14 of the Federal Advisory Committees Act and sections 4301 through 4308 of title 5 of the United States Code.

AUTHORIZATION OF APPROPRIATIONS

SEC. 1727. (a) There are authorized to be appropriated such sums as are necessary to carry out this subtitle.

(b) To the maximum extent practicable, this subtitle shall be carried out using funds otherwise available to the Secretary of Agriculture for the expenses of advisory committees.

TERMINATION

SEC. 1728. This subtitle and the Commission shall terminate five years after the date of enactment of this Act.

Subtitle C—National Aquaculture Improvement Act of 1985

SHORT TITLE

SEC. 1731. This subtitle may be cited as the "National Aquaculture Improvement Act of 1985".

FINDINGS, PURPOSE, AND POLICY

SEC. 1732. Section 2 of the National Aquaculture Act of 1980 (16 U.S.C. 2801) is amended—

(1) by amending subsection (a)(3)—

(A) by striking out "10 per centum" and inserting in lieu thereof "13 percent", and

(B) by striking out "3 per centum" and inserting in lieu thereof "6 percent";

(2) by amending subsection (a)(7) by inserting "scientific," before "economic,", and by inserting "the lack of supportive Government policies," immediately after "management information,";

(3) by amending subsection (b)—

(A) by striking out "and" at the end of paragraph (2),

(B) by redesignating paragraph (3) as paragraph (4), and

(C) by inserting after paragraph (2) the following new paragraph:

"(3) establishing the Department of Agriculture as the lead Federal agency with respect to the coordination and dissemination of national aquaculture information by designating the Secretary of Agriculture as the permanent chairman of the coordinating group and by establishing a National Aquaculture Information Center within the Department of Agriculture; and"; and

(4) by amending subsection (c) by inserting "for reducing the United States trade deficit in fisheries products," immediately after "potential" in the first sentence.

DEFINITIONS

SEC. 1733. Section 3 of the National Aquaculture Act of 1980 (16 U.S.C. 2802) is amended—

(1) by redesignating paragraph (8) as paragraph (9); and

(2) by inserting after paragraph (7) the following new paragraph:

"(8) The term 'Secretary' means the Secretary of Agriculture.".

NATIONAL AQUACULTURE DEVELOPMENT PLAN

SEC. 1734. Section 4 of the National Aquaculture Act of 1980 (16 U.S.C. 2803) is amended as follows:

(1) Subsection (a) is amended—

(A) by striking out "Secretaries" each place it appears in paragraph (2) and inserting in lieu thereof "Secretary";

(B) by amending the first sentence of paragraph (2) by inserting "the Secretary of Commerce and the Secretary of the Interior," immediately after "shall consult with".

(C) by striking out paragraph (3).

(2) Subsection (b) is amended—

(A) by inserting "to" immediately after "determine" in paragraph (1);

(B) by striking out "Secretaries deem" in paragraph (6) and inserting in lieu thereof "Secretary deems"; and

(C) by striking out "Secretaries" in the matter following paragraph (6) and inserting in lieu thereof "Secretary".

(3) Subsection (c) is amended—

(A) by striking out "Secretaries determine" in paragraph (1) and inserting in lieu thereof "Secretary determines";

(B) by striking out "and" at the end of paragraph (2)(A);

(C) by striking out the period at the end of paragraph (2)(B) and inserting in lieu thereof "; and"; and

(D) by inserting immediately after paragraph (2)(B) the following new subparagraph:

"(C) the concurrence of the Secretaries.".

FUNCTIONS AND POWERS OF SECRETARIES

SEC. 1735. Section 5 of the National Aquaculture Act of 1980 (16 U.S.C. 2804) is amended as follows:

(1) Subsection (c) is amended to read as follows:

"(c) INFORMATION SERVICES.—(1) In addition to performing such other mandatory functions under this Act—

"(A) the Secretaries shall collect and analyze scientific, technical, legal, and economic information relating to aquaculture, including acreages, water use, production, marketing, culture techniques, and other relevant matters;

"(B) the Secretary shall—

"(i) establish, within the Department of Agriculture, a National Aquaculture Information Center that shall serve as a repository for the information generated under subparagraph (A) and other provisions of this Act and shall, on a request basis, make that information available to the public,

"(ii) arrange with foreign nations for the exchange of information relating to aquaculture and support a translation service, and

"(iii) conduct a study of the extent to which the United States aquaculture industry has access to relevant Federal programs which assist the agricultural sector and report to Congress on the findings of such study by December 31, 1986;

"(C) the Secretary of Commerce shall conduct a study, and report to Congress thereon by December 31, 1987, to determine whether existing capture fisheries could be adversely affected by competition from products produced by commercial aquacultural enterprises and include in such study an assessment of any adverse effect, by species and by geographical region, on such fisheries and recommend measures to ameliorate any such effect; and

"(D) the Secretary of the Interior, in consultation with the Secretary of Commerce, shall undertake a study, and report to Congress thereon by December 31, 1987, to identify exotic species introduced into the United States waters as a result of aquaculture activities, and to determine the potential benefits and impacts of the introduction of exotic species.

"(2) Any production information submitted to the Secretaries under paragraph (1)(A) shall be confidential and may only be disclosed if required under court order. The Secretaries shall preserve such confidentiality. The Secretaries may release or make public any information in any aggregate or summary form that does not directly or indirectly disclose the identity, business transactions, or trade secrets of any person who submits such information.".

(2) Subsection (d) is amended—

(A) by striking out "Secretaries" each place it appears and inserting in lieu thereof "Secretary";

(B) by inserting "and in consultation with the Secretary of Commerce and the Secretary of the Interior," immediately after "group" in the first sentence;

(C) in the second sentence by—

(i) striking out "Each such" and inserting in lieu thereof "Such"; and

(ii) striking out "under section 4(d)";

(D) by striking out "deem" in the second sentence and inserting in lieu thereof "deems"; and

(E) by striking out the last sentence and inserting in lieu thereof "The report required by this subsection shall be submitted to the Congress not later than February 1, 1988.".

COORDINATION OF NATIONAL ACTIVITIES REGARDING AQUACULTURE

SEC. 1736. Section 6 of the National Aquaculture Act of 1980 (16 U.S.C. 2805) is amended as follows:

(1) Subsection (a) is amended by inserting ", who shall be the permanent chairman of the coordinating group" immediately after "Agriculture" in paragraph (1).

(2) Subsection (c) is repealed.

(3) Subsections (d), (e), and (f) are redesignated as subsections (c), (d), and (e), respectively.

(4) Subsection (e), as redesignated by paragraph (3), is amended by striking out "subsection (d)" in the second sentence and inserting in lieu thereof "subsection (c)".

AUTHORIZATION OF APPROPRIATIONS

SEC. 1737. Section 10 of the National Aquaculture Act of 1980 (16 U.S.C. 2809) is amended by striking out "1985" in each of paragraphs (1), (2), and (3) and inserting in lieu thereof "1985, and $1,000,000 for each of fiscal years 1986, 1987, and 1988".

Subtitle E—Special Study and Pilot Projects on Futures Trading

FINDINGS AND DECLARATION OF POLICY

SEC. 1741. (a) Congress finds that there is a need for investigation and development of alternative price support programs carried out by the Department of Agriculture; that agricultural producers and others have insufficient knowledge concerning the nature and extent of price stabilization available in the private sector; and that more information is needed to accurately assess the Federal budgetary impact of producer participation in such private sector risk avoidance services.

(b) It is declared to be the policy of the United States that the Department of Agriculture conduct economic research to develop more information concerning the manner in which producers might utilize agricultural commodity futures markets and options markets in connection with their marketing of the agricultural commodities of their own production; and to determine the nature and effect widespread utilization of such markets by producers would have on the prices they receive for their agricultural commodities, and to determine the feasibility of interfacing traditional Federal price support programs with private sector risk avoidance services.

STUDY BY THE DEPARTMENT OF AGRICULTURE

SEC. 1742. The Secretary of Agriculture shall conduct a study utilizing the services of the various agencies of the United States, including, but not limited to, the United States Department of Agriculture and the Commodity Futures Trading Commission, to determine the manner in which agricultural commodity futures markets and agricultural commodity options markets might be used by producers of agricultural commodities traded on such markets to provide such producers with price stability and income protection; the extent of the price stability and income protection producers might reasonably expect to receive from such participation; and of the Federal budgetary impact of such participation compared with the cost of the applicable established price support programs for agricultural commodities. The Secretary shall report the results of such study to the Committee on Agriculture, Nutrition and Forestry of the Senate and to the Committee on Agriculture of the House of Representatives on or before December 31, 1988.

PILOT PROGRAM

SEC. 1743. In connection with the study to be undertaken by the Secretary as required by section 1742 of this subtitle, the Secretary shall conduct a pilot program with respect to the crops of wheat, feed grains, soybean, and cotton in at least 40 counties which actively produce reasonable quantities of such major agricultural commodities traded on the commodity futures markets and the commodity options markets. The Secretary shall, in cooperation with the futures and options industry and the chairman of the commodity futures trading commission, conduct an extensive educational program for producers in the counties selected for the pilot program. The program shall, among other things, provide that a reasonable number of producers, as determined by the Secretary, may at their election and in accordance with pilot program requirements developed by the Secretary, participate in the trading of designated agricultural commodities on a futures market or options market in a manner designed to protect and maximize the return on agricultural commodities of their own production marketed by them in accordance with program requirements. Participating producers shall be assured by the Secretary under the terms of the program, using funds of the Commodity Credit Corporation, that the net return received for the agricultural commodities that such producers allocate to the program in the manner specified by the Secretary is no less than the price support loan level for such agricultural commodity in the county where it is produced. In the formulation of the pilot program the Secretary shall utilize the services of an advisory panel selected by the Secretary consisting of producers, processors, exporters, and futures and options traders on organized futures exchanges.

Subtitle F—Animal Welfare

FINDINGS

SEC. 1751. For the purposes of this subtitle, the Congress finds that—

(1) the use of animals is instrumental in certain research and education for advancing knowledge of cures and treatment for diseases and injuries which afflict both humans and animals;

(2) methods of testing that do not use animals are being and continue to be developed which are faster, less expensive, and more accurate than traditional animal experiments for some purposes and further opportunities exist for the development of these methods of testing;

(3) measures which eliminate or minimize the unnecessary duplication of experiments on animals can result in more productive use of Federal funds; and

(4) measures which help meet the public concern for laboratory animal care and treatment are important in assuring that research will continue to progress.

STANDARDS AND CERTIFICATION PROCESS

SEC. 1752. (a) Section 13 of the Animal Welfare Act (7 U.S.C. 2143) is amended by—

(1) redesignating subsections (b) through (d) as subsections (f) through (h) respectively; and

(2) striking out the first two sentences of subsection (a) and inserting in lieu thereof the following new sentences: "(1) The Secretary shall promulgate standards to govern the humane handling, care, treatment, and transportation of animals by dealers, research facilities, and exhibitors.

"(2) The standards described in paragraph (1) shall include minimum requirements—

"(A) for handling, housing, feeding, watering, sanitation, ventilation, shelter from extremes of weather and temperatures, adequate veterinary care, and separation by species where the Secretary finds necessary for humane handling, care, or treatment of animals; and

"(B) for exercise of dogs, as determined by an attending veterinarian in accordance with general standards promulgated by the Secretary, and for a physical environment adequate to promote the psychological well-being of primates.

"(3) In addition to the requirements under paragraph (2), the standards described in paragraph (1) shall, with respect to animals in research facilities, include requirements—

"(A) for animal care, treatment, and practices in experimental procedures to ensure that animal pain and distress are minimized, including adequate veterinary care with the appropriate use of anesthetic, analgesic, tranquilizing drugs, or euthanasia;

"(B) that the principal investigator considers alternatives to any procedure likely to produce pain to or distress in an experimental animal;

"(C) in any practice which could cause pain to animals—

"(i) that a doctor of veterinary medicine is consulted in the planning of such procedures;

"(ii) for the use of tranquilizers, analgesics, and anesthetics;

"(iii) for pre-surgical and post-surgical care by laboratory workers, in accordance with established veterinary medical and nursing procedures;

"(iv) against the use of paralytics without anesthesia; and

"(v) that the withholding of tranquilizers, anesthesia, analgesia, or euthanasia when scientifically necessary shall continue for only the necessary period of time;

"(D) that no animal is used in more than one major operative experiment from which it is allowed to recover except in cases of—

"(i) scientific necessity; or

"(ii) other special circumstances as determined by the Secretary; and

"(E) that exceptions to such standards may be made only when specified by research protocol and that any such exception shall be detailed and explained in a report outlined under paragraph (7) and filed with the Institutional Animal Committee.".

(b) Section 13(a) of such Act is further amended—

(1) by designating the third and fourth sentences as paragraph (4);

(2) by designating the fifth sentence as paragraph (5); and

(3) by striking out the last sentence and inserting in lieu thereof the following:

"(6)(A) Nothing in this Act—

"(i) except as provided in paragraphs (7) of this subsection, shall be construed as authorizing the Secretary to promulgate rules, regulations, or orders with regard to the design, outlines, or guidelines of actual research or experimentation by a research facility as determined by such research facility;

"(ii) except as provided subparagraphs (A) and (C) (ii) through (v) of paragraph (3) and paragraph (7) of this subsection, shall be construed as authorizing the Secretary to promulgate rules, regulations, or orders with regard to the performance of actual research or experimentation by a research facility as determined by such research facility; and

"(iii) shall authorize the Secretary, during inspection, to interrupt the conduct of actual research or experimentation.

"(B) No rule, regulation, order, or part of this Act shall be construed to require a research facility to disclose publicly or to the Institutional Animal Committee during its inspection, trade secrets or commercial or financial information which is privileged or confidential.

"(7)(A) The Secretary shall require each research facility to show upon inspection, and to report at least annually, that the provisions of this Act are being followed and that professionally acceptable standards governing the care, treatment, and use of animals are being followed by the research facility during actual research or experimentation.

"(B) In complying with subparagraph (A), such research facilities shall provide—

"(i) information on procedures likely to produce pain or distress in any animal and assurances demonstrating that the principal investigator considered alternatives to those procedures;

"(ii) assurances satisfactory to the Secretary that such facility is adhering to the standards described in this section; and

"(iii) an explanation for any deviation from the standards promulgated under this section.

"(8) Paragraph (1) shall not prohibit any State (or a political subdivision of such State) from promulgating standards in addition to those standards promulgated by the Secretary under paragraph (1).".

(c) Section 13 of such Act is further amended by inserting after subsection (a) the following new subsections:

"(b)(1) The Secretary shall require that each research facility establish at least one Committee. Each Committee shall be appointed by the chief executive officer of each such research facility and shall be composed of not fewer than three members. Such members shall possess sufficient ability to assess animal care, treatment, and practices in experimental research as determined by the needs of the research facility and shall represent society's concerns regarding the welfare of animal subjects used at such facility. Of the members of the Committee—

"(A) at least one member shall be a doctor of veterinary medicine;

"(B) at least one member—

"(i) shall not be affiliated in any way with such facility other than as a member of the Committee;

"(ii) shall not be a member of the immediate family of a person who is affiliated with such facility; and

"(iii) is intended to provide representation for general community interests in the proper care and treatment of animals; and

"(C) in those cases where the Committee consists of more than three members, not more than three members shall be from the same administrative unit of such facility.

"(2) A quorum shall be required for all formal actions of the Committee, including inspections under paragraph (3).

"(3) The Committee shall inspect at least semiannually all animal study areas and animal facilities of such research facility and review as part of the inspection—

"(A) practices involving pain to animals, and

"(B) the condition of animals,

to ensure compliance with the provisions of this Act to minimize pain and distress to animals. Exceptions to the requirement of inspection of such study areas may be made by the Secretary if animals are studied in their natural environment and the study area is prohibitive to easy access.

"(4)(A) The Committee shall file an inspection certification report of each inspection at the research facility. Such report shall—

"(i) be signed by a majority of the Committee members involved in the inspection;

"(ii) include reports of any violation of the standards promulgated, or assurances required, by the Secretary, including any deficient conditions of animal care or treatment, any deviations of research practices from originally approved proposals that adversely affect animal welfare, any notification to the facility regarding such conditions, and any corrections made thereafter;

"(iii) include any minority views of the Committee; and

"(iv) include any other information pertinent to the activities of the Committee.

"(B) Such report shall remain on file for at least three years at the research facility and shall be available for inspection by the Animal and Plant Health Inspection Service and any funding Federal agency.

"(C) In order to give the research facility an opportunity to correct any deficiencies or deviations discovered by reason of paragraph (3), the Committee shall notify the administrative representative of the research facility of any deficiencies or deviations from the provisions of this Act. If, after notification and an opportunity for correction, such deficiencies or deviations remain uncorrected, the Committee shall notify (in writing) the Animal and Plant Health Inspection Service and the funding Federal agency of such deficiencies or deviations.

"(5) The inspection results shall be available to Department of Agriculture inspectors for review during inspections. Department of Agriculture inspectors shall forward any Committee inspection records which include reports of uncorrected deficiencies or deviations to the Animal and Plant Health Inspection Service and any funding Federal agency of the project with respect to which such uncorrected deficiencies and deviations occurred.

"(c) In the case of Federal research facilities, a Federal Committee shall be established and shall have the same composition and responsibilities provided in subsection (b), except that the Federal Committee shall report deficiencies or deviations to the head of the Federal agency conducting the research rather than to the Animal and Plant Health Inspection Service. The head of the Federal agency conducting the research shall be responsible for—

"(1) all corrective action to be taken at the facility; and

"(2) the granting of all exceptions to inspection protocol.

"(d) Each research facility shall provide for the training of scientists, animal technicians, and other personnel involved with animal care and treatment in such facility as required by the Secretary. Such training shall include instruction on—

"(1) the humane practice of animal maintenance and experimentation;

"(2) research or testing methods that minimize or eliminate the use of animals or limit animal pain or distress;

"(3) utilization of the information service at the National Agricultural Library, established under subsection (e); and

"(4) methods whereby deficiencies in animal care and treatment should be reported.

"(e) The Secretary shall establish an information service at the National Agricultural Library. Such service shall, in cooperation with the National Library of Medicine, provide information—

"(1) pertinent to employee training;

"(2) which could prevent unintended duplication of animal experimentation as determined by the needs of the research facility; and

"(3) on improved methods of animal experimentation, including methods which could—

"(A) reduce or replace animal use; and

"(B) minimize pain and distress to animals, such as anesthetic and analgesic procedures.

"(f) In any case in which a Federal agency funding a research project determines that conditions of animal care, treatment, or practice in a particular project have not been in compliance with standards promulgated under this Act, despite notification by the Secretary or such Federal agency to the research facility and an opportunity for correction, such agency shall suspend or revoke Federal support for the project. Any research facility losing Federal support as a result of actions taken under the preceding sentence shall have the right of appeal as provided in sections 701 through 706 of title 5, United States Code.".

INSPECTIONS

SEC. 1753. Section 16(a) of the Animal Welfare Act (7 U.S.C. 2146(a)) is amended by inserting after the first sentence the following: "The Secretary shall inspect each research facility at least once each year and, in the case of deficiencies or deviations from the standards promulgated under this Act, shall conduct such follow-up inspections as may be necessary until all deficiencies or deviations from such standards are corrected.".

PENALTY FOR RELEASE OF TRADE SECRETS

SEC. 1754. The Animal Welfare Act (7 U.S.C. 2131-2156) is amended by adding at the end thereof the following section:

"SEC. 27. (a) It shall be unlawful for any member of an Institutional Animal Committee to release any confidential information of the research facility including any information that concerns or relates to—

"(1) the trade secrets, processes, operations, style of work, or apparatus; or

"(2) the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures,

of the research facility.

"(b) It shall be unlawful for any member of such Committee—

"(1) to use or attempt to use to his advantages; or

"(2) to reveal to any other person,

any information which is entitled to protection as confidential information under subsection (a).

"(c) A violation of subsection (a) or (b) is punishable by—

"(1) removal from such Committee; and

"(2)(A) a fine of not more than $1,000 and imprisonment of not more than one year; or

"(B) if such violation is willful, a fine of not more than $10,000 and imprisonment of not more than three years.

"(d) Any person, including any research facility, injured in its business or property by reason of a violation of this section may recover all actual and consequential damages sustained by such person and the cost of the suit including a reasonable attorney's fee.

"(e) Nothing in this section shall be construed to affect any other rights of a person injured in its business or property by reason of a violation of this section. Subsection (d) shall not be construed to limit the exercise of any such rights arising out of or relating to a violation of subsections (a) and (b).".

INCREASED PENALTIES FOR VIOLATION OF THE ACT

SEC. 1755. (a) Subsection (b) of section 19 of the Animal Welfare Act (7 U.S.C. 2149(b)) is amended—

(1) in the first sentence by striking out "$1,000 for each such violation" and inserting in lieu thereof "$2,500 for each such violation"; and

(2) in the sixth sentence by striking out "$500 for each offense" and inserting in lieu thereof "$1,500 for each offense".

(b) Subsection (d) of such section is amended by striking out "$1,000" and inserting in lieu thereof "$2,500".

DEFINITIONS

SEC. 1756. (a) Section 2 of the Animal Welfare Act (7 U.S.C. 2132) is amended by—

(1) striking out "and" after the semicolon in subsection (i);

(2) striking out the period at the end of subsection (j) and inserting in lieu thereof a semicolon; and

(3) adding after subsection (j) the following new subsections:

"(k) The term 'Federal agency' means an Executive agency as such term is defined in section 105 of title 5, United States Code, and with respect to any research facility means the agency from which the research facility receives a Federal award for the conduct of research, experimentation, or testing, involving the use of animals;

"(l) The term 'Federal award for the conduct of research, experimentation, or testing, involving the use of animals' means any mechanism (including a grant, award, loan, contract, or cooperative agreement) under which Federal funds are provided to support the conduct of such research.

"(m) The term 'quorum' means a majority of the Committee members;

"(n) The term 'Committee' means the Institutional Animal Committee established under section 13(b); and

"(o) The term 'Federal research facility' means each department, agency, or instrumentality of the United States which uses live animals for research or experimentation.".

(b) For purposes of this Act, the term "animal" shall have the same meaning as defined in section 2(g) of the Animal Welfare Act (7 U.S.C. 2132(g)).

CONSULTATION WITH THE SECRETARY OF HEALTH AND HUMAN SERVICES

SEC. 1757. Section 15(a) of the Animal Welfare Act (7 U.S.C. 2145(a)) is amended by adding after the first sentence the following: "The Secretary shall consult with the Secretary of Health and Human Services prior to issuance of regulations.".

TECHNICAL AMENDMENT

SEC. 1758. Section 14 of the Animal Welfare Act (7 U.S.C. 2144) is amended by changing "section 13" to "sections 13 (a), (f), (g), and (h)" wherever it appears.

EFFECTIVE DATE

SEC. 1759. This subtitle shall take effect 1 year after the date of the enactment of this Act.

Subtitle G—Miscellaneous

COMMODITY CREDIT CORPORATION STORAGE CONTRACTS

SEC. 1761. Section 4(h) of the Commodity Credit Corporation Charter Act (15 U.S.C. 714b(h)) is amended by inserting, after the colon at the end of the second proviso, the following: "And provided further, That any contract entered into by the Corporation for the use of a storage facility shall provide at least that (1) the rental rate charged for an extended term in excess of one year shall be at an annual rate less than that which is charged for a one-year contract, (2) any obligation of the Corporation to pay for the use of any space in a facility shall be relieved to the extent that the Corporation does not use the space and payment is made by another person for the use of such space, and (3) if the Corporation determines that it no longer needs the space reserved in the facility, the Corporation may be relieved, for the remaining term of the contract, of its obligations to an extent and in a manner that will provide significant savings to the Corporation while permitting the owner of the facility reasonable time to lease such space to another person:".

WEATHER AND CLIMATE INFORMATION IN AGRICULTURE

SEC. 1762. (a) Congress finds that—

(1) agricultural and silvicultural operations are vulnerable to damage from atmospheric conditions that accurate and timely reporting of weather information can help prevent;

(2) the maintenance of current weather and climate analysis and information dissemination systems, and Federal, State, and private efforts to improve these systems, is essential if agriculture and silviculture are to mitigate damage from atmospheric conditions;

(3) agricultural and silvicultural weather services at the Federal level should be maintained with joint planning between the National Oceanic and Atmospheric Administration and the Department of Agriculture; and

(4) efforts should be made, involving user groups, weather and climate information providers, and Federal and State governments, to expand the use of weather and climate information in agriculture and silviculture.

(b) It, therefore, is declared to be the policy of Congress that it is in the public interest to maintain an active Federal involvement in providing agricultural and silvicultural weather and climate information and that efforts should be made, among users of this information and among private providers of this information, to improve use of this information.

EMERGENCY FEED PROGRAM

SEC. 1763. (a) Paragraph (2) of section 1105(b) of the Food and Agriculture Act of 1977 (7 U.S.C. 2267(b)) is amended by striking out "feed for such person's livestock" and inserting in lieu thereof "feed that has adequate nutritive value and is suitable for each of such person's respective particular types of livestock".

(b) Section 407 of the Agricultural Act of 1949 (7 U.S.C. 1427) is amended by inserting after the fifth sentence the following new sentence: "Notwithstanding the foregoing provisions of this section relating to the authority of the Commodity Credit Corporation to make available to certain persons in certain areas during emergencies feed for livestock, the Commodity Credit Corporation (1) may make such feed available to

such persons in areas in which feed grains are normally produced and normally available for feed purposes, but in which they are unavailable because of a catastrophe described in the fourth sentence of this section, (2) may make such feed available to such persons through feed dealers in the areas, (3) shall make such feed available at a price not less than the price prescribed in the fourth sentence of this section, and (4) shall bear any expenses incurred in connection with making such feed available to such persons under this sentence, including transportation and handling costs.".

CONTROLLED SUBSTANCES PRODUCTION CONTROL

SEC. 1764. (a) As used in this section:

(1) The term "controlled substance" has the same meaning given such term in section 102(6) of the Controlled Substances Act (21 U.S.C. 801(6)).

(2) The term "Secretary" means the Secretary of Agriculture.

(3) The term "State" means each of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific Islands.

(b) Notwithstanding any other provision of law, following the date of enactment of this Act, any person who is convicted under Federal or State law of planting, cultivation, growing, producing, harvesting, or storing a controlled substance in any crop year shall be ineligible for—

(1) as to any commodity produced during that crop year, and the four succeeding crop years, by such person—

(A) any price support or payment made available under the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.), the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), or any other Act;

(B) a farm storage facility loan made under section 4(h) of the Commodity Credit Corporation Charter Act (15 U.S.C. 714b(h));

(C) crop insurance under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.);

(D) a disaster payment made under the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.); or

(E) a loan made, insured or guaranteed under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) or any other provision of law administered by the Farmers Home Administration; or

(2) a payment made under section 4 or 5 of the Commodity Credit Corporation Charter Act (15 U.S.C. 714b or 714c) for the storage of an agricultural commodity that is—

(A) produced during that crop year, or any of the four succeeding crop years, by such person; and

(B) acquired by the Commodity Credit Corporation.

(c) Not later than 180 days after the date of enactment of this Act, the Secretary shall issue such regulations as the Secretary determines are necessary to carry out this section, including regulations that—

(1) define the term "person";

(2) govern the determination of persons who shall be ineligible for program benefits under this section; and

(3) protect the interests of tenants and sharecroppers.

STUDY OF UNLEADED FUEL IN AGRICULTURAL MACHINERY

SEC. 1765. (a)(1) The Administrator of the Environmental Protection Agency and the Secretary of Agriculture shall jointly conduct a study of the use of fuel containing lead additives, and alternative lubricating additives, in gasoline engines that are—

(A) used in agricultural machinery; and

(B) designed to combust fuel containing such additives.

(2) The study shall analyze the potential for mechanical problems (including but not limited to valve recession) that may be associated with the use of other fuels in such engines.

(b)(1) For purposes of the study required under this section, the Administrator of the Environmental Protection Agency and the Secretary of Agriculture are authorized to enter into such contracts and other arrangements as may be appropriate to obtain the necessary technical information.

(2) The Secretary of Agriculture shall specify the types and items of agricultural machinery to be included in the study required under this section. Such types and items shall be representative of the types and items of agricultural machinery used on farms in the United States.

(3) All testing of engines carried out for purposes of such study shall reflect actual agricultural conditions to the extent practicable, including revolutions per minute and payloads.

(c) Not later than January 1, 1987—

(1) the Administrator of the Environmental Protection Agency and the Secretary of Agriculture shall publish the results of the study required under this section; and

(2) the Administrator shall publish in the Federal Register notice of the publication of such study and a summary thereof.

(d)(1) After notice and opportunity for hearing, but not later than 6 months after publication of the study, the Administrator shall—

(A) make findings and recommendations on the need for lead additives in gasoline to be used on a farm for farming purposes, including a determination of whether a modification of the regulations limiting lead content of gasoline would be appropriate in the case of gasoline used on a farm for farming purposes; and

(B) submit to the President and Congress a report containing—

(i) the study;

(ii) a summary of the comments received during the public hearing (including the comments of the Secretary); and

(iii) the findings and recommendations of the Administrator made in accordance with clause (1).

(2) The report shall be transmitted to—

(A) the Committee on Energy and Commerce of the House of Representatives;

(B) the Committee on Environment and Public Works of the Senate;

(C) the Committee on Agriculture of the House of Representatives; and

(D) the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(e)(1) Between January 1, 1986, and December 31, 1987, the Administrator shall monitor the actual lead content of leaded gasoline sold in the United States.

(2) The Administrator shall determine the average lead content of such gasoline for each 3-month period between January 1, 1986, and December 31, 1987.

(3) If the actual lead content falls below an average of 0.2 of a gram of lead per gallon in any such 3-month period, the Administrator shall—

(A) report to Congress; and

(B) publish a notice thereof in the Federal Register.

(f) Until January 1, 1988, no regulation of the Administrator issued under section 211 of the Clean Air Act (42 U.S.C. 7545) regarding the control or prohibition of lead additives in gasoline may require an average lead content per gallon that is less than 0.1 of a gram per gallon.

(g) To carry out this section, there is authorized to be appropriated $1,000,000, to be available without fiscal year limitation.

POTATO ADVISORY COMMISSION

SEC. 1767. It is the sense of Congress that—

(1) the Secretary of Agriculture should consider the recommendations of the potato advisory commission established by the Secretary on an ad hoc basis;

(2) such commission should address industry concerns including trade, quality inspections, and pesticide use, to the extent practicable;

(3) such commission should meet periodically; and

(4) the recommendations and actions of such committee should be reported to the Chairmen of the Committee on Agriculture, Nutrition, and Forestry of the Senate and the Committee on Agriculture of the House of Representatives, and to the public.

VIRUSES, SERUMS, TOXINS, AND ANALOGOUS PRODUCTS

SEC. 1768. (a) The first sentence of the eighth paragraph of the matter under the heading "BUREAU OF ANIMAL INDUSTRY" of the Act entitled "An Act making appropriations for the Department of Agriculture for the fiscal year ending June thirtieth, nineteen hundred and fourteen", approved March 4, 1913 (21 U.S.C. 151), is amended by striking out "from one State or Territory or the District of Columbia to any other State or Territory or the District of Columbia" and inserting in lieu thereof "in or from the United States, the District of Columbia, any territory of the United States, or any place under the jurisdiction of the United States".

(b) The fourth sentence of such paragraph (21 U.S.C. 154) is amended by inserting "or otherwise to carry out this paragraph," after "animals," the first place it appears.

(c) Such paragraph is amended by inserting after the fourth sentence the following new sentences: "In order to meet an emergency condition, limited market or local situation, or other special circumstance (including production solely for intrastate use under a State-operated program), the Secretary may issue a special license under an expedited procedure on such conditions as are necessary to assure purity, safety, and a reasonable expectation of efficacy. The Secretary shall exempt by regulation from the requirement of preparation pursuant to an unsuspended and unrevoked license any virus, serum, toxin, or analogous product prepared by any person, firm, or corporation—

"(1) solely for administration to animals of such person, firm, or corporation;

"(2) solely for administration to animals under a veterinarian-client-patient relationship in the course of the State licensed professional practice of veterinary medicine by such person, firm, or corporation; or

"(3) solely for distribution within the State of production pursuant to a license granted by such State under a program determined by the Secretary to meet criteria under which the State—

"(A) may license virus, serum, toxin, and analogous products and establishments that produce such products;

"(B) may review the purity, safety, potency, and efficacy of such products prior to licensure;

"(C) may review product test results to assure compliance with applicable stand-

ards for purity, safety, and potency, prior to release to the market;

"(D) may deal effectively with violations of State law regulating virus, serum, toxin, and analogous products; and

"(E) exercises the authority referred to in subclauses (A) through (D) consistent with the intent of this paragraph of prohibiting the preparation, sale, barter, exchange, or shipment of worthless, contaminated, dangerous, or harmful virus, serum, toxin, or analogous products.".

(d) The seventh sentence of such paragraph (21 U.S.C. 157) (as it existed before the amendments made by this section) is amended by striking out "licensed under this Act".

(e) Such paragraph is amended by inserting after the eighth sentence (21 U.S.C. 158) (as it existed before the amendments made by this section) the following new sentences: "The procedures of sections 402, 403, and 404 of the Federal Meat Inspection Act (21 U.S.C. 672, 673, and 674) (relating to detentions, seizures and condemnations, and injunctions, respectively) shall apply to the enforcement of this paragraph with respect to any product prepared, sold, bartered, exchanged, or shipped in violation of this paragraph or a regulation promulgated under this paragraph. The provisions (including penalties) of section 405 of such Act (21 U.S.C. 675) shall apply to the performance of official duties under this paragraph. Congress finds that (i) the products and activities that are regulated under this paragraph are either in interstate or foreign commerce or substantially affect such commerce or the free flow thereof, and (ii) regulation of the products and activities as provided in this paragraph is necessary to prevent and eliminate burdens on such commerce and to effectively regulate such commerce.".

(f)(1) Except as provided in paragraph (2), the amendments made by this section shall become effective on the date of enactment of this Act.

(2)(A) Subject to subparagraphs (B) through (D), in the case of a person, firm, or corporation preparing, selling, bartering, exchanging, or shipping a virus, serum, toxin, or analogous product during the 12-month period ending on the date of enactment of this Act solely for intrastate commerce or for exportation, such product shall not after such date of enactment, as a result of its not having been licensed or produced in a licensed establishment, be considered in violation of the eighth paragraph of the matter under the heading "BUREAU OF ANIMAL INDUSTRY" of the Act entitled "An Act making appropriations for the Department of Agriculture for the fiscal year ending June thirtieth, nineteen hundred and fourteen", approved March 14, 1913 (as amended by this section), until the first day of the 49th month following the date of enactment of this Act.

(B) The exemption granted by subparagraph (A) may be extended by the Secretary of Agriculture for a period up to 12 months in an individual case on a showing by a person, firm, or corporation of good cause and a good faith effort to comply with such eighth paragraph with due diligence.

(C) The exemption granted by subparagraph (A) must be claimed by the person, firm, or corporation preparing such product by the first day of the 13th month following the date of enactment of this Act, in the form and manner prescribed by the Secretary, unless the Secretary grants an extension of the time to claim such exemption in an individual case for good cause shown.

(D) On the issuance by the Secretary of a license to such person, firm, or corporation for such product prior to the first day of the 49th month following the date of enactment of this Act, or the end of an extension of the exemption granted by the Secretary, the exemption granted by subparagraph (A) shall terminate with respect to such product.

AUTHORIZATION OF APPROPRIATIONS FOR FEDERAL INSECTICIDE, FUNGICIDE, AND RODENTICIDE ACT

SEC. 1768. Section 31 of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136y) is amended to read as follows:

"SEC. 31. AUTHORIZATION OF APPROPRIATIONS.

"There is authorized to be appropriated to carry out this Act for the period beginning October 1, 1985, and ending September 30, 1986, $68,604,200 of which not more than $11,993,100 shall be available for research under this Act.".

USER FEES FOR REPORTS, PUBLICATIONS, AND SOFTWARE

SEC. 1769. Section 1121 of the Agriculture and Food Act of 1981 (7 U.S.C. 2242a) is amended to read as follows:

"USER FEES FOR REPORTS, PUBLICATIONS, AND SOFTWARE

"SEC. 1121. (a) The Secretary of Agriculture may—

"(1) furnish, on request, copies of software programs, pamphlets, reports, or other publications, regardless of their form, including electronic publications, prepared in the Department of Agriculture in carrying out any of its missions or programs; and

"(2) charge such fees therefor as the Secretary determines are reasonable.

"(b) The imposition of such charges shall be consistent with section 9701 of title 31, United States Code.

"(c) All moneys received in payment for work or services performed, or for software programs, pamphlets, reports, or other publications provided, under this section—

"(1) shall be available until expended to pay directly the costs of such work, services, software programs, pamphlets, reports, or publications; and

"(2) may be credited to appropriations or funds that incur such costs.".

CONFIDENTIALITY OF INFORMATION

SEC. 1770. (a) In the case of information furnished under a provision of law referred to in subsection (d), neither the Secretary of Agriculture, any other officer or employee of the Department of Agriculture or agency thereof, nor any other person may—

(1) use such information for a purpose other than the development or reporting of aggregate data in a manner such that the identity of the person who supplied such information is not discernible and is not material to the intended uses of such information; or

(2) disclose such information to the public, unless such information has been transformed into a statistical or aggregate form that does not allow the identification of the person who supplied particular information.

(b)(1) In carrying out a provision of law referred to in subsection (d), no department, agency, officer, or employee of the Federal Government, other than the Secretary of Agriculture, shall require a person to furnish a copy of statistical information provided to the Department of Agriculture.

(2) A copy of such information—

(A) shall be immune from mandatory disclosure of any type, including legal process; and

(B) shall not, without the consent of such person, be admitted as evidence or used for any purpose in any action, suit, or other judicial or administrative proceeding.

(c) Any person who shall publish, cause to be published, or otherwise publicly release information collected pursuant to a provision of law referred to in subsection (d), in any manner or for any purpose prohibited in section (a), shall be fined not more than $10,000 or imprisoned for not more than 1 year, or both.

(d) For purposes of this section, a provision of law referred to in this subsection means—

(1) the first section of the Act entitled "An Act authorizing the Secretary of Agriculture to collect and publish statistics of the grade and staple length of cotton", approved March 3, 1927 (7 U.S.C. 471) (commonly referred to as the "Cotton Statistics and Estimates Act");

(2) the first section of the Act entitled "An Act to provide for the collection and publication of statistics of tobacco by the Department of Agriculture", approved January 14, 1929 (7 U.S.C. 501);

(3) the first section of the Act entitled "An Act to provide for the collection and publication of statistics of peanuts by the Department of Agriculture", approved June 24, 1936 (7 U.S.C. 951);

(4) section 203(g) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1622(g));

(5) section 526(a) of the Revised Statutes (7 U.S.C. 2204(a));

(6) the Act entitled "An Act providing for the publication of statistics relating to spirits of turpentine and resin", approved August 15, 1935 (7 U.S.C. 2248);

(7) section 42 of title 13, United States Code;

(8) section 4 of the Act entitled "An Act to establish the Department of Commerce and Labor", approved February 14, 1903 (15 U.S.C. 1516); or

(9) section 2 of the joint resolution entitled "Joint resolution relating to the publication of economic and social statistics for Americans of Spanish origin or descent", approved June 16, 1976 (15 U.S.C. 1516a).

LAND CONVEYANCE TO IRWIN COUNTY, GEORGIA

SEC. 1771. The Secretary of Agriculture is authorized and directed to execute and deliver to the Board of Education of Irwin County, Georgia, its successors and assigns, a quitclaim deed conveying and releasing unto the said Board of Education of Irwin County, Georgia, its successors and assigns, all right, title, and interest of the United States of America in and to a tract of land, situate in said Irwin County, Georgia, containing 0.303 acres together with improvements in Land Lot Number 39 in the 3rd Land District of Irwin County, Georgia, being more particularly described in a deed dated July 13, 1946, from the United States conveying said land to Irwin County Board of Education, recorded in the land records of the office of the Clerk of Court for Irwin County, Georgia, in deed book 20, page 117.

NATIONAL TREE SEED LABORATORY

SEC. 1772. Notwithstanding any other provision of law, fees received by the National Tree Seed Laboratory, administered by the Forest Service, United States Department of Agriculture, for the provision of a tree seed testing service, shall be retained and deposited as a reimbursement to current appropriations used to cover the costs of providing such service.

CONTROL OF GRASSHOPPERS AND MORMON CRICKETS ON FEDERAL LANDS

SEC. 1773. (a) The Secretary of Agriculture shall carry out a program to control grass-

hoppers and Mormon Crickets on all Federal lands.

(b)(1) Subject to paragraph (2), the Secretary of Agriculture shall expend or transfer, and upon request, the Secretary of the Interior shall transfer to the Secretary of Agriculture, from any no-year appropriations, funds for the prevention, suppression, and control of actual or potential grasshopper and Mormon Cricket outbreaks on lands under the jurisdiction of the Federal Government.

(2)(A) Appropriated funds made available to the Secretary of the Interior shall be available for the payment of obligations incurred on Federal lands subject to the jurisdiction of the Secretary of the Interior.

(B) Funds transferred pursuant to this paragraph shall be requested as promptly as possible by the Secretary of Agriculture.

(C) Funds transferred pursuant to this section shall be replenished by supplemental or regular appropriations which shall be requested as promptly as possible.

(c)(1) Except as provided in paragraph (2), from any funds made available to the Department of the Interior until expended, moneys shall be made available for the transfer by the Secretary of the Interior to the Secretary of Agriculture for the prevention, suppression, and control of grasshoppers and Mormon Cricket outbreaks on Federal lands under the jurisdiction of the Secretary of the Interior.

(2) No funds shall be made available under this authority, until contingency funds specifically available to the Animal and Plant Health Inspection Service for grasshopper emergencies have been exhausted.

(d) On request of the administering agency or the Department of Agriculture of an affected State, the Secretary of Agriculture shall immediately treat Federal, State, or private lands that are infested by grasshoppers or Mormon crickets at levels of economic infestation, unless the Secretary determines that delaying treatment will optimize biological control and not cause greater economic damage to adjacent landowners.

(e) The Secretary of Agriculture shall—

(1) pay out of appropriated funds made available to the Secretary or transferred to the Secretary by the Secretary of the Interior—100 percent of the cost of grasshopper or Mormon cricket control on Federal lands;

(2) pay out of appropriated funds made available to the Secretary—

(A) 50 percent of the cost of such control on State lands; and

(B) 33.3 percent of the cost of such control on private rangelands; and

(3) participate in prevention, control, or suppression programs for grasshoppers and Mormon Crickets in conjunction with other Federal, State and private prevention, control or suppression efforts.

(f) From appropriated funds made available or transferred by the Secretary of the Interior to the Secretary of Agriculture for such purposes, the Secretary of Agriculture shall provide adequate funding for a program to train personnel to effectively accomplish the objective of this section.

STUDY OF A STRATEGIC ETHANOL RESERVE

SEC. 1778. (a) The Secretary of Agriculture shall conduct a study of the cost effectiveness, the economic benefits, and the feasibility of establishing, maintaining, and utilizing a Strategic Ethanol Reserve relative to the existing Strategic Petroleum Reserve.

(b) The study shall be completed within one year after the enactment of this section and shall include, among other considerations—

(1) the benefits and losses related to the U.S. economy, farm income, employment, government commodity programs, and the trade deficit of utilizing a Strategic Ethanol Reserve, as opposed to the Strategic Petroleum Reserve; and

(2) the savings from storing ethanol as opposed to storing the amount of CCC-held grain necessary to produce the ethanol.

(c) If the study shows that the Strategic Ethanol Reserve is cost effective, beneficial to the U.S. economy, and feasible in comparison with the Strategic Petroleum Reserve, the Secretary of Agriculture may establish, maintain, and utilize a Strategic Ethanol Reserve.

TITLE XVIII—GENERAL EFFECTIVE DATE

EFFECTIVE DATE

SEC. 1801. Except as otherwise provided in this Act, this Act and the amendments made by this Act shall become effective on the date of the enactment of this Act.

And the Senate agree to the same.

From the Committee on Agriculture:

E DE LA GARZA,
THOMAS S. FOLEY,
ED JONES,
CHARLES ROSE,
BERKLEY BEDELL
(on all matters except title VIII of the House bill and modifications thereof committed to conference),
LEON E. PANETTA,
JERRY HUCKABY,
CHARLES WHITLEY
(on all matters except subtitle A of title X, section 1022, section 1314, and subtitle C of title XVIII of the House bill and modifications thereof committed to conference, and section 1947 and title XX of the Senate amendment),
TONY COELHO,
EDWARD R. MADIGAN,
JAMES M. JEFFORDS,
E. THOMAS COLEMAN
(on all matters except titles II, IV, V, IX, XVI, and XVII, and section 1862 of the House bill and modifications thereof committed to conference),
RON MARLENEE,
LARRY J. HOPKINS,
ARLAN STANGELAND,
CHARLES HATCHER
(in lieu of Mr. BEDELL, solely for consideration of title VIII of the House bill and modifications thereof committed to conference),
CHARLES W. STENHOLM
(in lieu of Mr. WHITLEY, solely for consideration of subtitle A of title X of the House bill and section 1314 and modifications committed to conference; and additional conferee solely for consideration of subtitle D of title XI of the House bill and modifications committed to conference),
TERRY L. BRUCE
(in lieu of Mr. WHITLEY, solely for consideration of section 1022 of the House bill and modifications thereof committed to conference),
HAROLD L. VOLKMER
(in lieu of Mr. WHITLEY, solely for consideration of subtitle C of title XVIII of the House bill and modifications thereof committed to conference),
RICHARD H. STALLINGS
(in lieu of Mr. WHITLEY, solely for consideration of section 1947 of the Senate amendment),
GEORGE E. BROWN, JR.
(in lieu of Mr. WHITLEY, solely for consideration of title XX of the Senate amendment),
BILL EMERSON
(in lieu of Mr. COLEMAN of Missouri, solely for consideration of titles IX, XV, XVI, and XVII of the House bill and modifications thereof committed to conference),
STEVE GUNDERSON
(in lieu of Mr. COLEMAN of Missouri, solely for consideration of title II of the House bill and modifications thereof committed to conference),
SID MORRISON
(in lieu of Mr. COLEMAN of Missouri, solely for consideration of section 1862 of the House bill and modifications thereof committed to conference),
BOB SMITH
(in lieu of Mr. COLEMAN of Missouri, solely for consideration of titles IV and V of the House bill and modifications thereof committed to conference),

PAT ROBERTS
(additional conferee, solely for consideration of subtitle D of title XI of the House bill and modifications committed to conference),

From the Committee on Merchant Marine and Fisheries:

(Additional conferees, solely for consideration of subtitle D of title XI of the House bill and modifications committed to conference):

WALTER B. JONES
(and additional conferee, solely for consideration of title XX, section 1434, and sections 1201-1203 of the House bill and modifications committed to conference),
MARIO BIAGGI,

Managers on the Part of the Senate.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2100) to extend and revise agricultural price support and related programs, to provide for agricultural export, resource conservation, farm credit, and agricultural research and related programs, to continue food assistance to low-income persons, to ensure consumers an abundance of food and fiber at reasonable prices, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The Senate amendment struck out all of the House bill after the anacting clause and inserted a substitute text.

The House recedes from its disagreement to the amendment of the Senate with an amendment which is a substitute for the House bill and the Senate amendment. The differences between the House bill, the Senate amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clarifying changes.

TITLE I—DAIRY

(1) Short title

The House bill provides that title II may be cited as the "Dairy Unity Act of 1985". (Sec. 201.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(2) Effective period

The House bill provides that the milk price support and milk diversion programs under the bill, and certain provisions in the bill relating to milk marketing orders, will be effective for five years, through the end of fiscal year 1990. (Secs. 201, 211-214, 232, 233, 251, and 252.)

The related provisions of the Senate amendment will be effective for four years, through the end of fiscal year 1989. (Secs. 201, 203, 204, and 205.)

The Conference substitute adopts the House provision relating to the overall length of the milk program under the bill. (Secs. 101, 104, 108, 132, 151, and 152.)

(3) Milk price support

The House bill provides that, efective on the date of the enactment of the bill, the price support levels for milk for the fiscal years 1986 through 1990 will be determined as follows:

On October 1 of each of the 1987 through 1990 fiscal years, and on the date of the enactment of the bill in the case of fiscal year 1986, the Secretary of Agriculture will establish the price support level for milk (per hundredweight) to be effective for that fiscal year (or the remaining portion of fiscal year 1986). Price support would be set by the Secretary at a level equal to the product of—

(a) the preliminary support price, and

(b) a percentage figure keyed to changes in the estimated amount of net Community Credit Corporation dairy product acquisitions.

The preliminary support price (per hundredweight) would be determined by multiplying $8.83 by the adjusted cost of production index for milk (which would be—

(a) the milk cost of production index, less

(b) the product of (i) the milk cost of production index and (ii) the milk productivity factor).

The milk cost of production index for a fiscal year would reflect the ratio between (a) the cost of producing milk during the one-year period ending the preceding June 30 and (b) the average annual cost of producing milk during the three-year period ending with 1978.

The milk productivity factor would be a figure that is the product of—

(a) the average per-cow milk production (measured in hundredweights) during the one-year period ending the preceding June 30 minus 111.01 hundredweights, and

(b) .002.

The cost of producing milk would be computed using the prices for input and other items and a proportional value for each item specified in a schedule contained in the bill.

The Secretary would be required to estimate the level of CCC purchases of milk and milk products (less sales for unrestricted use) that would occur for the fiscal year for which the price support level is being determined if the support level were equal to the preliminary support price. The actual support price would be a percentage—ranging from 92.2 percent at the minimum to 107.8 percent or higher—of the preliminary support price, arrived at by applying the projected net CCC acquisitions if the preliminary price were in effect to a schedule contained in the bill. If the net acquisitions would exceed seven billion pounds, the support level would be 92.2 percent of the preliminary level. As projected net acquisitions become smaller, the percentage would increase, so that if projected net acquisitions would be less than one billion pounds, the support level could not be less than 107.8 percent of the preliminary level. (Sec. 211.)

The Senate amendment provides that, effective October 1, 1985, the price of milk would be supported at $11.60 per hundredweight of milk, with the following exceptions:

(a) If the Secretary estimates that net price support purchases of milk for calendar year 1987 will exceed 5 billion pounds, the Secretary must reduce the support level 50 cents per hundredweight, effective January 1987;

(b) on January 1, 1988, and January 1, 1989, the Secretary will estimate the level of net price support purchases for the calendar year involved and depending on the amount estimated, adjust the support level per hundredweight (on January 1 of the year involved), as follows:

(i) net purchases of 10 billion pounds or more would require a reduction of $1.00 (except that the Secretary could lessen the amount of the reduction to reflect changes in a cost of production index established by the Secretary);

(ii) net purchases of 5 billion pounds or more but less than 10 billion pounds would require a reduction of 50 cents (with authority for lessening the reduction under the criteria described in clause (i));

(iii) if net purchases were 2 billion pounds or more but less than 5 billion pounds, no adjustment would be permitted; and

(iv) net purchases of less than 2 billion pounds would authorize a 50 cent increase (with further authority for enlarging the increase under the criteria described in clause (i)). (Sec. 203.)

The Conference substitute provides that the support price for milk in 1986 shall be $11.60 per hundredweight for milk containing 3.67 percent milkfat. The support price for the period January 1, 1987, through September 30, 1987, shall be $11.35 per hundredweight and for the period October 1, 1987, through September 30, 1990, shall be $11.10 per hundredweight, except as provided below.

On January 1 of each calendar year 1988, 1989, the Secretary is required to (1) increase the support price then in effect by $.50 per hundredweight if the Secretary projects that removals of milk through the Commodity Credit Corporation will be less than 2.5 billion pounds, milk equivalent, during the upcoming twelve month period; or (2) to reduce the support price then in effect by $.50 per hundredweight if the Secretary projects that removals will exeed 5 billion pounds, milk equivalent, during the upcoming twelve months.

The Conference substitute provides for a limitation on any such reduction that is keyed to the 18 month milk production termination program that will be operated during 1986 and 1987, as described in item (6). The Conference substitute will prohibit any such reduction unless the program achieved a reduction in milk production among participants of not less than 12 billion pounds during the life of the program; or the Secretary of Agriculture certifies to Congress that an insufficient number of reasonable bids from producers were offered to achieve such reduction. Determinations of the Secretary of Agriculture relating to the level of milk price supports, reductions in milk prices described in item (5) below, and the milk production termination program described in item (6) would not be subject to the provisions of 5 U.S.C. 553. (Sec. 101.)

(4) Market value of whey

The House bill provides that, for the purpose of supporting the price of milk, as described in item (3), the Secretary of Agriculture could not take into consideration the market value of whey. (Sec. 218.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision. (Sec. 103.)

(5) Reductions in the price of milk

The House bill will require the Secretary of Agriculture to provide for a reduction in the price of milk received by producers, applicable to all milk marketed for commercial use in the contiguous 48 States, during any period that a milk diversion program is in effect (as described in item (6)). The reduction (which the Secretary could adjust downward) would have to be sufficient to cover—

(a) the estimated cost of net CCC acquisitions, during each of the calendar years 1986 through 1989, in excess of five billion pounds (or three-fourths of such amount in the case of the first 9 months of 1990);

(b) the estimated cost of payments to producers under the diversion program; and

(c) in each of the calendar years 1986 and 1987, an additional $50 million.

The funds represented by the reduction in the price of milk would be collectd and remitted to the Commodity Credit Corporation by handlers that buy milk from producers. Producers that market their milk directly to consumers would remit the funds directly to the CCC. The $50 million remitted in 1986 and 1987, if there is a diversion program, would be transferred to the Dairy Research Trust Fund (see item (12)).

If the funds deducted from milk prices exceed the amount needed to cover the costs of (a) net CCC acquisitions in excess of five billion pounds (on an annual basis), (b) the milk diversion program, and (c) in 1986 and 1987, the special $50 million allocation to the Dairy Research Trust Fund, the CCC would be required to refund the excess (with interest) to producers on a pro rata basis. In addition, if the actual level of net CCC acquisitions during the period involved were less than the threshold level for that period, the Secretary would be required to refund, to producers, an amount equal to the difference between (i) the estimated cost of purchasing five billion pounds (on an annual basis) and (ii) the sum of the actual cost of purchases for the period and the amount deposited in the Trust Fund, with interest. (Sec. 211.)

The Senate amendment states the sense of the Senate that no charge or assessment intended to encourage reductions by producers in total milk production should be imposed on, or collected from, producers of milk. (Sec. 210.)

The Conference substitute requires the Secretary of Agriculture to provide for a reduction in the price of milk received by producers, applicable to all milk marketed for commercial use in the contiguous 48 States, to help offset the cost of the milk production termination program and mitigate dairy surpluses. A reduction of 40 cents per hundred pounds of milk marketed for commercial use will begin on April 1, 1986, and end on December 31, 1986. A reduction of 25 cents per hundred pounds of milk marketed for commercial use will begin on January 1, 1987, and end on September 30, 1987.

The funds represented by the reduction in the price of milk will be collected and remitted to the Commodity Credit Corporation by handlers that buy milk from producers. Producers who market their milk directly to consumers would remit the funds directly to the CCC. (Sec. 101.)

(6) Milk diversion program

(a) The *House* bill will provide for an extension, with revisions, of the provisions for a milk diversion progam contained in the Dairy Production Stabilization Act of 1983. Effective for each of the calendar years 1986 through 1989 (and the first 9 months of 1990), if the Secretary estimates that net Commodity Credit Corporation milk price support purchases will be more than five billion pounds, but not more than seven billion pounds, milk equivalent (on an annual basis), the Secretary of Agriculture could implement a milk diversion program for that period. If the Secretary's estimate is that net CCC purchases will exceed seven billion pounds, the Secretary would be required to implement a diversion program for the period involved.

A milk diversion program would have to be designed to ensure that the aggregate amount of the reduction in marketings of milk under the program will not be less than the difference between the estimated amount of net CCC purchases without the program and four billion pounds milk equivalent (annual basis).

In making his determinations as to levels of CCC purchases, the Secretary would adjust his estimates by deducting the net amount of reduction in the quantitative limits on dairy imports, established under section 22 of the Agricultural Adjustment Act, occurring since June 15, 1985.

Under milk diversion programs, the Secretary would enter into contracts with milk producers under which the producers would forgo producing a portion (or all) of their milk production base in return for a payment from the Secretary.

If the Secretary establishes a milk diversion program for calendar year 1986, the program would be two years in duration.

If a milk diversion program is in effect, the Secretary would be required to formulate—

(A) a reduced production program under which producers could enter contracts to reduce the amount of milk they market during the period involved; and, in addition,

(B) a production termination program under which the Secretary could accept a bid from a producer for terminating his milk production entirely in return for a payment by the Secretary. (Sec. 212.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute provides for a mandatory milk production termination program to be carried out by the Secretary of Agriculture over an 18 month period. The program is to be implemented on April 1, 1986.

The program is to be formulated to achieve a reduction in milk production of 12 billion pounds during the period of operation. The program will provide for the termination of milk production by producers who agree, among other things (1) to sell for slaughter or export all dairy cattle in which the producer has an interest, and (2) during a period of three to five years after completition of such sale, not to acquire any interest in dairy cattle or the production of milk.

The Secretary of Agriculture will be required to promulgate regulations to ensure that greater numbers of diary cattle are slaughtered as a result of the production termination program in each of the periods, April through August 1986, and March through August 1987, than for the other months of the program. To encourage a higher slaughter of dairy cattle during the period of March through August, the *Conference* substitute directs the Secretary to limit the number of dairy cattle slaughtered under the herd reduction program to no

more than seven percent of the national dairy herd in addition to the normal dairy herd culling rate per calendar year. USDA statistics include a breakdown of the relationship of dairy cows marketed to beef cows marketed. Through the evaluation of such statistics, the Secretary will implement the orderly and timely flow of cattle that are marketed due to the production-termination program to reduce the effect of such program on red meat markets.

A producer who commenced marketing of milk in the 15 month period ending on March 31, 1986, shall be ineligible to participate in the program, except in the case of intrafamily transfers.

During each of calendar years 1988 through 1990, the Secretary is authorized to carry out a milk diversion or milk production termination program.

The Secretary must also take all feasible steps to minimize any adverse effect of any program under this provision on beef, pork, and poultry production in the United States.

The *Conference* substitute provides marketing and civil penalties for violations of milk production termination contracts and false statements. (Sec. 101.)

(b) Under the *House* bill, a producer seeking to enter a reduced production milk diversion contract, prior to entering the contract, would have to submit, to the Secretary, a plan that shows how the producer will achieve the reduction in milk marketings specified in the contract, including the producer's estimate of the amount of the reduction to be achieved through slaughter of dairy cattle and the approximate number of cattle to be sold for slaughter each month.

In setting the terms and conditions of milk diversion contracts, the Secretary would be required to take into account the adverse effects of diversion contracts on beef, pork, and poultry producers and take all feasible steps to minimize such effects.

Before the beginning of a period in which a milk diversion program is to be in effect, the Secretary would be required to estimate the number of dairy cattle that will be marketed for slaughter as a result of the program. The Secretary also would be required to specify marketing procedures, under contracts under the program, to ensure that not more than 40 percent of the number of dairy cattle that he estimates will be marketed for slaughter (by producers participating in the program), in excess of the numer of dairy cattle they would market in the absence of the program, will be so marketed in January, February, September, October, November, and December of a full calendar year (or in January, February, and September of 1980). The procedures would have to ensure that the excess sales for slaughter occur on a basis that maintains historical marketing patterns. In addition, the Secretary would be required to limit the total dairy cattle slaughter rate under the program in excess of the historical dairy cow herd culling rate to no more than seven percent of the national dairy cow herd. (Sec. 212.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts provisions described in paragraph (a) above. (Sec. 101.)

(c) Under the *House* bill, the terms of reduced production milk diversion contracts would be similar to those in existing law in the 1984-1985 diversion program.

The contracts for production termination would provide that the producer must—

(A) sell for slaughter or export all the producer's dairy cattle;

(B) not acquire any interest in the production of milk during a period (from three to five years) specified by the Secretary, nor acquire (not make available to others) any milk production capacity that becomes available because of compliance by another producer under a production termination contract; and

(C) return the entire payment (with interest) if the producer fails to comply with the contract (Sec. 212.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts provisions described in paragraph (a) above. (Sec. 101.)

(d) Under the *House* bill, authority would be provided for the modification of reduced production milk diversion contracts, within the first month of the diversion period, if the Secretary determinates that the program would result in a reduction in the level of milk production below that required under the program or has caused a substantial hardship to beef, hog, or poultry producers. If a modification will be required to prevent an excessive reduction milk production, the Secretary could modify all contracts, on a uniform basis, to lessen the amount of reduction required under the contract. However, in acting to lessen the required reductions in milk marketings among all reduced production contracts, the Secretary could apportion, among contracts, changes in the reduction required so as to give preference to small or medium-sized producers who request that their reduction not be lessened. No modification to lessen required reductions could be apportioned on the basis of geographic region or area.

A producer who enters into a reduced production milk diversion contract could terminated the contract if the Secretary modifies the contract, as described above. (Sec. 212.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts provisions described in paragraph (a) above. (Sec. 101.)

(e) For purposes of a milk diversion program under the House bill, a producer's milk production base would be his marketings of milk for commercial use during the one-year period ending on September 1 prior to the start of the diversion. However, if the producer participated in a milk diversion program in effect for the prior calendar year, the producer's base would be the same base he had for the prior diversion program. If a diversion program is in effect for calendar years 1986 and 1987 and the producer participated in the diversion program in effect in fiscal years 1984 and 1985, the producer's base would be, at year 1982, increased by 2.2 percent, or (B) his average annual marketing during 1981 and 1982, increased by 2.2 percent.

Only producers who were marketing milk prior to fifteen months before the start of a milk diversion program would be eligible to receive a milk production base for purposes of the program. (Sec. 212.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts provisions described in paragraph (a) above. (Sec. 101.)

(f) Under the House bill, any person who (A) fails to make a reduction in the price of milk as required under the bill or fails to remit to the CCC the funds represented by a reduction, or (B) fails to reduce milk marketings as required under a reduced production milk diversion contract, would be liable for a marketing penalty. The penalty would be an amount equal to the then current support price for milk and be applied to the quantity of milk to which the failure applies. The Secretary could reduce any penalty if the violation is unintentional or without the knowledge of the person concerned.

A person who (A) buys dairy cattle for slaughter from a producer who has entered a milk diversion contract, knowing that the cattle are sold for slaughter, but (B) fails to have the cattle slaughtered within a reasonable time after receiving the cattle, would be subject to a civil penalty of not to exceed $5,000 per head.

All other knowing violations under the milk diversion program would be subject to a civil penalty of up to $1,000.

The Senate amendment contains no comparable provisions.

The Conference substitute adopts provisions described in paragraph (a) above. (Sec. 101.)

(g) Under the House bill, if a milk diversion program is to be in effect for calendar year 1986 and if the bill is enacted after November 1, 1985, then notwithstanding the provisions of the bill establishing deadlines for implementation of any such program, the Secretary would—

(A) establish the 1986 milk diversion program, and publish the information required under the program, not later than thirty days after the date of the enactment of the bill, and

(B) offer to enter into contracts under the program with producers until sixty days after the date of the enactment of the bill. (Sec. 212.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts an amendment as set forth in section (a) above. (Sec. 101.)

(7) Application of amendments

The House bill provides that the milk price support and milk diversion program provisions will not affect any liability of any person under the provisions of the Agricultural Act of 1949 relating to milk price support, reductions in minimum prices, and the dairy diversion program, as in effect before the date of the enactment of the bill. (Sec. 213.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with conforming amendments. (Sec. 108.)

(8) Avoidance of adverse effect of milk programs on beef, pork, and lamb producers

The *House* bill provides that, to minimize the adverse effect of a milk diversion program carried out during any year under the bill on beef, pork, and lamb producers in the United States, in such year—

(a) the Secretary of Agriculture must use section 32 funds, other funds available to the Department of Agriculture under the commodity distribution and other nutrition programs, and Commodity Credit Corporation funds to purchase and distribute 250 million pounds (or three-fourths of such amount in the case of the first 9 months of 1990) of red meat in addition to those quantities normally purchased and distributed by the Secretary;

(b) the Secretary of Defense and other Federal agencies, to the maximum extent practicable, must use increased quantities of red meat to meet the food needs of the pro-

grams that they administer, and State agencies would be encouraged to cooperate in such an effort; and

(c) the Secretary must act to encourage the consumption of red meat by the public. (Sec. 214.)

The Senate amendment will require the Secretary to (a) take into account any adverse effect of reductions in milk production, under the milk program, on U.S. beef and pork producers, and (b) take all feasible steps to prevent such adverse effect. (Sec. 209.)

The Conference substitute adopts the House provision with an amendment that provides that, to minimize the adverse effect of the milk production termination program on beef, pork, and lamb producers during the period for which the milk production termination program is in effect, the Secretary of Agriculture shall use funds available to purchase 400 million pounds of red meat in addition to those quantities normally purchased and distributed by the Secretary. The Secretary shall make such red meat purchases available for distribution in the quantity of 200 million pounds for domestic programs and 200 million pounds for use in export programs and military program consumption.

Such purchases cannot offset normal red meat purchases, and section 32 purchases cannot result in reducing purchases of other agricultural commodities by the Secretary through the section 32 program.

Purchases under these provisions should be made in recognition of the effect of the milk production termination program on the beef, pork, and lamb industries, as well as traditional domestic consumption patterns. (Sec. 104.)

The Conference substitute also includes a provision that requires the Commodity Credit Corporation to establish and operate an export incentive program for dairy products. The program shall provide for the Corporation to make payments, on a bid basis, to an entity that sells for export United States dairy products. The Secretary shall have the discretion to accept or reject bids under such criteria as the Secretary deems appropriate. (Sec. 153.)

(9) Availability of nonfat dry milk to the domestic casein industry

The House bill will require the Commodity Credit Corporation to provide, annually, at least one million pounds of nonfat dry milk to individuals or entities on a bid basis. The CCC would have to take appropriate action to ensure that the nonfat dry milk sold under the bill is used only for the manufacture of casein. The bill also provides that, to promote the stengthening of the domestic casein industry, the CCC could accept bids on nonfat dry milk at lower than resale price for milk required under the Agricultural Act of 1949. (Sec. 215.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision. (Sec. 105.)

(10) Casein study

The House bill will require the Secretary of Agriculture to conduct a study to determine whether casein imports tend to interfere with, or render ineffective, the milk price support program. The Secretary would be required to report to the agriculture committees of Congress on the results of the study not later than 60 days after the date of enactment of the bill. (Sec. 216.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision. (Sec. 106.)

(11) Congressional evaluation of the cost of production schedule

The *House* bill states that it is the sense of Congress that the agriculture committees of Congress, two years after enactment of the bill, should—

(a) determine the cost of each of the items specified in the milk cost of production schedule contained in the bill, and the contribution of each of such items to the milk cost of production index used to determine the milk price support level, to assess the effect of each item on the level of price support for milk; and

(b) assess the effect of the milk cost of production index on the operation of the milk diversion program provided for under the bill. (Sec 217.)

The Senate amendment contains no comparable provisions.

The Conference substitute provides that the Secretary shall monitor Commodity Credit Corporation purchases of dairy products during the milk production termination program. The Secretary is directed to report to Congress on a quarterly basis regarding any disruptions in or attempts by handlers or cooperative marketing associations to circumvent the historical distribution of milk among processors due to the implementation of the production termination program. (Sec. 107.)

It is the intent of the Conferees that the milk production termination program be appropriately implemented by the Secretary of Agriculture. The amendment is to prevent any weakening of the milk production termination program and to minimize attempts to circumvent the purpose of the program.

(12) Dairy Research Endowment Institute and dairy product research order

(a) The House bill will establish a National Dairy Research Endowment Institute within the Department of Agriculture; provide for the issuance of a dairy products research order to be administered through the Institute; and establish a $100,000,000 Dairy Research Trust Fund in the Treasury, and require importers of dairy products during fiscal years 1986 and 1987 to pay assessments into the Fund, to provide funds to the Institute for activities under the order.

The function of the Institute would be to aid the dairy industry through (A) implementation of the dairy products research order (which its board of trustees would administer), and (B) use of monies from the Dairy Research Trust Fund to implement the order. In implementing the order, the Institute would provide a permanent system for funding scientific research activities designed to facilitate the expansion of markets for milk and dairy products marketed in the 48 contiguous States. The Institute would be headed by a board of trustees composed of the members of the National Dairy Promotion and Research Board, and the board could appoint from among its members an executive committee whose membership, other than importers, would have to reflect equally each of the different regions in the 48 contiguous States in which milk is produced. (Sec. 221.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the House provisions with an amendment that makes the establishment of the Institute discretionary with the Secretary of Agriculture. (Sec. 121.)

(b) Not later than 30 days after receipt of a proposed dairy products research order, the Secretary of Agriculture would publish the proposed order in the Federal Register and give notice and reasonable opportunity for public comment on the proposed order. A proposed order could be submitted by an organization certified as eligible to represent milk producers for the purposes of the dairy promotion program, or by any interested person affected by the dairy promotion program.

After the Secretary complies with the notice and comment requirements, he would issue a dairy products research order, to become effective not later than ninety days after publication in the Federal Register of the proposed order, as described above.

A dairy products research order would provide for the establishment and administration, by the Institute, of appropriate scientific research activities designed to facilitate the expansion of markets for dairy products.

The order would specify the powers of the board, including the powers to—

(A) recieve and evaluate, or on its own initiative develop and budget for, research plans or projects (including projects to improve dairy processing technologies, particularly those appropriate to small and medium-sized family farms);

(B) administer the order in accordance with its terms and provisions; and

(C) enter into agreements, with the approval of the Secretary, for the conduct of activities authorized under the order and for payment of the cost of such activities with any monies in the Fund other than monies deposited in the Fund by the Secretary.

The order would specify the duties of the Institute's board, including the duties to—

(A) develop, and to submit to the Secretary for approval before implementation, any research plan or project; and

(B) submit budgets (on a fiscal year basis) to the Secretary for approval. The budgets would cover the board's anticipated expenses and disbursements in the administration of the order, including projected costs of carrying out dairy products research plans and projects. (Sec. 221.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision. (Sec. 121.)

(c) The order would require, during calendar years 1986 and 1987, importers of dairy products to pay an assessment on dairy product imports at a rate, established by the Secretary, that is equal to the part of any reduction in the price of milk received by domestic producers that is deposited into the Dairy Research Trust Fund, under the milk price support program for those years under the bill.

The provisions of the Dairy Production Stabilization Act of 1983 allowing persons subject to a milk promotion order to petition for relief from the order, providing jurisdiction for the Federal district courts to enforce orders, providing penalties for violations of orders, and generally providing the Secretary with authority to conduct investigations necessary for effective administration of the milk promotion order program would be made applicable to the dairy products research order program. (Sec. 221.)

The Senate amendment contains no comparable provisions.

The *Conference* substitute adopts the House provision with an amendment which

makes the issuance of the order discretionary with the Secretary. (Sec. 121.)

(d) The *House* amendment provides that the Dairy Research Trust Fund would be established in the U.S. Treasury, and $50 million of the amounts to be remitted to the CCC in each of the calendar years 1986 and 1987 (if there is a reduction in the price of milk triggered by the establishment of a milk diversion program for those years), as provided under the bill, along with assessments collected from importers, would be deposited in the Trust Fund. However, if $50 million is not available for either of those years under a reduction in the price of milk, the Secretary would transfer $50 million to the Trust Fund from the monies available to the Commodity Credit Corporation.

The monies transferred into the Trust Fund would be invested by the Secretary in interest-bearing accounts. The income from such investments will be available to pay for the costs of research activities under the order. (Sec. 121.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the House provision with an amendment which makes the establishment of the Fund discretionary with the Secretary (Sec. 121.)

(e) The *House* amendment provides that after September 30, 1991, the Secretary would be required, whenever the Secretary finds that the dairy products research order or any provision of the order obstructs or does not tend to facilitate the expansion of markets for milk and dairy products, to terminate or suspend the operation of the order or provision. If the Secretary terminates the order, the Institute would be dissolved 180 days after termination of the order. If the Institute is dissolved, the moneys remaining in the Trust Fund would be disposed of as agreed to by the Institute's board and the Secretary.

The *House* bill could not be construed to preempt or supersede any other program relating to dairy research organized and operated under the laws of the United States or any State. (Sec. 221.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the House provision with an amendment deleting the reference to September 30, 1991. (Sec. 121.)

(13) Dairy promotion order program

The *House* bill will make several changes in the dairy promotion order program under the Dairy Production Stabilization Act of 1983 to—

(a) expand the scope of the order to include activities to maintain and expand markets for imported dairy products as well as fluid milk and dairy products produced domestically;

(b) require that the order contain a provision for the appointment of one or more importers of dairy products to the National Dairy Promotion Board, which administers the order. The number of importers appointed to the Board would be established on a proportional basis, taking into account the amount of dairy products imported into the United States, except that at least one importer would have to be appointed to the Board;

(c) require that the order contain a provision for the imposition of an assessment on each importer of dairy products based on the amount of dairy products imported by the importer, with the rate of assessment being 15 cents for each hundredweight of milk equivalent;

(d) require that the order contain provisions imposing, on importers of dairy products, the recordkeeping and reporting requirements currently applicable to milk handlers and producer-handlers under the order; and

(e) give importers of dairy products the right to vote in referendums on whether to terminate or suspend the order. (Sec. 222)

The *Senate* amendment contains no comparable provisons.

The *Conference* substitute deletes the *House* provision.

(14) Minimum price differentials

The *House* bill will amend section 8c(5)(A) of the Agricultural Adjustment Act, to revise the milk marketing order program. New provisions would be added to section 8c(5)(A), which now provides that milk marketing orders must contain terms and conditions for (a) classifying milk in accordance with the form in which, or the purpose for which, it is used, and (b) fixing, or providing a method for fixing, minimum prices for each use classification. Section 8c(5)(A) also now provides that minimum prices must be uniform as to all handlers, subject only to adjustments for (a) volume, market, and production differentials customarily applied by the handlers subject to the order, (b) grade or quality, and (c) the locations at which delivery is made.

The new added provisions under the *House* bill would specify the minimum aggregate amount of the adjustments (for (a) volume, market, and production differentials customarily applied and (b) grade or quality) to prices for milk of the highest use classification (the "Class I differential") for the 44 milk marketing orders. Each marketing area subject to an order is listed in the *House* bill, along with the minimum Class I differential, specified in dollars and cents, to be applicable to the area.

The minimum Class I differentials specified in the bill would be in effect for the two-year period starting with the first day of the first month beginning more than 120 days after the date the bill is enacted. Further, the specified differentials would continue in effect after the two-year period expires unless modified by amendment to the order involved.

The new provisions also provide that, at the beginning of the two-year effective period, the minimum prices for Class I milk would have to be adjusted for the location at which delivery of Class I milk is made to handlers. (See. 231.)

The *Senate* amendment contains two provisions addressing milk price differentials as follows:

(a) The Secretary would be required to conduct a study of the differentials used to adjust the minimum price for Class I milk, with particular emphasis on the differentials used for the locations at which milk is delivered to handlers. The results of the study, along with any legislative recommendations, would have to be submitted to the agriculture committees of Congress within one year after enactment of the bill. (Sec. 206.)

(b) The *Senate* amendment states the sense of the Senate that any adjustment, under section 8c(5)(A), to the price received for Class I milk produced under Federal milk marketing orders be made only through regulations issued by the Secretary. (Sec. 211.)

The *Conference* substitute adopts the *House* provision. (Sec. 131.)

(15) Cooperative association representation

The *House* bill will revise the provisions of section 8c(17) of the Agricultural Adjustment Act, which permit one-third or more of the producers supplying milk under a Federal milk marketing order to petition for a hearing on a proposed amendment to the order, to permit a cooperative to act for its members in the application for the hearing. (Sec. 233.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute deletes the *House* provision.

(16) Marketwide service payments

The *House* bill will provide for the inclusion of a new provision in milk marketing orders, relating to marketwide service payments. The new provision in orders would provide for the payment, from the total sums payable by all handlers for milk and before computing uniform prices and making adjustments in payments, to handlers who are cooperative marketing associations and to handlers with respect to whom adjustments in payments are made, for services of marketwide benefit including, but not limited to—

(a) providing facilities to furnish additional supplies of milk needed by handlers and to handle and dispose of milk supplies in excess of quantities needed by handlers;

(b) handling—on specific days—quantities of milk that exceed the quantities needed by handlers; and

(c) transporting milk from the one location to another for the purpose of fulfilling requirements for milk of a higher use classification or for providing a market outlet for milk of any use classification. (Sec. 234.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the *House* provision. (Sec. 133.)

(17) National Commission on Dairy Policy

(a) The *House* bill states that it is to be the policy of Congress to respond to new technologies in the milk production industry by reviewing the present milk price support program and its alternatives, and by adopting policies that are needed to prevent significant surplus production in the future while ensuring that the current small and medium-sized family farm structure of the industry will be preserved. (Sec. 241.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the *House* provision. (Sec. 141.)

(b) The *House* bill will establish a temporary National Commission on Diary Policy to study and make recommendations concerning the future operation of the Federal milk price support program. The Commission would be composed of eighteen members who are engaged in the commercial production of milk in the United States, to be appointed by the Secretary of Agriculture. Not fewer than twelve members would be appointed from nominations submitted to the Secretary by the Chairman and ranking minority member of the congressional agriculture committees. Each such Member of Congress would make at least eighteen nominations for appointment to the Commission, but not more than two nominations for any particular vacancy on the Commission. The Secretary would appoint at least three individuals from among the nominations submitted by each Member of Congress. Each member of the Commission would represent a milk-producing region of

the United States. The Commission would elect a chairman from among the members of the Commission, and would meet at the call of the chairman or a majority of the members. (Sec. 242.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the *House* provision. (Sec. 142.)

(c) The Commission will study—

(A) the current federal price support program for milk, alternatives to the program, and the future functioning of the program;

(B) new technologies that will become a part of the milk production industry before the end of this century;

(C) the effect that developing technologies will have on surplus milk production; and

(D) the future structure of the milk production industry.

On the basis of its study, the Commission would make findings and develop recommendations for consideration by the Secretary and Congress with respect to the future operation of the Federal price support program for milk. A report containing the results of the Commission's study, and recommendations based on such results, would be submitted to the Secretary and Congress by March 31, 1987. Thirty days after the submission of such report, the Commission will be dissolved. (Secs. 243 and 246.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the *House* provision. (Sec. 143.)

(d) The heads of executive agencies, the General Accounting Office, the Office of Technology Assessment, and the Congressional Budget Office, to the extent permitted by law, would provide information that the Commission requires to carry out its duties and functions. To the extent there will be sufficient funds available to the Commission, it could hire a staff. On the request of the Commission, the heads of executive agencies, the General Accounting Office, and the Office of Technology Assessment could furnish the Commission with personnel and support services necessary to assist the Commission to carry out its duties and functions. The Commission would not be required to pay or reimburse an agency for personnel and support services so provided. The Commission would be exempt from provisions of the Federal Advisory Committee Act relating to pay scales, oversight by Federal officials, and termination of advisory committees, and the employee evaluation requirements of the United States Code. (Sec. 244.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the *House* provision. (Sec. 144.)

(e) Following the appointment or designation of the members of the Commission, the Secretary could receive, on behalf of the Commission, from persons, groups, and entities within the United States, contributions to assist the Commission to carry out its duties and functions. In no event could the Secretary accept an aggregate amount of contributions from any one person, group, or entity exceeding 10 percent of the budget of the Commission. If the contributions were insufficient for the Commission's work, the Secretary could transfer to the Commission, from funds available to the Commission, from funds available to the Commodity Credit Corporation, an amount not to exceed $1,000,000. (Sec. 245.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the House provision. (Sec. 145.)

(18) Study of milk price support payment limitations

The *Senate* amendment will require the Secretary to conduct a study of the feasibility and desirability of limiting annual payments under the milk program to $50,000 per person. The Secretary would have to submit the results of the study, along with any recommendations for legislation or regulations, to the agriculture committees of Congress not later than one year after the bill is enacted. (Sec. 207.)

The *House* bill contains no comparable provision.

The *Conference* substitute deletes the Senate provision.

(19) Accurate ingredient disclosure on labels

The *Senate* amendment states the sense of the Senate that (a) the Secretary must promulgate standards requiring accurate disclosure, on the label of food products under the jurisdiction of the Department of Agriculture, of a description of each ingredient in the product, and (b) the Secretary must require prominent disclosure of the presence of imitation dairy products. (Sec. 208.)

The *House* bill contains no comparable provisions.

The *Conference* substitute deletes the *Senate* provision.

TITLE II—WOOL AND MOHAIR

(1) Effective period

The provisions of the *House* bill extending the wool and mohair price support programs will be effective for five years, until December 31, 1990. (Sec. 301.)

The provisions of the *Senate* amendment similarly extending the price support programs will be effective for four years, until December 31, 1989. (Sec. 301(1).)

The *Conference* substitute adopts the *House* provision.

(2) Payment limitation

The *Senate* amendment will impose a limitation on the amount of payments a person can receive under the wool and mohair programs for any marketing year. The annual limitation would be $50,000. The *Senate* amendment also specifically will require the Secretary of Agriculture to issue regulations (a) defining the term "person" for the purposes of the limitation, and (b) prescribing rules that will ensure a fair and reasonable application of the limitation. The regulations issued by the Secretary on December 18, 1970, would be used to determine whether a corporation and its stockholders are separate persons for the purpose of the limitation. (Sec. 301(2).)

The *House* bill contains no comparable provisions.

The *Conference* substitute deletes the *Senate* provision.

TITLE III—WHEAT

(1) Wheat marketing quotas

(a) The *Senate* amendment requires the Secretary of Agriculture, not later than April 1, 1986, to conduct, by mail, a poll of producers who produced wheat in at least one of the 1981 through 1985 crops to determine whether such producers favor the proclamation of marketing quotas for wheat for the 1987 through 1989 marketing years and the conduct of a marketing quota referendum for such period.

If more than 50 percent of the eligible producers responding to the poll favor the proclamation of marketing quotas and the conduct of a referendum, the Secretary must (A) proclaim national marketing quotas for wheat for each of the 1987 through 1989 marketing years not later than June 15 of the calendar year preceding such period and (B) conduct, by mail ballot, a referendum not later than August 1 of the calendar year preceding such period.

The quantity of the national marketing quota for wheat for any marketing year would be a quantity of wheat that the Secretary estimates is required to meet anticipated needs during such marketing year, taking into consideration domestic requirements, export demand, emergency food aid needs, and adequate carryover stocks.

If, after the proclamation of a national marketing quota for wheat for any marketing year, the Secretary determines that the national marketing quota should be terminated or adjusted to meet a national emergency or a material change in the demand for wheat, the Secretary must adjust or terminate the national marketing quota. (Sec. 401.)

The *House* bill contains no comparable provision.

(Note: See item (3) under title X (General Commodity Provisions) for House provisions repealing the wheat marketing quota provisions of the Agricultural Adjustment Act of 1938.)

The *Conference* substitute adopts the *Senate* provision, except that the Secretary is authorized to carry out the provisions at his discretion.

In addition, the Secretary is required to conduct, by mail, not later than July 1, 1986, a poll of wheat producers who produced wheat in at least one of the 1981 through 1985 crops on a farm having a minimum crop base of 40 acres for each crop surveyed, to determine producer support for mandatory limits on production that would result in commodity prices no lower than 125 percent of the cost of production, excluding land and residual returns to management, as determined by the Secretary.

The poll shall be conducted in such manner as will reflect the type and size of farm operations, including livestock, distinctions among types and classes of grain produced, and such demographic and other information as the Secretary determines is necessary to reflect State, regional, and national responses.

(The conferees note that the Secretary may conduct a similar poll of producers who produce feed grains.)

(b) The *Senate* amendment requires the Secretary to establish a marketing quota apportionment factor for each crop of wheat for which a national marketing quota is proclaimed. The apportionment factor would be determined by dividing the national marketing quota for the crop of wheat by the average number of bushels of wheat the Secretary determines was produced in the United States during the 1981 through 1985 marketing years. The average bushels of wheat produced may be adjusted to reflect (A) drought, flood, or other natural disaster, or other conditions beyond the control of producers, and (B) participation in any acreage reduction, set-aside, or diversion programs for wheat during 1981 through 1985. (Sec. 402.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision, except that the Secretary is authorized to carry out the provisions at his discretion.

(c) The *Senate* amendment requires the Secretary, if marketing quotas have been

proclaimed for a crop, to establish, by July 15 of the calendar year preceding the crop year, a farm marketing quota for each farm on which wheat was planted for harvest, or considered planted for harvest, during 1981 through 1985.

The farm marketing quota would be equal to (A) the average number of acres of wheat planted for harvest, or considered planted for harvest, on the farm during 1981 through 1985, multiplied by (B) the average yield per acre of wheat planted for harvest, or considered planted for harvest, on the farm during such period, multiplied by (C) the marketing quota apportionment factor.

Wheat would be considered to have been planted for harvest on the farm in any crop year to the extent wheat was not planted for harvest (A) because of drought, flood, or other natural disaster, or other condition beyond the control of the producer, or (B) because the producer on the farm participated in any acreage reduction, set-aside, or diversion program for wheat during such crop year. (Sec. 403.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision, except that the Secretary is authorized to carry out the provisions at his discretion.

(d) The *Senate* amendment provides that the marketing of wheat produced on a farm in excess of a farm marketing quota shall be subject to a penalty at a rate per bushel equal to 75 percent of the national average market price for wheat during the preceding marketing year. Provisions are contained relating to payment of the penalty, false certification of planted acreage, joint liability for the penalty, carryover of wheat subject to a marketing quota from one year to the next, collection of the penalty, deposit of penalties collected in the Treasury, refund of overpayments, liability for interest on penalties due. (Sec. 404.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision, except that the Secretary is authorized to carry out the provisions at his discretion.

(e) The *Senate* amendment provides that, if a national marketing quota for wheat is proclaimed for the 1987 through 1989 crops, the Secretary must conduct, by mail ballot, a referendum of producers who produced wheat in at least one of the 1981 through 1985 crops to determine whether they favor or oppose marketing quotas for the 1987 through 1989 crops. If 60 percent or more of the producers voting in the referendum approve marketing quotas, the Secretary must proclaim that marketing quotas will be in effect for that period. (Sec. 405.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision, except that the Secretary is authorized to carry out the provisions at his discretion.

(f) The *Senate* amendment provides that farm marketing quotas are not transferable, except that such quotas, or any portion of a quota, for a marketing year may be voluntarily surrendered to the Secretary by the producer. The Secretary may reallocate any quota so surrendered to other farms having a farm marketing quota on such basis as the Secretary determines. (Sec. 406.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the Senate provision, except that the Secretary is authorized to carry out the provisions at his discretion.

(2) Wheat loan rates

(a) The *Senate* amendment provides that for any crop of wheat for which marketing quotas are in effect the loan and purchase level shall not be less than the higher of (A) 75 percent of the national average cost of production per bushel of wheat, taking into consideration variable expenses, general farm overhead, taxes, insurance, interest, and capital replacement costs (excluding residual returns for management and risk), or (B) $3.55 per bushel. (Sec. 407.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate provision.

(b) The House bill requires the Secretary of Agriculture, unless the Secretary opts to make available recourse loans described in paragraph (c) below, to make available to producers loans and purchases for the marketing years for the 1986 through 1990 crops at a level not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowest years, except that the loan and purchase level for any year may not be less than 95 percent of the level for the preceding year as determined prior to any reduction under the next sentence. If the Secretary determines that (A) the average price of wheat received by producers in the previous marketing year was not more than 105 percent of the loan and purchase level for wheat for such marketing year, or (B) the loan level computed under the foregoing provisions would discourage the exportation of wheat and cause excessive stocks of wheat in the United States, the Secretary may reduce the loan and purchase level as necessary to maintain domestic and export markets for grain, but not to a level that is less than 80 percent of the level determined under the preceding sentence. Nonrecourse loans under this provision could be made only on an amount of wheat produced on the farm equal to the acreage planted for harvest times the farm's program yield for the crop. (Sec. 401.)

The *Senate* amendment requires the Secretary, if marketing quotas are not in effect, to make available to producers loans and purchases for the 1986 crop of wheat at a level of not less than $3.00 per bushel and for the 1987 through 1989 crops at not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowest years, except that the loan and purchase level for any of the 1987 through 1989 crops may not be reduced by more than 5 percent from the level for the preceding crop. If the Secretary determines that the average price of wheat received by producers in any marketing year is not more than 110 percent of the loan and purchase level for such marketing year, the Secretary may reduce the loan and purchase level for the next marketing year as necessary to maintain domestic and export markets for grain, but not by more than 20 percent in any year. Any reduction under the preceding sentence may not be considered in determining the loan and purchase level for subsequent years. (Sec. 407.)

The Conference substitute requires the Secretary, if marketing quotas are not in effect, to make available to producers loans and purchases for the 1986 crop of wheat at a level of not less than $3.00 per bushel and for the 1987 through 1990 crops at not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowest years, except that the loan and purchase level for any of the 1987 through 1990 crops may not be reduced by more than 5 percent from the level for the preceding crop.

If the Secretary determines that (A) the average price of wheat received by producers in the previous marketing year was not more than 110 percent of the loan and purchase level for wheat for such marketing year, or (B) the loan level computed under the foregoing provisions would discourage the exportation of wheat and cause excessive stocks of wheat in the United States, the Secretary may reduce the loan and purchase level as necessary to maintain domestic and export markets for grain, but not by more than 20 percent in any one year. For the 1986 crop of wheat the Secretary is required to reduce the loan and purchase level by not less than 10 percent of the loan and purchase level for such crop. Any such reduction, including 1986, may not be considered in determining the loan and purchase level for subsequent years.

(c) The *House* bill authorizes the Secretary, if the Secretary does not make nonrecourse loans as described in paragraph (b) above, to make available recourse loans to producers for each of the marketing years for the 1986 through 1990 crops at a level not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowest years, except that the loan and purchase level for any year may not be less than the 95 percent of the level for the preceding marketing year. The maximum term for a recourse loan under this provision would be 270 days. (Sec. 401.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute deletes the *House* provision.

(d) The *House* bill authorizes a producer to repay a recourse loan at a level, per bushel, that is the lesser of (A) the original loan level, or (B) at any time through the maturity date of the loan that the producer redeems the wheat under loan: (i) the then current State monthly weighted average market price for wheat, adjusted for each county, or (ii) the then current State weekly or daily weighted average market price for wheat, adjusted for each county, if the Secretary determines that it is administratively feasible and reduces the fluctuation in the repayment market price for producers. (Sec. 401.)

The *Senate* amendment requires the Secretary to permit repayment at (A) original loan level, or (B) the higher of (i) 70 percent of the original loan level, (ii) if the loan level is reduced because in the previous year the average producer price did not exceed 110 percent of the loan rate, 70 percent of the loan level that would have been in effect but for such a reduction, or (iii) the prevailing world market price. The Secretary is required to prescribe by regulation a formula to define the prevailing world market price for wheat and a mechanism for announcing periodically such world market price. (Sec. 407.)

The *Conference* substitute adopts the *Senate* provision, except that the Secretary is authorized to carry out the provisions at his discretion.

(e) Note: See item (6) of title X (General Commodity Provisions) relating to a nonrecourse loan limit for wheat.

(3) Loan deficiency payments

The *Senate* amendment authorizes the Secretary of Agriculture, for each of the 1986 through 1989 crops of wheat, to make payments available to producers who, although eligible to obtain a wheat loan or purchase agreement, agree to forgo obtaining such loan or agreement in return for such payments. Such a payment is computed by multiplying the loan payment rate by the quantity of wheat the producer is eligible to place under loan. For purposes of this provision, the quantity of wheat eligible to be placed under loan may not exceed the individual farm program acreage for the crop multiplied by the farm program payment yield established for the farm. The loan payment rate is the amount by which the loan level determined for the crop exceeds the level at which a loan may be repaid. (Sec. 407.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate provision except that the provision will apply to the 1986 through 1990 crops of wheat.

(4) Wheat target prices

(a) The *Senate* amendment provides that for any crop of wheat for which marketing quotas are in effect the established price shall not be less than the higher of (A) the national average cost of production per bushel of wheat using the same factors as for determining the loan rate if marketing quotas are in effect, or (B) $4.65 per bushel. (Sec. 407.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate provision.

(b) The *House* bill provides that the established price for the 1986 and 1987 crops of wheat shall be $4.38 per bushel. For each of the 1988 thorugh 1990 crops, the established price shall be a price determined by the Secretary of Agriculture that is not less than 110 percent nor more than 125 percent of the simple average price received by farmers during the marketing years for the 5 preceding crops, excluding the high and low years, except that (A) the established price may not be set at a level that is less than 95 percent of the established price for the preceding crop, and (B) the established price may not be set at a level that is less than the level for the preceding crop unless the Secretary certifies to Congress when the program is announced that the cost of production for such crop of wheat for all producers, as estimated by the Economic Research Service in consultation with the National Agricultural Cost of Production Standards Review Board, will be 5 percent below the cost of production for the preceding crop of wheat for all producers. (Sec. 401.)

The *Senate* amendment provides that for any of the 1986 through 1988 crops of wheat for which marketing quotas are not in effect, with the exceptions noted below, the established price applicable to producers shall be not less than an amount determined on the basis of the percentage by which the producers reduce the acreage planted to wheat on the farm for harvest from the acreage base for the farm under an acreage limitation program as provided in the following table:

Acreage percentage	Limitation 1986 crop	Minimum established price	
		1987 crop	1988 crop
10			$3.80.
15	$4.20	$3.95	3.95.
20	3.85 on the first 2,000 bushels. 4.65 on the next 18,000 bushels. 4.15 on more than 20,000 bushels.	3.66 on the first 2,000 bushels. 4.42 on the next 18,000 bushels. 3.94 on more than 20,000 bushels.	3.66 on the first 2,000 bushels. 4.42 on the next 18,000 bushels. 3.94 on more than 20,000 bushels.
25	4.60	4.35	4.35.
30	4.85	4.60	4.55.
35	5.15	4.85	
40	5.50	5.20	

In determining the established price applicable to a portion of a crop, the determination shall be made on the basis of the farm program acreage and the farm program payment yield.

In the case of producers who produce less than 2,000 bushels of wheat in such a crop year, who choose the 20 percent acreage reduction percentage, and who have gross annual sales of agricultural commodities of more than $20,000, the established price shall not be less than $4.65 per bushel for the 1986 crop and $4.42 per bushel for the 1987 and 1988 crops.

Also, in the case of producers who produce less than 2,000 bushels of wheat in such a crop year, who choose any of the acreage reduction percentages in the above table, and who have gross annual sales of agricultural commodities of less than $20,000, the established price shall not be less than $3.85 per bushel.

For the 1989 crop of wheat, if marketing quotas are not in effect, the established price shall be set at a level determined by the Secretary taking into consideration supply and demand for wheat, program costs, and other appropriate factors, except that the established price may not be less than 85 percent of the established price for the 1985 crop of wheat. (Sec. 407.)

The *Conference* substitute provides that when marketing quotas are not in effect the established price for the 1986 and 1987 crops of wheat shall be $4.38 per bushel. The established price for the 1988 crop may not be set at a level that is less than 98 percent of the established price for the 1986 and 1987 crops, and; the established price for the 1989 crop may not be set at a level that is less than 95 percent of the established price for the 1986 and 1987 crops, and; the established price for the 1990 crop may not be set at a level that is less than 90 percent of the established price for the 1986 and 1987 crops, or $4.00, whichever is higher.

The *Conference* substitute further provides that the Secretary is authorized, at his discretion, for any of the 1986 through 1988 crops of wheat for which marketing quotas are not in effect, to formulate flexible and optional programs with respect to the established price for a crop of wheat under which the established prices applicable to producers on a farm depends upon the percentages, as specified by the Secretary, by which the producers reduce the acreage planted to wheat on the farm for harvest from the acreage base for the farm. In addition, the Secretary may formulate a program by which the established price for wheat is determined in relation to the number of bushels produced on a farm.

(c) The *Senate* amendment requires the Secretary for the 1987 crop, if marketing quotas are not in effect, to make in-kind payments (in wheat) to producers in such amounts as will ensure that the effective established price for the 1987 crop for the acreage reduction percentage selected by the producers on a farm will not be less than the established price applicable to the same acreage reduction percentage for the 1986 crop. For the 1988 crop, the Secretary is required to make in-kind payments (in wheat), or cash payments to the extent wheat owned by the Commodity Credit Corporation is not available, in such amounts as will ensure that the effective established price for the 1988 crop for the acreage reduction percentage selected by the producers will not be less than the cash established price applicable to the equivalent acreage reduction percentage for the 1987 crop. If there is no equivalent acreage reduction percentage for the preceding crop, such payments would be made in amounts the Secretary determines fair and equitable in relation to the established price for the acreage reduction most equivalent to the acreage reduction selected by the producers. (Sec. 407.)

The *House* bill contains no comparable provision.

The *Conference* substitute provides that up to 5 percent of the total deficiency payment may be made in commodities at the discretion of the Secretary.

(d) The *House* bill provides that if the Secretary reduces the loan and purchase level based on low market prices or the world market and supply situation, the Secretary must provide emergency compensation by increasing the established price payments for wheat by such amount as necessary to provide the same total return to producers as if the reduction has not been made. The Secretary is to use the national weighted average market price, per bushel of wheat, received by farmers during the marketing year (instead of the average price received during the first 5 months of the marketing year) in determining the payment rate for such established price payments. Payments under this provision would not be subject to the payment limitation. (Sec. 401.)

The *Senate* amendment contains no comparable provision, but see item (f) below relating to the payment rate.

The *Conference* substitute adopts the House provision.

(e) The House bill provides that whenever an acreage limitation program is in effect for a crop of wheat, if producers on a farm devote a portion of the farm's permitted wheat acreage (base minus acreage reduction) equal to more than 5 percent of the farm's wheat crop acreage base for the crop to conservation uses or nonprogram crops, the portion of the wheat permitted acreage in excess of 5 percent of the base that is devoted to conservation uses or nonprogram crops would be considered as part of the farm's wheat program acreage and the producers would be eligible for target price payments on such acreage if the producers actually plant wheat for harvest on at least 50 percent of the farm's wheat crop acreage base. The farm's wheat crop acreage base and wheat program yield would not be reduced due to the fact that such portion of the farm's permtted acreage was devoted to conserving uses or nonprogram crops. Other than under this exception, target price payments would be made only on acreage actually planted to wheat for harvest. (Sec. 401.)

The *Senate* amendment provides that whenever the producer reduces the acreage of wheat planted for harvest from the acreage base by at least the percentage recommended by the Secretary in the announcement of the national program acreage, or an acreage limitation program is in effect, if the producer plants at least 50 percent of the acreage base (reduced by the percentage recommended by the Secretary) or the permitted wheat acreage, as the case may be, to wheat or a nonprogram crop, any portion of the acreage base (reduced by the percentage recommended by the Secretary) or the permitted wheat acreage, as the case may be, that is devoted to conserving uses or nonprogram crops would be considered as part of the individual farm program acreage, and the producer would be eligible for deficiency payments with respect to such acreage. Such acreage would also be considered to be planted to wheat. However, this provision would not apply to producers who reduce their wheat acreage by more than 20 percent under an acreage limitation program. For purposes of this provision, a "nonprogram" crop means any agricultural commodity other than wheat, feed grains, upland cotton, extra long staple cotton, rice, or soybeans. (Sec. 407.)

The *Conference* substitute adopts the *Senate* provision with a modification which provides that the producer woud be eligible for 92 percent of the deficiency payments otherwise applicable, if at least 50 percent of the permitted acres are planted to wheat. If the Secretary announces a flexible established prices and acreage limitation option, this provision would not apply.

(f) The *House* bill provides that the payment rate is the amount by which the established price for the crop (less 13 cents per bushel if the Secretary establishes a wheat export certificate program for the crop (see item (23) under title X)) exceeds the higher of—

(A) the national weighted average market price received by farmers during the first 5 months of the marketing year for the crop, or

(B) the loan level determined for the crop prior to any adjustment based on low market prices or the world market and supply situation. (Sec. 401.)

The *Senate* amendment provides that the payment rate is the amount by which the established price for the crop exceeds the higher of—

(A) the lower of—

(i) the national weighted average market price received by farmers during the marketing year for such crop, or

(ii) $2.55 per bushel in the case of the 1986 crop, $2.65 per bushel in the case of the 1987 crop, and $2.82 per bushel in the case of the 1988 crop, or

(B) the loan level determined for the crop. (Sec. 407.)

The *Conference* substitute adopts both the *House* and *Senate* provisions, except that the Secretary is authorized to carry out the *Senate* provision at his discretion.

(g) The *Senate* amendment provides that payments for any crop of wheat for which marketing quotas are in effect may not exceed an amount equal to the payment rate multiplied by the farm marketing quota. (Sec. 407.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision.

(5) Disaster payments

The *House* bill provides that prevented planting disaster payments for wheat may be made in the form of cash or from stocks of wheat held by the Commodity Credit Corporation. (Sec. 401.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision.

(6) National program acreage

The *House* bill requires the Secretary of Agriculture to proclaim the national program acreage for each crop of wheat by May 1 of each calendar year for the crop harvested in the next succeeding calendar year. (Sec. 401.)

The *Senate* amendment requires this proclamation to be made by July 1. (Sec. 407.)

The *Conference* substitute adopts the *House* provision with a modification requiring the Secretary to make a preliminary announcement by June 1, with authorization to make adjustments in the announced program not later than July 31.

(7) Individual farm program acreage

The *Senate* amendment provides that for any crop of wheat for which marketing quotas are in effect the individual farm program acreage shall be the acreage on the farm that the Secretary of Agriculture determines is sufficient to produce the quantity of wheat equal to the marketing quota established for the farm. (Sec. 407).

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision.

(8) Farm program yields

(See item (2)(f) relating to acreage base and program yield system under title X (General Commodity Provisions).)

(9) Wheat acreage limitation and set-aside program

(a) The *House* bill requires the Secretary of Agriculture to announce any wheat acreage limitation or set-aside program by May 1 prior to the calendar year in which the crop is harvested. (Sec. 401.)

The *Senate* amendment requires announcement of any acreage limitation program by July 1. (Sec. 407.)

The *Conference* substitute adopts the *House* provision with a modification requiring the Secretary to make a preliminary announcement by June 1, with authorization to make adjustments in the announced program not later than July 31.

(b) The *House* bill requires the Secretary to provide for an acreage limitation program for the 1986 crop of wheat under which the acreage on the farm planted to wheat for harvest would be limited to the wheat crop acreage base reduced by 30 percent. However, in the case of producers who plant the 1986 crop before the acreage limitation program announcement for that crop, the Secretary must provide for a combination of a 20-percent acreage limitation program and a 10-percent paid diversion program. Payments under the paid diversion program would be calculated by multiplying the diversion payment rate ($2.00 per bushel) by the diverted acreage by the farm's wheat program yield.

With respect to any of the 1987 through 1990 crops of wheat, if the Secretary estimates—not later than May 1 of the year prior to the calendar year for that crop will exceed 800 million bushels, the Secretary would be required to provide for a 20-percent acreage limitation program and could provide for a paid diversion program or an additional acreage limitation program for any reduction above 20 percent.

Any wheat acreage limitation would be achieved by applying a uniform percentage reduction to the wheat crop acreage base for the crop for each wheat-producing farm.

As a condition for eligibility for price support loans and target price payments for any crop for which a mandatory acreage reduction program applies, produces on a farm must comply with the terms and conditions of the acreage limitation program and, if applicable, the paid diversion program. (Sec. 401.)

The *Senate* amendment, in the case of each of the 1986 through 1988 crops of wheat for which marketing quotas are not in effect, requires the Secretary to provide for an acreage limitation program under which producers would select the percentage reduction to be applied to the wheat acreage base that is specified in the established price tables as follows:

Acreage limitation percentages		
1986 crop	1987 crop	1988 crop
		10
15	15	15
20	20	20
25	25	25
30	30	30
35	35	
40	40	

(Note: See item (9) under title X (General Commodity Provisions) for a provision authorizing a 5 percent increase in the acreage limitation percentages if estimated wheat carryover would be more than 33 percent of annual wheat usage.)

In the case of the 1989 crop of wheat if marketing quotas are not in effect the Secretary is prohibited from providing for an acreage limitation program. (Sec. 407.)

The *Conference* substitute authorizes the Secretary to establish wheat acreage limitation, set-aside, and paid land diversion programs.

In crop year 1986 an acreage limitation program shall be in effect if triggered by projected carrying stocks greater than 1 billion bushels of wheat, and in such event shall be no less than 17.5 percent. In such instance, 2.5 percent of the acreage limitation must be paid with commodities. In addition, the Secretary is required to offer a 10 percent cash paid diversion progam at $2.00 per bushel to those wheat producers who planted wheat prior to the final announcement of the 1986 wheat program. In no instance shall the wheat acreage limitation program for 1986 be greater than 25 percent.

In crop year 1987 an acreage limitation program shall be in effect if triggered by projected carryin stocks greater than 1 billion bushels, and in such event shall be no less than 20 percent, and no greater than 27.5 percent.

In crop years 1988 through 1990 acreage limitation programs shall be in effect if triggered by projected carryin stocks greater than 1 billion bushels, and in such event shall be no less than 20 percent, and no greater than 30 percent.

In the event carryin stocks of 1 billion bushels of wheat are not attained, the acreage limitation may not be greater than 15 percent in 1986 and 20 percent in 1987 through 1990.

For crop years 1986 through 1990 the Secretary is authorized to offer at his discre-

tion voluntary paid land diversion programs at such levels as he determines.

It is the intent of the conferees that, whenever the Secretary announces an acreage reduction program, he must send a report to the House and Senate agriculture committees. The report is to contain an economic analysis of the effect of the size of the acreage reduction program on the farm economy—including, in particular, the effect of the program on farm income. In addition to the effect of the program on farm income, the analysis is to take into account the effect of the size of the program on farm input and agricultural processing industries, livestock producers, consumers of agricultural products, agricultural trade, jobs, tax revenues, and farm production efficiencies. (For the purposes of the report and analysis, the term "acreage reduction program" includes any set-aside, paid diversion, payment-in-kind, or acreage limitation program of any kind (except conservation acreage reserve) administered by the Secretary.)

(c) (For differences concerning acreage bases see item (2)(e) relating to acreage base and program yield system under title X (General Commodity Provisions).)

(d) The *House* bill authorizes the Secretary to establish an acreage limitation or a set-aside program for any crop for which an acreage limitation program is not required as specified above. If a set-aside program is announced, then as a condition of eligibility for loans and target price payments for a crop of wheat, the producer must set aside and devote to conservation uses an acreage of cropland on the farm equal to a percentage (specified by the Secretary) of the acreage on the farm planted to wheat for harvest. If a set-aside is announced, the Secretary could also limit the acreage planted to wheat, such limitation to be applied on a uniform basis to all wheat-producing farms. The Secretary may make adjustments in individual set-aside acreages to correct for abnormal factors affecting production and to give due consideration to crop-rotation practices, types of soil, soil and water conservation measures, topography, and other factors the Secretary deems necessary. (Sec. 401.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision.

(e) The *Senate* amendment requires the Secretary to permit, at the request of the State ASC committee for a State and subject to such terms and conditions as the Secretary may prescribe, acreage required to be diverted from production by participating producers in such State to be devoted to (A) haying and grazing for the 1986 crop, and (B) grazing for the 1987 through 1989 crops. Haying and grazing may not be permitted, however, for any crop of wheat during any 5-consecutive-month period that is established for such crop for a State by the State ASC committee. (Sec. 407.)

The *House* bill, in a provision applicable to wheat, feed grains, upland cotton, and rice, requires the Secretary to permit producers in any State who participate in any acreage limitation, set-aside, or land diversion program for such commodity to devote acreage diverted from production under such a program to haying and grazing during the 8 months of each year selected by the State ASC committee for such State, except that a producer may not sell any hay or other crop harvested from the acreage devoted to haying and grazing under this provision. (Sec. 1017.)

The *Conference* substitute adopts the *Senate* provision.

(f) The *House* bill authorizes the Secretary to pay an appropriate share of the cost of approved soil and water conservation practices (including practices that may be effective for a number of years) established by the producer on reduced acreage, set-aside acreage, or additional diverted acreage. (Sec. 401.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision.

(g) The *House* bill authorizes the Secretary in carrying out any acreage limitation, set-aside, or paid diversion program to prescribe production targets for participating farms expressed in bushels of production so that all participating farms achieve the same pro rata reduction in production as prescribed by the national program targets. (Sec. 401.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision.

(10) Inventory reduction payments

The *Senate* amendment authorizes the Secretary, for each of the 1986 through 1989 crops of wheat, to make payments available to producers who (A) agree to forgo obtaining a loan or purchase agreement for wheat, (B) agree to forgo receiving wheat deficiency payments, (C) do not plant wheat for harvest in excess of the farm acreage base reduced by one-half of any acreage required to be diverted from production under an acreage limitation program, and (D) otherwise comply with the wheat program. Such payments would be made in the form of wheat owned by the Commodity Credit Corporation and would be subject to the availability of such wheat. Payments would be determined in the same manner as for loan deficiency payments, that is by multiplying the quantity of wheat the producer is eligible to place under loan by the amount by which the loan level determined for the crop exceeds the level at which a loan may be repaid. (Sec. 407.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision except that the provision will apply to the 1986 through 1990 crops of wheat.

(11) Cross compliance

The *House* bill provides that compliance on a farm with the terms and conditions of any other commodity program may not be required as a condition of eligibility for loans, purchases, or payments under the wheat program if an acreage limitation program is established, but may be required if a set-aside program is established. (Sec. 401.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute provides the Secretary with authority to require compliance on a farm with the terms and conditions of any other commodity program as a condition of eligibility for loans, purchases, or payments under the wheat program if an acreage limitation program or set-aside is established, but only to the extent that producers who participate in any acreage limitation program or set-aside may not expand acreage of another crop for which there is an acreage limitation or set-aside in effect.

(12) Safeguarding tenants and sharecroppers

The *Senate* amendment requires the Secretary to provide adequate safeguards to protect the interests of tenants and sharecroppers. (Sec. 407.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate provision.

(13) Loan and deficiency payment rate study

The *Senate* amendment requires the Secretary of Agriculture to conduct a study of the feasibility of establishing separate loan rates and deficiency payment rates for (A) hard red winter wheat, (B) soft red winter wheat, (C) hard red spring wheat, (D) white wheat, and (E) durum wheat, as defined in the official United States standards for wheat established under the United States Grain Standards Act. Within 18 months after the date of enactment of the bill, the Secretary would be required to report the results of the study, together with recommendations for legislation, to the House and Senate agriculture committees.

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the House provision.

(14) Targeting of wheat deficiency payments

The *Senate* amendment makes certain findings relating to family farms and states the sense of the Senate that the Senate conferees should work toward targeting, to the maximum extent practicable, the benefits of wheat deficiency payments to family farms that rely on agriculture for their primary source of income and should take into consideration producers whose wheat production may be minimal but who rely on agriculture for their primary source of income. (Sec. 413.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the House provision.

TITLE IV—FEED GRAINS

(1) Feed grain loan rates

(a) The *House* bill requires the Secretary of Agriculture, unless the Secretary opts to make available recourse loans described in paragraph (b) below, to make available to producers loans and purchases for the marketing years for the 1986 through 1990 crops of corn at a level not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowers years, except that the loan and purchase level for any year may not be less than 95 percent of the level for the preceding year as determined prior to any reduction under the next sentence. If the Secretary determines that (A) the average price of corn received by producers in the previous marketing year was not more than 105 percent of the loan and purchase level for corn for such marketing year, or (B) the loan level computed under the foregoing provisions would discourage the exportation of corn and cause excessive stocks of corn in the United States, the Secretary may reduce the loan and purchase level as necessary to maintain domestic and export markets for grain, but not to a level that is less than 80 percent of the level determined under the preceding sentence. Nonrecourse loans under this provision could be made only on an amount of corn produced on the farm equal to the acreage planted to corn

for harvest times the farm's program yield for the crop. (Sec. 501.)

The *Senate* amendment requires the Secretary to make available to producers loans and purchases for the 1986 crop of corn at a level of not less than $2.40 per bushel and for the 1987 through 1989 crops at not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowest years, except that the loan and purchase level for any of the 1987 through 1989 crops may not be reduced by more than 5 percent from the level for the preceding crop. If the Secretary determines that the average price of corn received by producers in any marketing year is not more than 110 percent of the loan and purchase level for such marketing year, the Secretary may reduce the loan and purchase level for the next marketing year as necessary to maintain domestic and export markets for grain, but not by more than 20 percent in any year. Any reduction under the preceding sentence may not be considered in determining the loan and purchase level for subsequent years. (Sec. 501.)

The *Conference* substitute requires the Secretary of Agriculutre to make available to producers loans and purchases for the 1986 crop of feed grains at a level of not less than $2.40 per bushel and for the 1987 through 1990 crops at not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowest years, except that the loan and purchase level for any of the 1987 through 1990 crops may not be reduced by more than 5 percent from the level for the preceding crop.

If the Secretary determines that (A) the average price of feed grains received by producers in the previous marketing year was not more than 110 percent of the loan and purchase level for feed grains for such marketing year, or (B) the loan level computed under the foregoing provisions would discourage the exportation of feed grains and cause excessive stocks of feed grains in the United States, the Secretary may reduce the loan and purchase level as necessary to maintain domestic and export markets for grain, but not by more than 20 percent in any one year. For the 1986 crop of feed grains the Secretary is required to reduce the loan and purchase level by not less than 10 percent of the loan and purchase level for such crop. Any such reduction, including 1986, may not be considered in determining the loan and purchase level for subsequent years.

(b) The *House* bill authorizes the Secretary, if the Secretary does not make available nonrecourse loans as described in paragraph (a) above, to make available *recourse* loans to producers of corn for each of the marketing years for the 1986 through 1990 crops at a level not less than 75 percent nor more than 85 percent of the simple average price received by farmers during the 5 preceding marketing years, excluding the highest and lowest years, except that the loan and purchase level for corn for any year may not be less than 95 percent of the level for the preceding marketing year. The maximum term for a recourse loan under this provision would be 270 days.

The Secretary may also make available recourse loans for each of the 1986 through 1990 crops of grain sorghums, barley, oats, and rye at a level that is fair and reasonable in relation to the corn resources loan level, taking into consideration the feeding value of the commodity in relation to corn and other specified factors. (Sec. 501.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision.

(c) The *House* bill authorizes a producer to repay a *recourse* loan at a level, per bushel, that is the lesser of (A) the original loan level, or (B) at any time through the maturity date of the loan that the producer redeems the feed grain under loan: (i) the then current State monthly weighted average market price for the feed grain, adjusted for each county, or (ii) the then current State weekly or daily weighted average market price for the feed grain, adjusted for each county, if the Secretary determines that it is administratively feasible and reduces the fluctuation in the repayment market price for producers. (Sec. 501.)

The *Senate* amendment requires the Secretary to permit a producer to repay a feed grain loan at a level that is the lesser of (A) the original loan level, or (B) the higher of (i) 70 percent of the original loan level, (ii) if the loan level is reduced because in the previous year the average producer price did not exceed 110 percent of the loan rate, 70 percent of the loan level that would have been in effect but for such a reduction, or (iii) the prevailing world market price for such feed grain. The Secretary is required to prescribe by regulation a formula to define the prevailing world market price for feed grains and a mechanism for announcing periodically such world market price. (Sec. 501.)

The Conference substitute adopts the Senate provision, except that the Secretary is authorized to carry out the provisions at his discretion.

(d) Note: See item (6) of title X (General Commodity Provisions) relating to nonrecourse loan limit for feed grains.

(2) Loan deficiency payments

The Senate amendment authorizes the Secretary of Agriculture, for each of the 1986 through 1989 crops of corn, grain sorghums, barley, oats, and rye, to make payments available to producers who, although eligible to obtain a loan or purchase agreement on such commodity, agree to forgo obtaining such loan or agreement in return for such payments. Such a payment is computed by multiplying the loan payment rate by the quantity of such feed grains the producer is eligible to place under loan. For purposes of this provision, the quantity of feed grains eligible to be placed under loan may not exceed the individual farm program acreage for the crop multiplied by the farm program payment yield established for the farm. The loan payment rate is the amount by which the loan level determined for the crop exceeds the level at which a loan may be repaid. (Sec. 501.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision except that the provision will apply to each of the 1986 through 1990 crops of feed grains.

(3) Corn target prices

(a) The House bill provides that the established price for the 1986 and 1987 crops of corn shall be $3.03 per bushel. For each of the 1988 through 1990 crops, the established price shall be a price determined by the Secretary of Agriculture that is not less than 110 percent nor more than 125 percent of the simple average price received by farmers during the marketing years for the 5 preceding crops, excluding the high and low years, except that (A) the established price may not be set at a level that is less than 95 percent of the established price for the preceding crop, and (B) the established price may not be set at a level that is less than the level for the preceding crop unless the Secretary certifies to Congress when the program is announced that the cost of production for such crop of corn for all producers, as estimated by the Economic Research Service in consultation with National Agricultural Cost of Production Standards Review Board, will be 5 percent below the cost of production for preceding crop of corn for all producers. (Sec 501.)

The Senate amendment provides that the established price for the 1986 crop of corn shall not be less than $3.03 per bushel. For each of the 1987 through 1989 corps of corn, the established price shall not be less than such level as the Secretary determines appropriate taking into consideration the supply and demand for corn, program costs, and other factors the Secretary determines appropriate, except that the established price may not be reduced by more than 5 percent from the level for the preceding crop. (Sec. 501.)

The Conference substitute provides that the established price for the 1986 and 1987 corps of corn shall be $3.03 per bushel. The established price for other feed grains will be set by the Secretary at such levels as the Secretary determines are fair and reasonable in relation to the established price for corn. The established price for the 1988 crop may not be set at a level that is less than 98 percent of the established price for the 1986 and 1987 crops, and; the established price for the 1989 crop may not be set at a level that is less than 95 percent of the established price for the 1986 and 1987 crops, and; the established price for the 1990 crop may not be set at a level that is less than 90 percent of the established price for the 1986 and 1987 crops, or $2.75 per bushel, whichever is higher.

(b) The *Senate* amendment provides that if the Secretary reduces the established price for the 1987 crop of corn, the Secretary must make in-kind payments (in corn) to producers in such amounts as will ensure that the effective established price for the 1987 crop will not be less than the established price for the 1986 crop. If the Secretary reduces the established price for the 1988 crop, the Secretary must make in-kind payments (in corn), or cash payments to the extent corn owned by the Commodity Credit Corporation is not available, in such amounts as will ensure that the effective established price for the 1988 crop will not be less than the cash established price for the 1987 crop. (Sec. 501.)

The *House* bill contains no comparable provision.

The *Conference* substitute provides that up to 5 percent of the total deficiency payment may be made in commodities at the discretion of the Secretary.

(c) The *House* bill provides that if the Secretary reduces the loan and purchase level for corn based on low market prices or the world market and supply situation, the Secretary must provide emergency compensation by increasing the established price payments for corn by such amount as necessary to provide the same total return to producers as if the reduction had not been made. The Secretary is to use the national weighted average market price, per bushel of corn, received by farmers during the marketing year (instead of the average price received

during the first 5 months of the marketing year) in determining the payment rate for such established price payments. Payments under this provision would not be subject to the payment limitation. (Sec. 501.)

The *Senate* amendment contains no comparable provision, but see item (e) below relating to the payment rate.

The *Conference* substitute adopts the *House* provision.

(d) The *House* bill provides that whenever an acreage limitation program is in effect for a crop of feed grains, if producers on a farm devote a portion of the farm's permitted feed grain acreage (base minus acreage reduction) equal to more than 5 percent of the farm's feed grain crop acreage base for the crop to conservation uses of nonprogram crops, the portion of the feed grain permitted acreage in excess of 5 percent of the base that is devoted to conservation uses or nonprogram crops would be considered as part of the farm's feed grain program acreage and the producers would be eligible for target price payments on such acreage if the producers actually plant feed grains for harvest on at least 50 percent of the farm's feed grain crop acreage base. The farm's feed grain crop acreage base and feed grain program yield would not be reduced due to the fact that such portion of the farm's permitted acreage was devoted to conserving uses or nonprogram crops. Other than under this exception, target price payments would be made only on acreage actually planted to feed grains for harvest. (Sec. 501.)

The *Senate* amendment provides that whenever (A) the producers on a farm reduce the acreage of feed grains planted for harvest from the acreage base by at least the percentage recommended by the Secretary in the announcement of the national program acreage, (B) an acreage limitation program is in effect, or (C) a set-aside program is in effect and the Secretary has announced a limitation on the acreage planted to feed grains, if the producers plant at least 50 percent of the acreage base (reduced by the percentage recommended by the Secretary), 50 percent of the permitted feed grain acreage, or 50 percent of the limited farm acreage, as the case may be, to feed grains or a nonprogram crop, any portion of the acreage base (reduced by the percentage recommended by the Secretary), the permitted feed grain acreage, or the limited farm acreage, as the case may be, that is devoted to conserving uses or nonprogram crops would be considered as part of the individual farm program acreage, and the producer would be eligible for deficiency payments with respect to such acreage. Such acreage would also be considered to be planted to feed grains. For purposes of this provision, a "nonprogram" crop means any agricultural commodity other than wheat, feed grains, upland cotton, extra long staple cotton, rice, or soybeans. (Sec 501.)

The *Conference* substitute adopts the *Senate* provision with a modification which provides that the producer would be eligible for 92 percent of the deficiency payments otherwise applicable, if at least 50 percent of the permitted acres are planted to feed grains.

(e) The *House* bill provides that the payment rate for a crop of corn is the amount by which the established price for the crop (less 6 cents per bushel if the Secretary establishes a feed grain export certificate program for the crop (see item (23) under title X)) exceeds the higher of—

(A) the national weighted average market price received by farmers during the first 5 months of the marketing year for the crop, or

(B) the loan level determined for the crop prior to any adjustment based on low market prices or the world market and supply situation. (Sec. 501.)

The *Senate* amendment provides that the payment rate for corn is the amount by which the established price for the crop exceeds the higher of—

(A) the lower of—

(i) the national weighted average market price received by farmers during the marketing year for such crop, or

(ii) $2.04 per bushel in the case of the 1986 crop, $2.19 per bushel in the case of the 1987 crop, and $2.24 per bushel in the case of the 1988 crop, or

(B) the loan level determined for the crop. (Sec. 501.)

The *Conference* substitute adopts both the *House* and *Senate* provisions, except that the Secretary is authorized to carry out the *Senate* provision at his discretion.

(4) Disaster payments

The *House* bill provides that prevented planting disaster payments for feed grains may be made in the form of cash or from stocks of feed grains held by the Commodity Credit Corporation. (Sec. 501.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision.

(5) National program acreage

The *House* bill requires the Secretary of Agriculture to proclaim the national program acreage for each crop of feed grains by September 30 of each calendar year for the crop harvested in the next succeeding calendar year. (Sec. 501.)

The *Senate* amendment requires this proclamation to be made by November 15. (Sec. 501).

The *Conference* substitute adopts the *House* provision with a modification requiring the Secretary to make a preliminary announcement by September 30, with authorization to make adjustments in the announced program not later than November 15.

(6) Farm program yields

(See item (2)(f) relating to acreage base and program yield system under title X (General Commodity Provisions).)

(7) Feed grain acreage limitation and set-aside program

(a) The *House* bill authorizes the Secretary of Agriculture to provide for any of the 1986 through 1990 crops of feed grains either for an acreage limitation program or a set-aside program. (Sec. 501.)

The *Senate* amendment authorizes the Secretary to provide for any of the 1986 through 1988 crops of feed grains either for an acreage limitation program or a set-aside program. For the 1989 crop, the Secretary is prohibited from providing for either of such programs. (Sec. 501.)

The *Conference* substitute adopts the *House* provision.

(b) The *Senate* amendment requires the Secretary, in making a determination of whether to provide for an acreage limitation of set-aside program, to take into consideration the number of acres placed in the conservation acreage reserve established under the bill. (Sec. 501.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision, with a modification to cover wheat.

(c) The *House* bill requires the Secretary to announce any feed grain acreage limitation or set-aside program by September 30 prior to the calendar year in which the crop is harvested, except that the Secretary may make appropriate adjustments in such announcement by October 30 if there has been a significant change in the total supply of feed grains since the earlier announcement. (Sec. 501.)

The *Senate* amendment requires announcement of any acreage limitation program by November 15. (Sec. 501.)

The *Conference* substitute adopts the *House* provision, with a modification requiring the Secretary to make a preliminary announcement by September 30, with authorization to make adjustments in the announced program not later than November 15.

(d) The *House* bill requires the Secretary to provide for an acreage limitation program for the 1986 crop of feed grains under which the acreage on the farm planted to feed grains for harvest would be limited to the feed grain crop acreage base reduced by 20 percent. However, in the case of producers who plant the 1986 crop before the acreage limitation program announcement for that crop, the Secretary must provide for a combination of a 10-percent acreage limitation program and a 10-percent paid diversion program.

With respect to any of the 1987 through 1990 crops of feed grains, if the Secretary estimates—not later than September 30 of the years prior to the calendar year in which the crop is harvested—that the carryover of feed grains on hand on the first day of the marketing year for that crop will exceed 1.1 billion bushels, the Secretary would be required to provide for a 10-percent acreage limitation program and could provide for a paid diversion program or an additional acreage limitation program for any reduction above 10 percent.

As a condition of eligibility for price support loans and target price payments for any crop for which a mandatory acreage reduction program applies, producers on a farm must comply with the terms and conditions of the acreage limitation program and, if applicable, the paid diversion program. (Sec. 501.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute authorizes the Secretary to establish feed grain acreage limitation, set-aside and paid land diversion programs.

In crop year 1986, an acreage limitation program shall be in effect if triggered by projected carrying stocks greater than 2 billion bushels of corn, and in such event shall be no less than 15 percent. In such instance, 2.5 percent of the acreage limitation must be paid with commodities. In no instance shall the feed grain acreage limitation program for 1986 be greater than 20 percent.

In crop years 1987 through 1990 acreage limitation programs shall be in effect if triggered by projected carrying stocks greater than 2 billion bushels of corn, and in such event shall be no less than 12.5 percent, and no greater than 20 percent.

In the event carry in stocks of 2 billion bushels of corn are not attained, the acreage limitation may not be greater than 12.5 percent.

For crop years 1986 through 1990 the Secretary is authorized to offer at his discretion voluntary paid land diversion programs at such levels as he determines.

(e) The *Senate* amendment, in the case of each of the 1986 through 1988 crops of feed grains, limits the maximum percentage reduction under an acreage limitation program to 15 percent. (Sec. 501.)

(Note: See item (9) under title X (General Commodity Provisions) for a provision authorizing a 5 percent increase in the acreage limitations percentage if estimated feed grain carryover would be more than 33 percent of annual feed grain usage.)

The *House* bill contains no comparable provision, except as provided for the 1986 crop described in item (d) above.

The *Conference* substitute deletes the Senate provision.

(f) (For differences concerning acreage bases see item (2)(e) relating to acreage base and program yield system under title X (General Commodity Provisions).)

(g) The *Senate* amendment limits to 15 percent the percentage reduction of the acreage of feed grains planted for harvest under a set-aside program. (Sec. 501.)

The *House* bill contains no comparable provision.

The *Conference* substitute deletes the Senate provision.

(h) The *House* bill authorizes the Secretary to pay an appropriate share of the cost of approved soil and water conservation practices (including practices that may be effective for a number of years) established by the producer on reduced acreage, set-aside acreage, or additional diverted acreage. (Sec. 501.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the House provision.

(i) The *House* bill authorizes the Secretary in carrying out any acreage limitation, set-aside, or paid diversion program to prescribe production targets for participating farms expressed in bushels of production so that all participating farms achieve the same pro rata reduction in production as prescribed by the national program targets. (Sec. 501.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the House provision.

(8) Inventory reduction payments

The *Senate* amendment authorizes the Secretary of Agriculture, for each of the 1986 through 1989 crops of corn, grain sorghums, oats, and, if designated by the Secretary, barley, to make payments available to producers who (A) agree to forgo obtaining a loan or purchase agreement for feed grains, (B) agree to forgo receiving feed grain deficiency payments, (C) do not plant feed grains for harvest in excess of the farm acreage base reduced by one-half of any acreage required to be diverted from production under an acreage limitation program, and (D) otherwise comply with the feed grain program. Such payments would be made in the form of feed grains owned by the Commodity Credit Corporation and would be subject to the availability of such feed grains. Payments would be determined in the same manner as for loan deficiency payments, that is by multiplying the quantity of feed grains the producer is eligible to place under loan by the amount by which the loan level determined for the crop exceeds the level at which a loan may be repaid. (Sec. 501.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate provision except that the provision will apply to each of the 1986 through 1990 crops of feed grains.

(9) Cross compliance

The *House* bill provides that compliance on a farm with the terms and conditions of any other commodity program may not be required as a condition of eligibility for loans, purchases, or payments under the feed grain program if an acreage limitation program is established, but may be required if a set-aside program is established. (Sec. 501.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute provides the Secretary of Agriculture with authority to require compliance on a farm with the terms and conditions of any other commodity program as a condition of eligibility for loans, purchases, or payments under the feed grains program if an acreage limitation program or set-aside is established, but only to the extent that producers who participate in any acreage limitation program or set-aside may not expand acreage of another crop for which there is an acreage limitation or set-aside in effect.

(10) Safeguarding tenants and sharecroppers

The *Senate* amendment requires the Secretary of Agriculture to provide adequate safeguards to protect the interests of tenants and sharecroppers. (Sec. 501.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate provision.

(11) Price support for corn silage

The *Senate* amendment authorizes the Secretary of Agriculture, effective only for each of the 1986 through 1989 crops of feed grains, to make available loans and purchases to producers on a farm who (A) for silage, cut corn (including mutilated corn) that the producers have produced in the crop year, or purchase or exchange corn (including mutilated corn) that has been produced in the crop year by another producer (including a producer that is not participating in a set-aside program for the crop established by the Secretary), and (B) participate in a set-aside program for the crop.

The loans and purchases could be made on a quantity of corn of the same crop, other than the corn obtained for silage, acquired by the producer equilavent to a quantity determined by multiplying the acreage of corn obtained for silage by the lower of the farm program payment yield or the actual yield on a field, as determined by the Secretary, that is similar to the field from which the silage was obtained. (Sec. 1940.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate provision.

TITLE V—COTTON

(1) Upland cotton program loans

(a) The *House* bill will require the Secretary of Agriculture to make available to producers nonrecourse loans for each of the 1986 through 1990 crops of upland cotton. Such loans on a crop would be made available at a level that reflects for Strict Low Middling one-and-one-sixteenth-inch cotton at average location in the United States the smaller of (A) 85 percent of the average price of such cotton in designated United States spot markets during three years of the five-year period ending July 31 in the year in which the level is announced, excluding the years when the price was highest and lowest, or (B) 90 percent of the average, for the 15-week period beginning July 1 of the year in which the level is announced, of the five lowest priced growths quoted for Middling one-and-three-thirty-seconds-inch cotton, C.I.F. northern Europe (adjusted downward by the average difference between July 15 and October 15 of the year in which the loan is announced, between such average northern Europe price and the market quotations in the designated United States spot markets). If the average northern Europe price is less than the average United States spot market price, the Secretary could increase the loan level as he deems appropriate, but not in excess of the United States spot market price. In no event could the loan level for any crop so determined be less than 95 percent of the level for the preceding crop. However, if the Secretary determines that the world price for upland cotton is below such loan level, the Secretary would have to reduce the loan level to a level—not less than 80 percent of the level that otherwise would have applied—that the Secretary determines necessary to make upland cotton competitive in domestic and export markets. (Sec. 601.)

The Senate amendment will require the Secretary to make nonrecourse loans available for each of the 1986 through 1989 crops of upland cotton. Under the Senate amendment, loans on a crop would be made available at a level that is not less than—

(A) in the case of the 1986 crop, 55 cents per pound; and

(B) in the case of the 1987 through 1989 crops, the higher of—

(i) 85 percent of the average price for Strict Low Middling one-and-one-sixteenth-inch cotton (at average location in the United States) as quoted in the designated United States spot markets during three years of the five-year period ending July 31 in the year in which the loan level is announced, excluding the years in which the price was the highest and lowest, or

(ii) 50 cents per pound.

In no event could the loan level for any crop so determined be less than 95 percent of the level for the preceding crop. (Sec. 601.)

The *Conference* substitute adopts the Senate provision with an amendment that in the case of the 1987 through 1990 crops, the loan level will be the higher of (1) a level that reflects for Strict Low Middling one-and-one-sixteenth-inch cotton at average location in the United States the smaller of (A) 85 percent of the average price of such cotton in designated United States spot markets during three years of the five-year period ending July 31 in the year in which the level is announced, excluding the years when the price was highest and lowest, or (B) 90 percent of the average, for the 15-week period beginning July 1 of the year in which the level is announced, of the five lowest priced growths quoted for Middling one-and-three-thirty-seconds-inch cotton, C.I.F. northern Europe (adjusted downward by the average difference between July 15 and October 15 of the year in which the loan is announced, between such average northern Europe price and the market quotations in the designated United States spot markets). If the average northern Europe price is less than the average United States spot market price, the Secretary could increase the loan level as he deems appropriate, but not in excess of the United States spot market price, or (2) 50

cents a pound, but in no event less than 95 percent of the level for the preceding crop.

(b) The *Senate* amendment will require the Secretary to permit a producer to repay an upland cotton loan at a level that is the lesser of—

(A) the original loan level; or

(B) the prevailing world market price for cotton.

However, for each of the 1987 through 1989 crops, if the world price is less than 80 percent of the original loan level, the Secretary could permit a producer to repay a loan at a level—not more than 80 percent of the original loan level—that the Secretary determines will minimize forfeitures, accumulation of Government stocks, and Government storage costs, and allow free marketing of United States cotton in domestic and international markets. The Secretary will be required to prescribe, by regulation, a formula to define the prevailing world market price for cotton and a mechanism for announcing periodically such price. Within 60 days after enactment of the bill, the Secretary would have to publish in the Federal Register proposed regulations specifying the formula and mechanism and invite public comment on the proposal. (Sec. 601.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the Senate provision with an amendment that whenever U.S. upland cotton is not competitive in world markets, the Secretary shall implement either the Senate provision or Plan A. Plan A provides that the Secretary, in order to make U.S. upland cotton competitive in world markets, shall announce, on November 1, a one-time adjustment in the loan repayment level of up to 20 percent of the loan level.

(2) Loan deficiency payments

The *Senate* amendment will authorize the Secretary of Agriculture, for each of the 1986 through 1989 crops of upland cotton, to make payments available to producers who, although eligible to obtain a loan on such cotton, agree to forgo obtaining such loan in return for such payments. Such a payment would be computed by multiplying the loan payment rate by the quantity of upland cotton the producer is eligible to place under loan. For purposes of this provision, the quantity of upland cotton eligible to be placed under loan could not exceed the individual farm program acreage for the crop multiplied by the farm program payment yield established for the farm. The loan payment rate would be the amount by which the loan level determined for the crop exceeds the level at which a loan can be repaid. (Sec. 601.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision except that the provision will apply to each of the 1986 through 1990 crops of upland cotton.

(3) Upland cotton target price payments

(a) The *House* bill provides that the established price for the 1986 and 1987 crops of upland cotton will be 81 cents per pound.

For each of the 1988 through 1990 crops, the established price will be not less than 90 percent of the United States average cost of production per pound for the three crops immediately preceding the most recent crop prior to the current crop. In no event could such established price be set at a level that is less than 95 percent of the established price for the preceding crop; nor could the Secretary of Agriculture set the established price at a level that is less than the level for the preceding crop unless the Secretary certifies to Congress when the program is announced that the cost of production for such crop of upland cotton for all producers, as estimated by the Economic Research Service in consultation with the National Agricultural Cost of Production Standards Review Board, will be 5 percent below the cost of production for the preceding crop of upland cotton for all producers. (Sec. 601.)

The *Senate* amendment provides that the established price for the 1986 crop of upland cotton will be not less than 81 cents per pound. For each of the 1987 through 1989 crops of upland cotton, the established price will be not less than such level as the Secretary determines appropriate taking into consideration the supply and demand for upland cotton, program costs, and other factors the Secretary determines appropriate, except that the established price could not be reduced by more than 5 percent from the level for the preceding crop. (Sec. 601.)

The *Conference* substitute provides that the established price of the 1986 crop of upland cotton shall be $0.81 per pound.

The established price for the 1987 crop may not be set at a level that is less than 98 percent of the established price for the 1986 crop; and, the established price for the 1988 crop may not be set at a level that is less than 95 percent of the established price for the 1986 crop; and, the established price for the 1989 crop may not be set at a level that is less than 92 percent of the established price for the 1986 crop; and, the established price for the 1990 crop may not be set at a level that is less than 90 percent of the established price for the 1986 crop.

(b) The *Senate* amendment provides that if the Secretary reduces the established price for the 1987 crop of upland cotton, the Secretary would have to make in-kind payments (in upland cotton) to producers in such amounts as will ensure that the effective established price for the 1987 crop will not be less than the established price for the 1986 crop. If the Secretary reduces the established price for the 1988 crop, the Secretary would have to make in-kind payments (in upland cotton), or cash payments to the extent upland cotton owned by the Commodity Credit Corporation is not available, in such amounts as will ensure that the effective established price for the 1988 crop will not be less than the cash established price for the 1987 crop. (Sec. 601.)

The *House* bill contains no comparable provisions.

The *Conference* substitute provides that up to 5 percent of the total deficiency payment may be made in commodities at the discretion of the Secretary.

(c) The *House* bill provides that, if (A) the Secretary reduces the loan level for upland cotton based on world prices, or (B) the loan level before such adjustment is below 55 cents per pound, the Secretary would have to provide emergency compensation by increasing the established price payments for upland cotton by such amount as necessary to provide the same total return to producers as if the reduction had not been made, or as if the reduction in the loan rate before the adjustment to a level below 55 cents per pound had not occurred. Payments under this provision would not be subject to the payment limitation. (Sec. 601.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute deletes the *House* provision.

(d) The *Senate* amendment provides that whenever (A) the producers on a farm reduce the acreage of cotton planted for harvest from the acreage base by at least the percentage recommended by the Secretary in the announcement of the national program acreage, (B) an acreage limitation program is in effect, or (C) a set-aside program is in effect and the Secretary has announced a limitation on the acreage planted to upland cotton, if the producers plant at least 50 percent of the acreage base (reduced by the percentage recommended by the Secretary), 50 percent of the permitted upland cotton acreage, or 50 percent of the limited farm acreage, as the case may be, to upland cotton or a nonprogram crop, any portion of the acreage base (reduced by the percentage recommended by the Secretary), the permitted upland cotton acreage, or the limited farm acreage, as the case may be, that is devoted to conserving uses or nonprogram crops would be considered as part of the individual farm program acreage, and the producer would be eligible for deficiency payments with respect to such acreage. Such acreage also would be considered to be planted to upland cotton. For purposes of this provision, the term "nonprogram crop" includes any agricultural commodity other than wheat, feed grains, upland cotton, extra long staple cotton, rice, or soybeans. (Sec. 601.)

The *House* bill contains no comparable provisions, except that it provides that established price payments for a crop of upland cotton could not be made on a greater acreage than the acreage actually planted to upland cotton for harvest. (Sec. 601.)

The *Conference* substitute adopts the *Senate* provision with a modification which provides that the producer would be eligible for 92 percent of the deficiency payments otherwise applicable, if at least 50 percent of the permitted acres are planted to cotton.

(4) Upland cotton disaster payments

The *Senate* amendment will provide for the making of prevented planting and reduced yield disaster payments to producers for the 1986 through 1989 crops of upland cotton, and the quantity of cotton on which established price payments for any such crop are made would be reduced by the quantity on which disaster payments are made.

The Secretary of Agriculture would be required to make a prevented planting disaster payment to the producers on a farm if the Secretary determines that the producers are prevented from planting any portion of the acreage intended for cotton to cotton or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers. The payment would be computed by multiplying (a) the number of acres so affected but not to exceed the acreage planted to cotton for harvest (including any acreage that the producers were prevented from planting because of drought, flood, or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year, by (b) 75 percent of the farm program payment yield for the crop established by the Secretary, by (c) a payment rate equal to 33⅓ percent of the established price for the crop.

The Secretary would be required to make a reduced yield disaster payment to the producers on a farm if the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the total quantity of cotton that the producers are able to harvest on a farm is less than

the result of multiplying 75 percent of the farm program payment yield established by the Secretary for such crop by the acreage planted for harvest for such crop. Payments would be made at a rate equal to 33⅓ percent of the established price for the crop for the deficiency in production below 75 percent for the crop.

Producers on a farm would not be eligible for (a) prevented planting disaster payments if prevented planting crop insurance is available to them under the Federal Crop Insurance Act with respect to their cotton acreage, or (b) reduced yield disaster payments if reduced yield crop insurance is available to them under that Act with respect to their cotton acreage.

However, the Secretary could make a disaster payment to the producers on a farm if the Secretary determines that (a) as the result of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the producers on a farm have suffered substantial losses of production either from being prevented from planting cotton or other nonconserving crops or from reduced yields; (b) such losses have created an economic emergency for the producers; and (c) crop insurance indemnity payments under the Federal Crop Insurance Act and other forms of assistance made available by the Federal Government to such producers for such losses are insufficient to alleviate such economic emergency; and (d) additional assistance must be made available to such producers to alleviate such economic emergency. The Secretary could make adjustments in the amount of payments made available under this discretionary authority with respect to an individual farm to ensure the equitable allotment of such payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved. (Sec. 601.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the *Senate* provision.

(5) Upland cotton acreage reduction programs

The *House* bill, effective for each of the 1986 through 1990 crops of upland cotton, will direct the Secretary of Agriculture, if he estimates that, in the absence of an acreage reduction program, the quantity of upland cotton on hand in the United States on the last day of the marketing year for the crop will exceed one-third of the upland cotton the Secretary determines will be used domestically and for export during the marketing year, to establish (a) an acreage limitation program to ensure progress toward achieving the goal described below; and (b) if he determines that the acreage limitation program will not achieve the goal, a payment-in-kind diversion program. The goal referred to above would be that the quantity of upland cotton on hand on the last day of the marketing year for the crop involved not exceed one-third of the amount of the crop the Secretary estimates will be used domestically and for export during the marketing year. The acreage limitation for a crop would be limited to 25 percent of each farm's upland cotton acreage base, and the diversion program would be limited to an additional 25 percent of the base. Producers would have to comply with any such acreage limitation program and, as applicable diversion program to be eligible for loans and payments for the crop involved.

If a payment-in-kind diversion program is in effect for a crop, diversion payments would be made to producers who devote to conservation uses an acreage equivalent to the reduction, applied uniformly to all farms, required from the farm base in accordance with diversion contracts with the Secretary. Diversion payments would be made to producers from Commodity Credit Corporation upland cotton stocks and, if such stocks are insufficient, in cash on a uniform basis. Payments in kind (including cash substitutes) would not be subject to the general payment limitation, but would have a separate limitation of $50,000 per person per crop. (Sec. 601.)

The *Senate* amendment would authorize the Secretary to provide either an acreage limitaton program or a set-aside program for any of the 1986 through 1988 crops of upland cotton, if the Secretary determines that the total supply of upland cotton, in the absence of the program, would be excessive. For the 1989 crop, the Secretary would be prohibited from providing for either of such programs. In making a determination as to whether to provide for an acreage limitation or set-aside program, the Secretary would be required to take into consideration the number of acres placed in the conservation acreage reserve established under the bill. The maximum percentage reduction under an acreage limitation or set-aside program for a crop of cotton would be 20 percent.

(Note: See item (9) under title X (General Commodity Provisions) for a provision in the *Senate* amendment authorizing a 5 percent increase in the acreage limitation percentage if estimated upland cotton carryover would be more than 33 percent of annual upland cotton usage.)

The Secretary also would be authorized to make land diversion payments to producers of upland cotton, whether or not an acreage limitation or set-aside program for upland cotton is in effect, for any of the 1986 through 1989 crops, if land diversion payments are necessary to assist in adjusting the total national acreage of upland cotton to desirable goals. Land diversion payments would be made to producers who devote cropland to approved conservation uses in accordance with land diversion contracts entered into with the Secretary. Land diversion payments would be determined through the submission of bids or through other means. In determining the acceptability of contract offers, the Secretary would take into consideration the extent of the diversion to be undertaken and the productivity of the acreage diverted. The Secretary also would have to limit the total acreage to be diverted in any county or local community so as not to affect adversely the economy of the county or local community. (Sec. 601.)

The *Conference* substitute authorizes the Secretary to establish upland cotton acreage limitation and paid land diversion programs.

The acreage limitation that may be established for the 1986 through 1990 crops of rice may be no greater than 25 percent.

For crop years 1986 through 1990 the Secretary is authorized to offer, at his discretion, voluntary paid land diversion programs at such levels as he determines.

The Secretary is encouraged to operate acreage limitation and paid diversion programs so as to achieve carrying stocks of upland cotton no greater than 4 million bales.

(6) Acreage bases and yields

(For differences concerning upland cotton acreage bases and program yields, set item (2) under title X—General Commodity Provisions.)

(7) Inventory reduction payments

The *Senate* amendment would authorize the Secretary of Agriculture, for each of the 1986 through 1989 crops of upland cotton, to make payments available to producers who (a) agree to forgo obtaining a loan for upland cotton, (b) agree to forgo receiving upland cotton deficiency payments, (c) do not plant upland cotton for harvest in excess of the farm acreage base reduced by one-half of any acreage required to be diverted from production under an acreage limitation program, and (d) otherwise comply with the upland cotton program. Such payments would be made in the form of cotton owned by the Commodity Credit Corporation and would be subject to the availability of such cotton. Payments would be determined in the same manner as for loan deficiency payments, that is, by multiplying the quantity of upland cotton the producer is eligible to place under loan by the amount by which the loan level determined for the crop exceeds the level at which a loan may be repaid. (Sec. 601.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the Senate provision except that the provision will apply to each of the 1986 through 1990 crops of upland cotton.

(8) Cross-compliance and offsetting compliance

The *House* bill provides that compliance on a farm with the terms and conditions of any other commodity program may not be required as a condition of eligibility for loans or payments under the upland cotton program under the bill. Also, the Secretary of Agriculture could not require producers on a farm, as a condition of loan or payment eligibility for the farm, to comply with upland cotton program conditions with respect to any other farm operated by such producers. (Sec. 601.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the *House* provision with an amendment that the Secretary may require that, in order for producers on a farm to be eligible for upland cotton program benefits, the acreage planted for harvest on the farm to any other program crop for which an acreage reduction program is in effect, shall not exceed the crop acreage base for that crop.

(9) Commodity Credit Corporation sales price restrictions

(a) The provisions in the *House* bill relating to Commodity Credit Corporation sales price restrictions applicable to upland cotton will be effective through July 31, 1991. (Sec. 602.)

The similar provisions in the *Senate amendment will be effective through July 31, 1990. (Sec. 603.)*

The *Conference* substitute adopts the *House* provision.

(b) The *Senate* amendment provides that, if the Secretary of Agriculture permits loan repayments with respect to a crop of upland cotton, at a rate less than the loan level for the crop, the CCC may not sell any of its stocks of upland cotton at less than 115 percent of the average loan repayment rate during the period of the loans. (Sec. 603.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* amendment.

(10) Upland cotton marketing certificates

The *House* bill provides for an upland cotton marketing certificate program whenever, during the period beginning August 1, 1986, and ending July 31, 1991, the world price of upland cotton is below the current loan rate for upland cotton. To make United States upland cotton competitive in world markets and to maintain and expand domestic consumption and exports of United States cotton, the Commodity Credit Corporation would be required to make payments, through the issurance of payment-in-kind certificates, to first handlers of cotton (persons regularly engaged in buying or selling upland cotton) who have entered into an agreement with the CCC to participate in the program, in such monetary amounts and subject to such terms and conditions as the Secretary of Agriculture determines will make cotton available for domestic consumption or for export at competitive prices, including payments that may be necessary to make raw cotton in inventory on August 1, 1986, available on the same basis.

The value of each certificate issued would be based on the difference between the loan rate for upland cotton and the prevailing world market price of cotton. The CCC could assist the persons receiving certificates in the redemption of certificates for cash, or marketing or exchange of such certificates for (a) CCC cotton or (b) (if the Secretary and the person agree) other agricultural commodities or products owned by the CCC, at such time, in such manner, and at such price levels as the Secretary determines will best effectuate the purposes of the program.

The Secretary, insofar as possible, would have to permit owners of certificates to designate the commodities and products, including storage sites, they would prefer to receive in exchange for certificates. In the case of any certificate not presented for redemption, marketing, or exchange within a reasonable number of days after its issuance, reasonable carrying charges would be deducted from the value of the certificate.

The Secretary would take such measures as necessary to prevent the marketing or exchange of agricultural commodites and products for certificates from adversely affecting the income of producers of such commodites or products. Certificates issued to cotton handlers could be transferred to other handlers and persons approved by the Secretary.

With respect to any year or other period for which a payment-in-kind program under this provision is in effect, for purposes of calculating loan levels, the Secretary would be required to consider the average market prices for such year or period to be increased by the average rate of payment under the program if the average market prices are below the loan level. (Sec. 605.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the House provision with an amendment to provide that the Secretary shall implement this certificate program whenever, during the specified period, the prevailing world price of upland cotton (adjusted to United States qualities and location) is below the current loan repayment rate rather than the current loan rate. Likewise, the value of each certificate shall be based on the difference between the loan repayment rate for upland cotton and the loan repayment rate.

(11) Extra long staple cotton

The *Senate* amendment would revise the provisions of law relating to the program for extra long staple cotton, as follows:

(a) the minimum loan rate for any crop of ELS cotton will be set at 85 percent of the average price received by producers for ELS cotton during three years of the preceding five-year period (excluding the years when the average price was the highest and the lowest);

(b) the date by which the loan level for a crop has to be announced by the Secretary of Agriculture would be established as December 1 of the year preceding the marketing year for which the loan level is to be effective; and

(c) the ELS cotton program under Section 103(b) of the Agricultural Act of 1949 would expire at the end of the program for the 1989 crop. (Sec. 1958.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the Senate amendment.

TITLE VI—RICE

(1) Rice program loans

(a) The *House* bill will require the Secretary of Agriculture to make available to producers loans and purchases for each of the 1986 through 1990 crops of rice. Such loans on a crop would be made available at a level, per hundredweight, not less than 85 percent of the average price for rice received by farmers during the marketing years for the three preceding crops of rice, except that the loan level for any crop so determined could not be less than 95 percent of the level for the preceding crop. However, if the Secretary determines that the world price for rice is below such loan level, the Secretary would have to reduce the loan level to a level—not less than 80 percent of the level that would otherwise have applied—that the Secretary determines necessary to make rice competitive in domestic and export markets. (See. 701.)

The *Senate* amendment will require the Secretary to make loans and purchases available for each of the 1986 through 1989 crops of rice. Under the *Senate* amendment, loans on a crop would be made available at a level that is not less than—

(A) in the case of the 1986 crop, $7.20 per hundredweight; and

(B) in the case of each of the 1987 through 1989 crops, the higher of—

(i) 85 percent of the simple average price received by producers during the 5 preceding marketing years, excluding the years in which the price was the highest and lowest, or

(ii) $6.50 per hundredweight.

In no event could the loan level for any crop so determined be less than 95 percent of the level for the preceding crop. (Sec. 701.)

The *Conference* substitute adopts the *Senate* provision.

(b) The *Senate* amendment will require the Secretary to permit a producer to repay a rice loan at a level that is the lesser of—

(A) the original loan level; or

(B) the higher of—

(i) the prevailing world market price for rice; or

(ii) for either of the 1986 or 1987 crops, 50 percent of the loan level; for the 1988 crop, 60 percent of the loan level; and for the 1989 crop, 70 percent of the loan level.

As a condition to permitting a producer to repay a loan at such level, the Secretary could require the producer to purchase payment-in-kind certificates equal in value to not to exceed one-half the difference between the original loan amount and the amount of the loan repayment. The certificates would be negotiable and redeemable in rice owned by the Commodity Credit Corporation valued at the prevailing market price. The certificates would be redeemable in cash if CCC rice is not available in the State in which the rice pledged as collateral for the loan was produced (or other location approved by the owner of the certificate). The CCC would assist persons receiving certificates in marketing or redeeming them, and the Secretary would have to permit, insofar as practicable, any certificate owner to designate the storage facility at which the owner would prefer to receive rice in exchange for the certificate. If a certificate is not redeemed within a reasonable period of time after issuance (as determined by the Secretary), carrying charges would be deducted from the value of the certificate for the period beginning at the expiration of the reasonable period of time and ending when the certificate is presented to the CCC. (See. 701.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision. It is the intent of the conferees that the Secretary establish repayment prices for producers based on the prevailing world market price for the class of rice under loan.

(c) The *House* bill provides that rice loans will have a term of ten months beginning on the first day of the month in which the loan is made. (Sec. 701.)

The *Senate* amendment provides that rice loans will have a term of nine months beginning on the first day of the month after the month in which the application for the loan is made. (Sec. 710.)

The *Conference* substitute adopts the *Senate* provision with a modification that provides that loans will have a term of no longer than nine months, beginning on the first day of the month in which the application for the loan is made.

(d) The *House* bill will require that the loan and purchase level and the established price for each crop of rice be announced not later than January 31 of the year in which the crop is harvested. (Sec. 710.)

The *Senate* amendment provides that such announcements for a crop be made not later than March 1 of the year in which the crop is harvested. (Sec. 701.)

The *Conference* substitute adopts the *House* provision.

(2) Loan deficiency payments

The *Senate* amendment will authorize the Secretary of Agriculture, for each of the 1986 through 1989 crops of rice, to make payments available to producers who, although eligible to obtain a loan or purchase agreement on such rice, agree to forgo obtaining such loan or agreement in return for such payments. Such a payment would be computed by multiplying the loan payment rate by the quantity of rice the producer is eligible to place under loan. For purposes of this provision, the quantity of rice eligible to be placed under loan could not exceed the individual farm program acreage for the crop multiplied by the yield established for the farm for the crop. The loan payment rate would be the amount by which the loan level determined for the crop exceeds the level at which a loan can be repaid. The Secretary would be required to make as much as one-half the amount of each loan defi-

ciency payment for rice in the form of negotiable payment-in-kind certificates, subject to the terms and conditions for certificates described in item (1)(b) above. (Sec. 701.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the *Senate* provision.

(3) Rice target price payments

(a) The *House* bill provides that the deficiency payment rate, per hundredweight, for each of the 1986 through 1990 crops of rice will be the amount by which the established price for the crop exceeds the higher of (A) the average market price received by farmers during the calendar year that includes the first 5 months of the marketing year for the crop, or (B) the loan level for the crop. (Sec. 701.)

The *Senate* amendment provides that the deficiency payment rate, per hundredweight, for each of the 1986 through 1989 crops of rice, will be the amount by which the established price exceeds the higher of (A) the average market price received by farmers during the marketing year for the crop, or (B) the loan level for the crop. (Sec. 701.)

The *Conference* substitute adopts the Senate provision except that the provision will apply to the 1986 through 1990 crops of rice.

(b) The *House* bill provides that the established price for the 1986 and 1987 crops of rice will be $11.90 per hundredweight.

For each of the 1988 through 1990 crops, the established price will be not less than 90 percent of the United States average cost of production per hundredweight for the three crops immediately preceding the most recent crop prior to the current crop. In no event could such established price be set at a level that is less than 95 percent of the established price for the preceding crop; nor could the Secretary set the established price at a level that is less than the level for the preceding crop unless the Secretary certifies to Congress when the program is announced that the cost of production for such crop of rice for all producers, as estimated by the Economic Research Service in consultation with the National Agricultural Cost of Production Standards Review Board, will be 5 percent below the cost of production for the preceding crop of rice for all producers. (Sec. 701.)

The *Senate* amendment provides that the established price for the 1986 crop of rice will be not less than $11.90 per hundredweight. For each of the 1987 through 1989 crops of rice, the established price will be not less than such level as the Secretary determines appropriate taking into consideration the supply and demand for rice, program costs, and other factors the Secretary determines appropriate, except that the established price could not be reduced by more than 5 percent from the level for the preceding crop. (Sec. 701.)

The *Conference* substitute provides that the established price of the 1986 crop of rice shall be $11.90 per hundredweight.

The established price for the 1987 crop may not be set at a level that is less than 98 percent of the established price for the 1986 crop, and; the established price for the 1988 crop may not be set at level that is less than 95 percent of the established price for the 1986 crop, and; the established price for the 1989 crop may not be set at a level that is less than 92 percent of the established price for the 1986 crop, and; the established price for the 1990 crop may not be set at a level that is less than 90 percent of the established price for the 1986 crop.

(c) The *Senate* amendment provides that if the Secretary reduces the established price for the 1987 crop of rice, the Secretary would have to make in-kind payments (in rice) to producers in such amounts as will ensure that the effective established price for the 1987 crop will not be less than the established price for the 1986 crop. If the Secretary reduces the established price for the 1988 crop, the Secretary would have to make in-kind payments (in rice), or cash payments to the extent rice owned by the Commodity Credit Corporation is not available, in such amounts as will ensure that the effective established price for the 1988 crop will not be less than the cash established price for the 1987 crop. (Sec. 701.)

The *House* bill contains no comparable provisions.

The *Conference* substitute provides that up to 5 percent of the total deficiency payment may be made in commodities at the discretion of the Secretary.

(d) The *House* bill provides that, if the Secretary reduces the loan level for rice based on world prices, the Secretary would have to provide emergency compensation by increasing the established price payments for rice by such amount as necessary to provide the same total return to producers as if the reduction had not been made. Payments under this provision would not be subject to the general payment limitation. (Sec. 701.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the *House* provision.

(e) The *Senate* amendment provides that whenever (A) the producers on a farm reduce the acreage of rice planted for harvest from the acreage base by at least the percentage recommended by the Secretary in the announcement of the national program acreage, (B) an acreage limitation program is in effect, or (C) a set-aside program is in effect and the Secretary has announced a limitation on the acreage planted on rice, if the producers plant at least 50 percent of the acreage base (reduced by the percentage recommended by the Secretary), 50 percent of the permitted rice acreage, or 50 percent of the limited farm acreage, as the case may be, to rice or a nonprogram crop, any portion of the acreage base (reduced by the percentage recommended by the Secretary), the permitted rice acreage, or the limited farm acreage, as the case may be, that is devoted to conserving uses or nonprogram crops would be considered as part of the individual farm program acreage, and the producer would be eligible for deficiency payments with respect to such acreage. Such acreage also would be considered to be planted to rice. For purposes of this provision, the term "nonprogram crop" includes any agricultural commodity other than wheat, feed grains, upland cotton, extra long staple cotton, rice, or soybeans. (Sec. 701.)

The *House* bill contains no comparable provisions, except that it provides that established price payments for a crop of rice could not be made on a greater acreage than the acreage actually planted to rice. (Sec. 701.)

The *Conference* substitute adopts the *Senate* provision with a modification which provides that the producer would be eligible for 92 percent of the deficiency payments otherwise applicable, if at least 50 percent of the permitted acres are planted to rice.

(4) Rice disaster payments

The *Senate* amendment will provide for the making of prevented planting and reduced yield disaster payments to producers for the 1986 through 1989 crop of rice, and the quantity of rice on which established price payments for any such crop are made would be reduced by the quantity on which disaster payments are made.

The Secretary of Agriculture would be required to make a prevented planting disaster payment to the producers on a farm if the Secretary determines that the producers are prevented from planting any portion of the acreage intended for rice to rice or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers. The payment would be computed by multiplying (a) the number of acres so affected but not to exceed the acreage planted to rice for harvest (including any acreage that the producers were prevented from planting because of drought, flood, or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year, by (b) 75 percent of the yield for the farm established by the Secretary, by (c) a payment rate equal to 33⅓ percent of the established price for the crop.

The Secretary would be required to make a reduced yield disaster payment to the producers on a farm if the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the total quantity of rice that the producers are able to harvest on a farm is less than result of the multiplying 75 percent of the yield established for the farm for such crop by the acreage planted for harvest for such crop. Payments would be made at a rate equal to 33⅓ percent of the established price for the crop for the deficiency in production below 75 percent for the crop.

Producers on a farm would not be eligible for (a) prevented planting disaster payments if prevented planting crop insurance is available to them under the Federal Crop Insurance Act with respect to their rice acreage, or (b) reduced yield disaster payments if reduced yield crop insurance is available to them under that Act with respect to their rice acreage.

However, the Secretary could make a disaster payment to the producers on a farm if the Secretary determines that (a) as the result of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the producers on a farm have suffered substantial losses of production either from being prevented from planting rice or other nonconserving crops or from reduced yields; (b) such losses have created an economic emergency for the producers; (c) crop insurance indemnity payments under the Federal Crop Insurance Act and other forms of assistance made available by the Federal Government to such producers for such losses are insufficient to alleviate such economic emergency; and (d) additional assistance must be made available to such producers to alleviate such economic emergency. The Secretary could make adjustments in the amount of payments made available under this discretionary authority with respect to an individual farm to ensure the equitable allotment of such payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved. (Sec. 701.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the *Senate* provisions.

(5) Rice acreage reduction programs

The *House* bill, effective for each of the 1986 through 1990 crops of rice, will direct the Secretary of Agriculture, if he estimates that, in the absence of an acreage reduction program, the quantity of rice on hand in the United States on the last day of the marketing year for the crop will exceed one-fifth of the rice the Secretary determines will be used domestically and for export during the marketing year, to establish (a) an acreage limitation program to ensure progress toward achieving the goal described below; and (b) if he determines that the acreage limitation program will not achieve the goal, a payment-in-kind diversion program. The goal referred to above would be that the quantity of rice on hand on the last day of the marketing year for the crop involved not exceed one-fifth of the amount of the crop the Secretary estimates will be used domestically and for export during the marketing year. The acreage limitation for a crop would be limited to 25 percent of each farm's rice acreage base, and the diversion program would be limited to an additional 25 percent of the base. Producers would have to comply with any such acreage limitation program and, as applicable, diversion program to be eligible for rice loans and payments for the crop involved.

If a payment-in-kind diversion program is in effect for a crop, diversion payments would be made to producers who devote to conservation uses an acreage equivalent to the reduction, applied uniformly to all farms, required from the farm base in accordance with diversion contracts with the Secretary. Diversion payments would be made to producers from Commodity Credit Corporation rice stocks and, if such stocks are insufficient, in cash on a uniform basis. Payments in kind (including cash substitutes) would not be subject to the general payment limitation, but would have a separate limitation of $50,000 per person per crop. (Sec. 701.)

The *Senate* amendment would authorize the Secretary to provide either an acreage limitation program or a set-aside program for any of the 1986 through 1988 crops of rice if the Secretary determines that the total supply of rice, in the absence of the program would be excessive. For the 1989 crop, the Secretary would be prohibited from providing for either of such programs. In making a determination as to whether to provide for an acreage limitation or set-aside program, the Secretary would be required to take into consideration the number of acres placed in the conservation acreage reserve established under the bill. The maximum percentage reduction under an acreage limitation or set-aside program for a crop of rice would be 35 percent.

(Note: See item (9) under title X (General Commodity Provisions) for a provision in the *Senate* amendment authorizing a 5 percent increase in the acreage limitation percentage if estimated rice carryover would be more than 33 percent of annual rice usage.)

The Secretary also would be authorized to make land diversion payments to producers of rice, whether or not an acreage limitation or set-aside program for rice is in effect, for any of the 1986 through 1989 crops, if land diversion payments are necessary to assist in adjusting the total national acreage of rice to desirable goals. Land diversion payments would be made to producers who devote cropland to approved conservation uses in accordance with land diversion contracts entered into with the Secretary. Land diversion payments would be determined through the submission of bids or through other means. In determining the acceptability of contract offers, the Secretary would take into consideration the extent of the diversion to be undertaken and the productivity of the acreage diverted. The Secretary would also have to limit the total acreage to be diverted in any county or local community so as not to affect adversely the economy of the county or local community (Sec. 701.)

The Conference substitute authorizes the Secretary to establish rice acreage limitation and paid land diversion programs.

The acreage limitation that may be established for the 1986 through 1990 crops of rice may be no greater than 35 percent.

For crop years 1986 through 1990 the Secretary is authorized to offer, at his discretion, voluntary paid land diversion programs at such levels as he determines.

The Secretary is encouraged to operate acreage limitation and paid diversion programs so as to achieve carrying stocks of rice no greater than 30 million hundredweight.

(6) Acreage bases and yields.

(For differences concerning rice acreage bases and program yields, see item (2) under title X—General Commodity Provisions.)

(7) Inventory reduction payments

The Senate amendment would authorize the Secretary of Agriculture, for each of the 1986 through 1989 crops of rice, to make payments available to producers who (a) agree to forgo obtaining a loan or purchase agreement for rice, (b) agree to forgo receiving rice deficiency payments, (c) do not plant rice for harvest in excess of the farm acreage base reduced by one-half of any acreage required to be diverted from production under an acreage limitation program, and (d) otherwise comply with the rice program. Such payments would be made in the form of rice owned by the Commodity Credit Corporation and would be subject to the availability of such rice. Payments would be determined in the same manner as for loan deficiency payments, that is, by multiplying the quantity of rice the producer is eligible to place under loan by the amount by which the loan level determined for the crop exceeds the level at which a loan can be repaid. (Sec. 701.)

The House bill contains no comparable provisions.

The Conference substitute adopts the *Senate* provision except that the provision will apply to the 1986 through 1990 crops of rice.

(8) Cross-compliance and offsetting compliance

The House bill provides that compliance on a farm with the terms and conditions of any other commodity program may not be required as a condition of eligibility for loans, purchases, or payments under the rice program under the bill. Also, the Secretary of Agriculture could not require producers on a farm, as a condition of loan or payment eligibility for the farm, to comply with rice program conditions with respect to any other farm operated by such producers. (Sec. 701.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision with an amendment that the Secretary may require that, in order for producers on a farm to be eligible for upland cotton program benefits, the acreage planted for harvest on the farm to any other program crop for which an acreage reduction program is in effect, shall not exceed the crop acreage base for that crop.

(9) Marketing loans and deficiency payments for the 1985 crop of rice

(a) The Senate amendment would require the Secretary of Agriculture to permit producers to repay loans on the 1985 crop of rice at a level that is the lesser of—

(A) the original loan level, or

(B) the prevailing world market price for rice.

Loans under this provision would have to be repaid at the end of nine months after the month in which the application for the loan is made. As a condition to permitting a producer to repay a loan at such level, the Secretary could require the producer to purchase payment-in-kind certificates equal in value to not to exceed the difference between the amount of the loan and the amount of the loan repayment. The other terms and conditions of the certificate program under this provision would be the same as described in item (1)(b) above for 1986 through 1989 certificate programs. The current payment limitation under the Agriculture and Food Act of 1981 would not apply to any gain realized from repaying a loan at the rate permitted under this provision. (Sec. 702.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision, with a modification that makes the 1985 rice crop marketing loan program effective beginning April 15, 1986 and requires the Secretary to offer loan deficiency payments on rice not eligible for loans and purchases and not sold or delivered under sales contracts. The Secretary is authorized to adjust the loan maturity deadline for 1985 crop rice to provide for orderly program administration.

(b) The Senate amendment also will authorize the Secretary, for the 1985 crop of rice, to make loan deficiency payments to producers subject to the same terms and conditions as described in item (2) above for the 1986 through 1989 crops, except that the Secretary could make all or part of the payment in the form of the payment-in-kind certificates described in paragraph (a) above. The current payment limitation under the Agriculture and Food Act of 1981 would not apply to any loan deficiency payment under this provision. (Sec. 702.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(10) Rice export marketing certificates

The House bill will require the establishment of a rice export marketing certificate program whenever, during the period beginning August 1, 1986, and ending July 31, 1991, the world price for rice is below the current loan rate for rice. To make United States rice competitive in world markets and to maintain and expand domestic consumption and exports of United States rice, the Commodity Credit Corporation would be required to make payments, through the issuance of payment-in-kind certificates, to exporters of rice who have entered into an agreement with the CCC to participate in the program, in such monetary amounts and subject to such terms and conditions as the Secretary determines will make United States rice available for export at competi-

tive prices, including payments that may be necessary to make rice in inventory on August 1, 1986, available on the same basis.

The value of each certificate issued would be based on the difference between the loan rate for rice and the prevailing world market price of rice. The CCC could assist the persons receiving certificates in the redemption of certificates for cash, or marketing or exchange of such certificates for (a) CCC rice or (b) (if the Secretary of Agriculture and the person agree) other agricultural commodities or products owned by the CCC, at such times, in such manner, and a such price levels as the Secretary determines will best effectuate the purposes of the program.

The Secretary, insofar as possible, would have to permit owners of certificates to designate the commodities and products, including storage sites, they would prefer to receive in exchange for certificates. In the case of any certificate not presented for redemption, marketing, or exchange within a reasonable number of days after its issuance, reasonable carrying charges would the deducted from the value of the certificate.

The Secretary would take such measures as necessary to prevent the marketing or exchange of agricultural commodities and products for certificates from adversely affecting the income of producers of such commodities or products. Certificates issued to rice exporters could be transferred to other exporters and persons approved by the Secretary.

With respect to any year or other period for which a payment-in-kind program under this provision is in effect, for purposes of calculating loan levels, the Secretary would be required to consider the average market prices for such year or period to be increased by the average rate of payment under the program if the average market prices are below the loan level. (Sec. 703.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision with a modification requiring the Secretary of Agriculture to implement a rice marketing certificate program whenever the world price for a class of rice is below the loan repayment level for that class of rice.

TITLE VII—PEANUTS

(1) National poundage quota

(a) The House bill requires the Secretary of Agriculture to establish a national poundage quota for each of the 1986 through 1990 crops of peanuts. (Sec. 802.)

The Senate amendment requires a national poundage quota to be established for each of the 1986 through 1989 crops of peanuts. (Sec. 801.)

The Conference substitute adopts the House provision. (Sec. 702.)

(b) The *Senate* amendment requires the Secretary in establishing the national poundage quota to take into consideration any estimated carryover of industry stocks and producer undermarketings. (Sec. 801.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

(c) The House bill establishes the minimum national poundage quota for peanuts for any marketing year at 1.1 million tons. (Sec. 802.)

The Senate amendment establishes the minimum national poundage quota for peanuts for any marketing year at 1.1 million tons, increased by a quantity that the Secretary estimates the domestic edible, seed, and related uses of peanuts in such year will exceed such quantity. (Sec. 801.)

The Conference substitute adopts the House provision. (Sec. 702.)

(2) Farm Poundage quota

(a) The House bill provides that a farm poundage quota would be established for each farm that did not have a farm poundage quota for the 1985 marketing year but on which peanuts were produced for marketing in at least 2 of the 3 immediately preceding crop years if the poundage quota apportioned to a State for a marketing year is larger than the quota for the immediately preceding marketing year. (Sec. 802.)

The Senate amendment provides that a farm poundage quota would be established for each farm that did not have a farm poundage quota for the 1985 crop but on which peanuts were produced in at least 2 of the 1983 through 1985 crop years. (Sec. 801.)

The Conference substitute adopts the House provision. (Sec. 702.)

(b) The Senate amendment provides that a farm poundage quota established for a farm as a result of an increase in the poundage quota apportioned to a State or as a result of the reduction or release of farm poundage quotas from farms in the State would be considered as being established for all subsequent marketing years unless reduced to the extent the Secretary determines that the farm poundage quota established for the farm for any 2 of the 3 marketing years immediately preceding the year for which the determination is made was not produced or considered produced on the farm, permanently released, or transferred. (Sec. 801.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

(c) The House bill provides that if the poundage quota apportioned to a State for any of the 1987 through 1990 marketing years is decreased from the poundage quota apportioned to the State for the immediately preceding marketing year, the decrease would be allocated equally to each farm in the State for which a farm poundage quota was established for the preceding marketing year. (Sec. 802.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision. (Sec. 702.)

(3) Referendum

The House bill provides that the referendum of farmers engaged in the production of quota peanuts would be to determine whether the farmers favor or oppose poundage quotas with respect to the crops of peanuts produced in the 5 calendar years immediately following the year in which the referendum is held. (Sec. 802.)

The Senate amendment is the same except the referendum would be held with respect to the crops of peanuts produced in the 4 calendar years immediately following the year in which the referendum is held. (Sec. 801.)

The Conference substitute adopts the House provision.

(4) Lease of farm poundage quota

The House bill provides that a lease of a poundage quota may be entered into in the fall only if the quota has been planted on the farm from which the quota is to be leased and only under such terms and conditions as the Secretary may prescribe by regulation. (Sec. 803.)

The Senate amendment provides that a lease of a poundage quota may be entered into after the normal planting season under the same conditions. (Sec. 802.)

The Conference substitute adopts the House provision with an amendment inserting after the reference to "fall" leases in the House bill, the reference in the Senate amendment to leases entered into "after the normal planting season". The inclusion of both House and Senate references conforms to the Department of Agriculture's identification of such leases in the Code of Federal Regulations. (Sec. 703.)

(5) Disposition of additional peanuts

(a) The House bill provides that the supervision of the handling and disposal of additional peanuts by a handler would not be required if the handler agrees in writing, prior to any handling or disposal of additional peanuts, to comply with regulations prescribed by the Secretary. (Sec. 804.)

The Senate amendment provides that the supervision of the handling and disposal of additional peanuts contracted by a handler would not be required if the handling and disposal of the additional peanuts is conducted in the manner prescribed in regulations issued by the Secretary. (Sec. 803.)

The Conference substitute adopts the House provision. (Sec. 704.)

(b) The House bill requires the Secretary to issue regulations which would permit a handler of shelled peanuts to export, without supervision, peanuts classified by type in specified quantities. (Sec. 804.)

The Senate amendment is similar except it applies to milled peanuts. (Sec. 803.)

The Conference substitute adopts the House provision with an amendment inserting after the reference to "shelled" peanuts in the House bill, the reference in the Senate amendment to "milled" peanuts; and including related language conditioning the regulatory authority of the Secretary of Agriculture with respect to additional peanuts owned or controlled by the Commodity Credit Corporation such that disposition of additional peanuts will be conducted in such a way that does not result in substantially increased cost to the Commodity Credit Corporation. (Sec. 704.)

The inclusion of the reference to milled peanuts broadens the definition to include peanuts processed in the shell as well as shelled peanuts.

The second part of the Conference substitute will prevent loss to the Commodity Credit Corporation by directing that regulations promulgated by the Secretary be written in a manner to prevent any substantial increased costs to the Commodity Credit Corporation that could result under the so-called "buy-back" practices. The Secretary of Agriculture will be required to operate the "buy-back" provisions in a manner that will not result in substantially increased cost to the Commodity Credit Corporation.

The practice known as "buy-back" is practically the only part of the peanut program to which Government cost is associated. The Conference substitute will correct abuses such as the dissolution of export or crushing contracts that result in those peanuts entering the domestic market through the "buy-back".

The Conference substitute in no way will interfere with the Secretary's authority to implement and administer the peanut price support program. It does, however, provide the Secretary with the authority to prohibit or curb all practices dealing with the storage or disposition of any peanuts owned or

controlled by the Commodity Credit Corporation that result in substantially increased cost to the Government.

(6) Marketing penalties

The House bill provides that until a marketing penalty is paid, other than a penality on an importer for reentering in commercial quantities into the United States additional peanuts exported by a handler, a lien would be in effect in favor of the United States on the crop of peanuts with respect to which the penalty is incurred, and on any subsequent crop of peanuts subject to farm poundage quotas in which the person liable for payment of the penalty has an interest. (Sec. 804.)

The Senate amendment provides for a lien in favor of the United States for all unpaid marketing penalties for peanuts, including penalties on importers. (Sec. 803.)

The Conference substitute adopts the Senate amendment. (Sec. 704.)

(7) Price support

(a) The House bill requires the Secretary of Agriculture to make price support available for the 1986 through 1990 crops of peanuts. (Sec. 805.)

The Senate amendment requires the Secretary to make price support available for the 1986 through 1989 crops of peanuts. (Sec. 804.)

The Conference substitute adopts the House provision. (Sec. 705.)

(b) The *House* bill provides that the national average quota support rate for each of the 1987 through 1990 crops of quota peanuts would be the national average quota support rate for the immediately preceding crop, adjusted to reflect any increase in the national average cost of peanut production during the calendar year immediately preceding the marketing year for the crop for which a level of support is being determined. (Sec. 805.)

The *Senate* amendment provides that the national average quota support rate for each of the 1987 through 1989 crops of quota peanuts would be the national average quota support rate for quota peanuts for the preceding crop, adjusted to reflect any change in the national average cost of peanut production during the calendar year immediately preceding the marketing year for the crop for which a level of support is being determined and could not be less than the national average quota support rate for the 1985 crop of quota peanuts. (Sec. 804.)

The *Conference* substitute adopts the *House* provision. (Sec. 705.)

(8) Marketing pools.

(a) The *Senate* amendment requires each area marketing association to establish pools and maintain records by area and segregation for additional peanuts produced without a contract between a handler and a producer. (Sec. 804.)

The *House* bill contains no comparable provision.

The *Conference* substitute deletes the *Senate* amendment. The *Senate* amendment (as does current law) requires each area marketing association to establish pools and maintain records for "additional peanuts produced without a contract between a handler and a producer". Such pool has never been maintained and it is clear that the statutory provision in question is meaningless.

(b) The *House* bill provides that bright hull and dark hull Valencia peanuts would be considered as separate types for the purpose of establishing separate pools for Valencia peanuts produced in New Mexico. (Sec. 805.)

The *Senate* amendment requires separate pools to be established for bright hull and dark hull Valencia peanuts produced in New Mexico but does not consider such peanuts as separate types. (Sec. 804.)

The *Conference* substitute adopts the *House* provision. (Sec. 705.)

(c) The *House* bill excludes separate type pools established for Valencia peanuts produced in New Mexico from the requirement that losses in area quota pools other than losses incurred as a result of transfers from additional loan pools to quota loan pools be offset by any gain or profits from pools in other production areas. (Sec. 805.)

The *Senate* amendment contains no comparable provision. (Sec. 804.)

The *Conference* substitute adopts the *House* provision with a technical amendment clarifying the exclusion of Valencia peanuts produced in New Mexico from the area "offset" requirement. (Sec. 705.)

TITLE VIII—SOYBEANS

(1) Soybean price support

(a) The *House* bill requires that the price of soybeans be supported during each of the 1986 through 1990 marketing years. (Sec. 901.)

The *Senate* amendment requires that the price of soybeans be supported during each of the 1986 through 1989 marketing years. (Sec. 901.)

The *Conference* substitute adopts the *House* provision.

(b) The *House* bill provides that the minimum support price for soybeans will be $5.02 per bushel. (Sec. 901.)

The Senate amendment provides that the minumum support price for soybeans will be $4.25 per bushel. (Sec. 901.)

The *Conference* substitute adopts the *House* provision for the 1986 and 1987 crop years. For the 1988 through 1990 crop years, the Secretary of Agriculture would set the loan level at 75 percent of the average market price in the preceding 5 years, excluding the high and low years. The loan level, however, could not be reduced by more than 5 percent in any year and in no event could the loan level be less than $4.50 per bushel.

(c) The *House* bill provides that if the Secretary determines, with respect to the 1986 crop of soybeans, that the level of loans and purchases computed under the formula using the 5 year average market prices would discourage the exportation of soybeans and cause excessive stocks of soybeans in the United States, the Secretary may reduce the level of loans and purchases for the 1986 crop by the amount the Secretary determines necessary to maintain domestic and export markets, but not by more than 5 percent. (Sec. 901.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision with an amendment to authorize the additional 5 percent reduction in the loan level for each of the 1987 through 1990 crops in addition to the 1986 crop. Any reduction in the loan purchase level for soybeans under this paragraph shall not be considered in determining the loan and purchase level for soybeans for subsequent years.

(d) The *House* bill provides that the level of loans and purchases for soybeans may not be set below $4.50 per bushel under the authority of the Secretary to reduce the level of loans and purchases when the market price of soybeans in the previous marketing year is not more than 105 percent of the level of loans and purchases for such year. (Sec. 901.)

The *Senate* amendment sets this minimum at $4.25 per bushel. (Sec. 901.)

The *Conference* substitute adopts the *House* provision with an amendment to delete reference to the authority of the Secretary to reduce the loan level when the market price of soybeans in the previous marketing year is not more than 105 percent of the level of loans and purchases for such year.

(e) The *Senate* amendment provides that if the Secretary determines that such action will assist in maintaining the competitive relationship of soybeans in domestic and export markets after taking into consideration the cost of producing soybeans, supply and demand conditions, and world prices for soybeans, the Secretary shall permit a producer to repay a soybean loan for a crop at the lesser of (A) the loan level determined for such crop, or (B) the prevailing world market price for soybeans. If the Secretary exercises this authority, the Secretary is required to prescribe by regulation a formula to define the prevailing world market price for soybeans and a mechanism for announcing perodicially such world market price. Not later than 60 days after making the determination to exercise this authority, the Secretary must publish in the Federal Register proposed regulations specifying such formula and mechanism and invite public comment on the proposal. (Sec. 901.)

The *House* bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to authorize, instead of require, the Secretary to permit a producer to repay loans at less than the loan level.

(f) The *House* bill provides that the Secretary may not allow the planting of soybeans for harvest on acreage set aside or diverted from production under any other Government program. (Sec. 901.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the House provision.

(g) The *Senate* amendment provides that (A) soybeans may not be considered an eligible commodity for any reserve program, and (B) the Secretary may not authorize payments to producers to cover the cost of storing soybeans. (Sec. 901.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision.

(2) Soybean payments for the 1985 crop

(a) The *Senate* amendment provides that any producer who redeems, within 60 days after enactment of the bill, soybeans pledged as collateral for a 1985-crop loan will not be required to pay interest on the loan. (Sec. 902.)

The *House* bill contains no comparable provision.

The *Conference* substitute deletes the Senate provision.

(b) The *Senate* amendment requires the Secretary of Agriculture to make payments available to producers of the 1985 crop of soybeans (A) who have outstanding price support loans secured by 1985-crop soybeans on the date of enactment of the bill and who redeem such loan collateral, (B) who, although eligible to obtain a loan or purchase agreement, agree to forgo obtaining such loan or purchase agreement in return

for such payments, or (C) who have marketed such crop before the enactment of the bill.

Payments would be made in an amount equal to the higher of—

(A) an amount determined by multiplying $35 by the number of acres of soybeans harvested for such crop, or

(B) an amount determined by multiplying—

(i) the actual yield per harvested acre of soybeans on the farm for the 1985 crop, by

(ii) the number of acres of soybeans harvested on the farm for such crop, by

(iii) $1.00 per bushel.

The actual yield of soybeans may be adjusted by the Secretary to correct for abnormal factors affecting such yield as a result of drought, other natural disaster, or other condition beyond the control of the producer and as may otherwise be adjusted by the Secretary to provide for a fair and equitable yield. If no actual yield can be established for the farm for the 1985 crop, the Secretary may determine such yield on such basis as the Secretary determines to be fair and equitable.

The Secretary of Agriculture may make up to 15 percent of the payments under this provision in soybeans. (Sec. 902.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(3) Foreign soybeans

The Senate amendment requires the head of an agency (as defined in 5 U.S.C. 551(1)), before making a loan or grant to a major soybean producing country in competition with the United States for export markets, to certify to Congress that such loan or grant will not be used to enhance the capability of such country to export soybeans. (Sec. 903.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(4) Cottonseed program

The Senate amendment requires the Secretary of Agriculture to implement a program providing for fair and equitable treatment for the cottonseed industry based on oilseed product value existing on November 1, 1985, if the price of the 1985 crop of cottonseed is adversely affected as a result of any change in the 1985 soybean program authorized by the bill. (Sec. 1317.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(5) Sunflower payment program for the 1985 crop

The Senate amendment requires the Secretary of Agriculture to make available payments to producers of the 1985 crop of sunflowers. Payments would be made in an amount equal to the higher of—

(A) an amount determined by multiplying—

(i) the actual yield of sunflowers harvested for the 1985 crop, by

(ii) the number of acres harvested on the farm for such crop, by

(iii) $2.00 per hundredweight, or

(B) an amount determined by multiplying $35 by the number of acres of sunflowers harvested for the 1985 crop.

The actual yield of sunflowers may be adjusted by the Secretary to correct for abnormal factors affecting such yield as a result of drought, other natural disaster, or other condition beyond the control of the producer and to provide for a fair and equitable yield. If no actual yield can be established for the farm for the 1985 crop, the Secretary may determine the yield on such basis as is fair and equitable.

The Secretary is authorized to issue rules and regulations as necessary to carry out this provision, and the Secretary is to make payments under this provision through the Commodity Credit Corporation. (Sec. 1310.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

TITLE IX—SUGAR

(1) Sugar price support (Sec. 901)

(a) The *House* bill requires the Secretary of Agriculture to support the price of the 1986 through 1990 crops of domestically grown sugarcane and sugar beets. (Sec. 101.)

The *Senate* amendment requires the same except for only the 1986 through the 1989 crops. (Sec. 1001.)

The *Conference* substitute adopts the *Senate* provision except that the language shall apply for the 1986 through 1990 crops. (Sec. 901.)

(b) The House bill requires the Secretary to consider making annual adjustments in the loan rate for each of the 1986 through 1990 crops of sugarcane and sugar beets based on changes in such factors as inflation, costs of production, and other circumstances that may adversely affect domestic sugar production. (Sec. 101.)

The *Senate* amendment authorizes the Secretary to increase the support price for each of the 1986 through 1989 crops of sugarcane and sugar beets based on such factors as the Secretary determines appropriate, including changes in the cost of sugar products, the cost of domestic sugar production, and other circumstances that may adversely affect domestic sugar production. (Sec. 1001.)

The *Conference* substitute adopts the *Senate* provision except that the language shall apply for the 1986 through 1990 crops. (Sec. 901.)

(c) The *House* bill provides that if the Secretary determines not to adjust the loan rate, the Secretary's findings, decision, and supporting data must be submitted to the House and Senate Agriculture Committees prior to any public announcement of the loan rate for the crop involved. (Sec. 101.)

The *Senate* amendment contains the same provision except submission of the material is not required prior to public announcement of the loan rate. (Sec. 1001.)

The *Conference* substitute adopts the Senate provision. (Sec. 901.)

(2) Prevention of sugar loan forfeitures (Sec. 902)

The *Senate* amendment requires the President to use all authorities available to the President, including section 22 of the Agricultural Adjustment Act of 1933 and headnote 2 of subpart A of part 10 of schedule 1 of the Tariff Schedules of the United States, as may be necessary to enable the Secretary of Agriculture to operate the sugar program at no cost to the Federal Government by preventing the accumulation of sugar acquired by the Commodity Credit Corporation. (Sec. 1002.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* provision with an amendment to (1) require that (a) the current quota year (December 1, 1985 through September 30, 1986) be extended by no less than 3 months, and the shipping schedules rearranged so that shipments are equally divided throughout the quota year, as extended, or (b) the sugar import program be administered in such a way as to result in at least the equivalent reduction in loan forfeitures; (2) defer the effective date of the no-net-cost requirement for the sugar program until the expiration of the current quota year; (3) delete references in the *Senate* bill to specific trade legislation and regulations; and (4) upon expiration of the current quota year, prohibit the allocation of a sugar import quota to any country that is a net importer of sugar unless officials of that country verify that it does not import for reexport to the United States any sugar produced in Cuba.

In administering the sugar program established under this Act, the President shall, before making any adjustments in a previously established sugar quota, use all available legal means to otherwise dispose of accumulated stocks of sugar through sale, tender, loan, or grant-in-aid.

The Conferees intend that the current quota period be extended for a minimum of 3 months and the shipping schedules be rearranged accordingly or that a reduction be made in the current quota so as to prevent an equivalent amount of forfeitures. However, upon expiration of the current quota year, the Conferees intend that the quota be adjusted to the level necessary to ensure that there are no forfeitures and thus no cost to the government.

Raw cane sugar must be refined before use for food for human consumption. Since the cane refiners play an important role in the domestic industry, the Conferees are concerned that cane sugar refining capacity should not be further impaired. To assure refineries of supplies to permit efficient operation, the Conferees encourage the Secretary to use authority contained in Section 22 to impose import fees and to continue a properly supervised import-reexport program for sugar. (Sec. 902.)

(3) Protection of sugar producers (Sec. 903)

The Senate amendment provides that if the bankruptcy or other insolvency of a processor has caused producers of sugar beets and sugarcane not to receive maximum benefits from the price support program within 30 days after the final settlement date provided for in the contract between such producers and processor, the Secretary of Agriculture, on demand of the producers and on such assurances as to nonpayment as the Secretary may require, shall pay such producers the maximum benefits from the price support program, less any benefits previously received by the producers. After making such payments, the Secretary would be subrogated to the claims of the producers against the processor and other persons responsible for nonpayment and would have authority to pursue such claims. The Secretary would be required to carry out this provision through the Commodity Credit Corporation. This provision will apply to nonpayments occurring after January 1, 1985. (Sec. 1314.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision. (Sec. 903.)

TITLE X—MISCELLANEOUS COMMODITY PROVISIONS

SUBTITLE A

(1) Payment limitation

(a) The *House* bill will provide for payment limitations for each of the 1986 through 1990 crops of wheat, feed grains, upland cotton, extra long staple cotton, and rice. (Sec. 1011.)

The *Senate* amendment will apply to each of the 1986 through 1989 crops. (Sec. 1301.)

The *Conference* substitute adopts the *House* amendment. (Sec. 1001.)

(b) The $100,000 annual payment limitation applicable to disaster payments under the *House* bill will apply to wheat and feed grains. (Sec. 1011(2).)

The disaster payment limitation under the *Senate* amendment will apply to wheat, feed grains, upland cotton, and rice. (Sec. 1301(2).

The *Conference* substitute adopts the *Senate* amendment.

(c) The House bill will exclude, from the definition of payments, (A) cotton and rice diversion payments made under the House cotton and rice programs, and (B) payments made under certain cost reduction options given to the Secretary of Agriculture in the House bill (described in item (16) below). (Sec. 1011 (3).)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the House provision relating to cost reduction options, but deletes the House provision relating to cotton and rice diversion payments (Sec. 1001.)

(d) The *Senate* amendment will exclude, from the definition of payments, certain gains and payments as follows: (A) any gain realized from the repayment of loans for wheat, feed grains, upland cotton, or rice at a level less than the actual loan level; (B) any deficiency payment received for a crop of wheat or feed grains as a result of a loan level reduction; (C) any loan deficiency payment for a crop of wheat, feed grains, upland cotton, or rice received by agreeing to forgo crop loans; and (D) any inventory reduction payment received for a crop of wheat, feed grains, upland cotton, or rice. (Sec. 1301(3).)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the *Senate* amendment. (Sec. 1001.)

(e) The *House* bill provides that the personal payment limitation will not be applicable to lands owned by States, political subdivisions, or agencies thereof, so long as such lands are farmed primarily in the direct furtherance of a public function, as determined by the Secretary of Agriculture. (Sec. 1011(5).)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the House amendment. (Sec. 1001.)

(f) The *House* bill provides that the rules for determining whether corporations and their stockholders can be considered as separate persons will have to be in accordance with regulations issued by the Secretary on December 18, 1970. (Sec. 1011(5).)

The *Senate* amendment provides that such regulations will be used to establish the percentage ownership of a corporation for the purpose of determining whether such corporation and stockholders are separate persons for purposes of the payment limitation. (Sec. 1301(5).)

The *Conference* substitute adopts the *Senate* amendment. (Sec. 1001.)

(g) The *Senate* amendment will require the Secretary to issue regulations under which subchapter S corporations will be treated as partnerships for purposes of the maximum payment limitation. (Sec. 1301(5).)

The *House* bill contains no comparable provision.

The *Conference* substitute deletes the *Senate* amendment.

(2) Nonrecourse loan limit

The *House* bill, effective with respect to each of the 1986 through 1990 crops of wheat, feed grains, soybeans, peanuts, and tobacco, will limit, to $250,000, the total amount of nonrecourse loans that a person may receive annually for all such crops. Any loans to a person in excess of that amount will be recourse in nature. (Sec. 1012.—

The *Senate* amendment contains no comparable provision.

The Conference substitute deletes the House amendment.

(3) Honey loan maximum

The *House* bill will authorize the Secretary of Agriculture to declare that the outstanding balance of nonrecourse loans a person may receive for honey in a crop year shall not exceed $250,000. Any loans to a person in excess of that amount will be recourse in nature. However, the Secretary could not make such a declaration if it would have an undue ill effect on the structure of the honey industry or on agricultural interests that depend on commercial bee colonies for pollination. (Sec. 1884.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute deletes the House provision.

(4) Disaster payments for soybeans and sugar

The Senate amendment will authorize the Secretary of Agriculture to make prevented planting and reduced yield disaster payments available for each of the 1985 through 1989 crops of soybeans, sugar beets, and sugarcane.

If the Secretary determines that the producers on a farm are prevented from planting any portion of the acreage intended for soybeans, sugar beets, or sugarcane to such commodities or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary could make prevented planting payments to the producers in an amount equal to the product obtained by multiplying (a) the number of acres affected (but not to exceed the acreage planted to the described commodities for harvest—including prevented planting acreage—in the preceding year), by (b) 75 percent of the farm program payment rate equal to 50 percent of the loan level for the crop.

If the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the total quantity of soybeans, sugar beets, or sugarcane that producers are able to harvest on any farm is less than the result of multiplying 60 percent of the farm program payment yield for the crop by the acreage planted for harvest, he could make a reduced yield disaster payment to producers. Such payment would be made at a rate equal to 50 percent of the loan level for the crop for the deficiency in production below 60 percent for the crop.

The Senate amendment provides the Secretary with authority to adjust payments made available for a farm so as to ensure the equitable allotment of payments among producers, taking into account other Federal disaster assistance provided to producers for the crop involved. (Sec. 1311.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate amendmet with an amendment to include peanuts plus a conforming amendment to conform the provision to the life of the bill as annually provided in the House bill. (Sec. 1008.)

(5) Increase in acreage limitations

The Senate amendment will authorize the Secretary of Agriculture to increase the acreage limitation percentages for any of the 1986 through 1988 crops of wheat, feed grains, upland cotton, and rice by not to exceed 5 percent if the Secretary determines that the carryover stocks of the commodity involved at the end of the crop year will exceed 33 percent of the annual usage of such commodity. (Sec. 1312.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

(6) Cost of Production Board

The House bill will extend the National Agricultural Cost of Production Standards Review Board for five years. (Sec. 1013.)

The Senate amendment will extend the Board for four years. (Sec. 1430.)

The Conference substitute adopts the House provision. (Sec. 1022.)

(7) Commodity Credit Corporation sales price restrictions

(a) The provisions in the House bill relating to Commodity Credit Corporation sales price restrictions applicable to wheat and feed grains will be effective through the marketing years for the 1990 crops. (Sec. 1014.)

The similar provisions in the Senate amendment will be effective through the marketing years for the 1989 crops. (Sec. 1306.)

The Conference substitute adopt the House provision. (Sec. 1007.)

(b) The Senate amendment provides that, if the Secretary of Agriculture permits loan repayments with respect to a crop of wheat, corn, grain sorghum, barley, oats, or rye at a rate less than the loan level for the corp, the Corporation could not sell any of its stocks of the commodity at less than 115 percent of the average loan repayment rate during the period of the loans. (Sec. 1306(1).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment. (Sec. 1007.)

(8) Application of terms

The House bill provides that the application of certain terms (contained in title IV of the Agricultural Act of 1949) to wheat, feed grains, upland cotton, and rice under the bill will be effective through the 1990 crops of such commodities. (Sec. 1015.)

The similar provisions in the Senate amendment will be effective through the 1989 crops. (Sec. 1307.)

The *Conference* substitute adopts the House provision. (Sec. 1017.)

(9) Normal crop acreage

(a) The *House* bill will extend, through the 1990 crops, provisions of section 1001 of the Food and Agriculture Act of 1977 that authorize the Secretary of Agriculture to impose a normal crop acreage requirement

as a condition of eligibility for participation in the wheat and feed grain programs when a set-aside program for the crop involved is in effect. (Sec. 1016.)

The *Senate* amendment will extend this authority through the 1989 crops and apply it to upland cotton and rice also. (Sec. 1302(1).)

The *Conference* substitute adopts the House provision. (Sec. 1012.)

(b) The *Senate* amendment will add a new subsection to section 1001 of the 1977 Act authorizing the Secretary to require, whenever marketing quotas are in effect for any of the 1987 through 1989 crops of wheat, that, as a condition of eligibility for loans, purchases, and payments on any commodity under the 1949 Act, the acreage on a farm normally planted to crops designated by the Secretary be reduced by a quantity equal to the acreage that normally would be planted to wheat on the farm minus the individual farm program acreage for wheat for the farm. (Sec. 1303(c).)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate amendment. With a continuing amendment making it effective through the 1990 crops. (Sec. 1012.)

(10) Determinations of the Secretary

(a) The *Senate* amendment will expand the provisions of the Agricultural Adjustment Act of 1938 relating to the finality of determinations of facts concerning payments and loans under commodity programs to make them applicable to extra long staple cotton, in addition to wheat, feed grains, upland cotton and rice.

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the Senate amendment. (Sec. 1016.)

(b) The *Senate* amendment will require the Secretary of Agriculture to determine rates of loans, payments, and purchases under the 1986 through 1989 commodity programs under the Agricultural Act of 1949 without regard to the requirements for notice and public participation in rulemaking prescribed under title 5 of the U.S. Code, or in any directive of the Secretary. (Sec. 1303.)

The *House* bill contains no comparable provision.

The *Conference* substitute adopts the Senate amendment with a conforming amendment making the provision effective through the 1990 crop. (Sec. 1016.)

(11) Multiple commodity planting

The *Senate* amendment will authorize the Secretary of Agriculture, effective for the 1986 through 1989 crops, if a producer historically has produced crops of two commodities on the same land in the same year and the producer has diverted acreage on the farm from the production of one of the commodities under an acreage reduction program, to permit the producer to plant a second crop of the other commodity on the diverted acreage. (Sec. 1304.)

The *House* bill contains no comparable provision.

The *Conference* substitute deletes the *Senate* amendment.

(12) Having and grazing

(a) The *House* bill will extend the special haying and grazing program under section 109 of the Agricultural Act of 1949 through the 1990 crops. (Sec. 1017(a).)

The *Senate* amendment will extend the program through the 1989 crop year. (Sec. 1309.)

The *Conference* substitute adopts the *House* amendment.

(b) The *House* bill will add to the Agricultural Act of 1949 a new section providing that, notwithstanding any other provisions of the Act, in carrying out any acreage limitation, set-aside, or land diversion program under the Act for wheat, feed grains, upland cotton, or rice, the Secretary of Agriculture must permit participating producers in any State to devote all or any part of the acreage diverted from production under the program to having and grazing during the eight months of each year selected by the State ASC committee. However, a producer could not sell any hay or other crop harvested from the acreage devoted to such haying and grazing. (Sec. 1017(b).)

The *Senate* amendment contains comparable provisons applicable only to wheat. See item 9(e) under title IV—Wheat.

The Conference adopts the Senate amendment and applies it to feed grains, upland cotton, and rice. (Sec. 308, 401, 501, and 601.)

(13) Supplemental set-aside and acreage limitation authority

The *House* bill will provide authority for the Secretary of Agriculture to announce and provide for a set-aside or acreage limitation program for one or more of the 1986 through 1990 crops of wheat and feed grains if the Secretary determines such action is in the public interest as a result of the imposition of restrictions on the export of any such commodity by the President or other member of the executive branch of government. (Sec. 1018.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision. (Sec. 1011.)

(14) Normal supply

The *House* bill provides that, if the Secretary of Agriculture determines that the supply of wheat, corn, upland cotton, or rice for any of the 1986 through 1990 marketing years is not likely to be excessive and that program measures to reduce or control the planted acreage are not necessary, such decision will constitute a determination that the total supply of the commodity does not exceed the normal supply and no determination can be made to the contrary. (Sec. 1019.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the *House* provision. (Sec. 1018.)

(15) Multiyear set-asides

The *House* bill will authorize the Secretary of Agriculture to enter into multiyear set-aside contracts, for a period not to extend beyond the 1990 crops, with participants in the wheat, feed grains, upland cotton, and rice programs for 1986 receives certificates having an aggregate face value that represents a rate of return per unit of wheat or feed grains produced that is uniform among farmers.

(f) Certificates will be redeemed by the Secretary for a cash amount equal to the monetary denomination on the certificate (or, at the option of the Secretary, a quantity of the commodity involved having a current fair market value equal to such amount) on presentation by a holder who exports a quantity of the crop (including processed wheat or feed grains) involved equal to the quantity designated in the certificate.

The Secretary would expend to carry out the program, with respect to a crop of wheat or feed grains, in addition to other amounts provided by law to finance or encourage exports, an amount not less than the product of (a) 21 cents for wheat, 11 cents for corn, and such amounts for grain sorghums, oats, and, if designated by the Secretary, barley as he determines fair and reasonable in relation to the amount specified for corn times (b) the aggregate of the wheat or feed grain acreage planted to the commodity for harvest by producers participating in the program for the crop times (c) the average of the program yields for the crop.

Under the other export certificate program, involving noncash certificates, effective for each of the 1986 through 1990 crops of wheat and feed grains, the Secretary could issue, to producers of wheat or feed grains participating in the program for the crop who meet the requirements of the program, export marketing certificates denominated in bushels of wheat or feed grains. The program would be operated as follows:

(a) Not later than three months prior to the beginning of the marketing year for the crop, certificates would be issued to eligible producers that plant at least 50 percent of their farm's wheat or feed grain crop acreage base for the crop. The certificates would be applicable to the marketing year for the crop and, in the aggregate, would equal the quantity of the commodity the Secretary estimates will be exported during the marketing year. Each eligible producer would receive certificates for a quantity of the commodity that bears the same ratio to the quantity of estimated exports as the producer's crop acreage base for that crop of the commodity bears to the aggregate total of all eligible producers' crop acreage bases for that crop. Each certificate would designate the producer by name and crop involved.

(b) If seven months after the beginning of the marketing year, the Secretary determines that the amount of the commodity that will be exported during the marketing year will exceed the quantity of the commodity represented by the certificates so issued, the Secretary could issue additional certificates to producers that initially received certificates sufficient to cover the additional exports.

(c) Producers could convey certificates to purchasers of the commodity sold by the producers at any time prior to the end of the marketing year. If a producer has less wheat or feed grains to sell than the quantity represented by the certificates issued to him, the producer, at any time prior to the end of the marketing year, could sell the extra certificates to any person for such price as agreed on by the producer and purchaser. Any certificate could be reconveyed without restriction.

(d) To be eligible to receive certificates, a producer would have to participate in the price support program for the crop, and—

(A) if there is no acreage limitaton or set-aside in effect for the crop, limit the acreage on the farm planted to the crop for harvest to the farm's wheat or feed grain crop acreage base, or

(B) if an acreage limitation or set-aside program is in effect for the crop, comply with the terms of the program.

(e) Whenever the Secretary issued certificates, no person could export wheat or wheat products, or feed grains or feed grain products, from the United States during the marketing year for the crop without surrendering to the Secretary, at the time of export, export marketing certificates for the crop representing the quantity of the com-

modity being exported or, in the case of wheat or feed grain products, the equivalent quantity of the commodity contained in the products exported. Persons that fail to comply would be guilty of a misdemeanor and be subject to a fine of not more than $25,000 or imprisonment for not to exceed one year, or both. (Sec. 1024.)

The Senate amendment contains no comparable provisions.

The conference substitute adopts the House provision with an amendment providing that these programs be funded through the general funds of the Commodity Credit Corporation, rather than through a reduction in deficiency payments. (Sec. 1006.)

The conferees particularly encourage the Secretary to utilize the Export Certificate Program, inasmuch as it is producer-oriented with income enhancement going to those participating in the farm commodity programs designed to achieve national farm policy objectives contained in agricultural legislation such as the Food Security Act of 1985.

(20) Required disposition of surplus commodities

The *House* bill provides that, if the Secretary of Agriculture determines that food and feed stocks acquired by the Commodity Credit Corporation through nonrecourse loan programs cannot be disposed of in normal domestic trade channels without impairment of price support programs or sold abroad at competitive world prices, the CCC will have to dispose of such commodities for the purposes of emergency domestic food assistance, emergency humanitarian food needs in developing countries, market development, export enhancement, or other such appropriate uses. (Sec. 1025.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute deletes the House provision.

(21) Noncompliance based on excess idled acres

The *House* bill provides that a producer who removes land from production under an acreage limitation or set-aside program for a crop of wheat, feed grains, cotton or rice, and idles more land than required, will not have payments reduced, nor be subject to penalty, for failure to plant on the excess idled acres or for failure to accurately report acreage, unless the Secretary of Agriculture determines by the preponderance of evidence that the producer's acts were committed to obtain funds to which such producer was not entitled by law. (Sec. 1026.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute deletes the House provision.

(22) Advance recourse commodity loans

The *House* bill will authorize the Secretary of Agriculture to make advance recourse loans available to producers of commodities of the 1986 through 1990 crops for which nonrecourse loans are made available, if the Secretary finds such action is necessary to ensure that adequate operating credit is available to producers. Crop insurance would be required as a condition of eligibility for any such loan. (Sec. 1027.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the House provision. (Sec. 1003.)

(23) Corn marketing year

The *House* bill will redesignate the marketing year for corn from October 1-September 30 to September 1-August 31. (Sec. 1029.)

The *Senate* amendment contains no comparable provision.

The *Conference* substitute adopts the House provision. (Sec. 1020.)

(24) Crop diversion land eligibility

The *Senate* amendment states the sense of the Senate that the Secretary of Agriculture should revise Department of Agriculture regulations concerning land eligibility for crop diversion programs to prohibit farmers from placing the same cropland in any crop diversion program that may be in effect during consecutive years, except under uncontrollable circumstances such as heavy rains, drought, or other adverse weather conditions. (Sec. 1313.)

The *House* bill contains no comparable provision.

The *Conference* substitute deletes the Senate provision.

(25) Crop insurance coverage of winter and spring wheat

(a) The *Senate* amendment will revise the Federal crop insurance program to include winterkill of winter wheat as one of the insured perils covered by multiperil crop insurance sold under the program.

The *House* bill contains no comparable provision. (See paragraph (b) below.)

The *Conference* substitute deletes the Senate provision.

(b) The *Senate* amendment will require the Secretary of Agriculture to conduct a study of the practice of offsetting the quantity of winter and spring wheat producers to determine the benefits due under Federal crop insurance policies. The Secretary would have to report the results of the study, along with any recommendations for legislation or regulations, to the agriculture committees of Congress not later than 180 days after enactment of the bill. (Sec. 1315.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the *Senate* amendment with an amendment requiring the Secretary to study the feasibility and desirability of including winterkill of winter wheat as a loss covered by Federal crop insurance. (Sec. 1022.)

(26) Federal Crop Insurance Corporation funding

The *Senate* amendment will revise the mechanisms by which certain operations of the Federal Crop Insurance Corporation are funded, as follows:

(a) All capital stock in the Corporation currently issued and subscribed by the United States essentially will be cancelled. (Under existing law, the Corporation has an authorized capital stock of $500 million; under the bill, the authorized capital stock will be $1).

(b) The general powers of the Corporation described in the Federal Crop Insurance Act would be expanded to include the powers to—

(A) borrow money, as permitted under the Act; and

(B) use all funds and assets of the Corporation including capital, net earnings, allocated funds, and borrowed funds.

(c) Appropriations would be authorized to cover the redemption of obligations issued to the Corporation by the Secretary of the Treasury. However, such appropriations could be used only after all other sources of funds available to the Corporation (including premium income) is used to redeem the obligations.

(d) Whenever the Corporation earns a net realized gain for a year, the earnings will be held in an interest-bearing account in the Treasury, to be available to the Corporation without fiscal year limitation. The Corporation would have to use such earnings, as practicable, to repay Treasury obligations.

(e) The *Senate* amendment would repeal the provision in current law that the Corporation can borrow from the Treasury only to the extent or in the amounts provided in appropriation Acts. In place of that provision, a new provision would be added stating that not more than $1 billion can be borrowed and outstanding from the Treasury at any one time. (Sec. 1316.)

The *House* bills contains no comparable provision.

The *Conference* substitute replaces the language of the original *Senate* amendment with language authorizing the Federal Crop Insurance Corporation to borrow from the Commodity Credit Corporation at any time the moneys available to the Federal Crop Insurance Corporation are insufficient to pay the claims of farmers for insured crop losses. (Sec. 1021).

(27) Advance announcement

The *Senate* amendment will require the Secretary of Agriculture to offer an option to producers of the 1987 through 1990 crops of wheat, feed grains, upland cotton, and rice with respect to participation in the commodity price support, production adjustment, and payment programs, as follows: If, in any county, the Secretary has not made final announcement of the terms of the program for a crop on or before the later of—

(a) 60 days prior to the normal planting date for the commodity in the county, and

(b) in the case of—

(i) wheat, July 1 of the calendar year prior to the crop year for which such program is announced,

(ii) feed grains, November 15 of the calendar year prior to the crop year for which such program is announced,

(iii) upland cotton, November 1 of the calendar year prior to the crop year for which such program is announced, and

(iv) rice, January 31 of the year for which such program is announced,

then the Secretary would have to permit producers of such commodities to elect to receive price support payments and other program benefits as provided (A) in the program announced for the crop year or (B) in the alternate program described below, which would be based on the program for the crop immediately preceding the crop with respect to which the election is made.

Under the alternate program, the Secretary would permit eligible producers to participate in the program for the commodity involved by complying with the terms of the program announced for the preceding crop of the commodity. Further, the Secretary would have to make available to such producers, if they complied fully with the terms and conditions of any acreage reduction program as established for the preceding year's crop of the commodity—

(a) loans at the level established for the then current program for the commodity;

(b) deficiency payments calculated on the same basis as the deficiency payments were calculated for the preceding crop; and

(c) payments equal to the difference between the level of loans for the current crop and the level of loans for the preceding crop (in cash or in-kind commodities).

In the case of the 1990 crops, the Secretary would make available to such producers

if they comply fully with the terms and conditions of any acreage reduction program established or the 1989 crops of the commodity—

(a) loans at the level established for the 1991 crop under future legislation;

(b) deficiency payments calculated on the basis of the established price for the 1989 crop; and

(c) payments equal to the difference between the level of loans that the producer is eligible to receive for the 1990 crop and the level of loans for such commodity for the 1989 crop (in cash or in-kind commodities).

If legislation is not enacted that provides for loans to be made with respect to the 1990 crop of a commodity, none of these provisions will apply to the 1990 crop.

The Secretary would consider the acreage base and yield for any farm with respect to which a producer exercises the option described herein to be equal to the acreage base and yield that was established, or would have been established, for such farm for the year preceding the year for which the election is made. (Sec. 1318.)

The *House* bill contains no comparable provisions.

The *Conference* substitute adopts the *Senate* amendment with an amendment that authorizes the Secretary to implement the advance announcement authority, rather than being required to. The amendment to the *Senate* provision would also change the years 1989 and 1990 to 1990 and 1991, respectively, wherever they appear in the *Senate* provision.

The conferees agree that the Secretary's discretionary authority is to include the ability to offer producers partial as well as total program options. The Secretary could offer producers the option of the previous year's bases and set asides, wheat grazing, and other appropriate provisions needed to allow farmers to make planting decisions, without providing the price support provisions of the current year's program.

This section is particularly intended to be used in a year, such as 1985, when the Secretary is concerned that he lacks statutory authority to announce next year's commodity programs. Under such circumstances, the Secretary is encouraged to provide the full program option so that producers can arrange financing as well as decide how many acres to plant or graze. (Sec. 1016.)

(28) Producer reserve program for wheat and feed grains

The *House* bill, effective beginning with the 1986 crops, will revise the provisions of the producer storage program for wheat and feed grains to—

(a) add, as a purpose of the program, providing for adequate, but not excessive, carryover stocks to ensure a reliable supply of the commodities;

(b) provide for repayment of loans in not less than three years, with extensions as warranted by market conditions;

(c) provide for recovery of storage payments, and the payment of additional interest or other charges, if producers repay loans when (A) the total amount of wheat or feed grains in storage under programs under the section is below the upper limits for such storage described in clause (f) below and (B) the market price for the commodity is under the release levels described in clause (d) below;

(d) provide for inducing producers to redeem and market the commodities when the market price has reached the higher of 140 percent of the nonrecourse loan rate for the commodity or the established price for the commodity;

(e) add a provision that whenever (A) the total amount of wheat stored under the storage program is less than 17 percent of the estimated total domestic and export usage of wheat during the then current marketing year for wheat, as determined by the Secretary of Agriculture, or the total amount of feed grains stored under the storage program is less than 7 percent of the estimated total domestic and export usage of feed grains during the then current marketing year, as determined by the Secretary, and (B) the market price of the commodity, as determined by the Secretary, does not exceed 140 percent of the nonrecourse loan rate for the commodity, the Secretary will be required to encourage participation in the program by offering producers increase storage payments and loan levels, interest waivers, or such other incentives as he determines necessary to maintain the total amount of storage under the program at the levels specified above. The Secretary also will be required to ensure that producers are afforded a fair and equitable opportunity to participate in each producer storage program, taking into account regional differences in the time of harvest; and

(f) substitute for provisions of current law (which provide that any upper limit on the amount of grain that can be placed in the reserve cannot be less than 700 million bushels for wheat and one billion bushels for feed grains) new provisions providing that—

(A) prior to the harvest of each crop of wheat and feed grains, the Secretary must determine and establish upper limits on the total amount of wheat and feed grains that can be stored under the storage program to be effective during the marketing years for such crops. The upper limit on the total amount of wheat could not exceed 30 percent of the estimated total domestic and export usage of wheat during the marketing year for the crop, as determined by the Secretary, and the upper limit on the total amount of feed grains could not exceed 15 percent of the estimated total domestic and export usage of feed grains during the marketing year, as determined by the Secretary; and

(B) the Secretary could establish the upper limits at higher levels—not in excess of 110 percent of the levels determined above—if he determines that the higher limits are necessary to achieve the purpose of the program (Sec. 1022.)

The *Senate* amendment contains no comparable provisions. The *Conference* substitute adopts the *House* provision (Sec. 1012.)

(29) Food assistance reserve

(a) The *Senate* amendment will require the Secretary of Agriculture to establish a food assistance reserve containing up to 500 million bushels of wheat and feed grains, including—

(i) not less than 200 million bushels of wheat, to be used to provide emergency food assistance, as described in paragraph (b)(i) below; and

(ii) and not less than 100 million bushels of wheat, to be used for carrying out the foreign donations program under section 416 of the Agricultural Act of 1949. (Secs. 1201–1203.)

The *House* bill contains no comparable provisions.

The *Conference* substitute deletes the *Senate* provision.

(b) Under the *Senate* amendment, stocks of the reserve could be made available by the Secretary to meet urgent humanitarian needs, subject to the following limits;

(i) except as provided in clause (ii)—below, stocks of wheat specified in paragraph (a)(i) could be released by the Secretary only to provide, on a donation or sale basis, emergency food assistance to developing countries, if the domestic supply of wheat is so limited that quantities of wheat cannot be made available for disposition under Public Law 480 except for urgent humanitarian purposes, under the Public Law 480 criteria relating to domestic supply situation.

(ii) Up to 300,000 metric tons of the wheat specified in paragraph (a)(i) could be released from the reserve in any fiscal year, without regard to the domestic supply situation, for use under title II of Public Law 480 in providing urgent humanitarian relief in any developing country suffering a major disaster, as determined by the President, if the wheat needed for relief cannot be programmed for such purpose in a timely manner under the normal means of obtaining commodities for food assistance due to circumstances of unanticipated and exceptional need.

(iii) Stocks of wheat specified in paragraph (a)(ii) could be released by the Secretary only for carrying out section 416 foreign donation programs.

In connection with the use of stocks in reserve, the Secretary could pay the cost of processing, reprocessing, packaging, transporting, handling, and other charges, including the cost of overseas delivery. (Sec. 1203.)

The *House* bill contains no comparable provisions.

The *Conference* substitute deletes the *Senate* provision.

(c) To establish the reserve or replenish the stocks of the reserve, the Secretary could—

(i) acquire wheat or feed grains for the reserve through purchases from producers or in the market, if the Secretary determines that such purchases will not unduly disrupt the market; and

(ii) designate stocks of wheat and feed grains otherwise acquired by the Commodity Credit Corporation as stocks of the reserve.

The Secretary could provide for the periodic rotation of stocks of the reserve to avoid spoilage and deterioration of such stocks. (Sec. 1204.)

The *House* bill contains no comparable provisions.

The *Conference* substitute deletes the *Senate* provision.

(d) the CCC would be reimbursed from funds made available for carrying out Public Law 480 for what released from the reserve that is made available under Public Law 480. The reimbursement would be made on the basis of the lower of—

(i) the actual costs incurred by the CCC with respect to such wheat; or

(ii) the export market price of wheat (as determined by the Secretary) as of the time the wheat is released from the reserve for such purpose.

Reimbursement would include the actual costs incurred by the CCC with respect to processing, reprocessing, packaging, transporting, handling, and other charges, including overseas delivery. The reimbursement could be made from funds appropriated for such purposes in subsequent years. (Sec. 1205.)

The *House* bill contains no comparable provisions.

The *Conference* substitute deletes the *Senate* provision.

(i) section 813 of the Agricultural Act of 1970, which provides for the establishment of a dissaster reserve;

(ii) the Food Security Wheat Reserve Act of 1980, which established a wheat reserve similar to the reserve to be created under the *Senate* amendment; and

(iii) section 208 of the Agricultural Act of 1980, which provides authority for the establishment of trade suspension reserves. (Sec. 1206.)

The *House* bill extends the Food Securtiy Wheat Reserve for five years, to September 30, 1990 (Sec. 1111).

The *Conference* substitute adopts the *House* provisions. (Sec. 1013.)

SUBTITLE B

(1) Short title

The *House* bill provides that the provisions relating to bases and yields, and revisions to permanent law, for wheat, feed grains, upland cotton, and rice, can be cited as the "Agricultural Efficiency and Equity Act of 1985". (Sec. 31)

The *Senate* amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(2) Bases and yields for producers of wheat, feed grains, upland cotton, and rice

(a) The *House* bill will establish a permanent system for determining wheat, feed grain, upland cotton, and rice crop acreage bases and program yields. (Sec. 1031.)

The Senate amendment will establish such bases and yields only for the 1986 through 1989 crops of those commodities. (Secs. 407, 501, 601, and 701.)

The *Conference* substitute establishes a system for determining farm acreage bases, crop acreage bases, and a farm program payment yields for the 1986 through 1990 crops of wheat, feed grain, upland cotton, and rice.

(b) The *House* bill defines the term "crop year" for the purposes of the base and yield provisions to mean the calendar year in which a crop normally is harvested, except that, in the case of a crop that is normally harvested in January, February, or March of any calendar year, the term "corp year" with respect to such crop would mean the calendar year in which such crop is planted and during which substantially all growth occurs. (Sec. 1031.)

The Senate amendment contains no comparable provision.

The *Conference* substitute deletes the House provision.

(c) *House* bill will require *the Secretary* of Agriculture to establish a *farm acreage base* for each wheat, feed grain, upland cotton, or rice-producing farm, as follows: The ASC county committee would determine the farm acreage bases for farms beginning with the 1986 crop year. The farm acreage base for a farm for a crop year would be—

(A) the number of acres equal to the average of the total acreage on the farm planted to wheat, feed grains, upland cotton, and rice for harvest (or considered planted) in each of the five crop years immediately preceding the crop year (with a special rule for the 1986 through 1988 crops of cotton and rice, the same as that described in paragraph (e) below for crop acreage bases); except that

(B) for each of the 1986 through 1988 crop years, such number of acres for any farm could not exceed the average acreage on the farm planted (or considered planted) to such crops during the two preceding crop years.

The county committee could construct a planting history for the farm for the 1986 crop year if (A) planting records for the farm for any of the five crop years preceding the 1986 crop year are incomplete or unavailable; or (B) during at least one but not more than four of the five crop years preceding the 1986 crop year, no program crop was produced on such a farm. The planting history is to be established in a fair and equitable manner in accordance with regulations that the Secretary must publish no later than sixty days after enactment of the bill. (Sec. 4123.)

The *Senate* amendment contains no comparable provision.

(C) The *Conference* substitute authorizes *the Secretary* to establish a farm acreage base for the 1986 crop equal to the sum of the wheat, feed grain, upland cotton, and rice crop acreage bases.

For crop years 1987 through 1990 *the Secretary* must establish such farm acreage bases. For the 1987 crop year, the farm acreage base shall include (1) the crop acreage base for such year, (2) the 1986 acreage which was planted to soybeans, and (3) the 1986 acreage which was devoted to conserving uses in the normal course of farming operations. For the 1988 through 1990 crop years, such farm acreage bases shall include (1) the crop acreage base for such year, (2) the sum of the average of the acreages which, beginning with the 1986 crop, were (A) planted to soybeans, and (B) the average of the acreages which, beginning with the 1986 crop, were devoted to conserving uses.

County ASC committees may, in accordance with regulations prescribed by the Secretary, consider special and unusual circumstances with respect to establishment of farm acreage bases.

(d) The *House* bill will require the Secretary to provide for the establishment and maintenance, for each crop year, of crop acreage bases for wheat, feed grains, upland cotton, and rice (including any such crop produced under an established practice of double cropping) produced on each farm. The sum of the crop acreage bases for commodities produced on any farm for any crop year could not exceed the farm acreage base for such farm for such crop year, except to the extent that such excess is due to an established practice of double cropping, as determined by the county committee and subject to such regulations as the Secretary might prescribe. To the extent that, because of the different procedures for calculating crop acreage bases for wheat and feed grains and for upland cotton and rice, the sum of crop acreage bases for the farm for a crop year would exceed the farm acreage base for the crop year, but for the operation of the provision described in the preceding sentence, the crop acreage bases for the farm would be adjusted by the county committee, in consultation with the farm operator, so that the sum of the crop acreage bases does not exceed the farm acreage base. (Sec. 1002.)

The *Senate* amendment provides that the total of all crop acreage bases for a farm can never exceed the total acreage of cropland on the farm. (Secs. 407, 501, 601, and 701.)

(d) The *Conference* substitute provides that the sum of the crop acreage bases for all program crops on a farm may not exceed the farm acreage base for such farm in such crop year except to the extent that the excess is due to an established practice of double cropping.

(e) The *House* bill will direct the ASC county committees to determine the crop acreage bases for commodities for each farm with respect to each crop year beginning with the 1986 crop year. Except as otherwise provided as described in the next sentence, the crop acreage base for any commodity for a farm would be—

(A) if the program commodity is wheat or feed grains, the number of acres equal to the average of the number of acres on the farm planted to the commodity for harvest (or considered as so planted) in each of the five crop years preceding the crop year involved; and

(B) if the program commodity is upland cotton or rice, (i) for each of the 1986 through 1988 crop years, the number of acres that is equal to the average of the number of acres on the farm planted to the commodity for harvest (or considered as so planted) in each of the preceding crop years beginning with the 1984 crop year; and (ii) for each of the 1989 and succeeding crop years, the number of acres equal to the average of the number of acres on the farm planted to the commodity for harvest (or considered as so planted) in each of the five crop years preceding the crop year involved.

The county committee could construct planting history for a farm if (A) planting records for the any of the five crop years preceding the 1986 crop year are incomplete or unavailable; or (B) during at least one but not more than four of the five crop years preceding the 1986 crop year, the program crop was not produced on the farm. The planting history is to be established in a fair and equitable manner in accordance with regulations that the Secretary would have to publish no later than sixty days after enactment.

A producer, by submitting notice to the county committee, could increase or decrease the crop acreage base for a commodity for the producer's farm for the crop year, subject to the following conditions:

(A) Any adjustment of a crop acreage base for a farm (or, in the case of an adjustment in the crop acreage bases for two or more commodities, the sum of the number of acres by which each such crop acreage base is increased or decreased) could not exceed—except in 1986—the number of acres equal to 10 percent of the farm acreage base for the farm for the crop year. The adjustment (or the sum of the number of acres by which crop acreage bases are increased or decreased when bases for two or more commodities are adjusted) for the 1986 crop year could not exceed the number of acres equal to 20 percent of the farm acreage base for the crop year.

(B) No adjustment will be construed to increase the farm acreage base for the farm for the crop year.

(C) The Secretary could suspend, on a nationwide basis, any limitation on adjustments described in clauses (A) and (B) if the Secretary determines that (i) a short supply or other similar emergency situation exists with respect to any commodity; or (ii) market factors exist that require the suspension of any limitation to achieve the purposes of the bases and yields program.

An adjustment notice would have to be submitted by the producer to the county committee before the first day of the sixty-day period ending on—

(A) the final date required by law for announcement by the Secretary of any acreage or supply control program with respect to the commodity for the crop year involved; or

(B) in the case of—

(i) wheat, May 1 of the year preceding the crop year;

(ii) feed grains, September 30 of the year preceding the crop year;

(iii) upland cotton, November 1 of the year preceding the crop year;

(iv) rice, January 1 of the crop year,

whichever date occurs first. (Sec. 1001.)

The Senate amendment provides for establishing acreage bases for purposes of determining any reduction under an acreage limitation program using essentially the same formula for determining such bases as the provisions of the House bill. However, the Senate amendment has no specific provisions, similar to those in the House bill, relating to producer adjustments of crop acreage bases, except that it will authorize the Secretary to make adjustments in acreage bases to reflect established crop rotation practices and to reflect other factors that the Secretary determines should be considered in determining fair and equitable bases. (Secs. 407, 501, 601, and 701.)

(e) The Conference substitute requires that the crop acreage bases are to be established by the Secretary of Agriculture, for the 1986 through 1990 crops of wheat, feed grains, upland cotton, and rice to be the average of acreage planted and considered planted (P&CP) in the 5 previous years. For cotton and rice, if the farm has no P&CP for each of the preceding 5 years, the crop acreage base shall be the average P&CP in each of the preceding 5 years excluding all but one year in which the farm had no P&CP. If the farm does not have P&CP in all 5 preceding years, the crop acreage base cannot exceed the average P&CP of the preceding 2 years.

Acreage considered planted to a crop includes (1) any reduced acreage, set-aside acreage, and divested acreage, (2) acreage prevented from planting due to a natural disaster or conditions beyond the control of the producer, (3) acreage in an amount equal to the difference between the permitted acreage for a program crop and the acreage planted to such crop, if such acreage is planted to a nonprogram not including soybeans and extra long staple cotton and (4) any acreage on the farm which the Secretary determines is necessary to establish a fair and equitable crop acreage base.

The Secretary may allow the producer, in any year, to adjust the individual crop acreage base by up to 10 percent of the farm acreage base. Any crop acreage base adjustment for wheat, feed grains, upland cotton, or rice within the farm acreage base must be offset by an equal decrease in the wheat, feed grains, upland cotton, or rice acreage base on the farm.

The Secretary may suspend the limitation on crop acreage base adjustment in special circumstances and county ASC committees may consider, in accordance with regulations prescribed by the Secretary, special and unusual circumstances with regard to establishment of crop acreage bases.

(f) The *House* bill will require the Secretary to provide for establishing program yields for wheat, feed grains, upland cotton, and rice for each crop year for each farm. Specifically—

(A) the ASC county committee would determine farms' program yields for commodities for any crop year beginning with the 1986 crop year. Subject to the rules described in clauses (B) and (C), and except as otherwise provided regarding assigned yields, a farm's program yield for a commodity for any crop year would be the average of the actual yield per harvested acre on the farm for the commodity for each of the five crop years immediately preceding the crop year involved, excluding the crop years with the highest and lowest yields per harvested acre, and any crop year in which the commodity was not planted on the farm;

(B) a farms's program yield for a commodity for any crop year could not be more than 150 percent nor, except as described in clause (C), less than 90 percent of the farms's program yield for the commodity for the immediately preceding crop year; and

(C) a farm's program yield for a commodity for the 1986 crop year could not be less than the yield established for the 1985 crop year.

The county committee could adjust the program yields for any farm within the county to the extent that the committee determines that (A) a significant change in any farming practice on the farm will materially and permanentaly affect the yields for the farm, or (B) because of the occurrence of a natural disaster or other similar condition beyond the control of the producer, the program yields for the farm do not accurately reflect the productive potential of the farm.

In the case of any farm for which the actual yield per harvested acre for any crop year is not available, the county committee could assign the farm a yield for the commodity involved for the crop year on the basis of actual yields on farms that the committee determines are similar to the farm with respect to size, location, and farming practices. (Sec. 1002.)

The *Senate* amendment provides that a farm's program payment yield for each of the 1986 through 1989 crops of wheat, feed, grains, upland cotton, or rice will be the average of the *farm program payment yields* for the farm for the 1981 through 1985 crops of the commodity involved, excluding the years in which the payment yields were the highest and the lowest.

If none of the commodity was produced on the farm, or no farm program payment yield was established for the farm, in any of the 1981 through 1985 crops, the farm program payment yield would be established at the request of the producers, on the basis of the average farm program payment yield for such year for similar farms in the county or the State in which the farm is located. If the Secretary determined it necessary, the Secretary could establish national, State, or county program payment yields for a commodity on the basis of—

(A) historical yields, as adjusted by the Secretary to correct for abnormal factors affecting such yields in the historical period; or

(B) if such data are not available, the Secretary's estimate of actual yields for the crop year involved.

If national, State or county program payment yields for a commodity are established, the total farm program payment yields for the commodity would have to balance to the national, State or county program payment yields. (Secs. 407, 5601, 601, and 701.)

(f) The *Conference* substitute requires the Secretary of Agriculture to establish farm program payment yields for wheat, feed grains, upland cotton, and rice for the 1986 through 1990 crop years. For the 1986 and 1987 crop years, such program payment yields are to be established based upon the average of farm program payment yields during the crop years 1981 through 1985, excluding the high and low years.

For the 1988 through 1990 crop years, the Secretary is authorized to continue to calculate yields based on the average of the farm program payment yields for the 1981 through 1985 crop years, excluding the high and low years. Or, at his discretion, the Secretary may begin to phase in actual yields for the most recent crop in a five-year average of program yields and actual yields.

If a farm program payment yield was not established in any crop year, the ASC County Committee, in accordance with regulations prescribed by the Secretary, may assign a farm program payment yield based upon farm program payment yields for similar farms in the area.

(g) The *House* bill would assign to the county ASC committees certain specific responsibiities under the bases and yields system under the bill. Effective for each of the 1986, and subsequent crop years, each county committee, at such time and in such manner as the Secretary prescribes by regulation, would ask any producer who seeks to be considered a cooperator, or otherwise participate in the commodity programs, under the Agricultural Act of 1949 with respect to a farm for a crop year to specify the total number of acres on the farm planted to wheat, feed grains, upland cotton, and rice for harvest in each of the five crop years immediately preceding such crop year, and the total number of acres on the farm planted to each such commodity in each crop year for harvest. Before the beginning of the crop year, the county committee would (A) establish or adjust the farm acreage base and each crop acreage base for the crop year for the farm on the basis of such information; and (B) notify each such producer of the farm acreage base and each crop acreage base that will apply to the farm for such crop year. Each county committee, in accordance with regulations prescribed by the Secretary, would maintain records of the farm acreage base for each farm operated by a producer within the county and the crop acreage base for each program crop produced on the farm. The records of the farm acreage bases and crop acreage bases for the 1986 crop would have to reflect the determinations made under the bill and include (A) any crop planting history for any farm submitted to the county committee by a producer; and (B) any construction of any planting history for any farm of the producer made by the county committee to the extent provided for in the bill.

With respect to yields, again effective for each of the 1986 and subsequent crop years, each county committee, at such time and in such manner as the secretary prescribes by regulation, would request any producer who seeks to be considered a cooperator, or otherwise participate in the commodity programs, under the Agricultural Act of 1949 for a crop year to supply information necessary for determining the program yield for any wheat, feed grains, upland cotton, or rice produced on any farm within the county by the producer for the crop year. Later, the county committee would notify each producer of yield determinations for each crop year. Each county committee, in accordance with regulations prescribed by the Secretary, would maintain records of the program yields for any crop year for any farm operated by a producer within the county. The records of program yields for a farm for any crop year would have to reflect the determinations made under the bill and include (A) any crop history for the five crop years immediatly preceding the 1986

crop year that is submitted to the county committee by the producer; (B) any constuction of crop yield history for the farm made by the county committee to the extent provided under the bill; (C) the actual yield per harvested acre for the farm for the 1986 and each subsequent crop year; and (D) any adjustment in the program yield made by the county committee under the bill. (Sec. 1031.)

The *Senate* amendment contains no comparable provisions.

(g) The *Conference* substitute provides that county ASC committees may require, in accordance with regulations prescribed by the Secretary, producers to provide evidence of planting and production history in order to establish such bases and yields.

(h) The *House* bill will authorize each ASC county committee, with respect to any farm located within the county for which the farm acreage base and crop acreage bases cannot be established under the general rules applicable for determining farm acreage bases and crop acreage bases (such as when a new farm is established), to provide for the establishment of such bases in a fair and equitable manner in accordance with regulations that the Secretary must publish no later than sixty days after enactment of the bill. However, no bases could be so established for a farm if the producer on the farm is subject to sanctions under any provision of Federal law for cultivating highly erodible land or converted wetland. (Sec. 1002.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute adopts the House provision.

(i) The *House* bill provides that, for purposes of determining any *farm acreage base* or crop acreage base, the number of acres on a farm planted to wheat, feed grains, upland cotton, or rice in a crop year will include any acreage that, under any other provision of law, is reserved from production for the crop year because of the participation of the producers on the farm in an acreage or crop limitation program under such provisions of law (including acreage taken out of production of the program crop in excess of the acreage required to be reserved from production), except to the extent that such acreage is planted to soybeans. For purposes of determining any farm acreage base, the number of acres on a farm planted to wheat, feed grains, upland cotton, or rice in a crop year also will include any acreage that—

(A) is devoted by the producers on the farm to a conserving use during the crop year in the normal course of farming operations, as determined by the ASC county committee under the Secretary's regulations;

(B) the producers were unable to plant to the commodity (or if planted to the commodity, were unable to harvest) during the crop year because of the occurrence of a natural disaster or other similar condition beyond the control of the producers, as determined by the county committee;

(C) except as described in the next sentence, was planted to soybeans.

In any crop year that acreage on a farm planted and considered planted (as described above) to wheat, feed grains, upland cotton, and rice, combined, before the application of the rule described in this sentence, would exceed the farm acreage base for the farm for the crop year, and such determination would not occur but for the planting of soybeans, a number of acres equal to the difference between (A) the total of (i) the acreage on the farm devoted to wheat, feed grains, upland cotton, and rice, and (ii) the acreage on the farm planted to soybeans, and (B) the farm acreage base for the farm for the crop year, will not be considered as planted to program crops for the purposes of the preceding sentence.

If a county committee determines that the occurrence of a natural disaster or other similar condition beyond the control of the producer prevented the planting of wheat, feed grains, upland cotton, or rice on any farm within the county (or substantially destroyed any such commodity after it had been planted but before it had been harvested), under regulations prescribed by the Secretary, the producer could plant any other commodity, including wheat, feed grains, upland cotton, or rice, on the acreage of the farm that, but for the occurrence of such disaster or other condition, would have been devoted to the production of the commodity. For purposes of determining the farm acreage base, the crop acreage base, or the eligibility of the producer to be considered a cooperator, or otherwise participate in a commodity program, under the Agricultural Act of 1949, any acreage on the farm on which a substitute crop, including any program crop, is so planted would be taken into account as if such acreage had been planted to the commodity for which the other commodity was substituted. (Sec. 1002.)

The *Senate* amendment provides that, for the purposes of determining acreage bases, acreage planted to wheat, feed grains, upland cotton, or rice for harvest will include—

(A) any reduced acreage, diverted acreage, and (except for wheat) set-aside acreage; and

(B) any acreage that producers were prevented from planting to the commodity or other nonconserving crops in lieu of the commodity because of drought, flood, or other natural disaster, or other conditions beyond the control of the producers. Also, the Secretary could make adjustments in bases to reflect established crop rotation practices and other factors the Secretary determines should be considered in determining fair and equitable bases. (Secs. 407, 501, 601, and 701.)

(i) The *Conference* substitute provides that for purposes of determining farm acreage bases or crop acreage bases, acres planted for harvest of program crops, acres prevented from being planted due to natural disaster or conditions beyond the control of producers, acres diverted from production for purposes of compliance with an acreage limitation or set-aside program, conserving use acres, and acreage taken out of production of the program crop in excess of the acreage required to be reduced from production, and acres planted to soybeans may be considered in accordance with provisions for establishing farm acreage bases and crop acreage bases.

(j) The *House* bill specifically will direct the Secretary to establish, by regulation, an appeal procedure under which a person who is adversely affected by any bases or yields determination made under the bill can seek administrative review of the determination. (Sec. 1001.)

The *Senate* amendment contains no comparable provisions.

The *Conference* substitute provides that the Secretary shall establish an administrative review procedure which provides for administrative review of determinations made with respect to farm acreage bases, crop acreage bases and farm program payment yields.

(j) The House bill specifically will direct the Secretary to establish, by regulation, an appeal procedure under which a person who is adversely affected by any bases or yields determination made under the bill can seek administrative review of the determination. (Sec. —.)

The Senate amendment contains no comparable provision.

(3) Repeals and suspensions

The House bill, effective beginning with the 1986 crop of wheat, feed grains, upland cotton, and rice, will repeal or amend a number of provisions of permanent law. Some would be replaced by new permanent law provisions that are described in item (4) below. Specifically, provisions relating to (A) marketing quotas, acreage allotments, farm marketing quotas, and marketing certificates for wheat, and (B) cotton allotments and marketing quotas, would be repealed. (Secs. 1003 and 1005.)

The Senate amendment will suspend, for the life of the bill, the provisions of permanent law superseded by the bill's provisions relating to wheat and upland cotton. (Secs. 409-411, and 602.)

The Senate amendment also provides that the acreage allotments for the 1977 crop of upland cotton will be the preliminary allotments for the 1990 crop. (Sec. 606.)

The Conference did not include this section.

(4) Cooperator price support under permanent law

(a) The House bill, effective beginning with the 1986 crops, will amend the Agricultural Act of 1949 to limit the availability of price support under the permanent price support provisions of the 1949 Act to cooperators, and define the term "cooperator". Specifically, the House bill will amend the 1949 Act by—

(A) limiting, to tobacco and peanuts, the applicability of the permanent price support provisions of section 101 of the 1949 Act tied to marketing quotas;

(B) providing that the provisions of section 101 setting out permanent price support rules in cases in which producers have disapproved quotas is to apply only to peanuts;

(C) providing that the provisions of section 101 relating to the permanent level of price support to noncooperators shall not apply to wheat, corn, upland cotton, and rice;

(D) striking out, in the permanent provisions of section 103 of the 1949 Act relating to cotton, references to marketing quotas;

(E) in the permanent provisions of section 105 of the 1949 Act relating to price support levels for feed grains, substituting the term "cooperators" for "producers";

(F) in section 107 of the 1949 Act, striking out various provisions relating to permanent price support provisions for wheat; and

(G) redefining the term "cooperator" in section 408 of the 1949 Act to mean (i) with respect to wheat, feed grains, upland cotton, and rice, a "cooperator" as that term is defined in section 101(e) of the Act (described in paragraph (b) below, and (ii) with respect to any other basic agricultural commodity, producer on whose farm the acreage planted to the commodity does not exceed the farm acreage allotment for the commodity under title III of the Agricultural Adjustment Act of 1938. (Sec. 1004.) The *Senate*

amendment contains no comparable provisions.

(b) The *House* bill will add to section 101 of the Agricultural Act of 1949 a new subsection (e) (relating to "cooperators") providing that—

(A) only a producer who is a cooperator for any crop for any farm will be eligible for any loan or purchase under any price support program carried out by the Secretary for rice, upland cotton, feed grains, or wheat for the crop under section 101, 103(a), 105, or 107 (so-called "permanent law" provisions) of the 1949 Act;

(B) a producer of any such commodity will be considered a cooperator for a crop with respect to a farm if the producer has established and maintained a farm acreage base for the crop year involved for the farm, and a crop acreage base for the crop year involved for each such commodity produced on the farm, and (i) the number of acres on the farm planted to all such commodities for harvest by the producer for the crop year does not exceed the farm acreage base for the farm for the crop year, except to the extent that such excess is due to an established practice of double cropping, and (ii) the number of acres on the farm planted to each such commodity for harvest by the producer for the crop yeasr does not exceed the crop acreage base for the commodity for the farm for such crop year;

(C) the Secretary of Agriculture could suspend, on a nationwide basis, any farm acreage base limitation or any crop acreage base limitation with respect to a crop of a commodity if the Secretary determines that (i) a short supply or other similar emergency situation exists with respect to any such commodity; or (ii) market factors exist that require the suspension of any limitation to achieve the purposes of the farm and crop acreage base and program yield system established under the bill (as described in item (2) above); and

(D) notwithstanding the provisions described in clause (B) above, the Secretary, on a nationwide basis, could consider a producer a cooperator on a crop-specific basis, regardless of overall plantings on the farm. For any crop of rice, upland cotton, feed grains, or wheat produced on a farm by the producer, the Secretary could consider the producer a cooperator if (i) the producer has established and maintained a farm acreage base and a crop acreage base.

The Conference did not include this section.

SUBTITLE B—HONEY

(1)b Honey price support

The Senate amendment requires the Secretary of Agriculture, for each of the 1986 through 1988 crops of honey, to support the price of honey through loans, purchases, or other operations at such level as the Secretary determines will maintain the competitive relationship of honey in domestic and export markets after taking into consideration the cost of producing honey, supply and demand conditions, and world prices for honey. Beginning with the 1989 crop of honey, the Senate amendment prohibits supporting the price of honey through loans, purchases, or other operations. (See 1101.)

The House bill contains no comparable provision.

(Note: Under current law, the price of honey must be supported through loans, purchases, or other operations at a level not in excess of 90 percent, nor less than 60 percent, or the parity price on honey.)

The Conference substitute adopts a substitute amendment which provides for a reduction in the loan level to 64¢ in 1986, 63¢ in 1987, and further reductions of five percent per year in each of 1988, 1989, and 1990. The section also gives the Secretary the authority to permit producers to repay their loans at a level that is the lesser of the loan level determined for the crop year, or such level as the Secretary determines will minimize the number of loan forfeitures, not result in excessive total stocks of honey, reduce the costs incurred by the government and maintain the competitiveness of the honey industry. The Secretary may also make payments available to producers who agree to forgo loans in return for such direct payments. (See 1041.)

(2) Penalties for pledging adulterated or imported honey

The Senate amendment provides that if the Secretary determines that a person has knowingly pledged adulterated or imported honey as collateral to secure a price support loan the person would, in addition to any other penalties or sanctions prescribed by law, be ineligible for a loan, purchase, or payment for honey for the 3 crop years succeeding the determination. For purposes of this provision, honey would be considered adulterated if any substance were substituted wholly or in part for such honey; the honey contains a poisonous or deleterious substance that may render the honey injurious to health, except that in any case in which such substance is not added to the honey, the honey would not be considered adulterated if the quantity of the substance in or on the honey does not ordinarily render it injurious to health; or the honey is for any other reason unsound, unhealthy, unwholesome, or otherwise unfit for human consumption. (See. 1101.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision regarding penalties for pledging adulterated or imported honey. (See 1041.)

TITLE XI—TRADE

(1) Public Law 480 Title II funding

(a) The House bill raises the existing $1 billion annual limitation on Title II programs to $1.2 billion. (Sec. 1101.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(b) The House bill changes the Title II programs from the calendar year basis in existing law, to a fiscal year basis. (Sec. 1101)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The House bill authorizes the President to waive the program authorization ceiling if the President determines that such waiver is necessary to undertake programs of assistance to meet urgent humanitarian needs. (Sec. 1101.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(1A) Public Law 480 Title II minimums

The Senate amendment provides that the minimum quantity of agricultural commodities distributed under Title II for each of the fiscal years 1986 through 1989 shall be 1,900,000 metric tons, of which not less than 1,425,000 metric tons for nonemergency programs shall be distributed through nonprofit voluntary agencies, cooperatives, and the World Food Program; unless the President determines and reports to the Congress together with his reasons, that such quantity cannot be used effectively to carry out the purposes of this title.

The House amendment contains no comparable provision.

The Conference substitute provides that the minimum quantity of commodities distributed under Title II for each of the fiscal years 1987 through 1990 shall be 1,900,000 metric tons, of which not less than 1,425,000 metric tons shall be for nonemergency programs distributed through nonprofit voluntary agencies, cooperatives, and the World Food Program.

(2) Public Law 480 Title II—fortified or processed foods and nonprofit agency proposals

(a) The House bill requires that no less than 75 percent of the agricultural commodities made available for distribution for nonemergency programs shall be fortified or processed food. (Sec. 1102.)

The Senate amendment requires the President to ensure that at least 75 percent of the quantity of such commodities for such programs be in the form of processed or fortified products or bagged commodities. (Sec. 123.)

The Conference substitute adopts the Senate amendment.

(b) The House bill authorizes the President to waive the requirement under paragraph (a) or make available a smaller percentage of fortified or processed food than required under paragraph (a) during any fiscal year in which the President determines that the requirements of such programs will not be best served by the distribution of fortified or processed food in the amounts required. (Sec. 1102.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The House bill provides that, in making agricultural commodities available for distribution, the President shall consider the nutritional assistance to the recipients and benefits to the United States that would result from distributing such commodities in the form of processed milk and plant protein products, as well as fruit, nut, and vegetable products. (Sec. 1102.)

The Senate amendment provides that, in distributing agricultural commodities under this title, the President shall consider (A) the nutritional assistance to recipients and benefits to the United States that would result from distributing such commodities in the form of processed and protein-fortified products, including processed milk, plant protein products, and fruit, nut, and vegetable products; (B) the nutritional needs of the proposed recipients; and (C) the cost effectiveness of providing such commodities, for purposes of selecting commodities for distribution under nonemergency programs. (Sec. 123.)

The Conference substitute adopts the Senate amendment.

(d) The House bill requires that any request by a nonprofit or voluntary agency for agricultural commodities for a nonemergency food program under title II shall include—(1) a statement of the intended use of any foreign currency proceeds generated by such agency through the use of commodities made available for such program; and (2) a statement of any possible detrimental

disruption of traditional cultural food consumption habits that might arise from the distribution of commodities under such program. (Sec. 1102.)

The Senate amendment requires a nonprofit voluntary agency requesting a nonemergency food assistance agreement to include in such request a description of the intended uses of any foreign currency proceeds that would be generated with the commodities provided under the agreement. This provision will apply with respect to assistance agreements entered into after December 31, 1985. (Sec. 124.)

The Conference substitute adopts the Senate amendment.

(e) The Senate amendment amends title II by adding certain new provisions regarding food assistance programs carried out by voluntary agencies:

(1) Such agreements must provide, in the aggregate for each fiscal year, for the use of foreign currencies in an amount not less than 5 percent of the aggregate value of the commodities distributed under the title II nonemergency programs for that fiscal year.

(4) The above provisions apply with respect to assistance agreements entered into after December 31, 1985. (Sec. 124.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate amendment with regard to issue (1) and deletes the Senate amendment with regard to (2) and (3). With respect to issue (4) of the Senate amendment, the Conference substitute changes the effective date to December 31, 1985.

(f) The Senate amendment states that it is the sense of Congress that the President is encouraged to invite representatives of nonprofit voluntary agencies that participate in the programs carried out under title II of P.L. 480 and others to participate in a task force to study the means of providing food assistance under the Act to people with the greatest nutritional need in the recipient countries. If established the task force should report to Congress by February 15, 1986 on steps that could be taken to provide food to such people. (See 124.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

(3) P.L. 480 Extension

The House bill extends the P.L. 480 sales and assistance authorities from December 31, 1985, to December 31, 1990. (Sec. 1103.)

The Senate amendment extends these authorities to December 31, 1989. (Sec. 126.)

The Conference substitute adopts the House provision.

(4) Facilitation of exports

The House bill expresses the Sense of Congress that the President should work with the People's Republic of China to facilitate exports to China under P.L. 480 and Section 416 of the Agricultural Act of 1949, including dairy products and white wheat, with a view to increasing markets in China for those commodities; and that the President to the extent practicable should respond favorably to any request of the People's Republic of China for such commodities. (See 1104.)

The Senate amendment contains no comparable provision.

The Conference substitute expresses the Sense of Congress that the President should work with the People's Republic of China to facilitate agricultural exports to the People's Republic of China.

It is the intent of the conferees that the exports include dairy products and white wheat.

(5) P.L. 480 farmer-to-farmer program

The House bill provides that notwithstanding any other provision of law, not less than one-tenth of 1 percent of P.L. 480 funds for fiscal years 1986 and 1987 must be used for one farmer-to-farmer technical assistance program authorized under section 406 of P.L. 480. Not more than one fourth of these funds can be used for activities through universities for recruitment and training, and these activities must be in direct support of the farmer-to-farmer program. Such funds shall be administered whenever possible in conjunction with programs of foreign agricultural assistance carried out under sections 296 through 300 of the Foreign Assistance Act of 1985.

The House bill also requires a report by the AID Administrator in conjunction with the Secretary of Agriculture, within 120 days after the date of enactment indicating the manner in which the Agency intends to implement the farmer-to-farmer program. (Sec. 1105.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provisions.

(6) Food for development program

The Senate amendment amends section 302(c)(1)(C) of the Agricultural Trade Development and Assistance Act of 1954 to set the aggregate value of Food for Development agreements made in any fiscal year at 10 percent of the aggregate value of all title I agreements for that fiscal year. (Sec. 125.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(7) Use of surplus commodities in international programs (Section 416)

(a) The House bill applies the existing section 416 requirement for coordination of donations abroad through the mechanism established by the President under P.L. 480 to donations under the revised program. (Sec. 1106.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The House bill specifies the commodities eligible for distribution under the section 416 program as follows—

(A) dairy products, grains and oilseeds acquired by the Commodity Credit Corporation through price support operations; and

(B) such other edible agricultural commodities as the Secretary of Agriculture or the CCC may acquire in the normal course of operations and are available for disposition under the program. (Sec. 1106.)

The Senate amendment specifies the commodities eligible for the section 416 program to include all agricultural commodities and products acquired by the CCC through price support operations that meet the criteria specified in subsection (a) section 416 (distribution to prevent waste). (Sec. 127.)

The Conference substitute adopts the House provision.

(c) The House bill prohibits the acquisition of commodities by the Secretary or the CCC for the purpose of using them under the section 416 program. (Sec. 1106.)

The Senate amendment contains no authority to purchase commodities under section 416(b) and specifies that if the quantity of eligible commodities available for distribution for a fiscal year is less than 400,000 metric tons, other provisions of the section do not require the Secretary to purchase additional commodities. (Sec. 127.)

The Conference substitute adopts the House provision.

(d) The House bill states that commodities may not be furnished for disposition to any country except on determinations by the Secretary that (1) the receiving country has the absorptive capacity to use the commodities efficiently and effectively; and (2) such disposition of the commodities will not interfere with usual marketings of the United States, nor disrupt world prices of agricultural commodities and normal patterns of commercial trade with developing countries.

The House bill also requires the Secretary to take reasonable precautions to ensure that—

(1) commodities furnished under this subsection will not displace or interfere with sales that otherwise might be made; and

(2) sales or barter will not unduly disrupt world prices of agricultural commodities nor normal patterns of commercial trade with friendly countries.

The House bill prohibits commodities from being made available that will prevent the Secretary from fulfilling any agreement entered into by the Secretary under a payment-in-kind program. (Sec. 1106.)

The Senate amendment provides that in furnishing commodities under section 416, the Secretary must take reasonable precautions to (1) safeguard usual marketings of the United States and (2) assure that donations under this section will not unduly disrupt world prices of agricultural commodities or normal patterns of commercial trade with friendly countries.

The Senate amendment limits the requirement for the safe guarding of usual marketings by specifying that this requirement may not be used to prevent the furnishing of an eligible commodity under section 416(b) for use in countries that—

(1) have not traditionally purchased the commodity from the United States; or

(2) do not have adequate financial resources to acquire the commodity from the United States through commercial sources or through concessional sales arrangements.

The Senate amendment allows the Secretary of Agriculture, in consultation with the Administrator of the Agency for International Development to waive, with respect to sales to generate foreign currencies (monetization), application of the requirement of section 103 that the President take reasonable precautions to safeguard usual marketings of the United States and to assure that such sales will not unduly disrupt world prices of agricultural commodities or normal patterns of commercial trade with friendly countries. (Sec. 127.)

The Conference substitute adopts the House provisions with an amendment limiting the requirement for the safeguarding of usual marketings by specifying that this requirement may not be used to prevent the furnishing of an eligible commodity under section 416(b) for use in countries that—

(1) have not traditionally purchased the commodity from the United States; or

(2) do not have adequate financial resources to acquire the commodity from the United States through commercial sources or through concessional sales arrangements.

(e) The House bill authorizes the Commodity Credit Corporation to pay in cash (under the provisions of section 203 of Public Law 480) or in the form of eligible

commodities for the processing and domestic handling costs of donated commodities if the Secretary determines that such in-kind payments will not disrupt domestic markets. (Sec. 1106.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(f) The House bill provides that eligible commodities may be sold or bartered to finance the distribution, handling, and processing costs in a country through which such commodities or products must be transshipped. (Sec. 1106.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(g) The House bill authorizes the sale and barter of commodities furnished to nonprofit and voluntary agencies or cooperatives under agreements in which the foreign currency proceeds are used for activities that will directly supplement the transportation, distribution and use of the commodities and products donated. (Sec. 1106.)

The Senate amendment provides that if requested by a nonprofit voluntary agency or cooperative, an agreement for eligible commodities made available for use by the nonprofit voluntary agency or cooperative may provide for the use of foreign currency proceeds for activities that will enhance the effectiveness of the food assistance program being carried out pursuant to the commodity agreement. Under the Senate amendment, such activities may include food for work programs, local program management, local agricultural and cooperative development projects, and outreach projects designed to provide food to people with the greatest nutritional need, if such activities are directly related to the nonprofit voluntary agency's or cooperative's food assistance program. (Sec. 127.)

The Conference substitute adopts the House provision with an amendent deleting "directly supplement the transportation, distribution, and use of commodities and products donated under this subsection." and inserting in lieu thereof: "enhance the effectiveness of transportation, distribution, and use of commodities and products donated under this subsection, including food for work programs, and cooperative and agricultural projects."

(h) The House bill requires expenditure of such currencies within one year of the acquisition of the currencies, such expenditure to be within the country of origin, except as needed to expedite the transportation of commodities and directly supplement the transportation, distribution and use of commodities furnished in connection with such foreign sale agreements. (Sec. 1106.)

The Senate amendment requires that all foreign currencies generated pursuant to an agreement with a nonprofit voluntary agency or cooperative be expended within one year after the period of the agreement. (Sec. 127.)

The Conference substitute adopts the House provision.

(i) The House bill requires that 5 percent of the commodities provided under section 416 be provided for subsequent sale, except that such minimum does not apply to the extent there are insufficient requests for use of the local currency sales, or with respect to commodities made available in the new Food for Progress Program (item 8) below.

The *Senate* amendment requires, that to the extent practicable, that 5 percent of the aggregate value of commodities provided under section 416, be provided for subsequent sale. (Sec. 127.)

The Conference substitute adopts the House provision with an amendment to make the 5% applicable to the aggregate value of commodities.

(j) The House bill contains a prohibition against the use of proceeds from the sale or barter of section 416 commodities and products for operating and overhead expenses. (Sec. 1106.)

The Senate amendments prohibits the use of such proceeds (1) for personnel or administrative costs incurred by a U.S. or recipient agency, other than cooperative; (2) for costs of construction or maintenance of a church-owned or operated edifice; or (3) to replace of resources otherwise available to a nonprofit voluntary agency or cooperative. (Sec. 127.)

The Conference substitute adopts the House provision with an amendment allowing proceeds to be used for personnel or administrative costs of a local cooperative.

(k) The House bill requires the Secretary to issue regulations governing sale and barter and the use of foreign currency proceeds under the donation program that will provide reasonable safeguards to prevent abuses. The Secretary is required to report by April 1, 1987, and annually thereafter, on sales and barters and use of foreign currency proceeds. The report must contain information on the quantity of sales, the amount of funds generated, the use of the funds, and an appraisal of the effectiveness of the program. (Sec. 1106.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision with an amendment changing the reporting date to February 15 and requiring that the Secretary of Agriculture be responsible for regulations governing sale and barter and the use of foreign currency sales. The amendment further provides that recipients of this donation program report to the Secretary of Agriculture on December 31, 1986, and at least annually thereafter on the quantity of commodities received, the amount of funds (including dollar equivalents for foreign currencies) and value of services generated from such sales and barters, how such funds and services were used, and the amount of foreign currency proceeds that were used in the program.

(l) The House bill requires the Secretary to make available an annual minimum tonnage under section 416 (but not for the food for progress program) as follows: The minimum tonnage will be—

(i) 1.0 million tons in fiscal 1986 and 600,000 tons in fiscal 1987 of grains and oilseeds, or 10 percent of CCC uncommitted yearend stocks, whichever is less; and

(ii) at least 150 thousand tons of dairy products or 10 percent of CCC's uncommitted year-end stocks. (Sec. 1106.)

The House bill requires a detailed, written explanation by the Secretary for any year in which the above minimum levels are not made available and any requests for commodity use under this program are rejected. (Sec. 1106.)

The Senate amendment requires a minimum of 650,000 tons of annual disposals of commodities to private voluntary agencies and cooperatives under section 416(b), of which one half must be grains and cereals and of which not less than 150,000 tons must be distributed under the Food for Progress Program. (Sec. 127.)

The Conference substitute adopts the House provision with an amendment providing for 500,000 metric tons of grains and oilseeds or 10 percent of CCC uncommitted year-end stocks, whichever is less, and 10 percent of CCC uncommitted yearend daily stocks, but not less than 150,000 tons for fiscal years 1986 through 1990 for agreements with private voluntary organizations and cooperatives and in government-to-government programs and the World Food Program. The conferees encourage the Secretary to give priority to private voluntary organizations and cooperatives in entering into agreements for unused commodities under this program. Of this amount, 75,000 metric tons shall be distributed under the Food for Progress Program.

(8) Food for progress program

(a) The House bill amends title III of the Agricultural Trade Development Assistance Act of 1954 by adding a new section 311 to authorize the President to negotiate and carry out multiyear agreements with developing countries, that have made commitments to agricultural policy reforms, providing for the furnishing of agricultural commodities to such countries, on a credit or grant basis, to support reform and implementation of agricultural policy decisions based on free market principles. (Sec. 1107.)

The Senate amendment amends section 416 of the Agricultural Act of 1949 by adding a new subsection that provides, notwithstanding any other provision of law, in order to use the food resources of the United States more effectively in support of countries that have made commitments to introduce or expand free enterprise elements in their agricultural economies through changes in commodity pricing, marketing, input availability, distribution, and private sector involvement, commodities and the products thereof acquired by the Commodity Credit Corporation that the Secretary determines meet the specified in section 416(a) (prevention of waste), may be furnished by the Secretary to carry out certain agreements entered into by the President. The President may enter into agreements with developing countries to furnish commodities and the products thereof made available under the program to such countries to promote the implementation of private, free enterprise agricultural policies for long-term agricultural development. Such commodities shall be furnished on such terms and conditions as the President considers are in the public interest and will promote the objectives of the program. (Sec. 128.)

(b) The House bill requires that before entering into such agreements the President shall be satisfied that such country is committed to certain specified policies. (Sec. 1107.)

The Senate amendment requires the President to consider—(1) whether a potential recipient country is committed to the same policies listed in the House bill, with the additional policies that may provide for construction of facilities and distribution systems necessary to handle perishable products; and (2) the ability to use the quantity of commodities being considered for donation without disruption of the internal market of the country for domestically produced agricultural commodities and the products thereof. (Sec. 128.)

(c) The House bill provides that notwithstanding any other provision of law, the

Commodity Credit Corporation may use funds to carry out this program that have been appropriated to carry out title I of P.L. 480. The Commodity Credit Corportion may finance the sale and exportation of commodities furnished to a developing country under this section. The Commodity Credit Corportion shall make available to the President such agricultural commodities determined to be available under section 401 as the President may request for purposes of furnishing commodities on a grant basis under this section.

The House bill provides that any new spending authority provided shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance in appropriation Acts. (Sec. 1107.)

The Senate amendment provides that no funds of the Commodity Credit Corporation in excess of $30,000,000 (exclusive of the cost of commodities) any be used to carry out this subsection unless authorized in advance in appropriation Acts. (Sec. 128).

The Senate amendment authorizes the Commodity Credit Corporation to purchase agricultural commodities and the products thereof if (1) the Commodity Credit Corporation does not hold stocks of such commodities and the products thereof; or (2) Commodity Credit Corporation stocks are insufficient to satisfy commitments made in agreements entered into under this subsection and such commodities and the products thereof are needed to fulfill such commitments.

(d) The Senate amendment provides that—

(1) An agreement entered into under this program shall prohibit the resale or transshipment of the donated agricultural commodities to other countries.

(2) In entering into agreements with countries for the donation of agricultural commodities and the products thereof under this subsection, the President shall take reasonable precautions to avoid displacement of any sales of United States agricultural commodities and the products thereof that would otherwise be made to such countries.

(3) Section 203 of the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1723) shall apply to agricultural commodities furnished under this subsection.

(4) The cost of the commodites furnished under this subsection, and the expenses incurred in connection with furnishing such commodites, shall be in addition to the level of assistance programmed under the Agricultural Trade Development and Assistance Act of 1954 and may not be considered expenditures for internal affairs and finance.

(5) The President must carry out the duties imposed under this program through the National Security Advisor in the Executive Office of the President. The National Security Advisor, with the approval of the Secretary, may use personnel of the Department of Agriculture in carrying out this subsection.

(6) Within 120 days after the close of each fiscal year in which an agreement entered into with a country under this subsection is in effect, the President shall report to the House and Senate Agriculture Committees on the status of such agreement and the progress being made to implement private, free enterprise agricultural policies for long-term agricultural development.

(7) The program shall be effective during the period beginning October 1, 1985, and ending September 30, 1989. (Sec. 128.)

The House bill specifies that section 203 of the Act applies to commodities furnished on a grant basis to a developing country under this program. (Sec. 1107.)

(e) The Senate amendment specifies that a minimum of 150,000 tons and not more than 500,000 metrics tons of commodities may be furnished in each of the fiscal year ending September 30, 1986, September 30, 1987, September 30, 1988, and September 30, 1989. (Secs. 127, 128.)

The House bill contains no comparable provision.

(f) The House bill provides that payment by a developing country for commodities purchased on credit terms shall be on the same basis as the terms provided in section 106 of P.L. 480. (Sec. 1107.)

The Senate amendment gives the President discretion to set the terms and conditions under which the commodities will be furnished. (Sec. 128.)

(g) the Senate amendment requires that the President report to the oversight committees on the status of the program within 120 days after the close of each fiscal year. (See. 128.)

The House bill contains no comparable provision.

The Conference substitute combines the House and Senate provisions in a new, free-standing "Food for Progress Act of 1985".

The new act authorizes the President to enter into agreements to provide food to countries to promote the implementation of private, free enterprise agricultural policies for agricultural development. Commodities provided under this Act would be bonuses above and beyond any assistance a country normally receives from the United States, and may be provided through authorities under Title I of Public Law 480 or Section 416 of the Agriculture Act of 1949.

The President is authorized to enter into multi-year commitments. In determining whether to enter into a Food for Progress agreement, the President shall consider whether the recipient country is carrying out or is committed to carry out policies that promote economic freedom, private, domestic production of food commodities for domestic consumption, and the creation and expansion of efficient domestic markets for the purchase and sale of such commodities; and whether the country is able to use the commodities without disruption of the internal market of the country for domestically produced agricultural commodities.

The substitute provides that not less than 75,000 tons be provided annually through Section 416 authorities for use under this act, provided there are a sufficient number of qualified participants to utilize this quantity. No more than 500,000 tons of commodities could be provided under this program in any year. However, the President is encouraged to utilize the entire 500,000 tons, provided that there are a sufficient number of qualified participants.

In entering into Food for Progress agreements, the President would be required to take reasonable precautions to avoid displacement of any sales of U.S. agricultural commodities that would otherwise be made to such countries, and any agreement entered into would have to prohibit the resale or transhipment to other countries, of commodities furnished under this Act.

(9) Sales for foreign currencies and private enterprise promotion

(a) The House bill amends section 106(b) of the Agricultural Trade Development Assistance Act to provide for agreements for the sale of agricultural commodities for dollars on credit terms that may provide that proceeds from the sales of the commodities in the recipient country shall be used for such private sector development activities as are mutually agreed upon by the United States and the recipient government. Proceeds used for private sector development activities shall be loaned by the recipient government to one or more financial intermediaries operating within the country for use by those financial intermediaries for loans to private individuals, private and voluntary organizations, corporations, cooperatives, and other entities within such country. As used, the term "private sector development activities" means activities which foster and encourage the development of private enterprise institutions and infrastructure as the base for the expansion, promotion, and improvement of the production of goods and services within a recipient country; and the term "financial intermediaries" includes banks, cooperatives, private and voluntary organizations, and other financial institutions capable of making and servicing loans. (Sec. 1107.)

The Senate amendment amends section 101 of the Agricultural Trade Development and Assistance Act of 1954 by authorizing the President to enter into agreements with friendly countries for the sale of agricultural commodities to such countries for foreign currencies for use in the programs established by the Senate amendment as a new section 108 of the Act.

Sales for foreign currencies for fiscal year 1986, and each fiscal year thereafter, must be made at an annual level of not less than the higher of:

(1) 25 percent of the aggregate value of all sales made under title I of the Act; or

(2) 500,000 metric tons.

In no event, however, can such sales exceed 50 percent of the aggregate value of all sales made under title I of the Act during a fiscal year.

The minimum annual level of sales for foreign currencies may be reduced for fiscal years 1986, 1987, and 1988 if—

(A) there is an insufficient number of approved financial intermediaries that have entered into agreements with the Secretary of Agriculture to carry out the program;

(B) there are insufficient requests for loan funds by financial intermediaries to utilize the foreign currencies generated by such sales; or

(C) the President requires additional time to implement the program, except that, the minimum annual level of such sales for foreign currencies for fiscal year 1986 may not be reduced below 5 percent of all title I sales made during that fiscal year. The floor under the minimum sales for foreign currencies increases to 10 percent for fiscal year 1987 and 15 percent for fiscal year 1988.

Agreements for sales for foreign currency may not be entered into the extent that such agreements would generate currency that could not be productively used and absorbed in the private sector of the purchasing country. Agreements for sales of agricultural commodities for foreign currencies will be made on such terms and conditions as are specified in the sales agreements. (Sec. 128.)

(b) The Senate amendment amends section 103 of the Agricultural Trade Development and Assistance Act of 1954 (P.L. 480) to make conforming amendments. Specifically, section 103(b) is amended to permit any credit sale entered into under title I to include provision for payment in foreign currency for use in the program to be authorized as section 108. Sections 103(d) and 103(n) of P.L. 480 are also amended to

delete specific references to sales agreements for dollars on credit terms, so that these sections will apply to all types of sales now authorized under title I. (Sec. 128.)

Sections 103(m), 103(p), and 103(q) of P.L. 480 are amended to clarify that the requirements in those sections pertaining to the convertibility of foreign currencies are not applicable to foreign currencies received for use in the new lending program.

Section 103(m) of P.L. 480 is also amended to require that foreign currency acquired for use under section 108 of the Act will be converted to dollars pursuant to a schedule for conversion established in the commodity sales agreement. The schedule must provide for conversion to dollars beginning no later than 10 years after the date of the last delivery of commodities under the sales agreement, and be completed no later than 30 years after the date of the last delivery.

Foreign currencies generated under these provisions can be used in the program authorized in section 108. The payment terms sales for foreign currencies may be on such terms as are agreed upon in the agreement.

The House bill contains no comparable provision.

(c) The new section 108, as proposed in the Senate amendment

(1) Gives authority to the President to enter into agreements with financial intermediaries, under which the President would lend to the financial intermediary located or operating in a developing country foreign currency earned from commodity sales to that country. The foreign currency available for lending is limited to currencies generated from sales agreements entered into after the date of enactment of the Agriculture, Food, Trade and Conservation Act of 1985. The purpose of such lending is to foster and encourage the development of private enterprise institutions and infrastructure as the base for increasing the production of food and related goods and services within the developing country.

(2) In order to obtain a foreign currency loan from the President, a financial intermediary must enter into an agreement in which it agrees to make loans to private individuals, cooperatives, corporations or other entities at reasonable rates of interest for the purpose of financing—

(A) Productive private enterprise investment within the country;

(B) Private enterprise facilities for aiding the utilization and distribution, and increasing the consumption of and markets for, United States agricultural commodities and products; or

(C) Private enterprise support of self-help measures and projects.

(3) An agreement between the President and a financial intermediary must specify the terms and conditions under which the foreign currency must be used and subsequently repaid, including the following:

(A) The financial intermediary must, to the maximum extent feasible, give preference to financing agriculturally related private enterprise;

(B) The financial intermediary must repay loans made, plus accrued interest, at such times as will permit conversion of the foreign currency in accordance with the conversion schedule agreed upon, but in no event later than the date specified in section 103(m) of the Act; and

(C) The financial intermediary may repay a loan prior to the repayment date specified in the loan agreement.

(D) An entity or venture receiving funds from a financial intermediary must—

(i) be owned, directly or indirectly, by citizens of the developing country, except that not more than 25 percent of such ownership may be held by citizens of the United States; and

(ii) may not be owned or controlled, in whole or in part, by the Government of the developing country or any governmental subdivision thereof.

(E) the rate of interest charged on loans made to financial intermediaries will be negotiated between the President and the intermediary. A cooperative or nonprofit voluntary agency acting as a financial intermediary may be charged a lower rate of interest than would otherwise be charged in order to defray the start-up costs of becoming a financial intermediary or a foreign currency grant could be made to defray the start-up costs of becoming a financial intermediary.

(F) no foreign currency may be made available to promote the production of agricultural commodities, that as determined by the President would compete in world markets with United States commodities or products.

(G) the President may not condition loan eligibility on a guarantee of repayment made by the developing country in which the borrowing intermediary is located or is operating.

(4) All currencies repaid by financial intermediaries will be deposited and accounted for under the provisions of section 105 of P.L. 480 and, when repaid, may be used to fund additional loans to financial intermediaries; agricultural market development activities; payment of United States obligations; or be converted to dollars.

(5) The loan agreements between the President and the financial intermediaries will be subject to periodic audit. Not later than 180 days after the close of each fiscal year, the President must report to the House and Senate Agriculture Committees on the activities carried out under section 108, including an evaluation of the impact of the lending activities carried out during the preceding year.

(6) The President may provide agricultural technical assistance to further the purposes of the program. The Secretary must, to the maximum extent practicable, use at least 5 percent of the foreign currencies initially obtained for use under section 108 to pay for this assistance. (Sec. 121.)

The House bill contains no comparable provisions.

(b) The Senate amendment amends section 2 of the Agricultural Trade Development and Assistance Act of 1954 (P.L. 480) by adding to the existing statement of policy the policies of using foreign currencies accruing under the Act to foster and encourage the development of private enterprise in developing countries, and the enhancing of food security in developing countries through local food production.

The Senate amendment also includes the Congressional finding that additional steps should be taken to use the agricultural abundance produced by American farmers to relieve hunger and promote long-term food security and economic development in developing countries, in accordance with development assistance policy established under section 102 of the Foreign Assistance Act of 1961, and to promote United States agricultural trade interests. (Sec. 120.)

The House bill contains no comparable provisions.

The Conference substitute combines the House and Senate provisions. It amends Title I of Public Law 480 to authorize the use of foreign currencies accruing from Title I concessional loans for promoting private enterprise in developing countries.

Under these authorities, foreign currencies would be loaned to financial intermediaries in countries purchasing Title I commodities for use in providing loans for private enterprise investment. Financial intermediaries may include banks, financial institutions, cooperatives, nonprofit voluntary agencies, or other organizations or entities, as determined by the President, that have the capability of making and servicing a loan in accordance with this section.

The loans would go to private individuals, cooperatives, corporations, or other nongovernmental entities for productive private enterprise projects.

Funds loaned by financial intermediaries could not be used to finance state-owned entities or ventures, or to produce commodities or products that would compete with U.S. commodities or products. In addition, upon signing Title I agreements making local currencies available for private investment, the President would be required to ensure that notice is placed in publications to make local private enterprise and financial intermediaries aware of the availability of these currencies.

Under authorities provided for in the House provision, the foreign currencies for this private enterprise promotion program would be provided by the host government in an amount equal to the value of the commodities received through Title I sales for dollars on credit terms. The host government-owned currencies would be applied from a jointly programmed account. The host government would continue to pay its P.L. 480 Title I dollar debt to the United States as under current law.

Under authorities provided for from the Senate provision, the President could enter into agreements with friendly countries for the sale of commodities for foreign currencies convertible to dollars for use in private enterprise development.

Included in the agreements would be a schedule permitting the conversion of these currencies to dollars 10 to 30 years following delivery of the commodities. Prior to conversion of these currencies, the President is authorized to loan the currencies to financial intermediaries in purchasing countries for use in private enterprise investment. These loans are to be made at reasonable interest rates consistent with business practices. However, preferential rates of interest or local currency grants may be provided to cooperatives and private voluntary organizations to help defray startup costs of becoming a financial intermediary.

Once the financial intermediaries begin to make repayments of their loans to the President, he may convert such currencies into dollars in accordance with the conversion schedule included in the original sales agreement, reloan the currencies to financial intermediaries to finance additional private investment, use the currencies for agricultural market development, or use the currencies to pay U.S. obligations within the recipient country.

For fiscal years 1986 through 1990, no less than 10 percent of the aggregate value of P.L. 480 Title I agreements are to be made for local currencies for use in this program, provided that this requirement may be waived in any year in which meeting the minimum would result in a significant reduction in the volume of commodities furnished under Title I.

To the maximum extent practicable, at least 5 percent of the foreign currencies generated under these sales agreements may be used to provide agricultural technical assistance, including the funding of market development activities.

In providing for this program utilizing U.S. owned foreign currencies, the managers recognize that some exchange rate risks are entailed in the program. In addition, auditing of this program may be done through certification procedures, distribution of these currencies does not entail restrictions placed on domestic distribution of Federal funds, and the program is not intended to affect currency use payments.

The authorities in the House provision provide for private enterprise promotion actitivies to be operated in conjunction with sales of agricultural commodities for dollars on credit terms. Proceeds from the sales of these commodities in the recipient countries—equal to the value of the commodities provided—shall be placed in jointly programmed, special accounts for use for private sector development activities as are mutually agreed upon by the United States and the recipient countries. These activities would require the loaning of the proceeds to financial intermediaries within the country for the purpose of providing loans to private entities.

For each of the years of the bill, the President is encouraged to channel foreign currencies, in an amount equivalent to 25 percent of the value of Title I sales agreements, for use in loans provided for under the authorities in the Conference substitute, to the extent that there are appropriate proposals for such use.

In providing for these new authorities, the Conferees recognize their consistency with the will of Congress to direct foreign assistance more toward the private sector. Furthermore, the managers intend to judge the performance of the administration of these authorities on the quality of investments made under the program, and not upon the volume of funds directed into financial intermediaries in any recipient country.

The Conferees further intend that the performance of these, and other programs with mandatory minimums or targets be examined thoroughly during the next reauthorization of P.L. 480.

(10) Child immunization programs

The House bill amends the Agricultural Trade Development Act of 1954 (P.L. 480) to include the immunization of children as one of the self-help measures that the President must consider before making an agreement for the sale of commodities to that country. The House bill also authorizes the use of funds make available under title II for the immunization of children. The bill sets a target for the immunization, by fiscal year 1987, of at least three million more children annually than received immunizations under such programs in fiscal year 1985. The increased immunization activity should be undertaken in coordination with similar efforts of other organizations and in keeping with any national plans for expanded programs of immunization. The President must include information concerning such immunization activities in the annual reports required by section 634 of the Foreign Assistance Act of 1961, including a report on the estimated number of immunizations provide each year pursuant to this subsection. (Sec. 1108.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment that deletes the numerical immunization target and substitutes a directive that those organizations and agencies implementing health programs increase the level of immunizations.

(11) Special Assistant for Agricultural Trade and Food Aid

The Senate amendment provides that the President must appoint, with the advise and consent of the Senate, a Special Assistant to the President for Agricultural Trade and Food Aid to serve in the Executive Office of the President.

The Special Assistant would be required to—

(1) assist the President to improve U.S. food assistance programs carried out in foreign countries,

(2) coordinate food assistance programs carried out by the Department of Agriculture and AID,

(3) make recommendations on ways to increase the use of U.S. agricultural commodities through food assistance programs,

(4) advise the President on agricultural trade,

(5) serve as a member of the Development Coordination Committee and as Chairman of the Food Aid Subcommittee, and

(6) issue policy guidelines on food assistance policy.

The Special Assistant would be authorized to—

(1) solicit information and advice from private and governmental sources and recommend a plan to the President and Congress on measures that could be taken—

(A) to promote the export of United States agricultural commodities and products; and

(2) develop and recommend to the President national agricultural policies to foster and promote the United States agricultural industry and to maintain and increase the strength of this sector of the United States economy; and

(3)(A) appraise the various programs and activities of the Federal Government, as they affect the United States agricultural industry, for purposes of determining the extent to which these programs and activities are contributing or not contributing to that industry; and

(B) make recommendations to the President and Congress with respect to the effectiveness of these programs and activities in contributing to the United States agricultural industry. (Sec. 129.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment providing for a Special Assistant to the President for Agricultural Trade and Food Aid who shall advise, assist, and make recommendations over the broad range of United States agricultural export and food aid matters, and expedite program implementation in any instances in which there is unreasonable delay. He shall serve in the Executive Office of the President, but not be in the lines of authority which exist in the Federal Government for the Secretary of Agriculture, the Administrator of the Agency for International Development, and other departmental and agency heads. The duties of the Special Assistant shall include:

Assisting and advising the President in order to improve United States food assistance abroad; receiving suggestions and complaints about the implementation of United States food aid and agricultural export programs of any Federal agency and providing prompt responses thereto, including expediting the implementation in any cases in which there is unreasonable delay;

Making recommendations to the President on means to coordinate the manner in which Federal food aid programs are carried out in order to improve their effectiveness; and making recommendations to the President on measures to be taken to increase use of United States agricultural commodities abroad through foreign food assistance programs;

Advising the President on agricultural trade;

Advising the President on the Food for Progress program and expediting its implementation;

Serving as a member of the Development Coordination Committee and its Food Aid Subcommittee, and advising Federal departments and agencies on their guidelines on food aid policy to the extent necessary to assure the coordination of food aid programs, consistent with law and the Subcommittee's advice;

Submitting an annual report to the President and Congress within one year after the enactment of this Act and annually thereafter through fiscal year 1990, containing a global analysis of world food needs and protection, identifying at least 15 countries which are most likely to emerge as growth markets for agricultural commodities over the next 5-10 years, and a detailed plan for using available export and food aid authorities to increase United States agricultural exports to these target countries.

The duties of the Special Assistant shall also include:

Soliciting information and advice from private as well as governmental sources and recommending to the President and Congress measures that should be taken to promote United States agricultural exports and expand United States agricultural markets abroad;

Recommending to the President national agricultural policies to promote the United States agricultural industry;

Appraising various Federal programs and activities affecting the United States agricultural industry to determine the extent to which they are contributing to the United States agricultural industry and making recommendations to the President and Congress on the effectiveness of such programs and activities.

(12) trade policy declaration

House bill includes Congressional findings regarding the significant decline in the volume and value of U.S. agricultural exports as a result of unfair foreign competition and the high value of the dollar. It further states that U.S. agricultural trade policy should be:

(1) To provide by all means possible for export of agricultural commodities and their products at competitive prices;

(2) To support the principle of free trade and the promotion of fairer trade;

(3) To cooperate in all efforts to negotiate reductions in barriers to fair trade;

(4) To counter aggressive unfair trade practices by all available means;

(5) To remove foreign policy constraints in order to maximize agricultural trade;

(6) To provide for consideration of U.S. agricultural trade interest in the design of national fiscal and monetary policy.

The House bill also declares Congressional findings to the effect that the present high level of agricultural protectionism contrasts

with the general trade liberalization achieved under the General Agreement on Tariffs and Trade; the protective effect of domestic subsidies alters trade indirectly by reducing demand for imports and increasing the supply of exports; current GATT rules distinguish between primary and manufactured products; the rule permitting export subsidies on primary products has proven unworkable; and a unified treatment of tariffs and subsidies would clarify trading rules for market participants and simplify trade negotiations. (Secs. 1121, 1133.)

The Senate amendment provides findings regarding the need for open and fair trade, the adverse effects of unfair trade practices of many countries on exports of U.S. agricultural commodities, and the need for more effective rules governing international agricultural trade. It further states that it is the policy of the U.S. to (1) promote free and active world trade in agricultural goods through negotiations to reduce or eliminate restrictive trade practices, and (2) to reduce or eliminate U.S. restrictions on imports of agricultural goods as part of an international program of mutual opening of agricultural trade markets. (Sec. 107.)

The Conference substitute adopts the House provision with an amendment deleting Congressional findings regarding certain GATT rules.

(13) Agricultural trade consultation

(a) The House bill requires the Secretary of Agriculture, in coordination with the U.S. Trade Representative, to initiate and pursue multilateral agricultural trade consultations among major agricultural producing countries at the earliest possible date and to report to the Congress annually, beginning July 1, 1986, on the progress of these efforts and on any agreements reached.

The House bill declares the sense of Congress to the effect that the objectives of such consultations should be to increase the exchange of information on world-wide agricultural production, demand, and commodity supply levels; determine a more equitable sharing of responsibility for maintaining agricultural commodity reserves and managing supplies of agricultural commodities and attain increased cooperation in restraining export subsidy programs. (Sec. 1122.)

The Senate amendment declares it the sense of the Congress that the President should at the earliest practicable time after enactment of the bill convene an international conference of major agricultural nations to discuss trade and agricultural problems, and initiate a new round of multilateral trade negotiations with trading partners of the United States. (Sec. 107.)

The Conference substitute adopts the House provision but deletes the term "multilateral" and limits the annual reporting requirement through fical year 1990.

(b) The House bill expresses the sense of the Congress that the President should negotiate with other parties to GATT to revise GATT rules so that agricultural export subsidies would be treated the same as tariffs and primary products the same as manufactured products. (Sec. 1133.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment urging that the objectives of the GATT negotiations be to reduce agricultural export subsidies, tariffs, and non-tariff barriers to trade.

(14) Department of Agriculture export development programs

(a) The House bill authorizes the Secretary in fiscal year 1986 to use $325 million for direct export credit under the blended credit export sales program. (Sec. 1123.)

The Senate amendment requires the Secretary of agriculture in each of fiscal years 1986 through 1988 to use not less than $325 million Commodity Credit Corporation funds or an equal value of commodities owned by the CCC, for export activities. For each of fiscal years 1989 through 1991, the Secretary is authorized to use for export activities such funds of the CCC as the Secretary deems necessary, or an equal value of CCC commodites. The Secretary is instructed to use the funds or commodities only to counter the subsidies, import quotas, or unfair trade practices of a foreign country.

As used in the above provision, the term subsidy includes an export subsidy, tax rebate on exports, financial assistance on preferential terms or for operating losses, assumption of production and distribution costs, a differential export tax or duty exemption, a domestic consumption quota, or other method of furnishing or ensuring the availability of raw materials at artifically low prices. In addition, the Secretary is required to provide export assistance under this provision on a priority basis in the case of agricultural commodities that have been the subject of a favorable decision under section 301 of the Trade Act of 1974, or that have been adversely affected by retaliatory actions related to a favorable decision under section 301 of the Trade Act. (Sec. 104.)

The Conference substitute adopts the Senate amendment with an amendment extending the annual minimum funding level of $325 million through fiscal year 1990.

(b) The House bill requires the Secretary in fiscal year 1986 to make available not less that $5 billion in short-term credit guarantees under the Export Credit Guarantee Program (GSM-102); and prohibits the Secretary from charging an origination fee with respect to any GSM-102 credit guarantee in excess of an amount equal to one-third of one percent of the credit extended. (Sec. 1123.)

The Senate amendment requires the Commodity Credit Corporation to make available for each of fiscal years 1986 through 1989 not less than $5 billion in short-term credit guarantees and requires CCC, before extending the credit, to consider the credit needs and credit-worthiness of recipient countries, and whether provision of the guarantees will improve the competitive position of United States agricultural exports. (Sec. 102.)

The Conference substitute adopts the Senate amendment with an amendment extending the $5 billion annual loan guarantee authorization level through fiscal year 1990 and limiting to 1 percent the amount of any loan guarantee origination fee.

(15) Cooperator Market Development Program

The House bill expresses the sense of the Congress that the cooperator market development program of the Foreign Agricultural Service should be continued to help develop new markets and expand and maintain existing markets for United States agricultural commodities, using nonprofit agricultural trade organizations to the maximum extent practicable. The program is exempted from the requirements of Circular A 110 issued by the Office of Management and Budget. (Sec. 1124.)

The Senate amendment states the sense of the Congress that the market development activities of the Foreign Agricultural Service should be expanded with emphasis on funding an export market development program for value-added farm products and processed foods at a higher funding level than that provided during fiscal year 1985. (Sec. 107.)

The Conference substitute adopts both the House provision and the Senate amendment.

(16) Use of Commodity Credit Corporation commodities for export assistance

(a) The House bill requires the Secretary of Agriculture to implement during the marketing years 1985 through 1990 a program under which commodities acquired or purchased by the Commodity Credit Corporation would be provided at no cost or reduced cost to exporters, processors, or foreign purchasers to encourage the development and expansion of export markets for U.S. agricultural commodities. (Sec. 1125.)

The Senate amendment contains a similar provision but would authorize the program through September 30, 1989, and would use commodities and products acquired by the CCC. In addition, the Senate amendment would encourage the development, maintenance, and expansion of export markets for value-added or high value agricultural products produced in the United States. (Sec. 106.)

The Conference substitute adopts the Senate amendment with an amendment to extend the program through September 30, 1990.

(b) The House bill would define the term "agricultural commodities to include wheat, feed grains, upland cotton, rice, soybeans, and dairy products produced in the United States; any other agricultural commodity determined by the Secretary to be in surplus supply and that can be purchased with section 32 funds; and products of the forgoing commodities that are processed in the United States. (Sec. 1125.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with a conforming amendment to include "users" among those eligible to receive commodities.

(c) The House bill requires the Secretary to provide agricultural commodities, or cash, or both under the program to the extent necessary to counter or offset the adverse effect on U.S. exports of an agricultural commodity of subsidies or unfair trade practices of foreign countries and authorizes the Secretary to provide agricultural commodities under the program (A) to compensate for the high value of the U.S. dollar to increase the competitiveness of U.S. agricultural commodities in world markets; (B) to compensate overseas purchasers for any increases in the U.S. dollar while credit is outstanding; (C) to offset interest charges that accrue on credit purchases of U.S. agricultural commodities; (D) offset transportation charges in the export of U.S. agricultural commodities; (E) in barter or countertrade transactions; (F) for overseas sale to obtain foreign currencies to finance overseas trade offices; and (G) for any other comparable purpose to expand U.S. agricultural exports and ensure competitiveness for U.S. agricultural commodities. (Sec. 1125.)

The Senate amendment authorizes the Secretary to provide commodities and products to counter or offset (A) foreign subsidies or unfair trade practices that benefit foreign agricultural producers, processors or exporters; (B) adverse effects of U.S. agricultural price support levels that are temporarily above the export prices offered by overseas competitors; or (C) fluctuations in

the exchange rate of the U.S. dollar. In addition, the Senate amendment would authorize the Secretary to provide commodities and products in conjunction with an intermediate export credit program for the export sale of breeding animals (including cattle, swine, sheep, and poultry) and the cost of freight from the United States to foreign countries; and for the establishment of facilities in the importing nation to improve handling, marketing, processing, storage, or distribution of imported agricultural commodities (through the use of local currency sales). (Sec. 106.)

The Conference substitute adopts the Senate amendment with an amendment (1) to require that the commodities and products shall be provided to the extent necessary for the program, and (2) that such commodities may provided for the additional purpose of making United States commodities more competitive.

(d) The House bill authorizes the Secretary in carrying out the program to provide different agricultural commodities than those involved in the transaction for which assistance under the program is being provided. (Sec. 1125.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to provide that any price restrictions that otherwise may be applicable to dispositions of CCC-owned agricultural commodities would not apply to agricultural commodities provided under this program.

(e) The Senate amendment authorizes the Secretary to provide agricultural commodities to countries that do not meet the financial qualifications for export credit or credit guarantees provided by the Commodity Credit Corporation to reduce the cost to the country of purchasing U.S. agricultural commodities and allow the country to meet the qualifications. The Secretary must review and adjust annually the quantity of commodities provided to the country in order to encourage the country to place greater reliance on increased use of commercial trade to meet the financial qualifications. (Sec. 106.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(f) The Senate amendment authorizes the Secretary to make available to commercial exporters, under terms established by the Secretary, transferable export certificates, known as "green dollar export certificates". These certificates could be redeemed by the exporters within 6 months of issuance for commodities owned by the CCC. (Sec. 106.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(g) The Senate amendment provides that if a foreign purchaser sells agricultural commodities received under authority of the program and uses the receipts for the construction or rehabilitation of facilities in the importing country to improve the handling, marketing, storage, or distribution of U.S. agricultural commodities, the purchaser would be eligible for distributions of supplemental commodities. (Sec. 106).

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

(h) The House bill would require the Secretary to report to Congress, not later than March 1 of the second calendar year following enactment, on the operation of the program, including an analysis of the current level of agricultural exports to each country in comparison with the level of exports to that country during the period 1979 through 1982. (Sec. 1125.)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provision.

(i) The Senate amendment requires the Secretary, during the period October 1, 1985 through September 30, 1988, to use not less than $2,000,000,000 of agricultural commodities and products to carry out the program. (Sec. 106.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate amendment with an amendment requiring that, to the maximum extent practicable, commodities shall be used under the program in equal amounts throughout the three-year period fiscal years 1986 through 1988.

(j) The Senate amendment provides that in any program operated by the Secretary during the years 1986 through 1989, for the purpose of encouraging or enhancing commercial sales in foreign markets of agricultural products or commodities produced in the United States which include the payment of a bonus or incentive to the purchaser, the Secretary must expend annually at least 15 percent of the total funds available (or 15 percent of the value of any commodities used to encourage the sales) for program activities to encourage and enhance the export sales of poultry, beef or pork meat and meat products. (Sec. 1946.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment that the Secretary shall seek (rather than be required) to expend annually at least 15 percent of the funds or commodities to enhance the export sales of poultry, meat and meat products, through fiscal year 1990.

(17) Barter and countertrade transaction

The House bill authorizes the Secretary in carrying out barter and countertrade transaction, as authorized under the provisions of the bill, to acquire and hold strategic or other materials that the United States does not domestically produce in sufficient amounts and for which national stockpile or reserve goals established by law are unmet.

The House bill requires the Secretary to establish a pilot program to carry out, during fiscal year 1986, such barter and countertrade transactions. In establishing the pilot programs the Secretary would give priority to materials that entail less risk of loss through deterioration and have lower storage costs than the agricultural commodities they replace and to nations with food and currency reserve shortages. The Secretary must consider barter and countertrade opportunities with Zaire, Zimbabwe, Zambia, Malaysia, Brazil, and Nigeria for specified commodities. The Secretary must report to Congress not later than March 30, 1986, on progress in implementing the pilot programs.

The Secretary would also be authorized to store strategic materials acquired under barter or countertrade and to permit the use of such materials as collateral to secure loans to finance the export of U.S. agricultural commodities. (Sec. 1125.)

The Senate amendment provides for a similar pilot program using specified commodities under section 416 of the Agricultural Act of 1949. The pilot program would be carried out during fiscal years 1986 and 1987 through agreements with at least 2 countries. The Secretary must submit a report to Congress not later than 60 days after the end of each fiscal year concerning the operation of the program. (Sec. 1942.)

The Conference substitute adopts the Senate amendment.

(18) Export Advisory Council

The House bill establishes an Export Advisory Council to advise the Secretary of Agriculture and the United States Trade Representative on the operation of the export bonus program described under item (15). The Council is to be comprised of 14 members, including the Secretary of Agriculture, the United States Trade Representative, and 3 members named by each of the following: the Chairman and ranking minority member of the Committee on Agriculture of the House of Representatives and the Chairman and ranking minority member of the Committee on Agriculture, Nutrition, and Forestry of the Senate. (Sec. 1126.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(19) Agricultural export credit revolving fund

The House bill reauthorizes the Agricultural Export Credit Revolving Fund through fiscal year 1990 and authorizes the Fund to extend credit on terms of up to ten years and to make loans to meet credit competition for export sales. The bill requires that all funds received by the Commodity Credit Corporation in repayment for direct export credit extended after September 30, 1985, be added to the fund, and deletes the requirement that new loans be made by the fund only to the extent provided in annual appropriations Acts. (Sec. 1127.)

The Senate amendment reauthorizes the fund through fiscal year 1989. (Sec. 103.)

The Conference substitute adopts the Senate amendment with an amendment authorizing the Fund through fiscal year 1990.

(20) Intermediate export credit

The House bill amends the Food for Peace Act of 1966 to clarify that intermediate export financing may be provided in the form of direct or guaranteed credit generally to promote United States agricultural exports. The bill authorizes up to 10 percent of direct credit repayments in the form of local currency which may be used to develop markets in a country in cooperation with the private sector. The Secretary is required to make available, through fiscal year 1990, not less than $500 million annually for intermediate export credit, of which not less than $150 million shall be for financing facilities to handle and distribute imported agricultural commodities, and not less than 25 percent shall be in the form of direct credit. (Sec. 1128.)

The Senate amendment similarly provides for direct and guaranteed intermediate export credit and deletes the current requirements that export sales agreements financed under the provision be subject to review by the National Council on International Monetary and Financial Policies and that sales agreements for the purpose of establishing reserve stocks not be made effective until the agreements have been transmitted to the House and Senate Agriculture Committees. The amendment encourages the Secretary to provide intermediate credit

to purchasers from countries that were previous recipients of credit under title I of the Agricultural Trade Development and Assistance Act of 1954, are unable to utilize other short-term credit programs, and are friendly countries. The amendment also permits the intermediate export credit program to be used to finance the importation of agricultural commodities by developing nations for use in meeting their food and fiber needs. The amendment authorizes the Secretary to determine the rate of interest on direct credit loans, and requires the Commodity Credit Corporation to make available not less than $500 million in intermediate export credit guarantees for each fiscal year 1986 through 1988, and not more than $1 billion in intermediate export credit guarantees in fiscal year 1989. The amendment includes sense of the Senate language that the intermediate export credit program should be expanded to include guarantees in order to provide more export marketing flexibility and to improve the capability of importing countries to purchase United States agricultural commodities. (Sec. 101, 1934.)

The Conference substitute adopts the Senate amendment with an amendment deleting the sense-of-the-Senate language.

(21) Export subsidy reports

The House bill contains Congressional findings concerning the impact of aggressive trading practices and export subsidies of foreign governments on the sale of U.S. agricultural commodities abroad. The Secretary of Agriculture is directed to require detailed information annually from USDA employees stationed abroad on the export subsidies provided by the foreign governments, and identify in those countries opportunities for U.S. agricultural exports. The Secretary shall compile the information annually and make it available to Congress and other interested parties.

The House bill also contains a statement of Congressional findings concerning U.S. agriculture exports and obstacles by foreign nations to agricultural commerce, and directs the Secretary of Agriculture to submit an annual report to Congress and the President detailing foreign tariffs, subsidies, and other practices disadvantaging U.S. farm exports. (Secs. 1130, 1161, 1162.)

The Senate amendment directs the Secretary to require detailed reports from USDA employees stationed abroad on the agricultural export subsidies and other trade practices impeding U.S. agricultural exports where they are stationed, and identify opportunities for U.S. agricultural exports, with the Secretary to compile the information and make it available to Congress and interested parties including the Agricultural Policy Advisory Committee and the agricultural technical advisory committees established under section 135 of the Trade Act of 1974.

The Senate amendment (1) directs the U.S. Trade Representative to review the above reports, identify markets (in order of priority) in which offsetting U.S. export subsidies can be most efficiently, and submit to Congress and the Secretary an annual report on the foreign subsidy situation and identification potential of U.S. markets for offsetting subsidies; and (2) requires an annual meeting of the Agricultural Policy Advisory Committee and the technical committees to develop recommendations for U.S. actions to reduce the trade distortions identified in the annual reports and expand U.S. agricultural export opportunities identified in the report.

The Senate amendment encourages the President to commence negotiations with other countries to reduce trade barriers identified in the reports, and requires that he report periodically to Congress on the actions taken. (Sec. 109.)

The Conference substitute adopts the Senate amendment with an amendment deleting the requirement that the President commence negotiations with other countries to reduce trade barriers and clarifying that all appropriate USDA officers and employees, including those stationed abroad, shall be required to provide information on the nature of foreign export subsidies, unfair trade practices, and trade opportunities.

(22) Contract sanctity and producer embargo protection

The House bill declares it to be U.S. policy not to restrict or limit the export of U.S. agricultural commodities, or products except under the most compelling circumstances, that any such prohibition or limitation be imposed only in time of a national emergency under the terms of the Export Administration Act, and that contracts entered into before prohibitions or limitations are imposed should not be abrogated. (Sec. 1131.)

The Senate amendment amends section 1204 of the Agriculture and Food Act of 1981 to limit to direct payments the form of compensation that may be made to producers of agricultural commodities for which export controls have been imposed. Section 1204 of the Agriculture and Food Act provides for embargo protection in the form of direct payments or loans at 100 percent of parity or a combination of both to producers of agricultural commodities subject to certain export controls. (Sec. 111.)

The Conference substitute adopts both the House provisions and the Senate amendment.

(23) Study to reduce foreign exchange risk

The House bill mandates a study by the Secretary of Agriculture to determine the feasibility, practicability and cost of implementing a program to reduce the risk of foreign exchange fluctuations incurred by purchasers of U.S. agricultural exports under U.S. export credit promotion programs. The results of the study shall be reported to the House and Senate agriculture committee within six months. (Sec. 1132.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(24) Cargo preference

(a) The House bill states that nothing in this Act shall be construed as exempting export activities from the cargo preference laws except to the extent that they were exempt under the existing law (P.L. 95-501) before September 13, 1985. (Sec. 1141.)

The Senate amendment makes congressional findings that productive and healthy U.S. agriculture and maritime industries are vitally important to the U.S., that both industries must compete in international markets increasingly subject to foreign subsidies and trade barriers and that increased agricultural exports and utilization of U.S. merchant vessels help the U.S. trade balance and generate employment opportunities. It declares that it is the policy of Congress to clarify ocean transportation requirements in order to permit USDA to plan its exports effectively, to take immediate steps to promote the growth of U.S. cargo carrying capacity, to expand U.S. international agricultural trade, and to improve the administrative efficiency of both commodity transactions and ocean transport activities associated with USDA sponsored export programs, and to stimulate both the agricultural and maritime industries. (Sec. 131.)

The Senate amendment also provides that the cargo preference requirements of the Merchant Marine Act, 1936, and the Joint Resolution of March 26, 1934, do not apply to any USDA or CCC export activity—

(1) under which CCC-acquired commodities are made available for the purposes of developing, maintaining, or expanding export markets for U.S. agricultural commodities or products at previously world market prices;

(2) under which payments are made available to U.S. exporters, users, or processors (or grants are made available to importers, so long as the cash grant does not result in the grantee paying less than the prevailing world market price for the commodities purchased) for purposes of developing, maintaining, or expanding export markets for U.S. agricultural commodities at prevailing world market prices;

(3) under which commercial credit quarantees are blended with direct CCC credit to reduce effective interest rates on export sales of U.S. commodities;

(4) under which CCC short term credit or credit guarantees are extended to finance or guarantee export sales of U.S. commodities; and

(5) under which commodities or products that are owned, controlled, or under loan from the CCC are exchanged or bartered for materials, goods, equipment, or services at prevailing world market prices. (Sec. 132.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment, technical in nature, including the positioning of the amendment in the Merchant Marine Act. 1936.

(b) The Senate amendment requires that the percentage of agricultural cargoes that are subject to the cargo preference laws is, to offset cargoes declared exempt in the preceding section, to be increased from the present 50 percent of certain cargoes to 60 percent of the such cargoes in calendar year 1986, 70 percent in 1987, and 75 percent in 1988 and thereafter.

The agricultural commodities and products that will be subject to the new higher levels of cargo preferences are:

(1) those exported under P.L. 480;

(2) those exported under section 416 of the Agricultural Act of 1949 (section 416 donations) and the Food Security Wheat Reserve Act of 1980;

(3) those donated to foreign governments or sold on credit terms of more than 10 years;

(4) commodities being made available for emergency food relief at less than prevailing world market prices;

(5) those purchased through the use of cash grants, if the grants result in the purchasers paying less than the prevailing world market price for such commodities; and

(6) those owned, controlled or under loan from the CCC that are exchanged or bartered for materials, goods, equipment, or services at prices other than prevailing world market prices. The requirement for U.S. flag transportation is subject to the terms and conditions provided in section 901(b) of the Merchant Marine Act, 1936.

In implementing this cargo preference requirement, the Secretary of Transportation shall give due consideration to the availabil-

ity of U.S.-flag vessels to transport the commodities. The Secretary of Transportation also shall administer the cargo preference provisions in a flexible manner, to the maximum extent practicable within the law, giving due consideration to historical trading patterns and to divisions in U.S. international shipping trades between bulk and liner service to particular georgraphic areas. The Secretary must administer the program in a manner which preserves to the greatest extent practicable the mean historical port range share of cargoes subject to cargo preference that are exported from the Atlantic, Gulf, Pacific, and Great Lakes port ranges.

In addition, the Secretary of Transportation must take whatever steps are necessary and practicable to preserve during calendar years 1986, 1987, 1988 and 1989, the percentage share, or metric tonnage, whichever is lower, of bagged, processed, or fortified commodities, exported under P.L. 480 title II in 1984 from Great Lakes ports.

The determination of prevailing world market prices for agricultural commodities shall be determined in accordance with procedures established by the Secretary of Agriculture. In event of a determination in the case of barter or exchange, the determination shall be made by the Secretary of Agriculture in consultation with the heads of other appropriate Federal agencies.

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment—

(1) deleting the requirement that the Secretary of Transportation give due consideration to the availability of U.S. flag vessels to transport the commodities and deleting the language dealing with flexible administration of the program as well as the reference to the division between bulk and liner services and the preservation of historical port range shares;

(2) changing the minimum percentage requirements from a calendar year to 12-month periods commencing on April 1, 1986;

(3) requiring the program to be operated without detriment to any other port facility range;

(4) clarifying cash transfer provisions.

(c) The Senate amendment will require that the minimum quantity of agricultural exports subject to the cargo preference laws for fiscal 1986 and annually thereafter shall be the average of the tonnage exported under the programs described above in paragraph (b) during the base period, discarding the high and low years. The base period for any fiscal year shall be the five fiscal years beginning with the sixth fiscal year preceding such fiscal year and ending with the second fiscal year preceding such fiscal year. The President may waive the minimum for any year in which he determines the quantity cannot be effectively used for the purposes of such programs or, based on a certification by the Secretary of Agriculture, that the commodities are not available for reasons including the unavailability of funds. (Sec. 134.)

The Senate amendment provides that the Secretary of Transportation shall finance any increased ocean freight charges resulting from the increased cargo preference mandated above. The Secretary of Transportation also shall reimburse USDA and the CCC for the amount which their ocean freight and ocean freight differential costs in any fiscal year exceed 20 percent of the total cost of the commodities shipped plus ocean freight and differential.

For meeting these expenses, the Secretary of Transportation shall issue interest-bearing notes which the Treasury shall purchase as public debt transactions. Authorization is granted for annual appropriations commencing in fiscal 1986 to reimburse the Secretary of Transportation for the costs, including administrative expenses and the principal and interest due to the Treasury. If the Transportation Secretary is unable to get the funds necessary to finance the increased cargo preference, he shall notify Congress within 10 working days. (Sec. 135.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate amendment with an amendment, technical in nature.

(d) The Senate amendment also provides for a National Advisory Commission on Agricultural Export Transportation Policy to be established to conduct a comprehensive study of ocean transportation of agricultural exports subject to cargo preference laws and to make recommendations to the President and the Congress for improving the efficiency of such transportation on U.S. vessels in order to reduce the costs incurred by the U.S. The Commission shall be composed of 16 members including eight appointed by the President, four from the agricultural sector and four from the U.S. maritime industry (two representing labor, two management); and eight Congressional members consisting of the Chairman and ranking minority members of the House Agriculture Committee, Senate Agriculture, Nutrition, and Forestry Committee, and the House Merchant Marine and Fisheries and Senate Commerce, Science, and Transportation Committees. The Commission shall submit an interim report within one year and a final report within two years.

"Such sums as may be necessary" are authorized to be appropriated to carry out all the provisions of the Senate amendment (Subtitle C-Export Transportation of Agricultural Commodities).

The Senate amendment (Subtitle C) shall terminate 90 days after the Secretary of Transportation notifies the Congress of funding unavailability for the costs of increased cargo preference pursuant to the above notification requirement, unless within the 90 day period he proclaims the funds are available.

The 1936 Merchant Marine Act is amended to require that no U.S. commercial vessel shall be deemed to be available for the transportation of cargoes subject to the cargo preference unless such vessel has been certified by the Secretary of the Navy upon the recommendation of the Chief of Naval Operations as being necessary for the defense of the United States and its allies. (Sec. 136-139, 143.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate amendment with amendments: (1) technical in nature; (2) clarifying that upon notification by the Secretary of Transportation that if funding is not available for the increased costs of cargo reference required in this subtitle, the subtitle terminates and the 50 percent requirement of all programs covered by section 901(b) of the Merchant Marine Act of 1936 shall be in full affect; and (3) certification by the Secretary of Transportation of vessles eligible to carry cargoes.

The conferees intend that the special preference given to cargo shipped from the Great Lakes should not cause a reduction in the cargo shipped from other port ranges throughout the nation. The conferees also intend that the 1984 baseline for shipment of bagged grain from Great lakes ports is a minimum.

(25) Consultations on import restrictions

The House bill requires that before any authority within the Department of Agriculture acts to relax or remove a restriction on the importation of an agricultural commodity, all appropriate authorities within the Department, including the Foreign Agricultural Service and the Animal and Plant Health Inspection Service, shall be consulted. (Sec. 1151.)

The Senate amendment requires similar consultations within the Department of Agriculture before an import restriction is relaxed or removed, and requires the Secretary of Agriculture to consult with the United States Trade Representative before such action is taken. The amendment requires Department of Agriculture personnel involved in agricultural trade negotiations with any country to consult with the Agricultural Policy Advisory Committee and the appropriate agricultural technical advisory committee established under section 135 of the trade Act of 1974 regarding agricultural practices and procedures before concluding any agricultural trade agreement. (Sec. 108.)

The Conference substitute adopts the Senate amendment with an amendment deleting the requirement that the Agricultural Policy Advisory Committee and certain advisory committees be consulted.

(26) Findings and export market development report

(a) The House bill proposes findings by Congress relative to the decline in U.S. agricultural exports, the resulting economic distress in rural America, the importance of exports to assuring a healthy farm economy, and the potential for increasing U.S. agricultural exports by utilizing existing authorities and programs to aid in the strengthening of developing countries so that they may one day become commercial customers for agricultural products of the United States. (Sec. 1153.)

The Senate amendment contains no comparable provision.

(b) The House bill requires the Secretary of Agriculture in conjunction with the Administrator of the Agency for International Development, and in consultation with the Secretary of State and the U.S. Trade Representative to submit a report to the President and Congress within one year. The report will contain (1) a global analysis of world food needs and production; (2) identify at least 15 target countries which are most likely to emerge as growth markets for agricultural commodities in the next 5 to 10 years; (3) and present a detailed plan for using available export and food aid authorities to increase U.S. agricultural exports to such target countries. Each year thereafter through fiscal 1990, the Secretary shall submit a revised report on progress in implementing the plan, and recommending any changes in legislative authorities that may be needed. (Sec. 1154.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(27) Brazilian ethanol imports

The House bill requires the Secretary of Agriculture to conduct a study to determine the impact of Brazilian ethanol on the domestic price of grains and the domestic ethanol refining industry and, in consultation with the International Trade Commission

and the United States Trade Representative, determine what relief should be granted to the domestic ethanol industry because of Brazilian ethanol imports. A report to the House and Senate agriculture committees would be required. (Sec. 1155.)

The Senate amendment requires the President, in order to prevent material interference with the price support program for feed grains, to limit the aggregate quantity of fuel ethanol that may be imported into the United States to 100 million gallons in 1986 and, for each succeeding year, to the amount by which the Secretary of Agriculture estimates that domestic demand for ethanol will exceed domestic production. (Sec. 1955.)

The Conference substitute adopts the House provision with an amendment requiring that the report also be submitted to the House Committee on Ways and Means and the Senate Committee on Finance.

(28) Import barrier study

The House bill requires the Secretary of Agriculture, using an interagency task force with representatives from the Departments of Agriculture, State, and Commerce, to study the economic impact on agricultural exports of any law or administrative action that imposes barriers on imports into the U.S. and to report the results of such study to Congress. (Sec. 1156.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(29) Oat import study

The Senate amendment requires the Secretary to conduct a study of the impact of domestic farm programs of the increased importation of oats into the United States. The Secretary must submit a report to Congress on the study within 1 year after enactment of the bill. (Sec. 1957.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(30) Tobacco pesticides residues

The Senate amendment provides that any tobacco imported into the United States must be certified by the importer, in a form prescribed by the Secretary, that the tobacco was not produced or processed with the use of a pesticide that had not been registered under the Federal Insecticide, Fungicide, and Rodenticide Act. The Secretary must provide by regulation that domestically produced tobacco would be subject to substantially the same pesticide residue requirements. (Sec. 1929.)

The House bill contains no comparable provision.

The Conference substitute makes several changes to the Senate provision. First, the conference substitute changes the import requirement from a pesticide use standard to a nondiscriminatory, pesticide residue standard in order to conform the import restriction to international rules under the General Agreement on Tariffs and Trade. Second, the conference agreement limits application of this section to flue-cured and burley tobacco. Third, it imposes fees on a user fee basis for inspection of tobacco as an enforcement mechanism. Finally, the conference agreement makes certain technical changes to the Senate provision, for purposes of clarification and consistency with current law.

The purpose of this section of the conference agreement is to subject imported flue-cured and burley tobacco to the same pesticide residue requirements as already apply to domestic tobacco. The section does not apply to imports of cigar tobacco.

All flue-cured and burley tobacco offered for importation would have to be accompanied by a certificate that such tobacco does not contain prohibited pesticide residues. The residue standards to be applied are the same as those which apply to domestic tobacco, to ensure nondiscriminatory treatment.

Fraudulent certification by the importer under this section is subject both to civil penalties under the customs fraud provisions of section 592 of the Tariff Act of 1930, as amended, and to criminal penalties under 18 U.S.C. 1001.

If the tobacco to be imported is not accompanied by appropriate certification, then it shall be inspected by the Secretary to determine whether it complies with the pesticide residue standards. If it is determined to be in noncompliance, such tobacco shall be barred from entry into the United States.

Flue-cured and burley tobacco, both domestic and imported, shall be subject to periodic sampling and testing by the Secretary to determine whether such tobacco meets the pesticide residue requirements. The penalty for noncompliance of imported tobacco is prohibition from entry into the United States. The penalty for noncompliance of domestic tobacco is destruction of such tobacco.

(31) Export displacement

The House bill requires the Secretary of Agriculture to assess each program, project, or activity administered by the Secretary of Agriculture or the Department of Agriculture that provides assistance for agricultural production and marketing in a foreign country and the Secretary determines is likely to have a detrimental impact on efforts to promote U.S. agricultural exports. The Secretary shall report to Congress within one year on the results of the assessment in the case of current activities, and regularly thereafter on those undertaken following enactment of this provision. (Sec. 1163.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(32) Opposition to multilateral assistance for foreign surplus agricultural commodities

The Senate amendment directs the Secretary of the Treasury to instruct the U.S. Executive Directors of multilateral development assistance banks to oppose any assistance for production of any agricultural commodity for export if such commodity is surplus on world markets and the export would cause substantial injury to competing U.S. producers. To the extent that such assistance is provided by the banks, the U.S. contribution to their capital expansion or replenishment would be reduced. (Sec. 1932.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

(33) Prohibition on assistance for competing agricultural commodities

The Senate amendment prohibits the funds authorized to be appropriated to carry out chapter 1 of part 1 of the Foreign Assistance Act of 1961 to be available for any testing or breeding feasibility study, variety improvement or introduction, consultancy, publication, conference, or training in connection with the growth or production in a foreign country of an agricultural commodity for export if such export would compete in world markets with a similar commodity grown or produced in the United States. This section does not prohibit activities designed to increase regional food security in developing countries if such activities will have a negligible impact on efforts to promote agricultural commodities of the United States; nor does it prohibit research activities intended primarily to benefit American producers. (Sec. 1949.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment. However, the conferees acknowledge that this is an important issue and would point out that current law (P.L. 98-473, making continuing appropriations for fiscal year 1985) contains a provision which effectively prohibits any foreign assistance funding for the production or export of any commodity that would compete with U.S. agricultural commodities if that commodity is in world surplus, and that would cause substantial injury to U.S. producers. The conferees reaffirm this current limitation on foreign assistance funding.

(34) Export sales of dairy products

The Senate amendment requires the Secretary of Agriculture during each fiscal year 1986, 1987, and 1988, to sell for export at prices determined by the Secretary not less than 150,000 tons of dairy products owned by the Commodity Credit Corporation. Through fiscal year 1988, the Secretary is to report semiannually to the House and Senate agriculture committees on the volume of sales made under the section. (Sec. 105.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment to protect normal marketings and specifying the types of dairy products to be sold.

(35) European Community trade

The Senate amendment contains findings regarding the failure to negotiate a mutually acceptable resolution to date on complaints regarding subsidies and discriminatory tariffs of the European Community against U.S. citrus, wheat flour, poultry, canned fruits, and raisin exports, complaints on which have been filed under Sec. 302 of the Trade Act of 1974. The President is directed to take all appropriate and feasible action to ensure a prompt and satisfactory resolution of these complaints, to counter any EC retaliatory action by withdrawing additional trade concessions, and to balance the level of concessions in the trade between the U.S. and the EC. (Sec. 113.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment, technical in nature, and an amendment deleting reference to countering any retaliatory action of the European Communities.

(36) Thai Rice

The Senate amendment contains Congressional findings concerning the international rice trade situation pursuant to which the Rice Millers' Association has filed a petition with the Commerce Department seeking countervailing duties on imports of Thai rice into the United States. The amendment expresses the sense of Congress that the domestic U.S. rice industry is of vital impor-

tance and must be protected from unfair foreign competition, that the Thai Government is unfairly subsidizing the export of rice to the detriment of the U.S. rice industry, and that the Secretary of Commerce should give immediate consideration to the countervailing duty petition filed by the Rice Millers' Association. (Sec. 1952.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment deleting the specific references to the Rice Millers' Association and deleting the sense-of-the-Congress statement that the Thai Government is unfairly subsidizing the export of rice.

(37) South African tobacco imports

The Senate amendment, effective December 1, 1985, prohibits the import into the United States of tobacco produced in South Africa until the President determines that South Africa has repealed all legal limitations there restricting foreign newsmen's coverage of events relating to unrest in that country, and reports to Congress the basis for his determination. (Sec. 1953.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment with an amendment.

The amendment adopted by the conferees establishes a new requirement to track the uses of imported flue-cured and burley tobaccos. Such information will assist the Secretary of Agriculture and the Congress in determining, for example, what portion of imported tobacco is being used for re-export purposes, and what portion is being used for the domestic manufacture of tobacco products.

Upon the importation of flue-cured or burley tobacco, the importer must identify any and all end users of such tobacco, if such information is known to the importer. The conferees define an end user as either (1) a domestic manufacturer of cigarettes or other tobacco products, (2) an entity that mixes, blends, processes, alters in any manner, or stores imported tobacco for re-export, or (3) any other individual that the Secretary may identify as making use of imported tobacco for the production of tobacco products.

The conferees do not intend by this provision to place any unreasonable burden on importers of tobacco, or to create any barrier to imports. In cases in which the importer has no knowledge of the identity of the end user(s), the importer is required merely to identify those purchasers of the imported tobacco which are known to him or her. If at some future date, the importer gains knowledge of any additional purchaser or end user, the importer must submit such information to U.S.D.A.

In cases in which all end users of a particular imported shipment of flue-cured or burley tobacco have not been identified to U.S.D.A., then U.S.D.A. is required to take all steps available to identify such end users. Such steps shall include requesting from known purchasers of such imported tobacco any information relevant to the identification of the end user(s).

The amendment also requires the Secretary to report to the relevant committees of the Congress, by April 1, 1986, on the implemenation of this section.

Strategic stockpile sale or barter authority

The House bill provides that one half of the commodities in the Commodity Credit Corporation or otherwise under the Department of Agriculture stores, as of January 1, 1986, shall be available for sale or barter with the proceeds to be used to furnish materials for the Strategic Stockpile without further appropriations therefor. Such sales or barter can be made within the United States and other sovereign countries. To the extent that the assets of the Commodity Credit Corporation are reduced by this process, the full faith and credit of the United States shall be substituted therefor. The Commodity Credit Corporation shall take appropriate action to protect fully the assets of the Commodity Credit Corporation on the basis of the established value at the time of transfer of the assets for sale or barter. In such sales or barter the commodities need not be sold or bartered at a profit and no such sale or barter shall be effected which in the judgment of the Commodity Credit Corporation will seriously adversely affect production or prices in the United States or elsewhere. (Sec. 1879.)

The Senate amendment makes various findings of Congress related to barter and exchange of agricultural commodities for strategic and critical materials. Section 4(h) of the Commodity Credit Corporation Charter Act is amended to require the Commodity Credit Corporation, to the maximum extent practicable and in consultation with the Secretary of State, to accept strategic and critical materials produced abroad in exchange for CCC commodities.

The Secretary of Agriculture, in affecting the exchange of strategic and critical materials produced abroad for CCC commodities, must use normal commercial trade channels, avoid displacing usual marketing of U.S. agricultural commodities and products, and take reasonable precautions to prevent the resale or transhipment to other countries, or use for other than domestic use in the importing country of agricultural commodities used for the exchange. The CCC is also authorized to solicit bids from and to utilize private trading firms to effect the exchange of goods.

The CCC must be reimbursed for the CCC commodities exchanged for materials placed in the strategic and critical materials stockpile in the same fiscal year the materials are transferred to the stockpile.

If the volume of petroleum products stored in the Stragetic Petroleum Reserve is less than the prescribed levels the CCC must, to the maximum extent practicable, with the approval of the Secretary of Agriculture, make available annually to the Secretary of Energy, a quantity of agricultural products owned by the CCC with a market value at the time of the request of at least $300,000,000 for use by the Secretary of Energy in acquiring petroleum products (including crude oil) produced abroad for placement in the Strategic Petroleum Reserve through an exchange of the agricultural products.

The terms and conditions of each exchange would be determined by the Secretary of Energy in consultation with the Secretary of Agriculture. If the volume of agricultural products to be exchanged has a value in excess of the established market price of the petroleum products (including crude oil) acquired by the exchange, Secretary of Energy would require that the party or entity providing the petroleum products agree to purchase, within 6 months following the exchange, current-crop commodities or value-added food products from U.S. producers or processors in an amount equal to at least one-half of the difference between the value of the commodities received in the exchange and the market price of the petroleum products acquired for the Strategic Petroleum Reserve in the transaction.

The Agricultural Trade Development and Assistance Act of 1954 (P.L. 480) is amended to require the Secretary, to the maximum extent practicable, in connection with barter activity under the Act to solicit bids from and to utilize private trading firms to arrange or make barters or exchanges for strategic or other materials.

The Secretary must encourage U.S. exporters of agricultural commodities and products to barter such commodities and products for foreign products needed by the exporters. The Secretary is also required to provide technical assistance relating to the barter of agricultural commodities and products to U.S. exporters requesting such assistance. (Sec. 111.)

The Conference substitute adopts the Senate amendment with an amendment to (1) strengthen the requirement that the Commodity Credit Corporation be reimbursed for CCC commodities provided in barter transactions; (2) provide that the Secretaries of Agriculture and Energy jointly determine the terms of barter transactions involving petroleum products; and (34) delete the requirement that the recipients of bartered agricultural commodities agree in certain cases to purchase additional agricultural commodities.

JOINT EXPLANATORY STATEMENT LANGUAGE

It is the position to the conferees that the Secretary of Agriculture is not to object to the applications submitted as of December 12, 1985, to the U.S. Department of Commerce, Foreign Trade Zone Board, for establishment of a Foreign Trade Subzone, where such subzone would be used for the manufacture of products containing substances numbered 155.20 as defined by the tariff Schedules of the United States administered by the U.S. International Trade Commissioner and where such products would fall under U.S. import quotas.

It is the intent of the conferees that the Department utilize, on a priority basis, those export assistance programs that are more likely to directly enhance producer income.

TITLE XII—RESOURCE CONSERVATION

(1) Definitions (Sec. 1201)

(a) Agricultural commodity

The House bill defines "agricultural commodity" for the purposes of this title as any agricultural commodity planted and produced by annual tilling of the soil, or on an annual basis by one-trip planters. (Sec. 1201(1).)

The Senate amendment defines such term as any agricultural commodity planted and produced in a State by annual tilling of the soil, including tilling by one-trip planters; or sugarcane planted and produced in a State. (Sec. 1601(a)(1).)

The Conference substitute adopts the Senate amendment.

(b) Wetland

The House bill defines "wetlands", except when such term is part of the term "converted wetlands", as land that has a predominance of hydric soils and that is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances does support, a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions. (Sec. 1201(3).)

The Senate amendment defines the term as an area, whether privately or publicly

owned (including a swamp, marsh, bog, prairie pothole, or similar area) with the same characteristics as in the House bill except that with respect to hydrophytic vegetation the land must support the growth and regeneration of hydrophytic vegetation. (Sec. 1601(a)(19).)

The Conference substitute adopts the House provision.

(c) Converted wetland

The House bill defines the term "converted wetlands" to mean wetland that has been converted by certain activity making the production of agricultural commodities possible that would not have been possible but for such activity and that, before such activity was taken, was wetland and not highly erodible land nor highly erodible cropland with several exemptions listed. (Sec. 1201(4).)

The Senate amendment is comparable with respect to "converted wetlands" except that it does not apply to highly erodible cropland (Sec. 1601(a)(4)(A)), and though the exemptions are similar they are stated differently.

The Conference substitute adopts the House provision.

(d) Field

The House bill defines "field" the same as that term is defined in 7 CFR 718.2. Under section 718.2, a "field" is defined as a part of a farm that is separated from the balance of the farm by permanent boundaries such as fences, permanent waterways, woodlands, croplines (in cases where farming practices make it probable that such cropline is not subject to change), or other similar features. The House bill provides, however, that any highly erodible land and any converted wetland on which an agricultural commodity is produced after the date of enactment and that is not exempt under section 1203 (listing exemptions) shall be considered as part of the field in which such land was included on date of enactment, and the Secretary of Agriculture shall provide for modification of boundaries of fields to effectuate the purposes and facilitate the administration of the subtitle. (Sec. 1201(5).)

The Senate amendment uses the same CFR definition (as of January 1, 1985), except that any highly erodible land on which an agricultural commodity is produced after the date of enactment and that is not exempt under section 1612 (listing exemptions) shall be considered as part of the field in which such land was included on the date of enactment unless the Secretary permits modification of the boundaries of the field to carry out the subtitle. (Sec. 1601(a)(7).)

The Conference substitute adopts the Senate amendment.

(e) Highly erodible land

The House bill defines "highly erodible land" as land that is classified by the Soil Conservation Service of the Department of Agriculture as class IVe, VI, VII, or VIII land under the land capability classification system in effect on the date of the enactment of the bill; or that, if used to produce an agricultural commodity, would have an excessive average annual rate of erosion in relation to the soil loss tolerance level, as established by the Secretary, and as determined by the Secretary through application of factors from the universal soil loss equation and the wind erosion equation, including factors for climate, soil erodibility, and field slope. For purposes of this paragraph, the land capability class or rate of erosion for a field shall be that determined by the Secretary to be the predominant class or rate. (Sec. 1201(6).)

The Senate amendment defines "highly erodible land" in reference only to land classes and includes all land classes listed in the House bill as well as land classed as IIIe by the Soil Conservation Service. The Senate amendment also specifically includes publicly owned land. (Sec. 1601(a)(8).)

The Conference substitute adopts the House provision.

(f) Highly erodible cropland

The House bill defines "highly erodible cropland" as highly erodible land that is in cropland uses, as determined by the Secretary. (Sec. 1201(7).)

The Senate amendment contains no comparable provision. However, the term "eligible erosion-prone land" is the equivalent term for land eligible for the conservation reserve. (See paragraph (h) below.)

The Conference substitute adopts the House provision.

(g) Conservation payment

The Senate amendment defines "conservation payment" as a payment made by the Secretary to an owner or operator of a farm or ranch containing eligible erosion-prone land to reimburse such owner or operator for the cost of establishing vegetative cover on such land in accordance with conservation acreage reserve provisions of the bill. (Sec. 1601(a)(3).)

The House bill contains no comparable definition.

The Conference substitute amends the Senate amendment and inserts in lieu thereof a new definition for the term "cost sharing payment" as referenced in Section 1233(1).

(h) Eligible erosion-prone land

The Senate amendment defines "eligible erosion-prone land" to mean erosion-prone land that has been devoted, or has been considered to be devoted, to the production of an agricultural commodity during at least two of the last three consecutive crop years ending prior to January 1, 1986. (Sec. 1601(a)(5).)

The House bill contains no comparable provision. However, the term "highly erodible cropland" is the equivalent term for land eligible for the conservation reserve. (See paragraph (f) above.)

The Conference substitute deletes the Senate amendment.

(i) Erosion-prone land

The Senate amendment defines "erosion-prone land" similarly to the definition of "highly erodible land" in section 1201(6) of the House bill (see paragraph (e) above), except that the Senate amendment refers to an excessive rate of erosion and the House bill refers to an excessive average annual rate of erosion. (Sec. 1601(a)(6).)

The House bill contains no comparable definition.

The Conference substitute deletes the Senate amendment.

(j) Hydric soil

The Senate amendment defines "hydric soil" as soil that, in its undrained condition, is saturated, flooded, as ponded long enough during a growing season to develop an anerobic condition that supports the growth and regeneration of hydrophytic vegetation. (Sec. 1601(a)(9).)

The House bill contains no comparable definition.

The Conference substitute adopts the Senate amendment.

(k) Hydrophytic vegetation

The Senate amendment defines "hydrophytic vegetation" as a plant growing in water or in a substrate that is at least periodically deficient in oxygen during a growing season as a result of excessive water content. (Sec. 1601(a)(10).)

The House bill contains no comparable definition.

The Conference substitute adopts the Senate amendment.

(l) In-kind commodities

The Senate amendment defines the term "in-kind commodities" as commodities that are normally produced on land that is the subject of an agreement entered into under the conservation acreage reserve program. (Sec. 1601(a)(11).)

The House bill contains no comparable definition.

The Conference substitute adopts the Senate amendment.

(m) Rental payment

The Senate amendment defines "rental payment" to mean a payment made by the Secretary to an owner or operator of a farm or ranch containing eligible erosion-prone land to compensate the owner or operator for retiring such land from crop production and placing such land in the conservation acreage reserve. (Sec. 1601(a)(14).)

The House bill contains no comparable definition.

The Conference substitute adopts the Senate amendment with a modification substituting the term "highly erodible cropland" for the term "erosion-prone land."

(n) Shelterbelt

The Senate amendment defines the term "shelterbelt" as a vegetative barrier with a linear configuration composed of trees, shrubs, and other approved perennial vegetation. (Sec. 1601(a)(16).)

The House bill contains no comparable definition.

The Conference substitute adopts the Senate amendment.

(o) State

The Senate amendment defines "State" to mean each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of Northern Mariana Islands, or the Trust Territory of the Pacific Islands. (Sec. 1601(a)(17).)

The House bill contains no comparable definition.

The Conference substitute adopts the Senate amendment.

(p) Vegetative cover

The Senate amendment defines "vegetative cover" as perennial grasses or legumes with an expected life span of 5 or more years or trees. (Sec. 1601(a)(18).)

The House bill contains no comparable definition.

The Conference substitute adopts the Senate amendment with an amendment adding "forbs" and "shrubs."

(2) Criteria for identification of (and lists of) hydric soils and hydrophytic vegetation (Sec. 1201)

The Senate amendment requires the Secretary of Agriculture to develop criteria for the identification of hydric soils and hydrophytic vegetation and lists of such soils and vegetation. (Sec. 1601(c).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(3) Program ineligibility for production of commodities on highly erodible land or converted wetland (Sec. 1211)

(a) The House bill provides that any person who, after enactment, produces during any crop year an agricultural commodity on highly erodible land or on converted wetland shall be ineligible for certain agricultural program benefits on any commodity the person produced during that crop year.

The House bill also itemizes the program benefits to which the sanction described in the paragraph above would apply as follows: any type of price support or payments, farm storage facility loans, Federal crop insurance, disaster payments, and any Farmers Home Administration (FmHA) insured or guaranteed loan if the FmHA loan would be used for a purpose that would contribute to excessive erosion of highly erodible land, or conversion of wetlands (other than as provided in this item and item (4)) to produce agricultural commodities. (Sec. 1202(a).)

The Senate amendment contains comparable provisions except that it treats "highly erodible land" and "converted wetland" separately as respects program ineligibility. (Secs. 1611 and 1621.)

The Conference substitute adopts the House provision.

(b) The Senate amendment provides that a person who produces an agricultural commodity on highly erodible land or converted wetland shall be ineligible, as to any commodity produced during that crop year by such person, for a payment made under section 4 or 5 (general and specific authorities) of the Commodity Credit Corporation Charter Act during such crop year for the storage of an agricultural commodity acquired by the Commodity Credit Corporation. (Sec. 1621(b).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(4) Landlord eligibility (Sec. 1243)

The House bill provides that the program ineligibility of a tenant or sharecropper for benefits shall not cause a landlord to be ineligible for benefits for which the landlord would otherwise be eligible with respect to commodities produced on lands other than those operated by the tenant or sharecropper. (Sec. 1202(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(5) Exemptions with respect to highly erodible land (Sec. 1212)

The House bill exempts highly erodible land that was set aside, diverted, or otherwise not cultivated under provisions of a Department of Agriculture program for any of the 1981 through 1985 crops to reduce production of an agricultural commodity, except as otherwise provided under the conservation reserve provisions, from the program ineligibility provisions of section 1202. (Sec. 1203(2)(1).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(6) Ineligibility of exempted highly erodible land (Sec. 1212)

The House bill provides that the exemption from the program ineligibility provisions of section 1202 (relating to highly erodible land) for lands cultivated, set aside, or diverted for any of the 1981 through 1985 crops of agricultural commodities ends on the later of January 1, 1990, or the date which is two years after the date such land on which such crop is produced was mapped by the Soil Conservation Service for the purposes of classifying such land under the land capability classification system. However, there is an exception providing that such program benefits shall not be denied to any person if as of January 1, 1990, or two years after the Soil Conservation Service has completed a soil survey for the farm, whichever is later, such person is actively applying a conservation plan based on the local Soil Conservation Service technical guide and approved by the local soil conservation district or the Secretary of Agriculture, in which event, such person shall have until January 1, 1995, to comply with the plan. (Sec. 1203(a)(1).)

The Senate amendment provides that the Secretary must require, as a condition of eligibility for any loan, purchase, or payment authorized for any agricultural commodity under any program carried out by the Secretary or the Commodity Credit Corporation, that any person who produces an agricultural commodity on highly erodible land must use a conservation system determined appropriate for such land by a conservation district, or the Secretary if no conservation district exists, beginning with the later of the 1988 crop year or the date that is 2 years after the date the Soil Conservation Service has mapped such land for the purpose of classifying such land under the land capability classification system. (Sec. 1613.)

The conference substitute adopts the House provision with an amendment requiring the local soil conservation district to consult with the county Agricultural Stabilization and Conservation Committee in approving the conservation plan to be applied by the person.

The Conferees note that historically, the SCS technical guides in some states have included the provision that for land to be considered adequately treated, soil losses had to be reduced to an arbitrary standard called the soil loss tolerance or "T" value. This value ranges from two (2) to five (5) tons per acre per year. In many cases soil losses on highly erodible lands can be reduced from levels ranging from as much as 20-30 tons per acre per year or more to less than 10 tons per acre with very cost effective measures such as conservation tillage, contour farming, or strip cropping. These measures can usually be installed with a minimum of capital investment and can reduce erosion as much as 80-90 percent. If a rigid standard of "T" value is mandated for an acceptable conservation plan, even if erosion had been reduced from say 30 tons per acre to 7-8 tons per acre through the application of cost effective conservation measures, the producer could be required to either install a very expensive additional practice such as terraces or convert the land to grass or trees from cropland in order to continue to be eligible for program benefits.

It is not the intent of the Conferees to cause undue hardship on producers to comply with these provisions. Therefore, the Secretary should apply standards of reasonable judgment of local professional soil conservationist and consider economic consequences in establishing requirements for measures to be included in conservation plans prepared under this provision.

(7) Exemption for wetland (Sec. 1222)

(a) The House bill exempts converted wetland from the program ineligibility provision of section 1202 if the land became converted wetland before the date of enactment of the bill. (Sec. 1203(a)(6).)

The Senate amendment exempts converted wetland if the conversion of the wetland was commenced before the date of enactment of the bill. (Sec. 1622(a)(1).)

The Conference substitute adopts the Senate amendment. The Conferees intend that conversion of wetland is considered to be "commenced" when a person has obligated funds or begun actual modification of the wetland.

(b) The House bill exempts from the program ineligibility provisions of section 1202 production of an agricultural commodity on converted wetland (A) within a conservation district, in accordance with a wetland conservation plan that has been approved by the conservation district under regulations prescribed by the Secretary of Agriculture in consultation with the Secretary of the Interior acting through the United States Fish and Wildlife Service; or (B) not within a conservation district, in accordance with a wetland conservation plan that has been approved by the Secretary under regulations prescribed by the Secretary in consultation with the Secretary of the Interior acting through the United States Fish and Wildlife Service. (Sec. 1203(a)(7).)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provision.

(c) The Senate amendment provides that the Secretary may exempt a person from the program ineligibility provision relating to wetland for any action associated with the production of an agricultural commodity on converted wetland if the effect of such action, individually and in connection with all other similar actions authorized by the Secretary in the area, on the hydrological and biological aspect of wetland, is minimal. (Sec. 1622(b).)

The House bill contains a similar provision in the "converted wetland" definition but refers to actions of the producer whose cumulative and individual effect on the hydrological and biological values of the wetlands is minimal. (Sec. 1201(4)(B)(iv).)

The Conference substitute adopts the Senate amendment.

(d) The House bill defines converted wetland to exclude artificial lakes and ponds, wetland created by irrigation and for fish production and other similar purposes. (Sec. 1201(4).)

The Senate amendment exempts from the ineligibility provisions of section 1621 relating to wetland any person who produces an agricultural commodity on land converted to artificial wetland as described in the House bill except that the reference in the Senate amendment to irrigation specifically includes subsurface irrigation. (Sec. 1622(a)(2).)

The Conference substitute adopts the Senate amendment.

(8) Appeal procedure (Sec. 1243)

The House bill requires the Secretary of Agriculture to establish by regulation an appeal procedure for adverse determinations made under the subtitle (including those under the conservation reserve). (Sec. 1206(c).)

The Senate amendment contains a comparable provision except that it does not apply to the conservation acreage reserve. Howev-

er, it also requires the Secretary to establish, by regulations, an appeal procedure under which a person may seek review of a determination relating to classification of land or that the land is converted wetland. (Secs. 1616 and 1615(b)(1).)

The Conference substitute adopts the House provision.

The Conferees intend that the appeal procedure established by the Secretary be applicable to any adverse determinations made under all conservation programs established under this title.

(9) Consultation with Interior (Sec. 1223)

The House bill requires the Secretary of Agriculture to issue regulations, in consultation with the Secretary of the Interior, relating to determinations of minimal effect of producer actions on wetland and production of agricultural commodities on converted wetland in accordance with an approved wetland conservation plan. (Secs. 1201(4) and 1203(a)(7).)

The Senate amendment requires the Secretary to consult with the Secretary of the Interior on determinations and actions to carry out the wetland provisions, including the identification of wetland, determination of exemptions, and issuance of regulations. (Sec. 1623.)

The Conference substitute adopts the Senate amendment.

CONSERVATION RESERVE

(10) Eligible land (Sec. 1231)

(a) The House bill requires the Secretary of Agriculture to carry out a Conservation Reserve (CR) program with owners of "highly erodible land" that is in cropland uses. (Secs. 1205(a), 1201(a)(7).)

The Senate amendment uses the term "eligible erosion-prone land" for land eligible for inclusion in the CR program (CR). (Sec. 1631(a).)

The definitions of these two terms are similar, but the Senate amendment specifies the land must have been devoted, or considered devoted, to the production of an agricultural commodity during at least 2 of the last 3 consecutive crop years preceding January 1, 1986. (Secs. 1601(a)(5) and 1631(a).)

The Conference substitute adopts the House provision.

(b) The House bill provides that the Secretary shall consider for inclusion in the CR those lands not highly erodible that pose an off-farm environmental threat or, if permitted to remain in production, pose a threat of continued degradation of productivity due to soil salinity. (Sec. 1205(o).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to delete the word "shall" and insert in lieu the word "may."

(11) Contracting; Size of reserve (Sec. 1231)

(a) The House bill requires the Secretary of Agricultural to enter into CR contracts beginning October 1, 1985, and ending September 30, 1990, covering not in excess of 20 million acres. (Sec. 1205(b)(1).

The Senate amendment requires the Secretary to carry out the CR program during the 1986 through 1990 crop years and to place acreage in the CR as follows:

(1) during the 1986 crop year, not less than 5, nor more than 45, million acres;

(2) during the 1986 and 1987 crop years, a total of not less than 15, nor more than 45, million acres;

(3) during the 1988 through 1989 crop years, a total of not less than 25, nor more than 45, million acres;

(4) during the 1986 through 1989 crop years, a total of not less than 35, nor more than 45, million acres; and

(5) during the 1986 through 1990 crop years, a total of not less than 40, nor more than 45, million acres. (Sec. 1631(c).)

The Conference substitute adopts the Senate amendment with an amendment authorizing the Secretary to reduce the minimum conservation reserve acreage each year by no more than 25 percent if the Secretary determines that rental payments in the following year are likely to be significantly less. The amendment requires the Secretary to enter into the conservation reserve at least 40 million acres, but not more than 45 million acres, through fiscal year 1990.

(b) The House bill provides for an additional 5 million acres of cropland to be placed in the CR program with payment to be made in surplus agricultural commodities owned by the Commodity Credit Corporation except that payment under these contracts may be made in cash if sufficient commodities are not available or payment in commodities will have a depressing market effect. (Sec. 1205(b)(2).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(c) The House bill limits the amount of acreage that may be placed in the CR to not more than 25 percent of the cropland in any country. (Sec. 1205(a).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to allow the Secretary to exceed the 25 percent per county limitation if he determines that higher levels would not adversely affect the local economy in that particular county.

(12) Duration of CR contracts (Sec. 1231)

The House bill provides that the CR contracts for 20 million acres shall not be less than 10 years in duration and contracts for 5 million additional acres shall be for periods up to 10 years. (Sec. 1205(b)(1) and (2).)

The Senate amendment provides that CR contracts shall be for not less than 7 nor more than 15 years in duration. (Sec. 1631(d).)

The Conference substitute adopts the Senate amendment with an amendment striking "7" and inserting "10."

(13) Duties of owners and operators under a CR contract (Sec. 1232)

The House bill requires the owner or operator to effectuate a plan approved by the appropriate State forestry agency if the owner or operator is to convert the acreage to trees. (Sec. 1205(b)(1)(A).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(14) Violation of contract by owners or operators (Sec. 1232)

The House bill requires the Secretary of Agriculture to consider the recommendation of the Soil Conservation Service and the soil conservation district before determining that a violation of a contract is serious enough to warrant termination. (Sec. 1205(b)(1)(B).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(15) Result of a transfer of land subject to a CR contract (Sec. 1232)

The House bill authorizes the Secretary of Agriculture to make adjustments in payments and refunds under the CR contract upon transfer of the land subject to the contract unless the transferee assumes all obligations under the contract. (Sec. 1205(b)(1)(C).)

The Senate amendment contains no authority to make adjustments in payments upon transfer of the land subject to the contract but does require interest to be paid on the amounts to be refunded unless the transferee assumes all obligations under the contract, or the new owner or operator enters into a new contract with the Secretary in accordance with section 1635(a). (Sec. 1632(a)(6).)

The Conference substitute adopts the House provision.

(16) Haying and grazing (Sec. 1232)

The House bill requires the owner or operator to agree not to conduct, during the term of the contract, any harvesting or grazing nor otherwise make commercial use of the forage on land that is subject to the contract, except that the Secretary of Agriculture may permit harvesting or grazing or other commercial use of the forage on land that is subject to the contract in response to a drought or other similar emergency. (Sec. 1205(b)(1)(D).)

The Senate amendment prohibits haying and grazing and harvesting or other commercial use of forage or trees on land subject to a CR contract unless expressly permitted in the contract or under section 1632(d). Section 1632(d) provides that the Secretary may designate a State, or part of a State, as an area in which an owner or operator holding a CR contract may be permitted, on an individual basis, to conduct haying and grazing, subject to such terms and conditions as the Secretary may prescribe, on land subject to such contract, except that such haying or grazing may be permitted only during the 6 principal nongrowing months of a year, and except that the Secretary may not designate a State, or part of a State, under this exception for more than 1 year at a time. (Sec. 1632.)

The Conference substitute adopts the House provision.

(17) Forestry practices (Sec. 1232)

(a) The House bill provides that no contract may prohibit customary forestry practices such as pruning, thinning (including thinning that results in commercial pulpwood and fence post harvesting), or stand improvement on land subject to a CR contract. (Sec. 1205(b)(1)(E).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment striking "(including thinning that results in a commercial pulpwood and fence post harvesting)."

(b) The House bill provides that no contract may permit tree planting on CR land unless the contract specifies that the harvesting and commercial sale of such trees for Christmas trees is prohibited. (Sec. 1205(b)(1)(E).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The Senate amendment provides that no less than 5 million acres of land placed in

the CR during the period 1986-1990 will be devoted to trees. (Sec. 1632(c).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment deleting "5 million acres of land" and instead requiring that "not less than one-eighth of the number of acres of land placed in the conservation reserve each year under this subtitle during the 1986 through 1990 crop years, to the extent practicable, shall be devoted to trees."

(18) Acceptability of contract offers (Sec. 1234)

(a) The House bill provides that the Secretary of Agriculture, when considering contract offers, may accept those offers that provide for the establishment of shelterbelts and windbreaks, or permanently vegetated stream borders, filter strips of permanent grass, forbs, shrubs, and trees that will reduce sedimentation substantially. (Sec. 1205(f)(2).)

The Senate amendment directs the Secretary, when considering the acceptability of contract offers, to give priority to those offers that will result in the lowest cost to the Federal Government when calculated on the basis of all relevant factors, including the number of acres of eligible erosion-prone land removed from production each year, the amount of funds made available to carry out the program, the extent to which eligible erosion-prone land may contribute to off-site damages, and the potential benefits to wildlife. (Sec. 1634(c)(1).)

The Conference substitute adopts the House provision. The Conferees intend that the Conservation Reserve be administered, to the extent practicable, so as not to reward those who in recent years have converted highly erodible land to cropland uses.

(b) The Senate amendment provides that in determining the acceptability of contract offers the Secretary may (A) establish different criteria in various States and regions of the United States to determine the extent to which erosion be abated, and (B) give priority to offers made by owners and operators who are subject to the highest degree of economic stress. (Sec. 1634(c)(2) and (3).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(19) Payment limitation (Sec. 1234)

(a) The House bill limits a person to payments of annual rental fees applicable to a farm or ranch to $50,000. The House bill also requires the Secretary of Agriculture to issue regulations defining the term "person" and provides that the regulations issued by the Secretary on December 18, 1970, under the Agricultural Act of 1970 shall be used to determine whether corporations and their stockholders will be considered separate persons. (Sec. 1205(d)(3).)

The Senate amendment provides that the total amount of rental payments, including rental payments made in the form of in-kind commodities, made to an owner or operator under a CR contract for any fiscal year may not exceed $50,000. (Sec. 1634(h)(1).)

The Conference substitute adopts the Senate amendment with an amendment incorporating that section of the House provision providing that the regulations issued by the Secretary on December 18, 1970, under the Agricultural Act of 1970 shall be used to determine whether corporations and their stockholders will be considered separate persons.

(b) The Senate amendment also provides that the rental payments under a CR contract shall be outside of other payment limits established under the bill or the Agricultural Act of 1949. (Sec. 1634(h)(2).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(20) Payment of cost of installing and maintaining conservation measures (Sec. 1234)

The House bill directs the Secretary of Agriculture to pay 50 percent of the cost of installing and maintaining the specified conservation measures set forth in the CR contract. (Sec. 1205(e).)

The Senate amendment directs the Secretary to cost share no more than 50 percent of the cost of the conservation measures set forth in the contract. (Sec. 1633(1).)

The Conference substitute adopts the House provision with an amendment striking the words "installing and maintaining" and inserting instead the word "establishing."

(21) Change in ownership (Sec. 1235)

(a) The House bill places restrictions on the ability of the Secretary of Agriculture to enter into CR contracts covering land with respect to which the ownership has changed in the 3-year period preceding the first year of the contract period unless the new ownership was acquired by will or succession, the new ownership was acquired before Janaury 1, 1985, or the Secretary determines the land was not acquired to place it in the program. (Sec. 1205(i)(1).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The House bill permits the continuation of a CR contract by a new owner after a contract has been entered into, and does not require a person to own the land if such person has operated the land for at least three years preceding the date of the contract or since January 1, 1985, whichever is later, and controls the land for the contract period. (Sec. 1205(i)(2).)

The Senate amendment provides that if, during the term of the CR contract, land subject to the contract is transferred, the new owner may continue the contract, enter into a new contract, or elect not to participate in the CR program. (Sec. 1635(a).)

The Conference substitute adopts the House provision.

(22) Modification of contract by Secretary (Sec. 1235)

The Senate amendment allows the Secretary of Agriculture to modify or waive a term or condition of a CR contract in order to permit all or part of the land subject to such contract to be devoted to the production of an agricultural commodity during a crop year. (Sec. 1635(b)(2).)

The House bill provides authority for the Secretary to waive or modify requirements of a plan approved by the Secretary or the conservation district under the CR program. (Sec. 1205(b)(1)(A).)

The Conference substitute adopts the Senate amendment.

(23) Payment in cash or in-kind (Sec. 1234)

(a) The House bill provides that payment under CR contracts can be made in cash or commodities, except that in-kind payments described in item (11)(b) shall be made in cash if payment in-kind would have a depressing market effect, or stocks are unavailable. (Sec. 1205(g).)

The Senate amendment requires the Secretary of Agriculture to make the annual rental payment under a CR contract for the first year in cash and for subsequent years in the form of in-kind commodities in such amounts as are agreed upon in the contract. The Secretary may make in-kind payments only if the Secretary makes a finding that the use of such commodity will not displace to a significant degree the usual marketings of such commodity. (Sec. 1634(e)(1) and (2).)

The Conference substitute adopts the House provision.

(b) The Senate amendment provides that if payment is to be made with in-kind commodities, such payment shall be made by CCC (A) by delivery of the commodity involved to the owner at a warehouse in the county where the land under contract is located or at another agreed-on location, (B) by transfer of negotiable warehouse receipts; or (C) by such other method including the sale of the commodity in commercial markets as the Secretary deems appropriate. (Sec. 1634(e)(3).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(c) The Senate amendment also provides that if CCC stocks are not readily available to make full payment in kind under a CR contract, the Secretary may substitute full or partial payment in cash. (Sec. 1634(e)(4).)

The House bill contains no comparable provision except as described in paragraph (a) above.

The Conference substitute adopts the Senate amendment.

(24) Program ineligibility of CR acreage

The House bill provides that upon the termination or expiration of a CR contract, the highly erodible cropland that was the subject of such contract shall be considered highly erodible land for the purposes of section 1202, the program ineligibility section. (Sec. 1205(m).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

The Conferees agreed that the Secretary should inform all persons entering contracts to place highly erodible cropland in the Conservation Reserve that upon expiration or termination of such contracts any highly erodible cropland will likely be subject to the program ineligibility section of this Act and therefore must be operated in accordance with an approved conservation plan would specify any land which could not be put into cultivation and any land which could be put in cultivation subject to installation of approved conservation practices. Such persons should be fully informed in advance, of the general scope of the requirements and obligations of the conservation plan.

(25) Termination of a CR contract (Sec. 1235)

The Senate amendment requires the Secretary of Agriculture to give written notice to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate at least 90 days before terminating all CR contracts. (Sec. 1635(c)(2).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(26) Carry out program through the Commodity Credit Corporation (Sec. 1241)

(a) The House bill authorizes the use of Commodity Credit Corporation funds to carry out the CR program and authorizes appropriations to reimburse the CCC for any amounts expended by it under the CR program and not previously reimbursed. (Sec. 1205(n).)

The Senate amendment requires the use of CCC funds in carrying out the CR program in fiscal years 1986 and 1987 and authorizes such use of CCC funds in subsequent fiscal years only if CCC has received prior appropriated funds to cover such CCC expenditures under the CR program. (Sec. 1636(a).)

The Conference substitute adopts the Senate amendment.

(b) The House bill provides that the authority to enter into contracts under CR program, not within the authority of the CCC or the Secretary of Agriculture as of the date of enactment of the bill, shall be effective for any fiscal year to such extent or in such amount as provided in appropriation Act (Sec. 1206(e).)

The Senate amendment provides that the authority to conduct the CR is in addition to other authorities available to the Secretary and the CCC. (Sec. 1636(f).)

The Conference substitute adopts the Senate amendment.

(27) Utilize other agencies (Sec. 1242)

(a) The House bill requires the Secretary of Agriculture in carrying out the highly erodible land, wetland, and conservation reserve provisions to use ASC Committees and the technical services of the Soil Conservation Service, the Forest Service, State foresters, and conservation district. (Sec. 1206(b).)

The Senate amendment requires the Secretary to use ASC Committees in carrying out the highly erodible land provisions and authorizes the Secretary in carrying out the conservation reserve provisions to use the same entities as provided for in the House bill with the addition of the Fish and Wildlife Service, State Fish and game authorities, the land grant colleges, and other appropriate agencies. (Secs. 1615(a) and 1636(b).)

The Conference substitute adopts the Senate amendment.

(b) The Senate amendment requires the Secretary, to the extent practicable, in carrying out the CR program at the State and county levels, to consult with the Fish and Wildlife Service, State forestry and fish and game agencies, land grant colleges, conservation districts, and other appropriate agencies and groups. (Sec. 1636(c).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendments with an amendment deleting the reference to "and groups."

(28) Base history (Secs. 1232 and 1236)

(a) The House bill explicitly provides that a conservation plan under the CR program may provide for the permanent retirement of any existing cropland base and allotment history for the land. (Sec. 1205(c).)

The Senate amendment contains no comparable explicit provision.

The Conference substitute adopts the House provision.

(b) The House bill also provides that a reduction, based on a ratio between the total cropland acreage on the farm and the acreage placed in the conservation reserve, as determined by the Secretary of Agriculture, shall be made, during the period of the contract, in crop bases, quotas, and allotments with respect to crops for which there is a production adjustment program. (Sec. 1205(d)(2).)

The House bill further provides that notwithstanding the program ineligibility provisions relating to highly erodible land, the Secretary, by appropriate regulation, may provide for preservation of cropland base and allotment history applicable to acreage converted from the production of agricultural commodities under the CR program, for the purpose of any Federal program under which the history is used as a basis for participation in the program or for an allotment or other limitation in the program, unless the owner and operator agree under the contract to retire permanently the cropland base and allotment history. (Sec. 1205(1).) (See also item (24) above.)

The Senate amendment provides that, if an owner or operator diverts acreage from production under a CR contract, any cropland base or allotment history with respect to such acreage shall be retired. However, a cropland base or allotment history may be reestablished on such acreage under law applicable upon the expiration of such contract. (Sec. 1636(e).)

The Conference substitute adopts the House provision with an amendment providing that a reduction, based on a ratio between the total cropland acreage on the farm and the acreage placed in the conservation reserve, as determined by the Secretary of Agriculture, shall be made, during the period of the contract, in the aggregate, in crop bases, quotas, and allotments on the farm with respect to crops for which there is a production adjustment program.

(29) Technical assistance for water resources (Sec. 1251)

The House bill provides that the Secretary of Agriculture may formulate plans and provide technical assistance to property owners and agencies of State and local governments and interstate river basin commissions to protect the quality and quantity of subsurface water, enable property owners to reduce their vulnerability to flood hazards, and control the salinity in the Nation's agricultural water resources. The Secretary is required to submit a report by February 15, 1987, and each February 15th thereafter, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate evaluating such plans and technical assistance. (Sec. 1211.)

The Senate amendment is the same except that it does not contain a provision rquiring a report. (Sec. 1954.)

The Conference substitute adopts the House provision with an amendment deleting the requirement for the Secretary to submit annual reports after the report due on February 15, 1987.

(30) Extension of the Soil and Water Resources Conservation Act of 1977 (Sec. 1252)

(a) The House bill extends the Soil and Water Resources Conservation Act of 1977 to December 3, 2008. (Sec. 1221.)

The Senate amendment extends the Act to December 31, 2005. (Sec. 1644.)

The Conference substitute adopts the House provision.

(b) The House bill amends the Act to require the Secretary of Agriculture to conduct four appraisals of the status of the soil, water, and related resources of the Nation to be completed by December 31, 1979, December 31, 1985, December 31, 1995, and December 31, 2005, respectively. (Sec. 1221.)

The Senate amendment requires the appraisals to be completed not later than December 31, 1979, December 31, 1984, December 31, 1994, and December 31, 2004. In the case of an appraisal due to be completed after December 31, 1984, the Secretary may supplement the preceding appraisal in lieu of preparing a new appraisal. (Sec. 1644.)

The Conference substitute adopts the House provision with an amemdment changing the required completion date for the second appraisal from December 31, 1985, to December 31, 1986.

(c) The House bill amends the Act to require national soil and water conservation program updates to be completed by December 31, 1987, December 31, 1997, and December 31, 2007. (Sec. 1221.)

The Senate amendment requires program plans to be completed not later than December 31, 1979, December 31, 1984, December 31, 1994, and December 31, 2004. In the case of any plan required to be completed after December 31, 1984, the Secretary may supplement the preceding plan in lieu of preparing a new plan. (Sec. 1644.)

The Conference substitute adopts the House provision.

(d) The Senate amendment requires the Secretary in developing the national soil and water conservation program to take into consideration the priorities (as well as responsibilities) of Federal, State, and local governments in conservation efforts. (Sec. 1644.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(e) The House bill requires the President to transmit to the Speaker of the House of Representatives and the President of the Senate (A) the appraisals developed under section 5 of the Act at the time Congress convenes in 1980, 1986, 1996, and 2006; and (B) the program and program updates developed under section 6 of the Act at the time Congress convenes in 1980, 1988, 1998, and 2008, together with a detailed statement of policy regarding soil and water conservation activities of the Department of Agriculture. (Sec. 1221.)

The Senate amendment requires the President to submit the program plans and appraisals to the Speaker of the House and the President of the Senate on the first day Congress convenes in 1980, 1984, 1994, and 2004. (Sec. 1644.)

The Conference substitute adopts the House provision with an amendment changing the deadline when the second appraisal must be submitted to the Congress from the time Congress convenes in 1986 to 1987.

(f) The House bill deletes section 7(b) of the Act, which requires the President to submit an annual report to Congress of program and policy achievement in relation to the budget. (Sec. 1222.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(31) Dry land farming (Sec. 1253)

The Senate amendment amends section 7(a) of the Soil Conservation and Domestic Allotment Act by adding the promotion of energy and water conservation through dry land farming as an additional policy and purpose of such Act. (Sec. 1642.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(32) Agricultural conservation program

The Senate amendment amends section 8(d) of the Soil Conservation and Domestic Allotment Act to require that, in order to be eligible to receive a payment or grant of aid made under the agricultural conservation program authorized by sections 7 through 15, 16(a), 16(f), and 17 of such Act and sections 1001 through 1008 and 1010 of the Agricultural Act of 1970, a producer must use such payment or grant in accordance with a conservation plan approved (A) by the soil and water conservation district or districts in which the land described in the plan is situated, or (B) in areas where such district or districts do not exist or fails to act on the approval of such plan, the Secretary of Agriculture. In order to receive such approval, the plan must ensure that soil loss levels on lands subject to such plan do not exceed the standards determined by the Secretary. The Secretary is required to provide technical assistance to producers to assist producers in preparing such plans. (Sec. 1643.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

(33) Soil Conservation Service

The Senate amendment, after making several findings concerning the Nation's soil and water resources, provides that it is the sense of Congress that (A) the vital work of the Soil Conservation Service be vigorously pursued to address the serious soil and water problems still confronting the United States; and (B) adequate support and funding be continued for the Soil Conservation Service and its necessary program. (Sec. 1645.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment. The Conferees endorse the Senate amendment for "Sense of the Congress" purposes.

(34) Softwood timber (Sec. 1254.)

The Senate amendment amends section 608 of the Agricultural Programs Adjustment Act of 1984 to require the Secretary of Agriculture to implement a program under which a delinquent loan made or insured under the Consolidated Farm and Rural Development Act, or portion of such loan, may be reamortized with the use of future revenue produced from the planting of softwood timber crops on land that was cultivated or in pasture and secures such a loan. Accrued interest on the outstanding loan may be capitalized. The Secretary is to set the interest rate on the new loan at a rate not more than the rate on comparable U.S. obligations, plus one percent. Payments on the reamortized loan may be deferred until the timber crop produces revenue or for a term of 45 years (whichever comes first) and must be repaid not later than 50 years after the date of reamortization. The borrower of the reamortized loan must place at least 50 acres of land in softwood timber production. The Secretary may make loans to such borrowers to assist in their placing their land in timber production. Such a loan may not exceed $100,000 per borrower and shall be secured by the land on which the trees are planted. (Sec. 1646.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment with an amendment providing discretion for the Secretary to establish such a program pursuant to the recommendations contained in the study mandated by Section 608 of Public Law 98-258. The amendment limits the program to "distressed" rather than "delinquent" FmHA loans and to "marginal land as determined by the Secretary." It also limits the amount borrowers may obtain to assist them in placing such land in softwood timber production to "the actual costs of tree planting for land placed in the program." The amendment requires that if the program is implemented, the Secretary must issue rules prescribing the terms and conditions for "management and harvesting practices of the timber crop." The Conference substitute also limits the size of the program to not more than 50,000 acres.

(35) Farmland protection (Sec. 1255.)

The Senate amendment amends the Farmland Protection Policy Act to state that it is the policy of the United States that the expenditure of Federal program funds is not to contribute to the irreversible conversion of farmland to nonagricultural uses, unless it can be demonstrated that there is no feasible alternative to achieve the program objective. Provisions of current law requiring the Secretary of Agriculture to develop criteria for identifying effects of Federal programs on the conversion of farmland to nonagricultural uses would be deleted. (Sec. 1956(a).)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate amendment.

TITLE XIII—CREDIT

(1) Joint operations

The House bill amends sections 302 and 311(a) of the Consolidated Farm and Rural Development Act (the Act) to add joint operations to those entities eligible to receive farm ownership, soil and water conservation, recreation, and farm operating loans. It also amends section 343 of the Act to define the term "joint operation" to mean an operation in which two or more farmers work together sharing equally or unequally land, labor, equipment expenses, and income. (Sec. 1301.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(2) Eligibility for real estate and operating loans

The Senate amendment amends sections 302 and 311 of the Act to prohibit the Secretary of Agriculture from restricting eligibility for farm ownership, soil and water, recreation, and farm operating loans solely to borrowers who have loans outstanding as of the date of enactment of the bill. (Sec. 1701.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(3) Water and waste disposal facilities

(a) The House bill in section 306(a) of the Act will require the Secretary of Agriculture to establish a grant rate for each water or waste disposal contract for which a grant is made, and to set that rate in accordance with regulations providing for a graduated scale of grant rates with a higher rate for communities with lower level community populations and income levels. However, the grant rate will be the maximum permitted rate (75 percent) for any project in a community that has a population of 1,500 or fewer persons and a median household income not exceeding the higher of (1) the poverty line, or (2) 80 percent of the statewide nonmetropolitan median household income. (Sec. 1302(1).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment deleting the requirement that the grant rate be the maximum permitted for communities that meet specific population and income criteria. The amendment requires a graduated scale of grant rates with targeting toward communities with low income and population.

(b) The House bill will require the Secretary to use a project selection system in deciding which water or waste disposal facility projects will be receiving grant assistance. The project selection system will provide for the objective and uniform comparison of requests for assistance (in the form of pre-applications) on the basis of relative need as reflected by factors determined by the Secretary, including (1) low community median income, (2) low population, and (3) severity of health hazards stemming from inadequate potable water or sewage disposal. The three factors described in the preceding sentence would be weighted equally and account for not less than 75 percent of the total rating points in the project selection system. (Sec. 1302(2).)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provision.

(c) The House bill will add a new provision to section 306(a) to authorize the Secretary to make grants to private nonprofit organizations to finance technical assistance and training to (1) identify and evaluate solutions to water and sewage disposal problems in rural areas, (2) prepare applications for water and waste disposal grants made under the Act, or (3) improve operations and maintenance at water and waste disposal facilities. Not less than 2 percent of any appropriation for grants under section 306(a)(2) must be reserved for such grants unless the applications qualifying for such grants for the fiscal year total less than 2 percent of such appropriations. (Sec. 1302(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provisions with an amendment providing that not less than 1 percent or more than 2 percent of any appropriation for grants under section 306(a)(2) must be reserved for grants to provide technical assistance and training.

The conferees intend that the grant funds set aside to finance technical assistance and training not be used to recruit new applicants for the water and waste disposal program, but rather to be used to assist those communities that have already decided to make application for the FmHA water and waste disposal loan and grant program.

(d) The House bill will add a new provision to section 306(a) to require the Secretary to use median income and population figures of all the communities involved in cases in which water or waste disposal facility projects serve more than one community. The median figures would be used in (1) determining the grant rate described in paragraph (a) above, (2) applying the project selection system described in subsection (b),

and (3) determining the interest rate under section 307 of the Act. (Sec. 1302(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment deleting reference to the use of median income and population figures for a project selection system referred to in item 3(b).

(e) The House bill will authorize the Secretary to make grants, aggregating not more than $10 million in any fiscal year, to associations, nonprofit corporations, Indian tribes, and public and quasi-public agencies to test cost-effective methods of meeting basic needs or rural residents who do not have and cannot afford safe drinking water systems. Financing under such grants could be used to cover (1) individual or small, multiuser drinking water facilities, (2) costs involved in connecting rural residences into community water systems (3) improvements to small community water systems and (4) alternative rural drinking water systems. (Sec. 1302(2).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(f) The House bill will add a new provision to section 306 that provides that water and waste disposal facility grants can be used to pay the local share requirements of other Federal grant-in-aid programs. (Sec. 1302(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment which specifies that water and waste disposal facility grants may be used to pay the local share requirements of other Federal grant-in-aid programs if this use is authorized in the statute under which the Federal grant-in-aid program is carried out.

(g) The Senate amendment provides that the Secretary, in approving any water and waste disposal facility loan, must consider fully any recommendation made by the applicant or borrower concerning the technical design and choice of materials to be used for such facility. The Secretary must give the applicant or borrower a comprehensive justification if the Secretary determines that a different design or materials should be used. (Sec. 1702(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(4) Interest rates—water and waste disposal facility and community facility loans

The House bill provides that the interest rate for water and waste disposal facility loans and community facility loans must be the lower of the rate in effect (1) at the time of loan approval or (2) at the time of loan closing. (Sec. 1303(3).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(5) Effective date

The House bill provides that the water and waste disposal facility loan and grant provisions in section 1302 and the interest rate provisions on water and waste disposal and community facility loans in section 1303 will be effective October 1, 1985, and will apply to any loan or grant applicant, regardless of whether the loan or grant application was made before October 1, 1985. (Sec. 1304.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(6) Water and waste disposal plant feasibility study

The Senate amendment requires that the Secretary of Agriculture study the practicality and cost-effectiveness of making loans and grants under section 306 of the Act for the construction of water and waste disposal facilities at individual locations in rural areas, rather than at central or community locations. The study must be submitted to the House and Senate agriculture committees within 120 days of the date of enactment of the bill. (Sec. 1702(c).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment specifying that the study also focus on small multi-use drinking water facilities, costs involved in connecting rural residents into community water systems, improvements to small community water systems, and alternative rural drinking water systems.

(7) Mineral rights as collateral

The House bill amends section 307 of the Act to prohibit the consideration of oil, gas, or other mineral rights as part of the collateral for farm ownership loans made after the date of enactment of the bill, unless the appraised value of these rights is specifically included in the appraised value of the collateral securing the loan. However, any payment or compensation the borrower receives for damage to the surface of the real estate stemming from mineral exploration or recovery may be counted as part of the collateral securing the loan. (Sec. 1305.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(8) Use of proceeds from mineral sales or leases

The House bill provides that for loans made after the date of enactment of the bill, unless the appraised value of the oil, gas, or other mineral rights was included as part of the appraised value of the loan security, a farm loan borrower, having an outstanding farm ownership, operating, disaster, or economic emergency loan, be allowed to use the royalties or lease or sale proceeds generated from such mineral rights to make prospective scheduled payments on the loan. (Sec. 1309.)

The Senate amendment is similar in that it allows the making of prospective payments on such loans with proceeds (1) from the lease of oil, gas or other mineral rights to real property securing the loan or (2) from the sale of oil, gas, or minerals removed from such property if the value of the rights was not used to secure the loan and the loan security is otherwise adequate. However, this option does not apply if liquidation or foreclosure is pending on the property on the date of enactment of the bill. (Sec. 1709.)

The Conference substitute adopts the Senate provision with a technical amendment deleting language specifying that the security for the loan be otherwise adequate.

(9) Sale of notes and security

The Senate amendment amends sections 309(d) and 309A(e) of the Act to clarify the authority of the Secretary of Agriculture to sell to parties notes evidencing loans made from the agricultural credit and rural development insurance funds. The clarification specifies that sale may be made on a nonrecourse basis and that the Secretary and any purchaser of such notes will be relieved of any responsibilities that might have been imposed had the borrower remained indebted to the Secretary. Additionally, notes sold from the Agricultural Credit Insurance Fund on a nonrecourse basis must have been held in that fund for at least 4 years. (Sec. 1703.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(10) Rural industrial assistance

(a) The House bill amends section 310B of the Act to limit the principle amount of a business and industry loan to $25,000,000. (Sec. 1306(1).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(b) The House bill adds a new subsection to section 310B of the Act that effective October 1, 1986, authorizes the Secretary of Agriculture to make grants to public and private nonprofit institutions for the establishment and operation of rural technology development cents to promote the development and commercialization of (1) new products that can be manufactured in rural areas, and (2) new processes that can be used in such manufacturing. Grants will be made on a competitive basis, giving preference to applicants in areas that have, (1) a low level of industry and agribusiness, or (2) high unemployment, (3) low per capita income, and (4) high out-migration. the Secretary must issue regulations providing for monitoring and evaluating the rural technology development activities carried out by institutions that receive such grants. (Sec. 1306.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(c) The Senate amendment modifies section 310B of the Act to authorize the Secretary to guarantee loans to finance the production and distribution of ethanol in rural areas. All other loan and grant authority under section 310B is repealed. (Sec. 1704.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(d) The Senate amendment provides that, for fiscal year 1986 only, the Secretary must guarantee loans made by public agencies and private organizations to nonprofit national rural development and finance corporations that establish state-wide development and finance programs for purposes of providing loans, loan guarantees, and other financial assistance to improve business, industry, and employment opportunities in rural areas (as determined by the Secretary). To obtain a loan, a rural development and finance corporation must:

(1) demonstrate its ability to administer a national revolving rural development loan program;

(2) be prepared to commit corporate resources to establish affiliated statewide rural development and finance programs; and

(3) have secured commitments of significant financial support from public agencies and private organizations for such affiliated statewide programs.

A determination to establish a particular affiliated statewide program must be based in large part on the willingness of the State and private organizations to make funds available to such program. The Secretary must use $20 million of the $150 million authorized for the production and distribution of ethanol in rural areas to guarantee loans made to rural development and finance corporations, such funds to remain available until expended. (Sec. 1720(a).)

The House bill has no comparable provision.

The Conference substitute adopts the Senate provision.

(e) The Senate amendment provides that, for fiscal year 1986 only, the Secretary must make grants to national rural development and finance corporations for purposes of establishing a rural development program to provide financial and technical assistance to complement the loan guarantees required to be made in the provisions explained in paragraph (d).

All funds deposited in the Rural Development Loan Fund under sections 623(c)(1) and 633 of the Community Economic Development Act of 1981 that are available on the date of enactment of the bill must be transferred to the Secretary for the purpose of making such grants and must remain available until expended. (Sec. 1720(b).)

The House bill has no comparable provision.

The Conference substitute adopts the Senate provision with an amendment requiring that any loans made prior to the date of enactment shall bear the rate of interest in effect on the date of issuance for the life of such loan.

(11) Farm recordkeeping training for limited resource borrowers

The Senate amendment amends section 312(a) of the Act to authorize the making of an operating loans to a limited resource borrower holding a real estate loan made under section 310D of the Act for purposes of paying for training in the maintenance of records of farming and ranching operations. (Sec. 1705.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(12) Emergency loans

(a) The House bill amends section 321 of the Act to require individual applicants for emergency loans to own and operate (for loans for farm real estate purposes) or operate (for loans for farm operating purposes) not larger than family farms. In the case of entities (farm cooperatives, private domestic corporations and partnerships—including joint operations) to be eligible for emergency loans, the majority interest of the entity must be held by citizens who own and operate (for real estate loans) or operate (for operating loans) not larger than family farms. In the case of such entities in which a majority interest is held by individuals who are related by blood or marriage, such individuals must be either owners or operators of not larger than a family farm and at least one such individual must be an operator of not larger than a family farm. The family farm requirement applicable to entities is to apply as well to all farms in which the entity has an ownership or operator interest. (Sec. 1307(a).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The Senate Amendment provides that no emergency loan may be made for production losses that could have been insured under the Federal Crop Insurance Act. The change made by this amendment does not affect those persons whose eligibility for a loan resulted from damage to an annual crop planted before the date of enactment of the bill. (Sec. 1706 (a) and (f).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment providing that the ineligibility provision shall not apply to any annual crop planted or harvested before the end of 1986.

Further, the conferees intend that the Secretary of Agriculture not deny eligibility for Farmers Home Administration emergency disaster loans to producers who are prevented from planting a crop due to flood, drought, or natural disaster, notwithstanding the producer's eligibility for crop insurance under the Federal Crop Insurance Act.

Also, the conferees intend that the Secretary of Agriculture conduct a thorough review of the present method of establishing insurable crop yields under the Federal Crop Insurance Act. It is further the intent of the conferees that in counties which have been declared natural disaster areas in at least three of the past five years, the Secretary must offer producers at least one alternative method for computing crop yields—for crop insurance purposes—that may more accurately reflect the longer term historical productivity of that producer's crop land.

(c) The Senate amendment amends sections 321(b) and 324(b)(1) of the Act to repeal the authority of the Secretary of Agriculture to make emergency loans to applicants who are able to obtain credit elsewhere. (Secs. 1706 (a) and (c).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(d) The Senate amendment deletes obsolete provisions from section 324 of the Act. (Sec. 1706(b).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(e) The House bill amends section 329 of the Act to require that eligibility for emergency loans based on production losses be determined without regard to the Secretary's failure to designate a county or counties for emergency loan purposes. (Sec. 1307(b).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(f) The Senate amendment amends section 329 of the Act to require the Secretary to make emergency loans based on production losses either (A) on the same criteria as under current law (that is that the applicant's operation has sustained at least a 30 percent loss of normal production or a lesser percent as determined by the Secretary) or (B) beginning with the 1985 crop of an agricultural commodity, if the applicant shows that a crop produced by the applicant under an established practice of double cropping has sustained at least a 50 percent loss of production (or a lesser percent as determined by the Secretary). (Sec. 1706(d).)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(g) The Senate amendment repeals the authority to make subsequent annual production emergency loans found in section 330 of the Act. (Sec. 1706(e).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(13) Settlement of claims and homestead protection

(a) The Senate amendment revises section 331(d) of the Act to authorize the Secretary of Agriculture to compromise, adjust, reduce or charge-off claims, and adjust, modify, subordinate, or release the terms of security instruments, leases, contracts, and agreements made or administered by the Farmers Home Administration (FmHA) as circumstances may require to carry out the purposes of the Act. Borrowers or others obligated on a debt incurred under the Act may be released from personal liability with or without payment of consideration at the time of the claim settlement, subject to two limitations. The limitations are that no compromise or adjustment may be made (i) on terms more favorable than those recommended by the appropriate county committee, and (ii) after the claim has been referred to the Attorney General, unless the Attorney General approves. (Sec. 1707(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(b) The Senate amendment requires that the Secretary or the Administrator of the Small Business Administration, as applicable, must permit a borrower having an outstanding farm loan under the Act or the Small Business Act, as the case may be, to retain possession and occupancy of the borrower's principal residence plus up to 10 adjoining acres (including any farm buildings on such acreage) upon application by the borrower if (1) the Secretary or Administrator forecloses on property securing the loan, or (2) if the borrower declares bankruptcy or voluntarily liquidates to avoid bankruptcy or foreclosure. The total value of the homestead property retained cannot exceed $250,000, as determined by an independent appraisal made within 6 months of the borrower's retention application. The period of occupancy granted must be at least 3 years but not over 5 years. To qualify for homestead retention, the borrower must (A) apply within 3 years after enactment of the bill, (B) have exhausted all other debt restructuring or extension remedies, (C) have made gross annual farm sales of at least $40,000 in at least 2 of the years 1981 through 1985, (D) have received at least 60 percent of the borrower's annual income (including income earned by a spouse, if any) from farming in at least 2 of such 5 years, (E) have occupied the property during such 5-year period, (F) pay reasonable rent during occupancy, and (G) maintain the property in good condition.

Failure to timely pay rent on the homestead would be grounds to terminate the borrower's possession and occupancy. At the end of the occupancy period, the borrower has a first right of refusal to reacquire the homestead property, and the Secretary or SBA Administrator cannot demand total payment of principal that exceeds the total value of the homestead property. (Sec. 1707(b).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment which provides that the authority granted under this provision shall be discretionary with the Secretary. Further, the amount of adjoining land is modified to eliminate specifying ten acres and instead specifying that the borrower may retain a reasonable amount of land. The amendment removes authority to include farm buildings located on such property. The provision for the value of such residence and property to total $250,000 is deleted. The value of such property shall be determined by an independent appraisal.

(c) The Senate amendment provides that, if a loan made under the Consolidated Farm and Rural Development Act is secured by the borrower's principal residence, the borrower defaults on the repayment of the loan, and the borrower is required to forfeit the residence to the Secretary or pay an amount equal to the borrower's equity in the residence; the appropriate State director of the Farmers Home Administration is authorized to make a loan to the borrower in accordance with the following:

(1) the borrower must be able to repay the new loan (as determined by the Secretary) and otherwise meet the eligibility requirements for a Farmers Home Administration real estate loan;

(2) the loan amount of the new loan may not exceed the lesser of (A) the equity the borrower has in the residence, or (B) the outstanding amount of principal and interest owed by the borrower on the loan in default;

(3) the interest rate on the new loan will be set by the Secretary, but cannot exceed the cost of borrowing to the government for the same term as the new loan, plus not to exceed 1 percent; and

(4) the repayment period for the new loan cannot exceed 25 years.

If the borrower makes all payments due on the new loan, the borrower cannot be made subject to an action to force repayment of the new loan or the loan in default. (Sec. 1721.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(14) Transfer of loan accounts

The Senate amendment requires the Secretary of Agriculture to permit an FmHA borrower to transfer, on a one-time basis and with the approval of the FmHA State Director, the borrower's loan accounts to a FmHA county office in an adjacent county. (Sec. 1708.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

The conferees note that the Secretary may, under existing authorities, permit FmHA borrowers to transfer their loan accounts to adjacent counties. It is the intent of the conferees that the Secretary consider allowing borrowers, who so request, to transfer their loan accounts.

(15) County committees

The House bill provides that two members of the three member FmHA county committees must be elected, from their number, by farm operators living in the area and one member be appointed by the Secretary of Agriculture. In selecting the appointed members, the Secretary must ensure that, to the greatest extend practicable, the committee is fairly representative of farmers in the county or area. Elected and appointed members will serve 3-year terms (shorter terms are provided for the initially elected members). As provided for in current law, alternate members may be appointed and removed for cause. (Sec. 1308.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(16) Administration of farm real estate acquired by the Secretary

The House bill adds new provisions to the Act that override all other procedures in the act for the disposition of property acquired by the Secretary of Agriculture under the Act. The new provisions prohibit the Secretary from selling acquired farmland (1) if placing the farmland on the market would have a detrimental effect on the value of farmland in the area or (2) in any State or portion thereof that is identified by the Secretary as having suffered a substantial reduction in the average value of farmland since 1980, until the State or portion thereof experiences a period of 12 consecutive months in which farmland values don't decrease. The Secretary must also offer to sell such farmland, to the maximum extend practicable, in tracts of a size suitable for family farms and to give priority in the sale of such land to the previous owner and to beginning farmers. The Secretary may not lease and operate such farmland for the production of surplus agricultural commodities, but must devote it to conserving uses, and likewise devote any land that is highly erodible to conserving uses.

To the extent such property is leased, leases must be offered on a competitive bid basis, giving priority to the previous owner, family farmers, and beginning farmers. Leases to previous owners can be made without regard to the restrictions imposed by the House bill, with priority in leasing to the previous owner. If the property is to be administered under a management contract, the contract must be let under a competitive bid system, giving preference to small businessmen in the area. Acreage allotments, marketing quotas, or assigned acreage bases are not to be adversely affected by compliance with these provisions. (Sec. 1310.)

The Senate amendment also adds new provisions to the Act to establish specified priorities for the disposition of farmland acquired by the Secretary. It sets as first priority the selling, and then the leasing, of such land to operators of not larger than family-size farms.

A lease with an option to purchase may also be used as a vehicle for the disposition of land. In leasing land, special consideration will be given to a previous owner or operator, providing that such owner or operator has the finances, management skills, and experience to be successful in a farming operation.

The land may be sold under an installment sales basis or similar device, and such a contract can be later sold by the Secretary. The sale price to operators of not larger than family-size farms has to reflect the average annual income that can reasonable be anticipated to be generated from farming the land. The Farmers Home Administration county committee by majority vote, will select an operator to purchase, or lease with the option to purchase, the land if two or more qualified operators of not larger than family-size farms want to so purchase or lease the land. The Secretary may prescribe regulations governing the procedures. The land must be subdivided into suitable tracts if, due to its size, it is not suitable for sale or lease to an operator of not larger than a family-size farm.

Suitable farmland will be disposed of by advertising in at least one local newspaper and posting a notice at the local FmHA office. Specific conservation practices can be required on highly erodible farmland as a condition of its sale or lease. The provisions in the Senate amendment must be implemented within 90 days of enactment. (Sec. 1712.)

The Conference substitute adopts the Senate provision with an amendment specifying that if the farm real estate is to be administered under a management contract, the contract must be let under a competitive bid system, giving the preference to small businessmen in the area. Also, acreage allotments, marketing quotas, or assigned acreage bases are not to be adversely affected as a result of the operation of the provision. The amendment also specifics that the Secretary may not sell acquired farmland if putting such land on the market would have a detrimental effect on the value of farmland in the area.

(17) Farm debt restructure and conservation set-aside

(a) The House bill authorizes conservation, recreational, or wildlife easements to be acquired or retained by the Secretary of Agriculture for a period of not less than 50 years on land that is wetland, upland, highly erodible land, or marginal cropland, if the Secretary determined that such land is suitable for the easement involved. Such easements could be (i) retained by the Secretary on land in FmHA inventory or (ii) could be acquired on land securing a FmHA loan if the borrower involved is unable to repay the loan, and (iii) the land was row cropped in each of the 3 years preceding the date of enactment of the bill. Payment for an easement on land securing loans of the borrower would be through the cancellation of a portion of such loans. The portion of the loans to be cancelled is to the total amount of the outstanding loans as the number of acres subject to the easement is to the total number of acres of land securing such loans. (Sec. 1311.)

The Senate amendment is similar except (1) land securing FmHA loans must also be held by the Secretary and (2) lands on which easements may be acquired or retained are restricted to wetlands and highly erodible land. (Sec. 1641.)

The Conference substitute adopts the Senate provision with an amendment including "upland" in the provision and specificing that the rowcropping requirement of this provision does not apply to wetlands. The amendment further provides that the value of the debt cancelled shall not exceed the value of the land on which the easement is acquired.

(b) The House bill defines the term "highly erodible land" to mean land classified by the Soil Conservation Service as class IVe, VI, VII, or VIII land under the land capability classification system in effect on the effective date of the bill. (Sec. 1311(b).)

The Senate amendment is similar, except it includes class IIIe land. (Sec. 1641.)

The Conference substitute adopts the House provision with an amendment conforming the definitions of "highly erodible land" and "wetland" to the definitions adopted in the conservation title of the bill.

(c) The House bill provides that the term "recreational uses" includes hunting. (Sec. 1311(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(d) The House bill provides that the term "wetlands" has the meaning given that term in section 3 of the Water Bank Act. The Water Bank Act defines wetlands to mean (1) the inland fresh areas described as types 1 through 7 in Circular 39, Wetlands of the United States, published by the Department of the Interior (or the inland fresh areas corresponding to such types in any successor wetland classification system), (2) artificially developed inland fresh areas that meet the description of the inland fresh areas described in clause (1), and (3) such other wetland types as the Secretary may designate. (Sec. 1311(b).)

The Senate amendment defines the term "wetland" by reference to section 1601(a)(19) of the Senate amendment. Under that definition, wetland is an area, whether publicly or privately owned (including a swamp, marsh, bog, prairie pothole, or similar area) having a predominance of hydric soils that are inundated or saturated by surface or ground water at a frequency and duration sufficient to support, and that under normal circumstances supports, the growth and regeneration of hydrophytic vegetation. (Sec. 1641.).

The Conference subtitute adopts the Senate provision.

(e) The Senate amendment provides that any part of a loan cancelled under this provision shall not be included in income and shall not have any effect on any tax attributed to any taxpayer or property, for purposes of the Internal Revenue Code of 1954. (Sec. 1641(c).)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(f) The Senate amendment would authorize the Secretary, for conservation purposes, to grant or sell to local or State governmental units or private nonprofit organizations easements, restriction, and development rights on land in FmHA inventory separate from all other interests of the United States in the property. (Sec. 1712.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(18) Reauthorization

(a) House bill amends section 346 of the Act to provide authorization levels for fiscal years 1986, 1987, and 1988 as follows:

For farm real estate loans, $700,000,000 for FY 1986 ($650,000,000 for insured loans and $50,000,000 for guaranteed loans with authority to transfer 25 percent of these amounts between categories), and $700,000,000 for each of FY 1987 and 1988 (all for guaranteed loans);

For farm operating loans, $3,150,000,000 for each fiscal year ($2,500,000,000 for insured loans and $650,000,000 for guaranteed loans with authority to transfer 25 percent of these amounts between categories); and

For emergency loans, $1,300,000,000 in FY 1986, $700,000,000 in FY 1987, and $600,000,000 in FY 1988.

For fiscal years 1986, 1987, and 1988: $340,000,000 is authorized for insured water and waste disposal facility loans; $250,000,000 is authorized for industrial development loans; and $115,000,000 is authorized for insured community facility loans. (Sec. 1312.)

The Senate amendment provides that for each of fiscal years 1986, 1987, and 1988 farm real estate and farm operating loans are authorized in an aggregate amount of $4,000,000,000, of which at least $520,000,000 must be for farm ownership loans. The breakdown by fiscal year is as follows:

For FY 1986, $2,000,000,000 is authorized for insured loans and $2,000,000,000 is authorized for guaranteed loans, with not less than $260,000,000 of each amount reserved for farm ownership loans;

For FY 1987, $1,500,000,000 for insured loans, (of which not less than $195,000,000 is reserved for farm ownership loans) and $2,500,000,000 for guaranteed loans (of which not less than $325,000,000 for farm ownership loans); and

For FY 1988, $1,000,000,000 for insured loans (of which not less than $130,000,000 is reserved for farm ownership loans) and $3,000,000,000 for guaranteed loans (of which not less than $390,000,000 is reserved for farm ownership loans).

For each of these fiscal years the Secretary may transfer no more than 20 percent of the amount authorized for guaranteed loans to amounts authorized for insured loans.

Emergency loans are to be insured or guaranteed in such amounts as are necessary to meet needs resulting from natural disasters.

For each of the 3 fiscal years, the total amount authorized for guaranteed loans for ethanol production and distribution is established at $150,000,000.

For FY 1986, water and waste facility loans may be insured in the amount of $75,000,000. (Sec. 1715.)

The Conference substitute adopts the Senate provision with an amendment providing that authorization levels for the FmHA emergency disaster loan program shall be $1,300,000,000 for fiscal year 1986, $700,000 for fiscal year 1987, and $600,000,000 for fiscal year 1988. The amendment deletes the authorization levels for the Rural Development Insurance Fund contained in the Senate amendment and substitutes the House provision which provides that $340 million is authorized for the FmHA water and waste disposal loan program for fiscal years 1986, 1987, and 1988; $250,000,000 is authorized for industrial development loans for FY 86, 87, 88; and $115,000 is authorized for insured community facility loans for FY 86, 87, 88. Further, the amendment provides, in each fiscal year, that the Secretary may transfer up to 25 percent of the guaranteed loan account to the insured loan account.

(b) The House bill provides that, to the extent that there are sufficient applications from eligible farmers, not less than 25 percent of the funds (authorized in the bill) used for (1) insured farm ownership loans and (2) insured farm operating loans would be required to be made available to eligible low-income, limited resource borrowers. The Secretary would be required to inform in writing all farm ownership and operating loan applicants of the availability of these loans and the nature of the program.

The Senate amendment would permanently require that 25 percent of insured farm ownership and operating loans made in any fiscal year must be made to eligible low income, limited resource borrowers.

The Conference substitute adopts the Senate amendment.

(19) Limitation on insured real estate loans

The House bill provides that, effective for fiscal years 1987 and 1988, no FmHA insured loans may be made for farm ownership purposes under the Act. (Sec. 1312.)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provision.

(20) Administration of guaranteed farm loan programs

(a) The House bill requires that the FmHA guaranteed farm loan program under the Act be designed to be responsive to borrower and lender needs and to provide for partial loss claim payments prior to completion of the liquidation process. (Sec. 1313.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(21) Use of talents of older Americans

The House bill authorizes the Secretary of Agriculture to make grants to or enter into cooperative agreements with private nonprofit organizations designated by the Secretary of Labor under the Older Americans Act to use the talents of older Americans in FmHA programs authorized under the Act. The Secretary of Agriculture has to first certify that the grant or agreement will not displace current employees of the agency, or cause someone to be employed over someone laid off from the same or very similar job or affect existing service contracts. Grant awards or agreements cannot be made unless funding is provided in advance in an appropriations Act. (Sec. 1313.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(22) Protection for purchasers of farm products

(a) The House bill provides that, notwithstanding any other provision of Federal, State, or local law, a buyer in the ordinary course of business who buys a farm product from a seller engaged in farming operations takes that product free of a security interest, even though the interest is perfected and the buyer knows of its existence, unless (1) the buyer, within the preceding year, has received written notice of the security interest and any payment obligation that is imposed on the buyer as a condition for waiver or release of the security interest and the buyer has failed to perform the payment obligation. Similar provisions also apply to commission merchants and selling agents who sell farm products for others. (Sec. 1314(d).)

The Senate amendment is essentially the same as the House provision, except that it exempts buyers of farm products produced in States having central systems for the recording of financial statements from the general provisions explained in paragraph (a). In States having a central filing system, the buyer purchases the farm product subject to a lender's security interest if (1) the buyer did not register with the Secretary of State as a potential buyer of the class of farm products involved and the lender has filed an effective financing statement covering the product being sold, or (2) the buyer (i) received written notice from the Secretary of State that specifies both the seller and the specific farm product that is subject to an effective security interest and (ii) did not obtain waiver or release of the security

interest from the secured party. Similar provisions apply to commission merchants and selling agents who sell farm products for others. (Sec. 1950(b) through (d).

(b) The House bill provides that a security agreement may require a seller of farm products to furnish the secured party with a list of the persons to whom the producer may sell his products. If the seller is required to furnish such a list of potential product purchasers and sells the farm product collateral to a person not included on the list, the seller can be fined up to $5,000. (Sec. 1314(f) and (g).)

The Senate amendment is similar to the House provision, except it also applies to commission merchants and selling agents and provides for a fine of $5,000, or 15 percent of the value of the products, whichever is greater. (Sec. 1950(e)(3).)

(c) The House bill provides that the farm product purchaser provisions will be effective 30 days after date of enactment, but exempts from these provisions for a period of 1 year those security interests created before the effective date. (Sec. 1314(h).)

The Senate amendment provides that the farm product purchaser provisions will be effective 12 months after date of enactment; or as to any State in which the legislature does not meet during the 12-month period, within such State 60 days after a sine die adjournment of the next session of the legislature of that State. All security interests that attach prior to the effective date of these provisions will be exempt from the provision for 1 year.

(d) The House bill defines the term "buyer in the ordinary course of business" as a person who (1) in the ordinary course of business buys farm products from a person engaged in farming operations who is in the business of selling farm products; and (2) buys the products in good faith without knowledge of the sale is in violation of the ownership rights of security interest of a third party. (Sec. 1314(c)(1).)

The Senate amendment defines the term "buyer in the ordinary course of business" as a person who, in the ordinary course of business, buys farm products from a person engaged in farming operations. (Sec. 1950(a)(1).)

(e) The House bill defines the term "farm products" to mean crops or livestock used or produced in farming operations or products of crops or livestock in their unmanufactured state. (Sec. 1314(c)(2).)

The Senate amendment defines the term "farm product" to mean a specific agricultural commodity such as a type of crop or a species of livestock used or produced in farming operations, or a product of such crop or livestock in its unmanufactured state. (Sec. 1950(a)(5).)

(f) The Senate amendment defines the terms "commission merchants", "central filing system", "effective financing statement", "selling agent", "State", "person", and "Secretary of State". (Sec. 1950(a)(2); (a)(4); and (a)(8)–(a)(11).)

The House bill contains no comparable provision.

(g) The House bill contains congressional findings that—

(1) certain State laws permit a secured lender to enforce the lender's lien against a purchaser of farm products even though the purchaser (i) does not know that the sale violates the lender's security interest, (ii) lacks any practical method for discovering the existence of the security interest, and (iii) has no reasonable means to ensure that the seller uses the sale proceeds to repay the lender; and

(2) these State laws subject the purchaser of farm products to double payment for the products, thus inhibiting free competition in the market for farm products and burdening and obstructing interstate commerce in farm products.

The purpose of the House provision is to remove this burden on and obstruction to interstate commerce in farm products. (Sec. 1314 (a) and (b).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the text of the House and Senate provisions, and adopts the following new provision:

PROTECTION FOR PURCHASERS OF FARM PRODUCTS

SEC. 1324. (a) Congress finds that—

(1) certain State laws permit a secured lender to enforce liens against a purchaser of farm products even if the purchaser does not know that the sale of the products violates the lender's security interest in the products, lacks any practical method for discovering the existence of the security interest, and has no reasonable means to ensure that the seller uses the sales proceeds to repay the lender;

(2) these laws subject the purchaser of farm products to double payment for the products, once at the time of purchase, and again when the seller fails to repay the lender;

(3) the exposure of purchasers of farm products to double payment inhibits free competition in the market for farm products; and

(4) this exposure constitutes a burden on and an obstruction to interstate commerce in farm products.

(b) The purpose of this section is to remove such burden on and obstruction to interstate commerce in farm products.

(c) For the purposes of this section—

(1) the term "buyer in the ordinary course of business" means a person who, in the ordinary course of business, buys farm products from a person engaged in farming operations who is in the business of selling farm products.

(2) the term "central filing system" means a system for filing effective financing statements or notice of such financing statements on a statewide basis and which has been certified by the Secretary of the United States Department of Agriculture; the Secretary shall certify such system if the system complies with the requirements of this section; specifically under such system—

(A) effective financing statements or notice of such financing statements are filed with the office of the Secretary of a State.

(B) the Secretary of State records the date and hour of the filing of such statements;

(C) the Secretary of State compiles all such statements into a master list—

(i) organized according to farm products;

(ii) arranged within each such product—

(I) in alphabetical order according to the last name of the individual debtors, or, in the case of debtors doing business other than as individual, the first word in the name of such debtors; and

(II) in numerical order according to the social security number of the individual debtors or, in the case of debtors doing business other than as individuals, the Internal Revenue Service taxpayer identification number of such debtors; and

(III) geographically by county or parish; and

(IV) by crop year;

(iii) containing the information referred to in paragraph (4)(D);

(D) the Secretary of State maintains a list of all buyers of farm products, commission merchants, and selling agents who register with the Secretary of State, on a form indicating—

(i) the name and address of each buyer, commission merchant and selling agent;

(ii) the interest of each buyer, commission merchant, and selling agent in receiving the lists described in subparagraph (E); and

(iii) the farm products in which each buyer, commission merchant, and selling agent has an interest;

(E) the Secretary of State distribute regularly as prescribed by the State to each buyer, commission merchant, and selling agent on the list described in subparagraph (D) a copy in written or printed form of those portions of the master list described in paragraph (C) that cover the farm products in which such buyer, commission merchant, or selling agent has registered an interest;

(F) the Secretary of State furnishes to those who are not registered pursuant to (2)(D) of this section oral confirmation within 24 hours of any effective financing statement on request followed by written confirmation to any buyer of farm products buying from a debtor, or commission merchant or selling agent selling for a seller covered by such statement.

(3) The term "commission merchant" means any person engaged in the business of receiving any farm product for sale, on commission, or for or on behalf of another person.

(4) The term "effective financing statement" means a statement that—

(A) is an original or reproduced copy thereof;

(B) is signed and filed with the Secretary of State of a State by the secured party;

(C) is signed by the debtor;

(D) contains,

(i) the name and address of the secured party;

(ii) the name and address of the person indebted to the secured party;

(iii) the social security number of the debtor or, in the case of a debtor doing business other than as an individual, the Internal Revenue Service taxpayer identification number of such debtor;

(iv) a description of the farm products subject to the security interest created by the debtor, including the amount of such products where applicable; and a reasonable description of the property, including county or parish in which the property is located;

(E) must be amended in writing, within 3 months, similarly signed and filed, to reflect material changes;

(F) remains effective for a period of 5 years from the date of filing, subject to extensions for additional periods of 5 years each by refiling or filing a continuation statement within 6 months before the expiration of the initial 5 year period;

(G) lapses on either the expiration or the filing of a notice signed by the secured party that the statement has lapsed, whichever occurs first;

(H) is accompanied by the requisite filing fee set by the Secretary of State; and

(I) substantially complies with the requirements of this subparagraph even though it contains minor errors that are not seriously misleading.

(5) The term "farm product" means an agricultural commodity such as wheat, corn,

soybeans, or a species of livestock such as cattle, hogs, sheep, horses, or poultry used or produced in farming operations, or a product of such crop or livestock in its unmanufactured state (such as ginned cotton, wool-clip, maple syrup, milk, and eggs), that is in the possession of a person engaged in farming operations.

(6) The term "knows" or "knowledge" means actual knowledge.

(7) The term "security interest" means an interest in farm products that secures payment or performance of an obligation.

(8) The term "selling agent" means any person, other than a commission merchant, who is engaged in the business of negotiating the sale and purchase of any farm product on behalf of a person engaged in farming operations.

(9) The term "State" means each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific Islands.

(1) The term "person" means any individual, partnership corporation, trust, or any other business entity.

(ll) The term "Secretary of State" means the Secretary of State or the designee of the State.

(d) Except as provided in subsection (e) and notwithstanding any other provision of Federal, State, or local law, a buyer who in the ordinary course of business buys a farm product from a seller engaged in farming operations shall take free of a security interest created by the seller, even though the security interest is perfected; and the buyer knows of the existence of such interest.

(e) A buyer of farm products takes subject to a security interest created by the seller if—

(1)(A) within 1 year before the sale of the farm products, the buyer has received from the secured party or the seller written notice of the security interest organized according to farm products that—

(i) is an original or reproduced copy thereof;

(ii) contains,

(I) the name and address of the secured party;

(II) the name and address of the person indebted to the secured party;

(III) the social security number of the debtor or, in the case of a debtor doing business other than as an individual, the Internal Revenue Service taxpayer identification number of such debtor;

(IV) a description of the farm products subject to the security interest created by the debtor, including the amount of such products where applicable, crop year, county or parish, and a reasonable description of the property and

(iii) must be amended in writing, within 3 months, similarly signed and transmitted, to reflect material changes;

(iv) will lapse on either the expiration period of the statement or the transmission of a notice signed by the secured party that the statement has lapsed, whichever, occurs first; and

(v) any payment obligations imposed on the buyer by the secured party as conditions for waiver or release of the security interest; and

(B) the buyer has failed to perform the payment obligations, or

(2) in the case of a farm product produced in a State that has established a central filing system—

(A) the buyer has failed to register with the Secretary of State of such State prior to the purchase of farm products; and

(B) the secured party has filed an effective financing statement or notice that covers the farm products being sold; or

(3) in the case of a farm product produced in a State that has established a central filing system, the buyer—

(A) receives from the Secretary of State of such State written notice as provided in subparagraph (c)(2)(E) or (c)(2)(F) that specifies both the seller and the farm product being sold by such seller as being subject to an effective financing statement or notice; and

(B) does not secure a waiver or release of the security interest specified in such effective financing statement or notice from the secured party by performing any payment obligation or otherwise; and

(f) What constitutes receipt, as used in this section, shall be determined by the law of the State in which the buyer resides.

(g)(1) Except as provided in paragraph (2) and notwithstanding any other provision of Federal, State, or local law, a commission merchant or selling agent who sells, in the ordinary course of business, a farm product for others, shall not be subject to a security interest created by the seller in such farm product even though the security interest is perfected and even though the commission merchant or selling agent knows of the existence of such interest.

(2) A commission merchant or selling agent who sells a farm product for others shall be subject to a security interest created by the seller in such farm product if—

(A) within 1 year before the sale of such farm product the commission merchant or selling agent has received from the secured party or the seller written notice of the security interest; organized according to farm products, that—

(i) is an original or reproduced copy thereof;

(ii) contains,

(I) the name and address of the secured party;

(II) the name and address of the person indebted to the secured party;

(III) the social security number of the debtor or, in the case of a debtor doing business other than as an individual, the Internal Revenue service taxpayer identification number of such debtor;

(IV) a description of the farm products subject to the security interest created by the debtor, including the amount of such products, where applicable, crop year, county or parish, and a reasonable description of the property, etc.; and

(iii) must be amended in writing, within 3 months, similarly signed and transmitted, to reflect material changes;

(iv) will lapse on either the expiration period of the statement or the transmission of a notice signed by the secured party that the statement has lapsed, whichever occurs first; and

(v) any payment obligations imposed on the commission merchant or selling agent by the secured party as conditions for waiver or release of the security interest; and

(B) the commission merchant or selling agent has failed to perform the payment obligations;

(C) in the case of a farm product produced in a State that has established a central filing system—

(i) the commission merchant or selling agent has failed to register with the Secretary of State of such State prior to the purchase of farm products; and

(ii) the secured party has filed an effective financing statement or notice that covers the farm products being sold; or

(D) in the case of a farm product produced in a State that has established a central filing system, the commission merchant or selling agent—

(i) receives from the Secretary of State of such State written notice as provided in subsection (c)(2)(E) or (c)(2)(F) that specifies both the seller and the farm products being sold by such seller as being subject to an effective financing statement or notice; and

(ii) does not secure a waiver or release of the security interest specified in such effective financing statement or notice from the secured party by performing any payment obligation or otherwise.

(3) What constitutes receipt, as used in this section, shall be determined by the law of the State in which the buyer resides.

(h)(1) A security agreement in which a person engaged in farming operations creates a security interest in a farm product may require the person to furnish to the secured party a list of the buyers, commission merchants, and selling agents to or through whom the person engaged in farming operations may sell such farm product.

(2) If a security agreement contains a provision described in paragraph (1) and such person engaged in farming operations sells the farm product collateral to a buyer or through a commission merchant or selling agent not included on such list, the person engaged in farming operations shall be subject to paragraph (3) unless the person—

(A) has notified the secured party in writing of the identity of the buyer, commission merchant, or selling agent at least 7 days prior to such sale; or

(B) has accounted to the secured party for the proceeds of such sale not later than 10 days after such sale.

(3) A person violating paragraph (2) shall be fined $5,000 or 15 per centum of the value or benefit received for such farm product described in the security agreement, whichever is greater.

(i) The Secretary of Agriculture shall promulgate regulations not later than 90 days after the date of enactment of this Act, to aid states in the implementation and management of a central filing system.

(j) This section shall become effective 12 months after the date of enactment of this Act.

(23) Coordinated financial statements

The House bill prohibits Farmers Home Administration from using or requiring the submission of coordinated financial statements referred to in proposed regulations published on November 8, 1983, or requiring any substantially similar document in connection with any farm loan application. This provision would affect those loan applications submitted on or after the date of enactment. (Sec. 1315.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment that specifies that the prohibition against using a "coordinated financial statement" only applies to the document referred to in proposed regulations published on November 8, 1983.

(24) Regulatory restraint resolution

The House bill makes various findings that high production costs and low commodity prices have subjected many agricultural

producers to severe economic hardship through no fault of their own, making them unable to meet loan repayment schedules in a timely fashion and that a policy of adverse classification of agricultural loans by bank examiners will trigger a wave of foreclosures and similar actions by banks and thus depress land and equipment values and have a devastating effect on farmers, banks, and rural areas.

The House bill also provides that it is the sense of Congress that bank examiners exercise caution and restraint and consider not only farmers' current flow but also their loan collateral and ultimate repayment ability in evaluating farmers' loans. This consideration should be given as long as the adverse cost-price squeeze impairs farm borrowers' abilities to make scheduled loan payments. (Sec. 1316.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(25) Farm Credit Report

The House bill directs the President to prepare and submit to Congress before November 1, 1985, the President's findings and recommendations concerning the continued sound and efficient operation of the Farm Credit System. (Sec. 1317.)

The Senate amendment requires that the Chairman of the Board of Governors of the Federal Reserve System, in consultation with the Secretary of Agriculture and the Governor of the Farm Credit Administration, conduct a study of methods to ensure the availability of adequate credit for farmers on reasonable terms. The study must evaluate (1) the financial circumstances of lenders and borrowers of farm credit and (2) the structure, performance, and conduct of the Farm Credit System. The Chairman of the Board of Governors of the Federal Reserve System must make a report to the House and Senate agriculture committees containing the results of the study, together with any comments and recommendations for providing a sound and reasonable credit program, not later than 180 days.

The Senate amendment also requires the Governor of the Farm Credit Administration to conduct a study into the need for an insurance fund to be used to insure Farm Credit System institutions against loan losses, and for any other purpose that would help stabilize the System's financial condition and provide for protection of borrower capital. In conducting the study, the Governor must consider the advisability of using the revolving fund provided in section 4.1 of the Farm Credit Act to provide startup capital for the insurance fund and estimate the amount and level of future assessments on System institutions that would be necessary to ensure such fund's long-term liquidity. A report of the results of the study must be submitted to the House and Senate agriculture committees within 180 days of the date of enactment of the bill. (Sec. 1718.)

The Conference substitute adopts the Senate provision with an amendment that deletes the requirement for the Chairman of the Board of Governors of the Federal Reserve System to conduct a study of agricultural credit. The amendment retains the Senate provision which requires the Farm Credit Administration to conduct a study into the need for an insurance fund to be used to insure Farm Credit System institutions against loan losses, and for any other purpose that would help stabilize the System's financial condition and provide for protection of borrower capital. In conducting the study, the FCA must consider the advisability of using the revolving fund provided in section 4.1 of the Farm Credit Act to provide startup capital for the insurance fund and estimate the amount and level of future assessments on System institutions that would be necessary to ensure such fund's long-term liquidity. A report of the results of the study must be submitted to the House and Senate agriculture committees within 180 days of the date of enactment of the bill.

(26) Continuation of small farmer training and technical assistance program

The House bill requires the Secretary of Agriculture to maintain the Farmers Home Administration small farmer training and technical assistance program at substantially current levels. (Sec. 1319.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment limiting the authorization for such program to fiscal years 1986, 1987, and 1988.

(27) Nonsupervised accounts

The House bill amends section 312 of the Act to require the Secretary of Agriculture to reserve at least 10 percent of the proceeds of any farm operating loan. Such proceeds are to be placed in a nonsupervised bank account for use at the borrower's discretion for necessary family living needs or for purposes not inconsistent with the previously agreed upon farm or ranch plans of operation. If this reserve is exhausted, the Secretary may review and adjust the plan with the borrower, and consider such action as loan rescheduling, extending more credit, using income proceeds to pay necessary farm, home and other expenses, or using additional available loan servicing. (Sec. 1320.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment restricting the amount of funds reserved to 10 percent of the amount of the loan or $5,000, whichever is less.

(28) Prompt application review and availability of loan proceeds

(a) The House bill adds a new section 333A to the Act to require the Secretary of Agriculture to: (1) approve or disapprove a completed application for a loan or loan guarantee under the Act and notify the applicant within 45 days after receipt of a completed application; and (2) inform the applicant who submits an incomplete application of the reasons why it is incomplete within 5 days after receipt of the application. The Secretary is required to provide the loan funds to an insured loan applicant within 5 days of approval of the application, unless the applicant approves a longer period, or, if such funds are not available for such purpose, as soon as practicable, but no later than 5 days after sufficient funds become available. (Sec. 1321.)

The Senate amendment contains comparable provisions, except that the time periods are different. Instead of 45 days for action after receipt of an application, the Senate amendment requires action within 90 days. Instead of 5 days for notification regarding an incomplete application, the Senate amendment provides for a 20-day period. Instead of 5 days for the provision of loan funds to the borrower, the Senate amendment provides for 15 days. (Sec. 1710.)

The Conference substitute adopts the Senate provision with an amendment changing the period for action on an FmHA loan application from 90 to 60 days.

(b) The House bill provides that, if an application is disapproved initially but the decision is reversed or revised because of an administrative appeal or judicial action, the Secretary must act on the application within 5 days. If the Secretary fails to comply with the time deadlines for approved loans or loans guaranteed that are specified in the preceding sentence and in paragraph (a) above, the Secretary must reduce the interest payments on an insured loan, and make payments on behalf of the borrower on a loan that has been guaranteed to cover the interest accruing during the time the Secretary is not in compliance. The Secretary is required to inform all loan applicants of the requirements of new section 333A when the Secretary receives the applications. (Sec. 1321.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision with an amendment changing the period for action after reversal of a decision from 5 to 15 days and deleting the provision that requires the Secretary to reduce interest payments on an insured loan and make payments on behalf of the borrower on a guaranteed loan if the Secretary fails to take action within the required 15 days.

(c) The Senate amendment requires the Secretary to ensure that a request for designation as an approved lender be reviewed and acted upon within 15 days of receipt of a lender's complete application for such status. (Sec. 1710.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(d) The Senate amendment directs the Secretary to use other Departmental personnel to aid FmHA in expeditiously processing applications, to have such personnel work overtime, if necessary, and to contract out for assistance (Secs. 1710 and 1948.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

The conferees urge the Secretary of Agriculture to give the highest priority to permit the continued use of temporary staff help in those local Farmers Home Administration offices where it is deemed necessary in order to deliver loan processing servicing, and other farm loan responsibilities on a timely basis to farmer-borrowers.

(29) Loan program appeals

(a) The House bill provides that the Secretary of Agriculture must provide FmHA borrowers and recipients of loan guarantees, and applicants for loans and guarantees, who have been directly and adversely affected by a decision of the Secretary under the Act with the right to (i) written notice, (ii) an opportunity for an informal meeting, and (iii) an opportunity for a hearing on the record with respect to the decision. (Sec. 1322.)

The Senate amendment contains a similar provision, except the amendment does not specify whether the hearing is on the record. (Sec. 1711.)

The Conference substitute adopts the Senate provision.

(b) The House bill requires the Secretary to establish procedures for informal meetings between appellants and FmHA officials to discuss adverse decisions under the Act.

The procedures must require that (1) such an informal meeting take place (unless waived) before the formal hearing may occur; (2) the informal meeting be completed within thirty days after the notice of the adverse decision; (3) the original decision maker be directly involved in the informal meeting; (4) waiver of the informal meeting if the appellant and official agree that it would not likely avoid a formal appeal; and (5) written notice to the appellant of any decision reached after the informal meeting and, if the decision is adverse, the reason therefor. Even if waiver of the informal meeting is agreed to, the appellant must be notified by the Secretary of the right to a formal hearing. The reconsidered decision by the Secretary becomes the record for purposes of appeal. (Sec. 1322.)

The Senate amendment requires that, if the appellant requests it, an informal meeting be held with the appellant prior to the start of any formal appeal, but the amendment does not specify any detailed procedure for such informal meetings. (Sec. 1711(a).)

The Conference substitute adopts the Senate provision.

(c) The House bill specifies a large number of particulars with regard to review by an administrative law judge, after the informal review process, of any decision adverse to the loan applicant or borrower, including procedures for holding hearings at FmHA offices, the scope of permissible evidence at the hearings, a requirement for tape recording of hearings, the scope of the administrative law judge's authority, requirements for the Secretary to publish the judge's decision, review of the decision on appeal, and abbreviated time periods for the issuance of opinions and the making of appeals. (Sec. 1322.)

The Senate amendment has no comparable provision.

The Conference substitute deletes the House provision.

(d) The Senate amendment provides that the Secretary must conduct a study of the administrative appeals procedure used in the FmHA farm loan programs. The Secretary must examine—

(1) the number and type of appeals initiated by loan applicants and borrowers;

(2) the extent to which initial administrative actions are reversed on appeal and the reasons that such actions are reversed, modified, or sustained on appeal;

(3) the number and disposition of appeals in which the loan applicant or borrower is represented by legal counsel;

(4) the quantity of time required to complete action on appeals and the reasons for delays;

(5) the feasibility of using administrative law judges in the appeals process; and

(6) the desirability of electing members of the Farmers Home Administration county committees.

The Secretary must submit a report of the results of this study to the House and Senate agriculture committees by September 1, 1986. (Sec. 1711(b).)

The House bill has no comparable provision.

The Conference substitute adopts the Senate provision.

(30) Family farm restriction

The House bill amends sections 302 and 311 of the Act to add specific language concerning the holders of the entire interest in an entity applying for a farm ownership or farm operating loan who are related by blood or marriage and who all are or will become farm operators. If each holder's ownership interest separately amounts to not larger than a family farm, then the entity qualified for a loan even if, taken together, the interests amount to larger than a family farm. (Sec. 1323.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(31) Release of normal income security

The Senate amendment provides that the Secretary of Agriculture must release from normal income security an amount of funds sufficient to pay a borrower's essential household and farm operating expenses. The Secretary need not release funds if the Secretary determines the loan should be accelerated. The amendment defines the term "normal income security" as it is defined in 7 CFR sec. 1962.17(b) (Jan. 1, 1985). (Note: 7 CFR sec. 1962.17(b) defines "normal income security" as all security not considered basic security, including crops, livestock, poultry, products, and other property that are sold in operating the farm. "Basic security" is defined by regulation as all equipment and foundation herds and flocks that serve as the basis for the farming operation.) (Sec. 1713.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(32) Loan summary statements

The Senate amendment amends section 337 of the Act to require, that, on the request of a borrower, the Secretary of Agriculture must furnish a loan summary statement to such borrower in connection with any loan insured under the Act that describes the status of each loan of the borrower during the summary period. The statement must set forth the details of each loan for the summary period, including the interest rate, outstanding principal due at the beginning of the period, amount of payments made during the period, amount due at the end of the period, allocation of payments (and the system used to make such allocation), total amount due on all loans at the end of the period, any delinquency, a schedule of payments due, and the manner in which the borrower can obtain more information on the status of each loan. (Sec. 1714.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(33) Interest rate reduction program

Effective for the period from date of enactment until September 30, 1988, the Senate amendment adds a new section 350 to the Act. The new section requires the Secretary of Agriculture to establish an interest rate reduction program for loans guaranteed under the Act and to enter into contracts to carry out the program. The interest rate a borrower pays to the lender will be reduced if the borrower cannot obtain credit elsewhere, cannot make timely loan payments, and has a total estimated cash income during the 12 months that begin on the date the contract is entered into that will equal or exceed the total estimated cash expenses during the same period. The lender will have to reduce the annual interest rate by a minimum percentage specified in the contract (but would be free to reduce the interest rate further). The Secretary will then pay the lender up to 50 percent of the cost of reducing the interest rate, so long as these payments do not exceed the cost to the government of reducing the rate by more than 2 percent. The term of the interest rate reduction contract may not exceed the remaining loan term, or 3 years, whichever is shorter. The Agricultural Credit Insurance Fund may be used to carry out this program, and the total amount of funds used by the Secretary to implement it cannot exceed $490,000,000. (Sec. 1716.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(34) Study of farm and home plan

The Senate amendment requires that a study be made of the appropriateness of the farm and home plan used by FmHA in connection with loans made or insured under the Act. If, as a result of the study, the Secretary of Agriculture finds the plan form to be inappropriate, the Secretary must evaluate other alternative forms, and need to develop a new form, and specify the steps that should be taken to improve or replace the current form. The Secretary must report the results of this study to both the House and Senate agriculture committees no later than 120 days after the date of enactment of the bill. (Sec. 1717.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(35) Security for loans

The Senate amendment provides that, notwithstanding any other provision of the Consolidated Farm and Rural Development Act, to be eligible for a loan under such Act, a borrower must—

(1) provide only such security as the Secretary of Agriculture determines is necessary to secure the loan during its term;

(2) dispose of all real property that the Secretary determines is not essential to the operation of the borrower's enterprise;

(3) in the case of an operating loan for annual production of crops or livestock, pledge such crops or livestock and any other property that the Secretary determines is necessary to secure the loan;

(4) in the case of a real estate loan, pledge real estate to secure such loan; and

(5) in the case of a loan secured by chattels whose loss would jeopardize the interests of the lender, insure such chattels against hazards customarily covered by insurance.

If the borrower provides security for a loan in the manner outlined in the preceding paragraph, the Secretary cannot require such borrower to pledge additional security as a condition of eligibility for the consolidation, rescheduling, reamortization or deferral of payment of such loan. (Sec. 1722.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(36) Extension of Credit to all Rural Utilities

The Senate amendment amends the Farm Credit Act of 1971 to expand the category of rural utilities eligible to borrow from the banks for cooperatives. Current law provides that, in order to be eligible to borrow from the banks for cooperatives, 60 percent of the voting control of a rural utility cooperative must be held by farmers, producers or harvesters of aquatic products, or other eligible cooperatives. Under the provision in

the Senate amendment, such eligibility would be expanded to include cooperatives and other entities that have (1) received a loan, loan commitment, or loan guarantee from the Rural Electrification Administration, (2) received a loan or commitment from the Rural Telephone Bank, or (3) been certified by the Administrator of REA to be eligible for such a loan, loan commitment, to loan guarantee. In addition, subsidiaries of such cooperatives or other entities will be eligible to borrow from the banks for cooperatives. (Sec. 1719.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

TITLE XIV—AGRICULTURAL RESEARCH, EXTENSION, AND TEACHING

(1) Short title

The House bill designates this title as the "National Agricultural Research, Extension, and Teaching Policy Act Amendments of 1985". (Sec. 1401)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(2) Findings

The House bill revises the congressional findings set out in section 1402 (congressional findings) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (hereinafter referred to as the "1977 Act") to revise the findings by adding statements that—(a) it is critical that emerging agricultural-related technologies, economic changes, and sociological and environmental developments be analyzed on a continuing basis in an interdisciplinary fashion with respect to their effect on agriculture; (b) biotechnology guidelines and regulations must be made consistent throughout the Federal government so that they promote scientific development and protect the public, and the biotechnology risk assessment provisions used by Federal agencies must be standardized; and (c) expanded research programs in the uses of conservation and forest and range production practices is needed to develop more economical and effective management systems, and such efforts should include incorporating water and soil-saving technologies into current and evolving production practices; developing more cost-effective and practical conservation technologies; managing water in stressed environments, protecting the quality of the Nation's surface water and groundwater resources; establishing integrated organic farming research projects; developing better targeted pest management systems; and improving forest and range management technologies. The House bill also revises the current description of the need for increased efforts in the area of international food and agriculture by stressing the need for greater exchange of agricultural knowledge and information to improve food and agricultural progress, and for a dedicated effort by the Federal government, the State cooperative institutions and other colleges and universities to expand international food and agricultural research, extension, and teaching programs. The House bill also makes technical changes to the text of section 1402. (Sec. 1402.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision.

(3) Responsibilities of the Secretary of Agriculture

(a) The House bill expands the responsibilities of the Secretary of agriculture with respect to agricultural research, to include the coordination of efforts by the States, State cooperative institutions, State extension services, the Joint Council, the Advisory Board, and other appropriate institutions, in assessing and developing a plan for the effective transfer of new technologies, including biotechnology, to the farming community, with particular emphasis on addressing the unique problems of small and medium-sized farms in gaining information about these technologies. (Sec. 1404.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The Senate amendment deletes the existing requirement that the Secretary develop in conjunction with others a long-term needs assessment for food, fiber, and forest products and determine the research requirements necessary to meet such needs. (Sec. 1503.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(c) The Senate amendment makes it the responsibility of the Secretary to establish appropriate controls with respect to the development and use of the application of biotechnology to agriculture. (Sec. 1503.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(4) Joint Council on Food and Agricultural Sciences

(a) The House bill extends the term of the Joint Council on Food and Agricultural Sciences to September 30, 1990. (Sec. 1405(a).)

The Senate amendment extends the term to September 30, 1989. (Sec. 1504(a).)

The Conference substitute adopts the House provision.

(b) The House bill adds to the duties of the Joint Council responsibility for coordinating with the Secretary of Agriculture in assessing the current status of, and developing a plan for, the effective transfer of new technologies to the farming community. (Sec. 1405(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The Senate amendment provides that the Secretary shall appoint two of the members of the Joint Council from among distinguished persons who are food technologists from accredited or certified departments of food technology to ensure that the views of food technologists are considered by the Joint Council. (Sec. 1504(b).)

The House amendment contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to change the number of food technologists appointed to the Joint Council from 2 to 1.

(5) National Agricultural Research and Extension Users Advisory Board

(a) The House bill extends the term of the National Agricultural Research and Extension Users Advisory Board to September 30, 1990. (Sec. 1406(a).)

The Senate amendment extends the term of the Advisory Board to September 30, 1989. (Sec. 1505(a).)

The Conference substitute adopts the House provision.

(b) The Senate amendment increases the membership of the Advisory Board from 25 to 27 by adding members who are food technologists from accredited or certified departments of food technology, as determined by the Secretary of Agriculture. (Sec. 1505(b).)

The House amendment contains no comparable provision.

The Conference substitute deletes the Senate provision.

(c) The House bill adds to the duties of the Advisory Board responsibility for coordinating with the Secretary in asssessing the current status of, and developing a plan for, the effective transfer of new technologies to the farming community. (Sec. 1406(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(d) The Senate amendment deletes the requirement that the Advisory Board submit a report, not later than February 20 of each year, to the President and the Senate and House agriculture and appropriations committee on the Advisory Board's appraisal of the President's proposed budget for the food and agricultural sciences for the fiscal year beginning in such year, and provides that such appraisal of the proposed budget of the President be included in the Advisory Board's annual July 1 statement, to the Secretary, of recommendations on federally supported agricultural research and extension programs. Further, it requires the Secretary to furnish copies of the July 1 statement and appraisal to the Senate and House agriculture and appropriations committees. (Sec. 1505(c).)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(6) Project termination

The House bill requires that in the event a research project being conducted by the Agricultural Research Service is proposed to be terminated, written notice of such intended action must be given to the House and Senate agriculture committees at least 15 days prior to the date of the proposed termination of the project. (Sec. 1407.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(7) Federal-State partnership

(a) The House bill adds a new subsection to section 1409A of the 1977 Act, which addresses the Federal-State research, extension, and teaching partnership. The new subsection provides that in order to promote research for purposes of developing agricultural policy alternatives, the Secretary of Agriculture must designate at least one State cooperative institution to conduct research in an interdisciplinary fashion and to report on a regular basis with respect to the effect of emerging technological, economic, sociological, and environmental developments on the structure of agriculture. The House bill also provides that support for this effort should include grants to examine the role of various food production, processing, and distribution systems that may primarily benefit small and medium-sized family farms, such as diversified farm plans, energy, water, and soil conservation technologies, direct and cooperative marketing, pro-

duction and processing cooperatives, and rural community resource management. (Sec. 1408(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to encourage (instead of require) the Secretary to designate at least one State Cooperative institution.

(b) The House bill adds an additional new subsection to section 1409A that provides that in order to address more effectively the critical need for reducing farm input costs, improving soil, water, and energy conservation on farms and in rural areas, using sustainable agricultural methods, adopting alternative processing and marketing systems, and encouraging rural resources management, the Secretary must designate at least one State agricultural experiment station and one Agricultural Research Service facility to examine these issues in an integrated and comprehensive manner, while conducting ongoing pilot projects contributing additional research through the Federal-State partnership. (Sec. 1408(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to encourage (instead of require) the Secretary to designate at least one State agricultural experiment station and one agricultural research service facility.

(8) Competitive, special and facilities research grants

(a) The House bill broadens the definition of "high priority research" for purposes of awarding competitive research grants under section 2(b) of the Act of August 4, 1965, (A) to include research that emphasizes biotechnology in the development of new and innovative products, methods and technologies that increase agricultural and forest production, and (B) to include interdisciplinary agricultural research on the effect of emerging technologies, economic changes, and sociological and environmental developments on the structure of agriculture. (Sec. 1410(a)(1).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to delete purpose "(B)".

(b) The Senate amendment adds research to develop new and alternative industrial uses for agricultural crops to the definition of "high priority research". (Sec. 1508(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(c) The House bill provides for a restriction prohibiting competitive research or special research grants from being made, (A) to renovate or refurbish research spaces in buildings or the acquisition of fixed equipment or (B) for the planning, repair, rehabilitation, acquisition, or construction of a building or a facility. (Sec. 1410(a)(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(d) The House bill, effective October 1, 1985, extends the authorization for appropriations for competitive research grants under the Act in such sums as may be necessary for each of the fiscal years 1986 through 1990. (Sec. 1410(b)(3).)

The Senate amendment extends the authorization for appropriations for competitive research grants at a level of $70,000,000 for each of the fiscal years 1986 through 1989. (Sec. 1508(b).)

The Conference substitute adopts the Senate provision with an amendment to extend the authorization for appropriations at the stated level through fiscal year 1990.

(e) The House bill requires the Secretary of Agriculture to retain 4 percent of the amount appropriated each fiscal year for competitive grants to pay administrative costs incurred by the Secretary in carrying out the competitive research grants program. (Sec. 1410(b)(3).)

The Senate bill contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to authorize (instead of require) the Secretary to retain 4 percent of the appropriated amounts.

(f) The House bill requires the Secretary to retain 4 percent of the amount appropriated each fiscal year for special research grants to pay administrative costs incurred by the Secretary in carrying out the special research grants program. (Sec. 1410(a)(5).)

The Senate amendment contains no comparable provision.

The Coference substitute adopts the House provision with an amendment to authorize (instead of require) the Secretary to retain 4 percent of appropriated amounts.

(9) Grants for schools of veterinary medicine

The Senate amendment increases from 4 to 5 percent the percentage of funds appropriated for grants to States to establish or expand schools of veterinary medicine that would be retained by the Secretary of Agriculture for administration, program assitance, and program coordination. (Sec. 1509.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(10) Research facilities

(a) The Senate amendment provides that grants under the Research Facilities Act be on a matching funds basis. (Sec. 1411(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(b) The House bill, effective October 1, 1985, extends the authorization for appropriations for grants to eligible institutions under the Research Facilities Act at a level of $20,000,000 for each of the fiscal years 1986 through 1990. (Sec. 1411(d)(1).)

The Senate amendment extends the authorization for appropriations for grants to eligible institutions at a level of $31,000,000 for each of the fiscal years 1986 through 1989. (Sec. 1510(d).)

The Conference substitute adopts the House provision.

(c) The House bill amends section 4(b) of the Research Facilities Act to repeal the current allocation formula and to require 50 percent matching of grant funds under the research facilities program (Sec. 1411(d)(2).)

The Senate amendment deletes section 4(b), but adds to section 4(a) a provision that the amount of the non-Federal share required for a matching grant under the Facilities Act be determined by the Secretary. (Sec. 1510(d).)

The Conference substitute adopts the House provision with an amendment to delete reference to a specific 50 percent matching requirement. Matching would still be required but at a level determined by the Secretary.

(d) The Senate amendment also deletes reference in section 5 of the Research Facilities Act to the requirement that the Secretary provide for a coordinated research program among eligible institutions in each State having more than one eligible institution. (Sec. 1510(f).)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(e) The House bill repeals the provisions of section 8 of the Research Facilities Act concerning the allocation of funds. (Sec. 1411(h).)

The Senate amendment makes conforming amendments to section 8 of the Research Facilities Act by deleting references to the allocation of funds. (Sec. 1510(i).)

The Conference substitute adopts the House provision.

(f) The House bill amends section 10(3) of the Research Facilities Act to provide that the Secretary is required to report to Congress annually concerning those eligible institutions, if any, that were prevented, because of failure to repay funds as required under the Act, from receiving any grant under the Act. (Sec. 1411(j).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(g) The House bill will statutorily designate the Act as the "Research Facilities Act." (Sec. 1410(1).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(11) Grants and fellowships for food and agricultural sciences education

(a) The House bill, effective October 1, 1985, extend the authorization for appropriations for grants and fellowships for food and agricultural sciences education in such amounts as may be necessary for each of the fiscal years 1986 through 1990. (Sec. 1412(b).)

The Senate amendment extends the authorization for appropriations for the grants and fellowships at a level of $50,000,000 for each of the fiscal years 1986 through 1989. (Sec. 1511(b).)

The Conference substitute adopts the Senate provision with an amendment to extend the authorization for appropriations at the stated level through fiscal year 1990.

(b) The House bill exempts panels that review applications for grants, from the provisions of the Federal Advisory Committee Act and related provisions of the 1977 Act. (Sec. 1412(c)).

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(12) Animal health and disease research

(a) The House bill extends the term of the Animal Health Science Research Advisory Board to September 30, 1990. (Sec. 1415.)

The Senate amendment extends the term of the Advisory Board to September 30, 1989. (Sec. 1513(a).)

The Conference substitute adopts the House provision.

(b) The House bill extends the authorization for appropriations for continuing animal health and disease research programs at the current level of $25,000,000 an-

nually for the years, 1986 through 1990. (Sec. 1416.)

The Senate amendment extends such annual authorization for years 1986 through 1989. (Sec. 1513(b).)

The Conference substitute adopts the House provision.

(c) The House bill extends the authorization for appropriations for research on national or regional animal health or disease problems at the current level of $35,000,000 annually through September 30, 1990. (Sec. 1417.)

The Senate amendment extends such annual authorization through September 30, 1989. (Sec. 1513(c).)

The Conference substitute adopts the House provision.

(13) Extension at 1890 Land-Grant Colleges, including Tuskegee Institution

The House bill amends section 1444 of the 1977 Act by extending indefinitely the requirement that an amount not less than 6 percent of the total appropriations for each year under the Smith-Lever Act be appropriated for extension at 1890 land-grant colleges, including the Tuskegee Institute. The House bill also requires that an amount not less than 6 percent of the total amounts appropriated under related acts pertaining to cooperative extension work at the land-grant institutions identified in the Act of May 8, 1914, be appropriated for extension at 1890 land-grant colleges, including the Tuskegee Institute. (Sec. 1418.)

The Senate amendment extends through fiscal year 1989 the requirement that an amount not less than 6 percent of the total appropriations for each year under the Smith-Lever Act be appropriated for extension at 1890 land-grant colleges, including the Tuskegee Institute. (Sec. 1514(a).)

The Conference substitute adopts the House provision.

(14) Grants to upgrade 1890 Land-Grant Colleges extension facilities

The House bill declares the intent of Congress to assist the 1890 land-grant colleges, including Tuskegee Institute, in the acquisition and improvement of extension facilities and equipment so that eligible institutions may participate fully with the State cooperative extension services in a balanced way in meeting the extension needs of the people of their respective States. The House bill authorizes to be appropriated, for the grant program under this provision, $10 million for each of the fiscal years 1986 through 1990, such sums to remain available until expended. Four percent of the sums appropriated would be available to the Secretary of Agriculture for administration of the grants program under this provision and the remainder would be available for grants to the eligible institutions for the purpose of assisting them in the purchase of equipment and land, and the planning, construction, alteration, or renovation of buildings, to provide adequate facilities to conduct extension work in their respective States. Grants would be made in such amounts and under such terrms as the Secretary determines necessary. Federal funds provided under this provision would not be used for the payment of any overhead costs of the eligible institution. (Sec. 1419.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(15) Research at 1890 Land-Grant Colleges, including Tuskegee Institute

The House bill amends section 1445(g)(2) of the 1977 Act, which authorizes appropriations to support agricultural research at 1890 land-grant colleges, including the Tuskegee Institute, to provide that whenever it appears to the Secretary of Agriculture, from the annual statement of receipts and expenditures of funds by any eligible institution, that an amount in excess of 5 percent of the preceding annual appropriation allotted to that institution under that section remains unexpended, such amount in excess of 5 percent of the preceding annual appropriation allotted to that institution would be deducted from the next succeeding annual allotment to the institution. (Sec. 1420(2).)

The Senate amendment provides that no more than 5 percent of the funds received by an institution under section 1445 of the 1977 Act in any fiscal year may be carried forward to the succeeding fiscal year. (Sec. 1514(b).)

The Conference substitute adopts the House provision.

(16) Agricultural information exchange with Ireland

The House bill requires the Secretary of Agriculture to undertake discussions with the Government of Ireland that may lead to an agreement that will provide for the development of a program between the United States and Ireland whereby there will be a greater exchange of agricultural scientific and educational information and personnel, the fostering of joint investment ventures, cooperative research, and the expansion of United States trade with Ireland. The House bill requires the Secretary to periodically report to the House and Senate committees on agriculture on the progress and accomplishments with regard to the development of the program. (Sec. 1423.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(17) Evaluation of the Extension Service and the Cooperative Extension Services

The House bill repeals section 1459 of the 1977 Act which required the Secretary of Agriculture to report to Congress not later than March 31, 1979, an evaluation of the Extension Service and the cooperative extension services. (Sec. 1424.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(18) Authorization of appropriations for certain agricultural research programs

(a) The House bill amends section 1463(a) of the 1977 Act to extend the authorization for appropriations for agricultural research programs, with certain exceptions, at the level of $600,000,000 for fiscal year 1986, $610,000,000 for fiscal year 1987, $620,000,000 for fiscal year 1988, $630,000,000 for fiscal year 1989, and $640,000,000 for fiscal year 1990. (Sec. 1428(a).)

The Senate amendment extends the authorization for appropriations at the level of $890,000,000 for each of the fiscal years 1986–1989 and provides that not less than $500,000 of such amounts would be made available each fiscal year for research to control or eradicate Africanized honey bees. (Sec. 1517(a).)

The Conference substitute adopts the House provision. The conferees encourage the Secretary of Agriculture to provide adequate funding each fiscal year for research to control or eradicate Africanized honey bees.

(b) The House bill amends section 1463(b) of the 1977 Act to extend the authorization for appropriations for agricultural research at State agricultural experiment stations at the level of $270,000,000 for fiscal year 1986, $280,000,000 for fiscal year 1987, $290,000,000 for fiscal year 1988, $300,000,000 for fiscal year 1989, and $310,000,000 for fiscal year 1990. (Sec. 1428(b).)

The Senate amendment extends the authorization for appropriations at the level of $300,000,000 for each of the fiscal years 1986 through 1989. (Sec. 1517(b).)

The Conference substitute adopts the House provision.

(19) Authorization for appropriations for extension education

The House bill amends section 1464 of the 1977 Act to extend the authorization for appropriations for certain agricultural extension programs at the level of $350,000,000 for fiscal year 1986, $360,000,000 for fiscal year 1987, $380,000,000 for fiscal year 1988, $400,000,000 for fiscal year 1989, and $420,000,000 for fiscal year 1990. (Sec. 1429.)

The Senate amendment amends section 1464 of the 1977 Act by consolidating all existing authorizations for appropriations for extension and related programs adminsitered or funded through the Extension Service and authorizing $380,000,000 for each of the fiscal years 1986 through 1989 for such programs. (Sec. 1518.)

The Conference substitute adopts the House provision with an amendment to change the program levels as follows: $370,000,000 for fiscal year 1986; $380,000,000 for fiscal year 1987; and $390,000,000 for fiscal year 1988. The levels of $400,000,000 for fiscal year 1989; and $420,000,000 for fiscal year 1990 would remain unchanged.

(20) Contracts, grants and cooperative agreements

The House bill provides that, with respect to the provision in the House bill and in the Senate amendment that any Federal agency may participate in any cooperative agreement relating to agricultural research, extension, or teaching by contributing funds through the appropriate agency of the Department of Agriculture, or otherwise when, such participation would be based on a mutual agreement that the objectives of the agreement will further the authorized programs of the contributing agency. (Sec. 1430.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(21) Restriction on treatment of indirect costs and tuition remission

The House bill amends section 1473 of the 1977 Act to permit the reimbursement of indirect costs in connection with cooperative agreements between the Secretary of Agriculture and State cooperative institutions when such agreements are funded under the provisions of the Foreign Assistance Act of 1961. The amount of indirect costs to be reimbursed would be negotiated on a case-by-case basis. (Sec. 1431.)

The Senate amendment amends section 1473 of the 1977 Act to provide that the prohibition on the use of funds for the reimbursement of indirect costs shall not apply

to funds for international agricultural programs conducted by a State cooperative institution and administered by the Secretary, or to funds provided by a Federal agency for such purpose. The Secretary would limit the amount of the reimbursement to an amount necessary to carry out the program or agreement. (Sec. 1520.)

The Conference substitute adopts the Senate provision.

(22) Cost-reimbursement agreements

The Senate amendment authorizes the Secretary of Agriculture to enter into cost-reimbursable agreements with State cooperative institutions without regard to any requirement for competition, for the acquisition of goods or services, including personal services, to carry out agricultural research, extension, or teaching activities of mutual interest. Reimbursable costs under the agreements would include the actual direct costs of performance, as mutually agreed on by the parties, and the indirect costs of performance, not exceeding 10 percent of the direct cost. (Sec. 1520A.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(23) Technology development for small- and medium-sized farming operations

The House bill expresses the sense of Congress that the agricultural research, extension, and teaching activities conducted by the Department of Agriculture relating to the development, application, transfer, or delivery of agricultural technology, and, to the greatest extent practicable, any funding received by the Department of Agriculture for these activities, should be directed to technology that can be used effectively by small- and medium-sized farming operations. (Sec. 1432(a).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(24) Special technology development research program

The Senate amendment contains certain funding provisions relating to the provisions in both the House bill (Sec. 1432) and Senate amendment (Sec. 1521) for cooperative agreements with private agencies, organizations and individuals to share the cost of research projects, or to allow the use of Federal facilities and services on a cost-sharing or cost-reimbursable basis, to develop new agricultural technology to further the research programs of the Department of Agriculture. The Senate amendment provides that beginning in fiscal year 1986 and extending through fiscal year 1989, not more than $3,000,000 of the funds appropriated to the Agricultural Research Service for each fiscal year may be used to carry out these agreements. The Senate amendment also requires cooperators under this provision to contribute matching funds from non-Federal sources in an amount equal to at least 50 percent of any Federal contribution; and limits the amount of funds or in kind assistance made available by the Secretary of Agriculture under this provision for a particular research project to $50,000 in any fiscal year or a total amount of $150,000.

The Conference substitute adopts the Senate provision.

(25) Supplemental and alternative crops

The House bill amends the 1977 Act to add a new section 1437C that requires the Secretary of Agriculture in fiscal years 1987 through 1989 to develop and implement a research and pilot project program for the development of supplemental and alternative crops, using such funds as are appropriated to the Secretary each fiscal year under the 1977 Act in order to assist producers of agricultural commodities whose livelihoods are threatened by the decline in demand of certain of their crops due to changes in consumption patterns or other related causes. The Secretary would use such research funding, special or competitive grants, or other means, as the Secretary determines, to further the purposes of this provision in the implementation of a comprehensive and integrated program.

The pilot program would include agreements, grants, and other arrangements to conduct comprehensive resource and infrastructure assessments, to develop and introduce supplemental and alternative income-producing crops, to develop and expand domestic and export markets for such crops, and to provide technical assistance to farm owners and operators, marketing cooperatives, and others. The Secretary would use the expertise and resources of the Agriculture Research Service, the Cooperative State Research Service, the Extension Service, and the land-grant colleges and universities for the purpose of carrying out this provision. (Sec. 1431.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(26) Aquaculture assistance programs

(a) The House bill amends section 1475 of the 1977 Act to include nonprofit private research institutions as eligible institutions to participate in aquaculture assistance programs under section 1475. The House bill also provides that with respect to State matching grants under section 1475(b), no more than 50 percent of the matching grant may be an in-kind contribution. In addition, the House bill expands the eligibility for aquaculture research, development, and demonstration centers under section 1475 to include State agricultural experiment stations, colleges and universities with aquacultural research capacity, and nonprofit private research institutions.

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision.

(b) The House bill provides that funds authorized under this section may be used for the acquisition or rehabilitation of existing buildings or facilities, or new construction to house aquaculture centers but limits the authorization for any one new building or facility to no more then $250,000.

The Senate amendment contains no comparable provision.

The Conference amendment deletes the House provision.

(c) The House bill provides that, to the extent practicable, aquaculture centers established under section 1475(b) would be geographically located so that they are representative of the regional aquaculture opportunities in the United States.

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(d) The House bill provides that the annual report of the Secretary on the aquaculture assistance programs would be submitted to the House Committee on Merchant Marine and Fisheries in addition to the President and certain other congressional committees. (Sec. 1434.)

The Senate amendment amends section 1475 of the 1977 Act to delete the requirement that the Secretary submit an annual report to the President and certain congressional committees on the aquaculture assistance programs. (Sec. 1522(a).)

The Conference substitute adopts the House provision.

(27) Aquaculture Advisory Board

The House bill amends section 1476(a) of the 1977 Act to extend the term of the Aquaculture Advisory Board through September 30, 1990. (Sec. 1435.)

The Senate amendment repeals section 1476 of the 1977 Act. (Sec. 1522(b).)

The Conference substitute adopts the Senate provision.

(28) Authorization of appropriations—aquaculture research

(a) The House bill extends the authorization for appropriations for aquaculture assistance programs at $7,500,000 for each of the fiscal years 1986 through 1990. (Sec. 1436(a).)

(a) The Senate amendment extends the authorization for appropriations at $7,500,000 for each of the fiscal years 1986 through 1989. (Sec. 1522(c).)

The Conference substitute adopts the House provision.

(b) The House bill amends section 1477(b) of the 1977 Act by deleting the requirement that funds so appropriated be allocated by the Secretary of Agriculture for work to be done as mutually agreed upon between the Secretary and the recipient institutions. (Sec. 1436(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The Senate amendment amends section 1477(b) of the 1977 Act by deleting the requirement that the Secretary consult with the Aquaculture Advisory Board in developing plans for the use of such funds. (Sec. 1522(c).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(29) Rangeland Research Advisory Board

The House bill extends the term of the Rangeland Research Advisory Board to September 30, 1990. (Sec. 1437.)

The Senate amendment extends the term to September 30, 1989. (Sec. 1523(a).)

The Conference substitute adopts the House provision.

(30) Authorization of appropriations—rangeland research

The House bill extends the authorization for appropriations for rangeland research at the level of $10,000,000 annually through September 30, 1990. (Sec. 1438.)

The Senate amendment extends the authorization for appropriations at the level of $10,000,000 annually through September 30, 1989. (Sec. 1523.)

The Conference substitute adopts the House provision.

(31) Authorization of appropriations for Federal agricultural research facilities

The House bill authorizes appropriations for fiscal year 1988 and for each succeeding fiscal year in such sums as may be necessary for the planning, construction, acquisition, alteration, and repair of buildings and other public improvements, including the cost of

acquiring or obtaining rights to use land of or used by the Agricultural Research Service, provided that the cost of planning any one facility may not exceed $500,000 and that the total cost of any one facility may not exceed $5 million. The House bill provides that not later than 60 days after the end of each of the fiscal years 1986 through 1990, the Secretary of Agriculture is required to report to the House and Senate agriculture committees on the location of each facility planned, constructed, acquired, repaired, or remodeled with funds appropriated under this provision in the fiscal year involved, and with respect to each building, laboratory, research facility and improvement, the amount of the funds obligated and expended in the fiscal year for each item. (Sec. 1439.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(32) Dairy goat research

The House bill amends section 1432(b)(5) of the National Agricultural Research, Extension, and Teaching Policy Act Amendments of 1981, effective October 1, 1985, to require the Secretary of Agriculture to make a grant of funds to an 1890 land-grant college, including the Tuskegee Institute, for dairy goat research for each of the fiscal years 1986 through 1990. (Sec. 1440.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(33) Grants to upgrade 1890 Land-Grant College research facilities

The House bill extends the authorization for appropriations for grants to upgrade 1890 land-grant college research facilities at the level of $10,000,000 for the fiscal year 1987. (Sec. 1441.)

The Senate amendment extends the authorization for appropriations at the level of $10,000,000 for each of the fiscal years 1986 through 1989. (Sec. 1524(b).)

The Conference substitute adopts the House provision.

(34) Smith-Lever Act

(a) The House bill amends section 2 of the Smith-Lever Act to provide that cooperative extension work would consist of the development of practical applications of research knowledge and the giving of instruction and practical demonstration of existing or improved practices or technologies in agriculture, the use of solar energy in agriculture, home economics, and rural energy. (Sec. 1443.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The House bill amends section 3 of the Smith-Lever Act, to add a new provision to authorize the Secretary of Agriculture to conduct educational, instructional, demonstration, and publication distribution programs through the Extension Service, and to enter into cooperative agreements with private industry and individuals to share the cost, through private contributions, of funding such program. The House bill also provides that the Secretary may receive contributions from private sources for such purposes and may provide matching funds in an amount not greater than 50 percent of the contributions. No more than one-half of 1 percent of the funds appropriated to the Extension Service for each of the fiscal years 1986 through 1991 may be used to provide matching funds for this provision. The Secretary would be required to report to the House and Senate agriculture committees, within 1 year after enactment of the bill, on the progress of such programs and to make recommendations regarding how other similar private sector initiatives could be used by the Extension Service. (Sec. 1443.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to delete (1) the requirement that no more than one-half of 1 percent of the funds appropriated to the Extension Service for each of the fiscal years 1986 through 1991 to be used to provide matching funds, and (2) the requirement that the Secretary report to the House and Senate Agriculture Committees.

(c) The House bill also requires the Secretary to conduct a study to determine if the funds appropriated after the date of enactment of the bill to carry out the Smith-Lever Act (except for the disadvantaged farmer program under section 8 of that Act) in excess of the aggregate amount so appropriated in fiscal year 1985 can be allocated more effectively among the States. The Secretary would be required to report to the House and Senate agriculture committees within one year after enactment of the bill on the results of the study and make recommendations regarding the allocation of these funds. (Sec. 1443.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(35) Market expansion research

(a) The House bill requires the Secretary of Agriculture, using available funds, to increase or intensify Department of Agriculture programs to develop technology to overcome barriers to expanded export sales of U.S. agricultural commodities and products. (Sec. 1129.)

The Senate amendment contains a comparable provision except that it does not contain the limitation regarding available funds. (Sec. 1526(a).)

The Conference substitute adopts the House provision.

(b) The Senate amendment requires the Secretary of Agriculture to carry out a research and development program to formulate new uses for farm or forest products, including industrial, new, and value-added products. The program would be carried out through grants, cooperative agreements, contracts, and interagency agreements. Appropriations to carry out the program would be authorized, and funds could be transferred from other accounts for use by the program. The Secretary of Agriculture would be required to use at least $10 million annually, in fiscal years 1986 through 1989, for the program. The Federal share of each project funded under this provision could not exceed 50 percent of the cost of the project. (Sec. 1526(b).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to provide that not less than $10,000,000 of funds would be used by the Secretary to carry out the program provided sufficient matching fund requests were made.

(36) Pesticide resistence study

The House bill requires the Secretary of Agriculture to conduct a 1-year study on the detection and management of pesticide resistence and report on the study to the President and Congress. The study would include (a) a review of existing efforts to examine and identify the mechanisms, genetics, and ecological dynamics of target populations of insect and plant pests developing resistence to pesticides, and existing efforts to monitor current and historical patterns of pesticide resistence; and (b) a strategy for the establishment of a national pesticide resistence monitoring program involving Federal, State, and local agencies, as well as the private sector. (Sec. 1444.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to encourage (instead of require) the Secretary to conduct the study.

(37) Expansion of education study

The Senate amendment requires the Secretary of Agriculture and the Secretary of Education to take such joint action as may be necessary to expand the scope of the Study of Agriculture Education on the Secondary Level, currently being conducted by the National Academy of Sciences and sponsored jointly by the Department of Agriculture and Education to include (A) a study of the potential use of modern technology in the teaching of agriculture programs at the secondary school level; and (B) recommendations of the National Academy of Sciences on how modern technology can be most effectively utilized in the teaching of agricultural programs at the secondary school level. Any increase in the cost of conducting the study as a result of expanding the scope of the study would be borne by the Secretary of Agriculture out of funds appropriated to the Department of Agriculture for research and education or from funds made available to the National Academy of Sciences from private sources. (Sec. 1527.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to authorize (instead of require) the Secretaries of Agriculture and Education to expand the education study.

(38) Critical agricultural materials

The Senate amendment amends section 5(b)(9) of the Critical Agriculture Materials Act to require the Secretary of Agriculture to carry out demonstration projects to promote the development or commercialization of native agricultural crops that would supply critical agricultural materials for strategic and industrial purposes (including projects designed to expand domestic or foreign markets for such crops). In carrying out the demonstration projects the Secretary would be authorized to (1) enter into a contract or cooperative agreement with, or provide a grant to, any person, or public or private agency or organization, to participate in, carry out, support, or stimulate the project; (2) make available for purposes of the contracts or agreements agricultural commodities or the products thereof acquired by the Commodity Credit Corporation under price support operations conducted by the corporation; or (3) use any funds appropriated under the Critical Agricultural Materials Act, or any funds provided by any person, or public or private agency or organization, to carry out the project or reimburse the Commodity Credit Corporation for agricultural commodities or products that are utilized in connection with such project.

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision.

(39) Dietary assessment and studies

The House bill requires the Secretary of Agriculture and the Secretary of Health and Human Services to conduct and assessment of existing scientific literature and research concerning (A) the relationship between dietary cholesterol and blood cholesterol and human health and nutrition and (B) dietary calcium and its importance in human health and nutrition. The Secretaries must consult with Federal agencies involved in related research. Upon completion of the assessments, the Secretaries must each recommend such further studies as the Secretaries consider useful.

Not later than 1 year after the date of enactment of the bill, each Secretary must submit a report to the House Committee on Agriculture and Energy and Commerce and the Senate Committees on Agriculture, Nutrition and Forestry and Labor and Human Resources with the results of the assessments and recommendations for more complete studies including a protocol, feasibility assessment, budget estimates, and a timetable. (Sec. 1445.)

The Senate amendment contains similar provisions except that the dietary calcium study would include, at a minimum, a comprehensive investigation of skeletal integrity, and regulation of hypertension and in both studies the Secretaries would be required to request assistance from other agencies and private sector organizations as the Secretaries considered appropriate. (Sec. 1553, 1554.)

The Conference substitute adopts the House provision.

(40) Special grants for financially stressed farmers and dislocated farmers

The House bill amends section 502 of the Rural Development Act by adding a new subsection establishing a program during the period beginning on the date of enactment of this Act and ending 3 years thereafter which would provide special grants for education and counseling programs to develop income alternatives for farmers who have been adversely affected by the current farm and rural economic crisis and who have been displaced from farming. The Secretary would be authorized to provide support to mental health officials in developing outreach programs in rural areas. (Sec. 1447.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(41) Annual report on family farms

The House bill amends section 102(b) of the Food and Agriculture Act of 1977 to require the Secretary of Agriculture to include in the annual report to Congress on the status of the family farm the effect of current and proposed changes in tax laws on the family farm, new food and agricultural production and processing technological developments (especially in the area of biotechnology), the credit needs of familiy farms, an assessment of how U.S. economic and trade policies affect the financial operations of family farms, and an assessment of the affect of Federal farm programs on family farms. (Sec. 1448.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(42) Agricultural productivity research

The Senate amendment establishes a new program of agricultural productivity research. This program would:

provide for the definition of terms used in the program; (Sec. 1531.)

declare the findings of Congress that the long-term agricultural viability and profitability of the farms and ranches in the United States are dependant on highly productive and efficient agricultural systems; agricultural research and technology transfer activities of the Secretary of Agriculture, State cooperative extension services, land-grant and other colleges and universities, and State agricultural experiment stations have contributed to innovation in agriculture and have a continuing role to play in improving agricultural productivity; agricultural productivity is reduced by annual irretrievable loss of billions of tons of top soil through wind and water erosion; many farmers and ranchers are highly dependent on machines and energy resources for agricultural production; public funding of a properly planned and balanced agricultural research program is essential to improving efficiency in agricultural production and conservation practices; and expanded agricultural research and extension efforts are needed to improve agricultural productivity and implement soil, water, and energy conservation practices; (Sec. 1532.)

establish the purposes of the subtitle as being those of facilitating and promoting scientific investigation in order to enhance agricultural productivity, maintain the productivity of land, reduce soil erosion and loss of water and plant nutrients, and conserve energy and natural resources; and facilitating the conduct of research projects in order to study agricultural production systems located in areas possessing various soil, climatic and physical characteristics, and managed using farm production practices that rely on items purchased for the production of an agricultural commodity and a variety of conservation practices, and are subjected to change as the result of such practices; (Sec. 1533.)

require the Secretary to inventory and classify by subject all studies, reports and other materials developed by any person or governmental agency with the participation or financial assistance of the Secretary, that could be used to promote the purposes of the subtitle. In addition, the Secretary is required to identify, assess, and classify existing information and research reports that will further the purposes of the program; provide useful information and to make the reports available to farmers and ranchers, and identify gaps in such information and carry out a research program to fill such gaps; (Sec. 1534.)

require the Secretary, in cooperation with Federal and State research agencies and agricultural producers, to conduct such research projects as are necessary to promote the purposes of the subtitle. In carrying out these research projects the Secretary is required to conduct projects and studies in areas that are broadly representative of United States agricultural production. In addition, the Secretary is authorized to conduct such research projects involving crops, soils, production methods, and weed, insect and disease pests on individual fields or other areas of land. In the case of research projects involving the planting of a sequence of crops, the Secretary is required to conduct the projects for a term of at least five years and, to the extent practicable, twelve to fifteen years. The Secretary is also required to ensure that producers are aware of the research projects and to ensure that such projects are open for public observation. The Secretary is authority to indemnify an operator of a project for damages incurred or undue losses sustained as a result of a rigid requirement of research or demonstration under the project that is not experienced in normal farming operations. Any indemnity payment would be subject to any agreement between a project grantee and operator entered into prior to the initiation of such project; (Sec. 1535.)

require the Secretary to establish a panel of experts consisting of representatives of the Agricultural Research Service, Cooperative State Research Service, Soil Conservation Service, Extension Service, State cooperative extension services, State agricultural experiment stations, and other specialists in agricultural research and technology transfer; and to take into consideration the views of the panel before a project under this subtitle is designed; (Sec. 1536.)

require the Secretary to report to the House and Senate agriculture committees within 180 days after the effective date of this subtitle on the design of the research projects established under this subtitle, within 15 months after the effective date of the subtitle on the results of the information study, and not later than April 1, 1987, and annually thereafter on the progress of projects conducted under this subtitle; (Sec. 1537.)

authorize the Secretary to carry out the required information study through agreements with land-grant colleges or universities, other universities, nonprofit organizations, or Federal or State governmental entities, that have demonstrated appropriate expertise in agriculture research and technology transfer; (Sec. 1538.)

require the Secretary to make the information and research reports identified under the information study and the information and conclusions resulting from any research project conducted under the subtitle available to the public through the Extension Service, State cooperative extension services and otherwise as necessary; (Sec. 1539.)

authorize the appropriation of such sums as may be necessary to carry out the subtitle and provide that such sums are to remain available until expended (Sec. 1540.) and

establish the effective date of the subtitle as October 1, 1985. (Sec. 1541.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision.

TITLE XV—FOOD STAMP AND RELATED PROVISIONS

(1) Publicly Operated Community Mental Health Centers

The Senate amendment establishes food stamp eligibility for residents of publicly operated community health centers conducting treatment programs under the Alcohol, Drug Abuse, and Mental Health Services Block Grant. (Sec. 1401.)

The Senate amendment also makes a technical revision to the existing Food Stamp Act by removing references to now-repealed laws dealing with food stamp eligibility for residents of private, nonprofit treatment programs and substituting a reference to the Alcohol, Drug Abuse, and Mental Health Services Block Grant. (Sec. 1401.)

(NOTE.—This amendment would conform provisions of the Food Stamp Act of those approved in P.L. 97-35, P.L. 98-107, and P.L. 99-88.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to limit applicability of the provision to publicly operated mental health centers.

(2) Eligibility of the Homeless

The House bill changes the definition of an eligible household specifically to include individuals who do not reside in permanent dwellings or who have no fixed address. (Sec. 1501(a).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(NOTE.—Another provision was included in both bills which requires State agencies to provide a method for certifying the homeless.)

(3) Determination of Food Sales Volume

The House bill provides that retail food stores' food sales volume is to be determined by visual inspection, purchase or sales records, or other inventory or recordkeeping methods that are customary or reasonable in the retail food industry. (Sec. 1502.)

(NOTE.—Under existing law, a store must have more than 50 percent of its food sales volume in staple foods in order to be allowed to accept food stamps.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(4) Thrifty Food Plan

The House bill requires that food stamp benefit levels (based on the cost of the Thrifty Food Plan) effective in any fiscal year reflect food price changes through the September immediately preceding each annual October benefit adjustment—including actual food price changes through the preceding June, and the Secretary's best estimate of changes for the July-September period. The first adjustment under this rule would be effective Feb. 1, 1986, and would reflect food price changes in July-September 1985. Future adjustments would occur each October and reflect actual food price changes for the 12-month period immediately preceding the adjustment—actual changes for the period October through June—and estimated changes for the period July through September. (Sec. 1503.)

(NOTE.—Under existing law, each October's annual adjustment to benefits reflects actual food price changes for the 12-month period ending the immediately preceding June.)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provisions.

(5) Definitions of the Disabled

The House bill adds 4 categories of persons to the Food Stamp Act definition of "disabled":

those disabled who receive State-financed Supplemental Security Income (SSI) payments, but do not receive the basic Federal SSI benefit, as long as the benefits are determined to be conditioned on meeting social security disability criteria, or are benefits granted to those who qualified under pre-SSI programs for aid to the permanently and totally disabled and blind:

recipients of Federal, State, or local public disability retirement pensions who have a disability considered permanent under special social security rules;

veterans receiving pensions for non-service-connected disability; and

railroad retirement disability annuitants who must meet social security disability criteria in order to receive their annuity or qualify for Medicare. (Sec. 1504.)

(NOTE.—Those determined to be "disabled" for food stamp purposes receive special, more liberal treatment in determining eligibility and benefits.)

The Senate amendment replaces the existing Food Stamp Act definition of "disabled." The new definition would require the Secretary to establish, by regulation, the categories of persons to be considered disabled for food stamp purposes. These would be persons who receive benefits under a Federal law and:

whose benefit is based on a determination of blindness or disability that the Secretary judges to be based on the same, or substantially the same, criteria as social security disability determinations; or

for whom a determination of disability or blindness has been made that the Secretary judges is based on the same, or substantially the same, criteria as social security determinations. (Sec. 1403.)

(NOTE.—The Senate Committee report notes that it is not the intent of the new definition to reduce the scope of the existing categories of disabled persons (now spelled out in the Food Stamp Act). These are: (1) recipients of Social Security Disability or Federal SSI benefits (including similar benefits in the territories); (2) veterans receiving compensation for service-connected disability rated at 100 percent; and (3) veterans' survivors receiving veterans benefits and having a disability considered permanent under special social security rules. The Senate amendment would allow expansion of the categories of persons considered disabled to the extend they are Federal benefit recipients and meet a disability test that is the same as or substantially the same as social security disability criteria.)

The Conference substitute adopts the House provisions.

(6) State and Local Sales Taxes

(a) The House bill bars participation in the Food Stamp Program to States in which the Secretary determines that State or local sales taxes are collected on food stamp purchases. (Sec. 1505.)

The Senate amendment prohibits food stamp transaction from being treated as a "taxable event" for sales tax purposes. (Sec. 1418(a).)

The Conference substitute adopts the House provision.

(b) The House bill provision takes effect Oct. 1, 1987. (Sec. 1505.)

The Senate amendment provision takes effect with respect to a State on Oct. 1 of the calendar year in which the first session of the State legislature is convened following enactment of the bill. (Sec. 1418(b).)

The Conference substitute adopts the Senate provision with an amendment (1) providing that only regular sessions of State legislature trigger the effective date and (2) authorizing the Secretary to extend the implementation date as necessary, but to not later than October 1, 1987, for any State that shows, to the Secretary's satisfaction, that an earlier implementation date would have an adverse and disruptive effect on food stamp program administration or would provide inadequate lead time for retail stores to implement changes in sales tax policy.

The conferees expect the Secretary to provide timely and thorough notice to States and affected food stores as to the effect and timing of this provision.

(7) Relating of Food Stamp and Commodity Distribution Programs

(a) The House bill deletes the existing bar against operating a program distributing Federally donated commodities in areas operating a Food Stamp Program. (Sec. 1506.)

(NOTE.—The existing bar on dual operations is *not* now applicable: (1) where commodity distribution programs operate to meet disaster relief need; (2) in the case of the Commodity Supplemental Food Program; (3) in the case of Indian reservations; and (4) in the case of the Temporary Emergency Food Assistance Program—either under the terms of Food Stamp Act exemptions or other laws explicitly voiding the Food Stamp Act provisions.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The Senate amendment requires that, as a condition of eligibility for certain commodity distribution programs, persons furnish their social security numbers, and that these numbers be used in the administration of the programs. The programs include commodity distribution: on Indian reservations; for supplemental feeding programs for women, infants, and children; to charitable institutions; in disaster areas; to summer camps for children; and in the Trust Territory of the Pacific Islands.

The Senate amendment also authorizes the Secretary and food stamp State agencies to match the social security account numbers of participants in the food stamp program against account numbers of applicants for assistance under the commodity distribution program. (Sec. 1404.)

The House bill contains no comparable provisions.

The Conference substitute deletes the Senate provisions.

(8) Categorical Eligibility

(a) The House bill requires that States grant automatic food stamp eligibility to households composed entirely of AFDC or SSI recipients. They would be eligible without regard to most provisions of the Food Stamp Act. However, certain provisions would continue to apply to them—provisions governing household composition and the ineligibility of institutional residents, penalties for fraud, exemptions from employment and training requirements, and the ineligibility of SSI recipients in certain States. (Sec. 1507(a).)

The Senate amendment permits States to grant automatic food stamp eligibility to households composed entirely of AFDC or SSI recipients, if their gross monthly income is below 130 percent of the Federal poverty levels. Their eligibility would be judged without regard to the income and asset eligibility standards of the Food Stamp Act (other than the gross income test noted above). However, all other provisions of the Act would continue to apply to them. (Sec. 1414(a).)

The Conference substitute adopts the House provision with an amendment to make the provision applicable through September 30, 1989. The Secretary is to report to the Congress on the effect of the new provision within 2 years after enactment, with particular reference to the provision's effect on program administration, error rates, eligibility levels, benefit costs, and

such other factors as the Secretary deems appropriate.

(b) The House bill requires that no household have food stamp benefits denied or terminated solely on the basis of an AFDC or SSI eligibility determination. A separate determination that the household had failed to meet normal food stamp eligibility tests would be required. (See. 1507(b).)

The Senate amendment contains the same provision. (See. 1414(b).)

The Conference substitute adopts the House provision.

The conferees intend that the Secretary would have discretion to apply a rule of reason in developing rules governing categorical eligibility. In instances where a household has been disqualified from food stamps due to a violation of food stamp rules (relating to work requirements, fraud, or other similar requirements), it would not be able to gain reinstatement through categorical eligibility.

(9) Excluded Income

(a) The House bill provides that the portion of an educational grant, loan, or other educational assistance that goes toward tuition and mandatory fees at a post-secondary education institution would be excluded from income for food stamp purposes—effective Feb. 1, 1986. (Sec. 1508(a)(2)(A).)

(NOTE.—Existing law provides that such conditions apply with regard to institutions of higher education.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to strike the Feb. 1, 1986, effective date.

This provision clarifies that the portion of an educational grant, loan, or other educational assistance that goes toward tuition and mandatory fees at a post-secondary education institution would be excluded from income even if that institution does not require a high school diploma as a condition for attendance.

(b) The House bill specifies that educational loan origination fees and insurance premiums are to be excluded from income for food stamp purposes—effective Feb. 1, 1986. (Sec. 1508(a)(2)(B).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to strike the Feb. 1, 1986, effective amendment.

(c) The House bill provides that no portion of any Federal educational grant, to the extent it provides income assistance beyond that used for tuition and mandatory fees, may be considered a reimbursement for expenses and thereby excluded from income for food stamp purposes—effective Feb. 1, 1986. (Sec. 1508(a)(3).)

The Senate amendment provides that no portion of any educational grant, loan on which payment is deferred, or other educational assistance may be considered a reimbursement for expenses and thereby excluded from income for food stamp purposes. (Sec. 1406(a).)

The Conference substitute adopts the Senate provision with an amendment limiting the application of the provision in the case of non-Federal grants, loans, or other education assistance to that portion of the assistance that is provided for living expenses. In the case of Federal assistance, no portion of any educational grant, to the extent it provides income assistance beyond that used for tuition and mandatory fees, may be considered a reimbursement for expenses and thereby excluded from income for food stamp purposes.

The conferees recognize that certain courses of study normally require special materials above and beyond books and routine supplies. For example, a cosmetology school may require all students to furnish their own scissors and combs. A chemistry course may require all students to provide their own gloves and smocks for use in the laboratory. The conferees intend for the Secretary to allow the portion of educational assistance which is used to pay for such required expenses to be excluded from gross income, because it is a mandatory fee. Current program regulations define a mandatory fee as one charged to all students or one charged to all students within a certain curriculum. Accordingly, a lab fee charged to all students in a science course is excluded from income. The conferees intend for this exclusion to be broadened to recognize that certain supplies are required of all students even though a separate fee is not imposed for these supplies.

(d) The House bill provides that income otherwise countable for food stamp purposes be reduced by the amount that the cost of producing self-employment income exceeds that income derived from self employment—effective Feb. 1, 1986. (Sec. 1508(a)(4).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment (1) to limit the provision to self-employment income of farmers and (2) to strike the Feb. 1, 1986, effective date.

(e) The House bill provides that assistance for living expenses paid to a third party on behalf of a household be treated as income payable directly to the household, if paid by a State or local government under an AFDC or general assistance program (excluding medical, child care, energy, and emergency or special assistance)—effective Oct. 1, 1985. (Sec. 1508(b).)

The Senate amendment provides that assistance for living expenses paid to a third party on behalf of a household be treated as income payable directly to the household, if it is paid by a State or local government in lieu of a regular AFDC benefit, a general assistance benefit, or a benefit payable by another basic assistance program identified by the Secretary (excluding medical, child care, energy, and emergency or special assistance, and excluding aid provided by a State or local housing authority). (Sec. 1405.)

The Conference substitute adopts the Senate provision with an amendment to modify the reference to "another basic assistance program" by providing that only other basic assistance programs comparable to general assistance are included.

(f) The Senate amendment provides that any educational assistance paid to a third party on behalf of a household be treated as income payable directly to the household. This would not apply to tuition and mandatory fees. (Sec. 1406(b).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment limiting the application of the provision to educational assistance paid for living expenses to a third party on behalf of a household.

(g) The House bill requires that earnings to individuals participating in on-the-job training programs under the Job Training Partnership Act be counted as earned income for food stamp purposes—effective Oct. 1, 1985. This would not apply in the case of individuals under age 21 during the first 6 months of participation. (Sec. 1508(b).)

The Senate amendment requires that all allowances, earnings, and payments (other than "needs-based allowances and payments") to individuals as a result of participation in programs under the Job Training Partnership Act be counted as income for food stamp purposes. (Sec. 1415.)

The Conference substitute adopts the House provision with an amendment (1) to strike the Oct. 1, 1985, effective date, (2) to change the application of the exception in the case of individuals under age 21 to dependents under age 19, and (3) to remove the limitation on the first 6 months of participation.

(10) Nonrecurring Lump-sum Payments.

The Senate amendment provides that food stamp benefits not be increased as the result of a reduction or termination of AFDC or SSI benefits due to the receipt of a nonrecurring lump-sum payment. (Sec. 1407.)

(NOTE.—AFDC and SSI benefits can be reduced or terminated as the result of the receipt of income in the form of a nonrecurring lump-sum payment (e.g., an income tax refund, insurance settlement). Under existing food stamp law, nonrecurring lump-sum payments are treated as assets and affect a household's eligibility and benefits only to the extent that they are large enough to increase to household's assets above the asset limit. Thus, when a food stamp household's AFDC of SSI benefit is reduced or terminated due to receipt of a nonrecurring lump-sum payment, food stamp benefits are increased to take into account the household's reduced income—unless the payment is large enough to put the household over the food stamp asset eligibility limit.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(11) Child Support Payments

The Senate amendment allows States to exclude from income otherwise countable for food stamp purposes the first $50 a month of child support received by an AFDC recipient family—if the States reimburses the Federal Government for the estimated food stamp benefit cost of doing so. (Sec. 1408.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(12) Deductions from Income

(a) The House bill increases the proportion of earnings that is deducted from otherwise countable income for food stamp purposes, from 18 to 20 percent—effective Feb. 1, 1986. (Sec. 1509(a)(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to make the provision effective May 1, 1986.

(b) The House bill increases the limit on the amount of shelter and dependent care expenses that may be deducted from otherwise countable income for food stamp purposes—effective Feb. 1, 1986. In the 48 contiguous States and the District of Columbia, the limit would be increased from the current $139 a month to $155 a month. The separate limits applied in Alaska, Hawaii,

the Virgin Islands, and Guam would be similarly increased. (Sec. 1509(a)(3).)

(NOTE.—Under existing law, this limit applies to any combination of shelter and dependent care expenses in the case of nonelderly, nondisabled households. For elderly and disabled households, the limit applies only to dependent care expense deductions. The limit is adjusted annually, each October, for changes in shelter costs as measured by the Consumer Price Index and would continue to be annually adjusted under the provisions of the House bill, using the new, increased limit as a base.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to increase the excess shelter deduction to $147 and to make the provision effective May 1, 1986. The separate limits applied in Alaska, Hawaii, the Virgin Islands, and Guam would be similarly increased.

(c) The House bill establishes a separate limit on dependent care expense deductions—effective Oct. 1, 1986. This limit would be $160 a month, with no allowance for inflation adjustments or geographic variation. (Sec. 1509(a)(3).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to establish the separate deduction effective May 1, 1986.

(d) The House bill permits States to use one or more standard utility allowances for households on behalf of which a payment for utility expenses is made under the Low-Income Home Energy Assistance Act (LIHEAA), if the household incurs out-of-pocket heating or cooling expenses. (Sec. 1509(a)(4).).

(NOTE.—Under current rules, LIHEAA households having all or part of their utility expenses paid on their behalf under the LIHEAA (indirect, or vendor payments) may not claim a standard utility allowance—except in States where the rule has been overturned by court decision. Households in these States and those whose LIHEAA aide is in the form of a direct payment to them may claim a standard utility allowance.)

The Senate amendment permits States to use a standard utility allowance for households receiving LIHEAA assistance. It may be an allowance separate from that applied to other households. However, the amendment requires that any allowance applied to these households must reflect utility expenses in excess of the expenses paid, directly or indirectly, under the LIHEAA. (Sec. 1410.)

An additional Senate amendment terminates the revised provision (established by Sec. 1410) dealing with standard utility allowances applied to LIHEAA households and replaces it with a requirement that if a State uses a standard utility allowance, the State must use a combined allowance for all households—effective one day after enactment. (Sec. 1444.)

The Conference substitute provides that if a State agency elects to use a standard utility allowance that reflects heating or cooling costs, it shall be made available to households receiving direct or indirect LIHEAA payments (or similar energy assistance payments), provided that the households still incur out-of-pocket heating or cooling expenses. A State agency may use a separate standard utility allowance for households receiving indirect (or vendor) LIHEAA payments, but may not be required to do so. A State agency not electing to use a separate allowance, and making a single standard utility allowance available to households incurring heating or cooling expenses, may not be required to reduce such allowance due to the provision (direct or indirect) of assistance under LIHEAA. LIHEAA assistance shall be considered to be prorated over the entire heating or cooling season for which it was provided for purposes of use in the food stamp program.

This provision preserves the practice now in effect in most States regarding standard utility allowances. States would continue to be allowed to make use of a standard utility allowance that reflects heating or cooling costs (along with certain other costs) available to households that incur heating or cooling expenses, without regard to whether such households receive benefits, directly or paid to a vendor, under the Low-Income Home Energy Assistance program (or similar energy assistance programs). However, if such vendor payments (after being prorated over the heating or cooling season they are intended to cover) result in a household having no out-of-pocket heating or cooling costs during the certification period, the household would not be eligible for a standard allowance reflecting heating or cooling costs.

The provision also provides a new State option to use a separate standard utility allowance for households receiving energy assistance in vendor form. Establishing a separate standard allowance would not be required of States, since doing so may involve new administrative complexities. States not electing this option could continue to use a single standard allowance for households with out-of-pocket heating or cooling costs, and may not be required to reduce such an allowance due to the existence of energy assistance.

States could also provide a combined standard allowance for households not incurring out-of-pocket heating or cooling expenses, but this standard could not reflect heating or cooling costs.

Standard utility allowances are designed to encourage efficient administration of the food stamp program and should bear a relationship to utility costs in the State.

As reported from Committee, both the House and Senate food stamp amendments contained provisions designed to disallow the deduction of utility costs paid for by certain Low Income Home Energy Assistance Program (LIHEAP) benefits from the calculation of the excess shelter cost deduction. During floor consideration in both the House and Senate, these provisions were struck, leaving the bills silent on the deductibility of costs paid for by LIHEAP benefits and leaving stand court decisions dealing with this issue. The conferees do not intend to express a judgment on this matter.

The method of distribution of LIHEAP benefits varies greatly from state to state. As many states use a lump sum form of distribution for some or all of their LIHEAP payments, it is the intent of the conferees, as expressed in both House and Senate Agriculture Committee reports, that LIHEAP payments be considered for food stamp purposes as pro-rated on a monthly basis over the entire heating or cooling season.

(e) The Senate amendment provides that households may not claim as a shelter expense deduction any expense paid directly (as a cash payment to them) or indirectly (as a payment to a utility provider) under the LIHEAA. (Sec. 1410)

An additional Senate amendment also terminates the revised provision (established by Sec. 1410) dealing with the ability to claims shelter expense deductions for utility expenses paid under the LIHEAA—effective one day after enactment. (Sec. 1444.)

(NOTE.—Under current rules, LIHEAA households having utility * * * only their actual out-of-pocket expenses—except in States where the rule has been overturned by court decision. Households in these States and those who receive LIHEAA assistance in the form of a direct payment to them may claim all utility expenses as a shelter expense deduction, subject to other limitations that may apply.)

The House bill contains no comparable provisions.

The Conference substitute deletes the Senate provisions.

(f) The House bill requires that States allow households to switch between claiming a standard utility allowance and a deduction based on actual expenses at the beginning or end of any certification period and up to 2 additional times during any 12-month period. (Sec. 1509(a)(4).)

(NOTE.—Under current rules, households may switch between use of a standard utility allowance and actual expenses at the beginning or end of any certification period. However, in States using an annualized standard utility allowance, they may switch only once every 12 months.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment that limits household's ability to switch between a standard utility allowance and actual utility expenses to once a year and at the beginning or end of any certification period.

(g) The House bill permits households with elderly or disabled members to claim as a deduction medical expenses of an elderly or disabled member in excess of the lesser of: (1) $35 a month; or (2) 5 percent of gross monthly income—effective Feb. 1, 1986. (Sec. 1509(a)(5).)

(NOTE.—Under existing law, households with elderly or disabled members may claim medical expense deductions to the extent the expenses exceed $35 a month.)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provisions.

(13) Retrospective Budgeting and Monthly Reporting Simplification

(a) The House bill requires retrospective budgeting and monthly reporting for households with earned income or a member who has recent work history. The Secretary may grant waivers of this requirement, on State request, for categories of households (including all households) where a satisfactory showing has been made by the State that monthly reporting would result in unwarranted administrative expenditures. Migrant farmworker households and households in which all members are elderly or disabled and have no earned income would be exempt from the requirement, by law. (Sec. 1511.)

The Senate amendment contains the same provisions, except that it does not make explicit mention of the Secretary's authority to waive the requirement for all households with earned income or recent work history. (Sec. 1412.)

The Conference substitute adopts the House provisions.

The conferees intend that the Secretary can approve all or only certain categories or recipients proposed by states for exemption.

In considering whether the Secretary will grant cost-effectiveness waivers, the Secretary could consider such factors as the use of frequent recertification, effective wage matching or other efforts.

(b) The House bill also provides States the option of using retrospective budgeting or monthly reporting, or both, for all other types of households, except those exempt by law (migrant farmworkers and elderly and disabled households with no earned income). (Sec. 1511.)

(NOTE.—Under existing law, all categories of households—except those exempt under law as noted above—must fulfill retrospective budgeting and monthly reporting requirements, unless the requirement is waived, at State request, by the Secretary upon a finding that unwarranted administrative expenditures would result. Households not required to fulfill monthly reporting and retrospective budgeting requirements have their income calculated "prospectively" and must report any significant change in household circumstances when it occurs.)

The Senate amendment also provides States the option of using monthly reporting for all other types of households, except those exempt by law (migrant farmworkers and elderly and disabled households with no earned income). The Secretary may allow households not required to report monthly to have their income calculated on a prospective basis. (Sec. 1412).

The Conference substitute adopts the House provisions.

(14) Resources Limitations

(a) The House bill increases liquid asset limitations to:

$3,500 for households consisting of or including an elderly member; and

$2,250 for households without an elderly member.

These increases would be effective Oct. 1, 1986. (Sec. 1512.)

(NOTE.—Current liquid asset limits are: $3,000 for households of two or more with an elderly member; and $1,500 for all other households.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions with an amendment to increase liquid asset limitations to:

$3,000 for households consisting of one elderly member (the $3,000 level would continue to apply for households of two or more with an elderly member); and

$2,000 for all other households.

The increases would be effective May 1, 1986.

(b) The House bill requires that the current $4,500 threshold amount, above which the fair market value of a car is counted as an asset for food stamp purposes, be adjusted to reflect changes in the used car component of the Consumer Price Index. The adjustments would occur beginning with Oct. 1, 1986, and continue each October thereafter until a threshold of $5,500 was reached. Each adjustment would be rounded to the nearest $100 increment and would reflect price changes for the 12-month period ending the immediately previous June. (Sec. 1512:)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provisions.

(c) The House bill allows the Secretary to revise current regulations defining what types of assets are determined "inaccessible" and, thus, not considered in judging eligibility.

(NOTE.—Under existing law, the Secretary may not change the food stamp asset regulations in effect on June 1, 1982, except for those relating to vehicles. The House Committee report notes that it is the intent of this amendment to allow the Secretary to specifically include assets on which a lien has been placed as "inaccessible" for food stamp purposes.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision.

It is the intent of the conferees to allow the Secretary to specifically include as "inaccessible" for food stamp purposes assets on which a lien has been placed.

(d) The House bill requires that real or personal property—to the extent that it is directly related to the maintenance or use of a vehicle used to produce income or to transport a physically disabled household member—be excluded as a countable asset for food stamp purposes. (Sec. 1512.)

(NOTE.—Under current rules, vehicles used to produce income or to transport a physically disabled household member are not included as countable assets for food stamp purposes.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

It is not the intention of the Conferees that this provision be applied, for example, to exclude the value of a 100-acre field if only one-quarter of an acre of that field is used for parking a truck and maintenance purposes; only the value of the one-quarter acre would be excluded under this provision.

(e) The Senate amendment requires that the value of one burial plot for each household member be excluded as a countable asset for food stamp purposes. (Sec. 1413.)

(NOTE.—Current regulations exclude one burial plot for each household member.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(15) Disaster Task Force

The House bill requires the Secretary to: (1) establish a disaster task force to assist States in implementing programs in disaster areas; and (2) send task force members to a disaster area as soon as possible after a disaster occurs to provide direct aid to State and local officials. (Sec. 1513.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision with an amendment to require the Secretary to send task force members to a disaster area when such actions would be cost effective.

The Conferees intend that the Secretary establish and maintain a disaster task force which should be composed of appropriate food stamp, disaster, and related program personnel at the National and regional office level to react to disaster situations as expeditiously as possible. Representatives of the task force would assist State and local officials in the disaster area in establishing an emergency program. The task force would coordinate policy matters and monitor emergency assistance efforts. Task force responsibilities should be confined to technical assistance efforts.

(16) Eligibility Disqualifications

(a) The House bill requires disqualification of the entire household if the head of the household fails to fulfill any food stamp work requirements. If another household member subject to the requirements fails to comply, that member alone would be disqualified. (Sec. 1514.)

(NOTE.—Under existing law, the entire household is disqualified if any member subject to work requirements fails to comply.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The House bill establishes by statute a 2 month disqualification period for failure to comply with work requirements, and terminates any period of ineligibility for failure to comply with work requirements when the person who committed the violation complies with the requirement violated, or leaves the household. However, in the case of a departing individual, the ineligibility of the individual who committed the violation would continue, and any other household of which the departing member becomes head would be ineligible for the balance of the period of disqualification. (Sec. 1514 and 1515(a)(2).)

(NOTE.—Under existing regulations, household disqualification terminates when the person who has violated the requirement complies with it, leaves the household, or becomes exempt. In the case of a departing individual, the ineligibility of the individual continues and any other household the person joins is ineligible for the balance of the disqualification period. Barring compliance, departure, or exemption, the normal disqualification period established by regulation, is 2 months. However, in the case of a person who has voluntarily quit a job without good cause, the period is 3 months, and cannot be shortened on account of compliance.)

The Senate amendment contains the same provisions, except that any household of which the departing individual becomes a member would be ineligible for the balance of the disqualification period. (Sec. 1416(a)(1)(C).)

The Conference substitute adopts the House provision.

(c) The Senate amendment makes subject to the food stamp work requirements heads of households who are between age 16 and 18 and not attending school full-time. (Sec. 1416(a).)

(NOTE.—Under existing law, persons younger than 18 years of age are exempt from food stamp work requirements.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment limiting application of the Senate amendment to heads of households who are 16 or older and not attending school half-time or more or in an employment training program.

(d) The Senate amendment allows States the option of making subject to the food stamp work requirements parents or guardians of dependent children between ages 3 and 6 if adequate child care is available. (Sec. 1416(a)(2)(A).)

(NOTE.—Under existing law, parents or caretakers of children under age 6 are exempt from food stamp work requirements.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(e) The House bill waives application of the Act's special rules governing the ineligi-

bility of students at institutions of higher education in the case of persons assigned to those institutions for training under the programs of the Job Training Partnership Act. (Sec. 1514.)

(NOTE.—Under existing law, able-bodied students between 18 and 60 enrolled at least half-time in an institution of higher education must, in addition to meeting normal food stamp eligibility tests: (1) be employed at least 20 hours a week or be participating in a work-study program; (2) be a parent with responsibility for a dependent child under age 6; (3) be receiving AFDC benefits; or (4) have responsibility for the care of a dependent child between 6 and 12 for whom adequate child care is not available. Students enrolled as the result of a WIN program assignment are exempt from this additional test.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(f) The House bill removes the exemption from the Act's special student ineligibility rules now granted to students with responsibility for the care of children between ages 6 and 12 for whom adequate child care is not available. (Sec. 1514.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(g) The Senate amendment requires that all income of an ineligible alien residing with a food stamp household be counted as available to the household. (Sec. 1417(b).)

(NOTE.—Under existing law, a portion of the income of ineligible alien residing with a food stamp household is counted as available to the household—namely, total income less a pro rata share.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(17) Employment and Training Program

(a)-(w) The House bill replaces the current disqualification for refusing to comply with job search requirements prescribed by the Secretary with a disqualification for refusing, without good cause, to participate in an employment and training program designed by the State.

Each State would be required to implement an employment and training program, designed by the State for the purpose of assisting food stamp recipients in gaining skills, training, or experience that will increase their ability to obtain regular employment.

An employment and training program would be defined as one that contains, at State option, one or more of the following components:

Job search programs with terms and conditions comparable to those prescribed for AFDC job search (except that there would be no obligation for a State to incur costs above $25 per participant per month, and the State would have the option of requiring job search at application).

Job search training programs determined by the State to expand job search abilities or employability.

Programs designed to improve employability through actual work experience or training, or both. In these work experience/training programs, States:

may use State employment offices of Job Training Partnership Act agencies to find employment and training opportunities;

would have to limit assignments to projects serving a useful public purpose;

would have to use participants' prior training, experience, and skills, to the extent possible, in making appropriate assignments;

could not provide work that has the effect of replacing the employment of an individual not participating in the employment and training program; and

would have to provide the same benefits and working conditions that are provided at the job site to employees performing comparable work for comparable hours.

Other programs, as approved by the Secretary, aimed at accomplishing the purpose of the employment and training program.

States could allow participation in a food stamp employment and training program to supplement or supplant other requirements imposed on participants.

States would be required to exempt from participation in any employment and training program those categories of recipients for whom the State determines that participation is impracticable due to factors such as lack of work opportunities and the cost-effectiveness of requiring participation. States would be able to designate as an exempt category all recipients in a specified geographic area.

States would be required to exempt or suspend from employment and training participation requirements recipients (1) not included in an exempt category and (2) for whom the State determines that participation is impracticable due to personal circumstances such as lack of job readiness and employability, the remote location of work opportunities, and the lack of child care. States would be required to determine the extent to which any individual must fulfill employment and training requirements.

The number of hours of work that can be required each month in an employment and training program would be limited to a number equal to the household's monthly benefit divided by the Federal or State minimum wage (whichever is higher). If a household member is also required to work under a workfare program, the limit would apply to the aggregate number of hours worked in workfare and under an employment and training program. The number of hours of participation in an employment and training program by any individual would be limited to 120 hours a month, in combination with any hours worked under a workfare program or any hours worked for compensation (in cash or in kind).

States would be required to establish rules for participation in their employment and training program for non-exempt individuals, and the requirements could vary among participants.

States would be permitted to operate employment and training programs in which individuals elect to participate. States would be required to allow individuals not subject to employment and training requirements (or who have complied or are in the process of complying with the requirements) to participate in any employment and training programs.

The Secretary would be required to issue guidelines that, to the maximum extent practicable, enable a State agency to design and operate an employment and training program that is compatible and consistent with similar programs operated within a State.

States would be required to reimburse participants for transportation costs and other expenses incurred, except that the State could limit reimbursements to $25 per participant per month, and reimbursements would be limited to costs that are reasonably necessary and directly related to participation in job search and work/training experience components.

Each State's food stamp plan of operation would be required to include the manner in which it will carry out its employment and training program.

The Secretary would be required to allocate among the States, from funds appropriated under the Food Stamp Act, the following sums to carry out employment and training programs:

$40 million for FY 1986;

$50 million for FY 1987;

$60 million for FY 1988; and

$75 million for FYs 1989 and 1990.

If, in carrying out an employment and training program, a State incurs costs in excess of the amount allocated it from the above sums, the Secretary would be required to pay the State 50 percent of those additional costs. Nothwithstanding, the above-mentioned funding requirements, the Federal share of reimbursements to participants for costs incurred could not exceed 50 percent of an amount equal to $25 per participant per month.

The Secretary would be required to monitor States' employment and training programs to measure their effectiveness in terms of the increase in the number of participants who obtain employment and the number who retain employment as a result of their participation in employment and training program.

The Secretary would be required to report to the House and Senate Committees on the effectiveness of employment and training programs not later than January 1, 1989. (Sec. 1515.)

The Senate amendment contains the same provisions, with the following differences:

State employment and training programs would, explicitly, have to be designed "pursuant to guidelines established by the Secretary."

States would be required to place in their employment and training programs certain proportions of individuals who: (1) are subject to food stamp food stamp work requirements; and (2) have participated in the food stamp program for more than 30 consecutive days. By September 30, 1987, 25 percent of these persons would have to be placed. By September 30, 1988, 35 percent would have to be placed. By September 30, 1990, and thereafter, 45 percent would have to be placed. Exemption of a category of recipient could not affect the determination of whether a State has fulfilled the requirement to place certain proportions of recipients in employment and training programs.

State employment and training program components would have to meet criteria established by the Secretary.

There is no provision for a job search component in State employment and training programs.

Explicit provision is made for workfare programs as a component of State employment and training programs.

States would be permitted, rather than required, to exempt recipient categories for whom participation was determined impracticable, and would be required to do so in accordance with criteria established by the Secretary.

No provision is included requiring States to determine the extent to which any individual must fulfill employment and training requirements.

There is no reqirement for States to establish rules for participation in their employment and training programs.

States would be permitted to operate employment and training program components in addition to those selected for the set of programs to be approved by the Secretary to fulfill the requirement to operate an employment and training program.

Reimbursements to participants would be limited to costs that are "reasonably necessary and directly related to participation" in all employment and training program components.

The Secretary would be required to ensure that States comply with their plan of operation for employment and training programs, and, if the Secretary determines that a State has failed to comply, the Secretary would be permitted to withhold Federal funds available for general food stamp administration and those available for operation of employment and training programs—subject to administrative and judicial review.

The Secretary would be required to ensure that employment and training programs are required of Indians on reservations in proportion to their proportion of the number of recipients subject to food stamp work requirements who have participated at least 30 days—to the extent practicable and in cooperation with the Secretary of Labor.

State plans of operation for employment and training programs would have to include the nature and extent of the State's program and the geographic areas and households to be covered.

No Federal funding allocation for FY 1990 is included.

Federal funding for employment and training programs could be used only for those programs and not to carry out any other provision of the Food Stamp Act.

The Conference substitute establishes a new employment and training program requirement incorporating aspects of the House provisions and the Senate amendment.

The substitute replaces the current disqualification for refusing to comply with job search requirements prescribed by the Secretary with a disqualification for refusing, without good cause, to participate in an employment and training program.

By April 1, 1987, each State is required to implement an employment and training program designed by the State, and approved by the Secretary, for the purpose of assisting food stamp recipients in gaining skills, training, or experience that will increase their ability to obtain regular employment. The Conferees expect the Secretary to establish broad guidelines for for an employment and training program, giving maximum flexibility to the States rather than setting specific, detailed criteria concerning the various program components.

An employment and training program is defined as one that contains one or more of the following components:

Job search programs with terms and conditions comparable to those prescribed for AFDC job search (except that there is no obligation for a State to incur costs for participant expenses above $25 per participant per month, and the State has the option of requiring job search at application).

Job search training programs determined by the State to expand job search abilities or employability.

Workfare programs, under terms and conditions set out separately in the Food Stamp Act.

Programs designed to improve employability through work experience or training, or both, and to enable participants to move promptly into regular public or private employment. State work experience/training programs:

are required to limit work assignments to projects serving a useful public purpose;

are required to use participants' prior training, experience, and skills, to the extent possible, in making assignments;

cannot provide work that has the effect of replacing the employment of an individual not participating in the employment and training program; and

are required to provide the same benefits and working conditions that are provided to employees performing comparable work for comparable hours.

Other programs, as approved by the Secretary, aimed at accomplishing the purpose of the employment and training program.

States may allow participation in a food stamp employment and training program to supplement or supplant other employment-related requirements imposed on participants.

States are permitted to exempt from participation in any food stamp employment and training program those categories of recipients for whom a participation requirement is impracticable due to factors such as lack of work opportunities and the cost-effectiveness of requiring participation. States are permitted to exempt all recipients in a specified geographic area, and are also permitted to exempt recipients participating less than 30 days (subject to the Secretary's approval).

States are also permitted to exempt from participation in any employment and training program individual recipients (1) not included in an exempt category and (2) for whom participation is impracticable because of personal circumstances such as lack of job readiness and employability, the remote location of work opportunities, and the lack of child care.

Any exemption of a category of recipients or individual recipient is required to be evaluated periodically to determine whether the basis for the exemption continues to be valid. In the case of individual exemptions, evaluations are required no less often than at each certification or recertification for food stamp benefits.

States are required to establish employment and training program participation requirements, including the extent to which individuals are required to participate. The requirements may vary among participants.

The number of hours of work that can be required each month in an employment and training program are limited to a number of hours equal to the household's monthly benefit divided by the Federal or State minimum wage (whichever is higher). If a household member is also required to work under a workfare program, the limit applies to the aggregate number of hours worked in workfare and an employment and training program. The number of hours of participation in an employment and training program by any individual is limited to 120 hours a month, in combination with any hours worked under a workfare program or any hours worked for compensation (in cash or in kind).

States are permitted to operate employment and training programs in which individuals elect to participate. States are required to permit individuals not subject to employment and training participation requirements (or who have complied or are in the process of complying with the requirements) to participate in any employment and training program—to the extent the State determines it to be practicable.

States are required to reimburse participants, including those who elect to participate, for actual transportation costs and other actual costs that are reasonably necessary and directly related to participation in any employment and training program—except that the State may limit the reimbursement to $25 per participant per month.

The Secretary is required to issue guidelines (1) that enable a State to design and operate an employment and training program that is compatible and consistent with similar programs in the State and (2) to ensure that employment and training programs are provided to Indians on reservations.

The Secretary is required to establish performance standards that designate the minimum proportions of non-exempt persons subject to food stamp work requirements that States are required to place in employment and training program, except that the Secretary is permitted to delay setting performance standards for up to 18 months after implementation of the employment and training program requirement in order to base standards on State experience in implementing the employment and training programs. No standard may exceed 50 percent, through fiscal year 1989.

The Secretary is required to vary performance standards according to differences in the types of persons required to participate and the type of program to which the standard is applied. Performance standards may vary by State. In setting the performance standards, the Secretary also is required to consider the cost to the States and the extent of participation by persons exempt from employment and training requirements.

When determining whether a State has met a performance standard, the Secretary is required to consider voluntary participation in employment and training programs, other factors such as placement in unsubsidized employment, increases in earnings, and reduction in food stamp participation, along with any other factors considered to be related to employment and training.

States required to submit an employment and training program plan of operation for the Secretary's approval. The plans are required to include the nature and extent of the program, the geographic areas and households to be covered, and the basis for exemptions of categories and individuals and for the choice of program components.

The Secretary is required to ensure that States comply with employment and training program requirements and the provisions of their State plans. If the Secretary determines that a State has failed, without good cause, to comply with program requirements or provisions of the State plan (including failure to meet a performance standard), the Secretary is permitted to withhold Federal funds available for general food stamp administration and those available for operation of employment and training programs, as determined appropriate—subject to administrative and judicial reviews.

The Secretary is required to allocate among the States, from funds appropriated under the Food Stamp Act, the following sums for employment and training program costs of the States:

$40 million in FY 1986;

$50 million in FY 1987;
$60 million in FY 1988; and
$75 million in FYs 1989 and 1990.

If, in carrying out an employment and training program, a State incurs costs in excess of the amount allocated it from the above sums, the Secretary is required to pay the State 50 percent of those additional costs. In the case of payments made, or costs incurred, by the State in connection with transportation and other participant expenses required of the State, the Secretary is required to pay the State 50 percent. However, the Federal share of these participant expenses may not exceed 50 percent of an amount equal to $25 per participant per month, and must be paid separately from the State's allocation from the above-mentioned sums.

Funds provided to States for employment and training programs may be used only for these programs, and not to carry out any other provisions of the Food Stamp Act.

The Secretary is required to monitor employment and training programs carried out by States to measure their effectiveness in terms of the increase in the numbers of participants obtaining and retaining employment as the result of their participation in a program.

The Secretary is required to report to the House and Senate Committees on Agriculture, and Agriculture, Nutrition, and Forestry, on the effectiveness of employment and training programs, not later than January 1, 1989.

(17)(x) Workfare Compliance

The Senate amendment changes the categories of food stamp recipients who are not required to comply with any workfare program to:

parents or caretakers of dependent children under age 6, except that States would have the option to require compliance of parents or caretakers of children between ages 3 and 6 if adequate child care is available.

parents or caretakers of incapacitated persons;

otherwise eligible students enrolled at least half-time;

participants in drug addiction and alcoholic treatment programs;

those employed at least 30 hours a week (or the minimum-wage equivalent);

those under age 18, except that heads of household who are age 16 or older and not attending school full-time would not be exempt; and

at State option, those subject to and currently actively and satisfactorily participating at least 20 hours a week in an AFDC work training program.

The House bill contains no comparable provisions.

The Conference substitute adopts only that portion of the Senate amendment that requires workfare compliance of heads of household who are under age 18, but are age 16 or older, with an amendent exempting those attending school at least half-time or enrolled in any employment or training program.

(y) Workfare Hours

The Senate amendment provides that, in the case of households that are exempt from food stamp work requirements because they are participating in an AFDC community work experience program, the maximum number of hours of work required under the AFDC community work experience program must be a number of hours equal to the amount of AFDC assistance plus food stamp benefits divided by the higher of the Federal or State minimum wage. In determining the food stamp benefit to be used in this calculation, the food stamp benefit of non-AFDC household members would be included. No household member except from food stamp work requirements because of participation in the AFDC commmunity work experience program for more than 120 hours a month.

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate amendment. The Conferees intend that these provisions provide the States with the option to increase the hours of workfare participation required of food stamp recipients in AFDC community work experience programs to reflect the receipt of food stamp benefits.

(18) Staggering of Coupon Issuance

(a) The House bill allows States to stagger issuance of food stamp benefits for its caseload throughout the entire month. The procedure used by a State would have to ensure that no household experiences an interval between issuances of more than 35 days. (Sec. 1516.)

The Senate amendment contains the same provisions, except that the staggered issuance procedure would have to ensure an interval of no more than 40 days. (Sec. 1426.)

The Conference substitute adopts the Senate provision.

(b) The House bill provides that the assurance of a maximum 35 day interval could be accomplished through special supplemental issuances. (Sec. 1516.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision with an amendment to change the 35 day interval to 40 days.

(c) The House bill requires that, in the case of households applying for and receiving benefits in the last 15 days of a month, benefits for the first full month of participation must be issued by the later of 5 working days after the beginning of the month or 5 working days after verification procedures have been completed. (Sec. 1516.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment requiring benefits for the first full month of participation to be issued no later than the eighth day of the month.

(19) Alternative Means of Coupon Issuance

The Senate amendment requires the Secretary to require States to issue benefits through specified alternative methods, if the Secretary determines, in consultation with the Inspector General of the Department, that it would improve the integrity of the food stamp program. (Sec. 1419.)

(NOTE.—Under existing law, the Secretary may require States to use alternative issuance methods upon his determination, in consultation with the Inspector General, that it would improve program integrity.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(20) Simplified Applications and Standardized Benefits

The House bill requires the Secretary to continue pilot projects for simplified applications and standardized benefits if it is determined that that project has a beneficial effect on program administrative costs and error rates and continuation will not result in undue added program costs. (Sec. 1526(b).)

(NOTE.—Under existing law, 2 pilot projects for simplified application and standardized benefits are authorized. For their terms and conditions, see the provisions of the Senate amendment.)

The Senate amendment repeals the current authorization for simplified application and standardization benefit pilot projects and allows the Secretary to permit States, on request, to operate a program under which:

households including members who are recipients of AFDC, SSI, or Medicaid benefits would be eligible for food stamps regardless of the Food Stamp Act's income and asset standards, as long as their gross monthly income did not exceed 130 percent of the Federal poverty levels; and

benefits to these households would be based on the size of the household and (1) the AFDC benefit, (2) the Medicaid income eligibility standard, or (3) at State option, the AFDC or Medicaid "needs standards".

The Secretary would be required to adjust the benefits received by these households to ensure that the average benefit by household size is not less than the average that would have been provided under regular food stamp benefit determination rules.

The Secretary would be required to evaluate the effect of these simplified application and standardized benefit programs on recipient households, administrative costs, and error rates.

Administrative costs would be shared according to regular food stamp rules.

The Secretary would be required to consult with the Secretary of Health and Human Services to ensure that application processing and eligibility determinations are simplified and unified with processing and determinations for benefits under the Social Security Act. (Sec. 1414(c) and Sec. 1420.)

The Conference substitute adopts the Senate provision with an amendment to limit the number of sites to five statewide and five local sites.

The conferees intend that, in operating these projects, the Secretary should insure that, to the extent that a redistribution of benefits occurs, it is not done at the expense of the poorest food stamp households. The conferees intend that the projects authorized under this provision will be the sole projects of this specific nature approved by the Secretary and implemented by states and localities.

(21) Special Supplemental Food Program

The Senate amendment requires that a retail food store or wholesale food concern that has been disqualified for food stamp redemption be ineligible, during the period of disqualification, to participate in the special supplemental food program for women, infants, and children (WIC). (Sec. 1429(a).)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(22) Credit Unions

The House bill allows financial institutions insured under the Federal Credit Union Act, and having retail food stores or wholesale food concerns in their field of membership, to accept food stamps for deposit from such retail food stores or wholesale food concerns. (Sec. 1518.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(23) Charges for Redemption of Coupons

(a) The House bill prohibits financial institutions from charging a fee to food concerns for redemption of food stamps if the food stamps are submitted in a manner consistent with requirements for presenting the stamps to Federal Reserve banks. Food concerns would not be required to cancel the stamps.

The Senate amendment contains the same provision. (Sec. 1421.)

The Conference substitute adopts the House provision.

(b) The House bill provides that the Secretary, in consultation with the Board of Governors of the Federal Reserve System, is to issue regulations implementing the prohibition on fees. (Sec. 1519.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(24) Public Information

The House bill provides 50-percent Federal funding for program information activities, implemented at the discretion of the State, for unemployed, disabled, or elderly persons who apply or may be eligible for participation in the food stamp program. (Sec. 1520.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(25) Office Hours

The House bill requires States to assess, from time to time, the need for operating food stamp offices during evening and weekend hours. (Sec. 1521.)

The Senate amendment provides that the Secretary's standards for efficient and effective administration of the food stamp program must include standards for periodic review of the hours that food stamp offices are open to ensure that employed individuals are adequately served. (Sec. 1436.)

The Conference substitute adopts the Senate provision.

(26) Certification of Information

The Senate amendment requires that each adult member of an applicant household or a household required to file a periodic or other report must certify in writing the truth of the information contained in the application or report, under penalty of perjury. In the case of a household applying under expedited service procedures, only one adult from the household would be required to certify the truth of the information in the application. (Sec. 1423.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to require one adult member of all applicant households to certify in writing the truth of the information contained in the application, under penalty of perjury.

(27) Liability for Overissuance of Coupons

The Senate amendment requires that each adult member of a food stamp household be jointly and severally liable for the value of any overissuance of food stamps. (Sec. 1431.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(28) Verification

The Senate amendment requires verification of household size (where questionable) and allows States to require verification of any other eligibility factor. (Sec. 1424.)

(NOTE.—Under existing law, verification is required for household income and other eligibility factors as determined by the Secretary. States may also require verification of household size and eligibility factors indicated as significant by the State's quality control reviews.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision.

(29) Photographic Identification Cards

The Senate amendment revises the basis for the Secretary's decision to require States to use photographic identification cards. The decision would be based on both the need to protect program integrity and the cost-effectiveness of requiring the cards.

The Senate amendment would also allow States to permit households to fulfill a requirement for a food stamp photographic identification card by presenting a card used to receive assistance under a welfare or public assistance program. (Sec. 1425.)

(NOTE.—Under existing law, the Secretary may require States to use photographic identification cards in project areas where it is determined that it would be useful to protect program integrity.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(30) Fraud Detection

The Senate amendment requires the establishment and operation of fraud detection administrative units in project areas with 5,000 or more participating households. Their activities would include detection, investigation, and assistance in prosecution. (Sec. 1427.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

The conferees intend that there need not be physically separate and distinct units and that those workers fulfilling this function need not work full-time in fraud detection nor work exclusively on the food stamp program. The fraud detection function could be performed by persons not employed by the food stamp agency.

(31) Expanded Food and Nutrition Education Program

The House bill requires States to encourage food stamp program participants to participate in the expanded food and nutrition education program (EFNEP). At the request of EFNEP personnel, State agencies, wherever practicable, are to allow EFNEP personnel and information materials to be placed in food stamp offices. (Sec. 1522.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions.

(32) Food Stamp Program Information and Simplified Application at Social Security Administration Offices

The House bill requires that:

SSI applicants, as well as recipients, be informed of the availability of food stamp benefits, be assisted in making a simple application to participate at social security offices, and be certified for food stamp eligibility using information in social security files;

social security applicants and recipients be informed of the availability of food stamp benefits and provided with a simple food stamp application form at social security offices—under regulations prescribed by the Secretary in conjunction with the Secretary of Health and Human Services;

the Secretary and the Secretary of Health and Human Services revise the current memorandum of understanding regarding services in social security offices to ensure that social security applicants and recipients are adequately notified of food stamp assistance, that food stamp applications from SSI applicants or recipients will be forwarded to a food stamp agency in an efficient and timely manner, and that the Secretary of Health and Human Services receives reimbursement for costs incurred in providing food stamp services; and

not later than 180 days after enactment, the Secretary submit a report to the House and Senate committees describing the nature and extent of costs incurred by the Secretary of Health and Human Sevices in complying with requirements for food stamp services. (Sec. 1523.)

The Senate amendment contains the same provisions, except that: (1) SSI applicants and recipients are to be "informed of the availability of assistance in making a simple application" to participate in the food stamp program, rather than "be assisted"; and (2) social security applicants and recipients are to be "informed of the availability of a simple application" to participate in the food stamp program, rather than be "provided with a simple application". (Sec. 1428.)

The Conference substitute adopts the Senate provision with an amendment (1) to require that SSI applicants and recipients are to be assisted in making a simple application, (2) to make the provision effective Oct. 1, 1986, and (3) to require the Secretary to report by April 1, 1987.

(33) Retail Food Stores and Wholesale Food Concerns

(a) The House bill requires that, when a disqualified retail food store or wholesale food concern is sold (or otherwise transferred) to a bona fide purchaser (or transferee), the person or persons who sell or transfer ownership must be subjected to a civil money penalty established by the Secretary to reflect the portion of the disqualification period that has not expired. If the disqualification is permanent, the civil money penalty would be double the penalty established by the Secretary for a 10-year disqualification. (Sec. 1524.)

The Senate amendment contains the same provisions. However, there is no reference to "bona fide" purchasers (or transferees) and no reference to subjecting the "person or persons" selling or tranferring ownership to a civil money penalty. (Sec. 1430(a).)

The Conference substitute adopts the House provision with an amendment to strike "bona fide".

(b) The House bill requires that the disqualification of a retail food store or wholesale food concern that has been sold (or otherwise transferred) must continue in effect as to the seller (or transferor)—notwithstanding the imposition of a civil money penalty. (Sec. 1524.)

The Senate amendment contains the same provision. (Sec. 1430(a).)

The Conference substitute adopts the House provision.

(c) The House bill permits the Secretary to request the Attorney General to institute a civil action in Federal court against the person or persons subject to a civil money penalty on selling or transferring a disquali-

fied store or concern, after the penalty has become final under the Act's administrative and judicial review procedures. In such an action, the validity and amount of the penalty are not to be subject to review. (Sec. 1524.)

The Senate amendment contains the same provision. (Sec. 1430(a).)

The Conference substitute adopts the House provision.

(d) The Senate amendment prohibits the buyer (or transferee) of a disqualified retail food store or wholesale food concern from accepting food stamps until the Secretary receives payment in full of any civil money penalty—if the buyer (or transferee) has actual or constructive notice of an outstanding penalty.

The Secretary would, to the extent permitted by law, be required to ensure that any civil money penalty encumbrance that has been imposed on a disqualified store or concern is recorded in an appropriate State or local public office.

The seller (or transferor) would be required to advise a buyer (or transferee) of the limitation on accepting food stamps (until a penalty is paid) imposed on buyers (and transferees), prior to the sale or transfer. (Sec. 1430(b).)

The House bill contains no comparable provisions.

The Conference substitute provides that any bona fide buyer (or transferee) of a disqualified retail food store or wholesale food concern can accept food stamps, if otherwise eligible. All other buyers would be ineligible to accept food stamps until the outstanding penalty is paid.

(e) The Senate amendment prohibits the Secretary from requiring, as the result of a sale or transfer of a disqualified store or concern, that the buyer (or transferee) furnish a bond to be authorized to accept food stamps. (Sec. 1430(b).)

(NOTE.—Under existing law, the Secretary may require a store or concern that has been disqualified to furnish a bond in order to re-enter the food stamp program.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(34) Interest on Claims Against States

The Senate amendment provides that a State shall be liable for interest on any claim assessed against it under the Food Stamp Act, from the date of a final administrative determination. (Sec. 1432.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(35) Collection of Claims

(a) The Senate amendment requires States to pursue "other" methods of collecting overpaid benefits, in addition to seeking cash repayment and reducing any future food stamp benefits, in cases of intentional violation—unless the State demonstrates to the Secretary's satisfaction that other methods are not cost effective. (Sec. 1433(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(b) The Senate amendment permits States to collect overpaid benefits caused by State agency error by reducing future food stamp benefits. Collection by this method would be limited to $10 a month or 10 percent of a household's benefit, whichever results in faster collection. (Sec. 1433(b).)

(NOTE.—Under existing law, States may not use reduction of future benefits as a means of collecting overpaid benefits caused by State agency error.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(36) Food Stamp Intercept of Unemployment Benefits

The Senate amendment permits States to collect overpaid benefits in cases of intentional violation by having appropriate amounts withheld from any unemployment compensation due the individual.

Collection of these overissuances (if they have not been collected through reduction in the household's benefit allotment, repayment in cash, or other means) could be by agreement with the individual to have appropriate amounts withheld from any unemployment compensation due, or by court-ordered garnishment.

State food stamp agencies would reimburse unemployment compensation agencies for the cost of collection through the unemployment compensation system. As with other means of collection in cases of intentional violation, States would be authorized to retain 50 percent of any amounts collected through the unemployment compensation system. (Sec. 1434.)

(NOTE.—Social Security Act provisions dealing with unemployment compensation would be amended to allow for this method of collection and to allow the unemployment compensation agencies to require applicants for unemployment compensation to disclose whether they have received an overissuance of food stamps due to intentional violation of the Food Stamp Act or regulations and the overissuance has not been collected.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provisions.

(37) Administrative and Judicial Review

The Senate amendment revises the standard that States, retail food stores, and wholesale food concerns must meet in order to have a court temporarily stay an administrative action against them during the pendency of judicial review or any appeal. An applicant for a temporary stay would have to show a likelihood of prevailing on the merits of the case. (Sec. 1435.)

The Senate amendment also corrects a spelling error in the Act.

(NOTE.—Under existing law, an applicant must show irreparable injury in order to gain a temporary stay.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision with an amendment to revise the standard of review to include consideration of irreparable harm and likelihood of prevailing on the merits of the case.

(38) State Agency Liability, Quality Control, and Automatic Data Processing

(a) The Senate amendment revises the method of calculating the fiscal sanction owed by States with rates of erroneous payment in excess of 5 percent. Effective for erroneous payments made in FY 1986 and following fiscal years, States would be liable for:

75 percent of the value of erroneous payments made in excess of the 5-percent threshold, as long as the State's error rate does not exceed 7 percent; and

the full value of erroneous payments made in excess of the 7-percent threshold, plus 75 percent of the value of erroneous payments between 5 and 7 percent.

The Secretary could collect the fiscal sanction by means of a payment by the State, by withholding amounts due the State as the Federal share of administrative costs, or by other means of collection authorized by law (chapter 37, title 31, U.S.C.). (Sec. 1437.)

(NOTE.—Under existing law, fiscal sanctions are based on, and collected by, withholding the Federal share of a State's administrative costs. Specifically, for each percentage point (or portion of a percentage point) by which the State's error rate exceeds 5 percent, the State loses 5 percent of its Federal share of administrative costs. In addition, if a State's error rate exceeds 8 percent, it loses 10 percent of its Federal share of administrative costs for each percentage point (or portion of a percentage point) by which its error rate exceeds 8 percent.)

The House bill contains no comparable provisions.

The Conference substitute deletes the Senate provision.

(b) The House bill reduces a State's fiscal sanction for erroneous payments by any amount due as the result of "errors" caused by a State's use of correctly processed information received from a Federally sponsored automatic information exchange system, effective for FY 1986 and following fiscal years. (Sec. 1525(a).)

The Senate bill contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The Senate amendment reduces a State's fiscal sanction (as calculated under the new methodology) by 75 percent of value of improperly issued benefits recovered or collected by the State and remitted to the Federal government. (Sec. 1437.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(d) The House bill requires the Secretary, at State request, to waive up to 15 percent of a State's fiscal sanction if the State shows it will devote the amount to be waived to (1) automatic data processing, computerized information, or related systems, or (2) other administrative efforts—as long as these activities are designed to reduce payument error rates and are approved by the Secretary. To obtain a waiver, a State must show to the Secretary's satisfaction that the proposed activities are in addition to those already in place or part of an existing State plan, and that they can be reasonably expected to improve program management, integrity, or efficiency.

An amount expended under this waiver provision could not be used to claim a Federal cost-share under other provisions of law.

If a proposed activity upon which a waiver claim is based is not implemented within 6 months after a target date agreed on by the Secretary and the State, the Secretary would be required to terminate the waiver—except for good cause shown, including food faith efforts made by the State—and the State would again become liable for the amount waived. This procedure for waivers would be effective for FY 1986 and following fiscal years. (Sec. 1525(a).)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provision.

(e) The Senate amendment requires the Secretary to conduct a study of the food stamp quality control system. The study would examine how best to operate the system to obtain information that would allow States to improve administration, and provide reasonable data on the basis of which Federal funding may be withheld for States with excessive levels of erroneous payments.

The Secretary would also be required to contract with the National Academy of Sciences for a concurrent independent study for the same purposes, and provide to the Academy any relevant information.

Both studies would be due to the Congress not later than 1 year after enactment. (Sec. 1445(a).)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision.

(f) The Senate amendment prohibits the Secretary from imposing any reduction in a payment to a State under the Act (i.e., the Federal share of administrative costs) for a 24-month period beginning with the first calendar quarter following enactment.

During this 24-month "moratorium period," the Secretary and States would be required to continue to operate quality control systems and calculate error rates. (Sec. 1445(b).)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision with an amendment to limit the moratorium to 6 months from the date of enactment.

(g) The Senate amendment requires the Secretary to publish regulations restructuring the food stamp quality control system not later than 18 months after enactment. In these regulations, the quality control system would be restructured to the extent the Secretary determines appropriate, taking into account the Secretary's study of the system, and the study to be conducted by the National Academy of Sciences (see item (d) above). The Secretary would be required to implement the restructured quality control system beginning with the first calendar quarter after the 24-month moratorium period.

The Senate amendment also requires that the Secretary publish regulations (not later than 18 months after enactment) establishing criteria for adjusting reductions in payments to States for quarters prior to implementation of the restructured quality control system. These criteria would take into account the studies of the quality control system and would be used as the basis for eliminating reductions in payments to States not required by the restructured quality control system.

The Senate amendment also requires that the Secretary reduce payments to States: (1) in accordance with the special criteria established by regulation for quarters during and prior to the 24-month moratorium period; and (2) in accordance with the restructured quality control system for quarters after the moratorium period. (Sec. 1445(c).)

NOTE.—Under the current quality control system, fiscal sanctions on States with excessive rates of erroneous payments are based on, and collected by reducing, Federal payments to States for administrative expenses. Under the Senate amendment, they are based on levels of erroneously paid benefits and may be collected by reducing (withholding) the Federal share of administrative costs, or by other means authorized by law.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provisions with an amendment (1) requiring the Secretary to implement the restructured quality control system beginning 24 months after enactment and (2) requiring the Secretary to adjust payments to States in accordance with the special criteria set by regulation for periods prior to implementation of the restructured quality control system and in accordance with the restructured quality control system for quarters after implementation of the restructured system.

(h) The House bill requires State to submit data sufficient for the Secretary to determine a payment error rate and the amount of a State's fiscal sanction expeditiously.

The Secretary would be required to make a determination of a State's fiscal sanction, and notify the State, within 9 months of the end of the fiscal year for which the sanction is levied.

The Secretary would be required to initiate efforts to collect fiscal sanctions before the end of the fiscal year following the year for which the sanction is levied—subject to the conclusion of any formal or informal appeal procedure and administrative and judicial review procedures provided for under the Act.

These provisions would be effective for FY 1986 and following fiscal years. (Sec. 1525(a).)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions.

(i) The House bill requires the Secretary to develop a model plan for the comprehensive automation of data processing and computerization of information systems under the food stamp program—after consultation with, and with the assistance of, a State advisory group appointed by the Secretary without regard to the provisions of the Federal Advisory Committee Act.

The elements of the plan would include, but not be limited to, intake procedures, eligibility and benefit determinations, verification procedures, coordination with related Federal and State programs, issuance of benefits, reconciliation procedures, the generation of program notices, program reporting, and security and privacy.

The model plan would have to be developed and made available for comment not later than October 1, 1986. The plan would have to be completed, taking into account comments, not later than December 1, 1986. (Sec. 1525(b).)

The Senate amendment requires each State to develop and submit a plan for the use of automated data processing and information retrieval systems to administer the food stamp program.

Each plan could have to provide for the automation of such administrative operations as the Secretary consider appropriate, and could provide for automation of intake procedures, eligibility determinations, calculation of benefits, verification procedures, coordination with related Federal and State programs, issuance of benefits, reconciliation procedures, the generation of program notices, program reporting, and other appropriate administrative operations.

State plans would have to be developed and submitted to the Secretary not later than October 1, 1986. (Sec. 1446(a).)

The Conference substitute establishes revised provisions governing automated data processing and information retrieval activities in the food stamp program, incorporation aspects of the House and Senate provisions.

Under the Conference substitute, the Secretary is required to develop a model plan for the comprehensive automation of data processing and computerization of information systems under the food stamp program—after consultation with, and with the assistance of, a State advisory group appointed by the Secretary without regard to the provisions of the Federal Advisory Committee Act. The model plan is required to be developed and made available for comments not later than October 1, 1986. The plan must be completed, taking into account comments, not later than February 1, 1987.

The Conference substitute further provides that the elements of the model plan may include intake procedures, eligibility and benefit determinations, verification procedures, coordination with related Federal and State programs, issuance of benefits, reconciliation procedures, the generation of program notices, and program reporting. In developing the model plan, the Secretary is required to take into account systems already in existence and provide for consistency with such systems.

The Conference substitute provides that each State is required to develop and submit a plan, which shall become a part of the State's overall plan of operations, for the use of automated data processing and information retrieval systems in their administration of the food stamp program, taking into account the Secretary's model plan. The State plans must also provide timeframes for completion of the phases of the State plan. If a State has a sufficient automated data processing and retrieval system, the State plan may reflect its existing system, subject to the Secretary's approval. State plans are required to be developed and submitted not later than October 1, 1987.

(i) The House bill authorizes the Secretary to pay 90 percent of the planning, design, development, and installation costs of automatic data processing and information retrieval systems that:

the Secretary determines will asset in meeting the requirements of the Food Stamp Act;

meet conditions prescribed by the Secretary;

are likely to provide more efficient and effective administration;

will be compatible with AFDC systems; and

satisfy the elements of the Secretary's model automation and computerization plan.

The 90-percent cost-sharing authorization would be effective for FY 1986 and following fiscal years. (Sec. 1525(a).)

NOTE.—Under existing law, the Secretary is authorized to pay 75 percent of the abovenoted automation and computerization costs for systems meeting the first 4 of the abovenoted criteria. This would be retained under the House bill.)

The Senate amendment contains no comparable provisions.

The Conference substitute deletes the House provisions.

(k) The House bill requires the Secretary to prepare and submit to Congress an evaluation of the degree and sufficiently of each

State's automated data processing and computerized information systems not later than April 1, 1987.

The evaluation would have to include, for each State, an analysis of additional steps needed to achieve effective, cost-efficient, and secure data processing and information systems.

The evaluation would have to be periodically updated. (Sec. 1525(b).)

The Senate amendment contains the same provision except that the Secretary is required to prepare and submit to the House and Senate Committee's an evaluation of the sufficiency of each State's plan for use of automated data processing and information retrieval systems, and the evaluation does not include a reference to system security. (Sec. 1446(a).)

The Conference substitute requires the Secretary to submit to Congress an evaluation of the degree and sufficiency of each State's automated data processing and computerized information systems, and each State's plan for use of automated data processing and information retrieval systems, not later than April 1, 1988. The evaluation report is required to include an analysis of any additional steps needed for States to achieve effective and cost-efficient systems, and is required to be periodically updated.

(l) The House bill permits the Secretary to require a State agency to take specified steps to automate data processing systems or computerized information systems—based on the Secretary's findings in any of his periodic reports evaluating State's implementation of these systems, and if the Secretary finds that, in the absence of these systems, there will be program accountability or integrity problems that will substantially affect program administration.

The House bill also provides that failure to comply with a requirement to automate systems would subject a State to the Act's provisions for injunctive relief and withholding of Federal funds. (Sec. 1525(b) and (c).)

The Senate amendment contains no comparable provisions.

The Conference substitute permits the Secretary to require a State to take specified steps to automate data processing systems or computerize information systems as necessary to rectify administrative shortcomings (except where the steps would displace State computer initiative already under way), based on the findings of the periodic evaluation reports and if the Secretary finds that, in the absence of these systems, there will be program accountability or integrity problems that will substantially affect program administration.

(m) The Senate amendment requires States to commence implementation of their plans for use of automated data processing and information retrieval systems not later than October 1, 1987, and complete implementation not later than October 1, 1989.

If a State fails to complete implementation by October 1, 1989, the Secretary would be required to reduce the Federal share of computerization costs by 5 percent for each 6-month period that a State fails to meet the October 1, 1989 deadline.

The Secretary would be permitted to extend the October 1 deadlines. The Secretary would also be permitted to waive or reduce the amount of any required reduction in Federal cost-sharing payments on the basis of a good faith effort by a State to implement its plan. (Sec. 1446(b).)

The House bill contains no comparable provisions.

The Conference substitute requires States to commence implementation of their plans for automated data processing and information retrieval submitted to the Secretary not later than October 1, 1988, and meet the time-frames set forth in their plans. The Secretary is permitted to extend deadlines for commencement of implementation and meeting plan time-frames to the extent deemed appropriate, based on a finding of a good faith effort to implement a State plan.

The Conference substitute further provides that the Secretary is permitted to withhold the Federal share of general administrative costs (and the Federal share of computerization costs), and seek other means of compliance authorized under the Food Stamp Act, if a State does not comply with requirements for submission and implementation of a State plan for computerization.

(39) Geographical Error-Prone Profiles

The Senate amendment allows the Inspector General to use quality control information to determine which project areas have payment error rates that impair the integrity of the food stamp program.

The Secretary would be permitted to require a State to carry out new or modified procedures for household certification in project areas identified by the Inspector General, if the Secretary determines that the procedures would improve the integrity of the program and be cost effective.

Not later than 12 months after enactment, and each 12 months thereafter, the Secretary would be required to submit a report that lists project areas identified by the Inspector General and any procedures the Secretary has required to be carried out in these areas to the House and Senate Committees. (Sec. 1438.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision with an amendment to substitute the Secretary for all references to the Inspector General.

(40) Pilot Projects

(a) The House bill requires the continuation, on State request, of any existing pilot proejct involving the payment of food stamp benefits in cash to households composed entirely of persons age 65 or over or entitled to SSI benefits—through FY 1990. (Sec. 1526(a).)

(NOTE.—Under P.L. 99-157, these pilot projects have been continued until Dec. 31, 1985.)

The Senate amendment requires the continuation of these pilot projects, on State request, through FY 1989. (Sec. 1439.)

The Conference substitute adopts the House provision.

(b) The Senate amendment authorizes the Secretary to conduct a pilot project to test the effects of requiring food stamp households to pay cash for the amount of any food stamp purchase between 1 and 99 cents. (Sec. 1440.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(41) Authorization Ceiling; Authority to Reduce Benefits

(a) The House bill authorized the following appropriations for programs under the Food Stamp Act:

for FY 1986, $13,584,000,000;
for FY 1987, $14,369,000,000;
for FY 1988, $15,276,000,000;
for FY 1989, $16,142,000,000; and
for FY 1990, $16,985,000,000.
(Sec. 1527.)

The Senate amendment authorizes the following appropriations levels:

for FY 1986, $12,984,000,000;
for FY 1987, $13,572,000,000;
for FY 1988, $14,154,000,000; and
for FY 1989, $14,695,000,000.
(Sec. 1441.)

The Conference substitute adopts the Senate provision with an amendment to establish authorization ceilings as follows: $13,037,000,000 for FY 1986; $13,936,000,000 for FY 1987; $14,741,000,000 for FY 1988; $15,435,000,000 for FY 1989; and $15,970,000,000 for FY 1990. These levels were determined by: (1) using as a base the Congressional Budget Office estimate of the costs of the basic food stamp program in each of those years, taking into account the effect of this Act; and (2) adding to the base 3 percent in FY 1986, 5 percent in FY 1987, 6 percent in FY 1988, and 7 percent in FY 1989 and FY 1990, and (3) adding in the amounts provided for the Puerto Rico block grant.

(b) The House bill revises the criteria to be used by the Secretary in deciding if the Secretary will direct benefit reductions. The Secretary would be required to direct benefit reductions if, in any fiscal year, the Secretary finds that benefit requirements will exceed the authorized appropriations level. (Sec. 1527.)

(NOTE.—Under existing law, the Secretary is to direct benefit reductions if the Secretary finds that benefit requirements will exceed the appropriation provided.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(42) Transfer of Funds

The Senate amendment prohibits the transfer of funds appropriated to carry out the Food Stamp Act to the Agriculture Department's Office of the Inspector General or Office of the General Counsel—effective for FY 1987 and following fiscal years. (Sec. 1442.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(43) Puerto Rico Block Grant

(a) The House bill requires the allocation of the following amounts for Puerto Rico's nutrition assistance block grant:

for FY 1986, $825,000,000;
for FY 1987, $862,000,000;
for FY 1988, $898,000,000;
for FY 1989, $936,000,000; and
for FY 1990, $974,000,000.
(Sec. 1528.)

(NOTE.—Under existing law, the annual allocation for Puerto Rico is $825,000,000.)

The Senate bill continues the authorization for Puerto Rico's nutrition assistance block grant at $825 million through fiscal year 1989.

The Conference substitute adopts the House provision with an amendment to provide for Puerto Rico's nutrition assistance block grant as follows:

for FY 1986, $825,000,000;
for FY 1987, $852,750,000;
for FY 1988, $879,750,000;
for FY 1989, $908,250,000; and
for FY 1990, $936,750,000.

(b) The House bill removes the requirement that Puerto Rico pay 50 percent of any administrative expenses for which its block grant is used. (Sec. 1528.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(c) The Senate amendment changes the date by which Puerto Rico must submit its annual plan of operation—from July 1 to April 1 of the year preceding the year it is submitting its plan for. (Sec. 1443.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(44) Feasibility Study

The House bill requires the Secretary to conduct a study to determine the feasibility of extending the food stamp program to American Samoa—to be prepared and submitted to the House and Senate Committees not later than April 1, 1986.

The feasibility study would determine the various economic and demographic circumstances of the people of American Samoa and analyze features of the food stamp program that would have to be revised to ensure an effective and efficient program in light of circumstances peculiar to American Samoa. (Sec. 1529.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(45) Commodity Distribution

(a) The House bill extends through FY 1990 the authority of the Secretary to purchase and distribute commodities with funds appropriated from the general funds of the Treasury to maintain the traditional level of assistance distribution to institutions, supplemental feeding programs, summer camps, the Pacific Islands Trust Territory, Indian reservation, and in the case of disasters. (Sec. 1530(a)(1).)

The Senate amendment extends this authority through FY 1989. (Sec. 1451(a).)

The Conference substitute adopts the House provision.

(b) The Senate amendment allows public or private, nonprofit organizations receiving commodities under section 32 of the Act of August 24, 1935 to transfer such commodities or products to other public or private nonprofit organizations that can use them without cost or waste to provide nutrition assistance to low-income persons. (Sec. 1450.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(46) Commodity Supplemental Food Program

(a) The House bill extends the authority for the two low-income elderly pilot projects authorized in current law as well as an additional existing project—effective Oct. 1, 1985.

The House bill also requires that, as of the date of enactment, any CSFP project serving the elderly be allowed to continue commodity distribution to low-income elderly people under such programs on the date of enactment to continue such distribution at levels no lower than existing caseloads. (Secs. 1530(b)(1) and 1530(c).)

(NOTE.—Section 5 of the Agriculture and Consumer Protection Act of 1973 specifically authorizes two pilot projects for low-income elderly. However, based on appropriations Acts, three such pilot projects have been operated under this authority.)

The Senate amendment revises current law to specify authorization of three, instead of two, pilot projects for low-income elderly—through September 30, 1989. (Sec. 1452(a)(1) (A) and (B).)

The Conference substitute adopts the House provision.

(b) The House bill extends through FY 1990 the authorization for administrative funds for required and bonus commodities distributed under the CSFP. (Sec. 1530(b)(2).)

The Senate amendment extends this authority through FY 1989. (Sec. 1452(a)(2).)

The Conference substitute adopts the House provision.

(c) The House bill provides that funds for the administrative costs of bonus commodities be available in an amount equal to 15 percent of (1) the appropriation for CSFP, and (2) the value of all additional (i.e., "bonus") commodities distributed to CSFP participants. (Sec. 1530(d).)

(NOTE.—Current law sets this amount at 15 percent of the value of only the bonus commodities included in the CSFP food package. USDA does not count bonus commodities as part of the CSFP food package, and consequently administrative funds for bonus commodities distributed to CSFP participants are not eligible for administrative funds.)

The Senate amendment contains no comparable provision, thus maintaining current law.

The Conference substitute adopts the House provision.

(d) The House bill permits local agencies administering CSFP projects to provide commodities to low-income elderly persons, under terms and conditions set by the Secretary to ensure that (1) such assistance does not serve to restrict or reduce assistance to eligible women, infants, and children; and (2) local agencies do not terminate or reduce assistance to women, infants, and children in order to provide assistance to the elderly. (Sec. 1530(b)(4).)

The Senate amendment permits local agencies, with the approval of the Secretary, to provide commodities to low-income elderly if the local agencies determine that the funds they receive are in excess of what is necessary to serve eligible, women, infants, and children. The Secretary would set the terms and conditions for such participation by low-income elderly. (Sec. 1452(b).)

The Conference substitute adopts the Senate provision with an amendment that provides the Secretary with authority to define low-income elderly persons, but deletes the authority for the Secretary to establish other terms and conditions as to the participation of low-income elderly persons.

The Secretary's approval of a local site's request to serve elderly persons would be based only upon a determination (1) that the local site has adequate funding to serve elderly persons without disadvantaging women and children; and (2) that the local site has properly defined what low-income elderly persons they will serve.

(e) The House bill requires the Secretary to approve, in any fiscal year, applications for additional CSFP sites in areas where the program does not operate—to the extent that (1) appropriations are available and (2) such approval does not reduce existing levels of participation by women, infants, children, and low-income elderly. (Sec. 1530(b)(4).)

The Senate amendment requires approval of additional applications for eligible CSFP projects if the Secretary determines that the amount of funds appropriated for the program exceeds the needs of existing sites. In making such determinations, the Secretary would be required to consider the funding needs of existing sites for both the current and succeeding fiscal years. (Sec. 1452(b).)

The Conference substitute adopts the House provision.

(f) The House bill requires the Secretary to provide information on the CSFP and its application procedures to agencies that could operate the program in areas covered by neither the CSFP nor the WIC programs. (Sec. 1530(b)(4).)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

SUBTITLE B—COMMODITY DISTRIBUTION PROVISIONS

(47) Emergency Feeding Organizations-Definitions

The House bill incorporates into the law the current regulatory term "emergency feeding organizations" used to define the types of organizations eligible for priority receipt of commodities and Federal funding assistance for distribution costs.

These would be included in the statute as follows: including the activities and projects of charitable institutions, food banks, hunger centers, soup kitchens, and similar public or private nonprofit eligible recipient agencies. (Sec. 1601.)

The Senate bill contains no comparable provision.

The Conference substitute adopts the House provision.

(48) Availability of Commodities

(a) The Senate amendment authorizes the Secretary to make section 32 surplus commodities available to TEFAP agencies. (Sec. 1453(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(b) The Senate amendment specifies that commodities made available include, but not be limited to dairy products, wheat, or wheat products, rice, honey, and cornmeal. (Sec. 1453(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(c) The Senate amendment requires that beginning January 1, 1986, the Secretary submit a semiannual report on the types and amounts of commodities made available for distribution under the program. These reports are to be submitted to the House Committee on Agriculture and the Senate Committee on Agriculture, Nutrition, and Forestry. (Sec. 1453(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to delay reporting requirements to April 1, 1986.

(49) Repeal of Provisions Relating to the Food Security Wheat Reserve

The House bill repeals the current law provisions relating to use of wheat from the food security wheat reserve for TEFAP distribution. (Sec. 1602.)

(NOTE.—Use of wheat from the reserve is conditional upon its being replaced by no later than October 1, 1985. Thus, the current law provision does not allow for the use of wheat from the reserve after that date.)

The Senate amendment contains no provision, thus maintaining the current law provisions relating to use of the food security wheat reserve.

The Conference substitute adopts the House provision.

(50) Distribution of Surplus Commodities

(a) The House bill specifies cheese, nonfat dry milk, and wheat as being among those commodities made available to domestic food assistance programs at no charge or credit when available in CCC inventories. (Sec. 1611.)

The Senate amendment specifies the inclusion of dairy products, wheat or wheat products, rice, honey and cornmeal as being among the CCC commodities made available at no charge or credit to food assistance programs. (Sec. 1454.)

The Conference substitute adopts the Senate provision.

(b) The House bill extends through September 30, 1987 the requirement for the Secretary to enter into processing agreements with private companies for reprocessing bonus commodities into end-use products. (Sec. 1611.)

(NOTE.—The House bill repeals all references to processing agreements in the TEFAP Act and includes all provisions for such agreements under sec. 1411(a) of the Agriculture and Food Act of 1981.)

The Senate amendment extends this requirement through June 30, 1987. (Sec. 1453(f).)

The Conference substitute adopts the Senate provision.

Since this Act extends the National Commodity Processing program for two years, it is not necessary for the Department of Agriculture to mandate by regulation that States establish their own bonus commodity processing program. The Secretary of Agriculture should continue efforts to improve the accountability in processing activities and encourage expansion of the commodity processing of all USDA donated foods.

(c) The House bill requires private companies participating in processing agreements to annually settle all accounts with the Secretary and appropriate State agencies regarding commodities processed under such agreements. (Sec. 1611.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(51) State Cooperation

(a) The House bill permits State agencies receiving TEFAP commodities to enter into cooperative agreements with each other to provide for either joint provision or transfer of commodities to an emergency feeding organization when such organization serves needy persons in a single geographical area that is situated in each of such States. (Sec. 1604.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The Senate amendment requires each State agency to encourage distribution of TEFAP commodities in rural areas. (Sec. 1453(b).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(52) Authorization for Funding and Related Provisions

(a) The House bill authorizes $50 million for each of fiscal years 1986 and 1987 for the Secretary to make available to the States for State and local costs of TEFAP commodity distribution by emergency feeding organizations. (Sec. 1606.)

The Senate amendment contains the same provision. (Sec. 1453(d).)

The Conference substitute adopts the House provision.

(b) The House bill provides that it is the sense of Congress that any Federal funds appropriated in excess of the $50 million authorized for commodity distribution costs be available to a State only to the extent that such State and local governments therein provide an equivalent amount of funds and/or value of in-kind contributions and services. (Sec. 1606.)

The Senate amendment requires that beginning January 1, 1987, in order to be eligible for Federal funds for storage and distribution costs, States match each dollar of such Federal funds made available to them.

(NOTE.—Committee report language specifies that this matching requirement does not have to consist of State appropriated funds, but may be made up from other State or local funds. The report explicitly prohibits the use of in-kind contributions to meet this matching requirement.)

The Conference substitute adopts the Senate provision with an amendment to (1) require State matching on a dollar for dollar basis effective January 1, 1987, except for States that have no regular session of their State legislature by that time, the deadline would be October 1, 1987; (2) limit the matching requirement to those funds that a State retains at the State level and devotes to State-level activities. To the extent the State pays for the direct expenses of local distribution (as provided in item 52(d)), the matching requirement would not apply. (3) In determining whether the State match has been met, in-kind contributions by the State would be counted according to procedures by the Secretary for certifying these contributions; and (4) Federal funding would be provided in advance based upon the State's matching contribution or, if necessary, an reconciliation of the actual amount due the State to occur by the end of the fiscal year; and (5) prohibits States from passing on the costs of the State matching requirement to emergency feeding organizations or charging for the commodities.

(c) The House bill requires that appropriated funds be allocated to the States on an advance basis in the same proportions as commodities distributed under the Act are allocated to them. It also requires reallocation of unused State funds in the same manner as funds were originally allocated. (Sec. 1606.)

The Senate amendment contains no comparable provision.

(NOTE.—In effect, the Senate amendment maintains the current law provision which does not specify how the Secretary is to allocate funds. By current regulation, such funds are distributed to States primarily on a reimbursement basis, and under the same allocation formula as that used for the allocation of commodities (i.e. 60 percent based on State proportion of all persons in poverty and 40% based on State proportion of all unemployed persons.)

The Conference substitute adopts the House provision with an amendment requiring that funds be provided in proportions that approximate commodity distribution. The amendment would also require reallocation of unused State funds but deletes the requirement that they be reallocated in the same manner as funds were originally allocated.

(d) The House bill requires that no less than 20 percent of the funds allocated to a State be made available to emergency feeding organizations to pay for, or provide advance payments to cover the direct expenses of such agencies in distributing commodities to needy persons. The amount of any payment made by the State from its own funds to cover the direct expenses of an emergency feeding organization is counted toward meeting the 20 percent requirement, and direct costs are defined to include costs of transporting, storing, handling and distributing commodities after they have reached the organization, costs associated with determinations of eligibility, verification and documentation, costs of recordkeeping, auditing and other required administrative procedures. (Sec. 1606.)

The Senate amendment contains no comparable provision.

(NOTE.—In effect, the Senate amendment maintains current law, which requires that no less that 20 percent of the funds appropriated be made available for paying or providing advance payments to cover the actual costs of emergency feeding organizations.)

The Conference substitute adopts the House provision with an amendment to specify that emergency feeding organizations receive 20 percent of the funds allocated to a State only if their actual expenses equal that amount, as approved by the State.

(e) The House bill prohibits the use of Federal funds for costs other than those involved in covering expenses related to the distribution of commodities by emergency feeding organizations. It also requires States to submit financial reports on the use of such funds to the Secretary on a regular basis. (Sec. 1606.)

The Senate amendment contains no comparable provision.

(NOTE.—In effect, the Senate amendment extends the current law which establishes a priority for receipt of TEFAP commodities by emergency feeding organizations. The limited amount of TEFAP commodities and high demand by emergency feeding organizations has effectively precluded other agencies from receiving such commodities, and hence administrative funding for their distribution. Federal regulations also prohibit the use of such funds for commodity distribution by other agencies. These are based on the intent of the Congress as expressed during the debate on the TEFAP Act of 1983. Current law also includes a provision prohibiting local agencies from receiving more than 5 percent of the value of the commodities that are received.)

The Conference substitute deletes the House provision.

(53) Reauthorizations

(a) The House bill requires that as early as feasible, but no later than the beginning of each of fiscal years 1986 and 1987, the Secretary publish in the Federal Register an estimate of the types and amount of commodities that the Secretary anticipates will be made available during each such fiscal year. (Sec. 1607.)

The Senate amendment contains a comparable provision. (Sec. 1453(a).)

The Conference substitute adopts the House provision with an amendment to require publication in the Federal Register no later than the beginning of fiscal year 1987.

(b) The House bill requires the Secretary to establish regulations setting liability

standards for loss of program commodities in cases where there is no evidence of negligence or fraud and conditions for payment to cover such loss. The regulations are to take into consideration the special needs and circumstances of emergency feeding organizations, including use of volunteers, limited financial resources and the effect that sanctions might have on such organizations ability to meet the food needs of low-income populations. (Sec. 1607.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to delete reference to the types of special circumstances and needs of emergency feeding organizations the Secretary may consider if the Secretary issues regulations to set standards for liability for commodity losses.

(54) Program Termination

The House bill provides that the program terminate on September 30, 1987. (Sec. 1608.)

(Note.—The House bill reauthorizes commodity processing contracts and administrative funding for CSFP under other Acts.)

The Senate amendment contains the same provision. (Sec. 1453(f).)

The Conference substitute adopts the House provision.

(55) TEFAP Report

The House bill requires that not later than April 1, 1987, the Secretary report to Congress on the activities of the TEFAP program. The report is to include information on the volume and types of commodities distributed; the types of State and local agencies receiving commodities; the populations served by the program and their characteristics; the Federal, State and local costs of commodity distribution operations; and the amount of Federal funds provided to cover State and local costs. (Sec. 1609.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(56) Donations by Military Commissaries

The Senate amendment allows a commissary store of the Department of Defense to donate surplus, unmarketable food to a local food bank. (Sec. 1455.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

SUBTITLE—NUTRITION AND MISCELLANEOUS PROVISIONS

(57) Cash-in-Lieu of Commodities and Commodity Letters of Credit

The Senate amendment allows school districts which participated in the pilot project study of cash in lieu of commodities and commodity letters of credit to continue receiving this alternative form of assistance through June 30, 1987. Also requires that such school districts be provided bonus commodities to the same extent as other school districts, and that such bonus commodities be made available in the form of their cash value, or through a letter of credit for school districts eligible for these forms of assistance. (Sec. 1456.)

The House bill contains no comparable provision.

(Note.—H.R. 7, as passed by the House, includes a provision that would extend the eligibility of pilot project schools to receive commodity assistance in the form of cash or commodity letters of credit through June 30, 1987. However, it specifies that bonus commodities be provided in the same form as bonus commodities made available to other schools. This provision also requires the Secretary of Agriculture to provide cash compensation to a school district participating in the pilot project study for losses it sustained as a result of the alteration of methodology used to conduct the study during the 1982-1983 school year. This change in methodology was related to the issue of receipt of bonus commodities.)

The Conference substitute adopts the Senate provision with an amendment that cash-in-lieu schools can receive bonus commodities to the same extent as other school districts, but only in the form of commodities (no cash or letter of credit).

(58) Gleaning of Fields

The Senate amendment contains findings that:

emergency food providers help needy persons at no Government cost;

gleaning is a partnership through which food producers permit nonprofit organizations to collect food that has not been harvested for distribution to the needy;

support for gleaning is found in the Judeo-Christian heritage;

a 1977 General Accounting Office estimated substantial amounts of food remained unharvested and that the diets of millions of persons could have been supplemented with this unharvested food;

a number of States and local governments have enacted laws limiting the liability of food donors as an incentive for food contributions; and

numerous organizations have begun gleaning programs;

The Senate amendment also expresses the sense of Congress that (1) food producers who permit gleaning and organizations that glean fields for distribution to the needy should be commended for their efforts, and (2) State and local governments should be encouraged to enact tax and other incentives to increase the number of producers permitting gleaning and the number of shippers who donate, or charge reduced rates for, transportation of gleaned produce. (Sec. 1457.)

The House bill contains no comparable provisions.

(Note.—The House committee report (page 180) includes a similar commendation for producers and organizations, and a similar encouragement for tax and other incentives for gleaning activities.)

The Conference substitute adopts the Senate provision.

(59) Effective and Implementation Dates

(a) The Senate amendment makes all amendments provided for in title XIV (relating food stamps and commodity distribution) effective on enactment, except as otherwise provided. (Sec. 1460(a).)

(Note.—Separate effective dates, as previously described, are provided for:

the amendment relating to sales taxes on food stamp purchases (effective, as to any State, on October 1 of the year during which the first session of the State legislature is convened following enactment);

the amendment relating to repeal of certain provisions dealing with Low-Income Home Energy Assistance Act recipients and the amendment relating to use of a "combined" standard utility allowance (effective one day after enactment);

the amendment requiring semiannual reports dealing with the types and amounts of commodities made available for distribution under the Temporary Emergency Food Assistance Program (effective January 1, 1986); and

the amendment requiring State matching of Federal funds for distribution costs under the Temporary Food Assistance Program (effective January 1, 1987).)

The House bill contains no comparable overall effective-date provision.

(Note.—Separate effective dates as previously described, are provided for:

the amendment relating to sales taxes on food stamp purchases (effective October 1, 1987);

the amendments relating to certain excluded income—educational and self-employment income (effective February 1, 1986);

the amendments relating to assistance provided to a third party as part of an AFDC or general assistance program and earned income under the Job Training Partnership Act (effective October 1, 1985);

the amendment relating to an increase in the earned income deduction (effective February 1, 1986);

the amendment relating to an increase in the ceiling on shelter and dependent-care expense deductions (effective February 1, 1986);

the amendment establishing a separate dependent-care expense deduction ceiling (effective October 1, 1986);

the amendment relating to a change in the threshold above which medical expenses may be deducted (effective February 1, 1986);

the amendment increasing the limits on liquid assets (effective October 1, 1986);

the amendments relating to reductions in fiscal sanctions based on use of automatic information exchange systems and funds (up to 15 percent of any sanction) used to improve administration (effective for FY 1986 and fiscal years thereafter);

the amendment relating to extension of authority to distribute commodities (effective October 1, 1985);

the amendments relating to the commodity supplemental food program (effective October 1, 1985);

the amendments relating to required distribution of certain commodities under the Temporary Emergency Food Assistance Program and commodity processing agreements (effective October 1, 1985).

The Conference substitute adopts the Senate provision with regard to making provisions effective upon enactment unless otherwise specified.

(b) The Senate amendment requires the Secretary to prescribe interim regulations ensuring that the provisions dealings with food stamps and commodity distribution are implemented as soon as practicable after enactment, but in no event later than March 1, 1986—notwithstanding any provisions of the Food Stamp Act of 1977 or the administrative procedure requirements to title V of the United States Code. Any change in the interim regulations made in final regulations would be effective on the date(s) prescribed by the Secretary. (Sec. 1406(b).)

The House bill contains no comparable provisions.

The Conference substitute provides that final regulations for all provisions must be issued by April 1, 1987.

The conferees intend to allow the Secretary to implement the law consistent with orderly implementation.

(60) Food, Nutrition, and Consumer Education

(a) The House bill contains findings that individuals in households eligible to participate in programs under the Food Stamp Act

of 1977 and other low-income individuals, including those residing in rural areas, should have greater access to nutrition and consumer education to enable them to use their food budgets, including food assistance, effectively and to select and prepare foods that satisfy their nutritional needs and improve their diets.

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions.

(b) The House bill requires the cooperative extension services of the States to carry out an expanded program of food, nutrition, and consumer education for low-income individuals. (Sec. 1703.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The House bill provides that the purpose of the expanded program would be to extend food, nutrition, and consumer education services to the greatest practicable number of low-income individuals, in order to assist them to:

increase their ability to manage their food budgets, including any food assistance;

increase their ability to buy food that satisfies nutritional needs and promotes good health; and

improve their food preparation, storage, safety, preservation, and sanitation practices. (Sec. 1702.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions.

(d) In operating the expanded program, the cooperative extension services could use the existing Expanded Food and Nutrition Education Program (EFNEP), other activities of the extension services, and similar activities carried out in collaboration with public or private nonprofit agencies. The cooperative out in collaboration with public or private nonprofit agencies. The cooperative extension services would be encouraged to provide services to as many low-income individuals as possible, to employ educational methodologies and innovative approaches that accomplish the above-noted purposes of the expanded program, and to coordinate activities with the delivery of food assistance to the greatest extent practicable. (Sec. 1703.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision.

(e) The expanded program would be administered through the Agriculture Department's Extension Service, in consultation with the Food and Nutrition Service and the Human Nutrition Information Service, and the Secretary would be required to ensure that the Extension Service coordinates its activities with other Agriculture Department food, nutrition, and consumer education activities. (Sec. 1704(a).)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions.

(f) The Secretary would be required to report to the House and Senate Committees, not later than April 1, 1989, an evaluation of the effectiveness of the expanded food, nutrition, and consumer education program. (Sec. 1704(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(g) Appropriations for the expanded program are authorized at the following levels, as a supplement to any other funds appropriated for State cooperative extension services' food, nutrition, and consumer education activities:

for FY 1986, $5,000,000;

for FY 1987, $6,000,000;

for FYs 1988, 1989, and 1990, $8,000,000 a year. (Sec. 1705(a).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(h) funds appropriated for the expanded program of food, nutrition, and consumer education would be allocated among the State cooperative extension services in the manner required by existing law for allocating EFNEP funds in excess of the FY 1981 appropriation level—i.e., (1) 4 percent to be available to the Secretary for administration and technical support; (2) 10 percent to be allocated equally among all States; and (3) the remainder to be allocated based on each State's share of the population with incomes below 125 percent of the Federal poverty levels. (Sec. 1705(b) and (c).)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions.

(61) Nutrition Monitoring

The House bill directs the Secretary to:

include a sample that is representative of low-income individuals and, to the extent practicable, collect information on food purchases and other household expenditures by low-income individuals—in conducting the Department's continuing survey of individual food intake and any nationwide food consumption survey;

continue to maintain the Department's nutrient data base, to the extent practicable; and

encourage research by public and private entities relating to effective standards, methodologies, and technologies for accurate assessment of nutritional and dietary status. (Sec. 1711.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provisions.

TITLE XVI—MARKETING

SUBTITLE A—BEEF PROMOTION AND RESEARCH ACT OF 1985

(1) Beef Promotion and Research Act of 1985

(a) Definitions

(1) The House bill defines the term "beef products" to mean edible products produced in whole or in part from beef, exclusive of milk products. (Sec. 1811(b).)

The Senate amendment defines the term "beef products" to mean a product produced in whole or in part from beef, other than milk or milk products. (Sec. 1830.)

The Conference substitute adopts the House provision.

(2) The House bill defines "producer" to mean any person who owns or acquires ownership of cattle. (Sec. 1811(b).)

The Senate amendment defines the term "producer" to mean a person who owns cattle. (Sec. 1830.)

The Conference substitute adopts the House provision.

(3) The House bill defines the term "importer" to mean any person who imports cattle, beef, or beef products from outside the United States. (Sec. 1811(b).)

The Senate amendment defines the term "importer" to mean a person who imports cattle, beef, or edible beef products into the United States. (Sec. 1830.)

The Conference substitute adopts the House provision.

(4) The House bill defines the term "Department" to mean the Department of Agriculture. (Sec. 1811(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(5) The Senate amendment defines the term "order" to mean a beef promotion and research order. (Sec. 1830.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(6) The Senate amendment defines the term "State" to mean each of the 50 States. (Sec. 1830.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(b) Cattlemen's Beef Promotion and Research Board

(1) The House bill provides that States (considered under the House bill as units) that do not have total cattle inventories equal to or greater than 500,000 head, would be combined and provided collective representation on the Board. (1811(b).)

The Senate amendment provides that States that have a total inventory of less than 500,000 cattle per State would be grouped, as far as practicable, into geographically contiguous units each of which has a combined total inventory of not less than 500,000 cattle. (Sec. 1830.)

The Conference substitute adopts the Senate provision.

(2) The House bill provides that the Board would use, to the extent possible, the resources, staffs, and facilities of existing organizations. (Sec. 1811(b).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) Beef Promotion Operating Committee

(1) The House bill requires the Beef Promotion Operating Committee to use staff and facilities of the Board and of industry organizations to prevent duplication and inefficient use of funds. (Sec. 1811(b).)

The Senate amendment authorizes the Committee to utilize the resources, staffs, and facilities of the Board and industry organizations. (Sec. 1830.)

The Conference substitute adopts the Senate provision.

(2) The Senate amendment requires the Committee in developing plans or projects, to the extent practicable, to take into account similarities and differences between certain beef, beef products, and veal; and ensure that segments of the beef industry that enjoy a unique consumer identity receive equitable and fair treatment under this Act. (Sec. 1830.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(3) The House bill provides that a budget developed by the Committee for expenses and disbursements under the Act would be submitted to the Secretary for approval. (Sec. 1811(b).)

The Senate amendment provides that no such budget would become effective unless approved by the Secretary. (Sec. 1830.)

The Conference substitute adopts the Senate provision.

(d) Assessments

The Senate amendment provides that if an appropriate qualified State beef council does not exist to collect an assessment, the assessment would be collected by the Board. (Sec. 1830.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(e) Referendum

The House bill provides that a referendum would be held no later than 24 months following implementation of the order among cattle producers to ascertain whether the order would be continued. (Sec. 1811(b).)

The Senate amendment provides that a referendum would be held on later than 18 months after the issuance of the order among persons who have been producers or importers to determine whether the initial order should be continued. (Sec. 1830.)

The Conference substitute adopts the Senate amendment with an amendment to hold the referendum not later than 22 months after the issuance of the order.

(f) Refunds

The Senate amendment provides that during the period prior to the referendum, the Board must establish and fund an escrow account to be used for assessment refunds.

The amount of funds placed in the escrow account by the Board would equal the product of (1) the total amount of assessments collected during the period by (2) the greater of (A) the average rate of assessment refunds provided to producers under State beef promotion, research, and consumer information programs financed through producer assessments, as determined by the Board; or (B) 20 percent.

Any person would have the right to demand and receive from the Board a one-time refund of the assessment collected from that person during the period prior to the referendum if the person is responsible for paying the assessment and does not support the program established.

The demand for a refund would be made in accordance with regulations, on a form, and within a time period prescribed by the Board. The refund would be made on submission of proof satisfactory to the Board that the producer, person, or importer paid the assessment for which refund is sought and did not collect the assessment from another producer, person, or importer.

If the amount in the escrow account required to be established is not sufficient to refund the total amount of assessments demanded by all eligible persons and the continuation of an order is approved pursuant to the referendum, the Board would be required to continue to place funds in the account from assessments collected until the Board was able to comply with the refund request and to provide to all eligible persons the total amount of assessments demanded.

If the amount in the escrow account is not sufficient to refund the total amount of assessments demanded and the continuation of an order is not approved pursuant to the referendum, the Board must prorate the amount of the refunds among all eligible persons who demand a refund. (Sec. 12.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to reduce the escrow amount specified to 15 percent.

(g) Enforcement

The House bill provides for a civil penalty of not more than $1,000 for violation of the order. (Sec. 1811(b).)

The Senate amendment provides for a civil penalty of not more than $5,000 for violation of the order. (Sec. 1830.)

The Conference substitute adopts the Senate provision.

(h) Effective date

The House bill provides that the effective date is October 1, 1985. (Sec. 1811(c).)

The Senate amendment provides that the effective date is January 1, 1986. (Sec. 1831.)

The Conference substitute adopts the Senate provision.

SUBTITLE C—PORK PROMOTION, RESEARCH, AND CONSUMER INFORMATION ACT OF 1985

(2) Pork Promotion, Research, and Consumer Information Act of 1985

(a) Short title

The House bill designates this subtitle as the "Pork Promotion, Research, and Consumer Information Act of 1985". (Sec. 1821.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

The Senate amendment contains no comparable provision.

(b) Findings and declaration of purpose

The House bill provides that producers who are organized in a federation by county, State, and national associations produce pork and pork products. (Sec. 1822(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) Definitions

(1) The House bill defines the term "Board" to mean the National Pork Producers Board of Directors. (Sec. 1823(13).)

The Senate amendment defines the term "Board" to mean the National Pork Board. (Sec. 1802.)

The Conference substitute adopts the Senate provision.

(2) The House bill defines the term "Committee" to mean the National Pork Producers Executive Committee. (Sec. 1823(14).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(3) The House bill defines the term "gross amount of checkoff" to mean the total amount of assessment collected throughout the United States in any applicable time period. (Sec. 1823(18).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(4) The Senate amendment defines the term "imported" to mean entered, or withdrawn from a warehouse for consumption, in the customs territory of the United States. (Sec. 1802(4).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(5) The House bill defines the term "marketing" to mean the sale or other disposition in commerce of pork or pork products. (Sec 1823(11).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(6) The House bill defines the term "porcine animals" to include swine raised for seedstock. (Sec. 1823(1).)

The Senate amendment defines the term "porcine animal" to include a swine raised for breeding purposes. (Sec. 1802(8).)

The Conference substitute adopts the House provision.

(7) The Senate amendment defines the term "State association" to include, if a State association does not exist on the effective date of this subtitle, an organization that represents not fewer than 50 pork producers who market annually, in the agregate, not less than 10 percent of the volume (measured in pounds) of porcine animals marketed in the State. (Sec. 1802(16).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(8) The Senate amendment defines the term "to market" to mean to sell or to otherwise dispose of a porcine animal, pork, or pork product in commerce. (Sec. 1802(17).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(9) The Senate amendment defines the term "United States" to include the District of Columbia. (Sec 1802(18).)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(d) Pork and pork product orders

(1) The Senate amendment provides that an order issued and amended by the Secretary of Agriculture under this subtitle would be applicable to persons engaged in the importation of porcine animals, pork, or pork products into the United States. (Sec. 1803(2).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(2) The Senate amendment provides that the Secretary is authorized to issue such regulations as are necessary to carry out this subtitle. (Sec. 1803(b).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(e) Notice and hearing

(1) The House bill provides that any person who might be affected by this subtitle may submit a proposal for an order. (Sec. 1825.)

The Senate amendment provides that the National Pork Board or a person affected by the subtitle may submit a proposal for an initial order. (Sec. 1804.)

The Conference substitute adopts the House provision.

(2) The House bill provides that the Secretary is required to give due notice of and opportunity for a hearing on the proposed order. (Sec. 1825.)

The Senate amendment provides that the Secretary is required to give due notice of and opportunity for public comment on the proposed order. (Sec. 1804(2).)

The Conference substitute adopts the Senate provision.

(f) Findings and issuance of orders

The House bill provides that the issuance of an order would be based on a hearing and

the evidence introduced at the hearing. (Sec. 1826.)

The Senate amendment provides that the issuance of an order would be based on public comment. (Sec. 1805(a).)

The Conference substitute adopts the Senate provision.

(g) National Pork Producers Delegate Body

(1) The House bill provides that within 30 days of the effective date of the order, a National Pork Producers Delegate Body would be established and appointed by the Secretary. (Sec. 1827(b)(1).)

The Senate amendment provides that the National Pork Producers Delegate Body would be established and appointed by the Secretary within 45 days of the effective date of the order. (Sec. 1806(a).)

The Conference substitute adopts the Senate provision.

(2) The House bill provides that the Delegate Body would consist of one or more members from each State. (Sec. 1827(b)(1).)

The Senate amendment provides that at least 2 producer members would be appointed to the Delegate Body from each State. Additional members to the Delegate Body would be allocated as follows: Shares would be assigned to each State for the 1986 calendar year, on the basis of one share for each $400,000 of farm market value of porcine animals marketed from the State (as determined by the Secretary based on the annual average of farm market value in the most recent 3 calendar years preceding the year), rounded to the nearest $400,000; and for each calendar year thereafter, on the basis of one share for each $1,000 of the aggregate amount of assessments collected (minus refunds) in the State from producers, rounded to the nearest $1,000.

If during a calendar year the number of shares of a State is: less than 301, the State would receive a total of two producer members; more than 300 but less than 601, the State would receive a total of three producer members; more than 600 but less than 1,001, the State would receive a total of four producer members; and more than 1,000, the State would receive four producer members, plus one additional member for each 300 additional shares in excess of 1,000 shares, rounded to the nearest 300. (Sec. 1806(b)(2).)

The Conference substitute adopts the Senate provision.

(3) The Senate amendment provides that the Delegate Body would include importers appointed by the Secretary. (Sec. 1806(b)(1).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(4) The Senate amendment provides that the number of importer members appointed to the Delegate Body would be determined as follows: Shares would be assigned to importers for the 1986 calendar year, on the basis of one share for each $575,000 of market value of marketed porcine animals, pork, or pork products (as determined by the Secretary based on the annual average of imports in the most recent 3 calendar years preceding such year), rounded to the nearest $575,000; and for each calendar year thereafter, on the basis of one share for each $1,000 of the aggregate amount of assessments collected (minus refunds from importers), rounded to the nearest $1,000.

The number of importer members appointed to the Delegate Body would equal a total of three members for the first 1,000 shares; and one additional member for each 300 additional shares in excess of 1,000 shares, rounded to the nearest 300. (Sec. 1806(b)(2).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(5) The House bill provides that nominations of members of the Delegate Body would be submitted by each State association. (Sec. 1827(b).)

The Senate amendment provides that not later than 30 days after the effective date of the order, the Secretary would call for the nomination within each State of candidates for appointment as producer members of the initial Delegate Body. Each State association would nominate producers who are residents of the State to serve as candidates. Additional producers who are residents of a State could be nominated as candidates of the State by written petition signed by 100 producers or 5 percent of the pork producers in the State, whichever is less. The Secretary would establish and publicize the procedures governing the time and place for filing petitions. After the Secretary had received the nominations, and not later than 45 days after the effective date of the order, the Secretary would call for an election within each State of persons for appointment as producer members of the initial Delegate Body. To be eligible to vote in an election held in a State, a person must be a producer who is a resident of the State.

Notice of each election would be given by the Secretary by publication in a newspaper or newspapers of general circulation in each State, and in pork production and agriculture trade publications at least one week prior to the election; and in any other reasonable manner determined by the Secretary. The notice would set forth the period of time and place for voting and any other information the Secretary considered necessary.

Each State would nominate to the Delegate Body the number of producer members authorized for that State. The producers who received the highest number of votes in each State would be nominated for appointment as members of the Delegate Body from the State.

After the election of the producer members of the initial Delegate Body, the National Pork Board would administer all subsequent nominations and elections of the producer members to be nominated for appointment as members of the Delegate Body, with the assistance of the Secretary. The National Pork Board would determine the timing of an election.

To be eligible to vote in an election in a State, a person must be a producer who is a resident of the State, have paid all assessments due and not have demanded a refund of an assessment.

Prior to the expiration of the term of any producer member of the Delegate Body, the National Pork Board would appoint a nominating committee of producers who are residents of the State represented by the member. The committee would nominate producers of the State as candidates to fill the position for which an election is to be held. Additional producers who are residents of a State could be nominated to fill such positions. (Sec. 1807.)

The Conference substitute adopts the House provision with an amendment to provide that the order will provide for the establishment and appointment by the Secretary, not later than 60 days after the effective date of the order, of a National Pork Producers Delegate Body. The Delegate Body will consist of—

(A) producers as appointed by the Secretary in accordance with the Act, from nominees submitted by—

(i) in the case of the initial Delegate Body, each State in accordance with the Act, and

(ii) in the case of each succeeding Delegate Body after the initial one, each State association based upon either selection of nominees by such association pursuant to a selection process approved by the Secretary that requires public notice of the process to be given at least one week in advance by publication in a newspaper or newspapers of general circulation in such State and in pork production and agriculture trade publications that provides complete and equal access to the nominating process to every producer who has paid all assessments due under the Act and not demanded a refund under the Act, or an election of nominees conducted in accordance with the Act, or

(iii) in the case of a State that has a State association that does not submit nominations or that does not have a State association, such State in a manner prescribed by the Secretary, and

(B) importers, as appointed by the Secretary in accordance with the Act.

(6) The House bill provides that each State entitled to only one Delegate Body member could nominate an alternate who may attend Delegate Body meetings but who would serve only when the member is absent from meeting. (Sec. 1827(b)(1).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the Senate provision.

(7) The Senate amendment provides that a producer member of the Delegate Body may, in a vote conducted by the Delegate Body for which the member is present, cast a number of votes equal to the number of shares attributable to the State of the member divided by the number of producer members from the State. (Sec. 1806(c)(1).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(8) The Senate amendment provides that an importer member of the Delegate Body may, in a vote conducted by the Delegate Body for which the member is present, cast a number of votes equal to the number of shares allocated to importers; divided by the number of importer members. (Sec. 1806(c)(2).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(9) The Senate amendment provides that members entitled to cast a majority of the votes (including fractions thereof) on the Delegate Body would constitute a quorum. A majority of the votes (including fractions thereof) cast at a meeting at which a quorum is present would be decisive of a motion or election presented to the Delegate Body for a vote. (Sec. 1806(c) (2), (3).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(10) The Senate amendment provides that the term of a member of the Delegate Body would continue until the successor of the member, if any, is appointed. (Sec. 1806(d).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(11) The House bill provides that at every meeting, the President of the National Pork Producers Executive Committee would serve as the Chairman of the Delegate Body. (Sec. 1827(b)(3).)

The Senate amendment provides that the President of the National Pork Board would serve as the Chairman of the Delegate Body at each annual meeting of the Delegate Body. (Sec. 1806(e)(2).)

The Conference substitute adopts the Senate provision.

(12) The House bill provides that the members of the Delegate Body would be reimbursed for their reasonable expenses incurred in performing their duties as members of the Delegate Body. (Sec. 1827(b)(4).)

The Senate amendment provides that a member of the Delegate Body may be reimbursed by the National Pork Board from assessments collected for transportation expenses incurred in performing duties as a member of the Delegate Body. (Sec. 1806(f).)

The Conference substitute adopts the Senate provision.

(13) The House bill provides that the Delegate Body would nominate eleven pork producer members for appointment to a National Pork Producers Executive Committee from among the members of the National Pork Producers Board of Directors. A majority of the Delegates Body would vote in person to nominate members to the Executive Committee. (Sec. 1827(b)(5).)

The Senate amendment provides that the Delegate Body would nominate not less than 23 persons for appointment to a National Pork Board for the first year for which nominations are made, and not less than one and one-half persons (rounded up to the nearest person) for each vacancy on the National Pork Board that requires nominations thereafter. A majority of the Delegate Body would vote in person in order to nominate members to the National Pork Board. (Sec. 1806(g).)

The Conference substitute adopted the Senate provision.

(h) National Pork Producers Board of Directors

The House bill provides for the establishment and appointment by the Secretary, within 30 days after the effective date of the order, of a National Pork Producers Board of Directors whose primary function would be to serve as liaison between the State associations and the Executive Committee and to counsel with and advise the Executive Committee on policy matters.

The Board of Directors would consist of one member from each State who is also a member of the Delegate Body and who is appointed from nominations submitted by each State association or, if a State association does not submit nominations or if there is no association in a State, from nominations submitted in a manner provided by the Secretary.

Members of the Board of Directors would serve for 3-year terms, with no member serving more than two consecutive 3-year terms, except that initial appointments to the Board of Directors would be staggered with an equal number of members appointed, to the maximum extent possible, to 1-year, 2-year, and 3-year terms.

The Chairman of the Board of Directors would be the President of the Executive Committee.

Members of the Board of Directors would serve without compensation, but would be reimbursed for their reasonable expenses incurred in performing their duties as members of the Board of Directors. (Sec. 1827(c).)

The Senate bill contains no comparable provision.

The Conference substitute deletes the House provision.

(i) National Pork Producers Executive Committee/National Pork Board

(1) The House bill provides for the establishment and appointment by the Secretary of an 11-member National Pork Producers Executive Committee. (Sec. 1827(d)(1).)

The Senate amendment provides for the establishment and appointment by the Secretary of a 15-member National Pork Board representing at least 12 States. (Sec. 1808(a)(1).)

The Conference substitute adopts the Senate provision.

(2) The House bill provides that the Executive Committee would consist of pork producers from among the members of the National Pork Producers Board of Directors from nominations submitted to the Secretary by the Delegate Body. (Sec. 1827(d)(1).)

The Senate amendment provides that the National Pork Board would consist of producers or importers appointed by the Secretary from nominations submitted by the Delegate Body. (Sec. 1808(a)(2).)

(3) The Senate amendment provides that the term of a member of the National Pork Board would continue until the successor of the member, if any, is appointed. (Sec. 1808(a)(3).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(4) The House bill provides that members of the Executive Committee would be reimbursed for their reasonable expenses incurred in performing their duties as members of the Executive Committee. (Sec. 1827(d)(5).)

The Senate amendment provides that the National Pork Board would reimburse a member of the National Pork Board for reasonable expense incurred in performing duties as a member of the National Pork Board. (Sec. 1803(a)(6).)

The Conference substitute adopts the Senate provision.

(5) The House bill provides that the Executive Committee would prepare and submit budgets of anticipated expenses to the Secretary, for the Secretaray's approval. (Sec. 1827(e).)

The Senate amendment provides that no budget of anticipated expenses and disbursements of the National Pork Board would become effective unless approved by the Secretary. (Sec. 1808(e)(3).)

The Conference substitute adopts the Senate provision.

(j) Assessments

(1) The House bill provides that an assessment would be paid to the Executive Committee in the manner prescribed by the order. (Sec. 1827(g).)

The Senate amendment provides that an assessment would be paid not later than 30 days after the effective date of the order or at such time as the initial National Pork Board is appointed, whichever occurs later. (Sec. 1809(a)(1).)

The Conference substitute adopts the Senate provision with an amendment to provide that the order will provide that, not later than 30 days after the effective date of the order such assessment shall be collected and remitted to the Board once it is appointed, but, until that time, to the Secretary, who shall promptly proceeed to distribute the funds received by him in accordance with the provisions of the Act, except that the Secretary shall retain the funds to be received by the Board until such time as the Board is appointed pursuant to the Act.

(2) The House bill provides that each person who makes payment to a pork producer for porcine animals, pork, or pork products produced in the United States and each importer with respect to imported porcine animals, pork, and pork products would pay an assessment to the Executive Committee. (Sec. 1827(g).)

The Senate amendment provides that an assessment would be paid by (1) each producer for each porcine animal for feeder pigs or slaughter produced in the United States that is sold or slaughtered for sale; (2) each producer for each porcine animal for breeding purposes that is sold; and (3) each importer for each porcine animal, pork, or pork product that is imported into the United States.

The assessment would be collected and remitted to the National Pork Board by (1) the purchaser of a porcine animal purchased for feeder pigs or for slaughter that was produced in the United States; (2) the producer of a porcine animal sold for breeding purposes; and (3) each importer for each porcine animal, pork, or pork product that is imported into the United States. (Sec. 1809(a).)

The Conference substitute adopts the Senate provision.

(3) The House bill provides that an assessment would not be paid if the person or importer proves that the assessment was previously paid by any person with respect to such porcine animals, pork, or pork products, (Sec. 1827(g).)

The Senate amendment provides that an assessment would not be paid if it is proved to the National Pork Board that an assessment was paid previously by a person for such animal in the same category (i.e., for feeder pigs, breeding purposes, or slaughter), pork, or pork products. (Sec. 1809(a)(3).)

The Conference substitute adopts the Senate provision.

(4) The House bill provides that the initial rate of assessment would be 0.3 percent of the market value of the porcine animals, pork or pork products involved in the sale or of the imported porcine animals, pork, or pork products. (Sec. 1827(g).)

The Senate amendment provides that the initial rate of assessment would be the lesser of 0.25 percent of the market value of the porcine animal, pork, or pork product sold or imported or an amount established by the Secretary based on a recommendation of the Delegate Body. Pork or pork products imported into the United States would be assessed based on the equivalent value of the live porcine animal from which the pork or pork products were produced, as determined by the Secretary. The Secretary would be authorized to waive the collection of assessments on imported pork or pork products if the Secretary determined that the collection would not be practicable. (Sec. 1809(b)(1)(4).)

The Conference substitute adopts the Senate provision.

(5) The House bill provides that the National Pork Producers Council, a non-profit corporation of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 and incorporated in the State of Iowa,

would receive an amount equal to 60 percent of the gross amount of the checkoff to use of financing promotion, research, and consumer information plans or projects and for the administrative expenses of that organization. (Sec. 1827(h)(2).)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment explained below.

(6) The House bill requires the Executive Committee to retain funds remaining after the distribution of funds to the State associations and the National Pork Producers Council for use in financing promotion, research, and consumer information plans or projects and for administrative expenses. (Sec. 1827(h)(3).)

The Senate amendment requires the National Pork Board to receive funds that remain after distribution to the State associations and to use the funds, and any proceeds from the investment of such funds for financing promotion, research, and consumer information plans and projects and for administrative expenses. (Sec. 1809(c)(2).)

The Conference substitute adopts the House provision with an amendment explained below.

(k) Minimum funding of State associations

The Senate amendment provides that in no event may the percentage of assessments distributed to a State association in the case of a State in which there existed a State pork promotion program as of June 30, 1985, be less than that which is necessary to provide the State association of the State with an amount of funds equal to the amount that would have been collected from production in the State pursuant to the State pork promotion program which existed on June 30, 1985, less the amount of any refunds made to producers in the State and less an amount equal to the sums contributed by the State to national programs in the 12-month period preceding June 30, 1985. No State would receive an amount less than 16½ percent of the sum of the assessments collected from production of the State under the Act (Sec. 1809(a).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment.

The amendment agreed to by the Conferees, as noted in items (j)(5), (j)(6), and (k) above, provides that funds collected by the Board from assessments collected under the Act will be distributed and used in the following manner:

Each State association will receive an amount of funds equal to the greater of the product obtained by multiplying the aggregate amount of assessments attributable to porcine animals produced in a State less that State's share of refunds, by a percentage determined by the Delegate Body, but in no event less than 16½ percent or, in the case of a State association that was conducting a pork promotion program in the period from July 1, 1984 to June 30, 1985, an amount of funds equal to the amount of funds that would have been collected in the State, had the porcine animals, subject to assessment and as to which no refund was received, been produced from July 1, 1984 to June 30, 1985, and been subject to the rates of assessment then in effect and the rate of return then in effect from such State to the Council described in the Act and other national entities involved in pork promotion, research and consumer information.

A State association shall use such funds and any proceeds form the investment of such funds for financing—

(i) promotion, research, and consumer information plans and projects and

(ii) administrative expenses incurred in connection with such plans and projects.

The National Pork Producers Council will receive an amount of funds equal to—

(i) 37½ percent of the aggregate amount of assessments collected under this section throughout the United States from the date assessment commences pursuant to the Act until the first day of the month following the month in which the Board is appointed pursuant to the Act,

(ii) 35 percent thereafter until the referendum is conducted pursuant to the Act,

(iii) 25 percent until 12 months after the referendum is conducted, and

(iv) no funds thereafter except in so far as it obtains such funds from the Board pursuant to the Act. Each of the amounts determined under clauses (i), (ii), and (iii) would be less the Council's share of refunds.

The Council shall use such funds and proceeds from the investment of such funds for financing—

(i) promotion, research, and consumer information plans and projects, and

(ii) administrative expenses of the Council.

The Board shall receive the amount of funds that remain after the distribution to the State association and the Council.

Each State's share of refunds shall be determined by multiplying the aggregate amount of refunds received by producers in the State by the percentage applicable.

The Council's share of refunds shall be determined by multiplying its applicable percentage of the aggregate amount of assessments by the product of—

(i) an amount determined by subtracting from the aggregate amount of refunds received by all producers the aggregate amount of State share of refunds in every State, and

(ii) the aggregate amount of refunds received by importers.

(l) Permissive provisions

The House bill provides that on the recommendation of the Delegate Body or the Executive Committee, an order may contain one or more permissive provisions. (Sec. 1828(a).)

The Senate amendment provides that the National Pork Board would be authorized to make a recommendation that an order contain one or more permissive provisions. (Sec. 1810(a).)

The Conference substitute adopts the Senate provisions.

(m) Referendum

(1) The House bill requires the Secretary to conduct a referendum not earlier than 2 years, and not later than 3 years, after the date of enactment of the Act among pork producers who have marketed the equivalent of at least 50 porcine animals a year during a representative period as determined by the Secretary to ascertain whether an order should be continued. An order would be continued only if the order was approved by not less than a majority of the pork producers voting in the referendum. (Sec. 1829(a).)

The Senate amendment requires the Secretary to conduct a referendum not earlier than 1 year and not later than 2 years after the issuance of the order among persons who have been producers or importers during a representative period, as determined by the Secretary. An order would be continued only if a majority of producers and importers voting in the referendum approved continuation of the order. (Sec. 1811(a)(1), (2), (3).)

The Conference substitute adopts the House provision with an amendment to provide that for the purpose of determining whether an order then in effect will be continued during the period beginning not earlier than 24 months after the issuance of the order and ending not later than 30 months after the issuance of the order, the Secretary shall conduct a referendum among persons who have been pork producers and importers during a representative period, as determined by the Secretary.

Except as provided in the Act, after the initial referendum, on the request of a number of persons equal to at least 15 percent of persons who have been pork producers or importers during a representative period, as determined by the Secretary, the Secretary must conduct a referendum to determine whether such producers or importers favor the termination or suspension of the order.

(2) The House bill requires the Secretary to be reimbursed by the Executive Committee from assessments collected for any expenses (other than compensation payable to officers and employees of the United States) in connection with conducting the referendum. (Sec. 1829(b).)

The Senate amendment requires the Secretary to be reimbursed by the National Pork Board for any expenses in connection with conducting the referendum. (Sec. 1811(b).)

The Conference substitute adopts the Senate provision.

(3) The Senate amendment requires the referendum and amendments to the referendum to be conducted in the manner prescribed by the Secretary. (Sec. 1811 (c), (d).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(n) Suspension and termination of orders

(1) The House bill requires the Secretary, on the request of pork producers who have marketed the equivalent of at least 50 porcine animals and comprise at least 15 percent of the pork producer subject to the order, to conduct a referendum to determine whether the producers favor the termination or suspension of the order. (Sec. 1830(b).)

The Senate amendment requires the referendum to be held on the request of at least 15 percent of persons who have been producers and importers during a representative period, as determined by the Secretary. (Sec. 1812(b)(1).)

The Conference substitute adopts the Senate provision.

(2) The Senate amendment provides that except with respect to a referendum conducted in connection with an increase in the rate of assessment, the Secretary would not be required to conduct more than one referendum in a 2-year period. (Sec. 1812(b)(2).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(o) Refunds

The Senate amendment provides that prior to the approval of the continuation of an order pursuant to a referendum any

person would have the right to demand and receive from the National Pork Board a refund of an assessment collected if the person is responsible for paying the assessment and does not support the program established under this subtitle. The demand would be made in accordance with regulations, on a form, and within a time period prescribed by the National Pork Board and approved by the Secretary, but not later than 30 days after the end of the month in which the assessment was paid. The refund would be made not later than 30 days after the demand is received on submission of proof satisfactory to the National Pork Board that the producer, person, or importer paid the assessment for which refund is sought and did not collect the assessment from another producer, person, or importer. (Sec. 1813.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(p) Enforcement

The House bill provides that any person who fails to obey a valid cease and desist order issued by the Secretary would be subject to a civil penalty, after opportunity for a hearing on the record, of not more than $5,000 for each offense. (Sec. 1832(b)(3).)

The Senate amendment provides that a person who fails to obey a valid cease and desist order issued by the Secretary would be subject to a civil penalty, after an opportunity for a hearing, of not more than $500 for each offense. (Sec. 18156(b)(3).)

The Conference substitute adopts the Senate provision.

(q) Administrative provisions

The House bill provides that the provisions of this subtitle applicable to an order would be applicable to amendments to orders. (Sec. 1834.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(r) Peemption

(1) The House bill provides that this subtitle is intended to occupy the field of promotion, research, and consumer education involving pork and pork products and that any regulation of activities or requirements wiht respect to the promotion, research, and consumer education involving pork that is in addition to or different from those made under this subtitle may not be imposed by any State. (Sec. 1836.)

The Senate amendment provides that this subtitle occupies the field of promotion and consumer education involving pork and pork products and that any regulation of activity (other than the provision of State or local funds for that activity) that is in addition to or different from this subtitle may not be imposed by a State. (Sec. 1817 (a), (b).)

The Conference substitute adopts the Senate provision.

(2) The Senate amendment provides that preemption would apply only during a period beginning on the date of the commencement of the collection of assessments and ending on the date of the termination of the collection of assessments. (Sec. 1817(c).)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provisions.

(s) Effective date

The Senate amendment provides that this subtitle would become effective on January 1, 1986. (Sec. 1819.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(3) Watermelon research and promotion

The House bill provides for the establishment of an orderly procedure for the development, financing and carrying out of an effective, continuous and coordinated program of research, development, advertising, and promotion, designed to strengthen the watermelon's competitive position in the marketplace, and establish, maintain, and expand domestic markets for watermelons. The program would include provisions for—

(A) the issuance and amendment of orders implementing the program;

(B) the establishment by the Secretary of the National Watermelon Promotion Board;

(C) payments of assessments by watermelon producers and handlers;

(D) conducting a referendum among watermelon producers and handlers with respect to whether a plan issued under the program is approved by at least two-thirds of the producers and handlers voting in the referendum, or by the producers and handlers of not less than two-thirds of the watermelons produced and handled during the representative period, and by not less than a majority of the producers and handlers voting in the referendum;

(E) petition, review and enforcement of plans issued under the program; and

(F) authorizing appropriations as may be necessary to carry out the program. (Sec. 1841-1857.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision.

SUBTITLE D—MARKETING ORDERS

(4) Limitation on authority to terminate marketing orders

The House bill, with respect to the termination of any marketing order issued under section 8c of the Agricultural Adjustment Act and in effect on or after July 10, 1985, amends section 8c(16) of the Agricultural Adjustment Act, as reenacted, by adding a provision that the Secretary may not terminate an order for a commodity for which there is no Federal price support unless the Secretary finds that termination is favored by a majority of the producers involved. (Sec. 1862.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to prohibit the Secretary from terminating any marketing order agreement for which termination takes effect prior to January 15, 1986. At least 60 legislative days prior to proposed public notice of the intent to terminate the order or provision, the Secretary shall provide notice of the contemplated action, together with the basis for it, to the House and Senate agriculture committees.

It is the intent of the Conferees that the Hops Marketing Order shall not be terminated as announced by USDA on July 1, 1985.

It is the further intent of the Conferees that the Secretary of Agriculture shall be required to notify the House and Senate Agriculture Committees at such time as he is contemplating the feasibliity of termination of any marketing order or provision thereof in accordance with the statutory requirements of 7 USC 608(c)(16)(A). The Secretary shall notify the Committees of the Congress of any potential termination action contemplated, and prior to a final determination and with due notice, shall take into consideration the views of the Committees in fact-finding and review of the pending recommendations.

The Conferees intend that such notification and consultation precede any formal decision making on the part of the Secretary to terminate any Federal marketing order or provision thereof.

(5) Confidentiality of certain marketing order information

The House bill amends section 8d(2) of the Agricultural Adjustment Act, as reenacted, to prohibit the disclosure of any specific item of information furnished to the Secretary by any person or the revealing of the identity of the person. (Sec. 1863.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the *House* provision with an amendment to prohibit the disclosure of any information for marketing order programs that is categorized as trade secrets and commercial or financial information that comes within the exemption contained in the Freedom of Information Act; Except that this information may be released on the authorization of any regulated milk handler to whom such information pertains.

The Conference substitute also provides that the Secretary must notify the House and Senate Agriculture Committees at least 10 legislative days prior to the contemplated release, under law, of names and address of producers participating in marketing orders and agreements along with the basis for making the decision.

The Conferees believe that it is inappropriate for the Department of Agriculture to provide a mailing service, as it has done in the past, to send out private materials utilizing lists of names and addresses of growers gathered under the agricultural Marketing Agreement Act of 1937 and amendments thereto.

It is the Conferees' intent that information such as price data, acreage, production, specific sales data, identity of commodity suppliers specific to each handler, and similar types of information submitted by persons subject to marketing order programs would be kept confidential regardless of the authority utilized by the Secretary or his agents to collect it. In the case of milk market orders, such information may be released on the authorization of any regulated milk handler to whom such information pertains.

SUBTITLE E—GRAIN INSPECTION

(6) Grain standards

(a) The House bill requires the Secretary of Agriculture to direct the Federal Grain Inspection Service (FGIS) and the Agricultural Research Service to cooperate in developing new means of establishing grain classifications and to report on the status of these cooperative efforts to the agriculture committees of the House and Senate not later than December 31, 1985. (Sec. 1867.)

The Senate amendment contains a similar provision but requires such reports semi-annually, with the first report due not later than December 31, 1985. (Sec. 1931.)

The Conference substitute adopts the Senate provision.

(b) The House bill adds to section 6 of the United States Grain Standards Act new subsections providing that, to protect the quality of grain exported from the United States, no dockage or foreign material (including but not limited to dust or particles of whatever origin) once removed from grain may be recombined with any grain when there is a possibility that the recombined product may be exported from the United States, and that no dockage or foreign material of any origin may be added to any grain that may be exported when the result will be to reduce the grade or quality of the grain or to reduce its ability to resist spoilage. Under the bill, the above prohibitions shall not be construed to prohibit (A) the treatment of grain to suppress, destroy, or prevent insects and fungi injurious to stored grain; (B) the export of dockage or foreign material removed from grain when the dockage or foreign material is pelletized or a part of a processed ration for livestock, poultry, or fish and is exported separately and uncombined with any whole grain; (C) the blending of grain with similar grain of a different grade to adjust the quality of the resulting mixture; (D) the addition to grain of confetti, or any other material that serves the same purpose, in an amount necessary to facilitate identification of ownership or origin of a particular lot of grain; and (E) the addition of any other foreign material that may be determined by the Secretary to be in the interest of grain producers and to be neutral or constructive in achieving the goal of protecting the quality of grain exported from the United States.

Adjustment of the moisture content of grain that may be exported is permitted by the blending of such grain with a similar grain of different moisture content if the difference between the moisture contents of the grains being blended does not exceed 4 percent, but the addition of water to grain that may be exported is prohibited except by aeration of the grain with natural air. (Sec. 1866.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(c) The House bill adds to section 4 of the United States Grain Standards Act a provision requiring that if the government of any country requests that moisture content remain a criterion in the official grade designations of grain, such criterion shall be included in determining the official grade designation of grain shipped to such country, and that the Administrator of the FGIS shall issue regulations establishing a new grade for each type of grain that exceeds the standards in effect on September 30, 1985, for United States No. 1 grade of such grain. (Sec. 1865.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to delete the requirement that the Administrator of the Federal Grain Inspection Service issue regulations establishing new grades for each type of grain that exceeds the standards in effect on September 30, 1985, for United States No. 1 grade of the grain.

(d) The Senate amendment directs the Office of Technology Assessment to conduct a study of United States grain export quality standards and grain handling practices. Such study is to be conducted in consultation with the Secretary of Agriculture, and in accordance with section 3(d) of the Technology Assessment Act of 1972. The Office of Technology Assessment shall—

(1) evaluate the competitive problems the United States faces in international grain markets that may be attributed to grain quality standards and handling rather than price;

(2) identify the extent to which United States grain export quality standards and handling practices have contributed toward the recent decline in United States grain exports;

(3) perform a comparative analysis between (i) the grain quality standards and practices of the United States and the major grain export competitors of the United States; and (ii) the grain handling technology of the United States and the major grain export competitors of the United States; and

(4) evaluate the consequences on United States export grain sales, the cost of exporting grain, and the prices received by farmers should United States export grain elevators be subject, by law or regulation to requirements that:

(i) no dockage or foreign material (including but not limited to dust or particles of whatever origin) once removed from grain shall be recombined with any grain if there is a possibility that the recombined product may be exported from the United States;

(ii) no dockage or foreign material of any origin may be added to any grain that may be exported if the result will be to reduce the grade or quality of the grain or to reduce the ability of the grain to resist spoilage; and

(iii) no blending of grain with a similar grain of different moisture content may be permitted if the difference between the moisture contents of the grains being blended is more than 1 percent.

The Senate amendment requires, not later than December 1, 1986, the Office of Technology Assessment to submit to the Agriculture Committees of the House and Senate a report containing the results of the study, together with such comments and recommendations for the improvement of United States grain export quality standards and handling practices as appropriate. (Sec. 1944.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to provide that the study would also evaluate the current method of establishing grain classifications, the feasibility of utilizing new technology to correctly classify grains and the impact of new seed varieties on exports and users of grain.

TITLE XVII—RELATED AND MISCELLANEOUS MATTERS

SUBTITLE A—PROCESSING, INSPECTION, AND LABELING

(1) Poultry inspection

Both the House bill and the Senate amendment require that poultry and poultry products offered for importation into the United States be subject to certain standards applied to products produced in the United States.

The Senate amendment requires that poultry and poultry products offered for importation into the United States must have been processed in facilities and under conditions that are the same as those under which similar products are processed in the United States. (Sec. 1924.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to provide that all poultry, or parts or products, capable of use as human food offered for importation into the United States would be subject to the same inspection, sanitary, quality, species verification, and residue standards applied to products produced in the United States.

(2) Inspection and other standards for imported meat and meat food products.

(a) The House bill amends the Federal Meat Inspection Act to require that each foreign country from which meat articles from cattle, sheep, swine, goats, horses, mules, or other equines are offered for importation into the United States shall obtain a certification issued by the Secretary of Agriculture stating that the country maintains a program using reliable analytical methods to ensure compliance with the United States standards for residues in such meat articles. Meat articles shall not be permitted entry into the United States from a country without such certification. The Secretary shall revoke any certification if the Secretary determines that the country involved is not maintaining a program that uses reliable analytical methods to ensure compliance with United States residue standards. The consideration of any application for a certification and the review of any such certification must include the inspection of individual establishments. (Sec. 1802.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provider.

(b) The House bill authorizes the Secretary to prescribe terms and conditions under which cattle, sheep, swine, goats, horses, mules, and other equines that may have been administered an animal drug or antibiotic not approved for use in the United States may be imported for slaughter and human consumption. If the Secretary determines that the use of an animal drug or antibiotic in any of such livestock is harmful to the health of man and that it is impossible to determine the livestock being imported do not harbor any residue of such animal drug or antibiotic, the Secretary may issue an order forbidding the entry into the United States of such kind of livestock from any country that allows the use of such animal drug or antibiotic in the production of such livestock in such country. (Sec. 1802.)

The Senate amendment authorizes the Secretary to prohibit the importation into the United States of any livestock, or any carcass, meat, or meat products of any livestock, if the Secretary determines that such livestock may have been administered any drug (including any antibiotic drug) which has been banned for use in livestock in the United States if (A) the Secretary determines that residues of that particular drug (including any antibiotic drug) threaten the health and safety of United States consumers; and (B) the use of that particular drug (including any antibiotic drug) gives foreign producers of livestock an unfair competitive advantage over United State producers. (Sec. 1927.)

The Conference substitute adopts the House provision with an amendment to specify that the Secretary may forbid the entry of livestock which has been administered animal drugs or antibiotics banned in the United States.

(3) Potato inspection

The House bill requires the Secretary of Agriculture, in order to achieve a significant

reduction in the volume of substandard imported Canadian potatoes entering through ports of entry in the northeastern United States, to perform random spot checks on a significant portion of potatoes entering through those ports of entry. The Secretary of Agriculture shall periodically report to the public and to the House and Senate Agriculture Committees the results of such spot checks and increase their frequency or take other actions as necessary to achieve and maintain the significant reduction of such substandard imported potatoes. (Sec. 1804.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to require the Secretary of Agriculture to perform random spot checks on potatoes entering through ports of entry in the northeastern United States and to require one report to the House and Senate agriculture committees on the results of the spot checks.

SUBTITLE B—AGRICULTURAL STABILIZATION AND CONSERVATION COMMITTEES

Agricultural Stabilization and Conservation Committees

(a) The House bill requires the Secretary of Agriculture, in carrying out the provisions of section 8(b) of the Soil Conservation and Domestic Allotment Act, to use the services of local and State Agricultural Stabilization and Conservation Committees. (Sec. 1871.)

The Senate amendment is the same except that it also directs that such committees be used as otherwise directed by law with respect to other programs and functions and authorizes the Secretary to use the services of such committees in carrying out other programs and functions of the Department of Agriculture. (Sec. 1911.)

The Conference substitute adopts the Senate provision.

(b) The House bill requires the Secretary to designate three local administrative areas in each county, except that the number of local areas may be reduced by the ASC county committee to one in counties with less than 150 farmers, and the Secretary may include more than one county or parts of different counties in a local area where there are insufficient farmers to establish a slate of candidates for a local committee. (Sec. 1871.)

The Senate amendment authorizes the ASC county committee for a county, by majority vote, to petition the Secretary to change the number of local areas in the county. On such a petition, the Secretary must change the number of such areas except that it may not result in the number of local areas in a county exceeding the number of such areas in the county on December 31, 1980. (Sec. 19109.)

The Conference substitute adopts the House provision.

(c) The House bill provides that each local administrative area shall have one community committee consisting of at least three members elected to 3-year terms, except that there may be more than one committee per area in counties that, on date of enactment of this bill, have more that three community committees. Only one local administrative areas could hold an election in any year in each county. Only farmers within a local area who are producers who participate or cooperate in programs administrated within their area are eligible for election to the community committee and to vote in the area election. (Sec. 1871.)

The Senate amendment deletes the existing requirement that elections for local committees be held annually and provides that members of local committees shall be elected for a term of 3 years. (Sec. 1910.)

The Conference substitute adopts the Senate provision.

(d) The House bill provides that ASC community committees must meet at least twice annually. (Sec. 1871.)

The Senate amendment requires each local committee to meet once each year and, at the direction of the county committee and with the approval of the State committee, such additional times during the year as may be necessary to carry out section 8(b) of the Soil Conservation and Domestic Allotment Act. The Secretary may not provide compensation or payments to a member of a local committee for work performed at, or travel expenses incurred in attending, more than four meetings of such committee in any year. The meetings of the a local committee must be held on different days of the year. (Sec. 1910.)

The Conference substitute adopts the Senate provisions with an amendment providing for one paid meeting per year by the local (community) committees.

(e) The Senate amendment specifies the duties of the local committees in each county. Such committees shall (i) in a county in which there is more than one local committee, serve as advisors and consultants to the county committee; (ii) periodically meet with the county committee and State committee to be informed on farm program issues; (iii) communicate with producers within their communities on issues or concerns regarding farm programs, (iv) report to the county committee, the State committee, and other interested persons on changes to, or modifications of, farm programs recommended by producers in their communities; and (v) perform such other functions as are required by law or as the Secretary may specify. The Secretary is required to ensure that information concerning changes in Federal law with respect to agricultural programs and the administration of such laws are communicated in a timely manner to local committees. (Sec. 1910.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(f) The House bill provides that community committee members shall serve without pay, but that the Secretary, by regulation, may set levels of, and provide, pay for county committees. (Sec. 1871.)

The Senate amendment requires the Secretary to provide compensation to members of local and county committees for work actually performed by such persons in cooperating in carrying out the Acts in connection with which such committees are used. The rate of compensation received by such persons for such work on the date of enactment of the bill would be required to be increased by 10 percent.

The Secretary must make payments to members of local, county, and State committees to cover expenses for travel incurred by such persons (including, in the case of a member or a local or county committee, travel between the home of such member and the local county office of the Agricultural Stabilization and Conservation Service) in cooperating in carrying out the Acts in connection with which such committees are used. Such travel expenses would be paid in the manner authorized under section 5703 of title 5, United States Code, for the payment of expenses and allowances for individuals employed intermittently in the Federal Government Service. (Sec. 1912.)

The Conference substitute adopts the Senate program with an amendment to increase the county committee member compensation in the discretion of the Secretary.

(g) The House bill provides that each county shall have a county committee consisting of three members to be elected on a rotating basis—one each year from within one of the three administrative areas in the county and the community committee candidate receiving the greatest number of votes (and who agrees to serve) is automatically to be the county committee member to serve a 3-year term. In counties with only one community and in administrative areas containing more than one county or parts of different counties, community and county committee members would be elected for 3-year terms in accordance with regulations issued by the Secretary. (Sec. 1971.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision.

(h) The House bill requires the Secretary to authorize local and county committee members elected on or before the date of enactment of the bill to serve out their unexpired terms. (Sec. 1871.)

The Senate amendment provides that the changes with respect to local committees are to become effective January 1, 1986, except that the changes with respect to election of local committees will not apply with respect to the term of office of any member of a local committee elected before January 1, 1986. Also, if the number of local administrative areas and local committees in a county increases as a result of a change in the numbers of local administrative areas in the county, any member of a local committee in such county elected before January 1, 1986, would serve the unexpired portion of any term commenced before the date of such increase as a member of the local committee for the administrative area in which such matter resides. (Sec. 1910.)

The Conference substitute adopts the Senate program.

SUBTITLE C—NATIONAL AGRICULTURAL POLICY COMMISSION ACT OF 1985

(1) Establishment of Commission

(a) The House bill provides that the President is required to request Governors of States to nominate members for possible appointment to the National Commission on Agricultural Policy representing individuals and industries directly affected by agricultural policies including producers of major agricultural commodities in the United States; processors or refiners of U.S. agricultural commodities; exporters, transporters, or shippers of U.S. agricultural commodities; suppliers of production equipment or materials to U.S. farmers; and consumers of U.S. agricultural commodities. (Sec. 1903(b).)

The Senate amendment adds reference to the products of U.S. agricultural commodities in the list of producers, processors, refiners, exporters, transporters, shippers, and consumers of U.S. agricultural commodities. (Sec. 1902(b).)

The Conference substitute adopts the Senate provision with an amendment to require the Commission to study and report on conditions in rural areas of the United States.

(b) The House bill provides that the President may appoint to the Commission not more than 8 individuals of the same political party. (Sec. 1903(b).)

The Senate amendment limits to 7 the number of individuals that may be appointed from the same political party. (Sec. 1902(b).)

The Conference substitute adopts the Senate provision.

(2) Authorization of Appropriations

The House bill provides that, to the maximum extent practicable, expenses of the Commission would be carried out using funds available to the Secretary of Agriculture. (Sec. 1907(b).)

The Senate amendment provides that, to the maximum extent practicable, this provision would be carried out using funds otherwise available to the Secretary for the expenses of advisory committees. (Sec. 1906(b).)

The Conference substitute adopts the Senate provision.

(3) Termination

The House bill provides that the Commission would terminate 5 years after the date of enactment of the bill (Sec. 1908.)

The Senate amendment provides that the Commission would terminate 4 years after the date of enactment of the bill. (Sec. 1907.)

The Conference substitute adopts the Senate provision.

SUBTITLE D—NATIONAL AQUACULTURE IMPROVEMENT ACT OF 1985

(1) Short title

The House bill provides that title XX may be cited as the "National Aquaculture Improvement Act of 1985." (Sec. 2001.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(2) Findings, purpose, and policy

(a) The House bill amends section 2(a)(3) of the National Aquaculture Act of 1980 ("the Act") to update the congressional finding to indicate that approximately 13 percent of all world seafood production is provided by aquaculture. Congressional findings are also modified to indicate that 6 percent of United States seafood production results from aquaculture. (Sec. 2002.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The House bill amends section 2(a)(7) of the Act to state that, in addition to the currently identified constraints to the development of aquaculture in the United States, other impediments to such development includes both the lack of supportive Government policies and scientific factors. (Sec. 2002.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The House bill amends subsection 2(b) of the Act by adding as a purpose of the Act the establishment of the Department of Agriculture as the lead Federal agency in coordination and dissemination of national aquaculture information by designating the Secretary of Agriculture as the permanent Chairman of the coordinating group and by establishing a National Aquaculture Information Center within the Department of Agriculture. (Sec. 2002.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(d) The House bill amends subsection 2(c) of the Act to declare that aquaculture has the potential for reducing the United States trade deficit in fisheries products. (Sec. 2002.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(3) Definitions

The House bill amends section 3 of the National Aquaculture Act of 1980 to define "the Secretary" as the Secretary of Agriculture. (Sec. 2003.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(4) National Aquaculture Development Plan

(a) The House bill amends subsection 4(a) of the Act to charge the Secretary of Agriculture with the lead responsibility for coordinating the revision of the National Aquaculture Development Plan. In making such revision the Secretary must consult with the Secretaries of Commerce and Interior. The House bill also strikes provisions in the Act authorizing establishment of an advisory board to assist in the development of the Plan. (Sec. 2004.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The House bill amends subsection 4(b) of the Act to provide that the National Aquaculture Development Plan is to include such research, assistance, and training programs as the Secretary of Agriculutre deems necessary to carry out the Plan. In formulating the Plan the Secretary is to take into account actions of other agencies and persons. (Sec. 2004.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The House bill amends subsection 4(c) of the Act to reflect the new responsibility of the Secretary of Agriculture for taking the lead in coordinating Plan implementation. The allocation of responsibilities for carrying out the Plan, among other requirements, shall be made with the concurrence of the Secretaries of Commerce and of Interior. (Sec. 2004.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(5) Functions and powers of the Secretaries

(a) The House bill amends subsection 5(c) of the Act to require that, in addition to performing such other mandatory functions under the Act, the Secretaries of Agricultrue, Commerce, and the Interior must collect and analyze scientific, technical, legal, and economic information relating to aquaculture, including acreages, water use, production, marketing, culture techniques, and other relevant matters. The Secretary of Agriculture shall establish, within the Department of Agriculture, a National Aquaculture Information Center that will serve as a repository for the information generated under the Act, and on a request basis make that information available to the public. The Secretary is also required to (i) arrange with foreign nations for the exchange of information relating to aquaculture and support a translation service, and (ii) conduct a study, and report to Congress by December 31, 1986, on the extent to which the United States aquaculture industry has access to existing Federal agriculture assistance programs. (Sec. 2005.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(b) The House bill requires the Secretary of Commerce to conduct a study, and report to Congress thereon by December 31, 1987, to determine whether existing capture fisheries could be adversely affected by competition from products produced by commercial aquacultural enterprises and include in such study an assessment of any adverse effect, by species and by geographical region, on such fisheries and recommend measures to ameliorate any such effect. (Sec. 2005.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(c) The House bill requires the Secretary of the Interior, in consultation with the Secretary of Commerce, to undertake a study, and report to Congress thereon by December 31, 1987, to identify exotic species introduced into the United States waters as a result of aquaculture activities, and to determine the potential benefits and impacts of the introduction of the exotic species. (Sec. 2005.)

The Senate amendment contains no comparable provisions.

The Conference substitute adopts the House provision.

(d) The House bill amends subsection 5(c) of the Act to require that any information submitted to the Secretaries of Agriculture, Commerce, and the Interior under the authority to collect information shall be confidential and may only be disclosed if required by court order. The Secretaries shall preserve such confidentiality. The Secretaries may release or make public any information in any aggregate or summary form that does not directly or indirectly disclose the identity, business transactions, or trade secrets of any person who submits such information. (Sec. 2005.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(e) The House bill would also amend section 5(d) of the Act to require that the Secretary of Agriculture, in consultation with the Secretaries of Commerce and the Interior, prepare the biennial report to Congress required by the Act on the status of aquaculture in the United States and on the implementation of, and any revision to, the Plan during the reporting period. The first report would be required by February 1, 1987, and subsequent reports on February 1 of every other year thereafter. (Sec. 2005.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment to require a single report, due February 1, 1988.

(6) Coordination of national activities regarding aquaculture

The House bill amends subsection 6 of the Act to designate the Secretary of Agriculture as the permanent Chairman of the interagency aquaculture coordinating group. The House bill also repeals subsection 6(c) of the Act, which provides for the

rotation of the Secretaries of Agriculture, Commerce, and the Interior as the Chairmen of the coordinating group. (Sec. 2006.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(7) Authorization of appropriations

The House bill amends section 10 of the Act to authorize appropriations to carry out the Act for each of the fiscal years 1986, 1987, and 1988 at levels of $1 million for the Department of Agriculture, $1 million for the Department of Commerce, and $1 for the Department of the Interior. (Sec. 2007.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

SUBTITLE E—SPECIAL STUDY AND PILOT PROJECTS ON FUTURES TRADING

(1) Findings and declarations of policy

The Senate amendment declares the findings of Congress to the effect that there is a need for alternative agricultural price support programs, that agricultural producers are not sufficiently knowledgeable concerning private sector price stabilization, and that more information is needed to assess the impact on the Federal budget of producer participation in private sector risk avoidance services.

The Senate amendment also declares the policy of the United States to be that the Department of Agriculture should develop more information concerning possible uses of commodities futures and options markets by agricultural producers in marketing their commodities, the impact that uses of these markets would have on commodity prices received by participating producers, and the feasibility of relating such private sector risk avoidance services with Federal price support programs. (Sec. 1991)

(2) Study by the Department of Agriculture

The Senate amendment requires the Secretary of Agriculture to conduct a study to determine how agricultural producers might use commodities futures and options markets to provide commodity price stability and income protection, the extent of the price stability and income protection producers might reasonably expect to receive from participation in these markets, and the impact on the Federal budget of producer participation in these markets compared with the cost of established agricultural price support programs.

The Secretary is required to report the results of the study to the Senate and House agricultural committees no later than December 31, 1988. (Sec. 1992.)

(3) Pilot program

The Senate amendment requires the Secretary of Agriculture to conduct a pilot program in connection with wheat, feed grains, soybean and cotton in at least 40 counties producing reasonable quantities of these commodities traded on the futures and options markets. The Secretary, in cooperation with the futures and options industry and the Chairman of the Commodity Futures Trading Commission, is required to conduct an extensive educational program for producers in the counties selected for the pilot program. Under the pilot program producers could elect to participate in the trading of designated agricultural commodities on a futures or options market in a manner designed to protect and maximize the return on their marketed agricultural commodities. Commodity Credit Corporation funds would be used to assure producers participating in the pilot program a net return for any commodity allocated to the program at no less than the price support loan level for that commodity in the county where it is produced. The Secretary would be required to select an advisory panel of producers, processors, exporters, and futures and options traders on organized futures exchanges to assist in formulation of the pilot program. (Sec. 1993.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision

SUBTITLE F—ANIMAL WELFARE

Amendments to Animal Welfare Act

(a) Short title

The Senate amendment designates this title as the "Improved Standards for Laboratory Animals Act". (Sec. 2001.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(b) Findings

The Senate amendment declares the findings of Congress to the effect that the use of animals is instrumental in certain research and education or for advancing knowledge of cures and treatments for diseases and injuries which afflict both humans and animals; methods of testing that do not use animals are being and continue to be developed which are faster, less expensive, and more accurate than traditional animal experiments for some purposes and further opportunities exist for the development of these methods of testing; measures which eliminate or minimize the unnecessary duplication of experiments on animals can result in more productive use of Federal funds; and measures which help meet the public concern for laboratory animal care and treatment are important in assuring that research will continue to progress. (Sec. 2002.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

The Conference intends that the adequacy of efforts to develop techniques that reduce or eliminate the use of animals be a matter of continuing concern and attention.

(c) Standards and certification process

The Senate amendment revises the standards, required to be promulgated by the Secretary of Agriculture, which govern the humane handling, care, treatment, and transportation of animals by dealers, research facilities, and exhibitors.

The Senate amendment provides that these standards would include minimum requirements for handling, housing, feeding, watering, sanitation, ventilation, shelter from extremes of weather and temperatures, adequate veterinary care, and separation by species for humane handling, care, or treatment of animals; and for the exercise of dogs and for a physical environment adequate to promote the psychological well-being of primates.

With respect to animals in research facilities these standards would include requirements (A) for animal care, treatment, and practices in experimental procedures to ensure that animal pain and distress are minimized, including adequate veterinary care with the appropriate use of anesthetic, analgesic, tranquilizing drugs, or euthanasia; (B) that the principal investigator considers alternatives to any procedure likely to produce pain to or distress in an experimental animal; (C) in any practice which would cause pain to animals (i) that a doctor of veterinary medicine is consulted in the planning of such procedures; (ii) for the use of tranquilizers, analgesics, and anesthetics; (iii) for pre-surgical and post-surgical care by laboratory workers, in accordance with established veterinary medical and nursing procedures; (iv) against the use of paralytics without anesthesia; and (V) that the withholding of tranquilizers, anesthesia, analgesia, or euthanasia when scientifically necessary would continue for only the necessary period of time; (D) that no animal is used in more than one major operative experiment from which it is allowed to recover except in cases of (i) scientific necessity; or (ii) other special circumstances as determined by the Secretary; and (E) that exceptions to such standards may be made only when specified by research protocol and that any exception would be detailed and justified in a report filed with the Institutional Animal Committee (established under the provisions of the bill).

Nothing in the bill would be construed as authorizing the Secretary to promulgate rules, regulations, or orders with regard to the design, outlines, or guidelines of actual research or experimentation by a research facility or Federal research facility. However, the Secretary would require every research facility to show that professionally acceptable standards governing the care, treatment, and practices on animals were being followed by the research facility during research and experimentation. No rule, regulation, order, or part of this bill would require a research facility to disclose publicly or to the Institutional Animal Committee during its inspection, trade secrets or commercial or financial information which is privileged or confidential.

The Secretary would require, at least annually, that every research facility and Federal research facility report that the provisions of the bill were being followed.

These research facilities would provide (A) information on procedures which were likely to produce pain or distress in any animal and assurances demonstrating that the principal investigator considered alternatives to those procedures; (B) assurances satisfactory to the Secretary that the facility was adhering to the standards described in this bill; and (C) an explanation for any deviation from the standards promulgated under this bill.

No State would be prohibited from promulgating standards in addition to those standards promulgated by the Secretary under the bill. (Sec. 2003)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to provide that an attending veterinarian would be responsible for ensuring that dogs receive a reasonable amount of exercise according to general standards promulgated by the Secretary of Agriculture.

The Conferees intend the standards for exercise for dogs to offer a variety of possibilities to allow the animal motion. It could consist of regularly letting the dog out of its cage for a period of time, the use of dog runs, or allowing ample room in animal housing.

The intent of standards with regard to promoting the psychological well-being of primates is to provide adequate space equipped with devices for exercise consist-

ent with the primate's natural instincts and habits.

The Conference substitute also amends the Senate provision to—

(1) except as provided in the Act, prohibit the Secretary from promulgating rules and regulations with regard to designs, outlines, or guidelines of actual research or representations by a research facility as determined by such research facility;

(2) except as provided in the Act, prohibit the Secretary from promulgating rules and regulations or orders with regard to the performance of actual research or experimentation by a research facility as determined by such a research facility;

(3) prohibit the Secretary, during any inspection, to interrupt the conduct of research or experimentation; and

(4) require every research facility and Federal research facility to show upon inspection and to report at least annually that the provisions of this Act are being followed.

While the main purpose of the amendments to the Animal Welfare Act is to improve the authority of the Secretary of Agriculture to insure the proper care and treatment of animals used in research, the conferees are also concerned that responsible research not be interfered with inappropriately. Thus, the conference substitute includes a provision prohibiting federal inspectors from interrupting the conduct of actual research or experimentation. The language establishes the general areas in which the Secretary may promulgate regulations with regard to the conduct of actual research. These circumstances were made clear so that essential research not be impeded. As in the past, the Committee intends that the research facility show that professionally acceptable standards are being followed during the actual research or experimentation.

The Conferees intend that the Secretary of Agriculture will consult with the Secretary of Health and Human Services to avoid duplicative reporting requirements where possible.

The Conferees also intend to allow private research facilities to protect their intellectual property rights from disclosure. If such rights, in the opinion of the owner, may reasonably be compromised or subject to disclosure during an inspection of an institutional Animal Committee, the owner may exclude the committee from inspecting the limited area within the facility during such proprietary activity.

(d) Institutional Animal Committee

The Senate amendment would require the Secretary to require that each research facility establish at least one Institutional Animal Committee. Each Institutional Animal Committee would be appointed by the chief executive officer of each research facility and would be composed of not fewer than three members. These members would possess sufficient ability to assess animal care, treatment, and practices in experimental research, as determined by the needs of the research facility, and would represent society's concerns regarding the welfare of animal subjects used at the facility.

The Institutional Animal Committee would inspect at least semiannually all animal study areas and animal facilities of the research facility and review as part of the inspection practices involving pain to animals, and the condition of animals, in order to ensure compliance with the provisions of this bill and that pain and distress to animals is minimized. Exceptions to the requirement of inspection of study areas could be made by the Secretary if animals were studied in their natural environment and the study area is prohibitive to easy access.

The Institutional Animal Committee must file an inspection certification report of each inspection at the research facility.

In the case of Federal research facilities, a Federal Institutional Animal Committee would be established and would have the same composition and responsibilities. (Sec. 2003.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to delete all references to "Institutional Animal" after the first referral to the Institutional Animal Committee.

(e) Research facility training

Each research facility would provide for annual training for scientists, animal technicians, and other personnel involved with animal care and treatment in the facility. This training would include instruction on the humane practice of animal maintenance and experimentation; research or testing methods that minimize or eliminate the use of animals or limit animals pain or distress; utilization of the information service at the National Agricultural Library, (established under the provisions of the bill); and include methods whereby deficiencies in animal care and treatment should be reported. (Sec. 2003.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to retain training requirements, but delete references to any "annual" training. The Conference substitute also clarifies that such training procedures would be subject to the requirements issued by the Secretary of Agriculture.

The Conferees intend that instruction of research facility employees covered the basic needs of each species appropriate to the conditions of the animals and provide appropriate instructions for scientists as specified in the Act.

All personnel are intended to be acquainted with the provisions of this Act and instructed to report deficiencies promptly to ensure that the institution is in compliance at all times. No employee shall be discriminated against for reporting violations.

(f) Information service

The Secretary would establish an information service at the National Agricultural Library. This service would provide information (A) pertinent to employee training; (B) which could prevent unintended duplication of animal experimentation as determined by the needs of the research facility; and (C) on improved methods of animal experimentation, including methods which could reduce or replace animal use, and minimize pain and distress to animals, such a anesthetic and analgesic procedures. (Sec. 2003.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

The conferee intend that all investigators be provided ready access to methods of research and testing involving fewer or no animals, or reduced pain or distress through the National Agriculture Library in cooperation with the National Library of Medicine. The conferees further intend that the National Agriculture Library maintains a data base of instructional materials to be available to research facilities to enhance uniformity of training.

(g) Loss of Federal funding

In any case in which a Federal agency funding a research project determines that conditions of animal care, treatment, or practice in a particular project have not been in compliance with standards promulgated under this bill, despite notification by the Secretary or the Federal agency to the research facility and an opportunity for correction, the agency must suspend or revoke Federal support. Any research facility losing Federal support would have the right to appeal such loss. (Sec. 2003.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(h) Inspections

The Senate amendment requires the Secretary to inspect each research facility at lease once each year and, in the case of deficiencies or deviations from the standards promulgated under the bill, to conduct such follow-up inspections as may be necessary until all deficiencies or deviations from the standards are corrected. (Sec. 2004.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(i) Penalty for release of trade secrets

The Senate amendment prohibits the release by any member of the Institutional Animal Committee of any confidential information of the research facility including any information that concerns or relates to the trade secrets, processes, operations, style or work, or apparatus, or the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures of the research facility. Members of the Committee would also be prohibited from using or attempting to use to a member's advantage, or to reveal to any other person, any information which is entitled to protection as confidential information under these provisions.

A violation of the confidentiality provisions would be punishable by removal from the Committee, and either a fine of not more than $1,000 and imprisonment of not more than one year, or if the violation is willful, a fine of not more than $10,000 and imprisonment of not more than three years.

Any person, including any research facility, injured in its business or property by reason of a violation of the confidentiality provisions could recover all actual and consequential damages sustained. (Sec. 2005.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

The penalities in this Act are directed toward members of the Institutional Animal Committee which attempt to use facility intellectual property to their own benefit. It is not meant to interfere with standard reporting procedures outlined in this Act, or as determined by the Secretary.

(j) Civil penalties

The Senate amendment increases the amount of civil penalties authorized under the Animal Welfare Act from $1,000 to $2,500 and from $500 to $1,500 for failure to obey a cease and desist order. The criminal penalty is increased from $1,000 to $2,500. (Sec. 2006).

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(k) Definitions

The Senate amendment defines (A) the term "Federal agency" to mean an Executive agency, and with respect to any research facility, it means the agency from which the research facility receives a Federal award for the conduct of research, experimentation, or testing, involving the use of animals; (B) the term "quorum" to mean a majority of the Committee members; and (C) the "Federal research facility" to mean each department, agency, or instrumentality of the United States which uses live animals for research or experimentation.

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to define the term "Federal Award" as any mechanism under which Federal funds are used to support the conduct of research.

The Conferees expect the Secretary of Agriculture to have full responsibility for enforcement of the Animal Welfare Act. However, the Conferees also recognize that a portion of the nation's reseach facilities fall under regulation from more than one agency. While the legislative mandate of each agency is different, and they may regulate different aspects of animal care, it is hoped that the agencies continue an open communications to avoid conflicting regulations wherever possible or practice.

(l) Effective date

The Senate amendment provides that these provisions in the bill would take effect 1 year after enactment of the bill.

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

The Conferees are aware that zoological institutions already comply with humane care, handling, and transportation regulations promulgated pursuant to the Endangered Species Act, the Marine Mammal Protection Act, and the Migratory Bird Treaty Act. The permitting system established under these statutes are not considered to be Federal awards by this Act. The conferees do not intend for this Act to alter the Secretary's determination in regard to the classification of zoological institutions as research facilities.

The conferees intend for the definition of pain to be pain other than slight or momentary, such as that caused by injections or other minor procedures.

The conferees recognize past difficulties in supplying Animal and Plant Health Inspection Service inspectors with adequate training. It is intended by the conferees that additional training will be provided.

SUBTITLE G—MISCELLANEOUS

(1) Commodity Credit Corporation storage contracts

The House bill amends the Commodity Credit Corporation Charter Act to require that any contract entered into by the Corporation for the use of a storage facility provide (i) that the rental rate charged for an extended term in excess of one year shall be at an annual rate less than that which is charged for a one-year contract; (ii) that any obligation of the Corporation to pay for the use of any space in a facility shall be relieved to the extent that the Corporation does not use the space and payment is made by another person for the use of such space; and (iii) if the Corporation determines that it no longer needs the space reserved in the facility, the Corporation may be relieved, for the remaining term of the contract, of its obligations to an extent and in a manner that will provide significant savings to the Corporation while permitting the owner of the facility reasonable time to lease such space to another person. (Sec. 1875.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision.

(2) Emergency feed program

The House bill amends the Food and Agriculture Act of 1977 to expand eligibility, under the Emergency Feed Program to include a person that does not have sufficient feed that has adequate nutritive value and is suitable for each person's particular types of livestock, rather than, as under current law, if the person does not have feed sufficient for such person's livestock. (Sec. 1877.)

The Senate amendment amends section 407 of the Agricultural Act of 1949 to provide that the Commodity Credit Corporation (i) may make feed for livestock available to persons unable to obtain feed without undue financial hardship in areas in which feed grains are normally produced and normally available for feed purposes, but in which they are unavailable because of a catastrophe described in the section; (ii) may make such feed available to such persons through feed dealers in the areas; (iii) shall make such feed available at a price not less than 75 percent of the basic county loan rate; and (iv) shall bear any expenses incurred in connection with making such feed available to such persons under this provision, including transportation and handling costs. (Sec. 1951.)

The Conference substitute adopts both the House provision and the Senate paragraph.

(3) Controlled substances production control

The House bill provides that, notwithstanding any other provision of law, any person, corporation, or other legal entity convicted under Federal or State law of planting, growing, cultivating, producing, storing, or harvesting cannabis (marijuana) or other prohibited drug-producing plant on any part of the lands owned or controlled by such person or entity, or of permitting any such activity on lands owned or controlled by the person or entity, shall be ineligible for the year (or years) in which the illegal activity occurs to receive any benefits under any loan, purchase, payment, indemnity, land diversion, conservation, or other program administered by the Department of Agriculture for the benefit of agricultural producers. (Sec. 1878.)

The Senate amendment defines the term "controlled substance" as having the same meaning given such term in section 102(6) of the Controlled Substances Act; the term "Secretary" to mean the Secretary of Agriculture; and the term "State" to mean each of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific Islands.

The Senate amendment provides that, notwithstanding any other provision of law, following the date of enactment of the bill, any person who is convicted under Federal or State law of planting, cultivation, growing, or harvesting of a controlled substance in any crop year shall be ineligible for—

(1) as to any commodity produced during that crop year, and the four succeeding crop years, by such person—(A) any price support or payment made available under the Agricultural Act of 1949, the Commodity Credit Corporation Charter Act, or any other Act; (B) a farm storage facility loan made under the Commodity Credit Corporation Charter Act; (C) crop insurance under the Federal Crop Insurance Act; (D) a disaster payment made under the Agricultural Act of 1949; or (E) a loan made, insured or guaranteed under the Consolidated Farm and Rural Development Act or any other provision of law administered by the Farmers Home Administration; or

(2) a payment made under the Commodity Credit Corporation Charter Act for the storage of an agricultural commodity that is—(A) produced during that crop year, or any of the four succeeding crop years, by such person; and (B) acquired by the Commodity Credit Corporation.

The Senate amendment provides that not later than 180 days after the date of enactment of the bill, the Secretary shall issue such regulations as the Secretary determines are necessary to carry out this provision, including regulations that (1) define the term "person"; (2) govern the determination of persons who shall be ineligible for program benefits under this section; and (3) protect the interests of tenants and sharecroppers. (Sec. 1936.)

The Conference Substitute adopts the Senate provision with an amendment to add storing and producing of a controlled substance to the list of actions which would trigger the penalty.

(4) Lead additives in farm fuel

(a) The House bill requires the President, acting through the Secretary of Agriculture, and the Administrator of the Environmental Protection Agency to promptly initiate a study of the use of fuel containing lead additives in certain gasoline engines. (Sec. 1881.)

The Senate amendment contains a similar provision but requires the Administrator of the Environmental Protection Agency and the Secretary of Agriculture to jointly study the use of fuel containing alternative lubricating additives, in addition to lead additives, in certain gasoline engines. (Sec. 1935.)

The Conference substitute adopts the Senate provision.

(b) The House bill provides that for purposes of the study, the appropriate lead agency designated by the President is authorized to enter into such contracts under applicable law and other arrangements as may be appropriate to obtain the necessary technical and other information. (Sec. 1881.)

The Senate amendment contains a similar provision but authorizes both the Administrator of the Environmental Protection Agency and the Secretary of Agriculture to enter into such contracts and arrangements. (Sec. 1935.)

The Conference substitute adopts the Senate provision.

(c) The House bill provides that the results of the study would be published in the Federal Register not later than January 1, 1987 for written comments, and would be submitted to Congress within 90 days after such publication. The report would contain the results of the study, together with a summary of any public comments received, and recommendations on the need for lead additives in gasoline to be used by agricul-

tural machinery. The report would be submitted only while both Houses of Congress are in session. (Sec. 1881.)

The Senate amendment provides that not later than January 1, 1987 (A) the Administrator of the Environmental Protection Agency and the Secretary of Agriculture must publish the results of the study; and (B) the Administrator must publish in the Federal Register notice of the publication of the study and a summary. After notice and opportunity for hearing, but not later than 6 months after publication of the study, the Administrator must make findings and recommendations on the need for lead additives in gasoline to be used on a farm for farming purposes including a determination of whether a modification of the regulations limiting lead content of gasoline would be appropriate in the case of gasoline used on a farm for farming purposes. The Administrator must submit to the President and Congress a report containing (A) the study; (B) a summary of the comments received during the public hearing (including the comments of the Secretary); and (C) the findings and recommendations of the Administrator. (Sec. 1935.)

The Conference substitute adopts the Senate provision.

(d) The House bill requires that any regulation issued under any provision of law before or after the date of enactment of this provision regarding the control or prohibition of lead additives in gasoline would be amended to provide that the average lead content per gallon of gasoline distributed and sold for use on a farm for farming purposes would not be less than 0.5 gram per gallon. The House bill states that the purpose of the amendment is to ensure that adequate supplies of gasoline containing sufficient lead additives to protect and maintain farm machinery will be available in all States for use on farms for farming purposes. Nothing in these provisions would affect the control of lead or lead additives in gasoline distributed and sold for other uses.

The House bill defines the term "gasoline used on a farm for farming purposes" to be the same meaning as when used in section 6420 of the Internal Revenue Code of 1954. (Sec. 1881.)

The Senate amendment provides that until January 1, 1988, no regulation of the Administrator of the Environmental Protection Agency issued under section 211 of the Clean Air Act regarding the control or prohibition of lead additives in gasoline may require an average lead content per gallon that is less than 0.1 of a gram per gallon. (Sec. 1935.)

The Conference substitute adopts the Senate provision.

(e) The House bill provides that, effective not earlier than 4 months after the date on which the report is submitted to Congress the regulations which, beginning on January 1, 1986, are generally applicable to control the level of lead additives in gasoline, would apply to gasoline used on farms for farming purposes whenever the Administrator of the Environmental Protection Agency publishes a notice thereof unless it is determined by the Administrator on the basis of the study conducted that a level of 0.5 grams per gallon (or some other level) is appropriate in the case of gasoline used on a farm for farming purposes to protect and maintain agricultural machinery specified by the Secretary of Agriculture. (Sec. 1881.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the Senate provision.

(f) The Senate amendment requires that—

(1) between January 1, 1986, and December 31, 1987, the Administrator must monitor the actual lead content of leaded gasoline sold in the United States;

(2) the Administrator must determine the average lead content of such gasoline for each 3-month period between January 1, 1986, and December 31, 1987;

(3) if the actual lead content falls below an average of 0.2 of a gram of lead per gallon in any such 3-month period, the Administrator must (A) report to Congress; and (B) publish a notice thereof in the Federal Register. (Sec. 1935.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(g) The House bill authorizes to be appropriated such sums as may be necessary to carry out the required study and provides that such sums would remain available for such purposes until expended. In order not to delay the study, the Department of Agriculture and the Environmental Protection Agency should take immediate action with available funds to initiate the study. (Sec. 1881.)

The Senate amendment authorizes to be appropriated $1,000,000, to be available without fiscal year limitation. (Sec. 1935.)

The Conference substitute adopts the Senate provision.

(5) Potato Advisory Commission

The House bill provids that it is the sense of Congress that (A) the Secretary of Agriculture should take actions based on the recommendations of the potato advisory committee established by the Secretary on an ad hoc basis; (b) such actions should address industry concerns including trade, quality inspections, and pesticide use; (C) such committee should meet biannually; and (D) the recommendations and actions of such committee should be reported to the Chairmen of the House and Senate agriculture committees, and to the public. (Sec. 1883.)

The Senate amendment contains no comparable provision.

The Conference substitute adopts the House provision with an amendment declaring the sense of Congress that the Secretary should consider the recommendations of the potato advisory panel established by the Secretary on an ad hoc basis; that the advisory panel should address industry concerns, to the extent practicable, including trade, quality inspections, and pesticide use; the panel should meet periodically; and the recommendations of the panel may be reported, to the Chairman of the Senate and House agriculture committees, and to the public.

(6) Viruses, serums, toxins, and analogous products

(a) The Senate amendment amends the Virus-Serum-Toxin Act to make it unlawful for any person, firm, or corporation to ship or deliver for shipment in intrastate, as well as interstate, commerce any worthless, contaminated, dangerous, or harmful virus, serum, toxin, or analogous product intended for use in the treatment of domestic animals. The Senate amendment also expands the authority of the Secretary of Agriculture to make and promulgate rules and regulations to carry out this Act. (Sec. 1121.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(b) The Senate amendment provides the Secretary authority, in order to meet an emergency condition, limited market or local situation, or other special circumstance (including production solely for intrastate use under a State-operated program) to issue a special license (to prepare a virus, serum, toxin analogous product) under expedited procedures on such conditions as are necessary to assure purity, safety, and a reasonable expectation of efficacy. The Secretary must exempt by regulation from the requirement of preparation pursuant to an unsuspended and unrevoked license any virus, serum, toxin, or analogous product prepared by any person, firm, or corporation (1) solely for administration to animals of such person, firm, or corporation; (2) solely for administration to animals under a veterinarian-client-patient relationship in the course of the State licensed professional practice of veterinary medicine by such person, firm, or corporation; or (3) solely for distribution within the State of production pursuant to a license granted by such State under a program determined by the Secretary to meet criteria under which the State (A) may license virus, serum, toxin, and analogous products and establishments that produce such products; (B) may review the purity, safety, potency, and efficacy of such products prior to licensure; (C) may review product test results to assure compliance with applicable standards or purity, safety, and potency, prior to release to the market; (D) may deal effectively with violations of State law regulating virus, serum, toxin, and analogous products; and (E) exercises the authority referred to in clauses (A) through (D) consistent with the intent of the Virus, Serum, Toxin Act of prohibiting the preparation, sale, barter, exchange, or shipment of worthless, contaminated, dangerous, or harmful virus, serum, toxin, or analogous products. (Sec. 1923.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(c) The Senate amendment authorizes employees of the Department of Agriculture to enter and inspect any establishment where any virus, serum, toxin, or analogous product is prepared (instead of only licensed establishments as under the Act).

The procedures of sections 402, 403, and 404 of the Federal Meat Inspection Act (relating to detentions, seizures, and injunctions) would apply to the enforcement of the Virus, Serum, Toxin Act with respect to any product, prepared, sold, bartered, exchanged, or shipped in violation of such Act or a regulation promulgated under such Act. The provisions (including penalties) of section 405 of the Federal Meat Inspection Act (relating to assaulting or interfering with officials carrying out the Act) would also apply to the performance of official duties under the Virus, Serum, Toxin Act. (Sec. 1923.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(d) The Senate amendment includes findings of Congress to the effect that the products and activities that are regulated under the Virus, Serum, Toxin Act are either in interstate or foreign commerce or substantially affect such commerce or the free flow thereof and regulation of the products and activities as provided in such Act is necessary to prevent and eliminate burdens on

such commerce and to effectively regulate such commerce. (Sec. 1923.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(e) The Senate amendment provides that subject to the provisions outlined below, the case of person, firm, or corporation preparing, selling, bartering, exchanging, or shipping a virus, serum, toxin or analogous product during the 12-month period ending on the date of enactment of the bill solely for intrastate commerce, or for exportation, such product would not after the date of enactment, as a result of its not having been licensed or produced in a licensed establishment, be considered in violation of the Virus-Serum-Toxin Act until the first day of the 49th month following the date of enactment.

The exemption granted above may be extended by the Secretary for a period up to 12 months in an individual case on a showing by a person, firm, or corporation of good cause and a good faith effort to comply with the Act with due diligence.

However, the exemption granted in this paragraph must be claimed by the person, firm, or corporation preparing such product by the first day of the 13th month following the date of enactment, in the form and manner prescribed by the Secretary, unless the Secretary grants an extension of the time to claim such exemption in and individual case for good cause shown.

On the issuance by the Secretary of a license to such person, firm, or corporation for such product prior to the first day of the 49th month following the date of enactment of the bill, or the end of an extension of the exemption granted by the Secretary, the exemption granted in this paragraph would terminate with respect to such product. (Sec. 1923.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate Provisions. The conference expects the Department of Agriculture to exercise its authority under these amendments to assure the continued availability of veterinary biologics manufactured in the United States and sold exclusively to foreign countries in which they are approved for use in the treatment or prevention of animal diseases.

In order to assist existing intrastate producers in making the transition to Federal licensing, and to offer new companies ready opportunities for Federal licensing, the Conferees expect the Department of Agriculture to establish a program under which companies can be licensed as an establishment and to produce autogenous bacterins without the necessity of previously obtaining a license for some other product.

(7) Authorization for appropriations for Federal Insecticide, Fungicide and Rodenticide Act

The Senate amendment amends the Federal Insecticide, Fungicide, and Rodenticide Act to authorize appropriations of $57,067,300 to carry out such Act for the period beginning October 1, 1985, and ending September 30, 1986. (Sec. 1920.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate Provision with an amendment to authorize appropriations of $68,604,200 of which not more than $11,993,100 would be for research.

(8) User fees for reports, publications and software

The Senate amendment amends section 1121 of the Agriculture and Food Act of 1981 to authorize the Secretary of Agriculture to furnish, on request, copies of software programs, pamphlets, reports, or other publications, regardless of their form, including electronic publications, prepared in the Department of Agriculture in carrying out any of its missions or programs, and to charge such fees therefor as the Secretary determines are reasonable. The imposition of such charges must be consistent with section 9701 of title 31, United States Code. All moneys received in payment for work or services performed, or for software programs, pamphlets, reports, or other publications provided, would be available until expended to pay directly the costs of such work, services, software programs, pamphlets, reports, or publications, and may be credited to appropriations or funds that incur such costs. (Sec. 1922.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate amendment.

(9) Confidentiality of information

Both the House bill and the Senate amendment provide for maintaining the confidentiality of information submitted under certain statutes. The House bill includes among the specified statutes section 2 of the joint resolution entitled "Joint resolution relating to the publication of economic and social statistics for Americans of Spanish origin or descent", approved June 16, 1976 (15 U.S.C. 1516a). (Sec. 1030.)

The Senate amendment includes among the specified statutes (1) the first section of the Act entitled "An Act to provide for the collection and publication of statistics of peanuts by the Department of Agriculture", approved June 24, 1936 (7 U.S.C. 951); and (2) section 4 of the Act entitled "An Act to establish the Department of Commerce and Labor", approved February 14, 1903 (15 U.S.C. 1516). (Sec. 1925.)

The House bill contains no comparable provisions.

The Conference substitute adopts the Senate provision with an amendment to include the statute (contained in the House provision) entitled "Joint resolution relating to the publication of economic and social statistics for Americans of Spanish origin or descent", approved June 16, 1976.

(10) Land conveyance to Irwin County, Georgia

The Senate amendment authorizes and directs the Secretary of Agriculture to execute and deliver to the Board of Education of Irwin County, Georgia a quitclaim deed conveying and releasing all right, title, and interest of the United States of America in and to a 0.303 acre tract of land, together with improvements, located in Irwin County, Georgia. (Sec. 1937.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(11) National Tree Seed Laboratory

The Senate amendment provides that fees received by the National Tree Seed Laboratory, administered by the Forest Service, for tree seed testing services would be retained and used as a reimbursement to current appropriations to cover the costs of providing such services. (Sec. 1938).

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision.

(12) Control of grasshoppers and Mormon Crickets on public lands

The Senate amendment requires the Secretary of Agriculture to carry out a program to control grasshoppers and Mormon Crickets on all Federal lands. Under the program, the Secretary of Agriculture would expend or transfer, and the Secretary of the Interior would also transfer to the Secretary of Agriculture, funds for the prevention, suppression, control, or eradication of actual or potential grasshopper and Mormon Cricket outbreaks on lands under the jurisdiction of the Federal Government.

The Secretary of Agriculture would pay out of appropriated funds made available to the Secretary of Agriculture or transferred to the Secretary of Agriculture by the Secretary of the Interior, (A) 100 percent of the cost of grasshopper or Mormon Cricket control on Federal lands; (B) 50 percent of the cost of such control on State lands; and (C) 33.3 percent of the cost of such control on private lands. (Sec. 1947.)

The House bill contains no comparable provision.

The Conference substitute adopts the Senate provision with an amendment to (1) delete reference to the eradication of grasshopper and Mormon Cricket outbreaks; (2) delete reference to the number of grasshoppers per square yard in connection with infestation levels; and (3) limits the use of funds transferred from the Department of the Interior solely to public lands under the jurisdiction of the Department of the Interior.

(13) Ethanol and Strategic Ethanol Reserve

The House bill requires the Secretary of Agriculture to establish, maintain, and utilize a Strategic Ethanol Reserve. Within 180 days after the date of enactment of this provision, the Secretary must prepare and transmit to the Congress a Strategic Ethanol Reserve Plan which details the Department of Agriculture's proposal for designing, constructing, filling, maintaining, and operating the storage and related facilities of the Reserve. The Secretary shall design the Plan to assure, to the maximum extent practicable, that the Reserve will provide the Federal Government with immediate access to ethanol in any case in which the President declares that it is needed to assist in meeting the energy needs of the Nation.

Under the House bill the Plan shall include (A) a comprehensive environmental assessment; (B) a description of the type and proposed location of each storage facility proposed to be included in the Reserve; (C) an estimate of the volumes of ethanol proposed to be stored in such storage facility; (D) a program schedule for overall development and completion of the Reserve (taking into account all relevant factors, including cost effectiveness, the need to construct related facilities, and the ability to obtain sufficient quantities of ethanol to fill the storage facilities to the proposed storage levels); (E) an estimate of the direct cost of the Reserve, including certain specified costs; (F) a distribution plan setting forth the method and manner of drawdown and distribution to be utilized with respect to the Reserve.

To the extent necessary or appropriate to implement the Plan, the Secretary is required by the House bill to prescribe regulations and subject to the availability of funding in the account (A) acquire by purchase, condemnation, or otherwise, land and inter-

ests in land, and improvements thereon for the location of storage and related facilities; (B) construct, purchase, lease, or otherwise acquire storage and related facilities; (C) use, lease, maintain, sell, or otherwise dispose of storage and related facilities acquired pursuant to this provision; (D) acquire by purchase, exchange, or otherwise, ethanol for storage in the Reserve; (E) execute any contracts necessary to carry out the provisions of such Plan; (F) maintain, operate, test, protect, and conserve the Reserve; and (G) bring an action, whenever the Secretary deems it necessary to implement the Plan to acquire by condemnation any real or personal property, including facilities, temporary use of facilities or other interests in land, together with any personal property located thereon or used therewith.

Before any condemnation proceedings are instituted, a reasonable effort shall be made to acquire the property involved by negotiation. The Secretary shall, for purposes of implementing the Plan, obtain, store, and transport only ethanol which is produced in the United States from grain grown in the United States.

The Secretary shall, to the extent funds or Commodity Credit Corporation stocks are available, fill the Reserve at certain minimum required fill rates in fiscal years 1986, 1987, 1988, and at least 10,000,000 barrels in each succeeding fiscal year until the barrels in the Reserve equal at least 10 percent of the number of barrels of petroleum product stored in the Strategic Petroleum Reserve.

In the fiscal year 1986, the Secretary, without additional appropriations, shall operate and fill the Reserve using the accumulated stock held by the Commodity Credit Corporation as payment-in-kind for the purchase of ethanol. Depending on the level of funds in the Strategic Ethanol Reserve Account and the amount of accumulated stocks held by the Commodity Credit Corporation, the Secretary may use a payment-in-kind program to fill the ethanol reserve for all years after fiscal year 1986. If a payment-in-kind program is used, no ethanol for that fiscal year shall be purchased from funds in the Strategic Ethanol Reserve Account.

The Secretary may withdraw and distribute ethanol from the Reserve only as a result of a declaration made by the President to meet U.S. energy needs or for periodic testing of the storage and distribution system; except that no such drawdown and distribution may be conducted until all ethanol withdrawn from the Reserve in the most recent test drawdown has been replaced. The Secretary may (A) restrict the use, exchange, or resale of ethanol withdrawn from the Reserve; (B) require the prompt processing, refining, or delivery of the ethanol or products derived from such ethanol; and (C) require the allocation of products refined from ethanol withdrawn from the Reserve. Ethanol in the Reserve may not be sold, exchanged, or otherwise disposed of for a price less than market value.

The House bill establishes an account designated as the "Strategic Ethanol Reserve Account". Revenues from the sale or other disposal of ethanol from the Reserve and such sums as may be appropriated would be credited to the account. Funds credited to such account shall as provided for in appropriations be utilized by the Secretary for (A) the procurement of ethanol for the Reserve; (B) the construction and operation of facilities associated with the Reserve; (C) the drawdown and distribution of the Reserve; and (D) the maintenance and operation of the Reserve.

The House bill provides that the Secretary shall, beginning not later than Janaury 1, 1987, transmit an annual report to the Congress with a detailed accounting of the activities carried out under this provision including certain specified items. (Sec. 1885.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision with an amendment requiring the Secretary of Agriculture to conduct a study of the cost effectiveness, the economic benefits, and the feasibility of establishing, maintaining, and utilizing a Strategic Ethanol Reserve relative to the existing Strategic Petroleum Reserve.

The study will be completed within one year after the enactment of the bill and will include, among other considerations—(1) the benefits and losses related to the U.S. economy, farm income, employment, government commodity programs, and the trade deficit of utilizing a Strategic Ethanol Reserve, as opposed to the Stretegic Petroleum Reserve; and (2) the savings from storing ethanol as opposed to storing the amount of CCC-held grain necessary to produce the ethanol.

If the study shows that the Strategic Ethanol Reserve is cost effective, beneficial to the U.S. economy, and feasible in comparison with the Strategic Petroleum Reserve, the Secretary of Agriculture may establish, maintain, and utilize a Strategic Ethanol Reserve.

(14) Department of Defense land

The House bill requires that, notwithstanding any other provision of law, land owned by or under control of the Department of Defense or any agency thereof, that is leased for the production of agricultural commodities, shall not be eligible for participation in any program administered by the Department of Agriculture. (Sec. 1880.)

The Senate amendment contains no comparable provision.

The Conference substitute deletes the House provision. The conferees expect that the Department of Agriculture will not, directly or indirectly, make payments, or extend loans, to lessees of land leased from the Department of Defense (DOD) for the production of agricultural commodities. The conferees expect that the Secretary of Agriculture will work with the Secretary of Defense to terminate at an early date the eligibility of property under the ownership or control of Department of Defense for participation in farm commodity programs administered by the Secretary of Agriculture and to submit a report to Congress as soon as practicable addressing the matter.

(15) Control of agricultural losses caused by depredating animals

The Senate amendment provides that the authority of the Secretary of Agriculture to control agricultural losses from depredating animals would not be limited by Reorganization Plan II of 1939, nor by any other executive action taken pursuant to the Reorganization Act of 1939 (or any successor statute to the Act of 1939). (Sec. 1939.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(16) Transfer of agricultural products stored in warehouses

The Senate amendment provides that if a warehouseman lacks sufficient space to store the agricultural products of all depositors in a licensed warehouse, the warehouseman may, in accordance with regulations issued by the Secretary of Agriculture, and subject to such terms and conditions as the Secretary may prescribe, transfer stored agricultural products for which receipts have not been issued out of the warehouse to another licensed warehouse for continued storage.

The warehouseman of a licensed warehouse to which agricultural products have been transferred would deliver to the rightful owner of products, on request, at the licensed warehouse where first deposited, the products in the amount, and of the kind, quality, and grade, called for by the receipts or other evidence of storage of such owner. (Sec. 1928.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(17) Exclusion of liquidation proceeds from family contribution computation

The Senate amendment requires the Secretary of Education, within 30 days after the date of enactment of the bill, to promulgate special regulations to permit, in the computation of family contributions in connection with determining a student's need for financial assistance for any academic year beginning on or after July 1, 1985, the exclusion from family income of any proceeds of a sale of farm or business assets of that family if the sale results from a voluntary or involuntary foreclosure, forfeiture, or bankruptcy. (Sec. 1933.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

(18) National Advisory Commission on Rural America

(a) Findings and purposes

The Senate amendment declares the findings of Congress to the effect that the farm crisis, including the decline in farm income, farm property values, and available credit, is having serious adverse effects on rural enterprises dependent on the farm industry; rural enterprises and the farm industry are the mainstay of the rural tax base; the farm crisis foreshadows a crisis of governance in rural America; rural communities throughout the United States dependent on a single form of economic activity—agriculture, forestry, mining, manufacturing or tourism—are part of this emerging crisis of governance which, if unabated, will undermine the fiscal capacity of rural government and the ability to provide basic public services including education, health, housing, police, and other emergency services; the relationship between the declining rural economy and the provision of basic public services in rural communities is not well understood or documented; and an independent analysis of the relationship is necessary to determine the appropriate roles and responsibilities of all levels of government in responding to this emerging problem.

The purpose of this subtitle is to create a National Advisory Commission on Rural America to conduct a study and report to the President and Congress on conditions in rural America and relate those trends and problems to the provision of public services by Federal, State, and local governments. (Sec. 1971.)

(b) Establishment of Commission

The Senate amendment would establish a National Advisory Commission on Rural America composed of twenty-one members to study conditions in rural areas of the United States. Fifteen members would be appointed by the President, three by the President pro tempore of the Senate, and three by the Speaker of the House of Representatives as follows: The President would be required to appoint three Federal officials and twelve private citizens or elected officials or employees of State of local governments. All of the persons appointed by the President would be required to possess expertise in conditions in rural areas of the United States. The three Federal officials appointed would include the Secretary of Agriculture, the Assistant to the President for Intergovernmentals Affairs, and one other individual representing a Federal entity. Economic, agricultural, small business, and employee interests would be represented by one member each. Rural service delivery interests, State governments, local and regional governments, and a State-recognized consortia of local governments would be represented by two members each. The President pro tempore of the Senate and Speaker of the House of Representatives would be required to appoint three members each from the Senate and the House of Representatives, respectively, who are members of committees with jurisdiction over, or special concern for, conditions in rural areas of the United States and intergovernmental relations. No more than two appointees to the Commission from either by could be members of the same political party. Vacancies on the Commission would be filled in the same manner as the original appointment. The Commission would elect a Chairman from among its members, and would meet at the call of the Chairman or of a majority of the members of the Commission. (Sec. 1972.)

(c) Study

The Senate amendment requires the Commission to study conditions in rural areas of the United States and the relationship of such conditions to the provision of public services by Federal, State, and local governments. The study would be required to include an analysis of—

(1) social and economic indicators which reflect the declining rural economy, including economic and demographic trends and rural and agricultural income and debt;

(2) trends and fiscal conditions of rural local governments;

(3) trends and patterns in the delivery or rural public services;

(4) the impact on the rural economy and delivery of public services in rural areas of deregulation of transportation, telecommunications, and banking; and

(5) trends and patterns of Federal, State, and local government financing, delivery, and regulation of public services in rural areas of the United States. (Sec. 1973.)

(d) Administration

The Senate amendment authorizes the Commission to hold hearings, administer oaths, issue subpoenas, and receive testimony and other evidence. Members of the Commission would serve without compensation except that members on the Commission who are private citizens would be allowed travel expenses, including per diem. Subject to advance appropriation of funds and Commission rules, but without regard to federal classification or pay restrictions, the Chairman of the Commission could appoint a director and such additional staff as the Commission deems necessary. The Secretary of Agriculture would be required, and other executive agencies and the General Accounting Office would be authorized, to furnish personnel and support services without reimbursement by the Commission. The Commission would be required to keep records of its activities and disposition of funds for audit by the Comptroller General. The Commission would be exempt from Federal performance appraisal requirements and from provisions of the Federal Advisory Committee Act which govern the duration of such committees and impose upon advisory committees staff salary guidelines promulgated by the General Services Administration, and the requirement that such committees meet only with advance approval, and in the presence, of a designated Federal official who has authority to adjourn any meeting. (Sec. 1974.)

(e) Report

The Senate amendment requires the Commission, not later than one year after its establishment, to submit to the President and Congress its findings and recommendations including:

(1) how changes in the rural economy affect rural local governments;

(2) measures of rural distress resulting from changes in the rural economy;

(3) the extent to which distress in rural communities affects their ability to raise revenues, sustain employment, maintain infrastructure, and deliver adequate public services;

(4) a description of the programs and policy instruments available to Federal, State, and local governments to address distress in rural communities;

(5) the development of a framework within which to analyze such policy instruments;

(6) a comparative analysis of each of the instruments using this framework;

(7) how Federal and State governments can mitigate the decline in economic conditions in rural America; and

(8) the appropriate role of Federal, State, and local governments in assuring continued provision of basic public services, including education, health, housing, police, and other emergency service.

The Commission would be prohibited from commenting on legislation pending before Congress except upon request of a Committee Chairman. (Sec. 1975.)

(f) Authorization of appropriations

The Senate amendment authorizes appropriations of $800,000 to carry out this subtitle. To the maximum extent practicable, the subtitle would be carried out using funds otherwise available to the Secretary of Agriculture for the expenses of advisory committees. (Sec. 1976.)

(g) Termination

The Senate amendment provides that the authority under this subtitle and the Commission would terminate 60 days after the submission of the Commission's report. (Sec. 1977.)

The House bill contains no comparable provision.

The Conference substitute deletes the Senate provision.

From the Committee on Agriculture:

E DE LA GARZA,
THOMAS S. FOLEY,
ED JONES,
CHARLES ROSE,
BERKLEY BEDELL
(on all matters except title VIII of the House bill and modifications thereof committed to conference),
LEON E. PANETTA,
JERRY HUCKABY,
CHARLES WHITLEY
(on all matters except subtitle A of title X, section 1022, section 1314, and subtitle C of title XVIII of the House bill and modifications thereof committed to conference, and section 1947 and title XX of the Senate amendment),
TONY COELHO,
EDWARD R. MADIGAN,
JAMES M. JEFFORDS,
E. THOMAS COLEMAN
(on all matters except titles II, IV, V, IX, XVI, and XVII, and section 1862 of the House bill and modifications thereof committed to conference),

LARRY J. HOPKINS,
ARLAN STANGELAND,
CHARLES HATCHER
(in lieu of Mr. Bedell, solely for consideration of title VIII of the House bill and modifications thereof committed to conference),
CHARLES W. STENHOLM
(in lieu of Mr. Whitley, solely for consideration of subtitle A of title X of the House bill and section 1314 and modifications committed to conference; and additional conferee solely for consideration of subtitle D of title XI of the House bill and modifications committed to conference),
TERRY L. BRUCE
(in lieu of Mr. Whitley, solely for consideration of section 1022 of the House bill and modifications thereof committed to conference),
HAROLD L. VOLKMER
(in lieu of Mr. Whitley, solely for consideration of subtitle C of title XVIII of the House bill and modifications

thereof committed to conference),
RICHARD H. STALLINGS
(in lieu of Mr. Whitley, solely for consideration of section 1947 of the Senate amendment),
GEORGE E. BROWN, JR.
(in lieu of Mr. Whitley, solely for consideration of title XX of the Senate amendment),
BILL EMERSON
(in lieu of Mr. Coleman of Missouri, solely for consideration of titles IX, XV, XVI, and XVII of the House bill and modifications thereof committed to conference),
STEVE GUNDERSON
(in lieu of Mr. Coleman of Missouri, solely for consideration of title II of the House bill and modifications thereof committed to conference),
SID MORRISON
(in lieu of Mr. Coleman of Missouri, solely for consideration of section 1862 of the House bill and modifications thereof committed to conference),
BOB SMITH
(in lieu of Mr. Coleman of Missouri, solely for consideration of titles IV and V of the House bill and modifications thereof committed to conference),
PAT ROBERTS
(additional conferee, solely for consideration of subtitle D of title XI of the House bill and modifications committed to conference),

From the Committee on Merchant Marine and Fisheries:
(Additional conferees, solely for consideration of subtitle D of title XI of the House bill and modifications committed to conference):

WALTER B. JONES
(and additional conferee, solely for consideration of title XX, section 1434, and sections 1201-1203 of the House bill and modifications committed to conference),
MARIO BIAGGI,
GLENN M. ANDERSON,
JAMES L. OBERSTAR,
WILLIAM J. HUGHES,
MIKE LOWRY,
NORMAN F. LENT
(and additional conferee, solely for consideration of title XX, section 1434, and sections 1201-1203 of the House bill and modifications committed to conference),
GENE SNYDER,
DON YOUNG
(and additional conferee, solely for consideration of title XX, section 1434, and sections 1201-1203 of the House bill and modifications committed to conference),
ROBERT W. DAVIS,

(Additional conferees, solely for consideration of title XX, section 1434, and sections 1201-1203 of the House bill and modifications committed to conference):

JOHN BREAUX,
GERRY E. STUDDS,
JACK FIELDS,

From the Committee on Foreign Affairs:
(Additional conferees, solely for consideration of title XI, sections 1025, 1421, 1423, and 1431 of the House bill, title I, sections 903, 1932, 1943, 1949, and 1952 of the Senate amendment, and modifications committed to conference):

DANTE B. FASCELL,
LEE H. HAMILTON,
DON BONKER,
SAM GEJDENSON,
PETER H. KOSTMAYER
(except subtitle D of title XI of the House bill and modifications committed to conference),
BUDDY MACKAY
(except subtitle D of title XI of the House bill and modifications committed to conference),
WM. BROOMFIELD,
BENJAMIN A. GILMAN
(except subtitle D of title XI of the House bill and modifications committed to conference),
TOBY ROTH,
DOUG BEREUTER,

From the Committee on Ways and Means:
(Additional conferees, solely for the consideration of sections 107(d), 108(b), 113, 1002, 1929, 1952, 1953, and 1955 of the Senate amendment and modifications committed to conference):

SAM GIBBONS,
ED JENKINS,
Managers on the Part of the House.

Managers on the Part of the Senate.

TAX REFORM ACT OF 1985

The SPEAKER. Pursuant to House Resolution 343 and rule XXIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the consideration of the bill, H.R. 3838.

□ 1507

IN THE COMMITTEE OF THE WHOLE

Accordingly the House resolved itself into the Committee of the Whole House on the State of the Union for the consideration of the bill (H.R. 3838) to reform the Internal Revenue laws of the United States. with Mr. NATCHER in the chair.

The Clerk read the title of the bill.

The CHAIRMAN. Pursuant to the rule, the first reading of the bill is dispensed with.

Under the rule, the gentleman from Illinois [Mr. ROSTENKOWSKI] will be recognized for 1 hour and 30 minutes and the gentleman from Tennessee [Mr. DUNCAN] will be recognized for 1 hour and 30 minutes.

The Chair now recognizes the gentleman from Illinois [Mr. ROSTENKOWSKI].

Mr. ROSTENKOWSKI. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, the Committee on Ways and Means brings to the floor H.R. 3838, the "Tax Reform Act of 1985."

The bill we present today sets forth the most far-reaching range of amendments to the Tax Code ever written. It is the most complex bill we have ever written. And it is the most hard-won bill we have ever written.

Our work began when the Treasury announced its first proposal just over a year ago. Like any campaign of such intensity and duration, the writing of tax reform has had times of great optimism and progress—and times of doubt and delay. I know of no other issue that so divides this Nation, and this Congress—by local and regional interests, by economic philosophy and by sheer political misgivings—than taxation. Other than war, it is the one issue that most touches the fortunes of every American family—and every American business. The quest for tax fairness, afterall, was the spark that touched off the flight for our independence.

In the end, tax reform belongs to neither party. It belongs to both. From the very beginning I have tried to make the committee bill a bipartisan bill. There is much in these 1,379 pages shaped by the committee's minority. And in the end, 5 of our 13 Republicans voted for it.

It is the President's chief domestic initiative. After a stunning personal setback last week he came battling back—and last night delivered a list of 50 Republicans committed to voting both for the rule and for final passage.

Though he and I have differed on the shape of reform, we have never differed on the goals. His "lines in the sand" have not been blurred by our bill. Our two proposals track one another almost perfectly—with maximum tax rates lowered dramatically in each. And the President has openly saluted the committee bill—and urged each Member to move tax reform to the Senate.

Far and away the truest measure of reform in this, or any other tax bill, is against present law. To measure reform against academic purity ignores the grinding wheels of compromise on which legislation rolls forward. As Secretary Baker said when the President's proposal was unveiled, "we live in a real world and we should compare this to current law."

But the real world is not necessarily a hostile world. While the pressures from special interests were at times brutal, the committee rarely lost sight of its mark. In the end, we knew our work would be vigorously assessed. And, by a solid vote of 28 to 8, we stand behind the committee bill.

Let me run through some of the bill's highlights for individual taxpayers:

First, it exempts more than 6 million poor and working poor from paying taxes by increasing the standard deduction, the earned income credit, and the personal exemption.

Second, the bill brings the maximum tax rate for individuals from 50 percent to 38 percent—the lowest personal rate since 1931.

Third, it raises the personal exemption from about $1,000 to $2,000 for the vast majority of this country who don't itemize—and to $1,500 for those who do.

Fourth, the bill maintains the most traditional deductions for middle-income families, including the home mortgage interest, State and local taxes and fringe benefits.

Fifth, it eliminates or severely cuts back loopholes and shelters that have permitted thousands of the Nation's wealthy to dodge taxes.

An analysis by the highly respected center on budget and policy priorities reveals that the residual effect of the bill is the equivalent of a $30 billion grant to taxpayers below $20,000 and a 60-percent tax reduction for a poverty-level family. The report concludes that, if enacted, the bill would be "the most beneficial piece of legislation for low- and moderate-income families in more than a decade."

By far the largest proportion of the individual tax cuts go to working middle-income families. More than half goes to those with income between $20,000 and $75,000.

On the corporate side:

First, it reduces the corporate tax from 46 percent to 36 percent—a 24 percent cut—the lowest rate since 1941.

Second, the bill reduces graduated tax rates on the first $75,000 in taxable income—a great help to small business.

Third, it cuts through to some of the structural abuses—like percentage depletion allowance, bad debt reserves, and accounting methods—that have given a number of our largest and most profitable corporations the means to greatly limit—or completely escape—all tax liability.

Fourth, to that end, the bill imposes a stiff minimum tax on both individuals and corporations that virtually assures that the wealthiest and most influential in this country will be forced to pay an income tax.

And finally, the bill halts a trend of declining corporate tax payments—at the expense of increasing individual payments. Over the next 5 years, $140 billion will shift from the individual side of the ledger over to the corporate side.

Mr. Chairman, the demands of our society and economy are constantly shifting. And no document better chronicles our changing priorities than the Internal Revenue Code—from energy self-sufficiency to environmental concerns to changing family structure to shoring up heavy industry. We have piled one tax incentive on top of another—each backed with good intention. And, in the doing, have created a tax system without social direction or economic fairness.

The bill I present today does not untangle all the contradictions and distortions in the code. It does not establish total equality between income groups or between competing industrial sectors. It is not unmarked by special interests. It is not exactly the bill anyone of us would write in a sanctuary.

That said, I will declare that H.R. 3838, the Tax Reform Act of 1985, is as full of promise and vitality as any tax bill reported out of the committee for decades. It amounts to a virtual rewriting of the Internal Revenue Code of 1954. It is truly a historic document shaped by many hammers over many months.

In the very end, it is an act of fairness to the millions of Americans for whom taxes have long been the measure of faith in our way of life.

For the benefit of Members who have had insufficient time to review the components of the bill I ask that a complete summary of the bill's provisions follow.

In addition I would add to the RECORD a range of editorial opinion from the Nation's press—reflecting not only the visibility of this issue, but also its popularity.

I would also attatch a list of businesses, both large and small, that have vocally supported the committee bill.

A STUNNING WIN, OR LOSS, FOR THE POOR

Silently, while hundreds of lobbyists have clamored for this loophole or that special interest, an immense victory for millions of poor people has been germinating in the House Ways and Means Committee. Any minute now—assuming the President corrals enough Republican votes to undo yesterday's parliamentary setback—the House will vote on the committee's tax bill. While there are many reasons to vote yes, here is the best one:

This bill would do more to relieve poverty than any social welfare measure in 15 years.

Republicans should favor it. Not only does their President want it; the bill squares with their approach to social welfare. Democrats—especially those who represent impacted urban districts—should favor it because in the next five years it would funnel $30 billion in tax relief to American families who earn less, many much less, than $20,000.

Instead of continuing to tax people into poverty, this bill would, shrewdly, untax poor people out of it.

When Lyndon Johnson declared war on poverty in 1965, and when Richard Nixon declared war on hunger in 1969, both pursued a strategy of providing services to meet needs. Then the Nixon Administration, with Daniel Patrick Moynihan teaching it that what poor people lack most is money, pressed instead for an income strategy, some form of guaranteed annual income.

But the proposed Family Assistance Plan failed, and, looking back that was probably a good thing because America found it easy to let financial assistance to the poor be vastly eroded by the soaring inflation of the Ford and Carter years.

The Reagan Administration brought more woe. It purposely slashed social programs. Every bit as bad, it passively accepted the inflation erosion, which has especially hurt people who earn only poverty wages in full-time jobs. Instead of a services strategy or an income strategy, the Government has gradually twisted into a perverse position. Instead of shifting tax dollars to the poor, it has been taking more tax dollars from the poor.

Consider these findings, from the Center on Budget and Policy Priorities, a private research group in Washington:

Between 1979 and 1983, the number of households below the official poverty line (now about $11,000) who had to pay Federal tax tripled.

The taxes of middle- and upper-income Americans have declined since 1981. Meanwhile, however, poor people's taxes as a percentage of income have increased fivefold.

Under current law, a single parent with three children who earns the poverty-level wage must pay $1,424 in Federal taxes. A couple with two children must pay Federal tax even though their income only brings them to a level 20 percent below the poverty line.

Hard as it may be for middle-class citizens to believe, America is now taxing people into poverty, by the millions.

All the recent tax reform proposals would address this perversity. But by far the best remedy is offered by the bill that Representative Dan Rostenkowski of Illinois has

coaxed through the House Ways and Means Committee. In a stroke it would regain all the ground lost to inflation in recent years. The bill would eliminate Federal taxes for 6.5 million poor households and reduce taxes for millions more, including the blue-collar working poor.

No magic is required to accomplish this miracle; only a sense of fairness. The Rostenkowski bill would restore what inflation has stolen away from three ribs of the tax structure.

One, carefully focused on working poor families with children, is the Earned Income Tax Credit, which has hardly been adjusted for the cost of living since it was instituted in 1975.

The second is the standard deduction, taken by people who don't itemize—which is to say, virtually all low-income Americans. The Rostenkowski bill would increase it by about $1,000 (to $3,840 for a married couple filing jointly) to compensate for past inflation, and would index it to protect against future inflation.

Third, the personal exemption would be increased from $1,130 to $2,000 (but only to $1,500 for people who itemize deductions, to avoid a costly windfall for the affluent).

Taken together, these changes would dramatically reduce the tax burden on people struggling to survive: poor, working poor and near-poor. That is, people like that hypothetical woman who is trying to raise three kids by herself on wages that just meet the official poverty level.

Recall that, under current law, she'd owe Federal taxes of $1,424 in 1987. Under the Rostenkowski bill, she'd have to pay only $399. That's family assistance for a working mother, in the form of a tax reduction worth $1,025.

All by itself, such a prospect makes the Rostenkowski bill worth embracing. Any member who claims to represent or care about poverty in America and votes against this tax bill will have a lot of explaining to do to millions like that woman. Her tax saving would be about $85 a month. To her, and her children, that's a fortune.

[From the New York Times, Dec. 15, 1985]

CAN CONGRESS WALK AND CHEW GUM?

No way, people wise to the ways of Washington said last January. Congress can't possibly cope with the budget deficit and tax reform in the same year. They were right. As Shaw once said, to be cynical may be a sin but it is rarely mistaken.

With only a few days left in the Congressional session, the deficit problem has been buried, alive, in a hollow promise. As for tax revision, a good bill may die before the House even votes on it. The cynics were righter than they knew. Congress, unable to cope with two big economic issues at once, is having a hard time dealing with even one.

Remarkably, the deficit wasn't even an issue for President Reagan a year ago. Flush with his landslide victory, he offered an optimistic forecast of shrinking deficits and pronounced tax reform as his "number one priority." Things certainly didn't work out that way, and a good thing, too, as the stubborn deficit quickly made clear.

Reducing the Deficit: Mr. Reagan wants to be known as the President who balanced the books; for years, he's championed a constitutional amendment to that effect. That's what he says. History will record that he ran up more debt than all previous Presidents combined.

That left any meaningful moves to Congress. But it refused to cut popular middle-class social programs again and only dented soaring defense spending. Neither was it about to pay for all the spending with new taxes—not with an anti-tax President waving so menacing a veto. Congressional leaders did have the courage to try limiting Social Security cost-of-living increases, to which the President agreed—then reneged.

Despairing, Congress turned to magic. For months, it toyed with a law to balance the budget—automatically!—by forcing spending cuts across the board if Congress and the President couldn't agree on any other way. Last week, in the name of fiscal responsibility, Congress passed it and President Reagan signed it into law, sheepishly, without the customary Oval Office ceremony.

THE TAX BILL

The House should rescue and pass the tax bill to force the Senate to deal with the subject next year. No one can endorse the bill unreservedly. It is too big for that, and has gone through too many hands. But on balance it would make ours a fairer system.

1. The measure's most powerful provisions would move the tax thresholds back above the poverty line, so the poor would no longer owe income taxes. The generally didn't in the 1970s, but have begun to since. About 6 million families and individuals with very little income would be taken off the rolls by this step. Many are working poor who pay rising Social Security taxes and were perhaps the biggest losers in the first-term Reagan spending cuts, which intended to lower eligibility lids for social programs. The second-term tax bill is an important offset to the first-term fairness issue.

2. These tax cuts for the poor were proposed by the president. He also proposed large tax cuts for the very rich. The Ways and Means Committees tapered these down. Its bill would reaffirm the traditional progressively of the income tax, the principle that rates should rise with income. The committee also strengthened the minimum taxes for both individuals and corporations. Some tax reformers see this as a weakness, a confession that the committee could not accomplish all it should have in wiping preferences from the code. But not all preferences are bad; the logic of a minimum tax is simply that there must be a limit to anyone's use of these tax-reducing devices in any one year. The new provisions would achieve that. You have here the most basic fairness issue in taxation: those with income ought to pay.

Making Taxes Fairer: The latest round of concern over the complexity and unfairness of the tax system began as an evasion, as a way for the President to sidestep the tax issue in the 1984 campaign. He told the Treasury to present a plan for fundamental reform after Election Day.

The Treasury produced a package that delighted reformers by cutting tax rates sharply and taking away hundreds of tax favors for well-to-do taxpayers and corporations. Politicians, however, were horrified, and the White House quickly reformed the reforms. The White House plan restored many of the unwarranted special advantages in current law, but even so there was fierce opposition from every injured interest group.

Despite the furor, Dan Rostenkowski, the House Ways and Means chairman, drove through a compromise that, with Administration support, might narrowly pass the House. But the President gave it only cool, and belated, endorsement. Last week, a vote was blocked by Democrats who still didn't like it and Republicans furious at being left out of the preparation. The week ended with Congress unable even to recess.

There will be a few more days to try salvaging some scraps from a whole year's work. The Rostenkowski bill is no more ideally fair, simple and efficient than the President's proposals. But it would greatly relieve the tax burden on most individuals, especially the poor, while equitably spreading more of the load to corporate and other favored taxpayers.

To the cynics who say Congress cannot walk and chew gum at the same time, for the House now to pass the tax bill at least would say: Wrong, we can walk, and maybe even run.

---

3. There are certain industries—defense, banking, real estate—whose effective tax rate over the years have been egregiously low. They have become symbols for discontent with the tax code. The bill would deal decisively with several of these. Defense contractors would lose the so-called completed contract provision by which many have all but avoided taxes in the past. Banks would lose deductions for excess bad-debt reserves. Depreciation periods would be stretched out on the estate. There are other examples, good things long overdue.

4. Many in and out of Congress believe that next year there will be a tax increase—that while the president still will not hear of it, there must be. This bill would be an imposing vehicle. It is "revenue-neutral" now; what it raises by narrowing preferences it returns by cutting rates. It would not be hard to adjust these combinations to increase revenues, and the increase would be the fairer for the reforms that would accompany it. It was the president's idea; it is the Democrats' bill. Both parties should vote aye today.

[From the Washington Post, Dec. 12, 1985]

(By David S. Broader)

A GOOD START

Last May, when President Reagan's tax proposal was brand-new, I applauded his initiative and suggested four criteria by which the product of congressional tax revision could be judged. As the House prepares to vote on the tax bill that came out of the Ways and Means Committee, substantially revised from the Reagan proposal, let's see how it stacks up against those standards: the Four P's of Poverty, Progressivity, Principle and Productivity.

Poverty: Under the existing tax code, a family of four at the poverty level pays 10.5 percent of its income in federal taxes—2½ times as much as it did in 1978. The Reagan proposal aimed at taking the poor entirely off the tax rolls, and the Ways and Means bill does an even better job of ensuring that will be done.

Some 6 million low-income households would be relieved of federal taxes, making the bill the biggest federal antipoverty program in years and the best news for the working poor. Give it an A grade.

Progressivity: The income tax is based on the idea that taxes should increase with the ability to pay, but tax shelters and loopholes have seriously eroded that principle. The Reagan proposal shut down some of the tax-dodging devices in the present code, but provided a bonanza ot the very rich, who would get the main benefits of his proposed marginal rate reductions.

The Ways and Means bill still allows some big loopholes, but shifts the benefits signifi-

cantly to the middleincome taxpayers. It cuts by 47 percent the aggregate tax break. Reagan proposed for the few who earn more than $20,000. It increases the gains for the $20,000-$75,000 group by 48 percent. It also includes a minimum-tax payment provision for corporations and the wealthy that is tougher than Reagan proposed. Grade for progressivity; A-minus.

Principle: Neither the original Reagan proposal nor the Ways and Means bill avoided compromises aimed at garnering votes in Congress and/or defusing the opposition of potent lobbies. But both repair some of the more outrageous distortions of the existing code.

On many issues, including mortgage interest and business entertainment deductions, Reagan's approach appears more principled than the committee's. But the Democrats—albeit for political reasons—are more respectful of the principle of federalism than was the president. The bill before the House rejects Reagan's effort to end the deductibility of state and local taxes, and thereby preserves a principle that has been a cornerstone of the fiscal compact between Washington and the states.

Mark the report card: B

Productivity: Given the realities of international competition, the effects of any tax law changes on the productivity of American business must be given great weight. The Reagan proposal shifted the tax burden significantly from individuals to corporations, and the Ways and Means bill goes even further. But even the latter would do no more than bring the corporate share of overall revenues back to the level of 1980.

Selfishly, some business lobbies are urging Congress to abandon the effort to improve the tax code. Many profitable businesses have managed to avoid paying any taxes since the extravagantly generous 1981 tax cut; now they are trying to protect that privileged position.

But Republicans in the House make a valid point when they argue that the individual tax cuts in the Ways and Means bill may go too far in encouraging consumption, while some of the corporate tax hikes significantly increase the cost of investment. That is especially true for some of the capital-intensive heavy industries, such as steel that are belatedly trying to modernize their plants to meet foreign competition. Although the bill is better than the present code for many small, emerging businesses and for the rapidly growing service sector that is the source of most new jobs, a grade of C seems about as high as it deserves on this criterion.

Overall, the Ways and Means bill—like the original Reagan proposal—is a clear improvement on Poverty, Progressivity, and Principle. The potential effects on Productivity are its main drawback.

But the House Republicans, in their alternative bill, show plausibly how to mitigate that problem. Their bill is unlikely to prevail in the House, but its concepts will surely resurface in the Republican-controlled Senate. Industry has many friends on the Senate Finance Committee; and members of that committee are acutely conscious of the competition facing U.S. businesses in foreign trade.

The president is right in saying that the House should send its bill on to the Senate. House Democrats can feel justifiable pride that the Ways and Means Committee has made a good start toward a significant overall improvement in the tax code.

House Republicans should remember that if they vote to kill the bill when their own substitute fails, they will be gutting the principal policy initiative—and only potential landmark domestic achievement—of Reagan's second term. That would be a sorry legacy for last year' landslide and a cynical send-off for the 1986 campaign.

[From the New York Times, Dec. 12, 1985]

A STUNNING WIN, OR LOSS, FOR THE POOR

Silently, while hundreds of lobbyists have clamored for this loophole or that special interest, an immense victory for millions of poor people has been germinating in the House Ways and Means Committee. Any minute now—assuming the President corrals enough Republican votes to undo yesterday's parliamentary setback—the House will vote on the committee's tax bill. While there are many reasons to vote yes, here is the best one:

This bill would do more to relieve poverty than any social welfare measure in 15 years.

Republicans should favor it. Not only does their President want it; the bill squares with their approach to social welfare. Democrats—especially those who represent impacted urban districts—should favor it because in the next five years it would funnel $30 billion in tax relief to American families who earn less, many much less, than $20,000.

Instead of continuing to tax people into poverty, this bill would, shrewdly, untax poor people out of it.

When Lyndon Johnson declared war on poverty in 1965, and when Richard Nixon declared war on hunger in 1969, both pursued a strategy of providing services to meet needs. Then the Nixon Administration, with Daniel Patrick Moynihan teaching it that what poor people lack most is money, pressed instead for an income strategy, some form of guaranteed annual income.

But the proposed Family Assistance Plan failed, and, looking back, that was probably a good thing because America found it easy to let financial assistance to the poor be vastly eroded by the soaring inflation of the Ford and Carter years.

The Reagan Administration brought more woe. It purposely slashed social programs. Every bit as bad, it passively accepted the inflation erosion, which has especially hurt people who earn only poverty wages in full-time jobs. Instead of a services strategy or an income strategy, the Government has gradually twisted into a perverse position. Instead of shifting tax dollars to the poor, it has been taking more tax dollars from the poor.

Consider these findings, from the Center on Budget and Policy Priorities, a private research group in Washington:

Between 1979 and 1983, the number of households below the official poverty line (now about $11,000) who had to pay Federal tax tripled.

The taxes of middle- and upper-income Americans have declined since 1981. Meanwhile, however, poor people's taxes as a percentage of income have increased fivefold.

Under present law, a single parent with three children who earns the poverty-level wage must pay $1,424 in Federal taxes. A couple with two children must pay Federal tax even though their income only brings them to a level 20 percent below the poverty line.

Hard as it may be for middle-class citizens to believe, America is now taxing people into poverty, by the millions.

All the recent tax reform proposals would address this perversity. But by far the best remedy is offered by the bill that Representative Dan Rostenkowski of Illinois has coaxed through the House Ways and Means Committee. In a stroke it would regain all the ground lost to inflation in recent years. Her tax saving would be about $85 a month. To her, and her children, that's a fortune.

[From the Washington Post, Dec. 8, 1985]

EXCUSES, EXCUSES: THIS IS REAL PROGRESS

(By Bill Bradley)

The House Ways and Means Committee and just become the first tax-writing committee in history to report a tax reform bill that dramatically cuts tax rates and closes loopholes. Its fate on the House floor hangs in the balance. The president has so far given only modest support. Some Democrats and many Republicans are undecided about embracing it.

They offer several excuses for holding back. Some say that we need deficit reduction, not rate reduction. By all means, they say, close the loopholes, but use the revenues to balance the budget, not to reduce taxes for working Americans.

The main problem with this argument is that so long as the president promises to veto a tax increase, all talk of closing loopholes to raise revenues is simply blowing smoke. Besides, Americans deserve lower rates so they can keep more of the money they earn.

Another argument I've been hearing is that the Ways and Means bill doesn't do enough for savings and investment. It has been said that repealing the incentives in the existing law would turn America into a fast-food wasteland.

The flaw here is that the tax incentives we now have simply haven't worked. Savings provisions have proliferated since 1981, but the national savings rate is an all-time low. Business investment hasn't picked up either. Four years after we enacted massive corporate tax breaks, investment in new plant and equipment is no higher than it was in 1979. What this tells me is that opponents of reform care more about their own tax savings than about the nation's savings.

A third excuse is that the Ways and Means Committee bill is not real reform. But it is. For one thing, the Rostenkowski legislation represents real progress in easing the burden on most taxpayers. For families making $20,000 to $30,000, taxes would be lowered by almost 10 percent. For those earning $30,000 to $40,000, the reduction would be about 9 percent, while taxpayers with $40,000 to $50,000 would get an 8½ percent cut. Furthermore, the reduction in rates and the number of brackets (four instead of 14) tells families that they wouldn't have to pay a higher tax rate with every raise they got. That's a reassuring message to millions of beleaguered taxpayers who already are having trouble making ends meet.

Not only would the Rostenkowski bill help middle-income families, it also holds out hope to 6 million impoverished people by taking them off the income tax rolls. This would be a good deal for all of us, because it would be a powerful incentive for poor people to choose work over welfare, dignity over despair.

The Ways and Means bill also would trim the tax cut the president proposed for the most prosperous Americans. Instead of the 15 percent cut in the president's measure, almost double what he proposed for middle-income Americans, the Rostenkowski reform scales back the reduction for the rich to below 6 percent and gives greater tax relief to the average taxpayer.

On the business side, the Ways and Means Committee has curtailed loopholes that have allowed some big corporations to pay no taxes at all and has reduced rates on innovative firms and small businesses that now pay more than they should. These changes mean that some huge defense contractors and other large companies, which for years have owed no taxes on billions of dollars of profits, will finally start paying their way. The committee also has restored a measure or rationality to the depreciation system that is currently distoring investment decisions, squandering scarce capital in tax shelters and hamstringing America's competitiveness in the world marketplace.

In the face of these achievements, the charge that Ways and Means has not produced real reform just doesn't hold water.

That's not to say the bill is perfect. Far from it. And Ways and Means Chairman Dan Rostenkowski has been the first to concede its shortcomings. But it is an important step toward lowering tax rates and closing loopholes, so we must make sure that it passes the House. To kill the bill now would be a big win for the special interests, and it would be a major setback for the economic security of working Americans who pay for these loopholes (which have increased from $37 billion in 1967 to over $400 billion today) through unfairly high tax rates. Imagine how low these rates could have been if we had resisted these subsidies to the politically powerful.

The American people won't be impressed by naysayers. They want tax reform. Every recent poll shows strong public support—even from those who believe they'll end up paying more. This past September, polister Lou Harris found that 86 percent of Americans are disgruntled with the current system because they believe that while most middle-income people pay their full taxes, the rich hire high-priced lawyers and accountants to help them avoid paying their proper share. And you know something? They're right. In August, the Treasury Department documented that in 1983, nearly 30,000 taxpayers making more than $250,000 paid less than 5 percent in taxes. No wonder people are outraged.

Moreover, the Ways and Means Committee bill is only the first word on tax reform, not the last. I hope the Senate will get rates even lower and close even more of the exotic loopholes that remain in the code. By the time a bill gets out of conference, we could have a tax system in which everyone has the lowest possible rates, equal incomes pay equal taxes and people invest money to make money not to lose it for spurious tax reasons.

Finally, tax reform is not just about dollars. Restoring fairness to the tax code would bolster people's sense of security, of being in control over their own lives while at the same time having a government that is sensitive to their needs.

So tax reform is also about dignity and hope. That is why politicians cannot dismiss it without simultaneously diminishing their claims to virtue—not to mention their prospects for reelection. Tax reform is a decision about the kind of country we want to be. Enacting reform will restore confidence in government's integrity and its courage to resist special pleaders in favor of the general interest. It will show commitment to a tax system that facilitates change and responds to demonstrated need, not one that enshrines the status quo, subsidizes the politically powerful and shortchanges our potential for growth.

That's why I hope and expect the House and the president will rally round Rostenkowski to launch the Internal Revenue Code of 1986 and help make tax reform a reality.

COMMON CAUSE,
Washington, DC, December 9, 1985.

DEAR REPRESENTATIVE: We are writing to urge you to vote for the tax bill reported by the House Ways and Means Committee. We believe this comprehensive legislation represents a serious and meaningful effort at improving our ailing and inequitable federal income tax system. While the legislation is not as far-reaching as we would have liked and reflects a number of special interest victories, we believe the Committee bill is a substantial and important improvement over current law and should be enacted.

Among the most important positive features of the bill, in our view, are the following:

The elimination or reduction of the income tax liability of low-income individuals and families.

Tax relief for low-income individuals and families is extremely important because this group has benefited the least from recent tax cuts and its tax burden has risen substantially over the past decade. By increasing the standard deduction, personal exemption, and earned income tax credit, the Committee's bill would exempt all families below the poverty level from federal income taxation. As a result, an estimated six million poor individuals and families would be removed from the federal income tax rolls. In addition, the bill would grant the largest percentage tax cuts to low- and middle-income taxpayers and smaller cuts to upper-income taxpayers.

A significant increase in the corporate share of the tax burden.

The amount of income taxes paid by corporations has dropped from about 25 percent of all federal revenues in the 1950s and 1960s to well under 10 percent in each of the last three years. Like President Reagan's proposal, the Committee bill would begin to reverse this long-term decline in the corporate share of the tax burden. The bill raises taxes on corporations by some $141 billion over five years, an increase that would be borne most heavily by profitable corporations that are paying low effective rates under the current system. Some other corporations would have their tax burdens reduced as a result of the reduction in corporate tax rates. The net impact of these changes would help to lessen the degree to which effective tax rates vary among different industries.

The creation of a tough minimum tax to limit the use of tax breaks by wealthy individuals and profitable corporations to escape paying their fair share of taxes.

Currently, many wealthy individuals and large profitable corporations pay little or no federal income taxes. For example, in 1983, according to the Treasury Department, nearly 30,000 individuals with incomes greater than $250,000, including 3,000 millionaires, paid less than 5 percent of their income in taxes. Moreover, a recent study by Citizens for Tax Justice found that 50 large profitable corporations reportedly paid no federal income tax over the four-year period 1981-1984, even though they earned net profits of more than $56 billion. Assuring that such individuals and corporations are on the tax rolls and paying their share of taxes is essential if we are to restore public confidence in the tax system.

A broadening of the tax base by eliminating a number of special tax breaks, most notably the investment tax credit, and reducing many others.

Tax preferences that are reduced by the Committee bill include accelerated depreciation allowances, 401(k) pension plans, percentage depletion for oil and gas wells, bad debt reserves for commercial banks, and the completed-contract method of accounting, which is one of the major ways that defense contractors have avoided paying taxes. By eliminating the investment tax credit and reducing accelerated depreciation allowances, the Committee bill would mitigate the distortions in economic decisions that have been created by these preferences.

At the same time, a number of tax preferences that were reduced in the Committee bill, such as oil and gas depletion, had been originally proposed for greater reductions. Other tax preferences that had been proposed for cutbacks were left entirely intact, such as the tax-free status of fringe benefits, inside buildup of life insurance, and the deduction for interests on second home mortgages. Moreover, a number of narrow exceptions and technical provisions designed to protect special interests were placed in the transition rules. It is in these areas—areas where the committee responded to the influence of special interest groups and wealthy individuals—that the Committee bill is most seriously flawed.

In addition, the provision buried in the bill that provides special pension treatment for the benefit of Members of Congress and their staffs is outrageous and totally unjustified. This self-serving provision is very damaging to the bill's public credibility and the Committee should make clear immediately that it will be dropped.

We find it unfortunate that both President Reagan's proposal and the Committee bill abandoned any real effort at simplifying the tax code. We also believe that insufficient information has been provided to de-

termine what the long-term revenue impact of the Committee's bill will be, an issue of particular importance given the state of the federal budget. We urge the Committee to provide further data on this as soon as possible.

Despite the flaws in the Committee bill, we believe it represents a substantial and important improvement over current law. Most of the problems with the bill involve steps that have not been taken, tax preferences that have not been eliminated or sufficiently curbed. On the other hand, the bill's benefits include critical tax relief for low-income taxpayers, a greater share of the tax burden for corporations, a tough minimum tax for wealthy individuals and profitable corporations, and the elimination or reduction of a number of special interest tax breaks.

The Committee bill would create a fairer tax system for American taxpayers than the current system. We believe that in passing this bill the House must be prepared to stand firm and not back down on any of its key aspects, given the problems that lie ahead for the legislation in the Senate. We also believe it is essential for everyone to recognize that, given the present budget deficits and the potential impact of the Gramm-Rudman proposal, Congress will have to face up to the issue of raising revenues in the near future.

We urge you to support the Ways and Means Committee bill.

Sincerely,

FRED WERTHEIMER,
President.

NATIONAL FEDERATION
OF INDEPENDENT BUSINESS,
Washington, DC, December 5, 1985.

Hon. DAN ROSTENKOWSKI,
U.S. House of Representatives, Washington, DC.

DEAR CONGRESSMAN ROSTENKOWSKI: On behalf of the 500,000 small business owners who belong to NFIB, I am writing to urge your support for H.R. 3838, the Ways and Means tax reform bill.

The key feature of H.R. 3838 is significant reductions in marginal individual and corporate tax rates. Rate cuts, particularly for individuals, is the number one priority for most small business owners as they depend heavily on retained earnings for capital. NFIB supports the Ways and Means bill for the same reasons we supported the President's 1981 tax cuts—the significant reduction in rates.

The attached paper details other key small business features of the bill. These include the simplified inventory accounting provisions for small retailers and wholesalers, and special consideration for small banks, construction and timber firms.

NFIB supports H.R. 3838 because of its treatment of the small business community, but we are concerned about its impact on the nation's smallest capital intensive corporations. Those below $25,000 in income receive no rate cut and with the loss of capital investment incentives could see a tax increase. We will work to correct this inequity in the Senate.

Overall, NFIB believes the Ways and Means bill treats small business better than the current tax code and is a major step toward significant reform of our tax laws. We urge you to support its passage in order to move the process of tax reform ahead. Passage of H.R. 3838 will be one of NFIB's Key Small Business Votes for the 99th Congress.

Sincerely,

JOHN J. MOTLEY III,
Director of Federal Legislation.

CITIZENS FOR TAX JUSTICE,
Washington, DC, December 5, 1985.

DEAR REPRESENTATIVE: We are writing to express our strong, enthusiastic support for the tax reform bill reported by the Ways and Means and to urge you to vote for the bill when it reaches the House floor.

Enactment of the Ways and Means tax reform program will be a major victory for average American taxpayers and the most momentous reform of the federal income tax ever. Its passage will mean that, for the first time in years, General Electric and Boeing will be paying as much in taxes as the people who work their assembly lines, wax their floors, and type their letters. Upper-income individuals no longer will be able to use tax shelters to circumvent their tax responsibilities. And there will be significant, real tax relief for the vast majority of hardworking Americans.

In addition, the Ways and Means bill is an important step toward renewed growth and more jobs in American industry. It goes a long way toward restoring a "level playing field" to our economy, so that companies can go back to investing in things because they make economic sense—not because the tax code turns losses into profits.

The Ways and Means bill builds on the framework presented to the Congress by President Reagan last May. But it represents a huge improvement over the administration's actual program, providing significantly larger tax relief to middle and low income families and avoiding the large long-term revenue shortfalls that the administration's program entailed. The Ways and Means program is also far superior to the alternative program presented by some members of the minority. That alternative would shift close to $40 billion in taxes back onto individuals, keep many key tax shelter preferences, and produce unacceptable revenue losses after 1990.

In fashioning a new Internal Revenue Code, the Ways and Means Committee has listened to the voices of the American people, who are crying out for tax justice. We hope that you too will hear those voices. We strongly recommend that you support the Ways and Means bill.

Enclosed are some background materials on the bill and alternative proposals. Please let us know if we can be of any further assistance to you.

Sincerely,

ROBERT S. MCINTYRE,
Director, Federal Tax Policy.

CHILDREN'S DEFENSE FUND,
Washington, DC, December 4, 1985.

STATEMENT BY MARY BOURDETTE, DIRECTOR, GOVERNMENT AFFAIRS

The Children's Defense Fund applauds the work of the House Ways and Means Committee and its chairman, Dan Rostenkowski, in developing tax reform legislation that is fair and equitable for America's working families with children. Most important, the House Ways and Means bill would, if enacted, bring desperately needed tax relief to millions of American families struggling to support their children on poverty level wages. These low income families, working hard to maintain their independence and their self-sufficiency, have been devastated by our federal tax system in recent years. The House Ways and Means Committee recognized the economic hardship imposed on these families by our tax system and has proposed tax relief remedies for them that are cost-effective and efficient. We urge the House of Representatives to pass the tax reform legislation as soon as possible in order to expedite tax relief for the working poor.

COALITION ON WOMEN AND TAXES SUPPORTS WAYS AND MEANS COMMITTEE TAX OVERHAUL BILL

WASHINGTON, DC.—The Coalition on Women and Taxes, a diverse group of more than thirty women's, children's religious, aging, consumer, and civil rights groups, today announced its support for the tax reform bill approved by the House of Representatives Ways and Means Committee. Applauding the Ways and Means Committee for developing a bill responsive to women's concerns, the Coalition noted that women will gain under the Committee bill, because, the tax burden is spread more fairly, the the tax burden on persons living in poverty is eliminated, and taxation is better equated with ability to pay than under current law. According to the Coalition, provisions of the Ways and Means Committee bill that are especially important to women and their families include:

Significant tax cuts for taxpayers at all income levels, with the largest tax cuts going to low and moderate income taxpayers, so many of whom are women;

A tax threshold which is above the poverty level for single heads of household, married couples, and elderly taxpayers, resulting from a higher personal exemption, increased standard deductions, and an improved Earned Income Tax Credit for low-income workers with children;

A significantly higher standard deduction for single heads of household, which brings it close to the standard deduction for married couples; this reduces the serious inequity between the taxes paid by heads of household (the overwhelming majority of whom are women) and married couples with the same income and family size;

Retention of the dependent care tax credit targeted to low and moderate income taxpayers, and exemption from taxation of up to $5,000 of employer-provided dependent care assistance.

While the Committee bill goes a long way toward meeting the needs of women and their families, the Coalition noted that it will work for improvement of several provisions in the Senate. The bill provides greater tax relief to one-earner than to two-earner married couples, because the two-earner deduction under current law is eliminated, and more relief to married couples than to single taxpayers, whose tax entry point remains below the proverty level. The Coalition also noted the need to index the dependent care and elderly and disabled tax credits and to provide one-earner couples the opportunity to have individual retirement accounts equal to those for two-earner couples.

Women and their children comprise three-fourths of the nation's poor and women are 70 percent of the elderly poor; sixty percent of married women with children are in the workforce and the majority of families are maintained by single parents and two-earner married couples.

AMERICAN ASSOCIATION OF
RETIRED PERSONS,
Washington, DC, December 9, 1985.

Hon. DAN ROSTENKOWSKI,
U.S. House of Representatives,
Washington, DC.

DEAR CONGRESSMAN ROSTENKOWSKI: The American Association of Retired Persons, the nation's largest aging organization with over 20 million members, supports the Ways & Means tax reform package.

By raising the standard deduction amounts for all taxpayers, as well as raising the personal exemption for non-itemizers to $2,000, the Ways & Means plan succeeds in raising the tax thresholds for all low income taxpayers, including older Americans. While the extra exemption for those age 65 and older is eliminated, the additional $600 to the standard deduction for non-itemizing 65 and older taxpayers will enable low income older taxpayers to share in the benefits of tax reform.

By maintaining the deductibility of state and local taxes, the bill benefits individual taxpayers and helps preserve the vitally important role of state and local governments in meeting the needs of their citizens.

The Association believes that the Ways & Means plan takes important steps towards reforming the corporate tax structure. Elimination of the inefficient investment tax credit, as originally proposed by the President, adjustments to the depreciation schedules, along with other needed reforms that require corporations to pay their share of taxes, will restore a more equitable balance of tax burdens and a greater sense of fairness for all taxpayers.

The Ways & Means plan will also reform the tax treatment of individuals. Restrictions on many loopholes, plus a strengthened minimum tax, will help prevent higher income taxpayers from avoiding tax payments.

While the Ways & Means tax bill is not a pure or comprehensive tax reform plan, it succeeds, on balance, in its attempt to improve current tax law. Although not every older American will benefit, the Association believes this bill is a prudent step toward restoring the faith of the American public in the effectiveness and fairness of the federal tax code. As such, it merits adoption by the House.

Sincerely,

CYRIL F. BRICKFIELD,
Executive Director.

STATEMENT OF DOROTHY S. RIDINGS, PRESIDENT, LEAGUE OF WOMEN VOTERS OF THE UNITED STATES

The only sure things in life are death and taxes. If the President doesn't support the Ways and Means Committee's bill, it will be the death of tax reform. We call on the President to join us in supporting the major domestic initiative of his second term.

Some industries have been squawking about the Ways and Means Committee bill. They are dead wrong. This tax reform bill is good for America. And it is good for business—it treats all industries fairly rather than giving preference to some. It promotes a level playing field.

This tax reform bill will foster economic efficiency. It will cut taxes for working people and increase demand. It will close loopholes, open opportunities and end special interest subsidies.

For women, especially single heads of households, this bill is a key to economic opportunity.

To date, the debate over the tax reform bill has focused on concerns expressed by some businesses. But the debate has ignored the very progessive reforms made by the Ways and Means Committee on behalf of individuals—real people.

The Ways and Means Committee bill removes 6.5 million working poor—those under or near the poverty line—from the tax rolls. And, compared to the President's original proposal, it gives proportionately larger tax cuts to middle-income taxpayers than to wealthy individuals.

The Ways and Means tax reform bill follows the outline set by the President. It is basically the President's legislation, with modifications that make it more fair and more equitable.

The League of Women Voters endorses the Ways and Means Committee tax reform bill. It is fairer for individual taxpayers and it is fair across industries.

AFL-CIO,
Washington, DC, December 9, 1985.

DEAR REPRESENTATIVE: The Committee on Ways and Means has placed before the House a tax revision bill which takes a long step in returning fairness to the U.S. tax code. The AFL-CIO, therefore, urges you to support this bill.

The cornerstone of our federal income tax system should be the ability of individuals and corporations to pay their fair share and should raise sufficient funds to meet the needs of our society. In recent years, however, this has not been the case. Many profitable corporations and wealthy individuals pay little or no tax while working people contribute more then their share. The Ways and Means Committee bill rightfully edges the tax burden back toward corporations and the wealthy—those who have been the chief beneficiaries of past unwise and unfair Administration tax legislation. this shift, we believe, is important to ensure tax fairness and begins to repair the damage done by the 1981 tax legislation.

During the months of the tax debate the AFL-CIO recommended a series of modifications designed to bring an overall level of fairness that does not exist in the Administration's proposal. Many of these provisions have been incorporated into the Committee bill.

Specifically, we urged retention of the current tax treatment of employer-provided benefits. The AFL-CIO is particularly pleased that the Committee repudiated the Administration's attempt to levy a tax on working people's health care, life insurance, death benefits, legal services, education and disability compensation. Unfortunately, the present partial tax on unemployment compensation will be made total. We are pleased that the Committee retained the existing deduction for state and local taxes and thereby protects the citizens of those localities which have assumed the responsibility for high-quality education and other public programs.

In addition, the Committee took a number of important steps toward tax fairness, including:

Removal of 6 million lower-paid individuals from the tax rolls;

Increasing the effective tax rate on capital gains;

Instituting a meaningful minimum tax on individuals and corporations, and

More fairly distributing the individual tax reductions provided by the legislation.

It is unfortunate, however, that the Committee remained locked within the Administration's demand for revenue neutrality. The tax bill ignores the spectre of a massive federal debt created, in great part, by the revenue giveaways to corporations and wealthy individuals in the 1981 tax law. The sizable rate cuts to the wealthy in the current bill do nothing to ameliorate the problem.

The AFL-CIO supports the Committee bill for the same reasons that we urge you to reject the Republican alternative. Among other things, the alternative: fails to retain the existing exclusion for employer-provided life insurance; severely restricts the current deduction for state and local taxes; shifts much less of the tax burden from individuals to corporations, and fails to increase the effective tax rate on capital gains. We therefore urge you to vote against this alternative.

Finally, we must object strongly to the provisions of the Committee bill wherein public employees would be required to pay taxes up front on their retirement income while members of House and the Senate, as well as their staffs, are exempted. Clearly, this is an inequity that the principle of tax fairness cannot tolerate.

The AFL-CIO believes that the Ways and Means Committee bill does much to restore fairness to the federal tax code and will benefit low- and middle-income Americans. We urge you to support its passage.

Sincerely,

RAY DENISON,
Director, Department of Legislation.

TAX BILL PROVIDES NEARLY $30 BILLION TO TAXPAYERS BELOW $20,000, CUTS TAX BURDENS FOR A POVERTY LEVEL FAMILY BY 69 PERCENT

The House Ways and Means Committee tax reform bill would provide nearly $30 billion in tax relief over the next five years to taxpayers with incomes of less than $20,000 and would cut federal tax burdens for four-person families at the poverty line by 69 percent, according to a new analysis issued today by the Center on Budget and Policy Priorities.

As a result, the bill would, if enacted, be "the most beneficial piece of legislation for low and moderate income families in more than a decade," the analysis finds.

The analysis, based on data from the Ways and Means Committee, the Joint Tax Committee of the Congress, and the Internal Revenue Service, finds that a married family of four with income at the poverty line would have its combined federal income and payroll tax cut for 1987 from $1,271 to $399 under the bill.

This represents a tax cut of $870—or a reduction of 69 percent in this family's income and payroll tax burden, the analysis states.

In addition, the analysis notes that the amount of money a family of four could earn before having to pay income tax would be raised by more than $4,700—from over $2,200 below the poverty line to nearly $2,500 above the poverty line.

Married families of four would begin paying income tax when their earnings reached $14,475 (in 1987), under the bill.

"This increase in the income tax threshold is especially significant," Center director Robert Greenstein noted. "Since 1979, the number of households living in poverty who have to pay income tax has more than tripled—as the income tax threshold has fallen farther below the poverty line than at any time since 1966. The new tax bill resolves this problem and removes 6.5 million poor

and near-poor taxpayers from the income tax rolls."

The analysis also compares the new legislation to the Reagan Administration tax proposal, and finds that the Ways and Means bill provides far more tax relief to low and moderate income families.

The tax relief provided to taxpayers under $20,000 a year is nearly 60 percent greater under the Ways and Means bill than under the Administration plan, the Center finds. Substantially more poor and near-poor families would have their income tax liability eliminated under the Committee's bill, while most of those who would still owe income tax would receive a larger tax reduction.

MIDDLE CLASS ALSO AIDED

In addition to being more beneficial to lower income families than the Reagan plan, the bill is also considerably more favorable for middle income families, the analysis finds.

"Under the Administration plan, nearly half of all individual tax cuts would have gone to households with incomes over $75,000 a year, even though they constitute just 5% of all taxpayers," the analysis reports. "And over 30% of all individual tax cuts would have gone to the wealthiest 1% of all households, those with incomes over $200,000 a year."

The Ways and Means bill scales back these tax reductions for the wealthy by about half and transfers much of this money to middle income taxpayers instead. Taxpayers in the broad middle category ranging from $20,000 to $75,000 would receive over half of the individual tax cuts under the Committee bill (compared to less than 37% of the cuts in the Reagan plan) and would receive nearly $70 billion in total tax relief in the next five years—about $25 billion more than under the Reagan plan.

Under the Administration plan, for example, the average taxpayer in the over-$200,000 bracket would have his or her taxes cut by twice as large a percentage as average taxpayers between $30,000 and 75,000. Under the Ways and Means bill this is changed—and middle income taxpayers receive the larger percentage cuts.

For example, the average taxpayer in the $30,000 to $40,000 range would receive a tax cut 36% larger than under the Reagan proposal, the analysis notes.

CORPORATE TAXES RETURNED TO 1980 LEVELS

Finally, the analysis notes that although there would be an overall corporate tax increase, the corporate tax burden would only be returned to 1980 levels.

The analysis states that under the bill, corporate taxes would constitute an estimated 13% of federal tax revenues in 1990—roughly the same level as in 1980, when corporate taxes comprised 12.5% of federal revenues. In the aftermath of large corporate tax cuts since 1980, corporate taxes fell to just 8.5% of federal revenues last year.

The analysis states that the corporate tax burden would remain well below the levels of the 1950's and 1960's (when corporate taxes made up a fifth of all federal revenues) and the 1970's (when corporations paid 15% of federal taxes).

I. SUMMARY OF H.R. 3838

Title I. Individual Income Tax Provisions

A. Basic Rate Structure

1. Rate reductions

The bill provides a new 4-bracket tax rate schedule based on taxable income, which will become effective on July 1, 1986. The Secretary of the Treasury is instructed to prepare blended tax schedules for 1986 tax returns which will incorporate half of the present law structure (as indexed for inflation) and half of the new tax rate structure. The new tax rate structure, which will be fully effective on January 1, 1987, is shown below.

Tax rates (%)	Taxable income			
	Married couples & surviving spouses	Heads of households	Unmarried individuals	Married individuals filing separately
15	Not over $22,500	Not over $16,000	Not over $12,500	Not over $11,250
25	22,500–43,000	16,000–34,000	12,500–30,000	11,250–21,500
35	43,000–100,000	34,000–75,000	30,000–60,000	21,500–50,000
38	Over 100,000	Over 75,000	Over 60,000	Over 50,000

The taxable income amounts in the rate schedules is indexed for inflation beginning in 1987.

2. Increase in standard deduction

The standard deduction replaces the zero bracket amount. Effective in 1987, the standard deduction amounts are $4,800 for joint returns of married couples and for surviving spouses, $4,200 for heads of households, $2,950 for unmarried individuals, and $2,400 for married individuals filing separate returns. These amounts are indexed for inflation beginning in 1988.

An additional standard deduction amount of $600 is allowed for an elderly or blind individual. For these taxpayers only, the new standard deduction amount and the additional $600 standard deduction amount are effective on January 1, 1986.

For all individual taxpayers other than elderly or blind individuals, the standard deduction amounts for 1986 are $3,670 for joint returns, $2,480 for heads of households and single persons, and $1,835 for married individuals filing separately.

Individuals who itemize deductions will reduce their total itemized deductions by $500 times the number of personal exemptions claimed.

3. Increase in personal exemption

The personal exemption is raised to $2,000 for each individual, individual's spouse, and dependent, effective January 1, 1986. (The additional exemption under present law for a blind or elderly individual is replealed.) The personal exemption amount is indexed for inflation beginning in 1987.

4. Two-earner deduction

The deduction for two-earner married couples is repealed after December 31, 1985. Adjustments made in the standard deduction for married couples filing joint returns and in the relationship of the rate schedules for unmarried individuals and married couples filing joints returns compensate for the repeal of this provision.

B. Individual Tax Credits

1. Earned income credit

Currently, an eligible individual is allowed a refundable income tax credit equal to 11 percent of the first $5,000 of earned income, for a maximum credit of $550. The maximum allowable credit is phased down, however, as adjusted gross income (or, if greater, earned income) rises above $6,500. Also, the credit is not allowed for taxpayers with adjusted gross income (AGI) or, if greater, earned income over $10,000. Currently, the credit is not adjusted for inflation.

The bill increases the maximum allowable credit to 14 percent of the first $5,000 of earned income (for a maximum credit of $700), for taxable years beginning on or after January 1, 1986. The phaseout levels for 1986 are adjusted so that the credit phases out between $6,500 and $13,500 of AGI. For taxable years beginning on or after January 1, 1987, the phaseout of the credit begins at $9,000 of AGI; it is totally phased out at $16,000 of AGI. Also, the maximum amount of the credit and the phaseout income levels are adjusted for inflation.

2. Repeal of political contributions credit

The tax credit allowed to individuals under present law for one-half the amount of contributions to political candidates and certain political campaign organizations, up to a maximum of $50 ($100 on a joint return), is repealed. The repeal is effective for taxable years beginning after December 31, 1985.

C. Provisions Related to Exclusions

1. Limit on exclusion for child care assistance

The bill limits the exclusion for employer-provided child care assistance to $5,000 a year ($2,500 in the case of a married individual filing separately), effective for taxable years beginning after December 31, 1985.

2. Unemployment compensation benefits

Under present law, a portion of unemployment compensation benefits is includible in gross income if the sum of the recipient's benefits and adjusted gross income exceeds specified amounts. The bill provides that all unemployment compensation benefits are uncludible in gross income, for taxable years beginning after December 31, 1985.

3. Scholarships and fellowships

The bill limits the exclusion for degree candidates to the amount of a scholarship or fellowship grant required to be used for tuition and fees, books, supplies, and equipment required for courses. The bill repeals the exclusion for grants received by nondegree candidates, but does not affect whether their unreimbursed educational expenses may be deductible as trade or business expenses. The bill also provides that the exclusion does not apply to any portion of amounts received as a scholarship or a tuition reduction which represents payment for teaching, research, or other services required as a condition of receiving the grant. The bill repeals the present-law exclusion for certain Federal grants where the recipient is required to perform future services as a Federal employee. The provision is effec-

tive for scholarships and fellowships granted after September 25, 1985.

4. Exclusion for prizes and awards

The exclusion for certain prizes and awards is repealed, except where the winner assigns the award to charity (see also the description above of the scholarship exclusion). Awards by employers to employees are includible in income unless qualifying for the present-law exclusion for de minimis items (such as certain traditional retirement gifts). The provision applies to taxable years beginning after December 31, 1985.

D. Individual Deductions

1. Employee expenses and miscellaneous itemized deductions

A one-percent floor is placed under itemized deductions for miscellaneous employee, investment, and certain other expenses, and nonreimbursed employee travel and other expenses that presently are deductible "above-the-line" are included in the miscellaneous itemized deduction. The provision is effective for taxable years beginning after December 31, 1985.

2. Charitable contribution deduction for nonitemizers

The bill makes permanent the deduction for charitable contributions made by individuals who do not itemize deductions. The bill modifies the deduction by providing that for taxable years beginning after 1985, the deduction is subject to a $100 floor.

3. Adoption expenses

Currently, an individual is allowed an itemized deduction for up to $1,500 of expenses incurred in the adoption of certain handicapped ("special needs") children. The bill repeals this deduction for taxable years after December 31, 1986, and modifies the Adoption Assistance Program of Title IV-E of the Social Security Act to provide assistance through that program for such adoption expenses (see also Title XIV, item 7.)

E. Other Provisions

1. Income averaging

The income averaging provision is repealed, effective for taxable years beginning after December 31, 1985.

2. Travel and entertainment expenses

The bill provides that 80 percent of meal and other entertainment expenses, to the extent otherwise allowable, can be deducted. Certain legal and substantiation requirements are added for business meal deductions. Deductions for tickets are limited to face value, and luxury "skybox" deductions are restricted. No deductions are allowed for travel as a form of education, charitable travel that serves vacation purposes, or expenses for attending investment seminars. Deductions for luxury water travel are limited. The provision applies to taxable years beginning after December 31, 1985.

3. Changes in treatment of hobby losses

Under present law, an activity other than horse breeding, training, showing, or racing is presumed not to be a hobby if it is profitable in 2 out of 5 consecutive years. Under the bill, the presumption is changed so that an activity (other than one involving horses) is presumed not to be a hobby if it is profitable in 3 out of 5 consecutive years. The provision is effective for taxable years beginning after December 31, 1985.

4. Deduction for business use of home

The bill makes several changes regarding limitations on deductions for business use of one's home. First, no deduction arises for costs associated with business use of the home (except for items allowable without reference to such use, e.g., home mortgage interest) in the case of an employee who rents a portion of the home to the employer. Second, home office costs are deductible only to the extent of net income from the business activity (rather than certain gross income, as under present law). Third, deductions disallowed because in excess of such net income can be carried forward.

The provision is effective for taxable years beginning after December 31, 1985.

5. Housing allowances for ministers and military personnel and deductions for property taxes and mortgage interest

The bill provides that the receipt of tax-free housing allowances by ministers or military personnel does not result in loss of deductions for interest or real property tax on the individual's home, effective for past and future years.

Title II. Capital Income Provisions

A. Cost Recovery Provisions

1. Depreciation

Incentive depreciation.—The Accelerated Cost Recovery System is replaced by the Incentive Depreciation System (IDS), effective generally for property placed in service after December 31, 1985, except for property covered by transition rules.

IDS groups assets into ten classes, generally according to their present class life (or "ADR midpoint life"). Assets in the same IDS class are depreciated over a common period, ranging from 3 to 30 years. The 200-percent declining balance method, switching to the straight-line method, is used for classes 1-9; the straight-line method is used for class 10, which includes primarily real property other than low-income housing.

Inflation adjustments.—IDS deductions are subject to increases for inflation adjustments, beginning in 1988. In general, the adjustments are for half the inflation rate in excess of 5 percent in applicable years.

Nonincentive depreciation.—A nonincentive depreciation system applies for assets used abroad or by tax-exempt entities, for minimum tax purposes, and for certain other purposes. Depreciation under this system is generally straight-line over an asset's present class life (40 years for real property).

Expensing.—The current $5,000 limit on the amount of personal property that may be expensed annually is raised to $10,000, and expensing is available only to taxpayers whose qualified expenditures do not exceed $200,000 for the taxable years.

2. Regular investment tax credit

Repeal.—The regular investment tax credit is repealed, effective generally for property placed in service after December 31, 1985.

Transition rules.—The credit is available for eligible property to which transition rules apply for depreciation purposes. Such credits are generally allowed ratably over a 5-year period, and a full adjustment in depreciable basis for the entire credit is required when property is placed in service.

3. Finance leasing

Finance leasing is repealed, effective for property placed in service after December 31, 1985, subject to transition rules.

B. Limitation on General Business Credit

The limitation on the amount of income tax liability (in excess of $25,000) of an individual or corporate taxpayer that may be offset by the general business credit is reduced from 85 percent to 75 percent.

C. Rapid Amortization Provisions

The bill repeals rapid amortization elections for certain costs relating to trademarks and trade names, certified pollution control facilities, and qualified railroad grading and tunnel bores, generally effective for expenditures paid or incurred after December 31, 1985. Transitional rules are provided with respect to certain binding contracts.

The bill retains and makes permanent the present law election to amortize over 60 months certain qualifying costs for rehabilitation of low-income housing. The bill replaces the present law limit of $20,000 per dwelling unit ($40,000 in some cases) with a single $30,000 per dwelling unit limit. The bill also extends for two years the present law election to expense qualified expenditures to remove architectural and transportation barriers to the handicapped and elderly.

The bill provides for a two-year extension (through 1987) of the present-law provision that allows the expensing of costs attributable to the removal of architectural and transportation barriers to the hadicapped and elderly.

D. Other Capital-Related Costs

1. Incremental research credit

The bill extends the credit for increasing research activities for an additional three years, i.e., for qualified research expenditures paid or incurred through December 31, 1988. In addition, the bill modifies the credit as follows, effective for taxable years beginning after 1985:

(a) The credit rate is reduced from 25 percent to 20 percent.

(b) Rental and similar payments for the use of personal property are not eligible for the credit, except for certain payments for computer time.

(c) The committee report modifies the definition of qualified research for purposes of the extended credit.

(d) Increased tax incentives are provided for corporate cash expenditures in excess of certain floors for basic research at universities and certain other organizations.

(e) The general limitation on use of business credits (under the bill, 75 percent of tax liability over $25,000) applies to the research credit.

2. Donations of scientific equipment

The present-law rule allowing an augmented charitable deduction for donations of newly manufactured scientific equipment to universities for research use is extended to such donations made to certain tax-exempt scientific research organizations, effective for taxable years beginning after 1985.

3. Tax credit for rehabilitation expenditures

The bill replaces the existing three-tier rehabilitation credit with a two-tier credit for qualified rehabilitation expenditures. The credit percentage is 20 percent for expenditures incurred in rehabilitation of certified historic structures and 10 percent for rehabilitation of buildings (other than certified historic structures) built before 1936. In general, the bill retains the structure of the existing rehabilitation credit, except the external walls requirement is tightened in the case of non-historic buildings and relaxed in the case of certified historic structures. In addition, the bill requires a basis adjustment for the full amount of the rehabilitation credit in the case of both historic and non-historic buildings.

The modifications to the rehabilitation credit are generally applicable to property placed in service after December 31, 1985.

4. Merchant Marine Capital Construction Fund

The Merchant Marine Act of 1936, as amended, provides Federal income tax incentives for U.S. taxpayers who own or lease vessels operated in the foreign or domestic commerce of the United States or in U.S. fisheries. The bill coordinates the application of the Internal Revenue Code of 1985 with the capital construction fund program of the Merchant Marine Act of 1936, as amended. In addition, new requirements are imposed, relating to (1) the tax treatment of nonqualified withdrawals, (2) certain reports to be made by the Secretaries of Transportation and Commerce to the Secretary of the Treasury, and (3) a time limit on the amount of time monies can remain in a fund without being withdrawn for a qualified purpose.

These rules are effective for taxable years beginning after 1985.

E. Capital Gains and Losses

1. Individual long-term gains

The bill provides a deduction for 50 percent of long-term capital gain for taxable years beginning in 1986 and 42 percent for taxable years beginning after 1986. In conjunction with the changes in the top regular individual rates, this produces a maximum long-term capital gain tax rate of 22 percent for taxable years beginning in 1986 (50 percent of 44 percent) and 22.04 percent thereafter (58 percent of 38 percent).

These provisions apply to capital gain reportable under the taxpayer's method of accounting in taxable years beginning after 1985, regardless of whether the sale or other transaction giving rise to the gain occurred in a prior year.

2. Royalty income from coal and domestic iron ore

The bill phases out the special capital gain rules for coal and domestic iron ore royalties over a three year period, beginning January 1, 1986. The provision applies to royalties taken into account after 1985.

3. Recapture of certain amounts previously reducing taxable income

The bill expands the amount of gain that must be treated as ordinary income on the disposition of oil, gas or geothermal property to include the amount of depletion deductions that have previously reduced basis, in addition to the excess intangible drilling costs which are recaptured under present law. The bill applies similar rules for mining exploration and development costs. The new provisions generally apply to property placed in service by the taxpayer after 1985.

F. Oil, Gas and Geothermal Properties

1. Intangible drilling and development costs

Under present law, intangible drilling and development costs (IDCs) generally may be expensed or capitalized at the election of the operator of an oil, gas or geothermal property. IDCs qualify for this treatment whether incurred in the United States or in a foreign country. In the case of integrated producers, 80 percent of IDCs may be expensed and the remaining 20 percent must be amortized over a 36-month period. Costs with respect to a nonproductive well ("dry hole") may be deducted by any taxpayer in the year the dry hole is completed.

Under the bill, domestic IDCs that are incurred prior to the beginning of the installation of production casing may be expensed as under present law. (For integrated producers, 80 percent of these IDCs may be expensed and the remaining 20 percent must be amortized over a 36-month period). IDCs associated with the installation of production casing, or that are incurred after the commencement of such installation, are to be amortized over a 26-month period, beginning with the month in which the costs are paid or incurred. (This rule does not apply below the lowest production level.) Unamortized IDCs associated with dry holes may be expensed in the year in which the dry hole is completed. These rules apply to oil, gas and geothermal properties.

IDCs incurred outside the United States are to be recovered (i) using 10-year, straight-line amortization, or (ii) at the taxpayer's election, as part of the basis for cost depletion.

These provisions are effective for costs paid or incurred after 1985.

2. Percentage depletion

Present law allows percentage depletion for up to 1,000 barrels of daily crude oil production (or the equivalent amount of natural gas) by an independent producer or royalty owner. The percentage depletion rate for oil and gas is equal to 15 percent of the taxpayer's gross income from the property, not to exceed (1) 50 percent of net income from the property, or (2) 65 percent of the taxpayer's overall taxable income. Percentage depletion is also allowed at a 15 percent rate for geothermal properties.

The bill generally phases out percentage depletion for oil, gas and geothermal properties over a three-year period. Taxpayers will thereafter be required to use the cost depletion method. Percentage depletion is retained at a 15 percent rate for stripper well oil (as defined for purposes of the crude oil windfall profit tax) and gas (as defined under the Natural Gas Policy Act of 1978). No percentage depletion is allowed for lease bonuses, advance royalties, or any other amounts payable without regard to the actual production from an oil, gas or geothermal property.

The phaseout of percentage depletion applies to production after December 31, 1985 (in the case of geothermal properties, in taxable years beginning after that date). The denial of percentage depletion for lease bonuses and advance royalties is effective on January 1, 1986.

3. Windfall profit tax exemption for certain exchanges of crude oil

The bill provides that certain crude oil is exempt from the crude oil windfall profit tax if it is exchanged for an equal amount of residual fuel oil which is be used on the property in enhanced recovery processes. This exception is limited to production attributable to an operating mineral interest. No depletion deduction (including cost or percentage depletion) is available with respect to oil qualifying for this exception. The exception is applicable to residual fuel used, and crude oil removed, after the date of enactment.

G. Hard Minerals

1. Depletion

Under present law, acquisition and related costs of mineral deposits must be recovered in any taxable year through cost or percentage depletion, whichever results in a larger deduction for that year. Depletion rates range from 5 to 22 percent of gross income. The depletion deduction for any property may not exceed 50-percent of net income from the property.

For most minerals, the bill ratably phases down the depletion rate to 5 percent over 3 years. In the case of minerals that have a 5-percent depletion rate under present law, the bill ratably phases down the depletion rate to zero over 3 years. Present law depletion rates are retained for dimension stone and minerals used in the production of fertilizer or animal feed. The 50 percent income limitation ratably is phased down to 25 percent over 3 years.

The phase down of depletion rates is effective for production after December 31, 1985. The phase down of the income limitation is effective for tax years beginning after 1985.

2. Exploration and development costs

Under present law, hard mineral exploration and development costs may be expensed by individual taxpayers. In the case of corporations, 80 percent of these costs may be expensed, and the remaining 20 percent is recovered in the same manner as 5-year depreciable property. At the taxpayer's election, once a mine begins production, expensed exploration (but not development) costs either (1) reduce depletion deductions, or (2) are recaptured in income and then recovered through depletion deductions.

Under the bill, the treatment of development costs generally is conformed to the treatment of exploration costs under present law. For domestic mines, development costs that are expensed would be recaptured when the mine reaches the producing stage. Recaptured amounts (and development costs incurred after production commences) would be recovered in the same manner as depreciable property in class 1 (3-year recover period). (Alternatively, these amounts could be applied to reduce depletion deductions.) The 20 percent of corporate exploration and development costs that are not expensed would be recovered in the same manner as class 2 property (5-year recovery period), beginning in the year the costs are paid or incurred.

In the case of foreign mines, exploration and development costs are recovered by (1) 10-year straight-line amortization or (2) at the election of the taxpayer, as part of the basis for cost depletion.

These provisions are effective for costs paid or incurred after December 31, 1985.

H. Energy and Fuels Tax Provisions

1. Residential tax credits.—The solar energy tax credit is extended for three years at reduced credit rates—30 percent in 1986 and 20 percent in 1987 and 1988. Expenditures for solar hot water property are limited to $5,000. The credit may not be used to create a sun room, greenhouse, or similar structure. The insulation, energy conservation, and wind energy tax credits are allowed to expire at the end of 1985.

2. Business tax credits.—Business solar and geothermal energy tax credits are extended for three years at reduced credit rates; solar credits will be 15 percent in 1986, 12 percent in 1987, and 8 percent in 1988; geothermal credits will be 15 percent in 1986 and 10 percent in 1987 and 1988. The other business energy tax credits are allowed to expire as scheduled in present law; these credits covered wind energy, ocean thermal energy and biomass properties, intercity buses, and small-scale hydroelectric projects.

3. Tax credit for fuels from nonconventional sources.—Production credits for fuels from nonconventional energy sources are repealed after 1985, except for fuels produced from wells drilled or facilities placed in serv-

ice before January 1, 1986, and sold before January 1, 1990. An exception is made for methane gas produced from wood in facilities placed in service before January 1, 1990, and sold before January 1, 2001.

4. Alcohol fuels.—The 9-cents-per-gallon exemption from the gasoline and motor fuels excise taxes for neat alcohol and methanol fuels is reduced to 6 cents per gallon. The 60-cents-per-gallon nonrefundable income tax credit for blending alcohol with gasoline is repealed after December 31, 1985. The 6-cents-per-gallon excise tax exemption for gasohol is unchanged from present law.

5. *Taxicab fuel tax exemption.*—The 4-cents-per-gallon exemption from the excise taxes on gasoline and motor fuels for qualified taxicabs is reinstated as of October 1, 1985 for three years, through September 30, 1988.

I. Extension of Certain Tax Credits

1. Extension and modification of targeted jobs tax credit

Under present law, the targeted jobs credit is available with respect to individuals who begin work for the employer before 1986. The credit generally is equal to 50 percent of the first $6,000 of qualified first-year wages and 25 percent of the first $6,000 of qualified second-year wages paid to a member of a targeted group. A credit equal to 85 percent of the first $3,000 of qualified first-year wages of any disadvantaged summer youth employee is also allowed.

The bill extends the targeted jobs credit for two more years with several modifications. The bill eliminates the credit for second-year wages, reduces the first-year credit to 40 percent of the first $6,000 of qualified first-year wages (except in the case of disadvantaged summer youth employees), eliminates the credit for wages paid to an individual who works for the employer for fewer than 14 days, and extends the authorization for appropriations for administrative and publicity expenses through fiscal year 1987. Under the bill, the credit is available for wages paid to individuals who begin work for an employer before 1988. The amendments to the targeted jobs credit rules apply to taxable years beginning after 1985.

2. Orphan drug tax credit

The income tax credit for clinical testing of orphan drugs is extended for one additional year through December 31, 1988.

Title III. Corporate Taxation

A. Corporate Tax Rates

The bill provides a 3-bracket graduated corporate rate structure as follows:

Taxable income:	*Tax rate (percent)*
$50,000	15
Over $50,000 but not over $75,000	25
Over $75,000	36

This structure reduces from 5 to 3 the number of corporate income tax brackets, and lowers from 46 to 36 the tax rate applicable to large corporations. The benefit of graduated rates is phased out for corporations with more than $365,000 of taxable income (compared to $1,405,000 under present law).

The 28-percent alternative tax rate for net capital gains of corporations is increased to 36 percent—the regular tax rate applicable to large corporations.

The graduated income tax rates are effective for tax years beginning on or after July 1, 1986. The rate schedule for taxable years including July 1, 1986 will reflect blended rates.

The increase in the alternative tax rate on corporate capital gain's generally is effective for tax years ending after December 31, 1985. Under a transition rule, the present maximum 28-percent rate will apply to net capital gain recognized before January 1, 1986 or pursuant to a binding contract in effect on September 25, 1985.

B. Dividends Paid Deduction

The bill generally gives corporations a deduction for 10 percent of dividends paid out of corporate earnings that have been subject to tax. The deduction is not available for RICs, REITs, S corporations, cooperatives, and DISCs or FSCs, which are otherwise subject to special tax regimes. Compensatory shareholder-level taxes are imposed in certain circumstances on foreign shareholders and on tax-exempt shareholders holding 5 percent or more of the payor's stock.

The deduction is available for taxable years beginning after January 1, 1987 and is phased in over a ten-year period.

C. Dividends Received Deduction

The 85 percent dividends received deduction under present law is reduced to 80 percent for dividends received after December 31, 1985. In addition, the dividends received deduction is adjusted to reflect the phase in of the dividends paid deduction. Thus, for example, the 80 percent dividends received deduction is reduced to 79 percent in the first year that the dividends paid deduction is available, and to 70 percent after the 10 year phase in.

D. Dividend Exclusion for Individuals

The $100 dividends exclusion for individuals ($200 for a joint return) is repealed, effective for taxable years beginning after December 31, 1985.

E. Clarification of Nondeductibility of Stock Redemption expenses

The bill clarifies present law by providing that no amount paid or incurred by a corporation in connection with a redemption of its stock is deductible or amortizable. This would preclude, for example, deduction of so-called "greenmail" payments made to stockholders to avert a hostile takeover.

F. Special Limitations on Net Operating Loss and Other Carryforwards

The bill alters the character of the special limitations on the use of net operating loss (NOL) and other carryforwards. After a change in ownership of more than 50 percent of the value of stock in a loss corporation, however effected, the taxable income available for offset by pre-acquisition NOLs is limited to the long-term tax-exempt rate times the value of the loss corporation's equity. In addition, NOLs are disallowed unless the loss corporation satisfies the continuity-of-business-enterprise rule that applies to tax-free reorganizations for the 2-year period following an ownership change, regardless of the type of transaction that results in the change of control. The bill also expands the scope of the special limitations to include built-in losses and takes into account built-in gains. The bill includes a number of rules designed to ensure the limitations accomplish their intended objectives and makes other changes to present law, of a more technical nature, including rules relating to the measurement of beneficial ownership. The bill applies similar rules to carryforwards other than NOLs, such as net capital losses and excess foreign tax credits.

Effective dates.—In general, the bill applies to changes in ownership that occur after December 31, 1985 (unless pursuant to plans of tax-free reorganization adopted before January 1, 1986).

G. Recognition of Gain and Loss on Liquidating Distributions and Sales of Property (Repeal of the General Utilities Rule)

The bill provides that, in general, gain or loss is recognized to a corporation on a distribution of its property in complete liquidation, as if it had sold the property at fair market value. This repeals the so-called *General Utilities* rule. An exception is provided for distributions to certain controlling corporate shareholders. An exception is also provided for distributions to certain noncorporate, long-term shareholders, under rules similar to those applicable to nonliquidating distributions under present law. Under either exception, nonrecognition is available only to the extent of the qualifying shareholders' percentage interest in the liquidating corporation. The amount subject to nonrecognition is generally this percentage of gain or loss on each asset distributed, without regard to the status of the actual distributee.

Under the bill, nonrecognition is also allowed on certain liquidating sales of property to the same extent nonrecognition would have been available had the property been distributed.

Effective dates.—In general, the bill applies to distributions and sales and exchanges occurring on and or after November 20, 1985. An exception is provided in the case of certain distributions and sales made pursuant to a plan of liquidation adopted before that date. Special rules apply for purposes of determining whether a plan of liquidation has been adopted for this purpose.

Title IV. Tax Shelters

A. At-Risk Rules

The at-risk rules limit the net losses which individuals and certain corporate taxpayers may deduct with respect to an activity. Present law provides an exception from the rules for the activity of holding real estate. The bill repeals this real estate exception. However, a taxpayer will be at risk for certain unrelated third-party nonrecourse debt incurred with respect to real estate. The provision is effective for losses attributable to property acquired after December 31, 1985.

B. Investment Interest Limitation

1. General limitation.—The deduction for nonbusiness interest expense of noncorporate taxpayers, in excess of their net investment income, is the sum of (a) interest on debt secured by the taxpayer's principal residence, as well as a second residence, to the extent of their fair market value, plus (b) $10,000 ($20,000 for a joint return).

2. Interest subject to limitation.—Nonbusiness interest subject to the limitation means all interest (including consumer interest) not incurred in a trade or business, including the taxpayer's share of interest expense attributable to certain passive investments.

3. Investment income defined.—Net investment income includes dividends, interest, rents, royalties, and similar items, the taxpayer's share of income attributable to certain passive investments and the taxable portion of capital gains. Investment expenses, which are netted against this income to determine net investment income,

include expenses and depreciation and depletion actually deducted.

4. Net leases.—Property subject to a net lease is considered an investment, unless the business deductions exceed 15 percent of the rental income. If the taxpayer performs personal services with respect to certain leased property, the value of his services may be included with his business deductions, in calculating 15 percent of rental income.

Effective date.—Subject to a phase-in rule, the limitation will be effective for interest paid or incurred in taxable years beginning on or after January 1, 1986, regardless of when the obligation was incurred. Interest not disallowed under present law, but which would disallowed under the bill, would become subject to disallowance ratably (10 percent per year) over 10 years commencing with taxable years beginning in 1986. Thus, the provision will be fully effective in 1995.

Title V. Individual and Corporate Minimum Taxes

A. Individual Minimum Tax

The present law individual alternative minimum tax is retained with the following modifications. The rate is increased to 25 percent; incentive depreciation on all property placed in service after 1985 is a preference; certain timing preferences (such as depreciation) are measured for post-1985 property on an aggregated basis, instead of measuring them item-by-item without netting; the maximum rate on capital gains is 22 percent and certain transfers by insolvent farmers are excluded; the net income offset to the intangible drilling cost preference is reduced to 65 percent; and the following new preferences are added: interest on newly issued nonessential function bonds, excludable income earned abroad by U.S. citizens, the benefit of the completed contract method of accounting, excludable income of foreign sales corporations (FSCs), losses in excess of twice the cash basis in passive farming activities, net losses in excess of certain cash basis in passive investment activities (with a $50,000 limit for losses from tax shelters), and charitable contributions of appreciated property (to the extent of the taxpayer's other preferences). In addition, a credit is allowed against the regular tax for prior years' minimum tax liability attributable to timing preferences. The provision applies to taxable years beginning after December 31, 1985.

B. Corporate Minimum Tax

An alternative minimum tax, similar to the individual minimum tax, replaces the present law add-on tax. The rate is 25 percent, and a $40,000 exemption is allowed. The items of tax preference include the corporate preferences under present law, incentive depreciation on all property placed in service after 1985 (with taxpayers being required instead to use the nonincentive rules for minimum tax purposes), intangible drilling costs (with the same 65 percent net income offset applying to individuals), tax-exempt interest on nongovernmental obligations, excludable FSC income, the benefit of the completed contract method of accounting, and charitable contributions of appreciated property (to the extent of the taxpayer's other preferences). Rules similar to those under the alternative minimum tax on individuals apply to incentive credits, the foreign tax credit, and net operating losses. A credit for the minimum tax paid in earlier year is allowed against the regular tax. Estimated tax payments are required with respect to corporate minimum tax liability. The provision applies to taxable years beginning after December 31, 1985.

Title VI. Foreign Tax Provisions

A. Foreign Tax Credit

1. Foreign tax credit limitation.—The overall foreign tax credit limitation of present law is retained. The separate limitation for interest income is replaced with separate limitations for passive income, shipping income, foreign currency translation gain, and banking and insurance income. Passive income includes certain categories of income subject to current taxation under the anti-tax haven rules.

These rules are effective for taxable years beginning after 1985.

2. Creditability of gross withholding taxes on interest.—Foreign gross withholding taxes on interest paid to financial institutions are treated as creditable taxes only up to the amount of the U.S. tax on the interest income.

This provision is generally effective for taxes paid in taxable years beginning after 1985, but certain transition relief is provided.

3. Deemed-paid credit.—(a) The deemed paid credit for a U.S. corporation's share of foreign taxes paid by a foreign corporation is determined with respect to the foreign corporation's multi-year pool of accumulated earnings and profits; and (b) earnings and profits generally are computed in the same manner for actual distributions as they are now for tax-haven income inclusions.

These rules are generally effective for earnings and profits accumulated in taxable years beginning after 1985.

4. Effect of losses on foreign tax credit.—Present law is generally retained with a clarification that foreign source losses reduce all types of foreign source income before reducing U.S. source income.

This provision applies to losses incurred in taxable years beginning after 1985.

B. Source Rules

1. Income derived from purchase and sale of inventory-type property.—Source is generally determined by the country of residence of the seller (the place-of-title-passage source rule of present law is repealed). When a seller has a fixed place of business outside his residence country that participates materially in a sale to an unrelated party, the sales income generally is sourced in the country in which that fixed place of business is located.

2. Income from manufacture and sale of inventory-type property.—At least 50 percent of such income must be allocated to manufacturing activity, which is sourced where the manufacturing occurs. The portion of such income allocated to sales activity is sourced under the rules for sales income described immediately above.

3. Income from intangible property.—With respect to royalty income, the bill retains the place-of-use source rule of present law. With respect to sales income, the bill generally follows the rule, described above, for income from the purchase and sale of inventory-type property, which generally depends upon the residence of the seller.

4. Income derived from sale of other personal property.—Under the bill, recapture income derived from sales of personal property used by the seller in a business is sourced where deductions with respect to such property previously offset income. Income in excess of those deductions is sourced like income from sales of inventory-type property. Income derived from sales of other personal property, including passive investment property, is sourced in the country of residence of the seller.

5. Transportation income.—The bill sources transportation income from United States-foreign routes as 50-percent U.S. source income and 50-percent foreign source income. (Present law generally treats most transportation income earned on such routes as foreign source income.) The special U.S. sourcing rule for income and expenses associated with vessels or aircraft constructed in the United States and leased to U.S. persons is repealed. The bill also repeals a similar rule for transportation income earned in leasing certain aircraft used on United States-U.S. possessions routes. The repeal of both special rules is subject to a grandfather rule for currently leased assets.

Under the bill, the reciprocal tax exemption for foreign persons' shipping and aircraft income is available only if a foreign person's country of residence gives U.S. persons an equivalent foreign tax exemption; in addition, a four-percent gross basis tax is imposed on U.S. source shipping income of foreign persons.

6. Other offshore income and income earned in space.—The bill sources other offshore income and income earned in space in the recipient's country of residence.

7. Dividend and interest income.—For withholding tax purposes, the bill generally treats interest paid to unrelated parties by a U.S. corporation that earns more than 80 percent of its income from foreign sources (an "80/20" company) as foreign source to the extent that the company's income is derived from foreign sources in the active conduct of a trade or business outside the United States. Dividend and other interest payments to foreigners by an 80/20 company are generally subject to U.S. withholding tax. For foreign tax credit purposes, the bill treats 80/20 companies' dividends as U.S. source, and their interest payments as U.S. source unless they are connected with an active financing business of an unrelated U.S. payee conducted outside the United States. The bill also restructures certain interest income exemptions.

8. Allocation of interest and other expenses.—The bill generally requires corporate members of affiliated groups to allocate all expenses between U.S. and foreign income on a consolidated group basis. Certain corporations that cannot join in filing consolidated returns can continue to allocate expenses on a separate company basis, as can some financial and similar companies, if their borrowing and lending activities are independent from their affiliates' other operations. The asset method of allocating interest expense is modified and the optional gross income method is eliminated. Tax-exempt income and assets are not taken into account for purposes of allocating expenses. The new interest allocation rules will be phased in over three years in the case of interest paid on preexisting debt amounts. Other transitional relief is provided.

9. Allocation of R&D expenses.—For two years, taxpayers are to allocate half the expenses for U.S.-performed R&D to U.S. source income, and the other half on the basis of sales or gross income. After two years, starting with taxable years beginning after August 1, 1987, a suspended Treasury Regulation generally requiring allocation on the basis of sales or gross income will take effect.

Effective date.—The rules governing the source of income are generally effective for taxable years beginning after 1985, although the bill provides certain transitional relief.

C. U.S. Taxation of Income Earned Through Foreign Corporations

1. Tax haven income generally.—Interest, dividends, and gains received by banks and insurance companies, insurance income, income earned in space or outside any country, base company rents and royalties, and gains from transactions in commodities, foreign currency, and certain other property generally are taxed currently if earned by controlled foreign corporations. Certain exceptions to the Code's rules that currently tax certain "tax-haven" income of foreign subsidiaries of U.S. companies are repealed, including the exclusion for reinvested shipping income. The subjective tax-avoidance safe-harbor rule is replaced with an objective test.

2. Determination of U.S. control of foreign corporations.—The U.S. ownership requirement for imposition of the anti-tax haven rules is amended. For the anti-tax haven rules to apply to a foreign corporation, 50 percent or more (rather than more than 50 percent) of the vote or value (not merely vote) of that corporation must belong to 10-percent U.S. shareholders. Similarly, for the foreign personal holding company rules to apply, 50 percent or more of the vote or value of a foreign corporation must be owned by five or fewer U.S. individuals. Transitional relief is provided.

3. De minimis tax haven income rule.—Present law is amended to apply the de minimis and 70-percent rules for foreign base company income on the basis of earnings and profits instead of gross income.

4. Foreign investment companies (FICs).—Present law is amended to require either current recognition of income earned by U.S. investors through passive FICs or payment of an interest charge on eventual recognition, and to apply FIC rules to U.S. investors irrespective of the degree of aggregate U.S. ownership. Transitional relief is provided.

5. Possessions-chartered corporations.—The exception to the anti-tax haven rules for possessions-chartered corporations is repealed, with appropriate transition rules provided.

Effective date.—The bill's rules applicable to income earned through foreign corporations are generally effective for taxable years beginning after 1985.

D. Special Tax Provisions for U.S. Persons

1. Possession tax credit and income from intangibles

a. Possession tax credit.—The bill retains the existing possession tax credit with certain modifications. The optional cost sharing method of allocating intangible income is changed to require that the cost sharing payment be determined as the greater of (1) 110 percent of the payment determined under present law and (2) an arm's-length royalty. The bill also requires an increase in the cost-sharing payment (20 percent above the present law payment) for purposes of the 50/50 profit split method. The active income test for possession corporation status is increased from 65 to 75 percent over 2 years. Certain passive income derived from loans made by the Government Development Bank of Puerto Rico in qualifying Caribbean Basin countries are tax-exempt in the hands of companies operating in the possessions. Identical rules apply to U.S. operations in the U.S. Virgin Islands.

b. Income from intangibles.—The payment for intangibles received from foreign corporations by related U.S. persons must be commensurate with the actual income attributable to the intangible.

Effective date.—These rules generally apply to taxable years beginning after 1985. However, the rule that looks to actual income attributable to an intangible applies to intangibles transferred after November 16, 1985.

2. Other rules with respect to U.S. possessions

a. U.S. Virgin Islands.—The Virgin Islands will continue to use the mirror code. The Virgin Islands inhabitant rule is repealed. To be exempt from U.S. withholding tax, 65 percent of a Virgin Islands corporation's income must be effectively connected with a trade or business in a possession or in the United States. Anti-abuse rules are provided.

b. Guam, the Commonwealth of the Northern Mariana Islands (CNMI), and American Samoa.—After 1985, full authority will be granted to Guam and the CNMI to determine their own income tax laws (as American Samoa currently does). To avoid U.S. withholding tax, 65 percent of a possession corporation's income must be effectively connected with a trade or business in a possession or in the United States. Anti-abuse rules are provided.

Effective date.—The bill's rules coordinating United States and possessions taxation generally apply to taxable years beginning after 1985, or as soon as the applicable possession agrees to cooperate with the United States in tax matters.

3. Taxation of U.S. employees of Panama Canal Commission

The bill clarifies that the Panama Canal Treaty and its implementing agreements do not exempt U.S. taxpayers from U.S. tax. The bill provides that Commission employees are entitled to certain tax-free allowances like those available for State Department employees.

The bill's clarification of the effect of the Panama Canal treaty is effective for all taxable years. The rule concerning taxation of employees' allowances applies for taxable years beginning after 1985.

4. Foreign Sales Corporations (FSCs)

The bill changes the reduction in taxable income for FSC shareholders from 16 percent to 14 percent of export income (from 15 percent to 13 percent for corporate shareholders). Corresponding changes are made to DISC rules. This provision is effective for taxable years beginning after 1985.

5. Private sector earnings of Americans abroad

The bill reduces the maximum annual exclusion for foreign earned income of Americans working abroad, from the present $80,000 to $75,000. The provision is effective for taxable years beginning after 1985.

E. Foreign Taxpayers

1. Branch-level tax.—The branch-level tax proposed by the President as a substitute for the present dividend and interest withholding taxes is generally adopted. The bill retains present law when a treaty allows present law to apply but would not allow a branch-level tax to apply. The bill provides anti-treaty shopping rules. These rules are effective for taxable years beginning after 1985.

2. Retain character of effectively connected income.—The bill treats income or gain as effectively connected with a U.S. trade or business if it is attributable to a different taxable year and would have been so treated if it had been taken into account in the other year. This rule applies to taxable years beginning after 1985.

3. Application of accumulated earnings tax (AET) and personal holding company (PHC) tax to foreign corporations.—Present law is amended to allow foreign corporations a net capital gain deduction for purposes of calculating the AET or PHC tax only if the gains are taxed by the United States at the corporate level. This provision applies to transactions occurring after November 15, 1985.

4. Tax-free exchanges by expatriates.—The tax-avoidance expatriate rules under present law are applied to gains on the sale of property the basis of which was determined by reference to U.S. property. This rule applies to sales or exchanges of property received in exchanges after September 25, 1985.

5. Excise tax on insurance premiums paid to foreign insurers.—The bill makes the excise tax on casualty reinsurance premiums paid to foreign insurers for U.S. risk coverage equal to that on similar casualty insurance premiums (4 percent), makes the foreign insurer liable for the tax, and requires the U.S. insured or broker obligated to transmit the premiums to withhold the tax. This rule applies to premiums paid after 1985.

F. Foreign Currency Exchange Gain or Loss

The tax treatment of exchange gain or loss, including character, source, and timing, is clarified. Generally, exchange gain or loss arises if the exchange rate fluctuates between the date an item is taken into account for tax purposes and the date it is paid. In general, exchange gain or loss is ordinary in nature. To the extent provided by regulations, a special rule will require a taxpayer to recognize gain or loss currently with respect to an item that is "hedged" by an offsetting position (e.g., a foreign currency futures contract). All business entities that account for foreign operations in a foreign currency are generally required to use a profit and loss translation method. For purposes of the foreign tax credit, a foreign tax is translated at the exchange rate in effect on the payment date. The indirect foreign tax credit is calculated on the basis of the exchange rate in effect on the date the tax was paid or accrued by the subsidiary, and the exchange gain or loss on the distributed earnings is treated as separate basket foreign source income or loss.

Effective date.—These rules are effective for taxable years beginning after 1985.

Title VII. Tax-Exempt Bonds

A. Tax-Exempt Bond Provisions

1. General restrictions on tax-exemption

Interest on State and local government bonds used to finance traditional government operations is tax-exempt. Interest on bonds to provide conduit financing for nongovernmental persons is taxable unless a specific exception is provided in the Code. A bond generally is viewed as for nongovernmental conduit financing if (a) more than 25 percent of the proceeds are used in a trade or business of a nongovernmental person (and a security interest test is satisfied), or (b) an amount equal to 5 percent or more of the bond proceeds is used to finance loans to such a person.

The bill provides that bonds are for nongovernmental conduit financing if either (a) an amount equal to or exceeding the lesser of 10 percent or $10 million of bond proceeds is used in a trade or business of a nongovernmental person or (b) an amount equal to or exceeding the lesser of 5 percent or $5 million of bond proceeds is used to finance loans to such a person. Bonds for governmental activities are referred to collectively as *essential function bonds* under the bill.

2. Exceptions for certain nonessential function bonds

Present law includes several exceptions permitting tax-exemption for interest on bonds for nongovernmental conduit financing. These exceptions are for (a) industrial development bonds (IDBs); (b) student loan bonds issued in connection with certain Department of Education guarantees; (c) qualified mortgage bonds and qualified veterans' mortgage bonds; (d) bonds for section 501(c)(3) organizations; and (e) certain bonds issued under non-Code statutes enacted before 1984, if the bonds satisfy all Code requirements for bonds the proceeds of which are used for a comparable activity.

The bill continues many of the exceptions permitting tax-exempt financing for activities of nongovernmental persons. Bonds for these activities are referred to collectively as *nonessential function bonds*. Activities for which nonessential function bonds may be issued are (a) exempt-facility bonds (bonds for airports, docks and wharves, mass commuting facilities, certain water furnishing facilities, sewage and solid waste disposal facilities, and qualified multifamily residential rental projects); (b) qualified mortgage bonds and qualified veterans' mortgage bonds; (c) qualified small-issue bonds; (d) section 501(c)(3) organization bonds; (e) qualified student loan bonds (expanded to include certain bonds not issued in connection with Department of Education guarantees); and (f) qualified redevelopment bonds. Additionally, the bill retains the option for States and local governments to elect to exchange qualified mortgage bond authority and issue mortgage credit certificates.

3. Unified State volume limitation

Present law provides three separate State volume limitations for (a) IDBs and student loan bonds, (b) qualified mortgage bonds, and (c) qualified veterans' mortgage bonds. Certain types of IDBs and bonds for secton 501(c)(3) organizations are not subject to State volume limitations.

The bill provides a unified State volume limitation for all nonessential function bonds and the nongovernmental portion (in excess of $1 million) of essential function bonds. States (and local issuers therein) may issue an aggregate annual amount of such bonds not exceeding the greater of $175 per resident of the State or $200 million.

An amount equal to $25 per capita ($30 million in the case of a State having a $200 million volume limitation) is permanently set-aside for section 501(c)(3) organization bonds. Additional set-asides are provided for bonds to finance housing and for qualified redevelopment bonds; these additional set-asides may be overridden by State legislation. Bonds for certain airport, dock, and wharf facilities are not subject to this volume limitation. In general, the new unified volume limitation is administered in a manner similar to the present-law volume limitations on IDBs and student loan bonds and on qualified mortgage bonds.

4. Arbitrage restrictions

Interest on arbitrage bonds is taxable under present law. Arbitrage bonds are bonds more than a minor portion of the proceeds of which are invested in materially higher yielding obligations. IDBs and qualified mortgage bonds are subject to additional arbitrage restrictions that require rebates to the Federal Government of arbitrage profits on obligations unrelated to the purpose of the borrowing and restrict the amount of bond proceeds that may be invested in such obligations.

The bill makes numerous technical amendments to the general arbitrage restrictions presently applicable to all tax-exempt bonds; extends to all such bonds both a requirement that certain arbitrage profits be rebated to the Federal Government and a limitation on the amount of bond proceeds that may be invested in nonpurpose obligations; restricts or prohibits advance refundings of all tax-exempt bonds; and restricts the early issuance of tax-exempt bonds; and provide that the purchase of annuity contracts with bond proceeds to fund pension plans will be subject to arbitrage restrictions in the same manner as if bond proceeds were used directly to fund such plans.

5. Modification and extension of miscellaneous restrictions

The bill extends to all nonessential function bonds present law requirements applicable to certain types of such bonds that require (a) that all net proceeds of the bonds be used for the exempt purpose of the borrowing; (b) that the maturity date of the bonds not exceed 120 percent of the economic life of any bond-financed property; (c) that substantial users of bond-financed facilities not own the bonds used in the financing; and (d) that certain public approvals occur before issuance of the bonds.

6. Changes in use of bond-finance facilities

The bill provides that in addition to loss of tax-exemption on bond interest where provided under present law, certain amounts paid in connection with bond-financed property that ceases to be used in a use qualifying for tax-exempt financing many not be deducted for Federal income tax purposes. In general, the nondeductible amount is the interest (or the equivalent thereof) paid on bond-financed loans.

7. Ownership and cost recovery deductions for bond-financed property

The bill requires certain facilities financed with tax-exempt bonds to be owned by or on behalf of a governmental unit. Exceptions are provided for sewage and solid waste disposal facilities, for qualified multifamily residential rental projects, for bond-financed owner-occupied residences, and for property financed with qualified redevelopment bonds and small-issue bonds. Additionally, facilities financed with section 501(c)(3) organization bonds may be owned either by a section 501(c)(3) organization or a governmental unit. The determination of ownership is made using general Federal income tax concepts.

Cost recovery deductions for bond-financed property generally are determined using the straight-line method and the recovery period for property in the next higher class of property under the new depreciation system included in the bill. Costs of real property are recovered over a 40-year period. Special recovery periods and methods are provided for qualified multifamily residential rental property.

8. Information reporting requirements

The bill extends to all tax-exempt bonds information reporting requirements similar to the requirements that presently apply to IDBs, student loan bonds, bonds for section 501(c)(3) organizations, and tax-exempt mortgage subsidy bonds.

9. Effective dates

The provisions of the bill generally apply to all bonds issued after December 31, 1985. Transitional exceptions are provided for certain of the amendments included in the bill.

B. General Stock Ownership Corporations (GSOCs)

The bill eliminates the Code provisions relating to General Stock Ownership Corporations as deadwood, effective upon enactment.

Title VIII. Financial Institutions

A. Reserve for Bad Debts

1. Commercial banks.—Commercial banks may continue to compute their deductions for losses on bad debts under present law, except in the case of "large banks." "Large banks" must use the specific charge off method to compute the deduction for bad debts. A bank is considered to be a "large bank" if, for any taxable year beginning after 1985, the sum of the average adjusted bases of the assets of the bank (or of the assets of any controlled group to which the bank belongs) exceeds $500 million. Large banks required to change their method of accounting for bad debts are required to recapture the balance in reserve for bad debts over a period not to exceed five years, or are required to account for bad debts on existing loans under a "cutoff" method.

2. Thrift institutions.—Thrift institutions that use the reserve method to compute their deductions for losses on bad debts may do so using either the experience method allowed to small banks or the percentage of taxable income method with the percentage reduced to 5 percent from 40 percent as under present law. In order to be eligible for the special treatment of bad debt reserves, at least 60 percent of the assets of the financial institution must be invested in qualifying assets.

The excess of the bad debt deduction of thrift institutions computed under the percentage of taxable income method over the deduction computed under the experience method is treated as a tax preference for alternative minimum tax purposes. The excess will not, however, constitute a preference item for purposes of the 20% reduction of present law for corporate tax preferences.

Effective date.—These provisions apply to taxable years beginning on or after January 1, 1986.

B. Interest on Debt to Purchase or Carry Tax-exempt Bonds

The bill disallows 100 percent (as opposed to 20 percent under present law) of deductions for interest expense allocable to tax-exempt obligations acquired after December 31, 1985. The 20-percent disallowance rule of present law continues to apply with respect to tax-exempt obligations acquired from 1983 to 1985. Transitional rules are provided for obligations acquired pursuant to a written commitment to purchase entered into before September 25, 1985 and for certain general purpose governmental bonds issued by a governmental unit in 1986, 1987, and 1988 in amounts not exceeding $10 million a year.

C. Special Rules for Net Operating Loss Carryovers of Depository Institutions

The provision of present law allowing a carryback period of 10 years and a carryforward period of 5 years for the net operating losses of depository institutions is repealed effective for losses incurred in taxable yers beginning after December 31, 1985. Losses incurred in taxable years beginning after 1985 are required to be carried back 3 years and carried forward 15 years in accordance with the general rules for net operating losses.

D. Repeal of Special Rules for Reorganizations of Financially Troubled Thrift Institutions

The bill repeals rules enacted in 1981 that provide special relief to financially troubled thrift institutions. These rules, which were designed to facilitate tax-free mergers of thrift institutions, provide that the continuity of interest requirement is met if the depositors of a financially troubled thrift are depositors of the surviving corporation; allow the carryover of net operating losses of a financially troubled thrift where its depositors continue as depositors of the acquiring corporation; and exempt certain payments from the Federal Savings and Loan Insurance Corporation to financially troubled thrift institutions from income and the general basis reduction requirements of the Code.

The repeal of the rules providing relief under the reorganization and net operating loss carryover provisions is effective for acquisitions or mergers occurring after December 31, 1985. The repeal of the exclusion for certain FSLIC payments is effective for payments received in taxable years beginning on or after January 1, 1986, except for payments made pursuant to an agreement entered into before that date.

E. Depositor Deductions in Cases of Troubled Financial Institutions

Individuals are given an election to deduct losses on deposits in qualified financial institutions as a casualty loss at the time the loss can be reasonably estimated. The election applies only where the loss arises as a result of the bankruptcy or insolvency of the financial institution and is not available to any one-percent shareholder, officer, or relative or related party of a one-percent shareholder or officer of the institution. The provision is effective for losses incurred in taxable years beginning after December 31, 1982.

Title IX. Accounting Provisions

A. General Provisions

1. Simplified dollar-value LIFO method for certain small businesses

The bill provides an election to use a simplified method of computing LIFO inventory values for taxpayers with average annual gross receipts of $5 million or less, effective for taxable years beginning after December 31, 1985. The method uses inventory pools established in accordance with general categories of inventory items published by the Bureau of Labor Statistics.

2. Limitations on the use of the cash method of accounting

The bill prohibits, with certain exceptions, the use of the cash method of accounting to any C corporation, partnership that has a C corporation as a partner, or tax-exempt trust with unrelated business income. Excepted entities, that can continue to use the cash method, are farming businesses, qualified personal service corporations, and entities with average annual gross receipts of $5 million or less. In the case of services, the time of accrual of income by the provider and deduction by the recipient generally is the time of billing. The provision is effective for taxable years beginning after December 31, 1985.

3. Pledges of installment obligations

The bill provides that the proceeds of a loan for which an installment obligation is pledged as collateral generally is treated as a payment on the obligation, resulting in the recognition of a proportionate part of the deferred gain. Exceptions are provided for the pledge of all of the assets of an active trade or business pursuant to a general lien in favor of a financial institution and for certain other situations. The provisions of the bill apply to pledges after December 31, 1985, and pledges before that date of installment obligations arising after September 25, 1985. Certain transitional rules are provided.

4. Accounting for production costs and long-term contracts

a. Uniform capitalization rules.—The bill provides that, in general, uniform rules for determining costs that must be capitalized apply to all producers of tangible property, including inventory, noninventory property held for sale to customers, and assets constructed for self-use. These comprehensive capitalization rules are based on the rules of present law applicable to extended period long-term contracts. The rules generally are effective for costs paid or incurred after December 31, 1985. In the case of inventories, the rules apply to the taxpayer's first taxable year beginning after December 31, 1985.

b. Interest.—Interest is subject to a special rule requiring capitalization only if the property is long-lived or requires more than two years (one year if the cost of the item is greater than $1 million) to produce. This rule applies to interest incurred after December 31, 1985.

c. Farming and ranching costs.—The uniform capitalization rules generally apply to costs (including interest) incurred in producing crops and livestock (other than animals held for slaughter) having a preproductive period of more than two years. An exception is provided for certain farmers, who may elect to expense preproductive period costs. Electing taxpayers must use nonincentive depreciation for all farm property, and the deducted amounts are recaptured (i.e., gain will be ordinary to the extent of the deductions) upon disposition of the property. The provision is effective for costs paid or incurred after December 31, 1985.

d. Long-term contracts.—The completed contract method of accounting is repealed except for certain contracts involving real estate construction. Contracts taking more than 1 year to complete must be reported on the percentage of completion method. Interest must be paid by (or to) the taxpayer if the reported profit on a contract each year is more (or less) than a portion of the actual profit on that contract allocable to that year. This provision is effective for long-term contracts entered into after December 31, 1985.

e. Timber.—The uniform capitalization rules generally apply to all costs (including interest) of producing timber. An exception is provided for certain small timber producers, who may elect to amortize costs otherwise subject to capitalization over a period of 5 years. An electing producer must use nonincentive depreciation for all assets used in the timber business. This provision is effective for production costs, including interest, incurred after December 31, 1985, except that costs attributable to timber planted before January 1, 1986, are subject to a special 5 year phase-in.

5. Reserves for bad debts

The bill generally repeals the reserve method of computing deductions for bad debts. Under the bill, taxpayers, other than certain financial institutions, are allowed a deduction for bad debts when the debt becomes wholly or partially worthless. Wholly worthless debts must be treated as worthless on a taxpayer's books in order to be allowed as a deduction for Federal income tax purposes, as is the case under present law for partially worthless debts. The balance of any reserve for bad debts or guarantees is taken into income ratably over a period of 5 years. The provision is effective for taxable years beginning after December 31, 1985.

6. Accrued vacation pay

The bill limits the deduction for additions to a reserve for vacation pay to amounts that are paid within the taxable year and 8½ months after the close of the taxable year. The provision is effective for taxable years beginning after December 31, 1985.

7. Contributions in aid of construction

The bill provides that utilities must include in gross income the value of any property, including money, that it receives to encourage it to provide services to, or for the benefit of, the person transferring the property. The provision of present law that allows certain utilities to treat these amounts as contributions to capital is repealed effective for taxable years beginning after December 31, 1985.

B. Timber Provisions

1. Capital gains treatment for timber

The bill provides that, in the case of dispositions after December 31, 1988, capital gains treatment is available only for natural persons, estates, and trusts, all of the beneficiaries of which are natural persons or estates. A modified corporate alternative capital gains rate is provided for dispositions of timber by corporate taxpayers prior to that date. Dispositions of timber grown on Federal lands do not qualify for capital gains treatment after December 31, 1985.

2. Reforestation expenditures

The bill repeals the provisions of present law allowing an election for 7-year amortization and an investment tax credit with regard to certain reforestation expenditures, effective for expenditures made after December 31, 1985.

C. Provisions Relating to Agriculture

1. Special expensing and amortization provisions affecting agriculture

The bill amends the provision allowing current deductions for certain soil and water conservation expenditures to limit current deductions to costs of improvements consistent with a soil or water conservation plan adopted by the U.S. Department of Agriculture, or in the absence of such, by a comparable State agency. The bill also repeals the provisions permitting current deductions for land clearing expenses and for certain soil conditioning activities. These provisions apply to expenditures incurred after December 31, 1985.

2. Dispositions of converted wetlands and erodible croplands

The bill provides that gain from the disposition of highly erodible land that is con-

verted to agricultural use (other than livestock grazing) is not eligible for capital gain treatment, effective for dispositions after December 31, 1985.

3. Netting for cooperatives

Cooperatives (including tax-exempt farmers' cooperatives) are permitted to offset patronage earnings and losses in computing net earnings for the purpose of paying patronage dividends. Cooperatives that do so are required to notify affected members. The provision relating to netting is effective for taxable years beginning after December 31, 1962. The provision relating to the notice requirement is effective for taxable years beginning after the date of enactment of the bill.

4. Treatment of certain plant variety protection certificates as patents

The bill provides that plant protection certificates issued under the Plant Variety Protection Act of 1970 are treated as patents for determining the character of gain on their disposition, effective for dispositions after December 31, 1985.

Title X. Insurance Products and Companies

A. Insurance Policyholders

1. Interest on installment payments of life insurance proceeds.—The bill repeals the provision of present law under which the income on the proceeds of life insurance that are paid to a surviving spouse in periodic payments are includible in gross income only to the extent that the amount of income paid during any taxable year exceeds $1,000. The provision is effective for amounts received with respect to deaths occurring after December 31, 1985.

2. Deduction for nonbusiness casualty losses.—Under the bill, in the case of a loss covered (wholly or partially) by insurance, a taxpayer is permitted to deduct a casualty loss for damages to property not used in a trade or business or in a transaction entered into for profit only to the extent of losses not covered by insurance and only if the taxpayer files a timely insurance claim with respect to damage to that property. The provision applies to losses sustained in taxable years beginning after December 31, 1985.

3. Exclusion from income for structured settlements limited to cases involving physical injury.—The bill limits the exclusion from income for qualified assigments under structured settlement agreements to those assignments requiring the payment of damages on account of a claim for personal injuries or sickness involving physical injury or sickness (including death). The provision is effective for assignments entered into after December 31, 1985.

B. Life Insurance Companies

1. Special life insurance company deduction.—Under the bill, the special life insurance company deduction equal to 20 percent of tentative life insurance company taxable income (LICTI) is repealed, effective for taxable years beginning after December 31, 1985.

2. Status for certain organizations providing commercial-type insurance.—The bill provides, for taxable years beginning after December 31, 1985, that certain organizations (described in sec. 501(c)(3) or (4)) are entitled to tax exemption only if no substantial part of their activities is providing commercial-type insurance (including the issuance of annuity contracts). In addition, the commercial-type insurance activities of an otherwise tax-exempt organization are treated as an unrelated trade or business which is subject to tax under subchapter L.

Commercial-type insurance does not include insurance provided at substantially below cost to a class of charitable recipients, incidental health insurance provided by a health maintenance organization of a kind customarily provided by such organizations, or property and casualty insurance (such as fire insurance) provided directly or through a wholly-owned corporation by a church or convention or association of churches.

In the case of Blue Cross and Blue Shield organizations, the bill authorizes the issuance of regulations to provide special treatment in the case of insurance provided to high risk individuals and small groups. This special treatment is not available to the extent that applicable State law requires the provision of insurance to such individuals or groups.

Further, the bill requires the Department of the Treasury to conduct a study of fraternal beneficiary associations (sec. 501(c)(8)) that received gross annual insurance premiums in excess of $25 million in 1984.

Transition rules are provided for certain organizations with respect to their pension businesses.

3. Operations loss deduction of insolvent companies.—The bill permits a life insurance company to apply unused net operating loss carryovers against the increase in its taxable income attributable to the amount deemed to be distributed from its policyholders surplus account. This provision only applies if (1) the company was insolvent on November 15, 1985, (2) the company is liquidated pursuant to a court order, and (3) as a result of the liquidation, the company's tax liability would be increased by policyholder surplus account distributions. This provision is effective for liquidations occurring after on or November 15, 1985.

C. Property and Casualty Insurance Companies

1. Inclusion in income of 20 percent of unearned premium reserve.—Under the bill, a property and casualty insurance company is required to reduce its deduction for unearned premium reserves by 20 percent. This provision is phased in over a 5 year period commencing with taxable years beginning after December 31, 1985. For the 5 taxable years beginning after that date, a total of 20 percent (4 percent each year) of a company's unearned premium reserve for its most recent taxable year beginning before January 1, 1986, is included in income. For all taxable years beginning after December 31, 1985, a company also takes into account only 80 percent of the difference in the reserve for unearned premiums at the end of the preceding year and at the end of the current year.

2. Treatment of certain dividends and tax-exempt interest.—For taxable years beginning after December 31, 1985, a property and casualty insurance company's deduction for losses incurred is reduced by a portion of the company's tax-exempt income and the deductible portion of dividends received (with special rules for dividends from affiliates). The portion taken into account is 10 percent of tax-exempt income and the deductible portion of dividends received from investments made after November 14, 1985 (increasing to 15 percent in taxable years beginning after December 31, 1987).

3. Taxable income must bear certain relationship to net gain from operation.—For taxable years beginning after December 31, 1987, the regular taxable income of a property and casualty insurance company shall not be less than 20/36 of its adjusted net gain from operations, and its regular taxable loss shall not be greater than 20/36 of its adjusted net loss from operations. Adjusted net gain or loss from operations means the net gain or loss from operations required to be set forth on the company's annual statement approved by the National Association of Insurance Commissioners, determined with regard to policyholder dividends but without regard to Federal and foreign income taxes, adjusted to exclude certain tax-exempt income and the deductible portion of certain dividends received attributable to investments made before November 15, 1985.

4. Study of treatment of loss reserves.—The Treasury Department is required to conduct a study of the tax treatment of loss reserves of property and casualty insurance companies, to be submitted no later than January 1, 1987.

5. Repeal of protection against loss account.—Effective for taxable years beginning after December 31, 1985, the deduction for contributions to the protection against loss account for mutual property and casualty companies is repealed. Balances in the account are includable in income no less rapidly than ratably over the first five years beginning after December 31, 1985, or, if more rapidly as such amounts would have been included over the five years had the PAL account provision not been repealed.

6. Revision of special treatment for small companies.—Under the bill, property and casualty companies (whether stock or mutual) with net written premiums or direct written premiums (whichever is greater) which do not exceed $500,000 for the taxable year are exempt from tax. Property and casualty companies (whether stock or mutual) with net written premiums or direct written premiums (whichever is greater) that exceed $500,000 but do not exceed $2,000,000 may elect to be taxed only on taxable investment income. In the case of a controlled group, these amounts are determined on a group basis. The provisions are effective for taxable years beginning after December 31, 1985.

7. Study of treatment of policyholder dividends by mutual property and casualty insurance companies.—Under the bill, the Treasury Department is required to conduct a study of the treatment of policyholder dividends of mutual property and casualty insurance companies, to be submitted no later than January 1, 1987.

Title XI. Pensions and Deferred Compensation; Fringe Benefits; ESOPs

Pension and Deferred Compensation Provisions

A. Limitations on Tax-Deferred Savings

1. Individual retirement accounts.—The bill provides that an individual's IRA deduction limit is reduced, dollar for dollar, by the amount of the individual's elective deferrals under a qualified cash or deferred arrangement or tax-sheltered annuity.

In addition, the bill provides special rules to ensure that electing spouses with some earned income are not precluded from receiving spousal IRA contributions.

2. Qualified cash or deferred arrangements

a. *Limit on elective deferrals.*—The bill limits the annual elective deferrals made by or on behalf of any employee under all qualified cash or deferred arrangements and tax-sheltered annuities to $7,000 and coordinates that limit with the IRA deduction limit.

b. *Nondiscrimination rules.*—In addition, the bill modifies the special nondiscrimination tests by redefining the group of highly compensated employees and modifying the percentage tests. Under the bill, the actual deferral percentage for an employer's highly compensated employees may not exceed 125 percent of the actual deferral percentage of eligible nonhighly compensated employees. Alternatively, the deferral percentage of an employer's highly compensated employees could not exceed the lesser of 200 percent of the actual deferral percentage of the nonhighly compensated employees, or the actual deferral percentage of the nonhighly compensated employees plus two percentage points.

The bill generally provides that an employee will be treated as highly compensated for a plan year if, during the current plan year, or either of the two preceding plan years he or she was:

(1) a five-percent owner of the employer;

(2) an employee earning more than $50,000; or

(3) one of the top 10 percent of employees by pay, excluding (i) employees who earn less than $20,000, and (ii) employees who earn less than $35,000 and are not among the top five percent by compensation.

The bill provides special rules for determining those employees who are to be considered highly compensated in the current plan year because they have more than $50,000 of compensation, or are in the top 10 percent of employees by compensation. A special rule also is provided for family members of five-percent owners and the top 10 employees by compensation.

c. *Withdrawal and other restrictions.*—The bill also (1) permits a qualified cash or deferred arrangement to make total distributions upon plan termination, (2) limits amounts that may be withdrawn on account of hardship to the total amounts of elective deferrals; (3) precludes a qualified cash or deferred arrangement from requiring, as a condition of eligibility, that an employee complete more than one year of service; (4) provides that no employer may (a) condition, directly or indirectly, contributions under any plan upon the employee's elective deferrals, or (b) take elective deferrals under a qualified cash or deferred arrangement into account in determining whether any other plan satisfies the general coverage or nondiscrimination rules; (5) imposes an excise tax on excess contributions to a qualified cash or deferred arrangement if the excess is not distributed in a timely manner; and (6) permits employer contributions that satisfy the vesting and distribution restrictions applicable to elective deferrals to be made whether or not the employer has current or accumulated profits.

d. *Employees of tax-exempt and public employers.*—The bill makes it clear that tax-exempt and public employers may not maintain qualified cash or deferred arrangements. However, the bill grandfathers any such plan that had been adopted before November 6, 1985, provided the sponsoring employer had requested a favorable determination letter before that date. Elective deferrals under grandfathered plans are coordinated with elective deferrals under 403(b) tax-sheltered annuities and section 457 plans.

3. Employer matching contributions and employee contributions.—The bill provides that employee contributions and qualifying employer matching contributions, as a percentage of compensation for highly compensated employees, may not exceed 125 percent of the average of such contributions as a percent of compensation for the nonhighly compensated employees. Alternatively, the average percentage for the highly compensated employees may not exceed 200 percent of the average percentage for the nonhighly compensated employees, or the average percentage for the nonhighly compensated employees plus two percentage points, if less.

The average of nonqualifying employer matching contributions as a percent of compensation for the employer's highly compensated employees may not exceed 110 percent of the average of nonqualifying employer contributions as a percent of compensation for the nonhighly compensated employees. Alternatively, the average percentage for the highly compensated employees may not exceed the lesser of 150 percent of the average percentage of the nonhighly noncompensated employees, or the average percentage of the nonhighly compensated employees plus one percentage point.

Excess contributions generally are subject to a 10-percent excise tax, unless the excess, plus earnings, are distributed (or, if nonvested, forfeited) in a timely manner.

4. Unfunded deferred compensation arrangements of State and local governments and tax-exempt employers.—The bill applies the rules governing eligible unfunded deferred compensation plans of State and local governments to unfunded deferred compensation plans for employees of tax-exempt employers.

In addition, the bill modifies the distribution requirements applicable to pre-death and post-death distributions from an eligible deferred compensation plan. Under the bill, distributions commencing during a participant's lifetime must satisfy a payout schedule under which benefits projected to be paid to the participant during life are at least two-thirds of the total benefits payable with respect to the participant. If the entire interest has not been distributed before the participant's death, the remainder must be distributed no more slowly than under the lifetime schedule in effect on the date of death. Distributions commencing after death generally must commence within a year of death and be paid over a period not to exceed 15 years, or over the life expectancy of a surviving spouse who is a beneficiary. If any benefits are payable over a period longer than one year, they must be paid on a substantially nonincreasing basis, not less frequently than annually.

5. *Deferred annuity contracts.*—Effective for amounts invested in deferred annuity contracts after September 25, 1985, the bill provides that a nonindividual owner of a deferred annuity contract must include in income any increase in the cash surrender value of the deferred annuity contract over the contract's basis during the taxable year. The owner of a deferred variable annuity contract is treated as owning a pro rata share of the assets and income of any separate account underlying the variable contract. As a result, the owner is not taxed on the unrealized appreciation of assets underlying a variable contract.

The bill also conforms the additional income tax on amounts withdrawn from deferred annuity contracts before age 59-1/2 to the 15-percent tax on early withdrawals from IRAs and other tax-favored retirement arrangements.

These provisions generally apply for years beginning after December 31, 1985. However, with respect to a plan maintained on November 22, 1985, pursuant to one or more collective bargaining agreements, these provisions will apply for years beginning after the earlier of (a) the date on which the last of the collective bargaining agreements terminates, or (b) December 31, 1990. In addition, a special effective date is provided for certain plans maintained by state and local governments.

B. Nondiscrimination Requirements

1. Coverage and nondiscrimination requirements for qualified plans and tax-sheltered annuities

a. *Qualified plans.*—The bill requires the Secretary of the Treasury to conduct a study of the effect of the present-law coverage tests, and to make recommendations on the manner in which the coverage rules might be changed. The study and recommendations must be submitted to Congress no later than July 1, 1986.

b. *Tax-sheltered annuities.*—Generally effective for years beginning after December 31, 1985 (November 21, 1987, in the case of certain programs maintained by State and local governments), the bill extends certain nondiscrimination rules to tax-sheltered annuity programs other than those maintained by churches. With respect to employer (i.e., nonelective) contributions to tax-sheltered annuity programs, the bill applies the general coverage and nondiscrimination tests of present law applicable to qualified pension plans, taking into account the special circumstances of tax-exempt organizations (including the compressed salary ranges of employees).

With respect to elective contributions to tax-sheltered annuity programs (other than programs maintained by churches), the bill requires that any entity offering the opportunity to make elective deferrals available to any employee must make the election to all employees without a minimum contribution requirement.

2. Certain social security benefits earned with prior employers.—The bill revises the manner in which a pension plan may be integrated with social security, effectively precluding an employer from taking into account benefits attributable to OASDI contributions of former employers of an employee. Pursuant to regulations to be issued by the Secretary of the Treasury, the maximum amount of social security benefits that may be taken into account by any employer may not exceed 1/40 of the total social security benefits permitted to be taken into account multiplied by the number of years of service with that employer.

3. Top-heavy plans.—The bill provides that a uniform benefit accrual rule must be applied in testing whether a defined benefit plan is top heavy. Solely for the purpose of determining whether a plan is top heavy or super top heavy, benefits will be considered to accrue no more rapidly than permitted under the fractional benefit accrual rule.

4. Modification of rules for benefit forfeitures effective for years beginning after December 31, 1985.—The bill creates uniform rules for forfeitures under any defined contribution plan. The bill permits, but does not require, forfeitures to be reallocated to other participants in a money purchase pension plan.

These provisions generally apply for years beginning after December 31, 1985. However, with respect to a plan maintained on November 22, 1985, pursuant to one or more collective bargaining agreements, these provisions will apply for years beginning after the earlier of (a) the date on which the last

of the collective bargaining agreements terminates, or (b) December 31, 1990.

C. Withdrawal of Benefits

1. Uniform minimum distribution rules.—The bill establishes a uniform commencement date for benefits under all qualified plans, IRAs, tax-sheltered annuities and custodial accounts. Under the bill, distributions under a qualified retirement plan must commence no later than April 1 of the calendar year following the calendar year in which the participant or owner attains age 70-1/2, without regard to the actual date of retirement.

In addition, the bill establishes a new sanction in the form of an excise tax for failure to satisfy the minimum distribution rules.

2. Withdrawal restrictions.—The bill provides that no withdrawals may be made under any tax-sheltered annuity prior to the time an employee attains age 59-1/2, dies, becomes disabled, or separates from service. However, the bill does permit hardship withdrawals of elective contributions.

3. Additional income tax on early withdrawals.—The bill applies a 15-percent additional income tax to withdrawals from a qualified plan, qualified annuity, tax-sheltered annuity, or IRA, made before death, disability, or attainment of age 59-1/2. An exception to this rule is provided for any distribution that is part of a scheduled series of level payments under an annuity for the life of the participant (or the joint lives of the owner and the owner's beneficiary).

A transitional rule makes this tax inapplicable to distributions made to certain participants whose benefits were in pay status on November 6, 1985.

4. Taxation of distributions.—The bill (a) repeals the rule that owners of tax-sheltered annuities are subject to tax when amounts under the annuities become available, (b) repeals the present-law pre-1974 capital gains provisions; (c) replaces the present-law 10-year forward averaging with a new provision permitting one election after age 59-1/2 to claim five-year forward averaging, (d) reorders the present-law basis recovery rules for amounts withdrawn prior to a participant's annuity starting date; (e) eliminates the special three-year basis recovery rule of present law effective for participants whose annuity starting date is after July 1, 1986; and (f) modifies the general basis recovery rules for amounts paid as an annuity.

Special transition rules applicable to individuals who will have attained age 50 on or before January 1, 1986, (1) permit such individuals to make one additional election to claim five-year forward averaging treatment before attainment of age 59-1/2 and (2), solely with respect to such individuals, separately phase out over six years the pre-1974 capital gains provisions.

5. Loans.—Generally effective for loans made after December 31, 1985, the bill (a) reduces the present-law $50,000 limit on loans not treated as distributions by the highest outstanding loan balance of the prior 12 months; (b) provides an exception to the five-year repayment rule only for loans applied to the purchase of the participant's principal residence; and (c) requires level amortization of a loan over the permissible repayment period.

In addition, also effective for loans made after December 31, 1985, the bill provides a deferral of the deduction for interest paid by employees on loans secured by elective deferrals from a 401(k) plan or tax-sheltered annuity (403(b) plan), and also by key employees on loans from any qualified plan. Under the bill, the deferral would be accomplished by denying a deduction for interest, and increasing the participant's basis under the plan by the amount of nondeductible interest paid.

Except as otherwise noted, these provisions apply for years beginning after December 31, 1985.

D. Limits on Tax Deferral

1. Adjustments to limitations on contributions and benefits under qualified plans.—The bill makes several changes to the overall limits on contributions and benefits under qualified plans, tax-sheltered annuity programs, and SEPs of private and public employers. The dollar limit on annual additions under defined contribution plans is decreased from $30,000 to the greater of $25,000, or 25 percent of the defined benefit plan dollar limit. In applying this limit, the bill provides that all employee contributions are treated as annual additions.

The bill also reduces the dollar limit on the annual benefit payable under defined benefit plans from $90,000 to $77,000. If the retirement benefit under a defined benefit plan begins before age 62, the $77,000 limitation generally is reduced so that it is the actuarial equivalent of an annual benefit of $77,000 beginning at age 62. Special rules are provided for commercial airline pilots, police and firefighters under transitional rules provided by the bill, benefits already accrued by a plan participant under an existing plan are not affected by the reductions.

In addition, the bill (1) permits contributions to a qualified cost-of-living arrangement, (2) provides a limit on compensation that may be taken into account under any qualified plan (an amount equal to seven times the defined contribution plan limit), and (3) adds a new 15-percent excise tax on certain excess retirement distributions.

2. Limits on employer deductions.—The bill makes several changes to the limits on employer deductions for contributions to qualified plans. The bill (1) repeals the limit carryforward applicable to profit-sharing and stock bonus plans; (2) extends the combined plan deduction limit to any combination of a defined benefit pension plan and a money purchase pension plan; (3) requires that certain social security taxes be taken into account in applying the 15 percent and 25 percent of compensation deduction limits; and (4) imposes a 10-percent excise tax on excess contributions to qualified plans.

3. Excise tax on reversion of qualified plan assets.—The bill imposes a 10-percent nondeductible excise tax on a reversion from a qualified plan. The tax is imposed on the person who receives the reversion. Under the bill, the tax applies to amounts received as a reversion pursuant to the termination of a plan occurring after December 31, 1985.

These provisions generally apply for years beginning after December 31, 1985. However, with respect to a plan maintained on November 22, 1985, pursuant to one or more collective bargaining agreements, these provisions will apply for years beginning after the earlier of (a) the date on which the last of the collective bargaining agreements terminates, or (b) December 31, 1990.

E. Miscellaneous Provisions Affecting Qualified Plans

1. Plan amendments.—Under the bill, the provisions affecting qualified plans generally apply as of the separately stated effective date (generally years beginning after December 31, 1985). However, a plan will not fail to be a qualified plan for any year beginning before January 1, 1988, provided

(a) the plan complies, in operation, with the changes as of the separately stated effective date;

(b) the plan is amended to comply with the changes no later than the last day of the first plan year beginning after December 31, 1987; and

(c) the amendment applies retroactively to the first day of the first plan year beginning on the separately stated effective date.

Special rules are provided for collectively bargained plans.

2. Penalty for overstatement of pension liabilities.—Effective for returns filed after December 31, 1985, the bill provides a new penalty in the form of a graduated addition to tax applicable to certain income tax overstatements of deductions for pension liabilities. As an addition to tax, this penalty will be assessed, collected, and paid in the same manner as a tax. This addition to tax applies only to the extent of any income tax underpayment that is attributable to such an overstatement. The penalty is similar to the present-law penalty for overvaluations of liabilities.

F. Fringe Benefits

1. Nondiscrimination rules for statutory fringe benefit plans.—Generally effective for years beginning after December 31, 1985, the bill establishes comprehensive nondiscrimination rules as to coverage and benefits for statutory fringe benefit plans. Statutory fringe benefit plans include employer-maintained group-term life insurance plans, health benefit plans (whether self-insured or funded through an insurance company), qualified group legal services plans, educational assistance programs, and dependent care assistance programs. In the case of accident or health plans, the provisions apply for years beginning after December 31, 1986.

2. Nondiscrimination rules for welfare benefit funds and cafeteria plans.—Generally effective December 31, 1985, the bill extends to welfare benefit plans and cafeteria plans nondiscrimination rules similar to those applicable to statutory fringe benefit plans. The bill also modifies the rules governing the year in which benefits under a discriminatory cafeteria plan must be included in income by highly compensated and key employees.

3. Study.—The bill requires that Treasury conduct a study of abuses of the health insurance provisions and make recommendations for changes in the nondiscrimination rules. No later than July 1, 1986, Treasury is required to report the results of the study, together with any recommendations it deems advisable, to the Committee on Ways and Means, the Committee on Finance and the Joint Committee on Taxation.

4. Reporting requirements.—Generally effective for years beginning after December 31, 1985, the bill imposes new reporting requirements with respect to certain fringe benefits paid as wages.

5. Exclusions for 2-year extension of educational assistance and group legal service benefits.—The bill extends for two years the present law exclusions from income for benefits provided under certain employer-maintained educational assistance programs and group legal service plans. The exclusions were scheduled to expire for taxable years beginning after December 31, 1985. Under the bill, exclusions expire for taxable years beginning after December 31, 1987.

G. Changes Relating to Employee Stock Ownership Plans

1. Repeal of employee stock ownership credit.—The bill repeals the special ESOP tax credit for years after 1985. Thus, under the bill, no tax credit is provided for compensation paid or accrued after December 31, 1985.

In addition, effective for terminations after December 31, 1984, the bill amends the tax credit ESOP distribution provisions to permit total distributions upon plan termination.

2. Termination of certain additional tax benefits.—Generally effective for taxable years beginning after December 31, 1988, the bill repeals (a) the special deduction for dividends paid on employer securities allocated to participants' accounts under an ESOP; (b) the provision permitting deferred recognition of gain on certain sales to an ESOP or eligible worker-owned cooperative, and (c) the provision permitting an ESOP or eligible worker-owned cooperative to assume estate tax liability.

In addition, effective for loans made after December 31, 1988, the bill repeals the 50-percent interest exclusion for interest earned in certain securities acquisition loans.

3. Changes in qualification requirements.—Under the bill, additional qualification requirements are provided for ESOPs. These additional qualification requirements (a) require more rapid (ten-year graded) vesting; (b) modify the ESOP nondiscrimination rules to limit the annual amount of employer contributions that may be allocated to employees who are officers, shareholders, or highly compensated; (c) expand the pass-through voting requirements applicable to employer securities held by an ESOP; (d) permit an eligible plan participant to direct the ESOP trustee to diversify a portion of the participant's ESOP account balance; and (e) modify the distribution and put option requirements, including the timing of the employer's payment of the put option price.

These provisions generally apply to ESOPs adopted after December 31, 1985 and, for ESOPs in existence on that date, to amounts contributed after that date.

Title XII. Unearned Income of Minor Children; Trusts and Estates; Generation-Skipping Transfers

A. Unearned Income of Certain Children

The bill provides special rules for calculating the tax liability of children who are under 14 years of age and whose parent or parents are still alive. The bill taxes the unearned income of a child derived from property transferred from the parents (parental-source unearned income) in excess of the child's personal exemption at the parents' marginal tax rate. Earned income and unearned income that is not parental source unearned income is taxed to the child at the child's marginal tax rate. Unearned income is not treated as parental source unearned income if the income is derived from a qualified segregated asset. A qualified segregated asset generally includes earned income, money, or property received from someone other than a parent, and property received by reason of the death of a parent. These provisions are effective for taxable years beginning after December 31, 1985.

B. Income Taxation of Trusts and Estates

Under the bill, the income of most nongrantor trusts is taxed during the lifetime of the grantor at the marginal tax rate of the grantor without a deduction for distributions to beneficiaries. After the death of the grantor, the income of all trusts created by the grantor and the grantor's estate is taxed without a distribution deduction and by allocating one set of tax brackets among the grantor's estate and all trusts created by the grantor.

If one beneficiary is entitled to all distributions from a trust and all undistributed amounts are ultimately subject to the control of the beneficiary (called a "qualified beneficiary trust"), the income of that trust is taxed at the marginal tax rate of the beneficiary.

If all beneficiaries of the trust are children of a grantor (called a "qualified children's trust"), the income of the trust may be taxed at the marginal rate of any child for any year that the child is minor.

A grantor of a trust is treated as the owner of the trust if the grantor retains a power to revoke the trust, if the grantor (or grantor's spouse) retains the right to receive the trust income or the power to use the trust income, and if the grantor retains certain administrative powers over the trust.

The provisions of the bill are effective for trusts created, and trust contributions made, on or after September 25, 1985. In the case of estates, the provisions are effective for decedents dying on or after September 25, 1985.

C. Generation-skipping Transfer Tax

The bill amends the present generation-skipping transfer tax to impose a flat-rate tax both on transfers involving a sharing in benefits in more than one generation and direct transfers that skip generations. A $1 million per transferor specific exemption is provided, with transfers in excess of that amount being subject to tax at a rate equal to the maximum gift and estate tax rate.

Title XIII. Compliance and Tax Administration

A. Penalties

1. Penalty for failure to file information returns or statements.—The bill consolidates the present-law penalty for failure to file an information return with the IRS and the present-law penalty for failure to supply a copy of the information return to the taxpayer. The bill also provides a new penalty for failure to include correct information on an information return. This applies to information returns the due date for which is after December 31, 1985.

2. Increase in penalty for failure to pay tax.—The bill increases the penalty for failure to pay taxes from one-half of one percent under present law to one percent after the IRS notifies the taxpayer that the IRS will levy upon the assets of the taxpayer. This applies to amounts assessed after December 31, 1985.

3. Negligence and fraud penalties.—The bill expands the scope of the negligence penalty by making it applicable to all taxes under the Code. The bill also provides that failure to report on a tax return any amount reported on an information return is considered negligence in the absence of clear and convincing evidence to the contrary. The bill modifies the fraud penalty by increasing the rate to 75 percent but applying the penalty only to the amount of the underpayment attributable to fraud. This is effective for returns the due date of which is after December 31, 1985.

B. Estimated Tax Payments by Individuals

The bill increases from 80 to 90 percent the proportion of the current year's tax liability that taxpayers must make as estimated tax payments in order to avoid the estimated tax penalty, effective for taxable years beginning after December 31, 1985.

C. Attorney's Fees and Exhaustion of Administrative Remedies

1. Attorney's fees.—The bill extends through the end of 1989 the provision of present law authorizing awards of attorney's fees in tax cases where the Government's position was unreasonable. The bill also provides that all or a portion of that award may be assessed against an IRS employee if the court determines that that employee's arbitrary or capricious act caused the lawsuit to occur. This applies generally to proceedings commenced after December 31, 1985.

2. Exhaustion of administrative remedies.—If a taxpayer does not use reasonable efforts in good faith to resolve a dispute through administrative proceedings (such as, for example, meeting with the Appeals Division of the IRS), the Tax Court may award damages of $120 to the United States. This applies to any action or proceeding in the Tax Court commenced after December 31, 1986.

D. Tax Administration Provisions

1. Authority to rescind notice of deficiency.—The bill gives the IRS authority, if the taxpayer consents, to rescind a statutory notice of deficiency.

2. Authority to abate interest.—The bill gives the IRS the authority to abate interest attributable to error or delay by an IRS employee in performing a ministerial act.

3. Suspension of compounding when underlying interest is suspended.—The bill suspends the compounding of interest in circumstances in which the underlying interest on the deficiency is also suspended.

4. Additional exemption from levy.—The bill exempts from IRS levy military service disability benefits.

5. Modification of amounts subject to administrative forfeiture.—The bill increases the value of property subject to administrative forfeiture because it has been used in violating Internal Revenue laws to the level applicable to similar Customs offenses.

6. Certain recordkeeping requirements.—The bill provides that IRS special agents are subject to the same income inclusion and recordkeeping rules that other law enforcement officers are with respect to use of an automobile.

E. Interest Provisions

1. Differential interest rate.—The bill provides that the Government pays interest to taxpayers at the three-month Treasury bill rate plus 2 percentage points, and that taxpayers pay interest to the Government at the three-month Treasury bill rate plus 3 percentage points. These rates are adjusted quarterly, and apply to interest for periods after December 31, 1985.

2. Interest on accumulated earnings tax.—The bill provides that interest is imposed on underpayments of the accumulated earnings tax from the due date of the tax return with respect to which that tax is imposed. This applies to returns the due date for which (determined without regard to extensions) is after December 31, 1985.

F. Modification of Withholding Schedules

The bill instructs the Treasury to modify withholding schedules to better approximate actual tax liability under the amendments made by the bill.

G. Information Reporting Provisions

1. Real estate transactions.—The bill provides that the settlement attorney or other

stakeholder must provide an information report on real estate transactions. This is effective on January 1, 1986.

2. Information reporting on persons receiving Federal contracts.—The bill requires Federal executive agencies to provide information reports on contracts that they enter. Reporting is required beginning on January 1, 1986.

3. Information reporting on State and local taxes.—The bill (sec. 145) requires that State and local governments provide information reports on income taxes, real property taxes, or personal property taxes they collect, effective with respect to payments received after December 31, 1986.

4. Tax-exempt interest.—The bill requires every person who files an income tax return to report on that return the amount of tax-exempt interest received or accrued during the taxable year. This applies to taxable years beginning after December 31, 1985.

H. Report on Return-Free System

The bill requires the Treasury to report to Congress on the potential for implementing a return-free system for individuals. The report is due not later than six months after the bill's enactment.

I. Collection of Diesel Fuel Excise Tax

The bill provides that the diesel fuel excise tax may be imposed on the wholesaler (rather than the retailer) of the fuel. This applies to sales after the first calendar quarter beginning more than 60 days after the date of enactment.

Title XIV. Miscellaneous Provisions

1. Foster Care Payments

Currently, a foster parent may exclude from gross income reimbursements for expenses of caring for a foster child. The bill modifies the exclusion to apply to foster care payments, rather than expense reimbursements, so that detailed recordkeeping by the foster parents will not be necessary. This provision is effective for tax years beginning after December 31, 1985.

2. Reinstatement of Rules for Spouses of Vietnam MIA's

Under the bill, certain tax relief provisions applicable with respect to Vietnam MIA's (and their spouses) that expired after 1982 are retroactively reinstated and made permanent.

3. Olympic Trust Fund and Excise Tax on U.S. Television and Radio Olympic Broadcast Rights

a. Excise tax.—The bill imposes a new 10-percent excise tax on amounts paid for U.S. television and radio Olympic broadcast rights, effective for amounts paid after November 22, 1985, for such rights other than pursuant to binding contracts in effect on November 22, 1985. The excise tax is to apply notwithstanding any U.S. treaty provision entered into before, on, or after the date of enactment.

b. Olympic Trust Fund.—The bill establishes a new United States Olympic Trust Fund, to receive amounts from the new excise tax. Trust Fund monies are to be available, less related Treasury administrative expenses, to be paid to the U.S. Olympic Committee for training facilities, coaches, and other Olympic-related development expenditure purposes.

4. Exemption From UBIT for Certain Activities

The bill provides exemptions from the unrelated business income tax (UBIT), in the case of certain tax-exempt organizations eligible to receive charitable contributions, for income from (a) exchanges or rentals of mailing lists with or to other such organizations, and (b) certain distributions of low cost articles incidental to soliciting charitable contributions, effective on the date of enactment.

5. Allocation of Cooperative Housing Corporations

Cooperative housing corporations that charge tenant-stockholders with a portion of the cooperative's interest and taxes in a manner that reasonably reflects the cost to the cooperative of the interest and taxes allocable to each tenant-stockholder's dwelling unit, may elect to have such tenant-stockholders deduct the separately allocated amounts for income tax purposes (rather than amounts based on proportionate ownership of the shares of the cooperative). The provision is effective for taxable years beginning after December 31, 1985.

6. Personal Holding Companies

An exception from the definition of personal holding company income is provided for computer software royalties that are received by certain corporations that are actively engaged in the business of developing computer software. Another exception is provided from the definition of personal holding company income for interest on securities held in the inventory of a dealer in securities. In addition, a dealer in securities may deduct interest on "offsetting loans" in computing its interest income. The provisions are effective for royalties and interest received after December 31, 1985.

7. Adoption Assistance Program of the Social Security Act

The bill modifies the Adoption Assistance Program under Title IV-E of the Social Security Act to provide assistance for certain expenses incurred in adopting a child with special needs. These are the same expenses as qualify for the present-law itemized deduction which is repealed in Title I of the bill.

Title XV. Technical Corrections

This title contains technical, clerical, conforming and clarifying amendments to provisions enacted by the Tax Reform Act of 1984, the Retirement Equity Act of 1984, and other recently enacted tax legislation, as well as similar amendments to nontax provisions of the Deficit Reduction Act of 1984.

□ 1515

Mr. VOLKMER. Mr. Chairman, will the gentleman yield?

Mr. ROSTENKOWSKI. I yield to the gentleman from Missouri.

Mr. VOLKMER. Mr. Chairman, I offer my support today to the Ways and Means Committee's tax bill. This is not a perfect tax bill. There are some provisions I do not agree with and if I had had the opportunity to write the bill myself, I would have written some provisons differently. But this bill does generally reduce the individual tax burden, so I support it.

But, Mr. Chairman, it is unfortunate that we will not be allowed to amend this legislation today to correct a significant problem. A provision in this legislation eliminates the current exemption for pensions which reflect the employee's contribution to his or her retirement system.

Existing law provides an assumption that an employee's contribution to a pension fund which has been previously taxed for the year in which it was contributed, would be the first proceeds paid out at retirement. They thus would not be subject to any double taxation of the employee's pension contribution.

The legislation we are considering today, though, immediately imposes a tax consequence and eliminates the presumption that the retiree would draw upon their own money first.

Many workers in this country have made transitional plans for their retirement and have counted heavily on the present tax policy during the initial phase of their retirement. This committee provision deflates those plans.

I will support today this legislation and I commend the committee and its chairman for the long and arduous commitment devoted to the cause of tax reform. But I will also support legislation in the future to return to the books the assumption that pensions will not be subject to double taxation.

Mr. DUNCAN. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I rise in support of the substitute, which we shall discuss later, but also in opposition to the Ways and Means Committee or the Rostenkowski legislation.

It is not pleasant to oppose my fine Chairman, DAN ROSTENKOWSKI, who I

consider the best committee chairman on the Hill, and a man for whom I have the greatest respect and admiration. In fact, during our many years together, first he as the chairman of the Health Subcommittee and I as the ranking Republican, then later on Select Revenue he was the chairman and I was the ranking Republican, and now he is my Chairman on the Ways and Means Committee. I think this is the first time we have had a major difference, and I pray that our friendship will continue.

And, likewise, Mr. Chairman, it is difficult to oppose my President, who I consider to be the best President of my lifetime. I think, however, there comes a time in each of our political careers when subservience to political party and pressure from political leaders must be transcended by what we consider in the best interests of America. When we reach the place where political loyalty transcends what is best for our country, then it will no longer be a privilege or an honor to serve in this body.

Today we are being asked to vote on a concept, the Ways and Means concept, and later the Republican concept. It is a concept that the President himself does not like. However, he supports the Republican alternative and also the Democratic proposal as merely a vehicle to move the process within the view that the Senate will clean it up. If anyone believes the Senate will clean it up, it certainly is not this Member. I have been in the House 21 years, and I have never seen the Senate clean up our dirty kitchen, and I do not think they are going to be our saviors in this tax bill. In fact, just yesterday, Senator PACKWOOD, the chairman of the Senate Finance Committee, said, "It is likely that the bill you send over will be pretty much the same one that will come back," and before that he said, "We are not going to be your saviors in the Senate."

When President Reagan gave us his tax reform concept, he used three terms to describe the goals he intended to achieve: Fairness, simplicity and economic growth.

Since then, these goals have been adopted by many others, including Members of this body, who feel our Internal Revenue Code should be restructured. They have now become widely accepted as the leading hallmarks of what is perceived to be good tax reform.

Today we have before us, as I say, two different approaches, or pathways, to these goals. I feel fortunate that I am sponsoring the approach which points us much more clearly in the direction of fairness, simplificity and economic growth. This approach, which has taken shape as the Republican alternative to the bill reported by the Committee on Ways and Means, was not developed overnight, and neither was it in the works when the President sent his tax reform plan to the Congress in May.

Mr. Chairman, as the committee began preparing for the markup to deal with tax reform, we, Republican members of Ways and Means, drew up a statement of principles, or guidelines, which we believed should be followed in the markup. That statement, signed by all committee Republicans, all 13, was made public in August. It was based on the President's stated goals of fairness, simplicity, and economic growth, and it called for special attention to more specific matters as marginal rate reduction, foreign competitiveness, capital formation, national security, and retirement savings.

What we have now from the Ways and Means Committee, Mr. Chairman, is not tax reform. It is a long way from tax reform. It is a tax redistribution from our own committee.

When the committee began its deliberations, we Republicans wanted to mark up from the President's proposal, and we offered a motion to that effect, but we were defeated on a rollcall vote. Nevertheless, we rolled up our sleeves and began working with the markup document that the majority wanted. As time went on, however, we learned that major decisions on the composition of the bill were being made, and we were not a part of that decision. When we realized that legislation was taking place and taking a form we simply could not accept, we began developing our own program. We firmly believe it is closer to the original tax reform concepts and that it, therefore, represents a more realistic vehicle to reach the three great goals of fairness, simplicity, and economic growth.

Let us just take one item, if we may. The first is fairness. And I believe that the fundamental burden of distribution tables shows vividly that the Republican alternative is indeed a great deal more fair than the committee bill.

In just about every situation, at just about every income level, our alternative shows up better. This is especially true of taxpayers with families. For example, the committee's bill reduces a taxpayer's itemized deduction by $500 per dependent. I repeat: The committee's bill reduces a taxpayer's itemized deductions by $500 per dependent. This means that a family of 5 loses $2,500. Our Republican alternative moves in the opposite direction. It does not penalize families. It further provides a full $2,000 personal exemption for each taxpayer and each dependent up through the first two brackets. This accounts for all but 10 percent, the richest, of the taxpayers.

Some observers, particularly those from high tax States, have adversely criticized our Republican alternative because it reduces certain itemized deductions by 30 percent above a $1,000 floor. They suggest that the committee bill has an edge because it ostensibly allows full deductibility of State and local taxes. But they ignore—I hope they do not intend to mislead—the fact that taxpayers who itemize their deductions must, under the committee bill, reduce those deductions by $500 for each personal exemption they claim.

Now, I ask you: What is fair about that?

Mr. Chairman, I would recommend strongly that the Members take a close look at the comparisons of H.R. 3838, the committee bill, and our alternative with respect to itemizers.

These comparative analyses have been prepared by the accounting firms of Arthur Andersen and Ernst & Whinney, and have been confirmed by the Congressional Research Service. Copies of the analyses are available here on the floor. They show that our alternative allows larger itemized deduction totals and produces lower taxable incomes for virtually all taxpayers who have less than $75,000 in income. But that is not the income group we felt it most important to protect in designing the Republican alternative. Our alternative also provides a lower maximum tax rate for all individuals. It does so right away, not starting the first of the year, as the committee bill does.

The committee bill does not implement its tax rate changes until next July and will, as result, actually trigger a tax increase, not decrease, for some taxpayers in 1986.

But perhaps even more importantly, Mr. Chairman, from a public perception standpoint, the Republican alternative would make sure that everyone pays a tax if there is enough income to qualify.

□ 1530

I am sure that each of us has heard constituents complain about some big corporations and individuals reportedly earning a profit but not paying any taxes. Well, this still could happen under the committee bill, but it could not happen under our alternative. We have got a "Super-minimum tax" which guarantees that all taxpayers will pay at least some tax for any year in which they earn income.

As far as I am concerned, that is a real and very understandable test of fairness. The committee bill would flunk the test; the Republican alternative would pass with flying colors.

As for simplicity, our alternative wins over the committee bill hands down. All you have to do is look at the two of them, H.R. 3838 and H.R. 3879. Even better, just pick them up. It will not be hard to tell which is simpler. H.R. 3838 includes many unnecessary complications of tax law in the area of pensions and other benefits, and espe-

cially tax-exempt bonds. Our alternative avoids adding these complexities. It certainly is not as simple as I would like it to be, but it is certainly a great deal less complicated than its competition.

Although our Republican alternative shows up well in terms of fairness and simplicity, it shines even brighter in terms of growth. Our alternative favors jobs very heavily, and if people do not have jobs, they certainly are not going to have much money to spend, much less to pay taxes.

Every economist that I have talked to says the Ways and Means bill would dampen economic growth and the creation of new jobs by crippling investment and spending for new plants and equipment. The President's Chief of Economic Advisers told us recently at the White House that this bill would slow down the economy in the short fall. I later asked him what he meant by the short fall, and he said, "Two or three years." Are you willing to sit back and see our economy that we are enjoying so much slow down?

We do not live in this world alone, and the Ways and Means bill certainly would impair our ability to compete internationally. Almost every witness at the Ways and Means Committee, at the hearings, and we had good and fair hearings, almost every witness said that it would impair their ability to compete in international markets. Our bill would keep alive our country's industrial base on which we have depended for so many generations for fundamental financial well-being.

For one, I am not about to support any tax proposal which clearly threatens to undermine that base and jeopardize our economy self-sufficiency. Our alternative retains a vital part of the Investment Tax Credit. Five percent for industrial equipment purchased in the United States, not abroad. It has a better depreciation system than the committee bill in large part because it would permit full indexing of depreciation starting next year.

I have been given strong and believable evidence that cutting back radically on depreciation and erasing the Investment Tax Credit would invite a serious recession. As for me, I am simply not willing to run that risk. I do not believe that our economy is robust enough to withstand a major shock. It is clear to me that the Republican alternative not only has a definite advantage in terms of fairness, simplicity, and growth, it also is a much more balanced package than its competition. It generally would change law where there is a good reason for change, and leave alone those provisions which do not need change or should be considered for adjustment in another context.

Take, for example, the tax treatment of pensions and retirement systems. The Republican alternative improves pension law by adding spousal IRA's and protecting 401k plans. We give, in our bill, the full $2,000 deduction for IRA's to the spouse. What does the Ways and Means Committee give the spouse? Nothing but the little, piddingly $250 that she has always received although she works just as hard as her spouse who works away from home.

As I have indicated, it does not see revisions in other areas where alterations were made relatively recently and where congressional committees and subcommittees are now conducting broad-scale reviews.

Finally, Mr. Chairman, I would note that the alternative phases in minimum marginal tax rates of 37 percent for individuals by 1991 and 33 percent for corporations. Both levels much lower than the committee bill. It also will attain revenue neutrality and protect home mortgage deductions as mandated by the President and dramatically cut tax burdens on virtually all low and middle income taxpayers. As indicated earlier, it will provide a full $2,000 personal exemption for all taxpayers.

Under the new rule granted for debate yesterday, my substitute has been modified with respect to basic recovery rules of qualified pension plans, and this is one matter that was brought up I think by, and with more concern, by more Democrats than by Republicans.

By way of background, current law provides that taxpayers who contribute to a retirement plan and elect to receive benefits from that plan in the form of an annuity are subject to special tax rules. Under these rules, the portion of each annuity payment generally is excluded from income. This excluded portion represents the taxpayer's contribution to the plan. An exception for this rule allows the taxpayer to receive contributions, tax free, over a 3-year period. After this period, all amounts are included in income.

The committee bill before us today would also repeal the 3-year tax-free recovery rule. Thus, amounts received during this period no longer would be totally excluded from income. Generally effective for those who retire after July 1, 1986. My substitute, pursuant to the rule, would retain current law and thus continue the 3-year recovery rule.

In closing, Mr. Chairman, may I say I think the Republican alternative has much to offer and a wide range of interests to our society. It is not perfect legislation; it is not perfect tax reform. Just as the chairman says, there are a lot of things less than desirable in all of our proposals.

I appreciate the chairman telling you that special interests did help write the tax bill that we have before us today. Not this bill, but the other one. Special interest giveaways are on every page, almost throughout at a cost of billions and billions of dollars. Ours is a better bill, and it is a better tax reform than H.R. 3838. If you really think carefully about it, I believe the Members will agree that the alternative is the one that you will want to send to the other body. As far as I am concerned, it is the easiest choice I have ever made, and I urge the Members to make the same choice. I feel sure you are going to be mighty glad that you did.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 5 minutes to the gentleman from North Dakota [Mr. DORGAN].

Mr. DORGAN of North Dakota. I thank the gentleman for yielding me this time.

Mr. Chairman, before I came to the House of Represenatives, I was an elected State tax official in North Dakota. I probably have seen more tax returns than anyone serving in the House of Representatives. I have seen hundreds of tax returns over the years when I served in the capacity, and I can tell you that all of the stories that you read and hear about who pays taxes and who does not pay their fair share of taxes—they are right.

In fact, the Tax Code is worse than you read in the newspapers. The Tax Code is a feedlot for the rich; a straitjacket for the rest. If you are on a W-2 form, you do not have flexibility. You earn money; you pay taxes. But some interests in this country earn billions and millions and pay nothing. Now, change it? It is easy to say "change it." People have been saying that for years.

□ 1540

How do we change it? Well, we start with some proposals, with a proposed tax reform bill. And then the entire structure of American interest groups comes to Washington, DC, and they say, "On that proposal you have, this tax reform, we support you, we are with you, we are behind you, but just don't change our special deal. We want to keep that."

And so it goes. Well, we changed it anyway. We had months of a markup. We finally came out with a bill. It is kind of like back in my home area when the hogs get in the corncrib and you try to get them out. Those who squeal the loudest are always the ones who are fed the longest. The fact is that those who are upset with what is in this bill are those who were getting too much from the Tax Code.

This is good tax reform. It closes tax loopholes, it broadens the base, it lowers the rates, and it provides a good, strong, certain minimum tax.

There are those who are charging that this bill will cause a recession. To

those I say, "You are wrong; it is not going to cause a recession."

Why would it cause a recession to ask people who are not paying taxes who should be paying taxes to start paying taxes to our Government? It is not going to cause a recession.

I heard last night on television a Member of this House say that the Chairman of the President's Council of Economic Advisers predicts that this bill will cause a recession. I called the Chairman of the President's Council of Economic Advisers this morning, and I said, "I have heard this individual and I have heard other individuals say several times that you have said this will cause a recession. Is that so?"

"It's absolutely not true; it isn't going to cause a recession. I've never said it's going to cause a recession."

Now, when someone comes to the floor of the House during this debate, if they plan to say that the Chairman of the President's Council of Economic Advisers has said this bill will cause a recession, I want to be here and ask them, "Have you called the President's adviser? I talked to him this morning, and he said, 'that's a bunch of baloney, I've never said it.'"

This bill will preside over economic growth. This bill will close tax loopholes. This bill will be good for this country.

Mr. ROSTENKOWSKI. Mr. Chairman, will the gentleman yield?

Mr. DORGAN of North Dakota. I am happy to yield to the gentleman from Illinois.

Mr. ROSTENKOWSKI. When did the gentleman talk to the Chairman of the Council of Economic Advisers for the President?

Mr. DORGAN of North Dakota. I talked to Dr. Sprinkel about 11:30 this morning.

Mr. ROSTENKOWSKI. Well, would you be kind enough to repeat what he said?

Mr. DORGAN of North Dakota. Absolutely; and the reason I called him is that I have heard, not just once but a half-dozen times, Members charge that if this bill is passed, the Chairman of the President's Council of Economic Advisers predicts that this will cause a recession.

I thought, "Well, that can't be the case. Why on Earth would the President come to this Hill asking for passage of a bill that his major economic adviser says will cause a recession?" So I called him. He said, "That's absolutly wrong; I didn't suggest that at all." He said, "I did say that Treasury 2 will probably provide better growth than the Ways and Means Committee bill, but," he said, "there's going to be a period of adjusment. There may even be a slowdown in growth, but there will be growth. There will not be a recession."

That is the word from the Chairman of the President's Council of Economic Advisers. I think that is important for this body to understand.

Mr. ROSTENKOWSKI. Will the gentleman yield further?

Mr. DORGAN of North Dakota. I am happy to yield to the gentleman from Illinois.

Mr. ROSTENKOWSKI. I agree with what the Chairman of the President's Council of Economic Advisers said. He also said this in the Cabinet room last week before a joint leadership meeting, and said exactly what the gentleman from North Dakota is pointing out. I am glad that the gentleman has pointed this out.

Mr. Chairman, I yield an additional 2 minutes to the gentleman from North Dakota [Mr. DORGAN].

Mr. DORGAN of North Dakota. Mr. Chairman, I thank the chairman of the committee.

I simply wanted to point out that in this debate we will likely hear again some Member come to the floor and say that it is estimated by the Chairman of the Council of Economic Advisers that this will cause a recession, and I am saying that is not what the Chairman says. He said he did not say it, he would not say it, and this will not cause a recession.

There are some who say that this will interfere with our ability to compete internationally. That is not so. We treat capital more generously than all the Western European nations do in their tax codes.

Some say, "Well, but the Japanese treat capital more generously than we do." I do not know the answer to that. I think it is kind of a close call. But let me tell you what the Japanese do to their corporations. Japan, with only one-third of our gross national product, collects more dollars from their corporations in income taxes than we do. Think of that. They have only one-third of our economy, but they collect more corporate income taxes than we do, plus the fact that the effective corporate tax rate in Japan is twice the effective corporate tax rate in America.

So, you are wrong when you say that this will affect international competition in an adverse way for the capital-intensive industries in America.

Some say this is bad for agricultural. I say they are wrong. The gentleman from Nebraska [Mr. DAUB] and I put together an agriculture package that is in this bill. He will explain, I am sure, and let me explain that I think this bill is good for farmers for a half a dozen reasons. I do not want to elaborate, but we preserved cash accounting, we preserved preproduction expenses, and we did a number of things that are good for family farmers. But at the time we tried to take a slice out of that stream of income that allows lawyers and doctors from the big cities of America to want to tax-loss farm. We do not want that, we do not think that is proper, and we did something in the Tax Code that moves in the right direction in that area.

Finally, we have a minimum tax, and it is a strong minimum tax and one we can be proud of.

Mr. Chairman, let me say in conclusion that almost every politician I know has made a living saying that we would like to reform the Tax Code, but no politician has kept that promise.

What will this cause? Will it cause a recession or international competitive problems? No, it will cause those who have been freeloaders in this American tax system to have to pay some taxes. That will not cause anything but a big pleasant surprise for the middle-income Americans who have had to bear the burden of the Tax Code in this country for so many years.

Mr. Chairman, I ask the Members to pass this bill because it is the best reform we have had in this century.

Mr. DUNCAN. Mr. Chairman, I yield 10 minutes to the gentleman from New Hampshire [Mr. GREGG].

Mr. GREGG. Mr. Chairman, let me say to the gentleman from Illinois [Mr. ROSTENKOWSKI] and the gentleman from Tennessee [Mr. DUNCAN] that I do not rise today to say that the Rostenkowski bill as proposed by this House is a fundamentally bad bill. But it is not a bill which is going to accomplish the goals we desire if we are seeking tax reform.

Earlier today the Speaker of the House spoke, and I thought it was one of his better speeches since I have been in the House, granted that that has only been 5 years. But he talked about the fact that we have a voluntary tax system which is threatened today by an erosion in the confidence of the American people as to whether or not it is a fair tax system, one in which there is equal treatment of people within the tax system. So I guess the question for us as a Congress has to be whether or not the bill that is being brought to us by the Committee on Ways and Means addresses the fundamental questions which tax reform forces on us.

Those questions which we agreed to at the beginning of this process and which the Speaker of the House alluded to include: First, that we have a fair tax—and by that we mean that people in generally the same income tax bracket pay generally the same amount of taxes; second, that we have a tax system which significantly cuts rates; third, that we have simplification; fourth, because it is forced on us for political reasons, that we have revenue neutrality; fifth, that we have a tax system which as little as possible interferes with the investment decisions of the marketplace, and that instead of the present tax system which

drives the marketplace through tax policy, we have a tax system which steps back to the marketplace and says capital will flow where it can best be invested; and sixth, that we have a basically profamily-oriented tax system.

Those are the standards which we should apply to the question of whether or not we have a legitimate tax reform bill on the floor of the House today in the form of the Ways and Means Committee proposal. In my opinion, the Ways and Means Committee proposal, although it is a hard effort and one which I admire the chairman of the committee for having made, does not accomplish those goals.

Is it tax reform, is it fairness to say to a family in the $30,000 bracket, where 60 percent of the families in this country itemize, that if they have a child, their child is worth $500 less than the child of the family that does not itemize? Is that fairness? Is that equality across the board? Is that equal tax treatment within the same income brackets? Of course, it is not.

Is it simplification to produce a bill which has 1,370 pages and stratifies the tax law into two degrees so that now you have not only a basic tax law of 1,300 pages but you have a tax law which has a tax law on top of it called the alternative minimum tax which jumps from a $2 billion tax to a $34 billion tax? In fact, I would simply ask, if we had accomplished tax reform, would we even have an alternative minimum tax? Of course, we would not because we would have closed the loopholes which the tax reform law was directed at.

Is it investment neutrality to include in the new tax law a whole series of deductions which are presently in our present tax law and which are included not because they make tax-policy sense, but because they make sense because the vote was gained by including them in our tax law?

□ 1550

And I would take as the biggest violator of that principle the issue of State and local taxes.

Why should the whole issue of tax reform have turned on the issue of whether or not State and local taxes is deductible? Because that is what it did, Mr. Chairman. That one item of over $160 billion over 5 years controlled all the major decision processes, not only on the individual side, but also on the corporate side of what type of deductions would be included and what type of deductions would not be included in this tax bill.

And what we have said by saying that State and local taxes will be fully deductible is that the low-tax States in this country will continue to subsidize the high-tax States, that the nonitemizer in this country who does not get the benefit of State and local deduction, whether he is in a low-tax State or a high-tax State, will continue to subsidize the itemizer. And let us remember that when you get over $100,000 of income, 99 percent of the people in this country itemize, and so you are essentially saying the low income will subsidize the high income.

Is that tax reform? Of course it is not tax reform.

Is this bill profamily? I seriously doubt that you can argue that it is profamily when it puts off the standard deduction for an entire year in the first year of the bill. It is saying to the family that does not itemize, you are going to pay a tax on the standard deduction as it is presently structured in 1986, you are going to lose all your tax benefits in 1986, and then in 1987 we will give you the higher standard deduction.

Is it fair? Is it tax reform when you do not institute the tax rate break until July of 1986? Is it tax reform when you do not institute the standard deduction, as I mentioned, until January of 1987? Is it tax reform when you set the break points so that, yes, you have three or four rates and they look very attractive, but you actually have a break point—that is the point at which people start to pay taxes—where a person will be in a tax bracket that is a higher tax bracket than under present law? So if you happen to be in the 25 percent tax bracket under present at $26,000 today, under the proposed committee proposal, you will be in that 25 percent tax bracket at $22,500 under the new bill. Is that tax reform? Of course it is not tax reform.

What we have here, Mr. Chairman—and it is unfortunate because it was a hard effort, and I genuinely admire the perseverance of our Chairman—but what we have here essentially is a bill which was purchased, a bill which arose out of the political process. It is tax reform or a ship of tax reform without a rudder. It is a tax reform that is set on a course but lost its direction. It is driven not by tax reform philosophy, but by political expedience.

We have, if we pass this bill, unfortunately, a situation where we would be creating a pause in the economy as people try to relocate and reset their sails under the new tax law, because we have not closed enough loopholes or exemptions to cause people to make investment decisions independent of tax law. We have simply said to them you must reorient your investment decisions.

Thus, if we pass this bill today, we will essentially be forcing upon the economic investment community in our country a pause, and inevitably there will be a slowdown, whether the Chairman of the Joint Chiefs of Advisers to the President acknowledges it or not, whatever his name may be.

The fact is that on the face of it we are going to have to have a slowdown if we have this sort of economic reorientation.

And what your bottom-line question has to be is, did we go far enough down the road of tax reform to justify that economic slowdown? Is this bill good enough to justify that sort of a gamble with our economy? And I think the answere has to be no.

The President has said that were this bill to come to his desk today in its present form, he would veto it. How can he ask us, as a House, to pass such a bill? Is it to be our fate that we moved the process along in order to move a bad bill, or is it to be our epitaph that we were willing to stop the process right here and say let us put together a bill which represents real tax reform rather than pass a bill simply to keep the process moving?

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 2 minutes to the gentleman from Texas [Mr. GONZALEZ].

Mr. GONZALEZ. Mr. Chairman, I thank the distinguished Chairman. I rise to ask a couple questions.

One has to do with the main reason why I am tending to support this and voted for the rule this week and last week and that is that my district has the highest number of families with the lowest per-capita family income in the State of Texas. As I understand it, that would be part of the 6½ million poorer working families that would derive benefit from this bill. That proviso is still in the bill, as I understand it.

Mr. ROSTENKOWSKI. Mr. Chairman, if the gentleman will yield, absolutely. I should imagine that if the gentleman from Texas [Mr. GONZALEZ] has those working poor, his people would be taken off the tax rolls.

Mr. GONZALEZ. Second, what about the earned income tax credits? My understanding is this would be indexed.

Mr. ROSTENKOWSKI. Actually, I say to the gentleman from Texas [Mr. GONZALEZ], they are substantially liberalized, but of course they are indexed.

Mr. GONZALEZ. One final question. Since my vote last week and possibly after today, I have been receiving some telegrams from Texas oil and gas people. Certainly it is not my intention to impoverish any of them, but the telegrams tell me that if I vote for this tax bill and if it becomes law, they will be forced to go out of business. Now, we cannot have that happen to Texas. The oil and gas business is depressed right now, but I do not want to run them out.

Mr. ROSTENKOWSKI. Well, it is certainly not the intention of those of us who wrote the bill. Actually, I could make the observation to the gentleman from Texas [Mr. GONZALEZ] that

85 percent of what the energy people wanted is in the bill. What we tried to do is avoid the shelters and the incentive for avoiding paying taxes and I think we have accomplished that.

Mr. GONZALEZ. In other words, their spokesmen did not get what they consider 100 percent of their request, they just got a measly 85?

Mr. ROSTENKOWSKI. I guess the best measure by which we could judge the oil and gas industry is that the members on the committee did support the requests of the administration.

Mr. GONZALEZ. Mr. Chairman, I thank the distinguished Chairman.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 2 minutes to the gentleman from New York [Mr. GARCIA].

Mr. GARCIA. Mr. Speaker, I rise in very strong support of this bill. As a Congressman who represents the poorest congressional district in the United States, the 18th Congressional District of the State of New York, I must say to all my colleagues here that what the Committee on Ways and Means was able to do in terms of the threshold of eliminating the taxes for a family of four earning between $10,000 and $15,000 is a small miracle.

I wish that those of you who are with us today would be able to understand the pressure that has been coming from throughout this great country from big business. I do not know what they have against the poor, but I can tell you that without hesitation this legislation is the most far-reaching legislation that the poor of America have ever had. Those industrial States which have a high tax base, the State and local deductibility, if that had been taken out, we would have been crippled. Our infrastructure, our school system, all that has been maintained in the bill.

Mr. Speaker, I ask all my colleagues in this body to vote for the bill. this is a bill that truly supports 6 million Americans who will come off the tax rolls, those people who are earning $15,000 or less, a family of four. I do not have to tell you how difficult life is today for them, but I can assure you that if we pass this bill, that we can go forward and help those people who really do not have a voice in these corridors, who do not have the lobbyists to come and talk to us, who do not represent financial institutions or the oil industry. These are poor people, but I would like everyone to know that this bill is extremely significant.

Mr. DUNCAN. Mr. Chairman, I yield 30 seconds to the gentleman from California [Mr. LAGOMARSINO].

Mr. LAGOMARSINO. Mr. Chairman, I rise today in strong support of the Republican tax reform alternative. We started this long journey toward reforming our Tax Code many months ago when the President sent up to Congress his proposal for fairness, growth, and simplicity. Then, as well as now, I feel that tax reform needs to accomplish a number of economic and social goals.

First, I believe that we need to significantly lower marginal tax rates for both individuals and business. The Republican alternative would lower the top individual rate to 37 percent and the top corporate rate to 33 percent and would make them effective without delay on January 1. Later the top individual rate would go to 35 percent. This would result in significant relief for all taxpayers but especially lower income taxpayers who would get a 98-percent tax reduction under the Republican alternative versus 76 percent under the committee bill. The Republican alternative would also be profamily by providing a full $2,000 personal exemption per dependent while imposing no restrictions on itemized deductions.

Second, I believe that we need to encourage retirement savings. People are living longer and the "baby boom" generation will begin retiring shortly after the turn of the century, adding even greater numbers to the ranks of the retired. We must prepare for these developments through strong private sector initiatives. The Republican alternative would address this issue, and promote savings, by providing for a full $2,000 spousal IRA and an alternative would not exempt Members of Congress and their staffs from being taxed on their pension benefits.

Third, I believe that we need to assure a competitive progrowth capital formation program for American business. This is especially important in light of the fact that the Nation is experiencing a growing Federal trade deficit. Promoting strong economic growth is in the broad national interest. We need to be careful and not encourage the flight of manufacturing overseas. Consequently, the Republican alternative to address these concerns would retain a 5-percent investment tax credit on domestically produced manufacturing equipment, sets the corporate alternative minimum tax rate at 20 percent so as to avoid penalizing marginally profitable capital intensive businesses and retains the current capital gains tax rate of 20 percent.

Mr. Chairman, although this is a good start I believe that we need to keep the process going in order to further eliminate loopholes, reduce marginal rates, encourage exploration and development of our national energy resources and provide relief to both individuals and business. I urge my colleagues to support the Republican alternative.

However, should it not be enacted, I will vote for the committee bill, H.R. 3838.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from Michigan [Mr. SILJANDER].

Mr. SILJANDER. Mr. Chairman, I thank the gentleman for yielding.

This issue comes down to one of integrity. I listened very intently to the President of the United States and his pleas for votes for this bill. I want to support the President. I want to do all I can to keep the so-called process alive, but frankly I think that if my constituency in the Fourth District of Michigan were to be able to read the 1,379 pages of what is called tax simplification they would demand I vote No! Because in it they would find special provisions for stadiums, for metro systems, for certain Congressmen and other pork barrels besides. ITC and ACRS has been eliminated, that helped create over 8 million new jobs in the recovery of 1981, 1982, 1983, 1984, and 1985, and that the profamily $2,000 exemption is not in the bill and that according to a study sponsored by the chamber of commerce, 9 million less cars could be produced in Michigan if this tax bill were to pass; how can one with integrity and character vote for something they know personally is wrong and the President himself said that if the bill in its present form were to arrive on his desk, he would veto it? How could I vote for something now in hopes that maybe the Senate will change some of these horrible, terrible provisions?

My constituency elected me to vote on issues in the House the day that I vote on them, not what the issue might develop into later.

Yes, the process should be kept alive. There was nothing so exciting in the Washington, DC, area in the media in terms of tax reform until Ronald Reagan made it an issue. Now it is an issue, and to suggest that somehow Ronald Reagan could not keep the process alive is nonsense. Ronald Reagan can make out of this process whatever he wishes.

Mr. JENKINS. Mr. Chairman, I yield 5 minutes to the gentlewoman from Connecticut [Mrs. KENNELLY].

Mrs. KENNELLY. Mr. Chairman, I thank the gentleman for yielding time to me.

Mr. Chairman, we have all heard a lot about tax reform over the last year. We have all talked a lot about reform. We want a fairer system, a system where everyone pays their share of taxes according to their profits and income, a system where tax incentives and preferences make sense to meet our common goals—rather than to reward special interests.

Well, it is easier to talk about reform than it is to carry it out. Ways and Means members may appreciate that best. You can't make the Tax Code fair for average Americans with taking something away from other interests.

Amid the howls of those who will no longer have the benefits of special tax breaks, my colleagues must understand that this bill makes significant progress toward the goals of tax reform, particularly in providing needed tax relief for millions of hard-working American families. This bill, the Ways and Means bill is pro family—it helps all American families, not just a special type of family.

We have increased the standard deduction and personal exemption substantially, so that under the bill, no married couple with two children would pay Federal income taxes on their first $13,160 of income in 1987; this is just about $5,000 more money tax free than under the current law. That's $5,000 of tax-free money helping all of these married-couple families of four, not just the upper income ones who can afford a tax shelter. Likewise, all single-parent families of four will enjoy their first $12,560 in wages tax free, in 1987, $5,460 more than under current law.

We have reduced inequities in current law which hurt the poor and single-parent families. We have greatly expanded the Earned Income Tax Credit which assists low-income workers with children work their way off public assistance. Six million low-income individuals and families will be removed from the tax rolls. In addition, the standard deduction for single heads of households has been set much closer to that of married couples, thereby reducing the higher tax burden of single-parent families compared to married couples with the same income and family size.

We have not meddled with provisions of the Tax Code which benefit middle-income workers: We keep dependent care tax credit as it is under current law and we preserve tax-free employee benefits such as group health insurance and life insurance.

Some Members of this body have critized the Ways and Means Committee bill not for taxing employee benefits as the Treasury or the President would have done. Yet tax advantages for group health and group life insurance have worked to ensure that there is basic economic security for nearly all American workers and their families.

We have also made sure that State and local property taxes continue to be deductible. This recognizes a fundamental principle of federalism, but it also helps middle-class families, who need this provision as much as their mortgage deduction in order to afford decent homes.

This combination of lower rates, fewer brackets, the increased standard deduction and increased personal exemption, along with the preservation of some key provisions of the code, means this bill is not just good for low- and middle-income families—but extremely good. And it is good for all of these families, not neglecting some families or trying to fit everyone into one kind of family mold.

We are talking real money for average Americans with this bill—not trickle down.

Price Waterhouse has prepared information for me on the 1987 tax liabilities of many typical American families. Some of the numbers are startling:

A single parent with one child and income at $13,960, which is 200 percent of poverty, would see her taxes cut 31 percent assuming no child care expenses. Her taxes would be cut 88 percent assuming $2,000 in child care expenses—approximately a $580 tax break.

A one-earner married couple with two children and $20,000 in income would see their taxes cut 25 percent from current law, a $340 tax break.

A two-earner married couple with two children and $40,000 in income and $10,000 in itemized deductions would see their taxes reduced by 12.7 percent, a $464 reduction from current law.

The President's tax plan would only reduce this family's tax burden by an 8.6 percent cut or $317. In fact, for all income groups under $75,000, the Ways and Means bill provides more tax relief than the President's proposal. This bill is real tax reform and real tax relief. I urge my colleagues to vote for it.

Mr. Chairman, we took the President at his word. We made the Ways and Means bill good for American families. The traditional family, the two-earner family, the single head of household.

□ 1605

Mr. DUNCAN. Mr. Chairman, I yield 9 minutes to the gentleman from Ohio [Mr. GRADISON], a member of the committee.

Mr. GRADISON. I thank the gentleman for yielding this time to me.

Mr. Chairman, every version of tax legislation has items which can and should be criticized. This is true of Treasury I, White House I, White House II, Rostenkowski I, the Republican Alternative, which I support and helped write, and it is true of the Ways and Means Committee bill. It is also true of present law. If any of my colleagues are looking for reasons to vote no on final passage, they are easy to find. For any tax bill has something in it to hate. We found that out in the first vote on the rule.

I also want to acknowledge the resentment of those on my side of the aisle with the process. Republican critics are entirely correct in objecting to Ways and Means Republicans being left out in the final, key committee decisions on the big-ticket controversial items, and I say this as one of five Ways and Means Republicans to vote in favor of the bill in committee and one of two Republican cosponsors of H.R. 3838.

But I ask my colleagues to focus on the substance of the committee bill compared with present law, since that is the basic choice before us.

The committee bill would lower marginal rates far below those in present law: From 50 to 38 percent for individuals, and from 46 percent to 36 percent for corporations; 93 percent of taxpayers would be in brackets of 25 percent or less compared with 76 percent under present law; 66 percent of all taxpayers would be in the 15-percent bracket compared with 32 percent under current law.

There is plenty of room for disagreement about the importance of lowering marginal rates. This Member considers it the key to economic growth and the best feature of the entire process of tax reform that we have been through over the last year. Every version of the tax reform would cut marginal rates and cut them substantially. Details aside, in this respect, the President has set the agenda and won the battle. Today, economic growth is the driving force behind tax reform, not the politics of envy, which has sometimes been the overriding goal in the past. And lower rates on individuals and businesses are the key to economic growth.

But that is not all the committee bill does. It raises exemptions, excludes the poor, broadens the tax base, and requires tax payments from individuals and businesses who can zero out today.

Are there drawbacks in the committee bill? Of course there are. Are they serious enough to vote no and shelve any chance of tax reform for years to come? No, they are not.

What are the complaints we have been hearing about?

First are the special deals for some regions or industries. Have my colleagues taken a look at recent public works bills or appropriations bills? Have you looked at the present Tax Code? It has so many special deals that most major industries have their own tax rules. The committee bill may not level the playing field, but it does pound out a lot of the bumps. It moves in the right direction.

I am perplexed by the claims of my colleagues that this bill is antigrowth. My analysis of the bill, as a businessman as well as a legislator, leads me to just the opposite conclusion. With declining interest rates, strong corporate profits, and inflation under control, total investment may even increase. I would remind my colleagues that we had investment and a lot of it in this country even when there was no investment tax credit or accelerated depreciation.

Most importantly, by leveling out many current investment disparities, this bill will almost certainly result in an increase in the quality of investment by allowing investment decisions to be made less on tax and more on economic criteria. This is functionally equivalent to increasing the country's capital stock.

Investment depends on much besides tax law. Investment depends on profitability, cost of capital, and inflation rates. It depends on consumer confidence and international capital flows. All of these factors are encouraging capital investment today. The historical evidence is that tax law is a player, but is hardly the only player, or the major player, in determining overall investment.

In short, I have a lot more confidence in my own judgment as a businessman than I do in the computers of the U.S. Chamber of Commerce which is hard at work to kill this bill. To the extent a tax bill can influence investment policy very much, this bill is progrowth compared with current law.

Can it be improved? Of course it can. In its present form, will it undermine the recovery and cause a recession? Don't you believe it!

Let me conclude by stressing the importance of keeping alive the chance for tax reform. Defeat of this bill would doom serious comprehensive reform for years to come. Some argue that the general discussion of comprehensive tax reform which has been going on since the Treasury brought forth Treasury I in November 1984 has created uncertainty for American businesses. It has. But the uncertainty will be even greater if a bill does not pass. If a tax bill fails to pass the House, the issues raised during its consideration will not go away. Rather, they will remain on the table for possible incorporation in future, less comprehensive, tax legislation. Only action will end uncertainty.

The Ways and Means tax bill is a giant step in the right direction toward a fairer income tax system. It incorporates much of what the President originally requested, and is actually more beneficial to the poor and middle-class than the President's proposal. We are not voting on final passage; we simply are deciding whether we should send this legislation on to the Senate for consideration. I think we should; comprehensive tax reform is too important for us to let it die before the whole Congress has had a chance to review it and vote on it.

I will support the Republican substitute. Should it fail, and I hope it will pass, I will vote "aye" on final passage. I urge my colleagues to join me.

□ 1615

Mrs. KENNELLY. Mr. Chairman, I yield 6 minutes to the gentleman from Georgia [Mr. JENKINS].

Mr. JENKINS. Mr. Chairman, I have always marveled at this institution in that when the hard decisions finally have to be made, we generally face up to those hard decisions. I believe that this institution today will not lose the opportunity to truly do something about our Tax Code and the inequities and unfairnesses that we find.

Let me say in the very beginning that as you hear from your constituents, they will be primarily business constituents. Normally I have always been, and continue to be, probusiness because I believe it is vital that we have a strong private sector. But the fact remains that the people that you hear from today that are in opposition to this particular bill will be those who have very, very low effective tax rates. You will hear from some companies that are for this bill, and today, they are paying at a very high effective tax rate. They do not believe that it is fair for them to be paying taxes at a 46-percent rate when their business acquaintances across the street are paying at 2 percent, 3 percent, or 4 percent.

This committee, after many months of deliberations, has attempted to level that playing field. I think we have done a commendable job.

I want to talk about some of the bipartisanship that has resulted in this bill because there has been a great deal of distortion, a great deal of exaggeration about the lack of bipartisanship in the development of this bill. Let me go down the list from what we received from the President and what we have accomplished in a bipartisan way, with Republican votes on almost every one of these issues.

Real estate. Not all of the real estate industry is opposed to this bill, but when we commenced this endeavor in real estate, we heard that recapture, which was in the President's bill, that is full recapture over straight-line depreciation, that we needed to change that provision, and with the help of Republican votes, in a bipartisan way, we eliminated that section.

There were problems with the at-risk provision as recommended by the President. With the help of Republicans on the committee, we changed those provisions.

Interest deductability. That is all we heard from the real estate industry and I agreed with them. With the help of the Republicans on the committee, we changed those provisions that eliminated the deductability of interest.

Small business. Why is it that NFIB is supporting this bill today? Because for the first time, we have made some real inroads in reducing the tax burden of small business.

LIFO accounting. With the help of Republicans on the committee, this Ways and Means Committee took action to establish LIFO accounting for small business.

Cash accounting. Anyone, any business that has $5 million or less in gross receipts can continue on cash accounting. Farmers can do the same, regardless of size. We made an impact from both sides of the aisle in improving the tax burden of small business.

The effective dates for this bill were not changed. That was in the President's bill. We retained it. It is not a mark on the Democrats on the committee that we maintained the dates as set by the President.

Let me talk about the $2,000 personal exemption that we hear so much about. Today, the personal exemption rate is $1,040. Whatever we can increase that by and maintain a revenue-neutral bill will be to our benefit, whether it be $1,500, $2,000, $3,000, whatever we can afford. We did a credible job in increasing that personal exemption.

When the President eliminated all of the 401(k) retirement plans in his proposal and the 403(b) plans for public employees, this committee, with bipartisan help, replaced the 401(k) so that now everyone can still defer income up to $7,000 a year, and not many people can afford to do that when they are in the $20,000, $25,000, $30,000 and $35,000 tax bracket. That was a bipartisan effort.

Inside buildup on insurance. If you have an insurance policy, the President's bill would have taxed in every year the increase in the value of that insurance policy. With bipartisan help, we eliminated that provision.

Deductability of business meals and entertainment. I know that many people are not fully satisfied with this, but they can continue to deduct up to 80 percent. The administration came in with much less, and we corrected it with bipartisan help.

Deductability of local taxes. This was not eliminated by Democrats alone. This was eliminated with bipartisan help.

Depletion of hard minerals. You have heard about this special interest. Let me tell you that this was retained with bipartisan help. Ag minerals for instance, that are so critical to the Midwest, retained with bipartisan help.

Capital gains with bipartisan help, we retained low capital gain rates.

Timber. Timber under the President's proposal would have been totally taxed at ordinary tax rates. We saved for the individual property owner that owns 50,000 acres or less, the capital gains treatment and other benefits.

My friends, I simply say this: You will not get another chance to pass a tax reform bill. I urge you to support this bill. It deserves your help.

Mr. DUNCAN. Mr. Chairman, I yield such time as he may consume to the gentleman from Washington [Mr. CHANDLER].

Mr. CHANDLER. Mr. Chairman, it is with considerable disappointment that I rise in opposition to H.R. 3838. I respect and admire those of our colleagues who serve on the Ways and Means Committee for undertaking such a monumental task. But I have grave reservations about the impact that the committee's work would have on the health of our economy and the future for American workers.

I agree that the American people are frustrated by our Tax Code. I agree that many have avoided paying their fair share of the tax burden and that their failure to do so has undermined respect for our tax system. But I do not agree that this bill is the only way to address the problem.

Mr. Chairman, at 1,379 pages—I haven't bothered to weigh it—this proposal does not simplify the Code, it complicates it. But I think our constituents are willing to accept that, because their interest in simplification is really rooted in an interest in fairness.

The American people were told by the previous administration that the Tax Code is so loophole-ridden that it is a "disgrace to the human race." They were told by the current administration that it is a "ridiculous administrative burden." But it seems to me that the horror stories about "three-martini lunches," not a consensus about the need for three or four brackets, lie at the heart of support for tax reform.

People are concerned about complexity to the extent that it facilitates evasion.

Unfortunately, the committee's work has been driven more by a desire to establish those three or four brackets and reduce marginal rates than by any determination as to where tax reform should take us as a country. This proposal was revenue-driven, not policy-driven.

Tax policy clearly has social and economic implications and tax reform should have social and economic objectives as well.

Tax policy should promote the competitiveness of American enterprise in the international marketplace.

Tax policy should encourage savings, investment and retirement planning, rather than borrowing and consumption.

Tax policy should strengthen the family as the most basic building block in our society.

Tax policy should not promote a misallocation of resources.

Tax policy should reflect the need for certainty in the tax climate. Changes should be few and infrequent.

How does the committee's work measure up?

Well, it is unfair to women. It fails to allow spouses who work in the home to make IRA contributions on par with their counterparts in the work force.

It is unfair to married taxpayers. It restores the marriage penalty by repealing the two-earner deduction.

It is devastating to farmers. It repeals income averaging.

It is unfair to working Americans who are still required to subsidize deductions for business meals and entertainment.

And, most importantly, Mr. Chairman, the committee's bill is a blueprint for a recession.

It continues to reward borrowing and discourage saving.

It discourages the availability of venture capital by taxing corporate capital gains as ordinary income and by taxing a greater portion of individual capital gains income.

It drastically reduces contributions to 401(k) plans, reducing the availability of capital.

It repeals the investment tax credit, in a time when our manufacturers are struggling to keep pace with foreign competitors.

It lengthens the period of time over which investments can be depreciated.

It repeals the dividend income exclusion, removing an important incentive for investment.

It removes an import incentive for charitable giving by establishing a $100 "floor" for the charitable contributions deduction available to non-itemizers.

Mr. Chairman, the process itself is destabilizing and may very well bring the economy to a standstill as businesses and investors await the outcome of a protracted debate here on the Hill.

The bill might make sense if the American economy were more competitive. It might make sense if the American people were saving and investing in record numbers. It might make sense if the American people were teeming with confidence in our Tax Code. Mr. Chairman, this is the wrong bill for the wrong time.

It is my hope that the House will reject this bill, and that in its place we will send to the other body a simple measure to strengthen the individual and corporate minimum tax. The revenue could be used to increase the individual exemption—that would make the package revenue neutral—or we could use it to whittle away at that $200 billion deficit.

The gentleman from Iowa [Mr. TAUKE] and the gentleman from New York [Mr. GREEN] and I had hoped to offer such a proposal in the House today. But our proposal was not made in order under the rule.

Mr. Chairman, we can't afford this bill. It isn't revenue neutral; you can't maintain revenue in a recession. The human cost of this bill is even greater. All the simplicity and base broadening and rate reduction in the world is meaningless to a worker who no longer has income to tax.

We can do better than that.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from Arizona [Mr. KOLBE].

Mr. KOLBE. Mr. Chairman, months ago when we began the laborious process of considering tax legislation, I suggested there were three standards by which the outcome should be judged: simplicity, fairness, and growth. Does it simplify the current Tax Code and make it easier for the average American to file a tax return? Does it provide a measure of fairness for the taxpayer so that credibility and confidence in the tax system can be restored? And does it promote economic growth, jobs for the millions of Americans who need those jobs now and who are going to need them in the decade ahead?

When we began this process, I hoped, like all of my colleagues, that the end product would be a bill that we could all support. Tax reform is badly needed in America. Confidence in the process and those who serve it has been eroded.

True reform could stimulate an explosion of economic activity that could assure prosperity for America into the year 2000 and beyond.

The result, unfortunately, has been much less than that. In fact, it is worse than the current law for most taxpayers. H.R. 3838 does not simplify the Tax Code. What many initially saw as a movement toward a flat tax with two or three simple exemptions has ended up with a 1,379-page monster that no one understands and no one even knows what it contains. How can we call that simplification?

Nor is it fair: H.R. 3838 has been praised for taking millions of people off the tax roles. But, what they forget to tell you is that the middle class in this country—not the rich—will be paying more in taxes because of bracket crunch. When this movement started, taxpayers were promised tax reform that would increase their disposable income. Instead, with this bill their personal exemptions would be decreased and many taxpayers will suffer in a higher tax bracket.

Civil service employees will also suffer from this legislation. Contributions to their retirement funds are taxed upon entrance to the fund. They receive their contributions first after retirement and—quite logically—those are not taxed a second time. Only after their contributions have been used do they pay taxes on the remainder of their benefits. The Ways and Means bill would require the taxation of all benefits, which in effect means double taxation. How double taxation conforms with fairness is beyond me.

Every Member's district is different and everyone's mail differs too. In my district the biggest issue was not oil or timber, it was 401(k) retirement savings plans. Through these plans individuals can provide for their retirement and remain self-sufficient long after their retirement. One of the purposes of tax reform should be to promote savings, not discourage it. The House Ways and Means bill does exactly the opposite. Reducing the cap on elective contributions by $23,000 a

year and tying IRA contributions to your 401(k) plan will decrease the ability of individuals to save for retirement. The Ways and Means bill effectively limits an individual to saving a total of $7,000 a year. Because the IRA and 401(k) are tied together an individual an contribute only $5,000 to a 401(k) plan and $2,000 to an IRA. We should encourage people to save, and this proposal doesn't even come close to achieving that goal.

The proponents of the bill have said that those who oppose it do so only because it is antibusiness. Well, it is antibusiness and antigrowth.

It undoes all the tax changes this body made in 1981 and which unleashed the greatest economic recovery since World War II. It will hamper capital formation and further diminish our ability to compete abroad, and I believe it will produce a recession next year. Who will suffer from all of this? The working man and woman will suffer. Do we really want to induce yet another recession? What good does it do to have lower tax rates if there are no jobs? Do we really want the people we represent to lose their jobs and lose income? Those fortunate enough not to lose their jobs will find the Government digging even deeper into their pockets.

Not only are there philosophical problems with the Rostenkowski bill. There are practical problems as well. How can business be expected to invest when they don't know what the new code will be and when it will become effective? They won't know if the investment tax credit will be repealed, if capital gains and depreciation schedules will be changed. The tax system has long and successfully been used to promote economic and social policies. The economic frameworks of many industries have developed in response to the Tax Code. Changes in the Tax Code will have an economic effect on our Nation. The seriousness of these effects will largely be dependent on the degree of the changes. For more than 70 years, through most of our industrial history, the economy and the tax system have grown together. The economic effects of separating the two may be traumatic. In order for industry to be able to invest they need to know what to expect and prepare and adjust to the changes. This doesn't mean that corporations shouldn't pay their fair share of taxes. But, like individuals they need to be able to plan for the future. Individuals and business alike can accept a red light or a green light, but neither can cope with a flashing yellow light.

Many of my colleagues will vote for H.R. 3838 because they feel it will keep the tax reform process alive. They don't like the bill, but believe we should send it over to the Senate so they can "fix" it. Not only is there no guarantee the Senate will make substantial improvements, but the chairman of the tax writing committee in that body is flatly on record that there won't be substantial changes. Why should they do our work for us? If we are unhappy with the bill then lets change it. The sentiment for tax reform will not disappear; not will the effects of a hastily passed and imperfect bill. There needs to be an opportunity for amendments to be made on the floor and these amendments need to address the crucial areas of tax reform.

The McHugh amendment does nothing but make a mockery of the entire tax reform effort. While there are many questions of enormous substance a tax bill of 1379 pages in length, one, and only the nontechnical amendment is permitted under this rule: the doubling of the tax credit for political contributions. How can this body tolerate such a politically motivated and self-serving amendment to be considered? The purpose of this bill is to benefit the people of America, not add to the financial benefits of contributing to our political campaigns.

Realistic tax reform cannot be driven by political deals that become the basis for deciding what exemptions remain and who will bear the burden of making up for the lost revenue. Refusing to repeal the exemption for State and local taxes because it was politically unfeasible made inevitable the decision that taxing capital formation would make up the difference. Many projects, those built with tax exempt bonds, and corporate mergers were given exempt status in return for assistance in pushing the bill through committee. Now instead of having a fair, simple, and progrowth tax bill we have a bill that has been written to please special interests, regardless of the effect it has on other sectors of the economy.

Successful tax reform requires a consensus of the American people. Without it, we will continue to be plagued by a lack of confidence in the tax system, and an unending succession of changes in the Tax Code, which like this one, seek to correct past errors, but do not achieve tax reform and are neither fair nor simple.

Mrs. KENNELLY. Mr. Chairman, I yield 5 minutes to the gentlewoman from California [Mrs. BOXER].

Mrs. BOXER. Mr. Chairman, I rise in strong support of this landmark tax bill, landmark legislation because it makes some major important changes that will lead to a fairer Tax Code.

My colleagues, there are so many good things in this bill. We have saved the deduction for State and local taxes. We have helped families. We have saved fringe benefits. We have lowered rates. There are many good things.

But in the 3 minutes or 2½ minutes I have left, I really want to concentrate on one important provision of this bill, a provision that by itself is of such major importance that it should bring overwhelming support for this bill. I refer to the section that changes the tax law by repealing the so-called completed contract method of accounting for businesses with long-term contracts.

This section, while accounting for only 5 pages in this 1,300-page bill, is a significant step forward toward forcing fiscal responsibility on defense contractors, some of whom have been using this little accounting trick for years at the expense of other taxpayers.

Mr. Chairman, let us take a look at this chart that I have put up here from the Wall Street Journal. It shows defense contractors who have paid little or no taxes.

McDonnell Douglas, the No. 1 ranking defense contractor, had an effective tax rate in 1981 to 1983 of 1.5 percent while families pay and pay.

Let us take a look at General Dynamics. They have been on the front pages for some things that have not been so good. What did they pay in taxes, a minus 7.6-percent effective tax rate, a tax refund, and it goes on.

General Electric. General Electric, who had so much to pay to purchase RCA, they paid no taxes. They got a refund. Boeing Co., Grumman Corp., Lockheed Corp., and Martin-Marietta Corp. in addition all computed a zero tax liability for themselves between 1981 and 1983. Some even received a negative tax liability.

The prime culprit for this was the completed contract method of accounting.

Mr. Chairman, we must close this outrageous loophole, and we have a chance not to do it tomorrow, my friends, but to do it right now.

In plain language, business no longer will be able to defer their taxes by delaying the reporting of income until their long-term contracts are completed. Instead, they will have to pay taxes on their income as they earn it.

The closing of this loophole represents an effort to ensure that defense contractors with cadres of accountants at their disposal no longer escape their fair share of the tax burden.

My friends, what is tax reform if not ensuring that this part of our economic community, the defense contractors, many of whom make 90 cents of every dollar from the taxpayers, who have become notorious for taking advantage of a system which is often too ponderous to oversee them, and which has fought us every step of the way as we seek procurement reform, what is tax reform if it turns its back on this incredible completed contract loophole?

The Rostenkowski tax reform bill takes this loophole and shuts it down.

So I ask my colleagues to vote yes on this tax reform bill and tell your constituents proudly that you voted to stop these defense contractors from getting away with tax murder.

□ 1630

Mr. STARK. Will the gentlewoman yield?

Mrs. BOXER. I yield to the gentleman.

Mr. STARK. Mr. Chairman, I have been listening to the gentlewoman's speech here with wonder and awe, and I wonder if the gentlewoman is aware that the tax law which allowed, for instance General Electric Corp. to have a negative tax rate and indeed over the years since 1981, avoid—not avoid, but not have to pay $4.5 billion in taxes, and therefore many of the rest of us have to raise our taxes to account for that.

I wonder if the gentlewoman is aware of why we had that in the law to begin with, when there was a great national purpose, it seems to me, in allowing General Electric to sequester, let us call it, the $4.5 billion.

Is the gentlewoman aware of what the purpose was in 1981 of allowing General Electric to do that?

Mrs. BOXER. I know that the gentleman is very, very aware of that reason; I would ask that he tell us.

Mr. STARK. Well, I think as you will recall, it was to have them create new jobs through reinvesting that money to make America more productive; and I think we were all, the whole American public was made aware of just how these corporations have done that; when last week General Electric announced that they were going to take their $4.5 billion, and in order to increase competitiveness and create new jobs, they were going to add another $1.7 billion to it and buy RCA. Which not only now gives them RCA, but when we get up in the morning, we can listen to the NBC morning news and know that we have purchased that with our tax dollars.

So I want to remind the gentlewoman that General Electric is a lot more than just light bulbs, and it is very important for us to consider that we have been hoodwinked, really; we created these investment tax credits in 1981, hoping to get more productive, and we did not.

Mr. Speaker, I urge my colleagues to vote for H.R. 3838 because it will end the growth of tax shelters in our country.

Tax shelters, are, for the most part, a legal means of tax avoidance. There are the bread-and-butter types of shelters that we all are familiar with such as real estate and oil drilling. Then there are the more exotic types like kiwi fruit and jojoba beans and the windmill farms that cover the hills of my district.

These tax shelters do not promote economic activity. They are merely a paper shuffle to shelter income from taxes. The combination of, first tax credits and depreciation and other tax preferences and second, the interest deduction allowed for leveraged deals and third, the ability to convert income that would be taxed at the ordinary rates into income that is taxed at the capital gains rates and fourth, the ability to pass through losses to investors, all provide the juice for tax shelters.

The problem that arises is the tax subsidy has created a proliferation of investments marketed for the sole purpose of avoiding taxes.

The growth of tax shelters corresponds with the numbers of wealthy Americans who have avoided paying any Federal income tax. In 1967, 155 taxpayers with incomes over $200,000 paid absolutely no income taxes. By 1982, 10,617 people with incomes over $50,000 paid no taxes.

The money involved is no small change. By a conservative estimate Treasury subsidized approximately $24 billion in tax shelters in 1983.

This results in a major misallocation of resources: Investors put their money where the tax "writeoff" is the greatest. Tax losses which are passed through to an investor are preferred over a profitable investment. Some of you may recall the old Mel Brooks movie, "The Producers." In this film, the investors conjured up the most dreadful film they could think of—a musical about Hitler—and then were despondent when the film actually became a hit. That film was supposed to be a tax shelter that lost money. The movie was comic. The tax law that encourages such foolishness is tragic.

How does the tax bill change all of this?

H.R. 3833 eliminates or cuts back certain preferences, such as tax credits for windmills, and deductions for preproductive expenses for jojobas.

The tax reform bill limits the amount of interest an investor can deduct in leveraged deals.

The tax reform bill, for the first time, applies "at-risk" rules to certain real estate investments so that a taxpayer cannot write off more in tax breaks than the amount of his own money that he has invested.

The tax bill limits the amount of losses that investors can claim so that "paper losses" cannot be used to avoid the minimum tax.

A vote for tax reform shows the American taxpayers that Congress is serious about closing loopholes so that every American taxpayers will pay their fair share—no more and no less.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from Indiana [Mr. COATS].

Mr. COATS. Mr. Speaker, in the limited time that I have, I would like to focus my remarks on just one aspect of the tax reform that is before us.

Members today have the choice between two bills. As to the profamily aspect of those two bills, let me inform the 71 cosponsors of the Tax Fairness for Family Act, which I introduced in the House this year, and other Members that are interested in the profamily aspects, what happened to that $2,000 exemption along the way of tax reform.

Both the Republican and the Democrat tax reform packages have increased the personal exemption, but the Republican alternative offers a much better break for families. In fact, a $20 billion better break for families, because the Democrat Ways and Means package has actually taken $500 away from every taxpayer, every spouse, every child, every dependent in the family for all those families who choose to itemize their tax returns.

Now, some say, "Well, not very many itemize." The facts speak otherwise. The facts indicate that 62½ percent of all tax returns of married filing jointly in the $25,000 to $30,000 range itemize their tax returns. The facts indicate that 78.4 percent of all married filing jointly families in the $30,000 to $40,000 range itemize the tax returns. They do so because they are buying a home, they are giving to charity, they are contributing to church, they have medical expenses, they incur expenses in raising children and raising a family.

The Ways and Means bill is devastating in comparison to the Republican alternative to those who are profamily and those who want to provide a break for those in the income categories of $15,000 to $40,000. Those are middle-income taxpayers, two parents struggling to raise a family and pay the bills. They need tax relief. That relief is not there in the Ways and Means bill, and it is in the Republican bill.

I urge a vote for the Republican alternative.

Mrs. KENNELLY. Mr. Chairman, I yield 5 minutes to the gentleman from Texas [Mr. PICKLE].

Mr. PICKLE. Mr. Chairman, I support and will vote for the Tax Reform Act of 1985. As with nearly everyone else who will vote for this bill, I have genuine reservations and concerns.

This is not a perfect tax reform bill. There are provisions in it that I attempted, unsuccessfully, to amend in committee and there are provisions that I hope will be modified as this bill progresses.

As with any bill that reaches this floor for a vote, this bill is the product of a series of compromises and that is a process that leaves many people and many interests less than completely happy. No one got everything they wanted in this bill.

But there are many reasons to support it.

This new Tax Code is more fair than our current Tax Code. How many of you in this Chamber can defend our

current Tax Code? How many of your constituents write and call you praising our current system of taxing income? Not many, I believe.

Can we defend a Tax Code that currently allows 3,000 people who earn more than $1 million a year to pay little or no taxes? Who can defend a Tax Code that currently allows a corporation to earn over $6 billion in profits over 3 years and not only avoid paying a single penny in taxes but get a refund check for $283 million dollars? These facts were revealed by our Ways and Means Subcommittee on Oversight.

The average, middle-income family of four is paying more tax than tousands of millionaires. How much longer must they wait for a fair and equitable system of taxation?

You cannot remove such inequities from our Tax Code without slaying a whole pasture full of sacred cows. And for the past 6 months we have been hearing the anguished howls of those who have exploited the numerous loopholes in current law at the expense of the average taxpaying American citizen.

The committee bill contains the toughest minimum tax ever proposed. This bill is the worst thing that has ever happened to the nontaxpaying millionaires and profitable corporations that have been getting a free ride on an unfair Tax Code.

At the same time, this bill will reduce taxes for most Americans and it gives more tax relief to middle income families than the proposal sent to us by President Reagan. The committee bill is not "antifamily" as some critics have claimed. It is supported by the National PTA. It is profamily.

It provides economic incentive by reducing marginal tax rates and reducing the number of tax brackets. Our current tax rate structure discourages many people because they know that with each additional dollar they earn they will be kicked into a higher tax bracket and the Government will take a bigger bite. This bill goes a long way toward reducing that disincentive.

I am aware that some of my colleagues from Texas do not share my view of this bill. And I can understand their concerns about the way the oil and gas industry would be affected if certain provisions in the committee's bill would become law. I am familiar with those provisions because no one in this body worked harder than I did to amend those sections of the bill. And we were successful in reducing the major adverse impacts from the original committee proposal.

Contrary to what some of our friends from other States may believe, the petroleum industry is already paying its fair share of taxes. In 1983, the petroleum industry paid an effective tax rate of 21 percent while the average for all industries was only 16 percent. The Windfall Profits Tax has already collected $38 billion from the oil industry and last week this House voted to increase the Superfund tax on crude oil 15 fold. I sure hope this last act can be changed.

I must admit that I could not vote to send this bill with its oil and gas provisions to the President for his signature. But I can vote to send it to the Senate for its consideration.

I can vote for it confident that the other body will improve on our work in this area and not put our independent drillers out of business. I can vote for this bill because I know there are other provisions in it that will benefit the citizens of my State.

The bill would continue the tax credit for research and development and it would create a new credit for university research to encourage companies to work with our universities on their research programs. The current research and development tax credit expires at the end of this year and it must be extended.

The research and development tax credit is vital to our Nation. It ensures that American industry will continue to develop new technologies and new products to compete in an increasingly sophisticated world market.

And this research and development credit is vital to the future of my own State. The economy of Texas is no longer strictly limited to agriculture and oil. We have to look to the future and the future economic prosperity of my State will be in science, technology, research, electronics, and computer hardware and software. So I point out to my colleagues that this bill is endorsed by the American Electronics Association, the Computer and Business Equipment Manufacturers Association and the Solar Energy Industries Association.

The economic future of Texas will, as it always has, depend on the skill and determination of our independent entrepreneurs. Small business is the backbone of our economy and I want to point out that this bill is supported by the National Federation of Independent Businesses, the American Federation of Small Business, the National Retail Merchants Association and the National Venture Capital Association.

Texas veterans will benefit from this bill because it allows our Texas Veterans Land Program to continue as it has for the past 38 years, providing low interest loans so that veterans can have a chance to buy a piece of land. Under current Federal law, that program will be terminated in 1987. This is our opportunity to remove that 1987 sunset provision. A vote for this bill is a vote for the veterans of Texas.

If you want to find a reason to vote against the bill, you can do that. Numerous special interests have had their pet tax provisions cut back in this bill.

But if you want to look for reasons to support it, you will find that this bill is a good deal for the average, hard-working, tax paying, middle income American—the kind of people who wouldn't know a tax loophole if they fell into one—the people who can't afford a $200 per hour tax lawyer to lobby for them.

I urge my colleagues to cast a vote for the people, to pass this bill, move it on to the Senate and keep tax reform alive.

The CHAIRMAN. The Chair would like to state that the gentlewoman from Connecticut [Mrs. KENNELLY] has 47 minutes remaining, and the gentleman from Tennessee [Mr. DUNCAN] has 50½ minutes remaining.

Mr. DUNCAN. Mr. Chairman, I yield 1 minute to the gentleman from California [Mr. ZSCHAU].

□ 1640

Mr. ZSCHAU. Mr. Chairman, and colleagues, we all know that the United States is facing a burgeoning trade deficit that is costing us jobs and undermining our economic future. Protectionism has been proposed, but that is not the answer. Instead we must become more competitive so we can export more into in foreign markets and sell more there at home.

The report of the President's Commission on Industrial Competitiveness, which was released earlier this year, recommends that our tax system be restructured in several specific ways in order to improve U.S. competitiveness.

I'd like to quote the Commission's tax reform recommendation.

The Tax Code should be restructured so that capital can be put to work more effectively, its costs reduced, and productive investments stimulated. Such restructuring should include the following:

(a) The present bias against savings and investment must be reduced through greater reliance on taxation of consumption (but keeping progressivity to ensure fairness) and through elimination of the double taxation on corporate profits when received as either dividends or capital gains;

(b) The variation in effective tax rates on different industries should be reduced. This variation results from different industries receiving varying credits and depreciation allowances on different kinds of assets;

(c) Inflation adjustments for capital income and capital expense or loss items, similar to existing income tax indexing;

(d) Reducing disincentives to venture and other risk capital investments, for example, by allowing individuals to claim fuller deductions for capital losses; and

(e) Broadening the tax base by including more income items and reducing the number of tax deductions and exclusions, provided this does not increase current disincentives for savings and investment.

These are the criteria that the experts on industrial competitiveness have suggested. Against this backdrop

let us analyze the Ways and Means Committee bill.

The committee bill taxes corporations more. It would increase corporate taxes by $140 billion over 5 years. It puts enormous additional burdens on the very entities we want to be more competitive. In particular it taxes more those corporations that invest in plant and equipment to modernize so that they can become more competitive. Schedules for depreciation for plant and equipment are lengthened from current law. This plus the elimination of the investment tax credit would raise the cost of capital, slow growth and investment, and reduce American competitiveness.

Let's compare the committee corporate investment incentives to the foreign competition. I am submitting for the RECORD a table showing a comparison of nominal cost recovery allowances for manufacturing equipment as a percent of cost for the United States and 15 competitor nations. Today, with the accelerated cost recovery system and the investment tax credit, the United States ranks sixth in the list of 16 nations in the 1-year and 3-year catagories and third in the 5-year catagories. Under the committee bill, the United States falls to last place in all catagories. We can't afford to let this happen if American companies are to meet the challenge of global competition.

The committee bill reduces the research and development tax credit at a time when we need more research, innovation, and increased productivity. While the committee is to be commended for including a 3-year extension of the research and development tax credit in its proposal, the credit is scaled back from 25 percent to only 20 percent. Compared to current law, this amounts to a reduction in incentives for risk taking for American companies in spite of the important positive effects of the credit. For instance, in the 4 years since the credit has been enacted, industrial R&D as a fraction of GNP has been 23 percent higher than during the 4 years prior to the credit's enactment. Today, the United States ranks far behind Japan and West Germany in the amount of civilian R&D money spent as a fraction of GNP. If anything, we should be strengthening the R&D credit, not paring it back.

The committee bill increases the capital gains tax at a time when we need more incentives for risk capital investment so that young innovative companies can get started and grow. The tax rate on capital gains is raised from 20 percent to 22 percent, the exclusion on capital gains is decreased from 60 percent to 42 percent, the lowest in recent years, and the corporate capital gains differential is eliminated. This Nation's experience with cuts in the capital gains rate in 1978 and 1981 should indicate that we need additional reductions rather than increases. According to a Treasury Department study released in September 1985, the 1978 and 1981 cuts actually increased tax revenues as a result of the lower rates.

How does the capital gains tax in United States compare to other countries? Nine international competitors in Western Europe and the Pacific Rim—including Japan—have no capital gains taxes on income from stock investments. That's one reason why U.S. industries face such a fierce competitive challenge.

Finally, the committee bill taxes foreign source income more at a time when we should be trying to encourage increases foreign operations and exports.

Mr. Chairman, when these features are compared to the criteria set for the President's Commission on Industrial Competitiveness, it is clear that the bill will not help to improve U.S. competitiveness.

Ironically, if we pass this bill we would be destroying incentives for international competitiveness at the very time that the Japanese diet is considering accelerating depreciation schedules because the accelerated cost recovery system has worked so well here. In addition, Japan is considering the implementation of a value-added tax to subsidize its exports and tax its imports in a GATT-legal way so it can become more competitive in world markets.

Let's not be blind to the new fundamental or international competition: we have to be competitive in foreign markets if we're to remain competitive here at home.

Let's defeat the Ways and Means Committee bill. It's not simple—that's for sure. It's not fair—there's nothing fair about causing economic slowdown and higher unemployment. Above all, it's anticompetitive, antitrade, and antijobs.

If you care about reducing the trade deficit and increasing jobs, vote down the Ways and Means Committee bill.

[1] Class four of the Ways and Means Committee (US–W&M) staff tax reform option incentive depreciation system includes, for example: mining equipment, rail cars and assets used in manufacture of pulp and paper, glass products, primary nonferrous metals and foundry and steel mill products. Calculations for the comparison were made with respect to light manufacturing textile equipment. Class four equipment is subject to double declining balance depreciation over a ten year recovery period, switching to straight line at the optimal point.

[2] Although Japan's capital cost system is inferior to that of the U.S., research by Dr. John B. Shoven, Stanford University, suggests that when all factors affecting the cost of capital are considered, Japanese investors enjoy a substantial advantage over their U.S. competitors. Japan's advantage over the U.S. stems from: (1) much lower taxes on capital income at the individual level; (2) individual's almost unlimited ability to deduct savings from taxable income; (3) reduced corporate tax rates on income paid out as dividends; and (4) much higher debt/equity ratios than in the U.S.

NOTE.—Rank shown for all foreign countries assumes current law for the United States (ACRS/ITC).

Mrs. KENNELLY. Mr. Chairman, I yield 5 minutes to the gentleman from Massachusetts [Mr. DONNELLY].

Mr. DONNELLY. Mr. Chairman, I rise in strong support of the tax reform legislation reported by the Committee on Ways and Means, and to urge its adoption.

This legislation, the product of many months of arduous consideration in committee achieves the goal originally espoused by the President, that of restoring fairness to the Federal Tax Code.

But a "no" vote on this tax reform bill must be recognized for what it truly is: A vote against a bill that comes as close to true tax reform as anything we are likely to have the opportunity to consider for a long, long time. The Tax Code is riddled with inequities, and every taxpayer knows it. This bill restores balance to the tax system, correcting the inequities that have resulted in lower- and middle-income taxpayers subsidizing wealthy taxpayers who pay little or no tax.

There were probably not very many of our constituents standing outside Ways and Means in pin-striped suits for the last 4 months, but the people's interests predominate in this bill. This is an opportunity to restore their faith in the tax system.

Taxpayers know that they lose too much of their hard-earned money to the Treasury, and that this bill allows them to keep more of their money. Every taxpayer, both individual and corporate, will pay tax at a lower rate. The bill lowers the average income tax burden of households with incomes between $20,000 and $30,000 by 10 percent the average income tax burden of households with incomes between $30,000 and $40,000 by 9 percent; 50 percent of the tax reductions in this bill go to taxpayers with incomes between $20,000 and $75,000. It increases the standard deduction, the personal exemption, and the earned income credit. Plus maintains the deductions of most importance to moderate- and middle-income taxpayers: deductibility of State and local taxes, excludibility of employer provided fringe benefits, and deductibility of home mortgage interest.

The working poor know that under current law they bear an unfairly high tax burden, and that the committee removes more than 6 million low-income individuals and families from the Federal tax rolls. No married couple with two children would pay taxes on income of less than $14,475 in 1987.

Those who pay their fair share of taxes are angry and frustrated that in the last 4 years 129 of the 275 most profitable corporations paid no taxes at all, that over 300 individuals with incomes over 300 individuals with incomes over $200,000 paid no taxes at all that the effective average tax rate in the banking industry is 6 percent, that defense contractors and property-casualty insurance companies pay little or no tax because of special code provisions. The Ways and Means bill closes industry-specific loopholes and imposes an expanded and strengthened minimum tax to ensure that no individual or corporation will escape paying a fair rate of tax through the use of tax loopholes on tax preferences.

Small businesses and emerging service industries know that the Tax Code treats them unfairly because they are taxed at relatively high rates when compared with other industries. By providing lower phased-in rates for small businesses, and eliminating special preferences, the Ways and Means bill "levels the playing field" of corporate taxation.

Those who cannot afford decent housing will benefit from the bill's incentives for targeted low-income housing. More generous depreciation and use of tax-exempt financing for low-income housing will ensure that, in the absence of a coherent national housing policy, the supply of low-income housing will at least remain stable.

Taxpayers know it is unfair that some corporations are able to create zero or negative tax rates by combining accelerated depreciation and the investment tax credit. The tax reform bill imposes a less accelerated, economic depreciation system. Critics contend that repealing the ITC and ACRS will have a negative effect on capital formation. These are the same experts who told Congress 4 years ago that enactment of these tax breaks would result in a dramatic increase in investment in plant and equipment and in personal saving rates. Since 1980, however, investment in plant and equipment has remained, basically stable and personal savings declined. Too many business decisions have been made with tax shelter in mind, rather than profit in mind. The only dramatic result of the present system has been the dramatic reduction in some companies' tax liability. The reduction in the top rate, moreover, from 50 percent to 38 percent, will provide investors with more disposable income to invest in capital. In all, the bill shifts $141 billion of tax revenues from individual to corporate taxpayers.

Senator DOLE once told a group of lobbyists outside the Finance Committee, "you ought to try paying taxes some time. You might like it." Our constituents know that this bill will bring those individuals, and the organizations they represent, closer to that day of reckoning. They may not like paying taxes, but those who have been doing so all their lives will gladly welcome them to the fold.

Mr. DUNCAN. Mr. Chairman, I yield 1 minute to the gentleman from California [Mr. DREIER].

Mr. DREIER of California. I thank the gentleman for yielding.

Mr. Chairman, the only thing about this 1,379-page bill that's tax reform is the title. You know, the greatest measure that we had before us which stimulated the economy, brought us to this 36th month of economic recovery that we are now enjoying, was the 1981 Economic Recovery Tax Act. It put into place accelerated cost recovery, investment tax credits, it expanded individual retirement accounts. Those kinds of provisions which are jeopardized in this bill are very important to maintain; we must do that.

That bill, incidentally, was half the size of this year's reform bill. We are ostensibly seeking fairness, simplicity, and economic growth.

What we are being asked to vote on is not the kind of tax reform the American people have been led to believe it is: It is not fair, simple, or growth oriented. It is a reflection of the so-called tax reform measures enacted by Congress in recent years which have added layers upon layers of complex provisions to the current Tax Code that only well-trained accountants can understand.

Entitled the "Tax Reform Act" of 1985, this legislation is similar in more ways than just the name of last year's tax increase bill, also entitled the "Tax Reform Act" of 1984. Like that tax bill, and those preceding it in 1983 and 1982, this year's tax bill is merely one more attempt to completely dismantle the economic reforms put in place by the President and Congress in 1981. These reforms are responsible for the highest rate of economic growth in recent memory.

The Economic Recovery Tax Act of 1981 was as close to true tax reform as this Congress will ever get. It lowered the cost of capital and accelerated the depreciation schedules to give fledging industries needed capital resources to invest in modern plant and equipment. It also lowered corporate and personal taxes by 25 percent, and created incentives for personal savings and investment. The result has been 3 straight years of sustained economic growth which is expected to continue well into the 1990's.

But now we are being asked to abandon these economic reforms and go back to the days of economic instability and uncertainty. Just look at what the Ways and Means Committee bill does. It adds 1,379 pages to an already complex and technical Tax Code. It discourages savings and investment at a time when the national savings rate is at a 35-year low. It decimates capital formation, and imposes extensive new complexities on American companies doing business abroad at a time when the U.S. trade deficit is at an all time high.

The Ways and Means Committee bill is so bad that even the President's own Council on Economic Advisers warned of the possibility of recession if this legislation is enacted. Nobody wins with a stagnant economy. And when you talk about the lower marginal tax rates contained in the committee bill, I find it hard to understand what benefit there is to a tax cut when you're an umemployed worker. And how will a bankrupt small business benefit from lower marginal tax rates? This is the type of economic policy I'm not willing to support.

American taxpayers were led to believe that they will get genuine tax reform, with dramatically lower rates, a code simple to understand, and a program that will unleash the pent-up productive capacity that has been repressed by a complex and burdensome Tax Code. The Ways and Means bill fails on all three fronts.

Last year, I introduced a flat rate tax proposal which would lower marginal tax rates for individuals to 14 percent. It was a comprehensive approach to tax reform which responded to public outrage over publicized abuses in the Tax Code, as well as the complexities of the current system. It was also a reflection of what many people felt, and still believe, is genuine tax

reform. The committee bill actually adds lines to IRS reporting forms.

It is my hope that we will reject the Ways and Means Committee proposal, and focus on a comprehensive plan that drastically reduces marginal rates below even those proposed by the President, encourages savings and investment to sustain economic growth, and promotes capital formation so we can regain our competitive edge in the international markets.

We don't need change simply for the sake of changes. What we do need is a simple, fair, and growth-oriented Tax Code that restores the confidence of taxpaying Americans. I strongly urge my colleagues to vote no on this dangerous reshuffling of our tax laws.

Mrs. KENNELLY. Mr. Chairman, I yield 3 minutes to the gentleman from New Mexico [Mr. RICHARDSON].

Mr. RICHARDSON. Mr. Chairman, this is the most important vote of the year. Will this body today cast its vote for the average taxpayer, or will it cast its lot with big business and special interests, all of which have produce over a thousand excuses why this bill is not good? This is a bipartisan bill. It is supported by the President of the United States, by most House Democrats, by over 250,000 small businesses, one out of the Fortune 500. Most importantly, however, it is a bill with a Democratic Party stamp.

It gives me great pride as a Democrat to say that the party is reverting to its old form, to helping the middle class, to helping the average taxpayer. All this talk about new ideas is good talk, but, most importantly, the party is back to its roots. Mr. Chairman, when you talk to the average guy he will tell you the following: First, the present tax system is a disgrace; second, that the middle class pays most of the Nation's taxes; and, third, that the rich and big corporations do not pay their fair share.

This bill does several positive steps in the right direction. It cuts the top tax rate paid by all taxpayers. For those in the upper brackets the cut will be 24 percent. This means that the top rate will have been cut nearly in half since 1980. For those between $20,000 and $70,000 a year, an average tax cut of 10 percent. It eliminates over 6 million American working poor from the tax rolls.

It requires corporate America to pay more so that individual taxpayers will pay less of the total tax burden. Accounting changes and a new tough minimum tax guarantee that multibillion-dollar corporations will pay tax when they make a profit. Important middle class deductions are kept; State and local taxes, home mortgage interest, and the marriage penalty are also retained.

Mr. Chairman, this tax bill today is a tax bill for America. Let this House go ahead and support the average person today.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from New York [Mr. GREEN].

Mr. GREEN. I thank the distinguished ranking minority member of the Committee on Ways and Means for yielding this time to me.

Mr. Chairman, I rise to deal with the question of the deductibility of State and local taxes. Now it is true that in this bill the deductibility of State and local taxes is preserved, except for the discrimination as to the personal exemptions against those taxpayers who itemize. However, I think that those who are concerned about the deductibility of State and local taxes ought nonetheless to vote against this bill, because that is their only way of being sure that this Congress is not going to terminate that deductibility.

The fact of the matter is that this bill is on this floor at this hour because the President of the United States made a pledge and 56 Members on this side of the aisle changed their votes on the basis of that pledge. And what was that pledge? That pledge was that he would veto the bill if he viewed it as "antigrowth" or "antifamily." What does it appear he thinks has to be done with this bill to make it progrowth and profamily? He appears to believe that we have to go back to three brackets with a top rate of 35 percent starting at an income level no lower than $70,000, that the full $2,000 personal exemption has to be made available to those who itemize, and that the effective date of those provisions which raise taxes cannot be earlier than the effective date of those provisions which cut them, in order to prevent a recession.

Now, anyone who knows anything about those provisions knows that to do what the President seems to think has to be done in order to make this bill one he can sign costs tens of billions of dollars a year. There is only one place that you are going to be able to go to get those tens of billions of dollars a year when this bill gets over to the other body, and that is the very place that Secretary of the Treasury Baker told us he was going to go last week when he visited various Republicans trying to get us to change our votes on the rule: The State and local tax deductions.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 1 minute to the gentleman from North Carolina [Mr. JONES].

Mr. JONES of North Carolina. Mr. Chairman, I thank the gentleman for yielding to me for this brief colloquy. I would like first to express my admiration and gratitude to the chairman and the members of the Ways and Means Committee for the work they have done in bringing this tax bill before us, with provisions addressing concerns of the Committee on Merchant Marine and Fisheries.

I would like specifically to state my appreciation for your understanding expressed in the exchange of letters that appears in Committee Report 99-426 on this bill. I would like to reiterate that when bills dealing with capital construction fund are jointly referred to the Committees on Ways and Means and Merchant Marine and Fisheries that we will endeavor to handle expeditiously our committee's consideration so as not to interfere with the other committee's responsibilities in applying its expertise to the matters contained in whatever bill is thus jointly referred.

I would just ask the gentleman from Illinois if he agrees with these conclusions, and before I yield, I once again thank him for his courtesies.

□ 1655

Mr. ROSTENKOWSKI. Mr. Chairman, if the gentleman will yield, I do, and I agree with the gentleman implicitly.

Mr. JONES of Tennessee. Mr. Chairman, I once again want to thank the gentleman for his courtesies and for his cooperation.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield such time as he may consume to the gentleman from California [Mr. MATSUI].

Mr. MATSUI. I thank the gentleman for yielding time to me.

Mr. Chairman, I understand that many State and local government officials have been concerned about a statement in the committee report which has been interpreted as requiring so-called flexible bonds issued before 1986 to be subject to new arbitrage rules. Could you clarify this situation for us?

Mr. ROSTENKOWSKI. Mr. Chairman, will the gentleman yield?

Mr. MATSUI. I yield to the chairman of the committee.

Mr. ROSTENKOWSKI. Mr. Chairman, I want to clarify for the record a point in the committee report regarding the applicability of certain new arbitrage restrictions to so-called flexible bonds. Flexible bonds are bonds that contain provisions permitting various types of changes in the bond terms, either at the discretion of the issuer, a remarketing agent, or the bondholder. The committee report points out that, in some cases, a change in the terms of these flexible bonds may under present law result in a bond having been reissued; that is, refunded, as a matter of substance.

The statement in the committee report is not intended to establish rules for determining when bonds are issued or refunded. That determination will continue to be made as under present law. As with other types of bonds, the new arbitrage restrictions will not apply to flexible bonds, unless

the bonds are issued or refunded after 1985.

Mr. MATSUI. I thank the chairman of the committee for that clarification.

Mr. DUNCAN. Mr. Chairman, I yield 3 minutes to the gentleman from New Jersey [Mr. GALLO].

Mr. GALLO. I thank the gentleman from Tennessee for yielding, and I also would like to acknowledge that the chairman of the Ways and Means Committee obviously went through a great deal of work. I feel very strongly, though, the committee missed its mark as far as tax reform. When we talk about tax reform, we talk about three ingredients, and you have heard it today. First we talk about simplification. When you talk about simplification, you do not talk about 1,379 pages of reform. When you talk about fairness—I think the family issue was brought up and made very clear—there is no fairness when you handle individuals who are itemizing their taxes, differently from those who do not itemize their taxes.

And let me go back to 1980, when I served in a different House. I served in the New Jersey Assembly. At that time we had a recession. We had unemployment that was running rampant, we had no growth, and this administration brought about a policy, which was implemented by this House and, yes, it was tax incentive. And what have tax incentives done not only for the State of New Jersey but for this country? It has brought this country back.

When I look at the situation we faced, unemployment over 9 percent, owing the Federal Government over $600 million, for loans of unemployment compensation insurance today, with those incentives, with the job-creation ability of those incentives, we paid back our loan, we do not owe the Federal Government any money. But with this bill, you take away the accelerated depreciation or stretch it out so far it loses its impact; investment tax credit is gone; tax exempt bonds in the private sector is gone. Those are the areas that we classified as EDA, Economic Development Agency, where we created in the State of New Jersey thousands upon thousands of jobs.

It is fine to talk about tax reform and talk about lowering rates for individuals, but I do not think there can be anything more disturbing to a person in elective office than to get that call from a constituent saying, "I lost my job, I don't have a job." You cannot pay taxes if you do not have a job. This bill is anti-growth, something that I do not think this Nation can stand. That is why I am strongly opposed to this bill.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 4 minutes to the gentleman from Ohio [Mr. PEASE].

Mr. PEASE. Mr. Chairman, we decided that a major goal of the Ways and Means tax bill should be to reduce the interference of the tax system in the efficient allocation of resources in the economy. I think the bill would result in a significant reduction of this interference. Our guiding principle in fashioning the capital provisions of the bill was that investment decisions should be guided to the greatest extent possible by pure market considerations and not by tax motivations.

Much has been said about the elimination of the investment tax credit and the changes in the depreciation system in the Ways and Means tax bill. But I think we need to adjust our frame of reference as we look into these vital issues. I think it's worth pausing for a moment to consider just how fundamentally the Ways and Means tax bill changes the corporate income tax. The bill gives the President exactly what he asked for—a broad-based, low-rate corporate tax. Investment incentives have to be looked at differently in this new context. They will not have the same impact in this market-oriented system.

It seemed to us on the Ways and Means Committee that the best thing a tax system can do for capital formation is to get out of the way and allow businessmen to make investment decisions based on free market economic principles and not on the basis of the tax consequences. The Ways and Means bill, which reduces the top corporate tax rate by nearly 22 percent while eliminating special investment incentives, moves us in that direction.

Conventional wisdom is that the Government can boost investment by tinkering with the tax laws. Our experience, particularly since 1981, has shown pretty conclusively that this theory doesn't hold water. In the past 4 years, incentives for investment have increased significantly, but investment hasn't. Despite the generous combination of ACRS and the investment tax credit [ITC] during the past 4 years, new capital investment has been lower than anticipated.

Let's face the facts. ACRS overcompensated on cost recovery. This is not news. Congress has acknowledged that fact in every tax bill since ERTA by cutting back on the generosity of that system. It was clearly time to go back to the drawing board, and that's exactly what the committee did. The committee bill does provide a generous depreciation scheme that generally uses faster depreciation than companies use to calculate income which they report to their shareholders, but it is not overly accelerated, nor does it lend itself—in conjunction with an ITC—to encouraging inefficient investment.

The best capital investment comes when a company thinks it can make a profit on that investment and keep most of the profit it makes. That's what lies behind the reduction in the corporate tax rates from 46 to 36 percent in the Ways and Means tax reform bill.

A primary objective of the Ways and Means Committee was to eliminate the provisions that have enabled both individuals and corporations to turn uneconomic investment projects into desirable tax shelter opportunities. The current law incentives have interacted in counterproductive ways that have directed investment funds to inefficient uses. The increased investment in equipment that has occurred since 1981 has been almost entirely in such assets as autos and computers, areas that did not benefit from the 1981 act. In fact, investment resources have been wasted by the tax-motivated construction of office buildings and hotels in areas where vacancy rates are already alarmingly high.

Many of the largest corporations in America—including General Motors, General Mills, 3M, and IBM—have concluded that they will grow better with the Ways and Means tax plan. So has the National Federation of Independent Business on behalf of thousands of small businessmen. I believe that they are correct. Their growth will create the new jobs that America needs.

In the past, we have used the tax system to encourage certain kinds of economic activities in preference to others. These kinds of provisions in the Tax Code were all made for reasons that were considered sufficient at the time the provisions were adopted. But what we have seen too often is investors looking to the Tax Code first to analyze their profit potential, instead of to the market. I don't think that's how system should work.

We depend on productive work and entrepeneurial initiative to make our economy grow. If the Tax Code is going to encourage anything, it should encourage getting the profits from such activities into the hands of those who create them.

As a result of studies I have commissioned in recent years to look at the effective tax rates corporations pay, I am well aware that the contribution of the corporate sector to our revenue pool has been steadily dwindling over the past 35 years. In 1950, corporate taxes represented 26.5 percent of total Federal receipts. By 1983, it was down to a meager 6.2 percent.

The Ways and Means tax bill would redress this imbalance to some degree, pushing the corporate share of the tax burden up to the levels of the mid-1970's.

What is more important is that the bill spreads this burden much more evenly than is currently the case. As with individuals, corporations do not resent paying their fair share as long as others are also doing so. Look at the business backing we have gotten already. What they realize is what my

studies have shown for some time—namely, that different industries pay very different effective rates of tax. Is it fair that one industry enjoys an effective rate of minus 1 percent, while another in the same year pays almost 40 percent? I think reform in this area is long overdue.

Many argue that the investment tax credit is vital to the continued investment in manufactured equipment, and consider the bill's treatment of the issue a fatal flaw. No one who comes from my part of the country can ignore the importance of a healthy investment climate to the kinds of capital intensive industries that have traditionally been the backbone of the northeastern and midwestern economy.

But again, we need to look at the larger picture. By lowering rates and closing loopholes both for individuals and corporations, we would be fostering an environment in which investment decisions could be based on the investor's assessment of the real economic profit. Today, too much of our investment capital is wasted in unproductive ways because the Tax Code interfers with the market's allocation of resources. To argue that this Tax Code interference is necessary for our industries to prosper is to argue that our fee enterprise system is just plain inadequate.

People talk of investment capital drying up as a result of this bill. This is nonsense. We will continue to have a need for investment, a need to invest, and a pool of capital to satisfy these needs. The bill would allow this capital to flow to where it can do the most good for both the investor and the economy as a whole.

Companies that have what it takes to be successful have no reason to fear this bill. They will be the natural and logical recipients of the attentions and the capital of perceptive investors. They will no longer have to compete with the tax shelter promoters. Many businesses, both large and small, realize this fact, and therefore, support what we are trying to accomplish here today.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from New York [Mr. BOEHLERT].

Mr. BOEHLERT. I thank my colleague from Tennessee for yielding.

Mr. Chairman, there are lots of ironic twists in the development of this bill. Yesterday, in a caucus of our party, the Republican Party, we had the President ask us to support the committee bill, a bill he acknowledges to be not a good bill, a bill he says he would veto in its present form. But support it, we were urged, because the Senate will clean it up.

Let me suggest to all of my colleagues in the House that once this measure is passed and goes to the other body, we will all be witnesses to the beginning of the end of the deductibility of State and local taxes.

There are few matters of real principle in this bill. In most instances we are arguing over percentages. But on the matter of the full deductibility of State and local taxes, we are arguing on a matter of principle imbued in our system since the first tax in the Civil War. It is not just a New York issue or an issue for a few States that out of necessity have to raise more revenue to meet their needs. It is a national issue, it is an issue involving the future of public education in America. It is a very serious issue.

And why do I say that the other body is going to start eating away at the deductibility of State and local taxes? It is no secret. The President has said the present bill is unacceptable. He is going to demand of the other body that they clean it up, that they incorporate some more benefits for the business community in their bill. Those benefits are going to cost money.

We have also heard it insisted that this bill must be revenue neutral. Well, where is the additional money going to come from? You have got the answer, we all know what it is. Unfortunately, it is going to be State and local tax deductibility. We are told it will only be a little bit, not very much, just like in the flawed Republican alternative, just a little bit. When in your memory do you ever remember the Government saying just a little bit and having that stand?

I urge that we defeat this measure.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 4 minutes to the gentleman from California [Mr. MATSUI].

Mr. MATSUI. I thank the gentleman for yielding.

Mr. Chairman, first, I would like to commend the chairman and the ranking minority member of the Committee on Ways and Means for the 12-month process of getting this bill out of committee and to the floor of the House. I think the cooperation and effort by all 36 members, including the chairman and ranking minority member, was basically responsible for this bill getting as far as it has gotten.

I would like, if I may, very briefly, to address a few of the salient issues of this legislation.

First, with respect to individuals—and this has been said before, but I would like to reemphasize it—we maintain the deductibility of State and local taxes, and the gentleman from New York expressed concern that through the legislative process we may lose the full deductibility of the State and local taxes.

I think it is pretty obvious that a majority of the Members of the House, Republicans and Democrats, on any conference report will insist that full deductibility of State and local taxes remain. So, I think that fear is unwarranted.

I might also say that the Republican substitute is an example of why the process that resulted in our bill was so difficult to deal with. The ranking minority member and his staff had the opportunity to look at our bill and, at the same time, try to come up with a package that was revenue neutral and maintain the principles that the Republican Party some months ago said were important to them.

Obviously, those principles clashed with one another under the principle of revenue neutrality, and that is why the Republican substitute now only maintains 70 percent of the deductibility of State and local taxes because of the give-backs. And we have to make sure, through the legislative process, State and local taxes are protected.

I would also say that in terms of what this does to individuals, we have a 9-percent rate reduction for individuals across the board. Those who are in the lower income groups, that is, $20,000 and below, will experience a tax cut of anywhere from 35 percent to 70 percent under our Ways and Means bill. And this is warranted because these people did not experience a tax reduction in the 1981 bill, whereas all other economic groups did. Those between $20,000 and $65,000 will see a 9-percent reduction in their taxes as a result of our bill. And those who are at $100,000 to $200,000 will also receive a reduction, but that reduction will be in the range of 5 percent, 5½ percent.

Basically, what we are saying is that this bill helps middle America, this bill helps individuals and it levels the playing field for individuals.

Now, let me speak about the whole issue of the corporate situation and the fact that some have said that this may hurt corporate America and America's ability to invest and manufacture and market its products.

I think that everybody would say that what tax reform is all about is to get the rates as low as possible, and by doing that, what you end up doing is making sure that when a business person makes a decision, that decision will be made only on the basis of sound economic principles and not on the basis of sheltering other corporations or sheltering their income.

As a result of that, what you will see, if this legislation passes, is more and more people and more and more individuals invest in the stock market because that would be the best investment. They will not go out and overbuild commercial property so that communities will have a 20-percent overbuilding of vacancy spots. What they will do is, they will put the money in the stock market, and that will create a pool of capital for business and industry to go out and get

lower interest rates. This, in turn, will increase capital formation in the United States.

I urge support of the committee bill.

□ 1710

Mr. DUNCAN. Mr. Chairman, I yield 6 minutes to the gentleman from New York [Mr. McGRATH].

Mr. McGRATH. I thank the gentleman for yielding me this time.

Mr. Chairman, I wonder whether at this point I could enter into a colloquy with the chairman of the Ways and Means Committee on the Olympic trust fund amendment that I passed the last night of the markup.

Mr. Chairman, the committee understands that as of November 22, 1985, the National Broadcasting Co. has received an award of the domestic television rights for the 1988 summer Olympics. The committee also recognizes that other material terms have not yet been agreed to.

One major unresolved issue relates to insurance protection. Under these circumstances, it is my understanding that the committee intended to exclude the NBC award from the new Olympic trust fund tax.

Mr. ROSTENKOWSKI. If the gentleman will yield, yes, the Committee on Ways and Means clearly intended under these circumstances to exempt absolutely from this excise tax provision the agreements of ABC and NBC to purchase the television rights of the 1988 winter and summer games, respectively.

In other words, these awards would be exempt under the committee bill even though some of the terms deemed material by the contracting parties may not be agreed to until a date subsequent to November 22, 1985.

Mr. McGRATH. I thank the chairman.

Mr. Chairman, I rise in support of the committee bill and in opposition to the Republican alternative. I oppose the Republican alternative for three major reasons. One is the phasing in of the corporate and individual rates. We do not reach the reduced rates for about 3 or 4 or 5 years in some cases.

The second reason is the repeal of the sales tax provision of the State and local tax deduction. Third is that the deductibility of the State and local taxes will only be 70 percent for property tax and the income tax.

Mr. Chairman, I rise in strong support of the committee tax reform bill. I have asked myself over the many months that we have addressed this bill why I should support this bill and I have come to the conclusion that it does a number of things.

One, it is a substantial rate reduction and I do not want to vote against a rate reduction for individuals. No. 2, it is a substantial rate reduction for corporations and for all of the reasons associated with competitiveness and growth, I do not want to vote against a rate reduction for corporations.

Then I asked myself about all of the complaints I had received from my constituents about Treasury I and Treasury II and the Rostenkowski I proposal. I asked myself, "Where are all of these problems that came from my constituents and not from some special interest or some lobby?" I asked whether or not these were treated or satisfied in the Ways and Means package. Mr. Chairman, I probably got 7,000 letters from my constituents on State and local taxes. I find I can tell them that yes, the State and local tax deduction has been preserved in its entirety in the committee bill.

Then I probably got 3,000 or 4,000 or 5,000 letters on the taxation of fringe benefits, and I am happy to report that in the Rostenkowski proposal, the Ways and Means package, that there will be no taxes on the fringe benefits of employees in this country.

I probably got another 5,000 letters on the inside buildup of life insurance policies. I am happy to report that we do not tax the inside buildup of life insurance in this package. I got an awful lot of mail on the elimination of the 401K pension plans that was in the Treasury II package, and I am happy to say that in the Ways and Means package the 401K pension plans have been extended.

Let me say that I got an awful lot of mail on the taxation of the revenues from life insurance policies issued by Knights of Columbus and the Lutherans and the Woodmen of America. I am happy to say that in the Ways and Means package we will not be taxing those life insurance packages.

Section 1012(b) requires a study of the eight fraternal societies whose premiums on insurance and annuity plans exceeded $25 million in 1984. It does not require an audit of each of these organizations since an audit would unnecessarily deflect IRS resources from our goal to gather information about the workings of the fraternal benefit system. IRS should cooperate with the affected organizations to develop a common questionnaire focusing on how each lodge system functions and the extent to which premium revenues are expended for claim payments, required and optional reserves, administration costs, fraternal services, charitable projects and gifts to outside entities. Additionally, IRS should determine the extent to which a society's lodge system and investment program supports its charitable purposes.

Let me say this, too. When I went back to Rockaway Avenue in Valley Stream and I asked people about what they considered to be tax reform, they said, "Make those people who do not pay any taxes, and those corporations who do away with their tax liability, make them pay their fair share."

Mr. Chairman, I am happy to say that in this package there is an extensive minimum tax. It may even be too harsh of a minimum tax imposed on individuals and corporations in this country. All of the complaints that came from my constituents have been satisfied. I have heard complaints now that it is antibusiness, that it is antigrowth. I would say those waters have been muddied to a large extent. The NFIB has come out in strong support for this bill. One hundred of the Fortune 500 support the bill, and I understand that the U.S. Chamber of Commerce has come out in opposition to this bill. But in my district, the Long Island Association of Commerce and Industry, that organization which represents business on Long Island, came out in strong support of this bill.

Mr. Chairman, this bill should pass. I urge my colleagues to vote for the Ways and Means package.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 2 minutes to the gentleman from New York [Mr. SCHEUER].

Mr. SCHEUER. I thank the gentleman for yielding me this time.

Mr. Chairman, I rise in support of this bill. It is a good bill, and it is a first step toward tax equity. I congratulate the chairman of the committee and the ranking member and all the members of the committee who have worked so hard on the bill, lobbying various Members who had doubts, myself included.

The bill, in addition, maintains the deductibility of State and local taxes, and I am relying on the strength and the bona fides of our leader, the chairman of the committee, to maintain that deductibility of State and local taxes.

The bill is a good bill; it is a good step forward. I look at this bill as part of a process, as the first of two or three bills, perhaps the first stage of a two- or three-stage rocket that, as a whole, will be a comprehensive package of tax reform.

I have to say that we can do better than continue to rely on what I consider a rather strange principle at a time when we have a $2 trillion budget deficit. Mr. Chairman, we should labor hard and come forth with a bill that targets our massive deficit. We do not really need a comprehensive tax program that is revenue neutral. We need a comprehensive tax reform program that as a totality, be it one bill, two bills or three bills, faces up to the fact that we have this deficit. It is not a God-given deficit; it is a man-given deficit, Mr. Chairman.

In 1981 our President opted to do two things at one time: Enormous military budget increases and substantial tax reductions on the principle that

supply-side economics would stimulate the economy.

That did not work.

The American people know that our deficits are out of control.

They know we're making the wrong decisions, irresponsible decisions, to borrow funds to finance our exploding budget deficits.

The American people know that we are forced to borrow every dollar around the world that is not nailed down.

The American people know that these fiscal practices add up to an overvalued dollar which in turn makes it very difficult for U.S. industries to compete effectively in world markets.

As the House version of the Tax Reform Act stands, we are reshuffling tax rates, loopholes and exemptions but we are not raising 1 additional cent to reduce the deficit.

Whether we pass this bill or not in the next 48 hours before we adjourn, we still will have major unfinished business in the 2d session of the 99th Congress and in the 100th Congress.

Our immediate challenge is to revamp our Tax Code to make a meaningful dent in our deficit in a fair and equitable manner.

The recent passage of the Gramm-Rudman amendment, over my strenuous objections, has made the reality of a tax increase all the more inevitable, indeed essential.

While those who voted for Gramm-Rudman believe that this misguided measure will force Congress to address the deficit, it is inconceivable that Congress will be able to meet the Gramm-Rudman deficit targets by budget cutting alone without jeopardizing the integrity of our defense and dismantling the surviving elements of our social safety net.

Despite our aberrational action on Gramm-Rudman, which I am convinced we will regret, the American people are looking to Congress to seize the initiative and raise the revenues necessary to make meaningful inroads on our horrendous deficit, and meet head-on the multiplicity of problems that are produced which it will inevitably produce.

I do not want to denigrate either the tax bill itself or the herculean effort of the Ways and Means Committee.

Indeed, Chairman ROSTENKOWSKI and members of the committee showed tremendous leadership in bringing a tax reform bill to the floor.

The Ways and Means tax bill is clearly a step forward in the right direction.

We simply need to do more, much more.

We must alter our thinking about taxes and give specific incentives to those segments of our economy that face fierce foreign competition and where we desperately need capital investment rather than favoring nonproductive sectors that are sheltered from foreign competition.

We must redirect the tax incentives in our Tax Code toward the manufacturing and industrial sector of our economy.

Our Tax Code historically has favored the real estate sector—providing lush tax incentives for the construction of hotels, shopping centers, luxury apartment buildings, office buildings, and other concerns sheltered from foreign competition.

Our current Tax Code is skewed toward real estate at the expense of the industrial sector, which needs new investment capital for research and development and for modernization of plants and equipment.

These incentives have spawned in recent years one of our Nation's hottest growth industries—the packaging of real estate tax shelters for wealthy investors.

These tax shelter packages, which encourage wealthy individuals to use legal means to avoid taxes, direct capital investment toward a segment of our economy where new investment and new construction is not a particularly urgent national priority.

The Ways and Means tax bill would cut down on these shelters somewhat by extending the time frame for depreciation from 19 years to 30 years, and by reducing the highest tax rate—which in turn reduces their value.

But we should go much further and wipe out the outrageously advantageous tax incentives for investment in real estate and redirect capital investment into research and development and into the modernization of plant and equipment in the industrial and manufacturing sectors.

Such a move would not have serious effects on middle-income taxpayers, but it would recover billions of dollars in additional tax revenues and target needed investment capital to enable our ailing industrial sector compete more effectively in international commerce.

The Ways and Means bill has gained the support of General Motors and IBM, presumably because it takes some action in this direction.

Taking serious steps to reduce our massive budget deficits would reduce drastically the need to borrow enormous sums from abroad.

This would in turn reduce interest rates and encourage the return of the dollar from its present overvalued state to a far more realistic level.

By thus improving the climate for capital investment and by directing it toward the industrial sector, we will be in a far better position to compete with our trading partners.

Only then could we finally end our unacceptable practice of sitting idly by and watching jobs in our manufacturing sector evaporate at the rate of 3,000 jobs per day—a tragic 1 million jobs a year exported overseas.

Mr. Speaker, tax reform is needed to ensure that we eliminate the loopholes that allowed nearly 30,000 taxpayers making more than $250,000 annually to pay virtually no taxes in 1983.

We must change our laws to ensure that the 1,500 millionaires who paid less taxes in 1983 than the average middle-income family of four will no longer have that luxury.

We must alter the law to ensure that 50 of the largest American corporations, which made combined profits of more than $56 billion between 1981 and 1984 but paid no taxes, will shoulder their fair share of the tax burden.

Above all, we must correct the mistakes made in the President's tax cut bill of 1981—tax reductions of massive proportions which left us with the horrendous deficit we face today with its tragic, inevitable consequences.

It took 189 years, 29 Presidents from George Washington to Jimmy Carter, 5 major wars and a catastrophic depression to reach the first trillion dollars in national debt in 1980.

But it has taken only 5 years—since President Reagan took office in 1981—for our 1981 debt of $1 trillion to double to $2 trillion.

Virtually every economist worthy of his salt predicted the massive deficit we face today when the 1981 tax cut bill moved through Congress, but their warnings went unheeded.

I hope this body will stay the course on tax reform and deficit management.

Perhaps no single bill can solve all of the problems inherent in our Tax Code in one fell swoop.

But we must start the process.

This is our immediate challenge and I urge my colleagues to make it a top priority in early 1986.

The American people will respect us for meeting this challenge head-on.

Conversely, they will hold us in contempt if we waffle and fail to act decisively as economics and our responsibilities dictate.

□ 1720

The CHAIRMAN. The Chair would like to state that the chairman of the committee, the gentleman from Illinois [Mr. ROSTENKOWSKI], has 28 minutes remaining, and the gentleman from Tennessee [Mr. DUNCAN] has 35½ minutes remaining.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from Virginia [Mr. WOLF].

Mr. WOLF. Mr. Chairman, when the issue of tax reform first surfaced as a priority over 1 year ago, it captured the imagination of millions of Americans by promising to produce a Tax Code which was simple and fair. I rise in opposition to H.R. 3838 because the bill we are considering today does not accomplish these goals and will instead result in a Tax Code which is more complex, unfair, and will adversely affect many sectors of our society, including government.

In the broad picture, I have become extremely concerned in the past few days by studies which have been conducted by many business groups, including the U.S. Chamber of Commerce, which suggest that the tax changes proposed in this bill would greatly reduce the capital investment necessary for continued economic

growth and would severly impact our ability to compete abroad. I fear that this combination will halt our current period of economic expansion and result in the loss of millions of jobs. I would ask the committee, what good is a reduction in the marginal tax rate to an individual who is unemployed or whose growth potential has been curtailed because the economy slows down?

Separate from the threat of an economic rescission, I have heard it said that the vast majority of individual taxpayers in this country will benefit from enactment of this legislation. After reviewing the contents of H.R. 3838, however, I have great concern over the impact it will have on many responsible individuals within my district. I believe the committee's decision to cap the maximum amount an individual may contribute to a 401K plan while also tying 401K contributions to IRA accounts, effectively forcing an individual to choose between the two, is unwise.

On numerous occasions, this House has recognized that savings in this country lag far behind that of any other industrialized nation and has supported efforts to encourage Americans to save. The 401K and IRA programs have largely accomplished this goal by encouraging tens of millions of Americans to save for their own retirement. I believe that turning back on our commitment to encourage saving in this country to make up for revenue lost in other sections of the bill is a serious mistake.

Many individuals who have large families would not fare so well as under this proposal either. I had hoped that the committee would recognize that all families in this country need help to offset the cost of raising children. Take, for example, a family with four children who own their own home with a combined income of $40,000. More than likely, this family would itemize their taxes. If such a family lived within my congressional district, they would be hard pressed to meet the basic expenses associated with raising a family of this size. The extra $500 per exemption would be individual to a family of this type and could possibly make the difference between sending a child to college or not. I believe the portion of the President's proposal which raised the personal exemption to $2,000 for all families was the cornerstone to restoring fairness to the Tax Code for families.

On another issue, I am concerned that a provision which would repeal the current 3-year recovery rule on employee-contributed annuities, will precipitate a serious crisis in the Federal Government. As written H.R. 3838 would repeal the recovery period on July 1, 1986, and give many senior officials in the Government the choice of remaining in service, where their country needs them, and accepting in service, where their country needs them, and accepting an increased tax liability of over $10,000 or retire before this provision goes into effect.

It is important to note that these people are not faceless employees hidden deep within the labyrinth of government. They are teachers, policemen, firefighters, and FBI agents. They are 42.4 percent of NASA's corps of engineers and scientists who are responsible for keeping our space program ahead of the Soviets and 15 percent of NIH's senior scientists who are at this minute seeking a cure for cancer. All totaled, 210,000 of the brightest and best this Government has to offer will be forced to make this decision by July 1.

Mr. Chairman, I do not believe that any Member of Congress expected that a serious revision of the Tax Code would be totally painless. I was prepared to accept a package which I did not agree with totally but which accomplished the fundamental of simplicity and fairness. H.R. 3838 does not meet these two basic tests. I believe the question we must ask ourselves today is if we are prepared to pay the price of a crisis of leadership in the Federal Government and a potential economic recession to keep the concept of tax reform alive. I think not, and urge my colleages to vote against final passage of H.R. 3838.

FACTSHEET—CURRENT TREATMENT

Taxpayers who contribute to a retirement plan and elect to receive their retirement plan benefits in the form of an annuity currently are subject to special tax rules. Under these rules, a portion of each annuity payment generally is excluded from income. The excluded portion represents the taxpayer's contributions to the plan. An exception to this general rule allows the taxpayer to receive contributions tax-free over a 3-year period. After this period all amounts are included in income.

HOUSE WAYS AND MEANS REFORM BILL

The Tax Reform bill recently passed by the Committee on Ways and Means would repeal the 3-year tax-free recovery rule. Thus, amounts received during this period no longer would be totally excluded from income but would be spread out actuarily over the life of the pension. The amendment is generally effective for people who retire after July 1, 1986.

WHO ARE AFFECTED?

Employees at all levels of government.

State, local and federal governments from teachers, firefighters and police to FBI agents, cancer researchers at NIH and Air Traffic Controllers.

Two-hundred ten thousand federal workers are eligible to retire next year. That is 10 percent of the federal workforce at the highest levels of management.

42.4 percent of NASA's corps of Scientists and Engineers are eligible to retire.

16.5 percent of the government's air traffic specialists are eligible to retire now.

Six percent of all FBI agents in the highest positions of investigation could retire.

16.7 percent of the Air Force's Inventory Management program overseeing purchase of spare parts could retire.

Fifteen percent of NIH's senior scientists with doctorates could retire from government service.

Fifty percent of all federal Senior Executives are eligible to retire in 1986.

THE TAX CHANGE EFFECT

If enacted, the Ways and Means Committee provision could affect a career of financial plans for retirement. It would eliminate the "window" for cashing out IRA's, Keoghs, and savings bonds.

Recruiting in the federal government was severely impacted by proposals earlier this year to cut federal pay. With recruitment of qualified individuals at an all time low, the federal government depends on its current experienced workforce to provide the services expected by the American people. This tax proposal could exacerbate an already serious recruitment and retention problem in the federal government.

The tax reform plan is cited as revenue neutral. This provision could result in a real cost increase to the federal budget when it is considered that for every person who retires, a decision must be made on a replacement at generally the same salary as the departing employee plus an annuity must be paid to the separating individual. The income to the Treasury derived from the tax exclusion rule change could be insignificant when compared to the cost to the government of paying a salary and an annuity.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from North Carolina [Mr. HENDON].

Mr. HENDON. Mr. Chairman, the earlier remarks of the Speaker during the debate on the rule were moving and to the point. The American people want fairness in their Tax Code, they want equity, they want the corporations and the wealthy who now avoid taxes to pay their fair share. In short, the people of America want the loopholes closed and the Tax Code simplified, and I am with them all the way.

But every day in this body and in town halls and in school board meetings all over America, reasonable people look at the same facts and come away with different conclusions—and with different votes.

The Speaker and I will do just that today. We both want tax reform and all the good things it brings, but to achieve that, he wants Rostenkowski, and I want Duncan.

I want Mr. DUNCAN's alternative for one reason—jobs: jobs for the people of the region that I represent in western North Carolina and jobs for America.

The Rostenkowski bill could cost my people their jobs. That is what the experts are telling us, and that is why I strongly urge my colleagues to vote yes on Duncan, and no on Rostenkowski.

I thank my colleague, the gentleman from Tennessee [Mr. DUNCAN], for yielding this time and for the fine alternative he has presented.

Mr. RUSSO. Mr. Chairman, I yield 2 minutes to the gentleman from Florida [Mr. SMITH].

Mr. SMITH of Florida. Mr. Chairman, I want to advise my colleagues of my concern about the provision of the bill that subjects single and multifamily housing bonds to the volume limitation applicable to all tax-exempt industrial development bonds.

Under the bill, a volume cap of the greater of $200 million or $175 per capita per State is imposed on the single and multifamily housing bonds, small issues, sewage treatment and solid waste, mass commuting facilities, student loan bonds, and bonds issued by 501(c)(3) hospital and educational facilities.

The impact of the volume cap on housing bonds will be devastating in growth areas such as Dade and Broward Counties, FL, which I represent.

Broward County currently has a shortage of 40,000 rental units. Although Broward's population has grown by more than 100,000 since 1979, there actually are fewer rental units now than there were 6 years ago. Today, virtually no rental housing units are being built without tax-exempt bond financing, because incomes in the area cannot sustain the market, given high construction, land, and financing costs. The stretchout of depreciation will also be a disincentive for new construction.

To respond to the tremendous need for single and multifamily housing, in 1985, the authority will have issued a total of $355 million in these bonds. Under H.R. 3838's volume cap, however, its 1986 allocation would be $41.3 million—only 12 percent of its total 1985 activity and 12 percent of its projected issue absent a volume cap.

In my estimation, housing needs should determine whether and how many housing bonds are issued. An allocation system that fails to take into account housing needs simply is not equitable.

I, therefore, urge my colleagues on the Ways and Means Committee to seek modification of this cap on housing bonds as the bill proceeds through the legislative process. Housing bonds should be exempted from a volume cap.

Mr. DUNCAN. Mr. Chairman, I yield 8 minutes to the gentleman from Nebraska [Mr. DAUB], a member of the committee.

Mr. DAUB. Mr. Chairman, I thank my ranking member for that time.

Mr. Chairman, I rise to offer my wholehearted support for the process of tax reform. Indeed I support that process as it is currently embodied in both proposals now before this body, H.R. 3838 and the Duncan amendment.

It has been at times fun, and it has been at times trying. As a member of "Baker's Dozen," those 13 Republicans on the Ways and Means Committee, I might say that sometimes we felt we had lost our "Baker" in the process of trying to forge our imprint for the objectives of tax reform that all of us share today. And what made the effort more difficult, I say to my colleagues, was that our loyal staff of some 20 to the gentleman from Tennessee [Mr. DUNCAN] was compared to the majority staff of some 80. So our folks were out there working 4 to 1 in a way in the effort of cranking out all the detail of broad-based comprehensive tax reform.

But having given them that compliment, I should not let it go unsaid that the staff of the majority and the staff of Joint Tax worked very hard as well to try to be helpful to all of us in moving this process forward.

Mr. Chairman, it seems strange to me that many of my colleagues are having doubts about the process of tax reform at this time. The bulk of what is contained in these bills is the basis of the tax reform platform which has been advanced by conservatives and liberals alike for several years now. Notwithstanding the individual provisions in either bill, these tax initiatives contain some basic tax policy choices which have been the cornerstone of Kemp/Kasten, Bradley/Gephardt, and the Treasury proposals. These policy choices simply put are:

Lower marginal tax rates in return for fewer tax breaks; a broader tax base; a fairer distribution of the tax burden; a minimum tax provision designed to make sure that each taxpayer pays a fair share of taxes; and a market-oriented tax system which eliminates special preferences designed to permit Congress, rather than the market to dictate investment and business choices.

The problem with these bills seems to be that tax reform is not a perfect process. As each of us who have actively participated in the process can attest to, there is no way to protect and insulate each and every special interest in our district from the effects of Tax Code changes. Very simply, there are winners and losers.

I have no doubt that some of those who pay low effective rates of tax have visited with each Member about the horrible effects that tax reform would have on their own special interest. But let me tell you about three very important winners in this tax bill:

AGRICULTURE

For those of us concerned about the family farmer, both bills now before this body provide some sensible tax policy choices designed to help bring profitability back to the family farmer and to conserve our natural resources, provisions which are contained within the bills include:

The retention of important accounting methods, the cash method of accounting and the expensing of preproduction costs, for family farmers.

Important sodbuster/swampbuster provisions designed to curb the development of highly erodible land for agricultural purposes.

Relief from the alternative minimum tax for insolvent farmers attempting to wind up their affairs.

The rolling back of depreciation on single purpose structures to 13 years to curb tax shelter abuse in livestock confinement tax shelters.

Tough minimum tax provisions which limit farm deductions for doctors and lawyers engaged in tax shelter farming to 2:1 ratios on cash invested.

Lower tax rates for both corporate and individual farmers.

SMALL BUSINESS

For those of us concerned about small business, where over 50 percent of our economic growth will be during the next decade, the tax bills provide some new opportunities for many of these businesses which pay more taxes than the giants of industry. Provisions included in the bills include:

Lower marginal tax rates for businesses with $100,000 or less of taxable income.

Approximately 40 percent of the small business community will be able to utilize a new simplified LIFO inventory method similar to that currently used by larger businesses who can afford the accounting and recordkeeping changes.

An expanded expense election to $10,000.

INDIVIDUAL WAGE EARNERS

Without a doubt, the biggest winner in tax reform is the individual wage earner who does not enjoy the same opportunities to take advantage of the Tax Code that are provided our Nation's affluent. Let me offer you the following data as such relates to H.R. 3838:

Middle-class taxpayers earning between $20,000 and $75,000 would receive more than 50 percent of the tax relief provided in the bill.

The average American family would get a 9-percent tax cut.

Employee fringe benefits would not be taxed.

Six million low-income taxpayers would be taken off the tax rolls.

Home mortgage interest and State and local taxes would continue to be deductible.

While I would urge Members to vote for both bills, I recognize that some Members have unique constituent or political problems with certain portions of H.R. 3838. If you cannot vote in favor of the committee bill, then I would certainly urge you to take a serious look at the Duncan amendment which I feel provides the better alternative between the two.

Specific improvements in the Duncan amendment over the committee bill include:

A $2,000 personal exemption for all taxpayers in the first two brackets.

Lower marginal rates for individuals and corporations.

A full $2,000 spousal IRA.

An increased 401(k) limit of $12,000.

Retention of the 20-percent capital gains rate.

A 5-percent investment tax credit.

Depreciation which is indexed to inflation.

Fewer changes in the pension rules.

And a larger itemized deduction for American families. An analysis prepared by minority staff and reviewed by a Big Eight accounting firm suggests that most middle- and low-income families will receive a much larger itemized deduction amount under the Duncan amendment. Members who are concerned about the itemized State and local tax deduction will have to take a hard look at these figures.

Life insurance contracts are not taxed.

The personal exemption is increased to $2,000 for nonitemizers and $1,500 for itemizers.

If there is any one taxpayer who deserves some real tax reform, it is the low-income and the middle-class wage earner who all too often bears the cost of each new tax break and loophole that Congress sees fit to put in the Tax Code. In many respects, the votes today are a reflection of who really does run Congress, the special interest or Joe Lunchbucket. Let me read you a portion of a letter I received from just such a constituent this week:

DEAR CONGRESSMAN DAUB: I would like to take the opportunity to thank you for your role in the recently completed tax reform proposal reported out of the House Ways and Means Committee.

By voting to report out the measure and keep the legislative process going, you have demonstrated to me, at least, that the welfare of the common man is something you consider. While not perfect, the tax reform proposal you and fellow committee members constructed goes a long way toward restoring tax equity in this country.

I realize that interest, business and labor, conservative and liberal, rural and urban, made this tax reform effort especially harrying and all involved. But it was refreshing to see that the outcome reflected the interests of those least able to have their opinions heard.

Again, thank you for standing with those who elected you, not those who fill your coffers.

In the final analysis, it is vital that each of use today vote for the tax reform process for the right reasons and not stop this important first step for all the wrong rhetoric, whether you vote for the Duncan amendment, the committee bill, or hopefuly both if necessary, the President and the Nation could use your help in making a stand for fundamental tax reform. I hope that we will be up to the task.

□ 1730

Mr. ROSTENKOWSKI. Mr. Chairman, I yield one minute to the gentleman from Florida [Mr. BENNETT].

Mr. VALENTINE. Mr. Chairman, will the gentleman yield?

Mr. BENNETT. I yield to the gentleman from North Carolina.

Mr. VALENTINE. Mr. Chairman, I rise in support of this legislation.

Mr. Chairman, I rise to commend the chairman and members of the Ways and Means Committee for their efforts during the past several months to craft the landmark legislation we are considering today.

As we all know, the committee has had to address problems that sometimes seemed insurmountable. No one is totally satisfied with every individual aspect of this bill, but Chairman ROSTENKOWSKI and the committee deserve our congratulations for their objective consideration of all points of view and their determination to bring forth a meaningful tax reform measure despite considerable obstacles.

Like most Members, I find several provisions in this bill that are difficult for me to support. The changes affecting the timber industry, for example, are likely to have a devastating impact on many corporations and timber workers.

Specifically, the provisions on timber capital gains taxation, timber management expenses, and reforestation incentives do not represent fairness, do not simplify the Tax Code and do not promote economic growth. My concerns, as well as those of my colleagues from other timber-producing States, have already been conveyed in a letter to Chairman ROSTENKOWSKI. If these portions of the bill are not modified before final passage and enactment, this bill will deal a crippling blow to the timber industry and to timber-producing States.

In addition, several provisions in the bill, including those relating to the treatment of pension plans and annuities, gifts of appreciated property, and access to tax-exempt financing, will have an adverse effect on institutions of higher education.

I will not detail all of the proposals that would damage private colleges and universities. These institutions, which have contributed so much to our scientific and technological leadership, to our economic growth and standard of living, and to our cultural life, will be dealt a heavy blow by this bill. Our colleges and universities, both public and private, are too valuable a resource to injure in this manner.

Last week, and again earlier today, I voted against the rule governing House consideration of this measure. I did so largely because the rule permits consideration of the amendment on campaign contributions. In my view, to deny Members the opportunity to amend other sections of the bill while providing for consideration of a proposal that would benefit only House and Senate candidates is to place the entire debate on tax reform in the wrong context. It is vital that this debate focus on the relative overall merits of the tax reform bill rather than on the issue of benefits for Members of Congress.

Mr. Chairman, I hope that the problems I have mentioned can be corrected if the Senate passes a tax reform measure and a conference committee is convened. I will certainly be taking a careful look at the conference report with these concerns in mind. But despite the sections of the bill that I find objectionable, I find much to commend in this legislation.

The tax reform bill reduces marginal tax rates; it consolidates tax brackets; it broadens the tax base; it increases the standard deduction and the personal exemption; it provides tax relief for the working poor; and it retains certain widely used tax provisions, including the deduction for State and local taxes and the tax-free status of health benefits. This bill will help American families.

This bill is far from perfect. It does not eliminate all so-called tax loopholes. It does not eliminate all complexity from the Tax Code. But it is a large step in the right direction. For that reason, despite my reservations and my hopes for an improved conference report, I intend to support this bill. I hope my colleagues will join me in keeping the tax reform process alive.

Mr. BENNETT. Mr. Chairman, I am delighted to congratulate Chairman ROSTENKOWSKI and his committee on their fine work. They made a great improvement on the original bill. They showed intellect, they showed courage, they showed character, they showed teamwork, and they deserve a lot of credit.

I voted against the rule twice on this bill simply because of the fact that I wanted to get a minimum tax that was substantial to bring in some income, about $25 billion annually. I thought that was the way to go. But I was not allowed to do that so I voted against the rule, because that is the only way in which we can attempt to amend it when the Rules Committee does not allow us to have the opportunity to amend the bill.

There are many things in this bill I do not particularly like, and I hope they can be corrected in the conference between the House and the Senate.

But I think on the whole it is a very constructive piece of legislation.

Mr. Chairman, I congratulate the committee and I congratulate Congress on this step forward.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from Texas [Mr. ARMEY].

Mr. ARMEY. Mr. Chairman, I wish the Ways and Means Committee tax proposal we'll be voting on today met the guidelines we asked for when we entered into the process of tax reform. That is, I wish it was simple, fair, and growth oriented.

Unfortunately, though, after examining this voluminous 1,379-page document, I'm forced to conclude it doesn't simplify our present code. Furthermore, its numerous inequities and inconsistencies make it difficult to claim it's fair, especially for everyone. But the biggest problem I have with the committee proposal is that it doesn't meet the goal of promoting economic growth.

Lengthening depreciation periods, eliminating the investment tax credit, and raising the capital gains tax will have an immediate negative effect on our ability to sustain economic growth. These proposed changes will inhibit capital formation and discourage the necessary capital investment in machinery and equipment to keep Americans working and productivity increasing.

I also believe the committee bill would make the United States less competitive internationally. By eliminating the foreign tax credit and raising the cost of capital for manufacturers we would further exacerbate our trade picture by reducing the ability of American firms to compete abroad.

These concerns are borne out by a recent econometric study conducted for the U.S. Chamber of Commerce. The study shows lower real GNP and declining capital investment if the committee version of tax reform is enacted into law.

It's a cruel hoax to offer lower rates at the expense of undermining our economy's ability to maintain and perpetuate employment for American workers. I'm all for lowering marginal rates—in fact I think they should come down further—but it's naive to think we can keep our economy growing if we undermine the mechanisms which create jobs and opportunities for all Americans.

Mr. Chairman, I'm disappointed the committee version of tax reform does not meet the goals we set when we started the tax reform process. I hope, if this proposal passes the House, we'll be able to work out a version which not only lowers marginal rates further, but which will allow our economy to create and perpetuate economic opportunity.

Mr. Chairman, I certainly want to pay my regards to the members of the Ways and Means Committee on both sides. I know it has been a difficult job. Certainly they have shown a tremendous amount of patience and tenacity and a great deal of sincerity.

We started this process looking for simplicity, fairness, and growth. I am afraid that I cannot agree that we have found any of the three, but I would like to talk for a moment about growth. You know, a great many people I have talked to liken this to the tax changes we made in 1981, but in order to do that you really have to look at the context. In 1981 we were coming off the days of national malaise, the days of stagflation, of high interest rates and we had at that time a frustrated, pent-up investment demand in this country. Investors were ready to get about the business of capital formation.

In order to mobilize that capital formation, we had in 1981 tax legislation that did two things: lowered the rates to spur consumption and also provide the incentives to spur investment. It was investment and consumption working together that brought us to the point where we have created 8 million new jobs since that tax bill was passed; but this is a different time, and I am afraid the consequences of this bill will be different.

At this point in time we have frustrated investors. We have nervous investors. We have investors who are afraid that they will not receive earnings on their investments and they are couching themselves to refrain from investment.

And what do we offer them? Yes, we offer them a reduction in rates, nominal as it is. It should give some spur to consumption, but at the same time we destroy the incentives to investment. We have created here in this bill a sensational juxtaposition of consumption trying to pull the economy up while investment, which gives it that essential start, is pulling it down.

We have really set up a contest in this bill. Will investment or consumption have a greater impact?

I am afraid, Mr. Chairman, that investment will lose and we will lose. We are risking here the most unfair tax consequences of all. I am afraid we may have to come back and tell our American workers that although we reduced your rates, we lost your jobs.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 4 minutes to the gentleman from Illinois [Mr. ANNUNZIO].

Mr. ANNUNZIO. Mr. Chairman, I yield to the gentlewoman from Illinois [Mrs. COLLINS].

Mrs. COLLINS. Mr. Chairman, I thank the gentleman for yielding.

Mr. Chairman, I rise in support of this legislation.

Mr. ANNUNZIO. Mr. Chairman, when the time comes to vote on the Tax Reform Act of 1985, it will be one of the easiest decisions for me to make in the 21 years that I have served in the House of Representatives. In actuality I will cast only my vote for the legislation but in my mind I will be casting more than 10,000 votes in favor of the legislation as reported from the Ways and Means Committee.

Earlier this year I sent a questionnaire to my constituents in the 11th District of Illinois asking for their opinions on proposed tax reform legislation. More than 10,000 of the questionnaires were returned to me and the results of the questionnaires not only reinforced my favorable vote on the pending legislation but I truly believe those 10,000 residents of my district helped write the bill before this body today. The results of the questionnaire were not only published in the CONGRESSIONAL RECORD but a copy of the results were made available to the chairman of the Ways and Means Committee and all the committee members.

I am proud that the Tax Reform Act of 1985 is written along the lines of the likes and dislikes of those 10,000 plus 11th District residents.

From talking to other Members of the House and reviewing media accounts of the tax feelings of residents of other areas of the country, for the most part the views of my constituents are the views of a majority of Americans.

I do not want to take up too much time to go over all of the results of my tax survey but I think it is interesting to compare the bill reported from the Ways and Means Committee with the major finding in the survey.

Three out of every four people in the survey were against removing the deduction for State and local income and property taxes. The Tax Reform Act of 1985, H.R. 3838, retains those deductions. A rival bill, being pushed by the administration, would remove those deductions, thus raising the tax bills of millions of Americans across the country.

Some 70 percent of the survey respondents were not in favor of taxing employer-paid health insurance. H.R. 3838, unlike the administration bill, does not tax such insurance.

The largest margin of concern in the tax survey dealt with tax breaks for the oil and gas industry. Nearly 9,000 of the 10,000 respondents felt the tax advantages enjoyed by the oil and gas industry should be eliminated. H.R. 3838 eliminates many of the tax privileges in that industry but does retain enough tax incentives so that new sources of oil and gas can be developed so that we will not have to be so dependent on foreign suppliers.

Only slightly less clear than the mandate for eliminating the oil and gas tax breaks was the feeling that everyone, both businesses and individuals should pay a fair share of the tax burden. Some 89 percent of the survey answers supported such a move. Those

feelings are clearly carried out in H.R. 3838. In 1982, nearly 300 individuals in this country, with incomes in excess of $200,000 each, paid no Federal income taxes. And a Treasury Department study found 3,000 millionaires were paying virtually no taxes at all and some 5,400 were paying taxes on only 10 percent of their income. H.R. 3838 raises $19 billion in tax money through a strengthened individual minimum tax that insures that all individuals pay taxes on income.

Not only does the bill require individuals to pay their fair share of taxes but it also places the same requirement on business, an area where the U.S. Government has lost billions of dollars in revenue. A recent private study found that 129 of 275 profitable corporations, that's nearly 50 percent, paid no taxes at all, or actually got money back from the Government in at least one of the past 4 years. H.R. 3838 makes certain that no corporation can escape paying its fair tax share.

The bill goes even further by closing an accounting loophole which allowed some defense contractors to eliminate all of their taxes. This loophole closing provision will raise $14 billion in tax revenue. The bill does not restrict capital formation as some have charged. The legislation provides a graduated schedule of corporate rates for small businesses and a simplified accounting method for small businesses. And since a vast majority of businesses in this country are classified as small businesses, these changes will help expand our economy.

Mr. Chairman, nearly half of all the respondents to the survey fall in the middle-class area, with incomes ranging from $20,000 to $40,000. This is the economic group that is the backbone of our country. It is also the group that in the past has shouldered the heaviest tax burden. Too often tax bills were written that helped the very rich and the very poor but did little or nothing for middle-class America. This legislation is different. It is of special benefit to middle-income families. the bill increases standard deductions and personal exemptions and lowers tax rates across the board. The Tax Reform Act of 1985 lowers the average income tax burden of households with incomes between $20,000 and $30,000 by 10 percent and average income tax burdens of households with incomes between $30,000 and $40,000 by 9 percent.

The administration's tax bill would have continued to make middle-class families carry the load for the rich. That bill would reduce the tax bill of households with incomes in excess of $200,000 by 15 percent, while allowing only a 7-percent reduction for households with incomes from $30,000 to $40,000. That would provide the rich with a tax benefit more than 100 times greater than those who are the main breadwinners in this country.

I want to commend and thank those residents of my district who took time to answer the tax survey. This legislation shows that the input of constiuent views is not ignored and that everyone can help write legislation.

Mr. Chairman, I wish it were possible to list the names of the 10,000 constituents who responded to my survey as cosponsors of H.R. 3838 for I feel they played a great part in writing the bill. But since that is not possible, I want them to know that my vote today in favor of H.R. 3838 is not one vote but 10,000.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from New Jersey [Mr. SMITH].

Mr. SMITH of New Jersey. Mr. Chairman, I thank the gentleman for yielding time to me.

Mr. Chairman, a short while ago I voted against the rule and I'm deeply disappointed that, at the very least, the Rules Committee failed to make "in order" for the Ways and Means tax bill the Wolf-Hoyer amendment to protect Federal employee annuities from taxation for an initial period after retirement.

Like many Members, Mr. Chairman, I strongly favor simplification of our Tax Code. I support making the way we tax Americans more equitable and fair. But, on this important issue of revamping the entire Tax Code of the United States, the Rules Committee has given us too little opportunity to work our will on individual provisions. I believe the House leadership has done Members a disservice when we aren't even given an opportunity to vote on important provisions in the legislation. For example, I object to the provision in the bill which would prevent Federal employees from recouping their individual payments tax free for the first 3 years of retirement. Tens of thousands of employees have planned their retirement based on this promise. The Government should not renege on its pledge.

Mr. Chairman, there are several aspects of H.R. 3838 that I support—full deductibility for State and local taxes and deep reductions in the tax rates for individuals across the board. This bill will result in an average drop in taxes of some 9 percent for all middle-income wage earners over a 5-year period. The working poor—those struggling just above the poverty line—will be completely dropped from the Federal income tax rolls. This will affect more than 6 million Americans and is, in my view compassionate and significantly more fair for the poor than current law. Some provisions, however, must be eliminated. Regrettably, the rule offered us no real opportunity to amend H.R. 3838. So that will have to wait until another day.

Just let me say that I was encouraged yesterday, Mr. Chairman, when the President, in a meeting with our conference, promised to veto any tax overhaul bill that did not encourage growth or which failed to include the $2,000 exemption for all taxpayers. I believe the President's word is good and many—hopefully all—of the objectionable features of H.R. 3838 can be stripped from the bill when it gets to the House-Senate conference.

I urge support for the Ways and Means bill.

□ 1745

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 2 minutes to the gentleman from Oklahoma [Mr. JONES].

Mr. JONES of Oklahoma. I thank the gentleman for yielding this time to me.

Mr. Chairman, I regret having to oppose this tax bill, but I must because it is not good for our national economy and it will certainly hurt the economy of my State of Oklahoma.

Let me commend, at the outset, the leadership and fairness of Chairman DAN ROSTENKOWSKI. Given the parameters imposed on him by the President, I doubt that anyone could have come out with a much better bill, and certainly the chairman's bill is an improvement on the administration's Treasury I proposal.

My dispute is with the guidelines imposed on the committee. From the beginning, this bill has been driven by politics not by economics. The politics are promises of tax cuts for individuals. Since we can no longer tolerate paying for such tax cuts by Federal borrowing as we did to finance the 1981 tax program, this tax cut will be paid for by increasing taxes on business and capital investment by $140 billion.

In essence that is a tax increase on jobs.

Virtually every economist who testified before our committee agreed that in the next 2 or 3 years, this tax reform will depress capital investment. That means that fewer jobs will be created. That means that our capital intensive industries will be less competitive with foreign manufacturers at a time when our Nation has become a net debtor country.

So whatever the merits of this tax package in the long run, it will certainly not help our economy in the short run next few years.

And frankly I don't think our economy is so sound that it can withstand another jolt to growth and job development.

Second, this tax package is not simplification. This tax reform is thicker than today's maligned Tax Code. Simplification was dropped from this tax title a long time ago. Rather than

reform and simplification, it is a reshuffling of today's Tax Code.

Mr. Chairman, I fear that we are about to repeat similar mistakes to those of 1981 which resulted in the deepest recession our Nation experienced since the Great Depression. At that time, President Reagan promised the American people that we could double military spending, cut taxes by $750 billion and still balance the budget by 1983.

You will recall that I called that an Alice-in-wonderland pipedream and that simple arithmetic dictated that you couldn't balance the budget by cutting revenues three times greater than you cut spending.

My dissent in 1981 was not popular. It certainly was not heeded. But my predictions of $200 billion deficits has proved true.

Now we are paying the price for those mistakes.

My fear is that the uncertainty and the tax increase on investment resulting from this tax reform will seriously depress capital investment over the next few years and that there won't be enough new jobs created for those entering the job market.

Tax reform for most Americans means that everyone, both corporations and wealthy individuals alike, pay a fair share of our Nation's tax burdens. That argues for a stiff minimum tax.

Sound economics for most Americans means reducing these awful Federal deficits not more politics of tax cuts.

Regretably this tax package does not meet the test of simplification nor good economics and for that reason I shall oppose it.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentleman from New York [Mr. MARTIN].

Mr. MARTIN of New York. I thank the gentleman for yielding this time to me.

Mr. Chairman, I would like to associate myself with the remarks of the gentleman from New York [Mr. GREEN] concerning the deductibility of State and local taxes.

I want to take this opportunity to salute the chairman of the Committee on Ways and Means and the ranking member, and all the members, indeed, for all the hard work they have put in over the past year here in Washington. While the Committee has been working its will, others of us have had the opportunity in some instances to discuss these things with our constituents rather than going through the ponderous task, which it is indeed, of trying to draft such a piece of legislation.

I think we have given up on trying to convince anyone that this 1,379 page document simplifies anything. But as I listen to more and more of the debate and the talk concerning special interests, as though they are some kind of a bad group, there is something I want to share with my colleagues.

I take 3 or 4 days in each year, as I am sure some of my colleagues do, to speak with the schoolchildren around the district. On one particular occasion early this summer, I had the opportunity to discuss this with a small group in a small town in my district. One of the children asked me, "What are you doing here in town?"

I pointed out that I was there to speak to them, but also was going to speak to local industry in town, as they wanted to speak to me. That is one of our special interest groups. I asked them how many people there had fathers and mothers who worked at this particular plant, a plant, I would suggest, that is threatened by this bill because they did the wrong thing, I guess. They did just exactly what we asked them to do in 1981 as far as making investments and creating jobs.

Fully 75 percent of the hands of those little kids in that school went up. I would suggest that, in some people's minds, is a special interest group. I want to point out we are talking about one small county, and I want to point out this is the county that the Governor of the State of New York referred to on nationwide, and I guess I would say a worldwide hookup, during the Democrat Convention as being the situs of abject poverty. They are not a special-interest group. They are children who want their parents to have jobs so they can eat, so they can be clothed, and so they can have a roof over their head. They are a group that we have to look at. They are a group that we have to do the right thing by.

So before we become precipitous, and pass a bill the impact of which we cannot fathom, I would ask that we look at its provisions very closely and vote against it and give it the funeral that it deserves.

Mr. RUSSO. Mr. Chairman, I yield 2 minutes to the gentleman from New York [Mr. LUNDINE].

Mr. LUNDINE. I thank the gentleman for yielding this time to me.

Mr. Chairman, since coming to Congress, I have been an advocate of comprehensive tax reform. The current tax system is widely perceived to be unfair. I suspect that this widespread assumption that the Tax Code is unfair to hardworking taxpayers has led to more cheating. Tax reform is essential if we are to ensure the continued integrity of our voluntary system of tax compliance and end the growing incidence of tax evasion.

The current system gives special benefits to a few people at the expense of most taxpayers. Tax reform is needed to distribute the burden of taxation more equitably among those able to pay.

Finally, the current Tax Code encourages too many nonproductive investments. Tax reform is needed to encourage economic efficiency and growth.

In 1979, I began an effort to draft a comprehensive tax reform proposal which would eliminate virtually all deductions, credits, loopholes, and preferences and establish a graduated rate structure with far fewer brackets. This proposal was admittedly too ambitious and subsequently laid aside. Later, as a cosponsor of the Bradley-Gephardt "Fair Tax Act," I have continued to express my strong support for the comprehensive overhaul of our tax code.

As measured against these proposals, the Ways and Means Committee bill is not perfect. However, it is superior to the current system and warrants our support for the following reasons:

First, by curtailing and eliminating a number of preferences, deductions, and exclusions, the Ways and Means proposal will encourage economic growth. I really believe that a freer market devoid of tax loopholes—what advocates call incentives—will make the economy more efficient.

I am not alone in this belief. There is broad-based support in the business community for this tax reform proposal. Even some companies that would pay more in taxes under the proposal favor it because they believe that the tax overhaul would stimulate the economy and their own sales. In my view, those businesses which oppose tax reform are the ones that are not paying their fair share of taxes.

Many of these companies have taken advantage of the Investment Tax Credit and the Accelerated Cost Recovery System. However, some of these benefits such as leasing of tax credits are not widely available even to companies with $10 million in volume.

Small business will especially benefit under this bill with the reduction of individual and corporate tax rates and other provisions designed to help small businesses. These include the simplified inventory accounting provisions for small retailers and wholesalers, and special consideration for small banks, construction and timber firms.

Second, the Ways and Means bill provides tax justice for working families in this country. While the President's tax reform proposal was a good starting point for the debate, his proposal preserved too many loopholes and gave a far bigger tax cut to the rich, people earning over $200,000 a year, than he offered to middle income Americans.

The Ways and Means Committee bill is especially beneficial to low- and middle-income taxpayers. It provides needed relief to the vast majority of middle-income families and reduces the number of tax brackets from 14 to

4. It removes more than 6 million low-income individuals and families from the Federal income tax rolls, families who currently are living below the poverty level.

In addition to these changes, the bill retains the deduction of State and local taxes, the most widely used of all deductions by working families and the key to a balanced system of federalism. It keeps the current exemption for fringe benefits, such as employer-paid health insurance, thereby preserving the integrity of longstanding agreements about compensation between workers and employers. It preserves the deduction of home mortgage interest.

Finally, the committee bill would scale back abusive tax shelters and impose a tough 25 percent minimum tax on individuals and corporations. It would reverse a long trend of eroding corporate taxes by shifting approximately $100 billion in taxes from individuals to large corporations over the next 5 years.

While this proposal is a step in the right direction, I have three major concerns. First, it is not simple. By compromising on many of the provisions, the committee was not able to make progress toward a more simple tax code. While greater simplicity was achieved for individuals, transition rules and compromise provisions will continue to provide business for tax attorneys and accountants.

Second, I am concerned that this proposal has not been adequately measured in terms of its impact on U.S. competitiveness. We are the only Nation in the world that would consider a major change in tax policy without first weighing its impact on competitiveness. While the proposal may well improve the position of U.S. industry, this is not something we should leave to chance.

Finally, the measure fails to correct the current bias toward consumption and away from savings. The current system inhibits growth by allowing a deduction for interest paid on borrowing while taxing income from savings. I believe this is largely responsible for a national savings rate that lags far behind that of our major competitors. The United States has a national savings rate of about 6 percent as compared to approximately 12 percent in Germany and 22 percent in Japan. No wonder Germany and Japan have capital for investment.

While this measure is no worse than the present code in these regards, it does not go far enough in making savings as attractive as consuming, simplifying the Tax Code, or improving American industrial competitiveness.

There are those who have advocated that the revenue generated from the broadening of the tax base be used to reduce the budget deficit. I understand the concerns of these Members. However, we are currently in a stalemate between the President who wants to sustain a huge military increase without raising taxes and the Congress which feels we have already cut domestic programs more than is desirable. Given the likelihood that the stalemate will continue in the next year, I believe it is preferable to begin by broadening the base, thus laying the groundwork for consideration of revenue raising measures in the future.

We now have a historic opportunity to move tax reform a step closer to enactment. I am very pleased that the President has decided to endorse the Ways and Means Committee effort and agree that moving this proposal forward is an essential first step. With the President's support and the leadership of Chairman ROSTENKOWSKI and the Ways and Means Committee, tax reform is within our reach. It is my sincere hope that we will not let this unusual opportunity slip away for lack of courage, from giving in to special interests, or because we refuse to compromise.

The CHAIRMAN. The Chair will state that the gentleman from Illinois [Mr. RUSSO] has 17 minutes remaining and the gentleman from Tennessee [Mr. DUNCAN] has 17½ minutes remaining.

Mr. DUNCAN. Mr. Chairman, I yield 1 minute to the gentleman from Arizona [Mr. RUDD].

□ 1755

Mr. RUDD. Mr. Chairman, I rise to express my reservations over H.R. 3838, the Tax Reform Act of 1985, as released by the House Ways and Means Committee.

While I support the concept of tax reform, I feel that this bill is seriously flawed.

Eleven months ago, the President outlined his criteria for drafting a tax reform bill. Specifically there were: Simplicity, fairness, and the promotion of economic growth.

H.R. 3838 accomplishes none of these objectives.

This tax reform bill does not meet the President's original expectations, and I cannot justify my support of harmful legislation.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 4 minutes to the gentleman from Illinois [Mr. RUSSO].

Mr. RUSSO. Mr. Chairman, I rise in support of H.R. 3838, the bill that would not die. It would not die because it is what the American people want: true tax reform.

As the chairman of the Task Force on the Minimum Tax, I would like to discuss that section of the legislation at this particular time.

As the debate over tax reform proceeds, Mr. Chairman, we must not forget why there is so much public dissatisfaction with the present Tax Code. The public knows, and we know, that many extremely wealthy individuals and profitable corporations have used existing law to dramatically reduce their tax liability. Study after study, whether carried out by a private organization or by the Department of Treasury, documents this dismal fact. What specifically have these studies told us?

Nearly 300 individuals in 1982 with incomes above $200,000 paid no Federal incomes taxes.

In 1980, for all industries combined, the average effective tax rate was just 16.7 percent, down from 21.8 percent in 1980.

One recent study found that 129 companies paid nothing in Federal income taxes in at least 1 of the 4 years from 1981 to 1984. Moreover, 50 of these firms not only paid no corporate income taxes from 1981 through 1984, but actually received $2.4 billion in net tax refunds despite earning nearly $57 billion in pre-tax profits during that time period.

Mr. Chairman, facts like these can be rationalized, but they cannot be justified. Middle-income families should not have higher effective tax rates than those who are far more affluent. The Tax Code was never meant to be an instrument for the avoidance of tax liability. If we fail to act to correct circumstances such as the ones I've described, we invite contempt for the political process. It is an honor to live in this society and we all have an obligation to fairly contribute to its continued vitality.

We have a minimum tax now, but it has clearly failed. It covers too few tax preferences, and thus raises very little revenue. The facts I have referred to, amply testify to its weakness. It is a sieve, not a solution.

Earlier this year, many of us joined in supporting a far stronger individual and corporate minimum tax, H.R. 2424, introduced by myself and my colleague from New York, CHUCK SCHUMER. It is commonly known throughout the free world as the Schumer-Russo fair share minimum tax bill.

By increasing the minimum tax rate and expanding the number of covered preferences, current law would have been significantly strengthened. The tax reform bill approved by the Ways and Means Committee contains minimum tax provisions that will also accomplish this goal. We raise the minimum tax rate to 25 percent. We broaden the range of preferences. The net effect of these actions is to sharply reduce the ability of wealthy citizens and profitable corporations to use the Tax Code to avoid paying their fair share of taxes.

Mr. Chairman, our attempt to reform the Tax Code will have failed if the system is not made more fair, and a strong minimum tax is an essential element of any such effort. The Ways and Means Committee bill contains such a tax, and it deserves our support. I strongly urge my colleagues to support this proposal.

Mr. DUNCAN. Mr. Chairman, I yield 1 minute to the gentlewoman from New Jersey [Mrs. ROUKEMA.]

Mrs. ROUKEMA. Mr. Chairman, I support the legislation before us today, not because I embrace its provisions with open arms, but rather because I see it as another important step in the tax reform process. Much has been said about the effect of this bill on the Nation's economic growth. I say a vote against tax reform today is an endorsement of the status quo—a tax system rife with inequity.

The package before us is a substantial improvement over current law. Individual and corporate tax rates are reduced significantly with the top individual rate reduced to its lowest level since 1931. The personal exemption and standard deduction are increased markedly targeted to low- and middle-income earners and millions of working poor families are removed from the tax rolls altogether. Tax shelters are reduced, special interest preferences are stricken or curtailed and an effective minimum tax on wealthy individuals and profitable corporations is imposed.

I must confess that, as the issue of "tax reform" began to occupy the headlines last year, I never thought we would see the day when such a comprehensive tax bill would reach the floor of this body for debate. In those early days, everyone fully supported the concept of "tax reform" in the abstract but not as a concrete proposition. The consensus quickly broke down as the debate moved beyond the concept and to specifics. After all, one person's loophole is another person's economic necessity.

However, one concept has been universally endorsed by my constituents: The concept that we must restore basic fairness to our national system of voluntary taxation. In 1982, nearly 300 individuals with incomes in excess of $200,000 paid no Federal income taxes, through a variety of devices. Despite earning profits in the billions of dollars. A number of this Nation's largest corporations continue to pay no taxes.

The fact that wealthy individuals and profitable corporations can use loopholes in the current Tax Code to avoid paying any taxes at all is a national scandal that must be stopped. Quite frankly, the enactment of a simple effective minimum tax on both individuals and corporations would go a long way toward correcting the inequities in the present Tax Code.

The legislation before us today also helps individual taxpayers and benefits the vitally important role of State and local governments in meeting the needs of their citizens by maintaining the deductibility of State and local taxes. This is of the utmost importance to New Jersey and I have so informed President Reagan and Treasury Secretary James Baker.

Of equal importance are the protections of employer-provided employee benefits maintained in this bill.

Like any tax bill, this legislation is extremely complicated and anyone who looks hard enough is bound to find portions to criticize. I, too, find room for improvement. For example, I have very real concerns about the effect of this bill on capital investment. But, are concerns such as these great enough to force me to oppose this legislation and join those who would derail the entire tax reform effort? The answer is an emphatic "No!"

I have never been one who is of the mind to allow the other body to legislate for this body. However, the capital investment provisions, among others, can be improved by the Senate. Indeed, my vote on final passage of the conference report on this legislation depends upon it.

But, by far, this is a bill that deserves support. Congress should not let anything stand in the way of a good reform that guarantees that all Americans pay only their fair share. I repeat, the scandal of wealthy individuals and profitable corporations using loopholes to avoid paying any taxes at all must be stopped.

Mr. RUSSO. Mr. Chairman, I yield 3 minutes to the gentleman from New York [Mr. SCHUMER].

Mr. SCHUMER. Mr. Chairman, I thank my friend and colleague from Illinois, a member of the committee, for yielding me this time. Before I get into the substance of my remarks, Mr. Chairman, I think every one of us, whether we are for or against this bill, owes the Ways and Means Committee, and particularly the chairman, a great deal of thanks because, as our Speaker said, for 33 years no one could get a tax bill as far as he has gotten it. And when the wind was blowing the other way, and lots of people, this gentleman at the well included, said to the chairman, "You can't get it done," he stuck with it. At one point, there may have been 5 percent of the people in this Chamber who thought we could have a tax reform bill and who were with the chairman, but he believed in something, he stuck with it, and he has my respect for it, and I think he deserves the respect of every Member in this Chamber.

The thing I would like to say about this, Mr. Chairman, is I think we have to look at where our tax system is evolving. In Italy, Sophia Loren became a national heroine when she was arrested for not paying her taxes. Hundreds of Italians gathered as she was brought into jail and applauded her because evading the tax system has not only become the national sport in Italy, it has become the thing to do, the thing to be applauded.

Why is that? Because the Italian people have no faith in the fairness of their system, and to a lesser extent, many of the tax systems throughout the nations of Europe are quite the same.

In America, we do not have that. Thank the Lord we do not have that. But we are evolving toward it.

Every time one of our citizens hears that General Electric pays no taxes, or that his uncle, a multimillionaire, just got back from a meeting with his accountant and is saying, "Well, I am only paying $10,000 in taxes this year even though my income was $1 million," the American system slides toward that Italian system.

If it does, not only will we not be able to collect even the amount of taxes we collect today, but respect for authority, respect for America, respect for the flag will decline in a way that will unalterably hurt this country in every way.

Today, ladies and gentlemen, we have a window. It is not something that we have everyday or every week. We have a unique opportunity to show and tell the American people that we will not slide into a system that exists in Italy and in Europe, that we are not callous, that if you will, this great empire is not declining the way the Roman Empire declined as all respect for fairness and law was lost.

We have a chance, ladies and gentlemen of this Chamber, to say that we are going to make the system fair. Are we going to make it the fairest system any one of us could envision? No; we do not have a consensus on that. But we can make the system more fair.

By voting for this bill, we will have taken a long step forward in that direction.

Mr. ROSTENKOWSKI. Mr. Chairman, I ask unanimous consent that 3 minutes of the time of the gentleman from Tennessee [Mr. DUNCAN] and 3 minutes of my own time be reserved for debate immediately after the vote on the substitute to be offered by the gentleman from Tennessee [Mr. DUNCAN].

The CHAIRMAN. Is there objection to the request of the gentleman from Illinois?

There was no objection.

Mr. DUNCAN. Mr. Chairman, I yield 1 minute to the gentleman from Montana [Mr. MARLENEE].

Mr. MARLENEE. Mr. Chairman, is that a dilly—devil of devils—king of all tax bills! Tax bill after tax bill has been pushed on this Congress and the

people of the United States. "Trust me this time," we have heard. "I'm going to give you reform!" They plead!

I remember the last time I got a call from the President on a tax bill, saying, "We've got to have this bill to close loopholes." Well, we got reform alright, now a hamburger waitress has to hire an accountant to be sure she won't be hauled in by an IRS agent for evasion of paperwork. $100 of accounting for a two-bit tax on a tip!

Close the loopholes. Sure! I'll bet! Stick it to the guy that's using his business vehicle to go after a quart of milk. Remember the mileage log? Remember that we had to declare war to get it changed!

And who wrote the tip tax and mileage log laws? You guessed it, the same folks who are now giving you 1,300 pages of tax reform and simplification.

And talking about reform, how about a little reform school for abusive Internal Revenue Service tactics. The IRS goes right on down the road harassment after harassment. Every one of you have letters in your files on IRS abuse. But does this bill do anything about it? Practically nothing.

This bill may very well drive the final nails in the coffin for Montana's economy. Because Montana has tied itself to Federal rates, this bill raises taxes an additional $100 for every man, woman, and child in Montana. And that's on top of whatever Federal impact they will experience.

Let me read the headlines that have been appearing in my papers back home: "Tax bill would stem Montana mining industry,"—"Montana losing its competitive advantage,"—"State economy seen as slipping,"—"Gloomy future in oil and gas forecast for State."

If the House bill becomes law, more Montana industries will close down, and Montana's business climate will continue to decay. Let's not fool ourselves. Tax reform will create more Government, more regulations, and more paperwork for small business.

This bill will radically change America, and may throw us into a recession. The bill raises the maximum tax rate on long-term capital gains, which will especially hurt Montana timber and cattle businesses. The bill reduces incentives for savers, and would decimate rural housing programs.

The best economic analyses predict an economic downturn if this bill becomes law. GNP will drop, unemployment will go up, and $100 billion will be added to the deficit between 1986 and 1991.

I know my vote will incur the wrath of hundreds of Washington lobbyists who wrote this bill; so be it. But I serve only one special interest—the people of Montana.

It'll be a cold day in this Chamber when I will cast my vote for a bill with the potential to wreak so much havoc on a system that has generated business, jobs, and wealth.

One final thought. As you force people out of work with this bill you are also giving them this bonus—their unemployment and many retirement benefits will now be fully taxable. What kind of a Merry Christmas America is that? Let the tax reform crew in Washington accept the blame. I want no part of it!

Mr. DUNCAN. Mr. Chairman, I yield 3 minutes to the gentleman from Texas [Mr. LOEFFLER].

Mr. LOEFFLER. Mr. Chairman, let us not play games and kid ourselves that this bill satisfies any of the major requirements that the people of this country want with respect to tax reform. It most certainly is not simple. How can simplicity be placed in a document that is more than 1,300 pages long? In fact, what we are doing is making the Tax Code even more complex.

Then the test of fairness. Fairness is in the eye of the beholder, and what is fair to one person may seem patently unfair to another. In my judgment, this bill is ambiguous at best with respect to the fairness test.

The test this bill flunks most emphatically is the test of economic growth. Without economic growth, any promises of tax reform are merely that. They are promises without substance. It is a pipe dream and it is a cruel hoax to play on the American people.

Mr. Chairman, it is a fact that this bill will reduce economic growth, that this bill will retard capital investment by business, that this bill will impair our ability to compete abroad, and that this bill will increase U.S. unemployment.

So, Mr. Chairman, it is certainly no prescription for prosperity or fairness to the American worker.

One must reflect for just a moment. What this bill does over a 5-year period is to create an increase in taxes to American business by $140 billion. And yes, there is a reduction with respect to individual tax liability. But let us not play games again, Mr. Chairman, because we all know that as consumers, we are going to pay that added tax that is placed onto business. It will come back to us in the price of the goods and services that we will be purchasing.

You know, the Rostenkowski tax bill promises them a slightly larger takehome pay for those working men and women, but that promise will not mean a doggone thing when the tax bill puts them out of a job and there is no paycheck even to take home. Actually what this bill offers most Americans is a tax cut on the one hand, and a hidden tax increase on the other hand.

□ 1810

The most cruel hoax, as I have said, will be the business slowdown, and even outright recession, which may very well be triggered by the antisavings and investment provisions of this bill.

What we want is a tax code that is truly simple, fair, and provides economic growth; that gives us an opportunity for an even better way of life. This is a train wreck, Mr. Chairman, in the process of happening.

Yes; I come from a State that is the major producer of oil and gas, and many people would say to this gentleman and to my colleagues from the State of Texas and the producing States that the oil and gas industry is ripping off the American consumer. Nothing could be further from the truth.

What we had best recognize is that our Nation's oil and gas industry is facing very difficult times—perhaps the worst ever in our history. We are not increasing reserves now; we are only depleting our reserves.

What that means, Mr. Chairman, is that we are in the process of creating the wheel again, of having an energy crisis like in the decade of the seventies. We cannot afford that.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 1 minute to the gentleman from Georgia [Mr. FOWLER].

Mr. FOWLER. Mr. Chairman. I rise for the purpose of engaging the gentleman from Illinois in a colloquy to clarify an important provision in the bill.

Mr. Chairman, the bill provides that certain pension plans of rural electric cooperatives may incorporate 401(k) arrangements. Most rural electric cooperatives have adopted pension plans through participation in a master pension plan sponsored and maintained by their national association. This bill permits the incorporation of a 401(k) arrangement into that existing master pension plan.

I understand that a master plan with a 401(k) arrangement would not presently be accepted for an opinion letter ruling by the Internal Revenue Service. Because of the structure of master pension plans, such a ruling is necessary before a 401(k) arrangement is made available to rural electric cooperatives on a national basis through a master pension plan.

My question of the gentleman is, what is the appropriate action the Internal Revenue Service should take concerning this matter, once this legislation is enacted?

Mr. ROSTENKOWSKI. Mr. Chairman, if the gentleman will yield, it is expected that a master pension plan sponsored or maintained by a rural electric organization will be accepted by the Internal Revenue Service for

opinion letters after the enactment of this bill.

Mr. FOWLER. I thank the gentleman for clarifying this matter.

Mr. DUNCAN. Mr. Chairman, I yield 6 minutes to the gentleman from Minnesota [Mr. FRENZEL], a member of the Committee on Ways and Means.

Mr. FRENZEL. Mr. Chairman, I think we will all concede that the committee worked hard. I think that we will all concede that the chairman, and those who supported him, did an outstanding job in putting together a very difficult bill, and maneuvering it through the legislative process.

Unfortunately around here, the rewards are not supposed to be for manhours spent or beads of sweat produced. The payoff is supposed to be on the product. In this case, the final product fell way short of the mark.

This bill is antigrowth. That is its main flaw. We can tolerate a fair amount of mischief in the name of tax reform, but no industrial democracy should have to tolerate a recession in the name of tax reform.

This bill would retard our growth; the chamber of commerce says by as much as 2.7 percent by 1991. Add 1.3 percent additional unemployment by 1991. That is a million and a half people.

The promised tax cut is not going to do you much good if you are one of those 1½ million extra people, employed today, who are put out of work because of this bill.

The second greatest flaw in this bill is it reduces incentives for saving and investment. The United States has, unfortunately, the lowest rate of personal savings in the industrialized world. We have to borrow abroad, with adverse results which are well-known, to finance our economy. This bill, in reducing personal savings incentives farther, and in reducing corporate capital cost recovery systems, is going to cause us to have to borrow more abroad with more of those adverse circumstances that we all know so well.

The bill reduces the savings of 401(k) plans by about 75 percent, at least at the maximum, rejects the President's spousal IRA, reduces qualified pension plans, increases capital gains tax, stretches depreciation, and repeals abruptly the investment tax credit.

The substantial and abrupt changes in capital recovery systems will have serious, harmful effects on our economy.

This bill also reduces incentives for American companies and American individuals to sell abroad. Every foreign tax incentive in the Tax Code is reduced. Foreign tax credits, tax deferrals, foreign international sales cooperation preferences, and section 911 are all reduced, and FISC and 911 is reduced a second time in the committee bill.

We do this at a time when our trade deficit is at an all-time high. It seems as this bill is structured to make it difficult for Americans to trade abroad. Not only do we lose our foreign tax incentive, we also lose our manufacturing tax incentive.

The bill violates the President's standards for maximum rates, both corporate and individual; fails to deliver the $2,000 personal exemption, and it, of course, does not create the President's $2,000 spousal IRA.

This bill offers a maze of new complexity. It has been pointed out before, Mr. Chairman, that in these two tomes, the committee report and the bill, we have got nearly 1,500 pages, 1,455 to be exact. They are as hard to lift as they are to read, and I would drop them on the table for emphasis but I am afraid that the furniture would be damaged by their sheer weight. Certainly, our economy and the lives of millions of Americans are going to be damaged by their weight should that bill ever become law.

The Republicans are going to offer the substitute that is less than half as complicated and more than twice as good. It is less difficult and less harsh on our economy.

Mr. Chairman, whenever a committee misses the mark as broadly, as widely as this one has, it ought to begin again. The public has not been moved by the claims of truth and beauty for tax reform, particularly this tax reform. In fact, it is wholly unmoved.

Let us pass the Republic substitute, or beat the bill, so the process can be put back on track. The President is going to be around for 3 years, we may even still have a Congress at that time. There is plenty of time to move on tax reform. This is not the end of the line.

When a process has gone sour, there is no reason to keep the process moving. We should start it over again and do tax reform as the people of the United States expect of us. That is, we should do something that does not derail our economy and which does reduce the taxes of our middle-income Americans, and which takes the poor off the tax roles and causes corporations who do not now pay taxes to pay taxes.

All these things can be done in slightly less than 1,479 pages. In fact, in my judgment, it can be done in a couple of hundred pages. Let us do it right. Let us beat this bill or pass the Republican substitute.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 1 minute to the gentleman from Pennsylvania [Mr. COYNE].

Mr. LEHMAN of California. Mr. Chairman will the gentleman yield?

Mr. COYNE. I yield to the gentleman from California.

Mr. LEHMAN of California. Mr. Chairman, I rise in support of the Ways and Means tax bill.

Mr. Chairman, I guess any Member of this House could find a reason to oppose this bill if one were to look at only one or two issues, or if one wants to protect the tax agenda of one particular interest.

However, we should look at the totality of the proposal. On balance, this is a vast improvement over existing law. There are fewer brackets. There are lower rates. The poor are taken off the tax roles all together and giant corporations are made to pay at least something. Many loopholes are closed, or tightened.

Lowering tax rates will put more spendable income into the peoples' pockets and provide a stimulus for economic growth.

I don't like some of the Housing nor the Leasing provisions but remember it's hard to ask someone to pay more, and there will be other opportunities to improve this product.

Let's not kill a good idea now. Let's give tax reform a chance.

Mr. COYNE. Mr. Chairman, I rise in strong support of H.R. 3838 and want to commend the Chairman and staff for giving us an opportunity to vote on tax reform.

On May 30, 1985, Secretary of the Treasury, James Baker, was the first witness to appear before the Ways and Means Committee to lead off the lengthy hearings in support of the President's tax proposal. On December 3, 1985, after months of hearings and 26 days of actual markup, the Ways and Means Committee reported out H.R. 3838, the Tax Reform Act of 1985.

This bill is a great improvement over the President's original proposal. The committee has increased the personal exemptions to $2,000 for nonitemizers, and $1,500 for itemizers from the current $1,080; replaced the zero bracket amount with new standard deductions: $2,950 for single returns; $4,800 for joint returns; and, $4,200 for heads of households. The committee has also increased the earned income credit from $550 under present law to $700.

At the other end of the economic spectrum the committee has reduced the average income tax burdens of households with income between $20,000 and $30,000 by 10 percent and the average income tax burden of households making between $30,000 and $40,000 by 9 percent. The administration would have reduced the income tax of those making in excess of $200,000 by 15 percent. The committee has more than halved this benefit reducing the tax for these individuals by 6 percent.

The Children's Defense Fund states that:

Millions of low income working families will greatly benefit from the provisions of H.R. 3838, providing them assistance critical for the adequate support of their children.

The fund's study shows that under current law a two-parent family of four at the poverty level, about $12,000, would pay 11 pecent of their income taxes (Social Security and income tax combined). Under H.R. 3838 such a family would have its taxes reduced to 3 percent of its income.

Under H.R. 3838, according to the fund, a two-parent family of three at the poverty line ($9,960) would see the percentage of their income for Social Security and income tax reduced from 9 percent of their income to 1 percent.

According to the committee report no married couple with two children would pay income taxes on income of less than $14,475. The report to accompany H.R. 3838 states the objectives of the committee in this area:

An overriding goal of the committee was to relieve those with the lowest income from Federal income tax liability. The committee realized that by increasing the amounts of both the personal exemption and the standard deduction, as well as the earned income credit, the income level at which individuals began to have tax liability (tax threshold) will be raised sufficiently to free millions of poverty-level individuals from Federal income tax liability. This will restore to the tax system an essential element of fairness which has been eroded since the last increase in the personal exemption in 1978.

It is estimated that as a result of the committee's action 6.5 million taxpayers will be relieved of any tax liability.

It should be noted that individuals with less than $75,000 of income will receive 72 percent of the tax reductions for individuals and that this group constitutes 95 percent of income tax filers.

The committee has also been concerned with the fact that some individuals are not paying his or her fair share. As a result the committee has recommended a strong individual minimum tax which will raise $19 billion in additional revenue through 1990.

The committee has also taken action which I think will be beneficial to the Commonwealth of Pennsylvania and other areas in the Northeast. Earlier this year the mayors of the two largest cities in Pennsylvania identified three areas in the President's proposal which, if enacted, would have proven injurious to their respective cities. Those sections were the President's proposal to eliminate the deduction for State and local taxes. The committee eliminated this section of the President's proposal. Another area of concern was the President's proposal to change the requirements for certain nongovernmental activities. The committee voted to keep this important economic development tool.

The third area of concern to the mayors was the President's proposal to eliminate the 25-percent deduction for the renovation of historical buildings so certified by the Department of the Interior. This provision has created over 2,000 jobs in the commonwealth and has provided a much needed incentive to increase economic activity in our older urban areas. The committee voted to retain this provision but at a lower rate.

In another area of concern the President proposed to tax the first $10 of health benefits for single coverage and the first $25 for family coverage. The committee voted not to tax these benefits for purposes of income. As one witness pointed out during the hearings that absent some type of national health insurance it was simply unfair to tax individuals in this manner.

The President's proposal would have terminated the charitable contribution deduction for nonitemizers. H.R. 3838 makes permanent the charitable contribution for nonitemizers in excess of $100. The committee was aware of the fact that this administration has reduced Federal expenditures in many areas and it was thought that this administration, which has encouraged greater private sector participation, should be consistent in its policies.

The committee has also expressed its concern in the retirement area, the administration would have eliminated the 401(k) provision. The committee wants to encourage individual retirement savings but at the same time expressed concern that too large a share of the cost of retirement was being shifted to the employees.

Under the bill the maximum amount that an individual can elect to defer in any taxable year under all cash or deferral arrangements is limited to $7,000. This is to be coordinated with other Federal deferrals and IRA contributions.

The targeted jobs tax credit enacted in the Revenue Act of 1978, and extended by the Economic Recovery Tax Act of 1981, the Tax Equity and Fiscal Responsibility Act of 1982 and the Deficit Reduction Act of 1984 would have expired under the administration's proposal. The committee has extended the credit for 2 additional years. This credit is available on an elective basis for hiring individuals from one of nine groups. The targeted groups are: First, vocational rehabilitation referrals; second, economically disadvantaged youth (ages 18–24); third, economically disadvantaged Vietnam-era veterans; fourth, SSI recipients; fifth, general assistance recipients; sixth, economically disadvantaged former convicts; seventh, AFDC and WIN registrants; and eight, economically disadvantaged summer youth employees (ages 16–17).

It seems to me, Mr. Chairman, that we must do what we can to encourage the hiring of individuals in these categories. Although some may question whether this is good tax policy, absent any convincing evidence to the contrary, we must use this credit to encourage the hiring of these individuals.

Further, the bill extends the research tax credit for 3 additional years. When this was enacted in 1981 Congress was concerned about the decline in research in the United States. Innovation in the business sector is essential if U.S. businesses are to compete successfully. And continued research is a sine qua non for that innovation.

In conclusion, the committee has reacted to the Presidential proposal to reduce marginal rates and to eliminate from the Tax Code those provisions which constituted an inefficient subsidy. The committee has modified the President's proposal and, given the constraints that the committee was under, we have produced a bill which has to some extent achieved these objectives.

While on this issue I want to state that I do think that the Tax Code should be used to encourage social and economic objectives. I think that there is a need in the code for provisions which encourage economic growth. At the present time certain areas of the country and certain sectors of society need assistance that can only be provided by the Federal Government. This administration has gone to great lengths to reduce Federal expenditures. Therefore, I think that it is important to offset some of the adverse consequences of these policies by promoting growth in areas which are experiencing economic reversal.

The committee has been concerned about equity. As the report points out, between 1950 and 1985, the corporate income tax has declined as a percentage of total receipts from 27 to 8 percent. Over the same period corporate income tax as a percentage of total income tax has declined from 40 percent to only 16 percent. The committee in an effort to restore the traditional balance between corporate and individual income tax has adopted a broad based alternative minimum tax directed at a wide range of preferences to be applied at a rate of 25 percent.

The committee adopted this provision because it believed that no taxpayer with a substantial economic income should be able to avoid the payment of taxes because of a combination of deductions and credits.

Mr. Chairman, I urge the adoption of this bill.

Mr. DUNCAN. Mr. Chairman, I yield 2 minutes to the gentlewoman from Connecticut [Mrs. JOHNSON].

Mrs. JOHNSON. Mr. Chairman, I rise to commend the committee chairman and the ranking member for the tremendous work that they have done. At the end of our debate, whatever the outcome, the American people will be a giant step forward. Individual rates will be cut; low-income families will be

relieved of tax liability, corporate rates will be cut, small businesses will be aided, and a tough minimum tax, a minimum corporate and a minimum individual tax, will be solidly in place, which will immeasurably increase the fairness of the system.

□ 1820

However, there are two serious problems with the committee bill that I call to your attention because they are addressed in large measure in the Duncan substitute. First of all, the committee bill hits heavily middle-income families in America by shoving people into the 35-percent bracket who earn $43,000. Ladies and gentlemen, that is a schoolteacher and a policeman being shoved into the 35 percent bracket! I do not think that is right. I do not think it is healthy. The Duncan substitute adopts a break point of $57,000, thus protecting middle-income families and making them to experience a tax reduction under this bill.

Not only is the Duncan substitute profamily for middle-income families but it is profamily for low income families as well. It allows a higher standard deduction and a higher earned income tax credit and thereby reduces the taxes of low-income families so that a total of 6½ million families are exempted from taxes under the Duncan bill whereas only 6 million are exempted under the committee bill. Furthermore, the Duncan substitute is very much more proeducation. I point that out to you because at a time when we talk about excellence in education, we should not be pulling the rug out from under our educational institutions. The Duncan substitute allows a contribution of assets to educational institutions and to hospitals, which are terribly important to their future, and retains the right of educational institutions to have access to tax-exempt bonds. It also allows the professors throughout America to use 401(k)'s as a savings instrument. Frankly, that is very important in their lives and enables many to continue to teach.

So look at the details of these bills, examine the Duncan substitute, and you will see that it is more profamily, it is much stronger for education in America, it encourages savings, it encourages investments, and it helps to address the serious disadvantage that the committee bill puts American manufacturing at in a very hotly competitive global economy.

I thank the Chairman.

Mr. COLEMAN of Texas. Mr. Chairman, I regretfully rise in opposition to H.R. 3838, the Tax Reform Act of 1985.

I say regretfully because I realize the hard work of the Committee on Ways and Means and its chairman, Mr. ROSTENKOWSKI, and I commend them for their efforts. However, as this bill is drafted, I cannot support its passage.

The goal of tax reform throughout this year has been the simplification of the present system for the middle and lower middle class taxpayers of this Nation. While this bill attempts to achieve simplification, I believe it falls short, and if it were to become law, it would hurt many of those we are trying to help. Furthermore, while I agree with the argument that our present tax structure is not economically efficient, this bill does not necessarily remedy that problem. In a perfect world, textbook economics would apply taxes in accordance with the behavior of consumption and investment, yet this bill would artifically shift the tax burden onto capital investment and subsidize consumption at the expense of such investment and savings. If we pass this bill, new consumer demand would likely be met by foreign producers with greater capacity than our domestic producers who will be unable to obtain funds to increase production capacity. This would weaken the state of American industry, thereby creating a bonanza for America's competitors and more ammunition for protectionists. In short, if this bill were to become law I fear we would experience at best a short-term recession resulting in unemployment above the present high rate and a reduction of investment further reducing our competitive edge in the world marketplace.

As this bill is drafted, tax rates would be reduced for a great majority of Americans. However, many of those same Americans would find themselves paying higher taxes on pensions. In particular, public employees would be subject to double taxation on the first 3 years of pension payments. Those payments are funds which were already taxed before being contributed to their pension plan. This bill would tax those funds a second time.

This bill also places strict limitations on qualified pension plans, primarily known as 401(k) and 403(b). These employer-employee sponsored plans have been established to create independent retirement security for millions of Americans, mostly in the middle and lower middle income range. One group hit the hardest by these limitations would be teachers. In my home State of Texas, there is no teacher's pension plan per se, but rather an established use of tax sheltered qualified plans. The system has worked well and I fear that severely limiting it, as this bill proposes, would further erode the confidence of our educators in our tax system. It further expands the gap between public and private sector compensation which as we all know creates problems for government at all levels.

The bill also limits individual retirement accounts, rejecting fair and equitable contributions for nonworking spouses. Mr. Chairman, I think every Member here would agree that the term "nonworking spouse" is really a misnomer. It is unfair for this House to consider a tax reform bill which does not recognize the economic value inherent in the home.

Mr. Chairman, this legislation also contains provisions which would be detrimental to my State and my community. In terms of capital investment, this bill is extreme. Yes, I agree that the 1981 tax bill went too far in trying to stimulate investment and resulted in the biggest tax giveaway in the history of this Nation. But the bill before us today goes too far in the other direction. In light of our decreasing competitive position in the world marketplace, the provisions contained in this bill to strictly limit investment preferences could easily result in a continued downturn in our manufacturing base. It could impair the international competitiveness of American companies, and create a loss of more manufacturing jobs. The almost complete elimination of investment provisions for the exploration of oil and gas would further hinder that industry which has suffered from a flat market for the last 4 years. Just last week, the OPEC price war signaled a further drop in the price of oil with increased production. While lower prices are favorable, unstable price drops are deflationary to specific industries, resulting in increased unemployment, and a net reduction in national income, Furthermore, the elimination of preferences for oil and gas exploration would cut domestic production by 1.6 million barrels a day and further erode our quest for energy independence.

A reduction in the industrial capacity of the oil and gas industry would come on the heels of the devastating Mexican peso devaluations of 1982 and 1983, and most recently, the summer of 1985. As the peso continues to depreciate, the United States-Mexico border economies continue to suffer economically. Passage of this bill would only further exacerbate the situation resulting in increased business failures and greater unemployment. My constituents cannot sustain such an event, and I cannot support a measure which could bring it about.

I do not stand before this House today and attempt to protect the preferences in the existing code for the sake of the industries which benefit from them, but rather to make the point that we cannot swing from one side of the pendulum to the other without gave consequences. This bill would shift the tax burden from individuals to corporations by approximately $141 billion. I agree that corporations should pay their fair share, and I think the provisions contained in this bill for a minimum tax rate for both corporations and individuals accomplishes that goal. I agree that we should curtail some preferences which have proven to be inefficient. But we should not curtail preferences or broaden the base in an inefficient manner which will be detrimental to the economy and the American people. If we lower tax rates and eliminate the giveaways, that is good policy. But if at the same time we also put more people on the unemployment rolls, we have accomplished, at best nothing, and at worst a crisis.

Mr. Chairman, I want tax reform as much as the President and the chairman of the Committee on Ways and Means. But it wants tax reform that will not destroy industrial capacity, and in doing so, put people out of work. I do not want tax reform that is unfair to one sector of our society, as this bill would be for public employees. I do not want tax reform which will treat our educators unfairly, and jeopardize the quality of our education system. Mine will not be a vote against tax reform. It is a vote, however, to indicate my desire for real tax reform which is fair to everyone. Unfortunately this bill did not meet that standard, but I believe that if we will take the best econometric studies that have already been completed and fully consider them next to every provision we write we can tailor a bill that will meet that goal.

Mr. FORD of Michigan. Mr. Chairman, I rise in support of H.R. 3838, the Tax Reform Act of 1985. I want to commend Chairman ROSTENKOWSKI and the members of the Committee on Ways and Means for their perseverance in reporting a tax bill to the House.

While this bill is by no means perfect, it is a vast improvement over both the current Internal Revenue Code and the tax proposal submitted by the President last May. By broadening the overall tax base, shifting a larger proportion of the overall tax burden to corporations, and reducing individual marginal tax rates, this bill will provide real tax relief for families and individuals.

H.R. 3838 is a significant improvement over the President's tax proposal in its treatment of middle-income taxpayers. By a combination of increases in the standard deduction and the personal exemption, across-the-board reductions in tax rates and retention of several deductions of importance to the middle class, the Ways and Means plan lowers the average income tax of households with incomes between $30,000 and $40,000 by 9 percent. In comparison, the President's bill would have reduced taxes for this group by only 7 percent.

In addition, the Ways and Means bill does not provide the disproportionately large tax cuts that the President's tax plan would have granted to wealthy taxpayers. While H.R. 3838 would reduce the tax bill of households with incomes over $200,000 by 6 percent, the President's plan would have reduced this group's taxes by 15 percent. This is the very group that received a windfall from the President's 1981 tax bill.

H.R. 3838 also removes more than 6 million low income working taxpayers from the Federal tax rolls. There is simply no justification for the current system that taxes working individuals into poverty and forces them to rely on Government support. Under this bill, no married couple with two children would pay income taxes on income of less than $14,475 in 1987. Under current law, the same family would begin to pay taxes when income reached $9,739 in 1987.

The Committee on Ways and Means also rejected two of the President's proposals that were of particular concern both to me and to my constituents—the elimination of the deductibility of State and local taxes and the partial taxation of employer-provided health insurance benefits. H.R. 3838 retains deductibility and the tax-exempt status of these fringes. One of the primary reasons that the President's plan would have increased taxes for many middle-income taxpayers was the President's proposal to eliminate the deduction for State and local taxes. This provision of the President's plan would add to the tax burden of those families in Michigan who are homeowners and cost each Michigan itemizer an average of $908 in additional Federal taxes.

The President's tax plan would have also partially taxed employer-provided health insurance benefits. I feel that it is crucial that the Tax Code continues to encourage the provision of such benefits for workers and their families. Under the committee bill, these benefits will remain exempt from taxation. H.R. 3838 also retains the current exclusion for the cost of up to $50,000 of group-term life insurance and up to $5,000 of death benefits. The bill extends for 2 years the exclusions from taxation of employer-paid educational expenses and prepaid legal services, which are currently scheduled to expire at the end of this year.

Mr. Chairman, H.R. 3838 goes a long way toward reforming the current tax system by ensuring that wealthy individuals and corporations pay their fair share of the Federal tax burden. In 1982 nearly 300 individuals with incomes in excess of $200,000 legally paid no Federal income tax by using various loopholes and preferences in the current Tax Code. In addition, 129 profitable corporations paid no Federal income tax in at least 1 of the 4 years between 1981 and 1984. Even more outrageous is the fact that 50 of these companies received $2.4 billion in tax refunds despite earning $56.9 billion in pretax profits.

This bill attacks this problem on two fronts. First, it eliminates many of the preferences and loopholes in current law that enable many companies and wealthy individuals to avoid the payment of taxes. Second, it imposes a tough minimum tax to ensure that these corporations and individuals pay their share of taxes.

I am unconvinced of opponents' claims that this bill is antibusiness. H.R. 3838 simply reverses a long trend of eroding corporate taxes by shifting the tax burden from individuals back to the corporate side over the next 5 years. After enactment of the President's 1981 tax bill, the decline in the corporate share of taxes has accelerated. Between 1980 and 1982, corporate tax receipts fell from 12.4 percent to less than 8 percent of all Federal tax receipts.

Only the largest corporations are able to take advantage of the current preferences in the Tax Code and pay no taxes. Small businesses are generally unable to take advantage of these provisions and often pay a higher percentage of their income in taxes than large corporations. A very important feature of this bill and a reason that it is supported by small business groups, even though it is opposed by the chamber of commerce, is the graduated schedule of corporate rates for small businesses. The committee bill also dramatically reduces the corporate tax from 46 percent to 36 percent. These two provisions, combined with a simplified accounting method available to small companies, should substantially benefit small businesses.

I remain concerned about the changes in the tax treatment of retirement benefits of public employees contained in H.R. 3838. These changes in the basis recovery rules will unfairly increase the tax burden on Federal workers and other public employees who retire after July 1, 1986. Such changes will result in a mass exodus of these workers from public service and decimate the ranks of public employees. I appreciate the commitment that Chairman ROSTENKOWSKI made during our colloquy last week to examine the impact of the basis recovery rules early next year and I look forward to working with the Senate to eliminate these burdensome provisions.

While it may not make much sense to provide a tax cut when the budget deficit is $200 billion and the revenue could be used for deficit reduction, the Congress is working under the restraint of revenue neutrality imposed by the President. Given this parameter and the long overdue need for tax reform, I encourage my colleagues to support this bill.

Mr. LEVINE of California. Mr. Chairman, I rise in support of H.R. 3838, the Tax Reform Act of 1985. The Ways and Means Committee has drafted a tax simplification measure which, although not perfect, provides for greater tax equity than the present system or the tax plan recommended by the President. In passing H.R. 3838, Congress will lower tax rates for all Americans, broaden the tax base, and ensure that even the most affluent individuals and corporations pay their fair share of taxes.

The American public is legitimately fed up with our inequitable tax system. Few individuals can decipher the Tax Code, and even fewer understand it well enough to take advantage of it. There is simply no economic sense nor justice to the fact that 129 of our Nation's most profitable companies paid no taxes at all (or actually received tax rebates from the Federal Government) in at least one of the past 4 years.

Lower and middle-income earners have seen their tax bills rise continuously, while according to the Treasury Department, 3,000 of our Nation's millionaires pay no taxes at all. By eliminating extraneous deductions and providing tax relief to lower- and middle-income Americans, H.R. 3838 will restore the progressivity and basic fairness in our Tax Code, and instill greater confidence in our tax system.

I am pleased that H.R. 3838 reduces tax rates and consolidates the present 14 brackets into four rates of 15 percent, 25 percent, 35 percent, and 38 percent. This bill increases the personal exemption for all taxpayers, increasing it to $2,000 for nonitemizers. Basic deductions which are widely used by most taxpayers are also retained. Unlike the President's tax proposal,

H.R. 3838 retains the deduction for State and local taxes and the tax-free status of health benefits. Additionally, the committee bill retains tax deductions for mortgage interest deductions, charitable and IRA contributions, and child care expenses.

Unlike the Reagan tax cut of 1981, which provided disproportionate tax relief to upper income taxpayers, the Rostenkowski proposal provides the majority of tax assistance to taxpayers earning between $20,000 and $75,000. Had the administration's latest tax reform measure been enacted, 28 percent of those earning between $30,000 and $50,000 would have had their taxes raised.

I am particularly pleased that the committee has targeted tax assistance to low-income working people. H.R. 3838 would remove more than 6 million low-income households from the tax rolls. It would also provide 60 percent more in tax relief than the President had recommended to families earning less than $20,000.

Overall, this tax bill reduces the tax burden of individuals by $139 billion and increases the taxes of corporations by the same amount. Additional revenues are raised largely by the imposition of a minimum tax on individuals and corporations who have avoided paying any taxes under the present system.

Tax reform should not impose a severe hardship on corporations, which would result in a decline of business investment and expansion. However, this tax bill reduces the corporate rate from 46 percent to 36 percent and provides substantial tax relief to those companies that are presently paying their fair share of taxes. In scaling back to a number of business deductions, H.R. 3838 encourages businesses to make investment decisions based on their economic impact and not on tax consequences. Nevertheless, we must be sensitive to this bill's effect on capital formation. I hope that Congress will consider transition rules which do retroactively tax legitimate business investment.

I am also concerned about this bill's impact on community development, particularly in blighted areas. The proposed limits and cap on the use of tax-exempt bonds will slow the construction of low-income housing and inhibit public/private joint development projects. As the Federal Government has reduced its support for public housing projects and intends to phase out revenue-sharing support, our cities are being forced to reduce local community services in the face of increased poverty nationwide. Therefore, as this bill makes its way through the Senate and a conference committee, I urge my colleagues to consider alternative tax provisions for supporting bond-financed public purpose development.

Finally, I am disturbed that this tax bill does not raise additional revenues. As the House and Senate have passed legislation which provides for a balanced budget in 5 years, we cannot realistically expect to eliminate the deficit without raising revenues. The committee should have done more to scale back overall generous business writeoffs and limit tax benefits for upper income earners. If we are serious about reducing the deficit, we must do more than simply enact a revenue neutral tax bill.

H.R. 3838 is the necessary first step in providing vital tax reform and relief for the nation. As the President himself has noted: "To fail to advance a bill now would mean maintaining the status quo—a tax system with all its inequities, complexities, and tendencies to discourage efficient economic growth." Today, we move forward in promoting greater tax equity and reducing possibilities for tax evasion. Therefore, I once again urge a vote in favor of H.R. 3838.

Mr. RAHALL. Mr. Chairman, after a great deal of deliberation on the complex tax legislation reported by the Committee on Ways and Means, I find that, in the interests of my constituents, I must vote for H.R. 3838.

H.R. 3838 will provide significant relief to the majority of taxpayers in West Virginia and the Nation as a whole due to its revision of the Tax Code as it relates to individuals. This is the major reason why I am voting for this legislation, despite my deep concern with many other provisions of the bill which I find to be detrimental to the ability of our basic industries to generate the necessary capital to continue on the road to economic recovery.

Few can argue that this legislation will greatly assist the backbone of America—the middle class—and those who are less fortunate. Both lower- and middle-income households have been suffering under an overly burdensome tax structure and the provisions of this bill will bring about important changes to a tax system which is riddled with loopholes and is unnecessarily complicated.

The single most positive feature of the bill is that the tax burden faced by lower- and middle-income individuals and families would be reduced. Moreover, more than 6 million low-income individuals and families would be removed from the Federal income tax rolls altogether.

Under the legislation, four income tax brackets would be established to replace the 14 brackets under current law. These brackets would be 15 percent, 25 percent, 35 percent, and 38 percent. This top rate of 38 percent is significantly lower than that of 50 percent under current law, and, through increases in the personal exemption allowance and the earned income tax credit, the tax burden on low-income taxpayers would be substantially reduced.

In my home State of West Virginia, over one-half of those filing income tax returns in 1979 had an adjusted gross income of under $15,000. Roughly 11 percent of West Virginia's population is below the poverty level. With this in mind, it is clear that the benefits which will accrue to low- and middle-income taxpayers under the tax bill will provide substantial and much needed relief to many of my fellow West Virginians.

There are other important features in this legislation which would provide further relief to the individual taxpayer. A tax credit for child care found under current law would be maintained, helping low- and average-income families. Low-income working families would also see significant reductions in their average tax burden as a result of modifications to the earned income tax credit. Large families will benefit from reductions in income tax rates as well.

It should also be noted that the bill would maintain the tax-exempt status of black lung and workers' compensation benefits. This is a crucial issue for all workers, and serves to retain important benefits on which so many individuals depend. Other provisions of current law that would be maintained include the deductibility of State and local taxes and the beneficial tax treatment of employee benefits. These provisions provide important support to many taxpayers for whom tax relief has been a long-awaited goal.

I would now like to note my deep concern regarding provisions of H.R. 3838 which, in my view, are detrimental to our basic industries. I am committed to continue working toward the modification of these provisions.

Specifically, the bill would repeal the investment tax credit, modify current accelerated cost-recovery provisions, penalize companies competing in international commerce, reduce the percentage depletion allowance, and eliminate capital gains treatment of coal royalty income.

The repeal of the investment tax credit, combined with the modified accelerated cost recovery system, would have the effect of drastically undermining the ability of capital-intensive industries to obtain financing. Without the ability to attract much-needed capital, these industries would be unable to maintain existing operations, let alone engage in expansion projects, or develop new facilities.

A critical tax feature for the coal industry is the percentage depletion allowance—currently at 10 percent, with a 15 percent discount. The bill would reduce the allowance for coal to an effective rate of only 4.25 percent. Coupled with the elimination of the investment tax credit, as well as the elimination of capital gains treatment of coal royalty income, and the accelerated cost recovery provisions, the additional tax burdens imposed on the coal industry by H.R. 3838 greatly concern me. I submit that the U.S. coal industry, currently faced with weak market conditions and extremely low or nonexistent profit margins, cannot withstand the increase in Federal tax liability which this tax bill would impose on the industry. I am extremely disappointed in the committee's decision to target the coal industry with especially large tax increases and again emphasize my commitment to continue with my efforts to modify these provisions as congressional deliberations continue on the tax reform effort.

Mr. Chairman, because of my strong distaste for the provisions of H.R. 3838 which will do harm to capital-intensive industries, my decision to vote for this legislation did

not come easily and represents my strong support of the concept of tax reform as it relates to individual tax rates. As such, my vote today is for continuing the process of tax reform. I reserve judgment on what my position will be on the final version of the bill.

Mr. BLAZ. Mr. Chairman, I offer these brief comments in support of passage of H.R. 3838 and to acknowledge the extraordinary efforts undertaken by the chairman of the Ways and Means Committee, Mr. ROSTENKOWKSI, the minority member, Mr. DUNCAN, the chairman of the Interior and Insular Affairs Committee, Mr. UDALL, Mr. YOUNG, and Mr. LAGOMARSINO, in accommodating, within this measure, the very special and unique needs of our territories.

I suggest we recall an occasion 210 years ago when a band of renegades, displeased with, among other things, an unfair and unjust system of taxation, founded a new nation. That we today can affect legislation ensuring the territories bear both the obligations and the fruits accruing from responsible administration of their respective tax codes marks a significant step toward that day when I can stand before this body, and before my people, and state we have finally terminated a system of territorial taxation without voting representation.

Mr. DORGAN of North Dakota. Mr. Chairman, today we are going to decide whether or not there will be tax reform. It has taken us a long time to get to this point. During the past year or so, the President and the Department of the Treasury have submitted two comprehensive proposals to overhaul the Internal Revenue Code and the Ways and Means Committee has produced a bill, H.R. 3838, based on the administration's efforts.

I support H.R. 3838 and I think it deserves the support of all Members who believes as I do that those living in poverty should be taken off the tax rolls, that the tax burden on middle-income families should be reduced, and that high-income individuals and profitable corporations should pay their fair share of income taxes.

H.R. 3838 would remove more than 6 million low-income individuals and families from the Federal income tax rolls by increasing the standard deduction and the personal exemption, and by increasing the earned income credit over its current-law levels. Under the bill, virtually no family in poverty would pay Federal income taxes.

For the middle-income families, the Ways and Means bill is of special benefit. As mentioned above, the bill increases the standard deduction and personal exemption, and lowers tax rates across the board, and at the same time retains the deductions of most importance to moderate income working families, such as the excludability of employer-provided health benefits and other fringe benefits, and the deductibility of State and local taxes and home mortgage interest. The bill lowers the average income tax burden of households with incomes between $20,000 and $30,000 by 10 percent, and the average income tax burden of households with incomes between $30,000 and $40,000 by 9 percent.

The high-income individuals who now legally pay little or no income tax under current law, will lose the ability to shelter all of their income from taxes. This bill raises about $19 billion through a strengthened individual minimum tax and will make sure that all individuals pay tax on their economic income.

The bill retains the tax-exempt status of employer provided fringe benefits. Thus, there would be no change in the current treatment of employer provided health insurance and life insurance.

The bill also reforms corporate/business income taxation. Under present law, many large corporations pay no Federal income taxes despite earning large profits. The bill raises $9 billion through an expanded corporate minimum tax that ensures that no corporation can escape paying its fair share of taxes.

With respect to small businesses, the bill provides a graduated schedule of corporate rates. Furthermore, the bill provides a simplified accounting method which is only available to small businesses.

In addition, I believe the Ways and Means bill will help the family farmer. The bill retains the rules, such as the expensing of preproduction period expenses and the cash method of accounting, that family farmers have found to be most important. And, the bill sharply curtails the benefits of agricultural tax shelters for nonfarmers.

Mr. Speaker, as I have already stated, I believe the time for tax reform has come. I think that passage of H.R. 3838, the Ways and Means Committee's bill, will result in true tax reform and, therefore, I support the committee's bill.

Mr. WOLPE. Mr. Chairman, I strongly support the tax reform bill reported by the Ways and Means Committee, but I would also like to express some concerns that I have about the bill's impact upon the use of tax-exempt bonds to finance housing for low and moderate income people in my State of Michigan. It is my hope that the Ways and Means Committee bill can be improved in this regard as it moves through the legislative process. My concerns fall into the following three areas:

First. Single family targeting—The Housing Finance Agency in my State [MSHDA] has operated under State imposed income limits for a number of years and the restrictions contained in the bill on the floor will not negatively impact its financing program for existing homes. However, the restrictions proposed in the bill could effectively kill the authority's new construction home financing program in many areas of Michigan where home builders are working with a thin margin of eligible buyers.

Second. Single family sunset—The twin terrors of the construction industry, high interest rates and rising costs have combined to remove the American dream of homeownership from the reach of thousands of Michigan families. MSHDA's financing program is designed to serve the gap in the housing market that conventional mortgage lending institutions are unable to serve. Further, MSHDA's current new home income limit excludes persons making more than $30,000 from participating in its home Mortgage Finance Program. To me, the public purpose for continuing a program for people in this income range is clear and should be institutionalized as a permanent part of the Tax Code. Should this program be terminated, many potential housing programs patterned after the successful Nehemiah Program in New York may no longer be feasible. In my opinion, resources that are used by HFA's like MSHDA in recurring efforts to fight sunsets would better be spent providing interest rate buy downs and other programs to encourage homeownership in central cities for low-income families.

Third. Effective date.—The current effective date of December 31, 1985, has already begun to cause problems in the equity and revenue markets. When coupled with the concerns raised by placing housing under the volume cap, many housing units in Michigan may not be built because the bond issues necessary to sell them can not be sold at reasonable interest rates. In short, it is patently unfair to the entire Michigan economy to enact a proposal that retrospectively restricts economic activity. The effective date of the bill should be the date of enactment.

In conclusion, tax-exempt bonds have been used by the Housing Finance Agency in my State in a responsible, public spirited manner. Since its creation in 1966, the Michigan State Housing Development Authority has invested over $210 million in 8,569 housing units in my district. MSHDA financing has materially improved the standard of living for over 70,000 households in Michigan. The lives of countless renters have been uplifted and the American dream of owning a home has come true for many of Michigan's young people—90 percent of the single family homes financed by MSHDA are purchased by first time homebuyers. My fear is that the bill, as presently structured, may cause disruption in a housing production system that has worked so well for so many years.

Mr. JEFFORDS. Mr. Chairman, the Tax Reform Act of 1985 represents the most comprehensive overhaul of our tax laws in over 30 years. There are many positive aspects of this bill. It would remove from the tax rolls some 6 million of the Nation's working poor. It would result in the lowest tax rates for individuals and corporations since World War II. Its minimum tax provisions would go far to assure that corporations and individuals with savvy accountants or tax lawyers cannot manipulate the tax laws so as to avoid payment of any tax whatsoever.

Although the bill is not perfect, and although it is in no way tax simplification, in may respects Vermont taxpayers, both individual and corporate, would fare better under this legislation than under either current law or Treasury II. The bill preserves the full deduction for State and local taxes. Vermont is a relatively high tax rate State, and the deduction for State and local taxes represents a sort of Federal cost-sharing of the services financed by these

taxes including, of course, education. Many tax incentives of crucial importance to Vermont businesses have also been retained. Retention of the deduction for interest paid on mortgages for two homes was vital to my State's vacation homes industry. The depletion allowance for granite and marble has not been reduced. The bill also preserves the credit for renovation of historic and pre-1935 structures—a credit that has gone far in encouraging the revitalization of deteriorating downtown areas. For dairy farmers, the bill retains the election to currently deduct preproductive expenses. In addition, the bill would remove some of the tax favoritism that has encouraged tax shelter syndicates to engage in farming. The bill does not provide for taxation of the inside build-up of life insurance policies or the taxation of policyholder loans. Finally, Vermont's high tech industries will find the new Tax Code reduces favoritism among industries.

Having praised these aspects of the bill, I feel obliged to set forth my reasons for voting against the rule which would permit debate of the bill by the House. Since the very beginning, the Ways and Means Committee has acted under the constraint of "revenue neutrality." That is, one of the fundamental underlying assumptions was that any bill voted upon by the committee could raise no more revenue than that resulting from current law. "Revenue neutrality" was in the words of the Secretary of the Treasury, "one of the lines drawn in the sand"—a line which could not be overstepped if the committee's bill were to have support from the administration.

Our budget deficit now approaches $190 billion. The Gramm-Rudman deficit reduction legislation will require us to make far-reaching cuts in many important Federal programs in order to achieve a balanced budget by 1991. Unless we experience fantastic growth, we will be forced to accept deep and perhaps devastating cuts in domestic and defense spending. I suspect that in a couple of years, having observed the full impact on useful, effective Federal programs of the Gramm-Rudman automatic cutbacks, we may choose to achieve the Gramm-Rudman targets by raising revenues.

Passage of this bill, I fear, will rule out the income tax, including a tough minimum tax, as a future source of revenue. It is simply unrealistic to expect Congress to enact substantial individual rate reductions 1 year and then turn around the next year and pass a significant tax increase. Moreover, this bill's increase in the share of taxes borne by corporations will rule out a future rate increase for the business sector.

The two most often discussed alternative sources of revenue—an oil import fee and a value added tax—could have disastrous consequences for my Vermont constituents. Vermont's climate renders its citizens heavily dependent on imported oil. In the past, Vermont has had an ally in the Speaker's chair—a fellow New Englander who understands the disportionate burden that would be borne by citizens in the Frost Belt if an oil import fee were enacted. Next year, however, the Speaker's chair may be occupied by a gentleman from Texas, whose State faces increasing competition from cheap foreign oil imports, and an oil import fee increasingly looms as a possible alternative. The second alternative, a value-added tax, is a type of hidden sales tax, a tax which is essentially regressive in nature and which disproportionately burdens low income taxpayers. As Vermont ranks 38th in per capita income, I am especially concerned about the implications of such a tax.

In summary, I will vote for this effort to make our tax laws more fair, and I welcome the rate reductions in H.R. 3838. I am concerned, however, that we may have foreclosed the opportunity to raise revenue by way of the income tax laws. I am afraid that our search for additional revenues could well result in increases in other types of taxes that more than offset the income tax savings that will accrue upon passage of the tax reform bill. Good as the bill may be, this is no time to adopt a measure which will effectively restrict our deficit reduction options. But this also is no time to turn our backs on a good effort at making our current tax laws fairer. And that is what this bill does.

Mr. GUARINI. Mr. Chairman, I come to the well to urge my colleagues to support the Ways and Means Committee bill.

Like many of my colleagues, I was skeptical that substantial tax reform was doable.

I, for one, must admit that I was surprised that the Ways and Means Committee could craft a tax reform bill which is superior by far to the Internal Revenue Code as it now stands.

As New Jersey's only representative on the tax-writing Ways and Means Committee in Congress, my time during the last several months has been committed almost wholly to briefings, lengthy hearings, and long days in committee drafting a tax reform plan. The resulting bill is not pure tax reform, but the product of many political compromises over the months. Nonetheless, it is the closest thing to a complete overhaul of the tax system that could be achieved.

The bill approved by the committee measures up to the goals of fairness and economic balance, although it does not substantially simplify the Tax Code. It lowers rates for nearly everyone and maintains benefits claimed most frequently by middle-income families. Continued deductions for home mortgage interest on primary and secondary homes, employer-provided fringe benefits, charitable contributions and child care costs will make a real difference in their share of the tax burden.

The bill eliminates many of the abuses and loopholes in the existing Tax Code, especially as they apply to corporations and wealthy individuals. Special attention was given to establishing a strong minimum tax for corporations and individuals. Those who haven't met their fair share of the tax burden in the past won't be able to dodge their tax responsibilities in the future, and the annual injustice of major corporations paying no taxes will no longer occur. The bill we crafted is fairer by far than the Tax Code we have now.

In my opinion, the deductibility of State and local taxes was one of the most important issues the committee considered. The majority of Americans want to retain their ability to deduct State and local income taxes, property taxes and sales taxes on their Federal tax returns. We were successful in keeping this important deduction without compromise.

If this provision had been repealed, middle-income taxpayers would have been hardest hit. Over half the households that take the State and local deduction have incomes below $30,000, and 87 percent have income below $50,000. In New Jersey, the average amount deducted from Federal returns for State and local taxes was well over $1,000.

Every State and local agency and every public service—especially public safety departments—would have been adversely affected by elimination of the deduction. It would have drastically reduced financial support for one of our vital public services—education. The predictable losers would have been our schoolchildren.

The deduction for State and local taxes is the oldest in the Federal tax system; it was included in the legislation establishing the modern income tax in 1913. All along, I have said that tax reform to provide greater fairness and simplification could be achieved without elimination of State and local tax deductibility. For the sake of the hard-working, decent, tax-paying citizen, I'm pleased that the Ways and Means Committee agreed.

In another area, we were completely successful in retaining the tax-free status of fringe benefits. Under the committee bill, up to $5,000 of employer-provided death benefits will still be tax free, up to $50,000 of group term life insurance and all health insurance will still be tax free. Workers' compensation will still be tax-free. The bill includes a 2-year extension of the exclusion for employer-provided educational assistance benefits and prepaid legal assistance. For most American workers, keeping these earned benefits tax-free makes a real difference in their share of the tax burden.

All in all, the tax package approved by the committee gives the hard-working, tax-paying citizen a fair shake. It eliminates tax shelters, loopholes, excesses and abuses that large corporations and the wealthy have traditionally benefited from. We can all take great pride in reducing individual taxes to their lowest level since 1931 and in reducing corporate rates to their lowest since 1941.

I strongly urge your support for the bill.

Mr. FUQUA. Mr. Chairman, I rise in support of H.R. 3838. Even the most ardent supporters of the act recognize it is not perfect and indeed there are provisions I oppose. I am most concerned with investment tax credit provisions and the tax treatment of timber. I believe that, if this was the bill going to the President, I would be compelled to oppose it.

It is, however, a strong starting point and I deeply believe in the process of tax reform.

This act reduces the number of brackets, a step long overdue, and insures that corporations pay taxes that, up until now, they have been escaping. These steps enable us to reduce taxes for individuals and this should help our economy.

I believe the members of the Ways and Means Committee deserve praise for their efforts. They labored long and hard to produce sound legislation and I applaud their dedicated effort.

I am hopeful the other body will be able to modify our efforts in this House in a way to produce the best possible tax reform legislation for the American people. We have made the start and I shall continue my efforts on behalf of tax reform.

Mr. SHUMWAY. Mr. Chairman, there was great hope and excitement when President Reagan announced his proposal to reform the confusing and often complicated Tax Code and make it into one that is clear, simple and fair for all. The guiding principles of tax reform were to (1) simplify the tax system in order to reduce the time and resources spent on preparing tax returns, (2) make the system fair so that all taxpayers and industries and treated equally, and (3) raise the same amount of revenue as under current law. Tax reform was also intended to relieve the tax burden of families, and provide incentives for growth while eliminating the many special tax preferences and loopholes.

I embraced these goals of tax reform and was hopeful that they would be realized in the final tax bill. Unfortunately, the special interests and personal political incentives produced a bill that failed to meet the goals of true tax reform. The Ways and Means Committee took a good idea and produced a bad bill.

Somewhere along the line the goal of simplification was forgotten. The final tax bill comprises almost 1,400 pages of new tax rules published in a volume which is 2¼ inches thick. Is this simplification? The special interest groups were able to have man of their special tax breaks maintained, and the changes that were adopted were often more complex than current law. Because of the many changes contained in the bill there is all the more reason to believe that the average American taxpayer will continue to need professional help to fill out his tax returns.

A good example of antisimplification and antifairness in this tax bill is the provision affecting the personal exemption. In order to reduce the tax burden on families the President proposed increasing the personal exemption for all families to $2,000 for each dependent. The Ways and Means bill increases this exemption to $2,000 but only for families who do not itemize. If a family chooses to itemize, which the majority of families do, then they are penalized $500 for each dependent. Instead of one simple exemption amount for all taxpayers there would be two exemption amounts imposed on two categories of families. Is this simplification? Now two families with identical gross incomes living next door to one another, may have to pay substantially different taxes because one family happens to itemize and the other family doesn't. Is this fairness?

I am unable to support a tax reform bill that dramatically reduces the incentive for capital formation. In 1981 Congress overwhelmingly passed a tax bill supported by President Reagan that provided for the first major tax cut in a decade and granted incentives to business for economic growth, investment, and expansion. The economy responded with vigor and the Nation has enjoyed a continuous positive real economic growth. This bill would dismantle the very incentives that brought about this recent growth.

Raising the cost of capital to American business, especially in comparison to our major international competitors, will substantially weaken U.S. producers' competitiveness in world markets and also result in more imports. This will prove injurious to our economy by weakening a major source of its health—American industry. In reforming the Tax Code, Congress must not destroy any incentives for continued economic expansion.

The Ways and Means tax bill also has an antisavings bias. Not only does the bill do nothing to correct the lack of incentive for savings under current law, but it severely restricts several currently popular savings plans. This is incomprehensible, considering the fact that Americans are currently saving at the lowest rate in 35 years, and compare very unfavorably with other industrialized nations.

I support the fundamental concept and goals of tax reform: to simplify the Tax Code, increase fairness for all taxpayers and provide incentives for growth and expansion. These goals have not been met by the current proposals to reform the Tax Code and therefore I cannot support the Ways and Means tax bill, nor can I support the Republican substitute which is modeled after it. I am hopeful that Congress will someday enact true tax reform that meets these goals without dilution or compromise.

Mr. WEISS. Mr. Chairman, I rise in support of H.R. 3838, the Tax Reform Act of 1985.

I do so with hesitation. The bill as reported by the Committee on Ways and Means is far from perfect. It does not take advantage of the opportunity to use revenues from closing unfair tax loopholes for the urgent task of reducing the Federal budget deficit. It restricts some legitimate tax benefits that are used by middle-class Americans. And most importantly, the President has already promised that he will demand unacceptable changes in this bill before he signs it into law.

The President's own party has demonstrated its reluctance to embrace substantive tax reform by overwhelmingly voting against the rule under which the bill was to have been considered last week. Many Republican Members have now accommodated the President by voting to consider the bill. However, I remain very concerned that the same party that was highly reluctant to debate this bill in the House will later alter it in the other body to appease special interests at the expense of the American people.

If the bill reported by the Ways and Means Committee is given a chance to work, it will produce real reform of our Tax Code. It will shift a large part of the tax burden from working men and women to big business and the wealthiest individuals in our Nation, who have not have paying their fair share in recent years. The overall bill will reduce the tax payments of individuals by roughly $140 billion over the next 5 years. The Ways and Means bill is a significant and far-reaching improvement over the present Tax Code.

Tax reform is long overdue. Our Nation's Tax Code has become a labyrinth of deductions, exemptions, and preferences for big money interests. Many profitable corporations pay no taxes at all and instead receive refund checks. And many individuals avoid paying their fair share by exploiting elaborate tax shelters.

The statistics on these abuses are truly damning. A recent report found that 50 major U.S. corporations paid no tax at all during President Reagan's first term, while making $56.9 billion in profits. Instead, those corporations actually received $2.4 billion in net tax refunds during that period.

Twenty years ago, corporations supplied one-fourth of all Government revenues. Today, that figure is about 6 percent. The demise of the corporate tax began many years ago, but it received its greatest boost in 1981, when President Reagan pushed his massive tax giveaways through Congress.

A recent congressional report shows that nearly 30,000 individuals and couples who earned more than $250,000—inciuding 3,000 who earned more than $1 million—paid little or no Federal taxes in 1983.

Meanwhile, average Americans have become increasingly burdened with more and more tax payments. The result has been a growing national consensus for reforms that will simplify the Code and reestablish fairness. Democratic Members of Congress were the first to introduce comprehensive reform legislation, and President Reagan followed with a plan of his own.

There is no one who is against tax reform—if it is really reform that we get. However, the President's plan for tax reform retained many tax preferences for special interests, disproportionately benefited the most wealthy taxpayers, and eliminated important middle-class deductions. The Ways and Means Committee deserves a great deal of credit for transforming the President's proposal—which was totally unacceptable—into a bill that will accomplish significant reforms.

Under the Ways and Means bill, the tax liability of most Americans will be substantially reduced. Unlike the President's plan, which targeted the largest tax cuts to the wealthiest group of taxpayers, the Ways and Means plan offers a larger percentage

reduction to lower and middle income taxpayers than to the very wealthy.

Moreover, a significant number of taxpayers would have faced higher taxes under the President's plan, not because they deserve to pay more, but because they make heavy use of legitimate middle-class deductions. By retaining many tax benefits targeted for elimination by the President, the Ways and Means plan avoids this gross inequity.

I joined other Members of Congress in waging a battle to retain the deduction for State and local taxes. I did so because elimination of this deduction would harm individual taxpayers, burden States and localities around the Nation, and seriously undermine our Federal system of government.

Since the Federal income tax was instituted, local governments have relied on the fact that income, once taxed by the States and localities, would not then be doubly taxed by the Federal Government. Elimination of the State and local deduction would particularly harm taxpayers in New York State, where the average deduction per itemizing household amounts to $2,399, the highest in the entire Nation. However, New York State is but one of many States and localities that would face such a dilemma. Local governments would be under enormous pressure to reduce taxes and to cut services. Many businesses might be prompted to relocate in areas with lower taxes. Further, while major cities already subsidize much of the care of the Nation's poor, they would be forced to finance even more of that care, which is a national responsibility.

I also joined many of my colleagues in opposing new taxes on essential life support systems for working men and women. The President and other proponents of taxing fringe benefits argue that the tax-free status of such benefits gives workers who receive fringes an unfair advantage over workers who don't. However, this is a backwards way of looking at the problem. It is very unfortunate that some workers do not have the benefits of an adequate medical program, pension protection, or life insurance. But the bill before us today recognizes that we should address this inequity with policy changes that will ensure that all workers are covered, not by increasing costs to employees and curtailing benefits.

Among the most attractive features of the Ways and Means plan are the proposals to reduce taxes on our Nation's working poor. By raising the standard deduction, personal exemption, and earned income tax credit, more than 6 million low-income individuals who are now required to pay tax would be removed from the rolls.

While elderly taxpayers will lose the extra personal exemption to which they are currently entitled, the effect of this change will be moderated by the rise in the standard deduction and personal exemption afforded by all taxpayers. Further, nonitemizing taxpayers who are 65 and older will be offered an additional $600 standard deduction to compensate for this loss. The tax burden on most older Americans will still be lower than before.

The bill contains a number of significant changes in corporate taxation that deserve strong support. The committee followed President Reagan's recommendation in calling for the repeal of the Investment Tax Credit [ITC]. This monstrous corporate giveaway will result in a loss of $38 billion to the Treasury this year alone. Furthre, the bill completely revises the rules for depresiation allowances, replacing the current Accelerated Cost Recovery System [ACRS] with a less generous system that more closely reflects the rate at which plants and equipment actually wear out.

In addition, the bill would repeal the special low rate at which corporations are taxed for capital gains. And it takes important steps to restrict or eliminate inequitable tax preferences for a variety of American industries, including the preferences exploited most by the oil and gas industry.

The bill's provisions on tax-exempt bonds are also to be commended. I had been very concerned about the President's proposals to eliminate outright the tax-free status of almost all new nongovernmental or "private purpose" bonds issued by State and local governments. While it is true that private purpose bonds have been subject to many abuses, such a sweeping restriction would have ruled out many worthwhile projects that are pursued by private entities acting in the public interest.

Under the Ways and Means bill, most private purpose bonds will remain tax exempt. However, the Ways and Means bill does place new restrictions on the volume of tax-exempt bonds which may be issued. A certain portion of the allowable bond issues would be reserved for the use of tax-exempt organizations—such as hospitals and private educational institutions—that might otherwise have to forego needed improvements that benefit the community.

I am also enthusiastic about a series of tax changes that will curb the use of tax shelters by high-income individuals. These changes, including the imposition of a stiff minimum tax, will help ensure that all taxpayers are required to pay their fair share.

For many of my constituents, the President's proposed elimination of the charitable deduction for nonitemizers has been a major concern. Commendably, today's bill will retain this deduction, although it will be limited to amounts in excess of $100.

However, while many of the provisions of the Ways and Means tax bill offer substantive reforms that warrant our strong support, some provisions of the current bill will harm individual groups of taxpayers and should not have been included in this or any comprehensive tax reform bill.

I oppose the provisions of the committee bill that will prohibit Federal retirees from collecting their pensions tax free in their early years of retirement. This change will disrupt the carefully laid retirement plans of millions of Federal workers. I joined other Members of Congress in urging the Rules Committee to make in order an amendment that would strike this provision of the bill. While the Rules Committee did not allow such an amendment, the rule that was eventually adopted did remove from the bill an outrageous provision that would have exempted Members of Congress and their staffs from having their retirement pensions similarly taxed.

I am also concerned by the provision of the bill that would eliminate the marriage penalty deduction. While advocates of this elimination claim that other changes in the bill's rates and standard deductions will compensate for this change, I am not convinced that this will be true in every instance.

Further, the President and the Ways and Means Committee claim that the reduction of tax brackets from 14 to 4 will eliminate the need for income averaging, which allows persons with large fluctuations in their income to avoid paying taxes at high marginal rates when their income fluctuates greatly from year to year. While the consolidation of brackets will make large fluctuations in tax liability somewhat less likely, it will not by any means do away with this problem. The elimination of income averaging will severely harm many taxpayers who do not have the comfort of a reliable or consistent paycheck.

I am greatly disturbed by the committee's decision to limit the use of both section 401(k) retirement plans and section 403(b) tax-deferred annuities. These pension plans, named for their sections in the Internal Revenue Code, have been extremely popular because they help workers accumulate funds for retirement and encourage savings and investment throughout the economy. I do not believe that it is proper to limit these incentives for savings, especially when many unfair loopholes in the Tax Code have escaped scrutiny. However, it is worth noting that the tax treatment of these plans under the Ways and Means bill represents a great improvement over the President's more extreme proposals.

I am also opposed to the committee's decision to make all unemployment benefits taxable. Currently, these benefits are not taxable for taxpayers whose adjusted gross income—plus unemployment benefits—is less than $12,000. The proposed change amounts to an additional slap in the face to America's unemployed workers, who have suffered in recent years under an administration that is ignorant and unsympathetic about their plight.

While I favor the retention of graduated corporate tax rates that will benefit small businesses, I am disturbed that this bill will significantly lower the highest corporate tax bracket from 46 to 36 percent. Despite the limitations imposed on many tax preferences for big business, I do not believe that this is the proper direction in which to be moving at a time when corporate taxes have consistently lagged behind their historic levels.

Moreover, I am concerned by the new limitations that will be imposed on tax advantages for investments in low income housing projects. This will only serve to worsen a serious shortage of affordable housing for low-income Americans, which

has reached epidemic levels in New York City and elsewhere.

The tax credits for rehabilitation of older buildings, which have been used extensively to help rebuild parts of New York City, were targeted for elimination by the President. While the Ways and Means Committee voted to retain these credits, they will also be curtailed.

In recent decades, the American people have progressively lost confidence in the fairness of our tax code. Throughout this period, numerous proposals for comprehensive tax reform have been raised. All of these proposals have failed. Now, for the first time, the House of Representatives has offered a bill that provides a serious opportunity to reform the Tax Code in a manner that will benefit low- and middle-income citizens and restore confidence in the Tax Code.

The Ways and Means bill, though flawed, does provide for real reform. It is my strongest hope that the other body will not expand and add to the negative provisions of the House bill. The President has expressed his intention to support such a process. If this effort is successful, the fragile compromises that went into creating a bill that provides for real reform will be upset, and the bill will no longer warrant our support.

If the President, who has named tax reform his No. 1 domestic priority was really serious about reform of the Tax Code, he would not seek to depart from the fundamendal premises of the Ways and Means bill. Rather, he and members of his party would embrace it and nurture it. But given their current attitude and inclinations, those of us in the House who support tax reform in the name of fairness find ourselves preparing for further battles to defend this basic concept. We must commit ourselves here and now to opposing any bill presented to us by the other body which compromises this goal.

Mr. WRIGHT. Mr. Chairman, I oppose this bill at this time because it does not respond to the primary needs of our Nation. It may make them worse.

Surely the critical imperative at this moment in our history is to stop the $200 billion annual deficits which have doubled our national debt in the past 5 years.

To waste our energies at such a time on a revenue-neutral bill of this complexity while ignoring the deficit could be a modern equivalent of Nero's folly.

If our Nation has four overriding domestic priorities, I think they would be these:

Reduce the budget deficit; reverse the trade deficit; promote jobs and economic growth in the United States; restore this country to energy self-sufficiency.

In my view the bill presently before us does not serve any of those objectives.

Advertised as revenue-neutral, it utilizes the most obvious sources of new revenue and dispenses them out in tax cuts. This will make it more difficult to raise the revenues needed for budget balancing when the President and Congress jointly come to our senses and recognize the stern reality of that need.

Approximately $25 billion of the new tax cuts in this bill go to the most affluent people who pay in the top tax bracket.

The top bracket was reduced in 1981 from 70 percent down to the present 50 percent. This bill would further lower the rate at the top to 38 percent, or by approximately one-fourth. It will be cut almost in half from five years ago.

In my opinion the most affluent Americans, and most Americans for that matter, do not expect a tax cut at a time when our government is not able to pay its bills.

The American people, in fact, may be more cognizant of the relative importance of things than the President and Congress give them credit for being. Numerous opinion polls which I have seen reflect the fact that most Americans place a substantially higher priority on national debt reduction than they do on tax reform.

So far as that is concerned, the kind of tax reform most Americans would heartily approve would be simply to write a binding minimum tax upon the Nation's most profitable corporations and most affluent individuals, and then to devote the proceeds of that tax to debt reduction.

Probably the second most important need of this country is to improve our productivity, modernize our industry and revive America's competitive capacity so as to reclaim our position in world commerce.

This bill, unfortunately, destroys the most valuable tool for those who would modernize and update our aging machines of production—the investment tax credit.

This legislation will make it more difficult, not easier, for our machine tool industry, our steel industry and even segments of our emerging high technology industry to stay abreast of foreign competition.

The result could be the further erosion of our industrial base and the loss of still more American jobs.

The Chairman of the President's Council of Economic Advisers, Dr. Beryl Sprinkle, told a group of us at the White House last week in the presence of Mr. Reagan that the effect of this bill in the first 2 or 3 years would be to slow the rate of economic growth at a time when housing starts are down to their lowest level in four years, when small business failures and bank failures are at their highest level since the Great Depression. Anything that slows economic growth would seem to be exactly the wrong medicine.

Wrong too, is the effect this bill would have on the domestic oil industry. By making it harder for independent oilmen to finance the drilling of exploratory wells in the U.S., it could hasten the day of another Arab oil embargo, make us ever more dependent upon foreign sources, and needlessly prolong the time when our country can be energy independent.

I voted for the rule to permit this bill to be debated by the House. I oppose the substitute because it is simply another complex rearrangement of a revenue-neutral proposal. I will vote for recommittal because in my opinion the bill is flawed and I have no great confidence that the Senate will improve it. For all the reasons I have stated, I must vote against the bill.

Mrs. LLOYD. Mr. Chairman, I support tax simplification, I support tax reform. This bill is not simplification and it isn't good for our Nation overall. It adds, not replaces but adds, another 1,300 pages to the 3,900-page Tax Code. There are portions of the bill I strongly support and have worked to bring before the House. I am on record in support of profamily provisions. American families need the $2,000 exemption. They deserve a tax code that rewards hard work and savings. They demand and deserve tax fairness. No one, no business should be able to escape paying their share. Voluntary compliance is down and I suspect it will continue to drop as long as the code is unfair. For tax reform to be that it must eliminate those mechanisms by which large corporations in particular have succeeded in avoiding paying their share. Toward that end, I have called for a corporate minimum tax to ensure that the middle-income American doesn't pay a larger proportionate tax than a large corporation.

I've been a part of this body for awhile and I've had to analyze quite a few tax bills. I don't need to remind my colleagues of what has happened when we've passed irresponsible tax bills. It wasn't too long ago we had to repeal the withholding tax on interest. Earlier this year, we had to address the burden of recordkeeping which was included in the 1984 bill. I've been told that one paragraph of that bill alone has resulted in over 120 pages of IRS interpretations. Imagine what the IRS can do with this 1,300-page bill? The House can, and should, pass a good tax bill. It cannot do so in an atmosphere of pressure. We will regret it and will be back here to face the music as surely as we have had to in past years.

The difference between this bill and those previous ones is that this bill poses a serious threat to American jobs. It's possible to repeal withholding, it may not be possible to rebuild the American economy. Many economists have stated the bill will, at best, be growth neutral and, more likely, be growth negative. This bill affects investment in plants and equipment, research and development and investments. Further, it reduces incentives for American business to sell abroad. The constituents of my district have spoken out against this bill by an overwhelming margin. Those who are saving for their retirement oppose it because of the provisions on 401(k) plans, and spousal IRA's. We are changing the pension code for the third time in 3 years. How can individuals and their employers be expected to comply when the rules keep changing. Small business people worry that the antisavings and repeal of the investment tax credit will seriously impair their ability to grow. Those committed to the American tradition of charity oppose its provisions for charitable contributions deductions. Farmers are deeply concerned over the changes to capital gains. This is not big business speaking out in opposition

to this bill, but the men and women of the Third District of Tennessee who work and want to see economic opportunity for their chidren.

Mr. Chairman, let's close the loopholes which make our Tax Code unfair and get a bill that is profamily, prosavings, and projobs. It can be done.

Mr. BORSKI. Mr. Chairman, I rise in strong support of the Tax Reform Act of 1985. Congress and the President have talked about tax reform for more than a year, but the Ways and Means Committee put together a bill which will restore a measure of fairness to the Tax Code and provide tax relief for millions of ordinary taxpayers. It deserves the full support of the House of Representatives.

The need for tax reform cannot be overstated. Today, there is a widespread perception that everyone is not paying their fair share of taxes. Middle-income, working Americans have read story after story about wealthy individuals and profitable corporations who use hundreds of loopholes to avoid paying taxes.

Last year, about 3,000 millionaires paid no income tax. And, half of the most profitable corporations in this country paid no taxes in at least one of the last 4 years, some even received refunds. Understandably, middle America is fed up with the current Tax Code, which has asked them to shoulder a larger and larger share of the tax burden.

We now have an historic opportunity to vote for the working people of this country, to vote for greater fairness and equity. The Tax Reform Act would eliminate many of the loopholes in our present Tax Code and impose a tough, new minimum tax on wealthy individuals and profitable corporations. Big business and rich individuals—the chief beneficiaries of the 1981 Reagan tax cut—would be forced to pay the same kind of taxes that working people have been paying for a long time.

Under the plan, a majority of Americans would pay about 9 percent less in taxes, a larger tax reduction than that proposed by President Reagan. The savings for individuals would be achieved by shifting a greater share of the tax burden to corporations. Even though the top tax rate paid by corporations would drop from 46 to 36 percent, total revenues collected from corporations would increase by an incredible $138 billion over the next 5 years.

While the Ways and Means proposal generally follows the plan submitted by the President last May, it makes a number of significant changes. It retains the current deduction of State and local income, sales and property taxes. This deduction is particularly important to taxpayers in Philadelphia, who pay a larger share of State and local taxes than residents of most other American cities. The plan also preserves another important provision the President wanted to eliminate: The tax-free status of health benefits, the life support system of millions of workers and their families.

This tax plan also contains a number of benefits for small business, the backbone of our economy. A graduated schedule of corporate rates for small business and a simplified accounting method will encourage growth and development in this essential sector of the American economy. Certain Industrial development bonds utilized by family-owned and family-operated businesses would also be preserved. These bonds help local companies like Philadelphia's Penn-Maid Corp. expand production, create new jobs, and contribute to a more stable and prosperous economy.

I am also encouraged that the bill provides reasonable and just transitional relief for the Frankford Arsenal Business Center in Philadelphia. Developers of the project will be able to continue rehabilitating this former Defense Department ammunition factory which will employ 3,000 workers when completed.

The bill we are debating is a giant step towards a fairer, more equitable tax system. It represents genuine tax reform for all American taxpayers and its time has come.

Mr. DIXON. Mr. Chairman, I rise in support of the Ways and Means Committee's bill, H.R. 3838. While there is broad agreement on the necessity for reform, it is difficult to put together a similar consensus on the blueprint for such reform, much less the elements which such a package should include.

In this regard, I have high regard for the committee's work in greatly improving upon the tax reform proposal which President Reagan submitted to Congress earlier this year.

H.R. 3838 takes a major step toward tax equity, since its benefits certainly accrue to low- and moderate-income families, whereas recent tax cuts have largely favored those at the highest income levels. Corporations that have avoided taxation would be required to pay their fair share. Yet the committee's plan is in no way antibusiness. In fact, several corporations and business groups, such as Levi Strauss, General Motors, Philip Morris, IBM, the National Federation of Independent Businesses, and the American Trucking Association have endorsed the bill before us.

In response to some of the concerns raised by my constituents, I am pleased that H.R. 3838 maintains deductibility of State and local taxes, tax free status of fringe benefits, tax exempt status of Credit unions, and continues important employee benefit programs such as 401(k) and 403(b) plans. Still, this legislation is not perfect, and I am disappointed that its provisions could subject Federal pensioners to double taxation. It is my hope that this last provision will be modified as this legislation proceeds in its consideration.

In my view, this bill represents a positive effort toward tax equity. In fact, my most serious reservation is that in an effort to garner Republican votes for this measure, the President, his advisers, and leaders in the other body have made statements that make me question whether the bill we consider today will in any way resemble the bill which will be sent to the White House.

The President clearly said that he would veto the bill we are now considering. In the President's view, for this bill to become acceptable, it would have to move in a regressive direction as it relates to limiting tax reductions for low- and moderate-income families, increasing the percentage of benefits which would accrue to those with incomes over $200,000 a year, and reducing the requirements that corporations pay their fair share.

Let me state that while I am committed to the principles embodied in H.R. 3838, this measure represents the bare minimum standard of tax equity which can justify my support. If, in the coming months, the movement toward tax reform strays from these principles of equity and fairness then I will strongly oppose final enactment of any legislation that continues the unfair elements of the Reagan tax changes of the past 5 years.

I must also express concern that the rush to judgement by the House of Representatives on tax reform is ill-advised at a time when we have not yet faced the difficult decisions which will be necessitated by the recently enacted Gramm-Rudman budget deficit act. Our views of tax reform may change drastically in the coming months, but with these reservations expressed I will support H.R. 3838 as positive attempt to promote meaningful tax reform for the American people.

Ms. SNOWE. Mr. Chairman, I would like to express my support for H.R. 3838, the Tax Reform Act of 1985. While I have reservations about this measure, I support its passage since I believe it is important to move the process of tax reform forward and to allow its full consideration by the Congress.

This legislation has many sound provisions, such as reducing tax rates for individuals and corporations and removing from the tax rolls many of those currently below the poverty line. It also preserves many of the basic deductions which are important to low- and middle-income taxpayers. I was pleased to see that the full deductibility of State and local taxes was maintained. This bill embodies the concept that everyone must pay their fair share of taxes by incorporating a strong minimum tax.

I do not, however, embrace the entirety of this legislation. Specifically, I am concerned about the provisions affecting the timber industry. For example, eliminating the investment tax credit and replacing the accelerated cost recovery system with a lengthened depreciation system will decrease the incentives for capital investment available to the forest products industry. The timber industry is very capital intensive and will suffer from reduced cash-flow and increased capital costs if these provisions are enacted.

Further, the capitalization of timber maintenance costs will greatly discourage reforestation and proper forest management since it will significantly increase the costs of these activities. The timber capital gains provisions could significantly reduce

the return on timber investments, resulting in little willingness for continued investment in such long-term, high-risk assets. I strongly believe that proper incentives are needed, in order to allow the timber industry to remain viable and to compete successfully in domestic and international markets.

In addition, I have concerns about the efforts that the Tax Reform Act will have on low-income housing development. While tax-exempt financing of industrial development bonds and mortgage revenue bonds would be retained, the restrictions placed on these bonds would make it very difficult to provide affordable housing for low-income individuals. In my own State of Maine, the benefits derived due to tax-exempt financing cannot be overstated. Literally thousands of Maine people will be denied the benefit of safe, decent, and affordable housing made possible by tax-exempt bonds. As such, I hope that these concerns will be addressed before Congress considers final passage of this legislation.

Finally, I strongly believe that the potential uncertainty requires that the effective date of this bill must be delayed until January 1, 1987. Businesses and individuals must be able to make economic decisions in 1986 without the uncertainty of possible changes in important tax provisions. While I have reservations about this bill, I have received a commitment from President Reagan and Treasury Secretary Baker that they will work to modify the legislation, particularly as it relates to capital intensive industries, as well as delaying the effective date until 1987. These assurances allow my initial support for H.R. 3838.

Mrs. COLLINS. Mr. Chairman, I rise in support of the Ways and Means tax bill before us. The members of the Ways and Means Committee and most notably my good friend, Chairman ROSTENKOWSKI, are to be commended for their hard work, tenacity, and courage in taking the President's original tax proposal and creating a fair and equitable package. Although by no means perfect, the measure under consideration today represents a substantial improvement over the current law and gives the most relief to middle- and low-income Americans.

Perhaps the most striking feature of the Ways and Means tax reform package is that it retains the full deductibility of State and local taxes. Repeal or partial restriction of this deduction, as proposed in the alternative tax reform measure offered by the Republican leadership would effectively cripple the ability of State and local governments to meet critical and vital programs and services: educating our children, fighting crime, cleaning the environment, repairing roads, and assisting the poor and elderly.

The retention of the State and local tax deduction is especially necessary to preserve the fiscal health of State and local governments at a time when they are being forced to assume greater and greater responsibility in providing basic services to those who reside in communities across the country.

The Ways and Means tax reform package makes a number of improvements in the area of corporate taxation. The proposal before us repeals the investment tax credit, imposes a minimum tax on individuals and corporations, and reforms depreciation schedules. A positive feature of this provision is that it ensures that everyone pay their fair share of the Federal tax burden.

Mr. Chairman, at the request of the Caucus for Women's Issues, the Women's Research and Education Institute [WREI] recently released an analysis of the impact this measure would have on nine families. Compared to present law, five of the nine families would do better under H.R. 3838; of the other four, three would see no significant difference, and one would have a large increase. The lowest income families, both of which would be subject to income tax in 1987 under present law, would receive refunds under this proposal.

Interestingly, every one of the nine families would do better under the Ways and Means proposal than under the President's package.

In closing, let me again congratulate my colleagues on the Ways and Means Committee for having the patience to stick with this and the courage to actually report out a reform package. You have done a commendable job in the face of numerous obstacles.

I urge my colleagues to vote for this fair and equitable package.

Mr. LEVINE of California. Mr. Chairman, while I support simplifying the Tax Code and promoting greater equity in our tax system, I am very concerned about the sudden economic consequences of tax reform. Should both Houses of Congress eventually agree upon a tax simplification measure, they must do so without creating unnecessary confusion and uncertainty. We must be particularly careful to assure investors and wage-earners that what the House has passed today does not take effect tomorrow. Unanticipated alteration of our tax laws inhibits sound investment planning and will have a chilling effect on individual and business investment opportunities.

Given that the Senate will not complete action on a tax reform bill for several months, we must assure the American public that provisions in the House passed bill will not be applied retroactively. For example, we must alert investors in housing and community development projects that the effective date of various bond and depreciation provisions in H.R. 3838 are not tied to the date of passage of the House bill. Should the House and Senate eventually agree on a tax reform measure, its provisions should be applied prospectively.

Therefore, I am pleased that the House has agreed to attach a resolution to H.R. 3838 which provides that before the end of this year, the chairman and ranking members of the House and Senate tax committees and the Secretary of the Treasury will agree upon effective dates of enactment for various provisions in the tax bill. This resolution makes certain that Congress will notify all Americans about its full intent in passing a tax reform bill and the direct impact of any changes in our tax laws.

Mr. BONKER. Mr. Chairman, today's vote poses difficult questions for all of us. Personally, I consider this one of the five or six most difficult choices I have faced in my 12 years in Congress. While every Member has to make up his or her own mind, and different factors will color every Member's decision, I wanted to offer my own thoughts on this critical choices we face today.

As many have noted, I have twice supported and voted for the rule to bring this bill to the floor. This does not necessarily mean that I support or will vote for the final package. In light of the tremendous time and effort Chairman ROSTENKOWSKI devoted to this landmark legislation, however, I believe he deserved nothing less. Whatever concerns I or any other Member have about this legislation, I strongly feel that tax reform deserves its day in court.

On the bill itself, like many other Members I have very mixed feelings. Chairman ROSTENKOWSKI has crafted a bill that would make numerous positive changes to enhance the equity of our Tax Code and to ensure that all segments of our Nation pay their fair share. To that end, he deserves our gratitude.

Yet I remain deeply troubled about the impact this legislation could have upon the Federal budget deficit, U.S. economic competitiveness, and savings and investment. I am also concerned that this legislation, if enacted in its current form, could have a devastating effect upon certain industries, particularly the timber industry.

There's an old phrase, "if somebody gives you a lemon, make lemonade." In my view, Chairman ROSTENKOWSKI has taken the flawed tax reform package advanced by the White House earlier this year and greatly improved the measure. The bill still has a sour taste, and it's certainly a bitter pill for the timber industry, but overall it's far more palatable than any of us expected given the President's original proposal.

Fairness is a strong argument in favor of the Rostenkowski tax package. Our present Tax Code is a maze of loopholes, exclusions, and deductions, many of which are used by wealthy individuals and large corporations to avoid paying their fair share of taxes. A recent study by the Treasury Department found 3,000 millionaires paying no taxes at all, and 5,400 paying less than 10 percent. Another study by Citizens for Tax Justice looked at 275 profitmaking corporations and found that nearly half paid no taxes in the past 4 years; according to the study, several firms even received lucrative tax rebates from the Federal Government. By curtailing overgenerous tax breaks, this bill will make corporations base their investment decisions on economic viability and need, rather than the lure of available tax subsidies.

The Ways and Means bill provides significant tax relief to lower income taxpayers, as well as middle-income individuals who currently shoulder the bulk of our tax burden. Approximately 75 percent of the

benefits will accrue to families earning less than $50,000 each year. The Rostenkowski plan also retains most of the major deductions important to working class taxpayers—such as the State and local tax deduction, the tax-free status of health benefits, and the mortgage interest deduction—while curtailing many unproductive loopholes used primarily by the wealthy.

Finally, the committee bill would shift some of the tax burden off of individuals and back onto corporations, reversing a trend which has seen business' share of our tax load fall from 37 percent in the 1950's to less than 10 percent today. Correction of this imbalance is long overdue.

While I strongly support the bill's effort to restore the basic fairness of our Tax Code, I confess I am deeply concerned over the potentially negative macroeconomic impact of this measure. Every month, our Government announces major indicators on the health of our economy. As you look across the economic landscape of our Nation, several facts are clear—consumer spending is very strong, but U.S. manufacturing, savings, and investment continue to lag. The bulk of our increased consumer spending is being absorbed by imports, resulting in our staggering $150 billion trade deficit.

Simply stated, the bill before us today could well increase consumer spending without providing adequate incentives for personal savings, business investment, and capital formation. This emphasis in the bill could further erode our competitive position in today's global economy and merits additional study.

I am also troubled by the implications that this bill holds for our efforts to reduce the Federal budget deficit. While I am relieved to see that the bill is at least deficit-neutral according to economic projections, I believe that such a massive tax overhaul should go further and help bring down our $200 billion deficit. The bill generates significant new revenues by closing off unproductive loopholes and deductions, but instead of reducing the deficit, the bill uses these revenues to provide tax cuts during a time of relative economic health.

Already, certain Senators are talking about a tax increase next year to help control the deficit explosion. Today's bill could severely restrict our options if such revenue steps are necessary. If we use all of the money generated by closing loopholes and eliminating deductions to reduce marginal tax rates, where will we turn for new revenues when we need to cut the deficit?

Finally, enactment of this bill without significant changes, could virtually destroy the timber and wood products industries of our Nation. President Reagan's tax proposal earlier this year would have completely wiped out the three major tax provisions affecting the forest industry—capital gains treatment of timber, expensing of forest management costs, and the reforestation tax credit.

While the Rostenkowski bill does not go as far as the administration's proposal, the bill would have a devastating and discriminatory impact upon our wood products industry. Capital gains treatment for timber would be limited solely to individuals; corporations and all Federal timber holders would no longer qualify for capital gains treatment. Expensing would continue for timber growers with less than 50,000 acres, but deductions would be spread over 5 years instead of the year costs are incurred. Larger landowners would be forced to capitalize some or all of their management costs with no tax return or deferral until the trees are cut. Finally, the $10,000 per year reforestation tax credit would be eliminated.

I am deeply concerned that without these tax provisions, timber growing will cease to be a viable economic activity in the United States. It takes 30 to 60 years to grow a mature stand of timber, and unless tax policy recognizes the unique needs of the forest industry, no firm will be able to devote resources to such long-term investments.

Whatever the merits of these tax proposals on the timber industry, it is reasonably assumed that they have been included in the administration's and Ways and Means Committee's bill to be bargaining chips in negotiations with the Senate Finance Committee. While I understand the political motivation, I am in no way reassured. Our Nation's timber resources and wood products industry are too important to become a pawn in the legislative process.

So, as the House takes up these measures before us we must also be mindful of the final product when it comes back from a Senate-House conference. Unless the discriminatory provisions applying to the timber industry are modified and I am assured that there will not be a revenue shortfall, I will have no choice but to vote against the proposal.

Mr. BIAGGI. Mr. Chairman, I rise in support of H.R. 3838, Tax Reform Act of 1985. I commend the chairman of the Committee on Ways and Means, the gentleman from Illinois [Mr. ROSTENKOWSKI] for his diligence, perseverence, leadership, and political sagacity in shepherding this measure through the long, arduous hearing process to floor consideration today.

In particular, I wish to thank the gentleman and his fine staff for providing the Committee on Merchant Marine and Fisheries the opportunity to appear before his committee, and incorporating many of our comments and recommendations in the reported bill and committee report by the Committee on Ways and Means.

This bill, if enacted in its present form, goes a long way toward reconciling tax and maritime policy in the United States for the first time since World War II. This is an extraordinary achievement and one easily overlooked in a measure of such overall complexity and magnitude.

Specifically, the measure:

First, determines the scope of permissible tax-exempt financing by State and local entities of port development projects, including channel dredging, and marine terminal facility construction for operation by port authorities or lease to private terminal operators.

Second, it reaffirms and improves the Capital Construction Fund Program of the Merchant Marine Act, 1936, which provides tax-deferred financing of vessels constructed or reconstructed in domestic shipyards for acquisition by purchase of lease, and operation under U.S. registry. To this end the bill, as reported, incorporates conforming changes to the Merchant Marine Act emanating from oversight hearings before the Subcommittee on Merchant Marine. Those provisions are enacted in parallel for the first time in the Internal Revenue Code of 1985.

Third, it reaffirms the deductability of business travel expenses on board U.S.-flag cruise vessels as an incentive for the development of a domestic cruise industry in the United States.

Finally, and perhaps most importantly, the measure removes incentives buried in the Tax Code to document vessels under Flag of convenience registry. It also subjects ocean shipping services under all flags operating in U.S foreign trade to domestic taxation for the first time. In so doing it goes a long way toward creating a level playing field for U.S.-flag operators engaged in direct competition with government owned or subsidized foreign carriers.

Mr. Chairman, once again I commend the distinguished chairman of the Committee on Ways and Means, and the gentleman from Massachusetts [Mr. DONNELLY] for their considerable efforts on behalf of the beleaguered maritime industry in the United States.

Mr. DURBIN. Mr. Chairman, I rise today to offer my support for the Tax Reform Act of 1985.

Enactment of this tax package would represent a historic first step toward fashioning a fairer Tax Code for all Americans. It will provide genuine tax relief for low- and middle-income people who have shouldered too large a share of the tax burden. The Ways and Means bill removes more than 6 million low-income individuals and families from the tax rolls, eliminating one of the greatest inequitites of our current tax system. It also provides middle-income families with 50 percent of the tax reduction benefits, as opposed to the 37 percent that the President's plan would have offered.

The Ways and Means plan will require that upper income earners pay their share of the tax burden. Legalized tax avoidance, unfortunately, occurs far too often under our current Tax Code. A recent Treasury Department study found 3,000 millionaires paying virtually no taxes at all and 5,400 paying less than 10 percent.

The Ways and Means proposal sharply reduces the tax relief that the President's plan would have provided to upper income Americans. The President's tax proposal would have given those earning over $200,000 close to a third of the tax breaks resulting from tax reform. The Ways and Means plan, however, would grant them only 14 percent of the benefits. It also imposes a stiff minimum tax that would raise an additional $19 billion in revenues and

guarantees that no one will be able to evade paying his or her taxes.

The committee's proposal promotes greater equity in the Tax Code by preserving most of the basic deductions and exclusions which are widely used by middle-income families. It preserves the tax-free status of employee health benefits and allows taxpayers to continue to deduct their State and local taxes. Both of these issues have caused a great deal of concern among my constituents, and I am pleased that the final package is satisfactory on both counts.

My one source of concern about the bill is its potential impact on American business. Both the President's and the Ways and Means proposals would shift the tax burden significantly from individuals to corporations. This reverses a trend initiated by the 1981 tax cut which offered substantial tax breaks to corporations.

It is clear that Congress was excessive in 1981 in reducing corporations' tax liability by allowing them to take much greater advantage of loopholes and preferences. A recent Citizens for Tax Justice study found that 129 of our Nation's largest 275 profitable corporations paid no taxes at all or actually got money back from the Government in at least 1 of the past 4 years. The Ways and Means bill reverses this trend by bringing the corporate share of revenues back to the 1980 level.

In making these changes, we must take care that we do not go too far in the opposite direction. This is particularly true for those capital-intensive heavy industries that are still reeling from the 1982 recession and that are already facing significant problems competing in the international marketplace. They will have serious problems if their costs of investment grow too sharply

Despite that one caveat, I do not agree with the contention that the bill is antibusiness. I have talked with many owners of small and medium sized businesses across my district about the Ways and Means tax reform proposal. I found that there was overwhelming support for the measure among these business leaders. Many said that even if the bill meant some initial loss of income for them, they still wanted our tax system overhauled and made fairer. Their viewpoints helped solidify my support for the bill.

Mr. RINALDO. Mr. Chairman, while I have some concerns about specific provisions in the bill, on the whole I think it would be a significant improvement over our present income tax system.

We must not lose sight of what has been accomplished during the work on tax reform which began a little over a year ago with the Treasury's tax reform proposal. Our original mandate was to simplify the Tax Code, eliminate loopholes, reduce rates, and ensure that all individuals and corporations pay their fair share of taxes.

With some exceptions, the legislation drafted by the Ways and Means Committee carries out these principles. Tax rates for most individuals will be lowered. In addition, the personal exemption for all taxpayers, will be increased above the present $1,040. Those who itemize will gain a personal exemption of $1,500 and those who take the standard deduction, and who tend to have lower incomes, will have a personal exemption of $2,000.

There is also a stronger minimum tax to ensure that no individuals or corporations are able to avoid paying taxes. The most unfair aspect of our present income tax system is that hardworking individuals are subject to tax withholding from their salaries while some corporations with profits in the hundreds of millions of dollars are able to obtain huge tax refunds. Time after time I have heard from my constituents that they resent having to pay more in taxes than individuals or corporations with substantially higher incomes, who are better able to pay.

The deductions for State and local taxes, charitable contributions, and mortgage interest are preserved, and employee fringe benefits will remain free from taxation. I had notified both Chairman ROSTENKOWSKI and the administration that I would not accept any tax legislation that removed these tax benefits for individuals. In my view, the deduction for State and local taxes is essential both to prevent double taxation of individuals and to avoid penalizing States which have reduced their reliance on Federal funding of education and social services. I also feel that it would be most inequitable to tax individuals on employment benefits such as health and life insurance, which serve essential economic and social purposes. If these benefits were made subject to taxation, many employers would no longer offer group insurance plans, and families would then be faced with a choice between paying for much more expensive individual policies or going without adequate insurance.

The bill is not perfect, and there were changes I would like to have had considered. In my view, the thresholds for the application of the bill's higher tax rates were set too low, and I feel that they should be increased to ensure that middle-income families will not pay more than they do under the present system. As the ranking Republican member of the House Select Committee on Aging, I would have favored less severe restrictions on contributions to pension, annuity, and retirement savings plans, since I feel that we should encourage more retirement planning. Taxpayers who take advantage of the personal deductions that are preserved under this bill should not be penalized, and I therefore favor the full $2,000 personal exemption for all taxpayers, whether or not they itemize their deductions. In addition, more generous provisions should be made for business investment, in order to prevent an economic slowdown and the loss of jobs. I am hopeful that these changes will be considered as work on tax reform continues to the Senate.

Nevertheless, we cannot fail to take advantage of this historic opportunity to inject more fairness into our tax system. I therefore support the Ways and Means Committee's bill with the hope and expectation that it will be further improved in the Senate.

Mr. KOSTMAYER. Mr. Chairman, I rise today in support of H.R. 3838, the Tax Reform Act of 1985, as reported by the House Ways and Means Committee. This legislation, the result of several months of active and intense deliberation, reduces individual and corporate tax rates, broadens the tax base, and eliminates the more egregious loopholes and shelters in the present Tax Code. It is the most sweeping tax-overhaul bill in 40 years, and a major victory for the average American taxpayer.

I support H.R. 3838 for several reasons.

First, the committee bill provides substantial tax relief for middle-income American families. It lowers the average income tax burden of households with incomes between $20,000 and $30,000 by 10 percent, and the average income tax burden of households with incomes between $30,000 and $40,000 by about 9 percent. By contrast, the administration's tax reform plan would reduce the tax bill of households in the $30,000 to $40,000 income range by only 6.6 percent.

The committee bill also retains the exclusions that are most important to middle-income families. It retains the tax-exempt status of employer-provided fringe benefits, rejecting the administration's proposed taxing of the first $300 per family of employer-provided health benefits. It retains, in contrast to the administration's tax plan, the deductability of State and local taxes. And it retains, again in contrast to the administration's plan, the tax-deferred status of 401K retirement plans; 401K plans are preserved, although with some modifications in the contribution limits.

Second, the committee bill provides substantial tax relief to the working poor. By increasing and indexing for inflation the standard deduction, the personal exemption, and the earned income tax credit [EITC], Federal income taxes would be eliminated for about 6.5 million working families near the projected poverty line of $12,000 for a family of 4 in 1987. As a result, under the committee bill, no married couple with two children would pay income taxes on income under $14,475 in 1987. Under current law, this family would begin to pay taxes when their income reached $9,739 in 1987.

This reform has been urgently needed because of the dramatic rise in the tax burden of the working poor since 1979. Census Bureau data show that in the 4 years from 1979 to 1983—the latest year for which census has issued this data—the aggregate amount of Federal income taxes paid by households below the poverty line tripled, even after adjusting for inflation. The Census Bureau data also show that during the 1979 to 1983 period, the number of households below the poverty line who had to pay Federal income taxes more than tripled. It makes little sense for the Federal Government to tax away an increasing share of income from those working poor families who, by the Government's own def-

inition, do not have enough income with which to live.

Third, under the committee bill, wealthy individuals will no longer be able to use tax shelters to circumvent their tax responsibilities. The committee bill does cut the top rate from 50 to 38 percent for married couples filing jointly with taxable incomes greater than $100,000. But, the bill's crackdown on tax shelters, including a tough 25-percent minimum tax on upper-income shelter users, will put those upper-income individuals who have been able to avoid paying taxes back on the tax rolls, where they belong.

The committee bill also would greatly reduce the enormous tax breaks the administration's tax plan would provide for households making more than $200,000 a year. Under the administration's plan, nearly one-third—31.4 percent—of all individual tax cuts would go to those with incomes over $200,000, even though these households constitute fewer than 1 percent of all taxpayers. The committee's bill cuts in half this tax break to the over $200,000 group.

Finally, the committee bill would shift some of the tax burden back from individuals to corporations. The bill would reverse the dramatic decline in corporate tax payments that occurred during President Reagan's first term, increasing the corporate share of Federal revenues from 8.5 percent in 1985 to an estimated 13 percent in 1990. Twenty years ago, in 1965, the corporate share was nearly 25 percent. Also, by instituting a 25-percent minimum tax, along with other changes, the committee's bill ensures that large profitable corporations will be paying taxes. Too many profitable corporations have been able to escape any tax liability under our current system.

The committee tax reform bill, Mr. Chairman, is not perfect. I am disappointed that the provision which eliminates the current tax exemption for the initial portion of Federal employee pensions which reflects the employee's contribution to his or her retirement fund was not stricken from the committee's bill. I believe this provision is unfair to Federal retirees, and undermines the ability of the Federal Government to attract and retain qualified personnel. I am also concerned that the committee bill's provision which eliminates the investment tax credit may adversely affect capital-intensive industries, such as steel and coal. But, overall, the committee's bill is much fairer and equitable than current tax law. I hope these two issues will be dealt with by the Senate. To some degree they are offset by lower rates both for corporations and individuals.

Much has been made of the American taxpayers lack of interest in the various tax reform proposals that reduce individual tax rates. I believe this misses the basis of popular support for tax reform. Resentment does not arise from the idea of paying taxes: The American people have always demonstrated a willingness to pay their fair share of taxes in the national interest. Instead, resentment arises from the awareness that while they pay their income taxes, many high-income families and large profitable corporations pay little or no income tax at all. The committee bill is an important step toward a system in which all taxpayers pay their fair share.

Still Mr. Chairman, the Congress must do a great deal more in the area of tax reform. When the 2d session of the 99th Congress convenes, we will be in the midst of determining the spending cuts and/or revenue increases which may be mandated by Gramm-Rudman. In the 1984 elections, I opposed increasing individual income taxes—and I continue to be opposed. However, billions of dollars still escape Federal taxation because of the many unjustifiable loopholes which persist. The closing of those loopholes could bring in additional revenues, thus reducing substantially the spending cuts and revenue increases that Congress must inevitably consider.

I urge my colleagues to support the committee tax reform bill

Mr. DUNCAN. Mr. Chairman, I reserve the balance of my time.

Mr. ROSTENKOWSKI. Mr. Chairman, I yield 5 minutes to the gentleman from Missouri [Mr. GEPHARDT] to close debate.

Mr. GEPHARDT. Mr. Chairman, this is a day that I have personally waited for for about 3 years now. It was about 3 years ago that Senator BILL BRADLEY and I put together and offered our Fair-Tax Act. But I must say that the work that the committee has done over the last 9 months was a lot harder than writing one simple tax reform bill. I would like to commend the chairman of the committee and members of the committee for the work that has been done over the past 9 months and especially the last 6 weeks in putting together this piece of legislation.

I cannot remember a time in my 9 years of service on the Committee on Ways and Means that the committee has worked as hard as it worked to put this piece of legislation together. I think it is a worthy product. Some have said that it is not perfect, that it is not the very best tax reform that we have ever seen.

Clearly it is not, but I do not think we should let the perfect be the enemy of the good. I feel that this tax reform bill is very good. One of the speakers a moment ago said we do not need to rush into judgment, we can wait until next year, the year after that, or maybe 3 years from now to do a tax reform.

That is what we have been saying in the Congress for the last 40 years. The Speaker this morning said that John Kennedy tried to do tax reform and was not quite able to do it because people believed we ought to put it off. Other Presidents have tried to do tax reform, Richard Nixon, Jimmy Carter, probably every President has made an attempt to do tax reform.

Every time there has been good reason not to do it. Let me tell you what the reason is: The reason is that there are powerful interests in the country that have figured out that it is easier to spend through the Tax Code than it is to spend directly.

Twenty years ago we had 36 billion dollars' worth of tax preferences in the code. Today we have 360 billion dollars' worth. The biggest program in the Federal Government is not defense, it is not Social Security, it is a program called tax breaks. Half the income in the country is not subject to income tax because of tax breaks, all for legitimate and good reasons that we put in the code through the years. And as a result of all those tax breaks, most of them coming in the last 20 years, we now have a code that is patently unfair. And that is what I would really like to focus on in these few minutes.

Put aside all of the other issues, all of the messages that are being sent to you by interests today, all of the phone calls, all of the worries, all of the other issues, there is really only one major issue that was presented in this bill today. That is whether or not you want a Tax Code that is fair to the people that you and I represent in this country. This bill means, clear all the other issues away, this bill means middle income and poor families in the country will get a tax cut per year of around $300; not because we cut the amount of revenue coming in to the Government but because we are taking money from people who today are not paying any taxes and we are giving it to people who have ever carried the greatest burden of paying taxes in this country.

Let me just cite some facts, and please listen to those facts: 30,000 taxpayers in 1983 making more than $250,000 paid virtually no tax; nearly 17,000 of those making over $250,000 paid less tax, less tax than a typical 4-person family with $45,000 of income. On top of this, 1,500 taxpayers making over $1 million in earned income owed less tax, owed less tax, than the middle-income family that I have been talking about.

I think it is time to do a tax reform. I do not want to put it off until next year or the year after that or the year after that because it is simply another way of saying we really do not want to reform the code, we really are not interested in basic fairness, and, importantly, we are not interested in representing the silent people of this country who have been done in by the way we have done the code over the last 20 years.

I have not seen middle-income families marching the halls lobbying over the last 6 weeks or 9 months to reform the code. I have seen lobbyists for corporations that do not pay any tax and people who do not pay any tax.

Let us not lose the opportunity to have tax reform this year.

Mr. DUNCAN. Mr. Chairman, I yield back the balance of my time.

The CHAIRMAN. All time for general debate has expired.

Pursuant to the provisions of House Resolution 343, the bill is considered as having been read for amendment under the 5-minute rule.

The following amendments are considered as having been adopted:

(1) An amendment to strike line 23 on page 840 through line 12 on page 841 and insert in lieu thereof the following: "(2) Repeal of special rule for employees' annuities.—The amendments made by paragraph (1) of subsection (c) shall apply where the annuity starting date is after July 1, 1986."; and (2) an amendment to strike out subtitle C of title XV and the corresponding portion of the Table of Contents.

No other amendments are in order except the following amendments, which shall not be subject to amendment except as specified, shall be considered as having been read, and shall not be subject to demand for a division of the question:

First, the amendment printed in the CONGRESSIONAL RECORD of December 10, 1985 by, and if offered by, Representative UDALL, or his designee, which shall be debatable for 20 minutes, to be equally divided and controlled by the proponent of the amendment and a Member opposed thereto;

Second, the amendment printed in the CONGRESSIONAL RECORD of December 10, 1985 by, and if offered by, Representative MCHUGH, or his designee, which shall be debatable for 20 minutes, to be equally divided and controlled by the proponent of the amendment and a Member opposed thereto;

Third, the amendment in the nature of a substitute printed in the CONGRESSIONAL RECORD of December 6, 1985 by, and if offered by, Representative DUNCAN, or his designee, as modified by the amendment contained in section 3 of House Resolution 343, which shall be debatable for 2 hours, to be equally divided and controlled by the proponent of the amendment and a Member opposed thereto; and

Fourth, amendments recommended by the Committee on Ways and Means, which shall not be subject to amendment and shall not be considered as having been read.

The text of H.R. 3838 is as follows:

H.R. 3838

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the "Tax Reform Act of 1985".

(b) TABLE OF CONTENTS.—

Sec. 1. Short title.
Sec. 2. Internal Revenue Code of 1985 enacted.
Sec. 3. Amendment of 1985 Code; coordination with section 15.

TITLE I—INDIVIDUAL INCOME TAX PROVISIONS

Subtitle A—Rate Reductions; Increase in Standard Deductions and Personal Exemptions

Sec. 101. Rate reductions.
Sec. 102. Increase in standard deduction.
Sec. 103. Increase in personal exemptions.
Sec. 104. Technical amendments.

Subtitle B—Provisions Related to Tax Credits

Sec. 111. Increase in earned income credit.
Sec. 112. Repeal of credit for contributions to candidates for public office.

Subtitle C—Provisions Related to Exclusions

Sec. 121. $5,000 limit on dependent care assistance exclusion.
Sec. 122. Taxation of unemployment compensation.
Sec. 123. Scholarships, etc.

Subtitle D—Provisions Related to Deductions

Sec. 131. Repeal of deduction for 2-earner married couples.
Sec. 132. 1-percent floor on miscellaneous itemized deductions.
Sec. 133. Charitable deduction for individuals who do not itemize made permanent.
Sec. 134. Repeal of deduction for adoption expenses.

Subtitle E—Miscellaneous Provisions

Sec. 141. Repeal of income averaging.
Sec. 142. Limitations on deductions for meals, travel, and entertainment.
Sec. 143. Changes in treatment of hobby loss, etc.
Sec. 144. Deduction for mortgage interest and real property taxes allowable where parsonage allowance or military housing allowance received.
Sec. 145. Information reporting of income taxes and real and personal property taxes.

Subtitle F—Effective Dates

Sec. 151. Effective dates.

TITLE II—CAPITAL INCOME PROVISIONS

Subtitle A—Depreciation Provisions

Sec. 201. Repeal of accelerated cost recovery system.
Sec. 202. Recapture provisions for section 1250 property.
Sec. 203. Effective dates.

Subtitle B—Repeal of Regular Investment Tax Credit

Sec. 211. Repeal of regular investment tax credit.

Subtitle C—Changes in Certain Rapid Amortization Provisions

Sec. 221. Repeal of 5-year amortization of trademark and trade name expenditures.
Sec. 222. Repeal of 5-year amortization of pollution control facilities.
Sec. 223. Changes relating to depreciation of expenditures to rehabilitate low-income rental housing.
Sec. 224. Repeal of amortization of railroad grading and tunnel bores.
Sec. 225. 2-year extension of expense treatment for removal of architectural barriers to the handicapped and elderly.

Subtitle D—Other Capital Related Costs

Sec. 231. Amendments relating to credit for increasing research activities.
Sec. 232. Modification of investment tax credit for rehabilitation expenditures.
Sec. 233. Provisions relating to merchant marine capital construction funds.

Subtitle E—Capital Gains and Losses

Sec. 241. Reduction in deduction for capital gains.
Sec. 242. Repeal of section 631(c).
Sec. 243. Gain from disposition of interest in oil, gas, or geothermal property.

Subtitle F—Provisions Relating to Oil and Gas

Sec. 251. Amortization of certain intangible drilling and development costs.
Sec. 252. Phase-out of percentage depletion for oil and gas wells.
Sec. 253. Percentage depletion not allowed for lease bonuses, etc.
Sec. 254. Percentage depletion for geothermal deposits.
Sec. 255. Exemption from windfall profit tax for certain crude oil exchanged for residual fuel oil.

Subtitle G—Treatment of Hard Minerals

Sec. 261. Reduction of percentage depletion for certain hard minerals.
Sec. 262. Treatment of development and mining exploration expenditures.

Subtitle H—Provisions Relating to Energy Credits

Sec. 271. Extention of residential energy credits for solar renewable energy source expenditures.
Sec. 272. Extension of energy investment credit for solar property.
Sec. 273. Termination of credit for producing fuel from a nonconventional source.
Sec. 274. Repeal of alcohol fuels credit.
Sec. 275. Provisions relating to excise tax on fuels.

Subtitle I—Extension of Other Credits

Sec. 282. Extension and modification of targeted jobs credit.
Sec. 283. Extension of credit for clinical testing expenses for certain drugs.

TITLE III—CORPORATE PROVISIONS

Subtitle A—Corporate Rate Reductions

Sec. 301. Corporate rate reductions.
Sec. 302. Repeal of corporate capital gains treatment.
Sec. 303. Reduction in dividends received deduction.

Subtitle B—Dividend Paid Deduction; Etc.

Sec. 311. 10-percent dividend paid deduction.
Sec. 312. Reduction in dividend received deduction.
Sec. 313. Repeal of partial exclusion of dividends received by individuals.
Sec. 314. Clarification of nondeductibility of stock redemption expenses.

Subtitle C—Limitation on Net Operating Loss Carryforwards and Excess Credit Carryforwards

Sec. 321. Limitation on net operating loss carryforwards.

Subtitle D—Recognition of Gain and Loss on Distributions of Property in Liquidation

Sec. 331. Amendment to section 336
Sec. 332. Amendment to section 337.
Sec. 333. Amendment to section 338.
Sec. 334. Technical amendments.

Sec. 335. Effective date.

TITLE IV—TAX SHELTERS

Sec. 401. Extension of at risk limitations to real property.
Sec. 402. Limitation on deduction for nonbusiness interest.

TITLE V—ALTERNATIVE MINIMUM TAX

Sec. 501. Alternative minimum tax for individuals and corporations.

TITLE VI—FOREIGN TAX PROVISIONS

Subtitle A—Foreign Tax Credit Modifications

Sec. 601. Separate application of section 904 with respect to certain categories of income.
Sec. 602. Treatment of certain withholding taxes and subsidies.
Sec. 603. Clarification of treatment of separate limitation losses.
Sec. 604. Deemed paid credit under sections 902 and 960 determined on accumulated basis.

Subtitle B—Source Rules

Sec. 611. Determination of source in case of sales of personal property.
Sec. 612. Limitations on special treatment of 80-20 corporations.
Sec. 613. Special rules for transportation income.
Sec. 614. Rules for allocating interest, etc., to foreign source income.
Sec. 615. Source rule for space and certain ocean activities.
Sec. 616. 2-year modification in regulations providing for allocation of research and experimental expenditures.

Subtitle C—Taxation of Income Earned Through Foreign Corporations

Sec. 621. Income subject to current taxation.
Sec. 622. Testing controlled foreign corporations and foreign personal holding companies by value and voting power.
Sec. 623. Subpart F de minimis rule and 70-percent rule based on earnings and profits.
Sec. 624. Repeal of special treatment of possessions corporations.
Sec. 625. Treatment of foreign investment company stock.
Sec. 626. Only effectively connected capital gains and losses of foreign corporations taken into account for purposes of accumulated earnings tax and personal holding company provisions.

Subtitle D—Special Tax Provisions for United States Persons

Sec. 641. Modifications to section 936.
Sec. 642. Treatment of certain employees of the Panama Canal Commission.
Sec. 643. Modifications of FSC and DISC provisions.
Sec. 644. Reduction in limitation on section 911 exclusion.
Sec. 645. Treatment of interest on obligations of the United States received by banks organized in Guam.

Subtitle E—Treatment of Foreign Taxpayers

Sec. 651. Second level branch tax.
Sec. 652. Treatment of deferred payments arising out of business conducted within the United States.
Sec. 653. Treatment under section 877 of property received in tax-free exchanges, etc.
Sec. 654. Provisions relating to amount and withholding of excise taxes on policies issued by foreign insurers.

Subtitle F—Foreign Currency Transactions

Sec. 661. Treatment of foreign currency transactions.

Subtitle G—Tax Treatment of Possessions

PART I—TREATMENT OF GUAM, AMERICAN SAMOA, AND THE NORTHERN MARIANA ISLANDS

Sec. 671. Authority of Guam, American Samoa, and the Northern Mariana Islands to enact revenue laws.
Sec. 672. Exclusion of possession source income from the gross income of certain individuals.
Sec. 673. Treatment of corporations organized in Guam, American Samoa, or the Northern Mariana Islands.

PART II—TREATMENT OF THE VIRGIN ISLANDS

Sec. 674. Coordination of United States and Virgin Islands individual income taxes.
Sec. 675. Virgin Islands corporations allowed possession tax credit.

PART III—COVER OVER OF INCOME TAXES

Sec. 676. Cover over of income taxes.

PART IV—EFFECTIVE DATE

Sec. 677. Effective date.

TITLE VII—TAX-EXEMPT BONDS

Sec. 701. State and local bonds.
Sec. 702. Repeal of provisions relating to general stock ownership corporations.
Sec. 703. Effective dates.

TITLE VIII—FINANCIAL INSTITUTIONS

Sec. 801. Limitations on bad debt reserves.
Sec. 802. Interest incurred to carry tax-exempt bonds.
Sec. 803. Termination of special 10-year carryback rules for certain financial institutions.
Sec. 804. Repeal of special reorganization rules for financial institutions.
Sec. 805. Treatment of losses on deposits or accounts in insolvent financial institutions.

TITLE IX—ACCOUNTING PROVISIONS

Subtitle A—General Provisions

Sec. 901. Simplified dollar-value LIFO method for certain small businesses.
Sec. 902. Limitation on use of cash method of accounting.
Sec. 903. Recognition of gain on pledges of installment obligations.
Sec. 904. Repeal of completed contract method of accounting.
Sec. 905. Capitalization of certain expenses where taxpayer produces property.
Sec. 906. Repeal of reserve for bad debts of taxpayers other than financial institutions.
Sec. 907. Limitation on accrual of vacation pay.
Sec. 908. Inclusion in gross income of contributions in aid of construction.

Subtitle B—Provisions Relating to Timber

Sec. 911. 5-year amortization of certain timber preproductive expenditures.
Sec. 912. Capital gains treatment for timber not available to corporations.

Subtitle C—Special Provisions Relating to Agriculture

Sec. 921. Repeal of special treatment of expenditures for fertilizer and clearing land.
Sec. 922. Limitation on expensing of soil and water conservation expenditures.
Sec. 923. Treatment of dispositions of converted wetlands or highly erodible croplands.
Sec. 924. Treatment of the netting of gains and losses by cooperatives.
Sec. 925. Treatment of certain plant variety protection certificates as patents.

TITLE X—INSURANCE PRODUCTS AND COMPANIES

PART I—POLICYHOLDER ISSUES

Sec. 1001. Repeal of exclusion for interest on installment payments of life insurance proceeds.
Sec. 1002. Deduction for nonbusiness casualty losses covered by insurance allowable only if claim filed.
Sec. 1003. Exclusion from income with respect to structured settlements limited to cases involving physical injury.

PART II—LIFE INSURANCE COMPANIES

Sec. 1011. Repeal of special life insurance company deduction.
Sec. 1012. Repeal of tax-exempt status for certain organizations providing commercial-type insurance.
Sec. 1013. Operations loss deduction of insolvent companies may offset distributions from policyholders surplus account.

PART III—PROPERTY AND CASUALTY INSURANCE COMPANIES

Sec. 1021. Inclusion in income of 20 percent of unearned premium reserve.
Sec. 1022. Treatment of certain dividends and tax-exempt interest.
Sec. 1023. Taxable income for taxable years beginning after 1987 may not be less than 20/36 of net gain from operations.
Sec. 1024. Repeal of protection against loss account.
Sec. 1025. Revision of special treatment for small companies.
Sec. 1026. Study of treatment of policyholder dividends by mutual property and casualty insurance companies.
Sec. 1027. Study of treatment of loss reserves of property and casualty insurance companies.

TITLE XI—PENSIONS AND DEFERRED COMPENSATION; FRINGE BENEFITS

Subtitle A—Pensions and Deferred Compensation

PART I—LIMITATIONS ON TAX-DEFERRED SAVINGS

Sec. 1101. Coordination of IRA deduction with other elective deferrals.
Sec. 1102. $7,000 limitation on elective 401(k) and 403(b) deferrals.
Sec. 1103. Adjustments to limitations on contributions and benefits under qualified plans.
Sec. 1104. Section 457 made applicable to deferred compensation plans of tax-exempt organizations.

PART II—NONDISCRIMINATION REQUIREMENTS

Sec. 1111. Cash or deferred arrangements.
Sec. 1112. Nondiscrimination requirements

for employer matching contributions and employee contributions.
Sec. 1113. Nondiscrimination requirements for tax-sheltered annuities.
Sec. 1114. Social security benefits earned with prior employer not taken into account in determining whether plan is discriminatory.
Sec. 1115. Benefits treated as accruing ratably for purposes of determining whether plan is top-heavy.
Sec. 1116. Modification of rules for benefits forfeitures.

PART III—TREATMENT OF DISTRIBUTIONS

Sec. 1121. Minimum distribution requirements.
Sec. 1122. Taxation of distributions.
Sec. 1123. Uniform additional tax on early distributions from qualified retirement plans.

PART IV—MISCELLANEOUS PROVISIONS

Sec. 1131. Adjustments to section 404 limitations.
Sec. 1132. Excise tax on reversion of qualified plan assets to employer.
Sec. 1133. Tax on excess distributions.
Sec. 1134. Treatment of loans.
Sec. 1135. Deferred annuities available only to natural persons.
Sec. 1136. Study of eligibility requirements.
Sec. 1137. Plan amendments not required until January 1, 1988.
Sec. 1138. Requirement that collective bargaining agreements be bona fide.
Sec. 1139. Penalty on underpayments attributable to overstatement of pension liabilities.

Subtitle B—Fringe Benefit Provisions

PART I—NONDISCRIMINATION RULES FOR CERTAIN STATUTORY FRINGE BENEFIT PLANS

Sec. 1151. Nondiscrimination rules for coverage and benefits under certain statutory fringe benefit plans.

PART II—OTHER PROVISIONS

Sec. 1161. 2-year extension of exclusions for educational assistance programs and group legal plans.
Sec. 1162. Treatment of certain full-time life insurance salesmen.
Sec. 1163. Study.

Subtitle C—Changes Relating to Employee Stock Ownership Plans

Sec. 1171. Repeal of employee stock ownership credit.
Sec. 1172. Termination of certain additional tax benefits relating to employee stock ownership plans.
Sec. 1173. Changes in requirements relating to employee stock ownership plans.
Sec. 1174. Distributions on termination permitted.
Sec. 1175. Special rule for eligible worker-owned cooperatives.
Sec. 1176. Transition rules.

TITLE XII—UNEARNED INCOME OF CERTAIN DEPENDENT CHILDREN; TRUSTS AND ESTATES

Subtitle A—Unearned Income of Certain Minor Children

Sec. 1201. Unearned income of certain minor children.

Subtitle B—Taxation of Estates and Trusts and Their Beneficiaries

Sec. 1221. Taxation of trusts and estates and their beneficiaries.

Subtitle C—Generation-Skipping Transfers

Sec. 1221. New tax on generation-skipping transfers.
Sec. 1222. Related amendments.
Sec. 1223. Effective dates.

TITLE XIII—COMPLIANCE AND TAX ADMINISTRATION

PART I—REVISION OF CERTAIN PENALTIES, ETC.

Sec. 1301. Penalty for failure to file information returns or statements.
Sec. 1302. Increase in penalty for failure to pay tax.
Sec. 1303. Amendments to penalty for negligence and fraud.

PART II—ESTIMATED TAX PAYMENTS BY INDIVIDUALS

Sec. 1311. Current year liability test increased from 80 to 90 percent.

PART III—PROVISIONS RELATING TO ATTORNEYS' FEES AND EXHAUSTION OF ADMINISTRATIVE REMEDIES

Sec. 1315. Extension of provision permitting payment of attorneys' fees, etc.
Sec. 1316. Increase in court costs for Tax Court where taxpayer fails to exhaust administrative remedies.

PART IV—TAX ADMINISTRATION PROVISIONS

Sec. 1321. Authority to rescind notice of deficiency with taxpayer's consent.
Sec. 1322. Authority to abate interest due to errors or delays by the Internal Revenue Service.
Sec. 1323. Suspension of compounding where interest on deficiency suspended.
Sec. 1324. Certain service-connected disability payments exempt from levy.
Sec. 1325. Increase in value of personal property subject to certain listing and notice procedures.
Sec. 1326. Certain recordkeeping requirements.

PART V—INTEREST PROVISIONS

Sec. 1331. Differential interest rate.
Sec. 1332. Interest on accumulated earnings tax to accrue beginning on date return is due.

PART VI—MODIFICATION OF WITHHOLDING ALLOWANCES

Sec. 1335. Withholding allowances to reflect new rate schedules.

PART VII—INFORMATION REPORTING PROVISIONS

Sec. 1341. Requirement of reporting for real estate transactions.
Sec. 1342. Information reporting on persons receiving contracts from certain Federal agencies.
Sec. 1343. Tax-exempt interest required to be shown on return.

PART VIII—REPORT ON RETURN-FREE SYSTEM

Sec. 1345. Report.

PART IX—CERTAIN DIESEL FUEL TAXES MAY BE IMPOSED ON SALES TO RETAILERS

Sec. 1351. Tax on sales to retailer.

TITLE XIV—MISCELLANEOUS PROVISIONS

Sec. 1401. Exclusion for certain foster care payments.
Sec. 1402. Extension of rules for spouses of individuals missing in action.
Sec. 1403. Imposition of excise tax on amounts paid for United States television and radio broadcast rights for Olympic events; transfer of funds to Trust Fund.
Sec. 1404. Certain distributions of low cost articles and exchanges and rentals of member lists by certain organizations not to be treated as unrelated trade or business.
Sec. 1405. Changes in deduction of taxes and interest by tenant-stockholders of cooperative housing corporations.
Sec. 1406. Treatment of computer software royalties and interest of securities dealers for purposes of personal holding company tax.
Sec. 1407. Adoption assistance agreements under adoption assistance program; payment of nonrecurring expenses related to adoptions of children with special needs.

TITLE XV—TECHNICAL CORRECTIONS

Sec. 1500. Coordination with other titles.

Subtitle A—Related to the Tax Reform Act of 1984

CHAPTER 1—AMENDMENTS RELATED TO TITLE I OF THE ACT

Sec. 1501. Amendments related to deferral of certain tax reductions.
Sec. 1502. Amendments related to tax-exempt entity leasing provisions.
Sec. 1503. Amendments related to treatment of bonds and other debt instruments.
Sec. 1504. Amendments related to corporate provisions.
Sec. 1505. Amendments related to partnership provisions.
Sec. 1506. Amendments related to trust provisions.
Sec. 1507. Amendments related to accounting changes.
Sec. 1508. Amendments related to tax straddle provisions.
Sec. 1509. Amendments related to depreciation provisions.
Sec. 1510. Amendments related to foreign provisions.
Sec. 1511. Amendments related to reporting, penalty, and other provisions.
Sec. 1512. Amendments related to miscellaneous provisions.

CHAPTER 2—AMENDMENTS RELATED TO TITLE II OF THE ACT

Sec. 1521. Amendments related to section 211 of the Act.
Sec. 1522. Amendments related to section 216 of the Act.
Sec. 1523. Amendment related to section 217 of the Act.
Sec. 1524. Amendment related to section 218 of the Act.
Sec. 1525. Amendments related to section 221 of the Act.
Sec. 1526. Amendments related to section 222 of the Act.
Sec. 1527. Amendments related to section 223 of the Act.
Sec. 1528. Amendment related to section 224 of the Act.
Sec. 1529. Waiver of interest on certain underpayments of tax.

CHAPTER 3—AMENDMENTS RELATED TO TITLE III OF THE ACT

Sec. 1531. Amendment related to section 301 of the Act.
Sec. 1532. Amendment related to section 303 of the Act.
Sec. 1533. Amendment related to section 311 of the Act.

CHAPTER 4—AMENDMENTS RELATED TO TITLE IV OF THE ACT
Sec. 1541. Amendment related to section 411 of the Act.
Sec. 1542. Amendments related to section 421 of the Act.
Sec. 1543. Amendments related to section 422 of the Act.
Sec. 1544. Amendments related to section 431 of the Act.
Sec. 1545. Amendment related to section 452 of the Act.
Sec. 1546. Amendment related to section 461 of the Act.
Sec. 1547. Amendments related to section 473 of the Act.
Sec. 1548. Amendments related to section 474 of the Act.
Sec. 1549. Amendments related to section 491 of the Act.
CHAPTER 5—AMENDMENTS RELATED TO TITLE V OF THE ACT
Sec. 1551. Amendments related to welfare benefit plan provisions.
Sec. 1552. Amendments related to pension plan provisions.
Sec. 1553. Amendments related to fringe benefit provisions.
Sec. 1554. Amendments related to employee stock ownership plans.
Sec. 1555. Amendment related to miscellaneous employee benefit provisions.
CHAPTER 6—AMENDMENTS RELATED TO TITLE VI OF THE ACT
Sec. 1561. Amendments related to section 611 of the Act.
Sec. 1562. Amendment related to section 612 of the Act.
Sec. 1563. Amendment related to section 613 of the Act.
Sec. 1564. Amendments related to section 621 of the Act.
Sec. 1565. Amendment related to section 622 of the Act.
Sec. 1566. Transitional rule for limit on small issue exception.
Sec. 1567. Amendment related to section 624 of the Act.
Sec. 1568. Amendment related to section 625 of the Act.
Sec. 1569. Amendments related to section 626 of the Act.
Sec. 1570. Amendment related to section 627 of the Act.
Sec. 1571. Amendments related to section 628 of the Act.
Sec. 1572. Amendments related to section 631 of the Act.
Sec. 1573. Amendments related to section 632 of the Act.
Sec. 1574. Treatment of certain pollution control bonds.
CHAPTER 7—MISCELLANEOUS PROVISIONS
Sec. 1575. Amendments related to title VII of the Act.
Sec. 1576. Amendments related to title VIII of the Act.
Sec. 1577. Amendments related to title IX of the Act.
Sec. 1578. Amendments related to title X of the Act.
Sec. 1579. Miscellaneous provisions.
CHAPTER 8—EFFECTIVE DATE
Sec. 1581. Effective date.
Subtitle B—Related to Other Programs Affected by the Deficit Reduction Act of 1984
CHAPTER 1—AMENDMENTS RELATED TO SOCIAL SECURITY ACT PROGRAMS
Sec. 1585. Amendments related to coverage of church employees (section 2603 of the Deficit Reduction Act).
Sec. 1586. Corrections relating to enrollment and premium penalty under the medicare working aged provision.
Sec. 1587. Technical corrections in other provisions related to Social Security Act programs.
CHAPTER 2—AMENDMENTS RELATED TO UNEMPLOYMENT COMPENSATION PROGRAM
Sec. 1590. Technical corrections in Federal Unemployment Tax Act.
CHAPTER 3—AMENDMENTS RELATED TO TRADE AND TARIFF PROGRAMS
Sec. 1591. Amendments to the tariff schedules.
Sec. 1592. Technical corrections to countervailing and antidumping duty provisions.
Sec. 1593. Amendments to the Trade Act of 1974.

Sec. 1595. Amendments to the Trade and Tariff Act of 1984.
Sec. 1596. Amendments to the Caribbean Basin Economic Recovery Act.
Sec. 1597. Conforming amendments regarding customs brokers.
Sec. 1598. Special effective date provisions for certain articles given duty-free treatment under the Trade and Tariff Act of 1984.

SEC. 2. INTERNAL REVENUE CODE OF 1985 ENACTED.

(a) ENACTMENT.—The provisions designated in subsection (b) are hereby enacted into law and may be cited as the "Internal Revenue Code of 1985".

(b) PROVISIONS ENACTED.—The provisions designated in this subsection are as follows:

(1) the Internal Revenue Code of 1954 as in effect immediately before the enactment of this Act,

(2) the amendments to such Code made by title XV of this Act (relating to technical corrections), and

(3) the amendments made by the other titles of this Act.

(c) REFERENCES IN OTHER LAWS TO THE INTERNAL REVENUE CODE.—Any reference in any other law of the United States or in any Executive order to any provision of the Internal Revenue Code of 1954 shall, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof, be deemed also to refer to the corresponding provision of the Internal Revenue Code of 1985.

(d) SAVINGS PROVISIONS.—

(1) IN GENERAL.—Subchapter B of chapter 80 (relating to effective date and related provisions) is amended by adding at the end thereof the following new section:

"SEC. 7853. TRANSITION TO THE INTERNAL REVENUE CODE OF 1985.

"Any provision of section 7851 or 7852 relating to the transition from the Internal Revenue Code of 1939 to the Internal Revenue Code of 1954 is hereby extended to and made applicable to the transition from the Internal Revenue Code of 1954 to the Internal Revenue Code of 1985, whenever such extension and application is necessary or appropriate."

(2) CONFORMING AMENDMENTS.—

(A) The table of sections for subchapter B of chapter 80 is amended by adding at the end thereof the following new item:

"7853. Transition to the Internal Revenue Code of 1985."

(B) Subsection (d) of section 7852 is amended—

(i) by striking out "this title shall" and inserting in lieu thereof "this title in effect on August 16, 1954, shall", and

(ii) by striking out "on the date of enactment of this title" and inserting in lieu thereof "such date".

SEC. 3. AMENDMENT OF 1985 CODE; COORDINATION WITH SECTION 15.

(a) AMENDMENT OF 1985 CODE.—Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of those provisions embodied in paragraphs (1) and (2) of section 2(b), as amended by amendments and repeals made by this Act and appearing in this Act before the amendment or repeal concerned.

(b) COORDINATION WITH SECTION 15.—

(1) IN GENERAL.—Except as provided in paragraph (2), for purposes of section 15 of the Internal Revenue Code of 1985, no amendment or repeal made by this Act shall be treated as a change in the rate of a tax imposed by chapter 1 of such Code.

(2) EXCEPTION.—Paragraph (1) shall not apply to the amendment made by section 301 (relating to corporate rate reductions).

TITLE I—INDIVIDUAL INCOME TAX PROVISIONS

Subtitle A—Rate Reductions; Increase in Standard Deduction and Personal Exemptions

SEC. 101. RATE REDUCTIONS.

(a) GENERAL RULE.—Section 1 (relating to tax imposed on individuals) is amended to read as follows:

"SEC. 1. TAX IMPOSED.

"(a) MARRIED INDIVIDUALS FILING JOINT RETURNS AND SURVIVING SPOUSES.—There is hereby imposed on the taxable income of—

"(1) every married individual (as defined in section 143) who makes a single return jointly with his spouse under section 6013, and

"(2) every surviving spouse (as defined in section 2(a)),

a tax determined in accordance with the following table:

"If taxable income is	The tax is:
Not over $22,500	15% of taxable income.
Over $22,500 but not over $43,000.	$3,375, plus 25% of the excess over $22,500.
Over $43,000 but not over $100,000.	$8,500, plus 35% of the excess over $43,000.
Over $100,000	$28,450, plus 38% of the excess over $100,000.

"(b) HEADS OF HOUSEHOLDS.—There is hereby imposed on the taxable income of every head of a household (as defined in section 2(b)) a tax determined in accordance with the following table:

"If taxable income is	The tax is:
Not over $16,000	15% of taxable income.
Over $16,000 but not over $34,000.	$2,400, plus 25% of the excess over $16,000.
Over $34,000 but not over $75,000.	$6,900, plus 35% of the excess over $34,000.
Over $75,000	$21,250, plus 38% of the excess over $75,000.

"(c) UNMARRIED INDIVIDUALS (OTHER THAN SURVIVING SPOUSES AND HEADS OF HOUSEHOLDS).—There is hereby imposed on the taxable income of every individual (other than a surviving spouse as defined in section 2(a) or the head of a household as defined in section 2(b)) who is not a married individual (as defined in section 143) a tax deter-

mined in accordance with the following table:

"If taxable income is	The tax is:
Not over $12,500	15% of taxable income.
Over $12,500 but not over $30,000.	$1,875, plus 25% of the excess over $12,500.
Over $30,000 but not over $60,000.	$6,250, plus 35% of the excess over $30,000.
Over $60,000	$16,750, plus 38% of the excess over $60,000.

"(d) MARRIED INDIVIDUALS FILING SEPARATE RETURNS; ESTATES AND TRUSTS.—There is hereby imposed on the taxable income of—

"(1) every married individual (as defined in section 143) who does not make a single return jointly with his spouse under section 6013, and

"(2) every estate and trust,

a tax determined in accordance with the following table:

"If taxable income is	The tax is:
Not over $11,250	15% of taxable income.
Over $11,250 but not over $21,500.	$1,687.50, plus 25% of the excess over $11,250.
Over $21,500 but not over $50,000.	$4,250, plus 35% of the excess over $21,500.
Over $50,000	$14,225, plus 38% of the excess over $50,000.

"(e) ADJUSTMENTS IN TAX TABLES SO THAT INFLATION WILL NOT RESULT IN TAX INCREASES.—

"(1) IN GENERAL.—Not later than December 15 of 1986, and each subsequent calendar year, the Secretary shall prescribe tables which shall apply in lieu of the tables contained in subsections (a), (b), (c), and (d) with respect to taxable years beginning in the succeeding calendar year.

"(2) METHOD OF PRESCRIBING TABLES.—The table which under paragraph (1) is to apply in lieu of the table contained in subsection (a), (b), (c), or (d), as the case may be, with respect to taxable years beginning in any calendar year shall be prescribed—

"(A) by increasing the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed under such table by the cost-of-living adjustment for such calendar year,

"(B) by not changing the rate applicable to any rate bracket as adjusted under subparagraph (A), and

"(C) by adjusting the amounts setting forth the tax to the extent necessary to reflect the adjustments in the rate brackets.

"(3) COST-OF-LIVING ADJUSTMENT.—For purposes of paragraph (2), the cost-of-living adjustment for any calendar year is the percentage (if any) by which—

"(A) the CPI for the preceding calendar year, exceeds

"(B) the CPI for the calendar year 1985.

"(4) CPI FOR ANY CALENDAR YEAR.—For purposes of paragraph (3), the CPI for any calendar year is the average of the Consumer Price Index as of the close of the 12-month period ending on August 31 of such calendar year.

"(5) CONSUMER PRICE INDEX.—For purposes of paragraph (4), the term 'Consumer Price Index' means the last Consumer Price Index for all-urban consumers published by the Department of Labor.

"(6) ROUNDING.—

"(A) IN GENERAL.—If any increase determined under paragraph (2)(A) or under section 63(c)(4) is not a multiple of $10, such increase shall be rounded to the nearest multiple of $10 (or if such increase is a multiple of $5, such increase shall be increased to the next higher multiple of $10).

"(B) TABLE FOR MARRIED INDIVIDUALS FILING SEPARATELY, ETC.—In the case of the table contained in subsection (d) and the standard deduction applicable to a married individual filing a separate return, subparagraph (A) shall be applied by substituting '$5' for '$10' each place it appears and by substituting '$2.50' for '$5'."

(b) AMENDMENT OF SECTION 15.—Subsection (d) of section 15 (relating to effect of changes in rates during a taxable year) is amended to read as follows:

"(d) SECTION NOT TO APPLY TO INFLATION ADJUSTMENTS.—This section shall not apply to any change in rates under subsection (e) of section 1 (relating to adjustments in tax tables so that inflation will not result in tax increases)."

(c) RATE SCHEDULES FOR 1986.—

(1) IN GENERAL.—The tax imposed by section 1 of the Internal Revenue Code of 1985 for taxable years beginning in calendar year 1986 shall be determined under tables prescribed by the Secretary of the Treasury or his delegate under paragraph (2).

(2) METHOD OF PRESCRIBING TABLES.—The tables prescribed for purposes of paragraph (1) shall be constructed so that the tax imposed by section 1 of such Code for each taxable income level is substantially equivalent to the tax which would have been imposed for a calendar year 1986 taxpayer if—

(A) the change of rates provided by subsection (a) took effect on July 1, 1986, and

(B) section 15 of such Code applied to such change of rates on the basis of monthly proration in lieu of daily proration.

SEC. 102. INCREASE IN STANDARD DEDUCTION.

(a) GENERAL RULE.—Section 63 (defining taxable income) is amended to read as follows:

"SEC. 63. TAXABLE INCOME DEFINED.

"(a) IN GENERAL.—Except as provided in subsection (b), for purposes of this subtitle, the term 'taxable income' means gross income minus the deductions allowed by this chapter (other than the standard deduction).

"(b) INDIVIDUALS WHO DO NOT ITEMIZE THEIR DEDUCTIONS.—In the case of an individual who does not elect to itemize his deductions for the taxable year, for purposes of this subtitle, the term 'taxable income' means adjusted gross income, minus—

"(1) the standard deduction,

"(2) the deduction for personal exemptions provided in section 151, and

"(3) the direct charitable deduction.

"(c) STANDARD DEDUCTION.—For purposes of this subtitle—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the term 'standard deduction' means the sum of—

"(A) the basic standard deduction, and

"(B) the additional standard deduction.

"(2) BASIC STANDARD DEDUCTION.—For purposes of paragraph (1), the basic standard deduction is—

"(A) $4,800 in the case of—

"(i) a joint return, or

"(ii) a surviving spouse (as defined in section 2(a)),

"(B) $4,200 in the case of a head of household (as defined in section 2(b)),

"(C) $2,950 in the case of an individual who is not married and who is not a surviving spouse or head of household, or

"(D) $2,400 in the case of a married individual filing a separate return.

"(3) ADDITIONAL STANDARD DEDUCTION FOR AGED AND BLIND.—For purposes of paragraph (1), the additional standard deduction is the sum of each additional amount to which the taxpayer is entitled under subsection (f).

"(4) ADJUSTMENTS FOR INFLATION.—In the case of any taxable year beginning in a calendar year after 1987, each dollar amount contained in paragraph (2) or subsection (f) shall be increased by an amount equal to—

"(A) such dollar amount, multiplied by

"(B) the cost-of-living adjustment determined under section 1(e)(3), for the calendar year in which the taxable year begins, by substituting 'calendar year 1986' for 'calendar year 1985' in subparagraph (B) thereof.

"(5) LIMITATION ON STANDARD DEDUCTION IN THE CASE OF CERTAIN DEPENDENTS.—In the case of an individual with respect to whom a deduction under section 151 is allowable to another taxpayer for a taxable year beginning in the calendar year in which the individual's taxable year begins, the standard deduction applicable to such individual for such individual's taxable year shall not exceed such individual's earned income.

"(6) CERTAIN INDIVIDUALS, ETC., NOT ELIGIBLE FOR STANDARD DEDUCTION.—In the case of—

"(A) a married individual filing a separate return where either spouse itemizes deductions,

"(B) a nonresident alien individual,

"(C) a citizen of the United States entitled to the benefits of section 931 (relating to income from sources within possessions of the United States),

"(D) an individual making a return under section 443(a)(1) for a period of less than 12 months on account of a change in his annual accounting period, or

"(E) an estate or trust, common trust fund, or partnership,

the standard deduction shall be zero.

"(d) ITEMIZED DEDUCTIONS.—For purposes of this subtitle, the term 'itemized deductions' means the deductions allowable by this chapter other than—

"(1) the deductions allowable in arriving at adjusted gross income,

"(2) the deductions for personal exemptions provided by section 151, and

"(3) the direct charitable deduction.

"(e) ELECTION TO ITEMIZE.—

"(1) IN GENERAL.—Unless an individual makes an election under this subsection for the taxable year, no itemized deduction shall be allowed for the taxable year. For purposes of this subtitle, the determination of whether a deduction is allowable under this chapter shall be made without regard to the preceding sentence.

"(2) TIME AND MANNER OF ELECTION.—Any election under this subsection shall be made on the taxpayer's return, and the Secretary shall prescribe the manner of signifying such election on the return.

"(3) CHANGE OF ELECTION.—Under regulations prescribed by the Secretary, a change of election with respect to itemized deductions for any taxable year may be made after the filing of the return for such year. If the spouse of the taxpayer filed a separate return for any taxable year corresponding to the taxable year of the taxpayer, the change shall not be allowed unless, in accordance with such regulations—

"(A) the spouse makes a change of election with respect to itemized deductions, for the taxable year covered in such separate return, consistent with the change of treatment sought by the taxpayer, and

"(B) the taxpayer and his spouse consent in writing to the assessment, within such period as may be agreed on with the Secretary, of any deficiency, to the extent attributable to such change of election, even though at the time of the filing of such consent the assessment of such deficiency

would otherwise be prevented by the operation of any law or rule of law.

This paragraph shall not apply if the tax liability of the taxpayer's spouse, for the taxable year corresponding to the taxable year of the taxpayer, has been compromised under section 7122.

"(4) FLOOR ON ITEMIZED DEDUCTIONS.—If an individual elects to itemize deductions for the taxable year, the amount of itemized deductions which may be allowed for such year shall not exceed the excess of—

"(A) the amount of itemized deductions for the taxable year, over

"(B) the product of $500 and the number of personal exemptions to which the taxpayer is entitled under section 151.

The $500 amount contained in subparagraph (B) shall be adjusted for inflation in the manner provided by section 151 for adjusting the amount of the personal exemptions.

"(f) AGED OR BLIND ADDITIONAL AMOUNTS.—

"(1) ADDITIONAL AMOUNTS FOR THE AGED.—The taxpayer shall be entitled to an additional amount of $600—

"(A) for himself if he has attained age 65 before the close of his taxable year, and

"(B) for the spouse of the taxpayer if the spouse has attained age 65 before the close of the taxable year and an additional exemption is allowable to the taxpayer for such spouse under section 151(b).

"(2) ADDITIONAL AMOUNT FOR BLIND.—The taxpayer shall be entitled to an additional amount of $600—

"(A) for himself if he is blind at the close of the taxable year, and

"(B) for the spouse of the taxpayer if the spouse is blind as of the close of the taxable year and an additional exemption is allowable to the taxpayer for such spouse under section 151(b).

For purposes of subparagraph (B), if the spouse dies during the taxable year the determination of whether such spouse is blind shall be made as of the time of such death.

"(3) BLINDNESS DEFINED.—For purposes of this subsection, an individual is blind only if his central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or if his visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

"(g) MARITAL STATUS.—For purposes of this section, marital status shall be determined under section 143.

"(h) DIRECT CHARITABLE DEDUCTION.—For purposes of this section, the term 'direct charitable deduction' means that portion of the amount allowable under section 170(a) which is taken as a direct charitable deduction for the taxable year under section 170(i).

"(i) TRANSITIONAL RULE FOR TAXABLE YEARS BEGINNING IN 1986.—In the case of any taxable year beginning in 1986, paragraph (2) of subsection (c) shall be applied—

"(1) by substituting '$3,670' for '$4,800',

"(2) by substituting '$2,480' for '$4,200' and for '$2,950', and

"(3) by substituting '$1,835' for '$2,400'.

The preceding sentence shall not apply if the taxpayer is entitled to an additional amount determined under subsection (f) (relating to additional amount for aged and blind) for the taxable year."

(b) OPTIONAL TAX TABLES.—Section 3 (relating to tax tables for individuals) is amended by striking out subsection (a) and inserting in lieu thereof the following:

"(a) IMPOSITION OF TAX TABLE TAX.—

"(1) IN GENERAL.—In lieu of the tax imposed by section 1, there is hereby imposed for each taxable year on the taxable income of every individual—

"(A) who does not itemize his deductions for the taxable year, and

"(B) whose taxable income for such taxable year does not exceed the ceiling amount,

a tax determined under tables, applicable to such taxable year, which shall be prescribed by the Secretary and which shall be in such form as he determines appropriate. In the table so prescribed, the amounts of the tax shall be computed on the basis of the rates prescribed by section 1.

"(2) CEILING AMOUNT DEFINED.—For purposes of paragraph (1), the term 'ceiling amount' means, with respect to any taxpayer, the amount (not less than $20,000) determined by the Secretary for the tax rate category in which such taxpayer falls.

"(3) CERTAIN TAXPAYERS WITH LARGE NUMBER OF EXEMPTIONS.—The Secretary may exclude from the application of this section taxpayers in any tax rate category having more than the number of exemptions for that category determined by the Secretary.

"(4) AUTHORITY TO PRESCRIBE TABLES FOR TAXPAYERS WHO ITEMIZE DEDUCTIONS.—The Secretary may provide that this section shall apply also for any taxable year to individuals who itemize their deductions. Any tables prescribed under the preceding sentence shall be on the basis of taxable income."

SEC. 103. INCREASE IN PERSONAL EXEMPTIONS.

(a) GENERAL RULE.—Subsection (f) of section 151 (defining exemption amount) is amended to read as follows:

"(f) EXEMPTION AMOUNT.—For purposes of this section—

"(1) IN GENERAL.—Except as provided in paragraph (2), the term 'exemption amount' means $2,000.

"(2) LIMITATION ON EXEMPTION AMOUNT IN THE CASE OF CERTAIN DEPENDENTS.—In the case of an individual with respect to whom a deduction under section 151 is allowable to another taxpayer for a taxable year beginning in the calendar year in which the individual's taxable year begins, the exemption amount applicable to such individual for such individual's taxable year shall not exceed the sum of—

"(A) $1,000, and

"(B) the excess (but not more than $1,000) of—

"(i) the amount of such individual's earned income for the taxable year, over

"(ii) the standard deduction applicable to such individual for such year (determined with regard to section 63(c)(5)).

"(3) INFLATION ADJUSTMENT FOR YEARS AFTER 1986.—In the case of any taxable year beginning in a calendar year after 1986, each dollar amount contained in paragraph (1) or (2) shall be increased by an amount equal to—

"(A) such dollar amount, multiplied by

"(B) the cost-of-living adjustment (as defined in section 1(e)(3)) for the calendar year in which the taxable year begins.

If the increase determined under the preceding sentence is not a multiple of $10, such increase shall be rounded to the nearest multiple of $10 (or if such increase is a multiple of $5, such increase shall be increased to the next higher multiple of $10)."

(b) REPEAL OF ADDITIONAL EXEMPTIONS FOR TAXPAYERS OVER AGE 65 OR BLIND.—Section 151 is amended by striking out subsections (c) and (d) and by redesignating subsections (e) and (f) as subsections (c) and (d), respectively.

SEC. 104. TECHNICAL AMENDMENTS.

(a) FILING REQUIREMENTS.—

(1) SECTION 6012.—

(A) Paragraph (1) of section 6012(a) (relating to persons required to make returns of income) is amended to read as follows:

"(1)(A) Every individual having for the taxable year gross income which equals or exceeds the exemption amount, except that a return shall not be required of an individual (other than an individual described in subparagraph (C))—

"(i) who is not married (determined by applying section 143), is not a surviving spouse (as defined in section 2(a)), is not a head of a household (as defined in section 2(b)), and for the taxable year has gross income of less than the sum of the exemption amount plus the basic standard deduction applicable to such an individual,

"(ii) who is a head of a household (as so defined) and for the taxable year has gross income of less than the sum of the exemption amount plus the basic standard deduction applicable to such an individual,

"(iii) who is a surviving spouse (as so defined) and for the taxable year has gross income of less than the sum of the exemption amount plus the basic standard deduction applicable to such an individual, or

"(iv) who is entitled to make a joint return and whose gross income, when combined with the gross income of his spouse, is, for the taxable year, less than the sum of twice the exemption amount plus the basic standard deduction applicable to a joint return, but only if such individual and his spouse, at the close of the taxable year, had the same household as their home.

Clause (iv) shall not apply if for the taxable year such spouse makes a separate return or any other taxpayer is entitled to an exemption for such spouse under section 151(c).

"(B) The amount specified in clause (i), (ii) or (iii) of subparagraph (A) shall be increased by the amount of 1 additional standard deduction in the case of an individual entitled to such deduction by reason of section 63(f)(1)(A) (relating to individuals age 65 or more), and the amount specified in clause (iv) of subparagraph (A) shall be increased by the amount of the additional standard deduction for each additional standard deduction to which the individual or his spouse is entitled by reason of section 63(f)(1).

"(C) The exception under subparagraph (A) shall not apply to any individual—

"(i) described in section 63(c)(5) whose income (other than earned income) is at least equal to the exemption amount applicable under section 151(d)(2), or

"(ii) for whom the standard deduction is zero under section 63(c)(6).

"(D) For purposes of this subsection—

"(i) The terms 'standard deduction', 'basic standard deduction' and 'additional standard deduction' have the meanings given such terms by section 63(c).

"(ii) The term 'exemption amount' has the meaning given such term by section 151(d)."

(B) Paragraph (9) of section 6012(a) is amended by striking out "$2,700 or more" and inserting in lieu thereof "not less than the sum of the exemption amount plus the basic standard deduction under section 63(c)(2)(D)".

(2) SECTION 6013.—Subparagraph (A) of section 6013(b)(3) (relating to when return deemed filed) is amended—

(A) by striking out "(twice the exemption amount in case such spouse was 65 or over)" each place it appears,

(B) by striking out "section 151(f)" and inserting in lieu thereof "section 151(d)", and

(C) by adding at the end thereof the following new sentence: "For purposes of clauses (ii) and (iii), if the spouse whose gross income is being compared to the exemption amount is 65 or over, such clauses shall be applied by substituting 'the sum of the exemption amount and the additional standard deduction under section 63(c)(2) by reason of section 63(f)(1)(A)' for 'the exemption amount'."

(b) OTHER AMENDMENTS.—

(1) SECTION 21, ETC.—

(A) Sections 21(b)(1)(A), 21(e)(6)(A), and 129(c)(1) are each amended by striking out "section 151(e)" and inserting in lieu thereof "section 151(c)".

(B) Sections 21(e)(6)(B), 32(c)(1)(A)(i), 129(c)(2), 152(e)(1)(A), and 7703(b)(1) are each amended by striking out "section 151(e)(3)" and inserting in lieu thereof "section 151(c)(3)".

(2) SECTION 152, ETC.—Sections 152(d)(2) and 2032A(c)(7)(D) are each amended by striking out "section 151(e)(4)" and inserting in lieu thereof "section 151(c)(4)".

(3) SECTION 172.—Subsection (d) of section 172 (relating to modifications) is amended by striking out paragraph (7).

(4) SECTION 402.—Subparagraph (B) of section 402(e)(1), as amended by section 1122(b) of this Act, is amended by striking out "the zero bracket amount applicable to such individual for the taxable year plus".

(5) SECTION 441.—Clause (iii) of section 441(f)(2)(B) (relating to change in accounting period) is amended by striking out "and by adding the zero bracket amount,".

(6) SECTION 443.—

(A) Paragraph (1) of section 443(b) (relating to computation of tax on change of annual accounting period) is amended by striking out ", and adding the zero bracket amount".

(B) Clause (ii) of section 443(b)(2)(A) (relating to computation based on 12-month period) is amended to read as follows:

"(ii) the tax computed on the modified taxable income for the short period."

(7) SECTION 511.—Sections 511(b)(1) and 10641(a) (relating to tax on charitable, etc., trusts) are each amended by striking out "section 1(e)" and inserting in lieu thereof "section 1(d)".

(8) SECTION 613A.—Paragraph (1) of section 613A(d) (relating to limitation on percentage depletion based on taxable income) is amended by striking out "(reduced in the case of an individual by the zero bracket amount)".

(9) SECTION 667.—Paragraph (2) of section 10667(b) (relating to tax on amount deemed distributed by trust in preceding years) is amended to read as follows:

"(2) TREATMENT OF LOSS YEARS.—For purposes of paragraph (1), the taxable income of the beneficiary for any taxable year shall be deemed to be not less than zero."

(10) SECTION 861.—Subsection (b) of section 861 (relating to taxable income from sources within the United States) is amended by striking out "the zero bracket amount" and inserting in lieu thereof "the standard deduction".

(11) SECTION 862.—Subsection (b) of section 862 (relating to taxable income from sources without the United States) is amended by striking out "the zero bracket amount" and inserting in lieu thereof "the standard deduction".

(12) SECTION 904.—Subsection (a) of section 904 (relating to limitation on foreign tax credit) is amended by striking out the last sentence.

(13) SECTION 1211.—Subparagraph (A) of section 1211(b)(1) (relating to limitation on capital losses) is amended by striking out "reduced (but not below zero) by the zero bracket amount".

(14) SECTION 1398.—Subsection (c) of section 1398 (relating to computation and payment of tax; zero bracket amount) is amended—

(A) by striking out "ZERO BRACKET AMOUNT" in the subsection heading and inserting in lieu thereof "BASIC STANDARD DEDUCTION", and

(B) by striking out paragraph (3) and inserting in lieu thereof the following:

"(3) BASIC STANDARD DEDUCTION.—In the case of an estate which does not itemize deductions, the basic standard deduction for the estate for the taxable year shall be the same as for a married individual filing a separate return for such year."

(15) SECTION 3402.—

(A) Paragraph (1) of section 3402(f) (relating to withholding exemptions) is amended by striking out subparagraphs (B) and (C) and by redesignating subparagraphs (D), (E), (F), and (G) as subparagraphs (B), (C), (D), and (E), respectively.

(B) Subparagraph (B) of section 3402(f)(1), as redesignated by subparagraph (A), is amended by striking out "subparagraph (A), (B), (C), or (F)" and inserting in lieu thereof "subparagraph (A) or (D)".

(C) Subparagraph (C) of section 3402(f)(1), as redesignated by subparagraph (A), is amended by striking out "section 151(e)" and inserting in lieu thereof "section 151(c)".

(D) Subparagraph (E) of section 3402(f)(1), as redesignated by subparagraph (A), is amended by striking out "zero bracket" and inserting in lieu thereof "standard deduction".

(E) The last sentence of paragraph (1) of section 3402(f) is amended—

(i) by striking out "subparagraph (G)" and inserting in lieu thereof "subparagraph (E)", and

(ii) by striking out "zero bracket" and inserting in lieu thereof "standard deduction".

(F) Paragraph (3) of section 3402(m) is amended by inserting "(including the additional standard deduction under section 63(c)(3) for the aged and blind)" after "deductions".

(16) SECTION 6014.—

(A) Subsection (a) of section 6014 (relating to income tax return—tax not computed by taxpayer) is amended by striking out "who does not have an unused zero bracket amount (determined under section 63(e))" and inserting in lieu thereof "who is not described in section 6012(a)(1)(C)(i)".

(B) Paragraph (4) of section 6014(b) is amended to read as follows:

"(4) to cases where the taxpayer itemizes his deductions or where the taxpayer claims a reduced standard deduction by reason of section 63(c)(5)."

(17) SECTION 6212.—Subparagraph (A) of section 6212(c)(2) (relating to cross references) is amended to read as follows:

"(A) Deficiency attributable to change of treatment with respect to itemized deductions, see section 63(e)(3)."

(18) SECTION 6504.—Paragraph (2) of section 6504 (relating to cross references) is amended to read as follows:

"(2) Change of treatment with respect to itemized deductions where taxpayer and his spouse make separate returns, see section 63(e)(3)."

Subtitle B—Provisions Related to Tax Credits

SEC. 111. INCREASE IN EARNED INCOME CREDIT.

(a) INCREASE IN AMOUNT OF CREDIT.—Subsection (a) of section 32 (relating to earned income credit) is amended by striking out "11 percent" and inserting in lieu thereof "14 percent".

(b) INCREASE IN INCOME LEVEL AT WHICH PHASEOUT BEGINS.—Subsection (b) of section 32 is amended to read as follows:

"(b) LIMITATION.—

"(1) IN GENERAL.—The credit allowable to any taxpayer under subsection (a) for any taxable year shall be reduced by 10 percent of so much of the adjusted gross income (or, if greater, the earned income of the taxpayer for the taxable year) as exceeds $9,000.

"(2) TRANSITIONAL RULE FOR 1986.—In the case of any taxable year beginning in 1986, paragraph (1) shall be applied by substituting '$6,500' for '$9,000'."

(c) INFLATION ADJUSTMENTS.—Section 32 is amended by adding at the end thereof the following new subsection:

"(i) INFLATION ADJUSTMENTS.—

"(1) INFLATION ADJUSTMENT TO AMOUNT OF CREDIT FOR YEARS AFTER 1985.—In the case of any taxable year beginning in a calendar year after 1985, the $5,000 amount contained in subsection (a) shall be increased by an amount equal to—

"(A) $5,000, multiplied by

"(B) the cost-of-living adjustment determined under section 1(e)(3), for the calendar year in which the taxable year begins, by substituting 'calendar year 1984' for 'calendar year 1985' in subparagraph (B) thereof.

A similar increase shall be made in the $6,500 amount contained in subsection (b)(2).

"(2) INFLATION ADJUSTMENT IN PHASEOUT FOR YEARS AFTER 1987.—In the case of any taxable year beginning in a calendar year after 1987, the $9,000 figure contained in subsection (b)(1) shall be increased by an amount equal to—

"(A) $9,000, multiplied by

"(B) the cost-of-living adjustment determined under section 1(e)(3), for the calendar year in which the taxable year begins, by substituting 'calendar year 1986' for 'calendar year 1985' in subparagraph (B) thereof.

"(3) ROUNDING.—If any increase determined under paragraph (1) or (2) is not a multiple of $10, such increase shall be rounded to the nearest multiple of $10 (or, if such increase is a multiple of $5, such increase shall be increased to the next higher multiple of $10)."

(d) CONFORMING AMENDMENTS.—

(1) Paragraph (2) of section 32(f) (relating to amount of credit to be determined under tables) is amended by striking out subparagraphs (A) and (B) and inserting in lieu thereof the following:

"(A) for earned income between $0 and the amount of earned income at which the credit is phased out under subsection (b), and

"(B) for adjusted gross income between the dollar amount at which the phaseout begins under subsection (b) and the amount of adjusted gross income at which the credit is phased out under subsection (b)."

(2) Subparagraph (B) of section 3507(c)(2) (relating to earned income advance amount) is amended by striking out clauses (i) and (ii) and inserting in lieu thereof the following:

"(i) of not more than 14 percent of the first earned income (but not in excess of the amount of earned income taken into account under section 32(a)), which

"(ii) phases out between the amount of earned income at which the phaseout begins under subsection (b) of section 32 and the amount of earned income at which the credit under section 32 is phased out under such subsection, or".

(3) Subparagraph (C) of section 3507(c)(2) is amended by striking out clauses (i) and (ii) and inserting in lieu thereof the following:

"(i) of not more than 14 percent of the first earned income (but not in excess of ½ of the amount of earned income taken into account under section 32(a)), which

"(ii) phases out between amounts of earned income which are ½ of the amounts of earned income described in subparagraph (B)(ii)."

SEC. 112. REPEAL OF CREDIT FOR CONTRIBUTIONS TO CANDIDATES FOR PUBLIC OFFICE.

(a) GENERAL RULE.—Section 24 (relating to contributions to candidates for public office) is hereby repealed.

(b) TECHNICAL AMENDMENTS.—

(1) Subsection (g) of section 527 (relating to treatment of newsletter funds) is amended—

(A) by striking out "section 24(c)(2)" in paragraph (1) and inserting in lieu thereof "paragraph (3)", and

(B) by adding at the end thereof the following new paragraph:

"(3) CANDIDATE.—For purposes of paragraph (1), the term 'candidate' means, with respect to any Federal, State, or local elective public office, an individual who—

"(A) publicly announces that he is a candidate for nomination or election to such office, and

"(B) meets the qualifications prescribed by law to hold such office."

(2) Subsection (a) of section 10642 (relating to credits against tax for estates and trusts) is amended to read as follows:

"(a) FOREIGN TAX CREDIT ALLOWED.—An estate or trust shall be allowed the credit against tax for taxes imposed by foreign countries and possessions of the United States, to the extent allowed by section 901, only in respect of so much of the taxes described in such section as is not properly allocable under such section to the beneficiaries."

(3) Paragraph (6) of section 7871(a) (relating to Indian tribal governments treated as States for certain purposes) is amended by striking out subparagraph (A) and by redesignating subparagraphs (B), (C), (D), (E), and (F) as subparagraphs (A), (B), (C), (D), and (E), respectively.

(4) The table of sections for subpart A of part IV of subchapter A of chapter 1 is amended by striking out the item relating to section 24.

Subtitle C—Provisions Related to Exclusions

SEC. 121. $5,000 LIMIT ON DEPENDENT CARE ASSISTANCE EXCLUSION.

(a) GENERAL RULE.—Subsection (a) of section 129 (relating to dependent care assistance programs) is amended to read as follows:

"(a) EXCLUSION.—

"(1) IN GENERAL.—Gross income of an employee does not include amounts paid or incurred by the employer for dependent care assistance provided to such employee if the assistance is furnished pursuant to a program which is described in subsection (d).

"(2) LIMITATION OF EXCLUSION.—The aggregate amount excluded from the gross income of the taxpayer under this section for any taxable year shall not exceed $5,000 ($2,500 in the case of a separate return by a married individual).

For purposes of the preceding sentence, marital status shall be determined under the rules of paragraphs (3) and (4) of section 21(e)."

(b) TREATMENT OF ONSITE FACILITIES.—Subsection (e) of section 129 is amended by adding at the end thereof the following new paragraph:

"(8) TREATMENT OF ONSITE FACILITIES.—In the case of an onsite facility, except to the extent provided in regulations, the amount excluded with respect to any dependent shall be based on—

"(A) utilization, and

"(B) the value of the services provided."

(c) REPORTING REQUIREMENT.—

(1) Paragraph (1) of section 6039D(d) (defining specified fringe benefit plan) is amended by striking out "and" at the end of subparagraph (B), by striking out the period at the end of subparagraph (C) and inserting in lieu thereof "and", and by adding at the end thereof the following new subparagraph:

"(D) any dependent care assistance program (within the meaning of section 129)."

(2) Paragraph (2) of section 6039D(d) (as so amended) is amended by striking out "and" at the end of subparagraph (B), by striking out the period at the end of subparagraph (C) and inserting in lieu thereof ", and", and by adding at the end thereof the following new subparagraph:

"(D) section 129, in the case of a dependent care assistance program."

SEC. 122. TAXATION OF UNEMPLOYMENT COMPENSATION.

Section 85 (relating to unemployment compensation) is amended to read as follows:

"SEC. 85. UNEMPLOYMENT COMPENSATION.

"(a) GENERAL RULE.—In the case of an individual, gross income includes unemployment compensation.

"(b) UNEMPLOYMENT COMPENSATION DEFINED.—For purposes of this section, the term 'unemployment compensation' means any amount received under a law of the United States or of a State which is in the nature of unemployment compensation."

SEC. 123. SCHOLARSHIPS, ETC.

(a) SCHOLARSHIPS.—

(1) IN GENERAL.—Section 117 (relating to scholarship and fellowship grants) is amended to read as follows:

"SEC. 117. QUALIFIED SCHOLARSHIPS.

"(a) GENERAL RULE.—Gross income does not include any amount received as a qualified scholarship grant by an individual who is a candidate for a degree at an educational organization described in section 170(b)(1)(A)(ii).

"(b) QUALIFIED SCHOLARSHIP GRANT.—For purposes of this section—

"(1) IN GENERAL.—The term 'qualified scholarship' means any amount received by an individual as a scholarship or fellowship grant to the extent the individual establishes that, in accordance with the conditions of the grant, such amount was required to be used (and was used) for qualified tuition and related expenses.

"(2) QUALIFIED TUITION AND RELATED EXPENSES.—For purposes of paragraph (1), the term 'qualified tuition and related expenses' means—

"(A) tuition and fees required for the enrollment or attendance of a student at an educational organization described in section 170(b)(1)(A)(ii), and

"(B) fees, books, supplies, and equipment required for courses of instruction at such an educational organization.

"(c) LIMITATION.—Subsections (a) and (d) shall not apply to that portion of any amount received which represents payment for teaching, research, or other services by the student required as a condition for receiving the qualified scholarship or qualified tuition reduction.

"(d) QUALIFIED TUITION REDUCTIONS.—

"(1) IN GENERAL.—Gross income shall not include any qualified tuition reduction.

"(2) QUALIFIED TUITION REDUCTION.—For purposes of this subsection, the term 'qualified tuition reduction' means the amount of any reduction in tuition provided to an employee of an organization described in section 170(b)(1)(A)(ii) for the education (below the graduate level) at such organization (or another organization described in section 170(b)(1)(A)(ii)) of—

"(A) such employee, or

"(B) any person treated as an employee (or whose use is treated as an employee use) under the rules of section 132(f).

"(3) REDUCTION MUST NOT DISCRIMINATE IN FAVOR OF HIGHLY COMPENSATED, ETC.—Paragraph (1) shall apply with respect to any qualified tuition reduction provided with respect to any officer, owner, or highly compensated employee only if such reduction is available on substantially the same terms to each member of a group of employees which is defined under a reasonable classification set up by the employer which does not discriminate in favor of officers, owners, or highly compensated employees."

(2) TECHNICAL AMENDMENTS.—

(A) Subsection (a) of secton 74 is amended by striking out "(relating to scholarship and fellowship grants)" and inserting in lieu thereof "(relating to qualified scholarships)".

(B) The second sentence of section 1441(b) (relating to income items) is amended to read as follows: "The items of income referred to in subsection (a) from which tax shall be deducted and withheld at the rate of 14 percent are amounts which are received by a nonresident alien individual who is temporarily present in the United States as a nonimmigrant under subparagraph (F) or (J) of section 101(a)(15) of the Immigration and Nationality Act and which are incident to a qualified scholarship to which section 117(a) applies, but only to the extent such amounts are includible in gross income."

(C) Paragraph (6) of section 7871(a) (relating to Indian tribal governments treated as States for certain purposes) (as amended by section 112) is amended by striking out subparagraph (B) and by redesignating subparagraphs (C), (D), and (E) as subparagraphs (B), (C), and (D), respectively.

(D) The table of sections for part III of subchapter B of chapter 1 is amended by striking out the item relating to section 117 and inserting in lieu thereof the following new item:

"Sec. 117. Qualified scholarships."

(b) PRIZES AND AWARDS.—Subsection (b) of section 74 is amended by striking out "and" at the end of paragraph (1), by striking out the period at the end of paragraph (2) and inserting in lieu thereof "; and", and by adding after paragraph (2) the following new paragraph:

"(3) the prize or award is transferred by the payor to a governmental unit or organization described in paragraph (1) or (2) of

section 170(c) pursuant to a designation made by the recipient."

(c) TREATMENT OF EMPLOYEE GIFTS.—

(1) AMOUNTS TRANSFERRED BY EMPLOYER NOT EXCLUDABLE AS GIFTS.—Section 102 (relating to gifts and inheritances) is amended by adding at the end thereof the following new subsection:

"(c) EMPLOYEE GIFTS.—

"(1) IN GENERAL.—Subsection (a) shall not exclude from gross income any amount transferred by or for an employer to, or for the benefit of, an employee.

"(2) CROSS REFERENCE.—

"For provisions excluding de minimis gifts from gross income, see section 132."

(2) SECTION 274(b) LIMITATION NOT TO APPLY TO EMPLOYEE GIFTS.—

(A) Paragraph (1) of section 274(b) (relating to gifts) is amended by inserting "or" at the end of subparagraph (A), by striking out ", or" at the end of subparagraph (B) and inserting in lieu thereof a period, and by striking out subparagraph (C).

(B) Subsection (b) of section 274 is amended by striking out paragraph (3).

Subtitle D—Provisions Related to Deductions

SEC. 131. REPEAL OF DEDUCTION FOR 2-EARNER MARRIED COUPLES.

(a) GENERAL RULE.—Section 221 (relating to deduction for 2-earner married couples) is hereby repealed.

(b) CONFORMING AMENDMENTS.—

(1) Section 62 is amended by striking out paragraph (16).

(2) Subparagraph (A) of section 86(b)(2) is amended by striking out "sections 221," and inserting in lieu thereof "sections".

(3) The table of sections for part VII of subchapter B of chapter 1 is amended by striking out the item relating to section 221.

SEC. 132. 1-PERCENT FLOOR ON MISCELLANEOUS ITEMIZED DEDUCTIONS.

(a) GENERAL RULE.—Part I of subchapter B of chapter 1 (defining gross income, adjusted gross income, etc.) is amended by adding at the end thereof the following new section:

"SEC. 67. 1-PERCENT FLOOR ON MISCELLANEOUS ITEMIZED DEDUCTIONS.

"(a) GENERAL RULE.—In the case of an individual, the miscellaneous itemized deductions for any taxable year shall be allowed only to the extent that the aggregate of such deductions exceeds 1 percent of adjusted gross income.

"(b) MISCELLANEOUS ITEMIZED DEDUCTIONS.—For purpose of this section, the term 'miscellaneous itemized deductions' means the itemized deductions other than—

"(1) the deduction under section 163 (relating to interest),

"(2) the deduction under section 164 (relating to taxes),

"(3) the deduction under section 165(a) for losses described in subsection (c)(3) or (d) of section 165,

"(4) the deduction under section 170 (relating to charitable deductions),

"(5) the deduction under section 213 (relating to medical deduction), and

"(6) the deduction under section 691(c) (relating to deduction for estate tax in the case of income in respect of a decedent).

"(c) DETERMINATION OF ADJUSTED GROSS INCOME IN CASE OF ESTATES AND TRUSTS.—For purposes of this section, the adjusted gross income of an estate or trust shall be computed in the same manner as in the case of an individual, except that the deductions for costs paid or incurred in connection with the administration of the estate or trust shall be treated as allowable in arriving at adjusted gross income."

(b) NONREIMBURSED BUSINESS EXPENSES OF EMPLOYEES MADE SUBJECT TO 1 PERCENT FLOOR.—Paragraph (2) of section 62 (defining adjusted gross income) is amended to read as follows:

"(2) REIMBURSED EXPENSES OF EMPLOYEES.—The deductions allowed by part VI (section 161 and following) which consist of expenses paid or incurred by the taxpayer, in connection with the performance by him of services as an employee, under a reimbursement or other expense allowance arrangement with his employer."

(c) CLERICAL AMENDMENT.—The table of sections for part I of subchapter B of chapter 1 is amended by adding at the end thereof the following new item:

"Sec. 67. 1-percent floor on miscellaneous itemized deductions."

SEC. 133. CHARITABLE DEDUCTION FOR INDIVIDUALS WHO DO NOT ITEMIZE MADE PERMANENT.

Subsection (i) of section 170 (relating to rule for nonitemization of deductions) is amended to read as follows:

"(i) RULE FOR NONITEMIZATION OF DEDUCTIONS.—In the case of an individual who does not itemize his deductions for the taxable year, the excess of—

"(1) the amount allowable under subsection (a) for the taxable year, over

"(2) $100,

shall be taken into account as a direct charitable deduction under section 63."

SEC. 134. REPEAL OF DEDUCTION FOR ADOPTION EXPENSES.

(a) GENERAL RULE.—Section 222 (relating to deduction for adoption, etc.) is hereby repealed.

(b) CONFORMING AMENDMENTS.—

(1) Section 223 is redesignated as section 220.

(2) The table of sections for part VII of subchapter B of chapter 1 is amended by striking out the items relating to sections 222 and 223 and inserting in lieu thereof the following:

"Sec. 220. Cross references."

Subtitle E—Miscellaneous Provisions

SEC. 141. REPEAL OF INCOME AVERAGING.

(a) GENERAL RULE.—Part I of subchapter Q of chapter 1 (relating to income averaging) is hereby repealed.

(b) TECHNICAL AMENDMENTS.—

(1) Subsection (b) of section 3 (relating to section inapplicable to certain individuals) is amended by striking out paragraph (1) and by redesignating paragraphs (2) and (3) as paragraphs (1) and (2), respectively.

(2) Subsection (b) of section 5 (relating to cross references relating to tax on individuals) is amended by striking out paragraph (2) and by redesignating paragraph (3) as paragraph (2).

(3) Subparagraph (B) of section 6511(d)(2) (relating to special rules applicable to income taxes) is amended to read as follows:

"(B) APPLICABLE RULES.—

"(i) IN GENERAL.—If the allowance of a credit or refund of an overpayment of tax attributable to a net operating loss carryback or a capital loss carryback is otherwise prevented by the operation of any law or rule of law other than section 7122 (relating to compromises), such credit or refund may be allowed or made, if claim therefor is filed within the period provided in subparagraph (A) of this paragraph.

"(ii) TENTATIVE CARRYBACK ADJUSTMENTS.—If the allowance of an application, credit, or refund of a decrease in tax determined under section 6411(b) is otherwise prevented by the operation of any law or rule of law other than section 7122, such application, credit, or refund may be allowed or made if application for a tentative carryback adjustment is made within the period provided in section 6411(a).

"(iii) DETERMINATIONS BY COURTS TO BE CONCLUSIVE.—In the case of any such claim for credit or refund or any such application for a tentative carryback adjustment, the determination by any court, including the Tax Court, in any proceeding in which the decision of the court has become final, shall be conclusive except with respect to the net operating loss deduction, and the effect of such deduction, or with respect to the determination of a short-term capital loss, and the effect of such short-term capital loss, to the extent that such deduction or short-term capital loss is affected by a carryback which was not an issue in such proceeding."

(c) CLERICAL AMENDMENT.—The table of parts for subchapter Q of chapter 1 is amended by striking out the item relating to part I.

SEC. 142. LIMITATIONS ON DEDUCTIONS FOR MEALS, TRAVEL, AND ENTERTAINMENT.

(a) ALL BUSINESS MEALS MUST HAVE CLEAR BUSINESS PURPOSE.—

(1) IN GENERAL—Section 162 (relating to trade or business expenses) is amended by redesignating subsection (k) as subsection (l) and by inserting after subsection (j) the following new subsection:

"(k) ALL BUSINESS MEALS MUST HAVE CLEAR BUSINESS PURPOSE.—No deduction shall be allowed under this chapter for the expense of any food or beverages unless—

"(1) the furnishing of such food or beverages has a clear business purpose presently related to the active conduct of a trade or business,

"(2) such expense is not lavish or extravagant under the circumstances, and

"(3) the taxpayer (or an employee of the taxpayer) is present at the furnishing of such food or beverages."

(2) TECHNICAL AMENDMENTS.—

(A) Subsection (e) of section 274 (relating to specific exceptions to application of subsection (a)) is amended by striking out paragraph (1) and by redesignating paragraphs (2) through (10) as paragraphs (1) through (9), respectively.

(B) Paragraph (3) of section 274(e), as redesignated by subparagraph (A), is amended by striking out "paragraph (3)" and inserting in lieu thereof "paragraph (2)".

(b) ADDITIONAL RESTRICTIONS ON EXPENSES FOR MEALS, TRAVEL, AND ENTERTAINMENT.—Section 274 (relating to disallowance of certain entertainment, etc. expenses) is amended by redesignating subsection (j) as subsection (m) and by inserting after subsection (i) the following new subsections:

"(j) ADDITIONAL LIMITATIONS ON ENTERTAINMENT EXPENSES.—

"(1) ENTERTAINMENT TICKETS.—

"(A) IN GENERAL.—In determining the amount allowable as a deduction under this chapter for any ticket for any activity or facility described in subsection (d)(2), the amount taken into account shall not exceed the face value of such ticket.

"(B) EXCEPTION FOR CERTAIN CHARITABLE SPORTS EVENTS.—Subparagraph (A) shall not apply to any ticket for any sports event—

"(i) which is organized for the primary purpose of benefiting an organization which is described in section 501(c)(3) and exempt from tax under section 501(a),

"(ii) all of the net proceeds of which are contributed to such organization, and

"(iii) which utilizes volunteers for substantially all of the work performed in carrying out such event.

"(2) SKYBOXES, ETC.—In the case of a skybox or other private luxury box leased for more than 1 event, the amount allowable as a deduction under this chapter with respect to such events shall not exceed the sum of the face values of non-luxury box seat tickets for the seats in such box covered by the lease. For purposes of the preceding sentence, 2 or more related leases shall be treated as 1 lease."

"(k) ADDITIONAL LIMITATIONS ON TRAVEL EXPENSES.—

"(1) LUXURY WATER TRANSPORTATION.—

"(A) IN GENERAL.—No deduction shall be allowed under this chapter for expenses incurred for transportation by water to the extent such expenses exceed twice the aggregate per diem amounts for days of such transportation. For purposes of the preceding sentence, the term 'per diem amounts' means the highest amount generally allowable with respect to a day to employees of the executive branch of the Federal Government for per diem while away from home but serving in the United States.

"(B) EXCEPTION FOR EXPENSES ALLOWED UNDER SUBSECTION (h)(2).—Subparagraph (A) shall not apply to any expense allocable to a convention, seminar, or other meeting which is held on any cruise ship.

"(2) TRAVEL AS FORM OF EDUCATION.—No deduction shall be allowed under this chapter for expenses for travel as a form of education.

"(l) ONLY 80 PERCENT OF MEAL AND ENTERTAINMENT EXPENSES ALLOWED AS DEDUCTION.—

"(1) IN GENERAL.—The amount allowable as a deduction under this chapter for—

"(A) any expense for food or beverages, and

"(B) any item with respect to an activity which is of a type generally considered to constitute entertainment, amusement, or recreation, or with respect to a facility used in connection with such activity,

shall not exceed 80 percent of the amount of such expense or item which would (but for this paragraph) be allowable as a deduction under this chapter.

"(2) EXCEPTIONS.—Paragraph (1) shall not apply to any expense if—

"(A) subsection (a) does not apply to such expense by reason of paragraph (2), (3), (4), (7), (8), or (9) of subsection (e),

"(B) in the case of an expense for food or beverages, such expense is excludable from the gross income of the recipient under section 132 by reason of subsection (e) thereof (relating to de minimis fringes), or

"(C) such expense is covered by a ticket described in subsection (j)(1)(B)."

(c) NO DEDUCTION ALLOWED FOR SEMINARS, ETC., FOR SECTION 212 PURPOSES.—

(1) IN GENERAL.—Subsection (h) of section 274 (relating to attendance at conventions, etc.) is amended by adding at the end thereof the following new paragraph:

"(3) SEMINARS, ETC. FOR SECTION 212 PURPOSES.—No deduction shall be allowed under section 212 for expenses allocable to a convention, seminar, or similar meeting."

(2) TECHNICAL AMENDMENTS.—Paragraphs (1) and (2) of section 274(h) are each amended—

(A) by striking out "or 212" each place it appears, and

(B) by striking out "or to an activity described in section 212 and" each place it appears.

(d) ADDITIONAL PENALTY FOR OVERSTATED MEAL DEDUCTIONS.—Section 6653 (relating to additions to tax for failure to pay tax) is amended by adding at the end thereof the following new subsection:

"(h) SPECIAL RULES FOR OVERSTATED MEAL DEDUCTIONS.—In any case in which any part of an underpayment is due to an erroneous deduction for any expense for food or beverages—

"(1) if such error is due to negligence or disregard of rules and regulations, the addition to tax under subsection (a) shall not be less than 50 percent of the portion of such underpayment attributable to such error, or

"(2) if such error is due to fraud, with respect to the portion of the underpayment which is attributable to such error, subsection (b) shall be applied by substituting '100 percent' for '75 percent'.

(e) DENIAL OF CHARITABLE CONTRIBUTION FOR CERTAIN TRAVEL EXPENSES.—Section 170 (relating to charitable, etc., contributions and gifts) is amended by redesignating subsections (k) and (l) as subsections (l) and (m), respectively, and by inserting after subsection (j) the following new subsection:

"(k) DENIAL OF DEDUCTION FOR CERTAIN TRAVEL EXPENSES.—No deduction shall be allowed under this section for traveling expenses (including amounts expended for meals and lodging) while away from home, whether paid directly or by reimbursement, unless there is no significant element of personal pleasure, recreation, or vacation in such travel."

SEC. 143. CHANGES IN TREATMENT OF HOBBY LOSS, ETC.

(a) HOBBY LOSS.—Subsection (d) of section 183 (relating to presumption) is amended—

(1) by striking out "2 or more of the taxable years in the period of 5 consecutive taxable years" and inserting in lieu thereof "3 or more of the taxable years in the period of 5 consecutive taxable years", and

(2) by striking out the last sentence and inserting in lieu thereof the following: "In the case of an activity which consists in major part of the breeding, training, showing, or racing of horses, the preceding sentence shall be applied by substituting "2 or more of the taxable years in the period of 7 consecutive taxable years" for "3 or more of the taxable years in the period of 5 consecutive taxable years."

(b) TREATMENT OF RENTAL TO EMPLOYER UNDER SECTION 280A.—Subparagraph (C) of section 280A (relating to exceptions for certain business or rental use; limitation on deductions for such use) is amended by adding at the end thereof the following new paragraph:

"(6) TREATMENT OF RENTAL TO EMPLOYER.—Paragraphs (1) and (3) shall not apply to any item which is attributable to the rental of the dwelling unit (or any portion thereof) by the taxpayer to his employer during any period in which the taxpayer uses the dwelling unit (or portion) in performing services as an employee of the employer."

(c) REVISION OF LIMITATION ON DEDUCTION FOR BUSINESS USE OF HOME.—Paragraph (5) of section 280A(c) (relating to exceptions for certain business or rental use; limitation on deductions for such use) is amended by striking out subparagraph (B) and inserting in lieu thereof the following:

"(B) the sum of—

"(i) the deductions allocable to such use which are allowable under this chapter for the taxable year whether or not such unit (or portion thereof) was so used, and

"(ii) the deductions allocable to the trade or business in which such use occurs (but which are not allocable to such use) for such taxable year.

Any amount not allowable as a deduction under this chapter by reason of the preceding sentence shall be taken into account as a deduction (allocable to such use) under this chapter for the succeeding taxable year."

SEC. 144. DEDUCTION FOR MORTGAGE INTEREST AND REAL PROPERTY TAXES ALLOWABLE WHERE PARSONAGE ALLOWANCE OR MILITARY HOUSING ALLOWANCE RECEIVED.

Section 265 is amended by adding at the end thereof the following new paragraph:

"(6) SECTION NOT TO APPLY WITH RESPECT TO PARSONAGE AND MILITARY HOUSING ALLOWANCES.—No deduction shall be denied under this section for interest on a mortgage on, or real property taxes on, the home of the taxpayer by reason of the receipt of an amount as—

"(A) a military housing allowance, or

"(B) a parsonage allowance excludable from gross income under section 107."

SEC. 145. INFORMATION REPORTING OF INCOME TAXES AND REAL AND PERSONAL PROPERTY TAXES.

(a) IN GENERAL.—Subsection (a) of section 6050E (relating to State and local income tax refunds) is amended to read as follows:

"(a) REQUIREMENT OF REPORTING.—Every person who, with respect to any individual, during any calendar year—

"(1) makes payments of refunds of State or local income taxes (or allows credits or offsets with respect to such taxes) aggregating $10 or more, or

"(2) receives payments of State or local income taxes or real or personal property taxes aggregating $10 or more,

shall make a return according to forms or regulations prescribed by the Secretary setting forth the amount of such payments, credits, or offsets, and the name and address of the individual with respect to whom a payment described in paragraph (1), credit, or offset was made or from whom a payment described in paragraph (2) was received."

(b) TECHNICAL AMENDMENTS.—

(1) Subsection (b) of section 6050E (as amended by title XIII of this Act) is amended—

(A) by inserting "and of payments received from the individual" before the period at the end of paragraph (2), and

(B) by inserting "or, in the case of payments described in paragraph (2), will not claim itemized deductions under chapter 1 for the taxable year during which such payments are paid or incurred by the individual" before the period at the end of such subsection.

(2) Subsection (c) of section 6050E is amended to read as follows:

"(c) PERSON.—For purposes of this section, the term 'person' means—

"(1) the officer or employee—

"(A) having control of the payments of the refunds (or the allowance of the credits or offsets), or

"(B) receiving the payments described in subsection (a)(2), or

"(2) the person or persons appropriately designated for purposes of this section."

(c) CLERICAL AMENDMENTS.—

(1) The section heading for section 6050E is amended to read as follows:

"SEC. 6050E. CERTAIN STATE AND LOCAL TAX PAYMENTS AND REFUNDS."

(2) The table of sections for subpart B of part III of subchapter A of chapter 61 is amended by striking out the item relating to section 6050E and inserting in lieu thereof the following:

"Sec. 6050E. Certain State and local tax payments and refunds."

Subtitle F—Effective Dates

SEC. 151. EFFECTIVE DATES.

(a) GENERAL RULE.—Except as otherwise provided in this section, the amendments made by this title shall apply to taxable years beginning after December 31, 1985.

(b) UNEMPLOYMENT COMPENSATION.—The amendment made by section 122 shall apply to amounts received after December 31, 1986, in taxable years ending after such date.

(c) SCHOLARSHIP PROVISIONS.—The amendment made by section 123(a) shall apply to scholarships and fellowships granted after September 25, 1985, in taxable years ending after such date.

(d) REPEAL OF DEDUCTION FOR ADOPTION EXPENSES.—The amendments made by section 134 shall apply to expenses paid or incurred after December 31, 1986, in taxable years ending after such date; except that such amendments shall not apply to expenses paid or incurred during calendar year 1987 in connection with an adoption with respect to which the taxpayer paid or incurred expenses during calendar year 1986 which were allowable as a deduction under section 222 of the Internal Revenue Code of 1954.

(e) PARSONAGE AND MILITARY HOUSING ALLOWANCES.—The amendment made by subsection 144 shall apply to taxable years beginning before, on, or after, December 31, 1985.

(f) PAYMENTS OF INCOME, REAL, AND PERSONAL PROPERTY TAXES.—The amendments made by section 145 shall apply to payments received after December 31, 1986.

TITLE II—CAPITAL INCOME PROVISIONS

Subtitle A—Depreciation Provisions

SEC. 201. REPEAL OF ACCELERATED COST RECOVERY SYSTEM.

(a) GENERAL RULE.—Section 168 (relating to accelerated cost recovery system) is amended to read as follows:

"SEC. 168. INCENTIVE DEPRECIATION SYSTEM FOR TANGIBLE PROPERTY.

"(a) GENERAL RULE.—Except as otherwise provided in this section, the depreciation deduction provided by section 167(a) for any tangible property shall be determined by using—

"(1) the applicable depreciation method,

"(2) the applicable recovery period, and

"(3) the applicable convention.

"(b) APPLICABLE DEPRECIATION METHOD.—For purposes of this section—

"(1) IN GENERAL.—Except as provided in paragraph (2), the applicable depreciation method is—

"(A) the 200 percent declining balance method,

"(B) switching to the straight line method for the first taxable year for which using the straight line method with respect to the adjusted basis as of the beginning of such year will yield a larger allowance.

"(2) CLASS 10 PROPERTY.—In the case of class 10 property, the applicable depreciation method is the straight line method.

"(3) SALVAGE VALUE TREATED AS ZERO.—Salvage value shall be treated as zero.

"(c) APPLICABLE RECOVERY PERIOD UNDER THE INCENTIVE SYSTEM.—For purposes of this section, the applicable recovery period under the incentive system shall be determined in accordance with the following table:

"In the case of property in:	The applicable recovery period is:
Class 1	3 years
Class 2	5 years
Class 3	7 years
Class 4	10 years
Class 5	13 years
Class 6	16 years
Class 7	20 years
Class 8	25 years
Class 9	30 years
Class 10	30 years.

"(d) APPLICABLE CONVENTION.—For purposes of this section—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the applicable convention is the half-year convention.

"(2) CLASS 10 PROPERTY AND LOW-INCOME HOUSING.—In the case of—

"(A) any class 10 property, and

"(B) any low-income housing,

the applicable convention is the mid-month convention.

"(3) SPECIAL RULE WHERE SUBSTANTIAL PROPERTY PLACED IN SERVICE DURING LAST QUARTER OF TAXABLE YEAR.—

"(A) IN GENERAL.—Except as provided in regulations prescribed by the Secretary, if during any taxable year—

"(i) the aggregate bases of property to which this section applies and which are placed in service during the last quarter of the taxable year, exceeds

"(ii) 40 percent of the aggregate bases of all such property placed in service during such taxable year,

the applicable convention for all such property placed in service during such taxable year shall be the mid-month convention.

"(B) CLASS 10 PROPERTY AND LOW-INCOME HOUSING NOT TAKEN INTO ACCOUNT.—For purposes of subparagraph (A), class 10 property and low-income housing shall not be taken into account.

"(4) DEFINITIONS.—

"(A) HALF-YEAR CONVENTION.—The half-year convention is a convention which treats all property placed in service during any taxable year (or disposed of during any taxable year) as placed in service (or disposed of) on the mid-point of such taxable year.

"(B) MID-MONTH CONVENTION.—The mid-month convention is a convention which treats all property placed in service during any month (or disposed of during any month) as placed in service (or disposed of) on the mid-point of such month.

"(e) CLASSIFICATION OF PROPERTY.—For purposes of this section—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, property shall be classified under the following table:

"Property shall be placed in:	If such property has a class life of: At least:	But less than:
Class 1		5 years
Class 2	5 years	7 years
Class 3	7 years	10 years
Class 4	10 years	13 years
Class 5	13 years	16 years
Class 6	16 years	20 years
Class 7	20 years	25 years
Class 8	25 years	30 years
Class 9	30 years	36 years
Class 10	36 years	

"(2) CLASSIFICATION OF CERTAIN PROPERTY.—

"(A) LOW-INCOME HOUSING.—Any low-income housing—

"(i) if it is very low-income housing meeting the requirements of subsection (j)(3)(B), shall be in class 7, or

"(ii) if it does not meet such requirements, shall be in class 9.

"(B) 30-YEAR REAL PROPERTY.—Any 30-year real property shall be in class 10.

"(C) CERTAIN VEHICLES.—Any car or any light general purpose truck shall be in class 2.

"(D) QUALIFIED TECHNOLOGICAL EQUIPMENT.—Any qualified technological equipment shall be in class 2.

"(E) COMPUTER BASED TELEPHONE SWITCHING EQUIPMENT.—Any computer based telephone switching equipment shall be in class 2.

"(F) CLOTHING HELD FOR RENTAL.—Any clothing held for rental shall be in class 1.

"(G) SINGLE PURPOSE AGRICULTURAL OR HORTICULTURAL STRUCTURE.—Any single purpose agricultural or horticultural structure (as defined in section 48(p)) shall be in class 5.

"(H) HORSES.—

"(i) RACE HORSES.—Any race horse shall be in class 2.

"(ii) OTHER HORSES.—Any horse other than a race horse shall be in class 4.

"(I) TELEPHONE DISTRIBUTION PLANT, ETC.—Any telephone distribution plant and comparable equipment used by other transmitters of information shall be in class 8.

"(3) PROPERTY WITH NO CLASS LIFE.—Any property—

"(A) which does not have a class life, and

"(B) which is not classified under paragraph (2),

shall be in class 4.

"(f) PROPERTY TO WHICH SECTION DOES NOT APPLY.—This section shall not apply to—

"(1) REHABILITATION EXPENSES FOR LOW-INCOME RENTAL HOUSING.—The portion of the basis of any property to which section 167(k) applies.

"(2) CERTAIN METHODS OF DEPRECIATION.—Any property if—

"(A) the taxpayer elects to exclude such property from the application of this section, and

"(B) for the 1st taxable year for which a depreciation deduction would be allowable with respect to such property in the hands of the taxpayer, the property is properly depreciated under the unit-of-production method or any method of depreciation not expressed in a term of years (other than the retirement-replacement-betterment method or similar method).

"(3) CERTAIN PUBLIC UTILITY PROPERTY.—Any public utility property (within the meaning of section 167(l)(3)(A)) if the taxpayer does not use a normalization method of accounting.

"(4) FILMS AND VIDEO TAPE.—Any motion picture film or video tape.

"(5) SOUND RECORDINGS.—Any sound recording described in section 280(c)(2).

"(g) INFLATION ADJUSTMENTS—

"(1) IN GENERAL.—The depreciation deduction determined under this section for any taxable year with respect to any property to which this subsection applies shall be the product of—

"(A) the amount of such deduction (determined without regard to this subsection), multiplied by

"(B) the product of the inflation adjustments for the taxable year and each prior

taxable year for which a depreciation deduction was allowable during the holding period of the taxpayer with respect to such property and for which an inflation adjustment was allowed under this subsection.

"(2) PROPERTY TO WHICH INFLATION ADJUSTMENT APPLIES.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), this subsection applies to any tangible property to which this section applies and which is placed in service after the date of the enactment of this Act.

"(B) EXCEPTION FOR PROPERTY DEPRECIATED UNDER NONINCENTIVE DEPRECIATION SYSTEM.—This subsection shall not apply to any property to which subsection (h) applies (other than by reason of an election under paragraph (7) thereof).

"(3) INFLATION ADJUSTMENT.—For purposes of this subsection—

"(A) IN GENERAL.—Except as otherwise provided in this subsection, an inflation adjustment shall be allowed under this subsection for any taxable year if—

"(i) the inflation for the calendar year in which such taxable year begins, exceeds

"(ii) 5 percent.

"(B) AMOUNT OF ADJUSTMENT.—The inflation adjustment for any taxable year shall be 1.0 plus ½ of the excess described in subparagraph (A) (when expressed in decimal terms).

"(C) INFLATION FOR ANY CALENDAR YEAR.—For purposes of subparagraph (A), the inflation for any calendar year shall be the percentage (if any) by which—

"(i) the CPI for such calendar year (as defined in section 1(e)(4)), exceeds

"(ii) the CPI for the preceding calendar year.

"(4) INFLATION ADJUSTMENT NOT ALLOWED FOR CERTAIN TAXABLE YEARS.—

"(A) TAXABLE YEARS BEGINNING BEFORE 1988.—No inflation adjustment shall be allowed under this subsection for any taxable year beginning in a calendar year before 1988.

"(B) YEAR IN WHICH PLACED IN SERVICE OR DISPOSED OF.—An inflation adjustment shall not be allowed under this subsection with respect to any property for the taxable year in which such property is placed in service or disposed of.

"(5) NOT TREATED AS DEPRECIATION DEDUCTION FOR CERTAIN PURPOSES.—Any increase in the deduction determined under this section with respect to any property by reason of this subsection shall not be treated as a depreciation deduction for purposes of—

"(A) determining the adjusted basis of such property,

"(B) determining the amount (or character) of gain or loss on any disposition of such property, and

"(C) determining the earnings and profits.

In the case of any property used in an activity to which section 465 applies, no adjustment shall be allowed under this subsection with respect to any depreciation deduction not allowed by reason of the limitation of such section until such depreciation deduction is allowed under such limitation, and any such adjustment when allowed shall not reduce the at risk amount under section 465(b).

"(h) NONINCENTIVE DEPRECIATION SYSTEM FOR CERTAIN PROPERTY.—

"(1) IN GENERAL.—In the case of—

"(A) any tangible property which during the taxable year is used predominantly outside the United States,

"(B) any tax-exempt use property,

"(C) any tax-exempt bond financed property,

"(D) any imported property covered by an Executive order under paragraph (6), and

"(E) any property to which an election under paragraph (7) applies,

the depreciation deduction provided by section 167(a) shall be determined under the nonincentive depreciation system.

"(2) NONINCENTIVE DEPRECIATION SYSTEM.—For purposes of paragraph (1), the nonincentive depreciation system is depreciation determined by using—

"(A) the straight-line method (without regard to salvage value),

"(B) the applicable convention determined under subsection (d), and

"(C) a recovery period determined under the following table:

"In the case of:	The recovery period shall be:
(i) Property not described in clause (ii) or (iii)	The class life.
(ii) Personal property with no class life	12 years.
(iii) 30-year real property	40 years.

"(3) SPECIAL RULES FOR DETERMINING CLASS LIFE.—

"(A) CLASSIFIED PROPERTY.—If any property (other than 30-year real property) is classified under paragraph (2) of subsection (e) in any class, the recovery period applicable to such property under the incentive system shall be treated as such property's class life for purposes of paragraph (2).

"(B) TAX-EXEMPT USE PROPERTY SUBJECT TO LEASE.—In the case of any tax-exempt use property subject to a lease, the recovery period used for purposes of paragraph (2) shall in no event be less than 125 percent of the lease term. The preceding sentence shall not apply to any qualified technological equipment not described in subsection (i)(3)(B).

"(C) TAX-EXEMPT BOND FINANCED PROPERTY.—In the case of any tax-exempt bond financed property, the recovery period used for purposes of paragraph (2) shall be equal to the recovery period determined under subsection (c) for the next higher numbered class to the class of such property (or in the case of property in class 9 or 10 shall not be less than 40 years).

"(4) PROPERTY USED PREDOMINANTLY OUTSIDE THE UNITED STATES.—For purposes of this subsection, under regulations prescribed by the Secretary, rules similar to the rules under section 48(a)(2) (including the exceptions contained in subparagraph (B) thereof) shall apply in determining whether property is used predominantly outside the United States. In addition to the exceptions contained in such subparagraph (B), there shall be excepted any satellite or other spacecraft (or any interest therein) held by a United States person if such satellite or spacecraft was launched from within the United States.

"(5) TAX-EXEMPT BOND FINANCED PROPERTY.—For purposes of this subsection—

"(A) IN GENERAL.—Except as otherwise provided in this paragraph, the term 'tax-exempt bond financed property' means any property if part or all of such property is financed (directly or indirectly) by an obligation the interest on which is exempt from tax under section 103(a).

"(B) ALLOCATION OF BOND PROCEEDS.—For purposes of subparagraph (A), the proceeds of any obligation shall be treated as used to finance property acquired in connection with the issuance of such obligation in the order in which such property was acquired.

"(C) EXEMPTION FOR LOW-INCOME HOUSING.—The term 'tax-exempt bond finance property' shall not include any low-income housing.

"(6) IMPORTED PROPERTY.—

"(A) COUNTRIES MAINTAINING TRADE RESTRICTIONS OR ENGAGING IN DISCRIMINATORY ACTS.—If the President determines that a foreign country—

"(i) maintains nontariff trade restrictions, including variable import fees, which substantially burden United States commerce in a manner inconsistent with provisions of trade agreements, or

"(ii) engages in discriminatory or other acts (including tolerance of international cartels) or policies unjustifiably restricting United States commerce,

he may by executive order provide for the application of paragraph (1)(D) to any article or class of articles manufactured or produced in such foreign country for such period as may be provided by such Executive order.

"(B) IMPORTED PROPERTY.—For purposes of this subsection, the term 'imported property' means any property if—

"(i) such property was completed outside the United States, or

"(ii) less than 50 percent of the basis of such property is attributable to value added within the United States.

For purposes of this subparagraph, the term 'United States' includes the Commonwealth of Puerto Rico and the possessions of the United States.

"(7) ELECTION TO USE NONINCENTIVE DEPRECIATION SYSTEM.—

"(A) IN GENERAL.—If the taxpayer makes an election under this paragraph with respect to any class of property for any taxable year, the nonincentive depreciation system shall apply to all property in such class placed in service during such taxable year. Notwithstanding the preceding sentence, in the case of a certified historic structure (as defined in section 48(g)(3)), such election may be made separately with respect to such structure.

"(B) ELECTION IRREVOCABLE.—An election under subparagraph (A), once made with respect to any class of property for any taxable year, shall be irrevocable.

"(i) TAX-EXEMPT USE PROPERTY.—

"(1) IN GENERAL.—For purposes of this section—

"(A) PROPERTY OTHER THAN 30-YEAR REAL PROPERTY.—Except as otherwise provided in this subsection, the term 'tax-exempt use property' means that portion of any tangible property (other than 30-year real property) leased to a tax-exempt entity.

"(B) 30-YEAR REAL PROPERTY.—

"(i) IN GENERAL.—In the case of 30-year real property, the term 'tax-exempt use property' means that portion of the property leased to a tax-exempt entity in a disqualified lease.

"(ii) DISQUALIFIED LEASE.—For purposes of this subparagraph, the term 'disqualified lease' means any lease of the property to a tax-exempt entity, but only if—

"(I) part or all of the property was financed (directly or indirectly) by an obligation the interest on which is exempt from tax under section 103 and such entity (or a related entity) participated in such financing,

"(II) under such lease there is a fixed or determinable price purchase or sale option which involves such entity (or a related entity) or there is the equivalent of such an option,

"(III) such lease has a lease term in excess of 20 years, or

"(IV) such lease occurs after a sale (or other transfer) of the property by, or lease of the property from, such entity (or a related entity) and such property has been used by such entity (or a related entity) before such sale (or other transfer) or lease.

"(iii) 35-PERCENT THRESHOLD TEST.—Clause (i) shall apply to any property only if the portion of such property leased to tax-exempt entities in disqualified leases is more than 35 percent of the property.

"(iv) TREATMENT OF IMPROVEMENTS.—For purposes of this subparagraph, improvements to a property (other than land) shall not be treated as a separate property.

"(v) LEASEBACKS DURING 1ST 3 MONTHS OF USE NOT TAKEN INTO ACCOUNT.—Subclause (IV) of clause (ii) shall not apply to any property which is leased within 3 months after the date such property is first used by the tax-exempt entity (or a related entity).

"(C) EXCEPTION FOR SHORT-TERM LEASES.—

"(i) IN GENERAL.—Property shall not be treated as tax-exempt use property merely by reason of a short-term lease.

"(ii) SHORT-TERM LEASE.—For purposes of clause (i), the term 'short-term lease' means any lease the term of which is—

"(I) less than 3 years, and

"(II) less than the greater of 1 year or 30 percent of the property's present class life.

If the case of 30-year real property and property with no present class life, subclause (II) shall not apply.

"(D) EXCEPTION WHERE PROPERTY USED IN UNRELATED TRADE OR BUSINESS.—The term 'tax-exempt use property' shall not include any portion of a property if such portion is predominantly used by the tax-exempt entity (directly or through a partnership of which such entity is a partner) in an unrelated trade or business the income of which is subject to tax under section 511. For purposes of subparagraph (B)(iii), any portion of a property so used shall not be treated as leased to a tax-exempt entity in a disqualified lease.

"(E) 30-YEAR REAL PROPERTY TO INCLUDE LOW-INCOME HOUSING.—For purposes of this paragraph, the term '30-year real property' includes low-income housing.

"(2) TAX-EXEMPT ENTITY.—

"(A) IN GENERAL.—For purposes of this subsection, the term 'tax-exempt entity' means—

"(i) the United States, any State or political subdivision thereof, any possession of the United States, or any agency or instrumentality of any of the foregoing,

"(ii) an organization (other than a cooperative described in section 521) which is exempt from tax imposed by this chapter, and

"(iii) any foreign person or entity.

"(B) EXCEPTIONS FOR CERTAIN PROPERTY SUBJECT TO UNITED STATES TAX AND USED BY FOREIGN PERSON OR ENTITY.—Clause (iii) of subparagraph (A) shall not apply with respect to any property if more than 50 percent of the gross income for the taxable year derived by the foreign person or entity from the use of such property is—

"(i) subject to tax under this chapter, or

"(ii) included under section 951 in the gross income of a United States shareholder for the taxable year with or within which ends the taxable year of the controlled foreign corporation in which such income was derived.

For purposes of the preceding sentence, any exclusion or exemption shall not apply for purposes of determining the amount of the gross income so derived, but shall apply for purposes of determining the portion of such gross income subject to tax under this chapter.

"(C) FOREIGN PERSON OR ENTITY.—For purposes of this paragraph, the term 'foreign person or entity' means—

"(i) any foreign government, any international organization, or any agency or instrumentality of any of the foregoing, and

"(ii) any person who is not a United States person.

Such term does not include any foreign partnership or other foreign pass-thru entity.

"(D) TREATMENT OF CERTAIN TAXABLE INSTRUMENTALITIES.—For purposes of this subsection, a corporation shall not be treated as an instrumentality of the United States or of any State or political subdivision thereof if—

"(i) all of the activities of such corporation are subject to tax under this chapter, and

"(ii) a majority of the board of directors of such corporation is not selected by the United States or any State or political subdivision thereof.

"(E) CERTAIN PREVIOUSLY TAX-EXEMPT ORGANIZATIONS.—

"(i) IN GENERAL.—For purposes of this subsection, an organization shall be treated as an organization described in subparagraph (A)(ii) with respect to any property (other than property held by such organization) if such organization was an organization (other than a cooperative described in section 521) exempt from tax imposed by this chapter at any time during the 5-year period ending on the date such property was first used by such organization. The preceding sentence and subparagraph (D)(ii) shall not apply to the Federal Home Loan Mortgage Corporation.

"(ii) ELECTION NOT TO HAVE CLAUSE (I) APPLY.—

"(I) IN GENERAL.—In the case of an organization formerly exempt from tax under section 501(a) as an organization described in section 501(c)(12), clause (i) shall not apply to such organization with respect to any property if such organization elects not to be exempt from tax under section 501(a) during the tax-exempt use period with respect to such property.

"(II) TAX-EXEMPT USE PERIOD.—For purposes of subclause (I), the term 'tax-exempt use period' means the period beginning with the taxable year in which the property described in subclause (I) is first used by the organization and ending with the close of the 15th taxable year following the last taxable year of the applicable recovery period of such property.

"(III) ELECTION.—Any election under subclause (I), once made, shall be irrevocable.

"(iii) TREATMENT OF SUCCESSOR ORGANIZATIONS.—Any organization which is engaged in activities substantially similar to those engaged in by a predecessor organization shall succeed to the treatment under this subparagraph of such predecessor organization.

"(iv) FIRST USED.—For purposes of this subparagraph, property shall be treated as first used by the organization—

"(I) when the property is first placed in service under a lease to such organization, or

"(II) in the case of property leased to (or held by) a partnership (or other pass-thru entity) in which the organization is a member, the later of when such property is first used by such partnership or pass-thru entity or when such organization is first a member of such partnership or pass-thru entity.

"(3) SPECIAL RULES FOR CERTAIN HIGH TECHNOLOGY EQUIPMENT.—

"(A) EXEMPTION WHERE LEASE TERM IS 5 YEARS OR LESS.—For purposes of this section, the term 'tax-exempt use property' shall not include any qualified technological equipment if the lease to the tax-exempt entity has a lease term of 5 years or less.

"(B) EXCEPTION FOR CERTAIN PROPERTY.—

"(i) IN GENERAL.—For purposes of subparagraph (A), the term 'qualified technological equipment' shall not include any property leased to a tax-exempt entity if—

"(I) part or all of the property was financed (directly or indirectly) by an obligation the interest on which is exempt from tax under section 103,

"(II) such lease occurs after a sale (or other transfer) of the property by, or lease of such property from, such entity (or related entity) and such property has been used by such entity (or a related entity) before such sale (or other transfer) or lease, or

"(III) such tax-exempt entity is the United States or any agency or instrumentality of the United States.

"(ii) LEASEBACKS DURING 1ST 3 MONTHS OF USE NOT TAKEN INTO ACCOUNT.—Subclause (II) of clause (i) shall not apply to any property which is leased within 3 months after the date such property is first used by the tax-exempt entity (or a related entity).

"(4) RELATED ENTITIES.—For purposes of this subsection—

"(A)(i) Each governmental unit and each agency or instrumentality of a governmental unit is related to each other such unit, agency, or instrumentality which directly or indirectly derives its powers, rights, and duties in whole or in part from the same sovereign authority.

"(ii) For purposes of clause (i), the United States, each State, and each possession of the United States shall be treated as a separate sovereign authority.

"(B) Any entity not described in subparagraph (A)(i) is related to any other entity if the 2 entities have—

"(i) significant common purposes and substantial common membership, or

"(ii) directly or indirectly substantial common direction or control.

"(C)(i) An entity is related to another entity if either entity owns (directly or through 1 or more entities) a 50 percent or greater interest in the capital or profits of the other entity.

"(ii) For purposes of clause (i), entities treated as related under subparagraph (A) or (B) shall be treated as 1 entity.

"(D) An entity is related to another entity with respect to a transaction if such transaction is part of an attempt by such entities to avoid the application of this subsection.

"(5) TAX-EXEMPT USE OF PROPERTY LEASED TO PARTNERSHIPS, ETC., DETERMINED AT PARTNER LEVEL.—For purposes of this subsection—

"(A) IN GENERAL.—In the case of any property which is leased to a partnership, the determination of whether any portion of such property is tax-exempt use property shall be made by treating each tax-exempt entity partner's proportionate share (determined under paragraph (6)(C)) of such property as being leased to such partner.

"(B) OTHER PASS-THRU ENTITIES; TIERED ENTITIES.—Rules similar to the rules of subparagraph (A) shall also apply in the case of any pass-thru entity other than a partner-

ship and in the case of tiered partnerships and other entities.

"(C) PRESUMPTION WITH RESPECT TO FOREIGN ENTITIES.—Unless it is otherwise established to the satisfaction of the Secretary, it shall be presumed that the partners of a foreign partnership (and the beneficiaries of any other foreign pass-thru entity) are persons who are not United States persons.

"(6) TREATMENT OF PROPERTY OWNED BY PARTNERSHIPS, ETC.—

"(A) IN GENERAL.—For purposes of this subsection, if—

"(i) any property which (but for this subparagraph) is not tax-exempt use property is owned by a partnership which has both a tax-exempt entity and a person who is not a tax-exempt entity as partners, and

"(ii) any allocation to the tax-exempt entity of partnership items is not a qualified allocation,

an amount equal to such tax-exempt entity's proportionate share of such property shall (except as provided in paragraph (1)(D)) be treated as tax-exempt use property.

"(B) QUALIFIED ALLOCATION.—For purposes of subparagraph (A), the term 'qualified allocation' means any allocation to a tax-exempt entity which—

"(i) is consistent with such entity's being allocated the same distributive share item of income, gain, loss, deduction, credit, and basis and such share remains the same during the entire period the entity is a partner in the partnership, and

"(ii) has substantial economic effect within the meaning of section 704(b)(2).

For purposes of this subparagraph, items allocated under section 704(c) shall not be taken into account.

"(C) DETERMINATION OF PROPORTIONATE SHARE.—

"(i) IN GENERAL.—For purposes of subparagraph (A), a tax-exempt entity's proportionate share of any property owned by a partnership shall be determined on the basis of such entity's share of partnership items of income or gain (excluding gain allocated under section 704(c)), whichever results in the largest proportionate share.

"(ii) DETERMINATION WHERE ALLOCATIONS VARY.—For purposes of clause (i), if a tax-exempt entity's share of partnership items of income or gain (excluding gain allocated under section 704(c)) may vary during the period such entity is a partner in the partnership, such share shall be the highest share such entity may receive.

"(D) DETERMINATION OF WHETHER PROPERTY USED IN UNRELATED TRADE OR BUSINESS.—For purposes of this subsection, in the case of any property which is owned by a partnership which has both a tax-exempt entity and a person who is not a tax-exempt entity as partners, the determination of whether such property is used in an unrelated trade or business of such an entity shall be made without regard to section 514.

"(E) OTHER PASS-THRU ENTITIES; TIERED ENTITIES.—Rules similar to the rules of subparagraphs (A), (B), (C), and (D) shall also apply in the case of any pass-thru entity other than a partnership and in the case of tiered partnerships and other entities.

"(F) TREATMENT OF CERTAIN TAXABLE ENTITIES.—

"(i) IN GENERAL.—For purposes of this paragraph and paragraph (5), except as otherwise provided in this subparagraph, any tax-exempt controlled entity shall be treated as a tax-exempt entity.

"(ii) ELECTION.—If a tax-exempt controlled entity makes an election under this clause—

"(I) such entity shall not be treated as a tax-exempt entity for purposes of this paragraph and paragraph (5), and

"(II) any gain recognized by a tax-exempt entity on any disposition of an interest in such entity (and any dividend or interest received or accrued by a tax-exempt entity from such tax-exempt controlled entity) shall be treated as unrelated business taxable income for purposes of section 511.

Any such election shall be irrevocable and shall bind all tax-exempt entities holding interests in such tax-exempt controlled entity.

"(iii) TAX-EXEMPT CONTROLLED ENTITY.—The term 'tax-exempt controlled entity' means any corporation (which is not a tax-exempt entity determined without regard to this subparagraph and paragraph (2)(E)) if 50 percent or more (in value) of the stock in such corporation is held (directly or through the application of section 318) by 1 or more tax-exempt entities.

"(G) REGULATIONS.—For purposes of determining whether there is a qualified allocation under subparagraph (B), the regulations prescribed under paragraph (8) for purposes of this paragraph—

"(i) shall set forth the proper treatment for partnership guaranteed payments, and

"(ii) may provide for the exclusion or segregation of items.

"(7) LEASE.—For purposes of this subsection, the term 'lease' includes any grant of a right to use property.

"(8) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this section.

"(j) DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

"(1) CLASS LIFE.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), the term 'class life' means the class life (if any) which would be applicable with respect to any property as of January 1, 1985, under subsection (m) of section 167 (determined without regard to paragraph (4) thereof and as if the taxpayer had made an election under such subsection).

"(B) SECRETARIAL AUTHORITY.—The Secretary, through an office established in the Treasury—

"(i) shall monitor and analyze actual experience with respect to all depreciable assets,

"(ii) may prescribe a new class life for any property or class of property, and

"(iii) may prescribe a class life for any property which does not have a class life within the meaning of subparagraph (A).

Any class life prescribed under the preceding sentence shall reasonably reflect the anticipated useful life, and the anticipated decline in value over time, of the property to the industry or other group.

"(C) NEW CLASS LIFE TO OVERRIDE CLASSIFICATION UNDER SUBSECTION (e)(2).—If the Secretary prescribes a class life under subparagraph (B) with respect to any property (other than 30-year real property or low-income housing), such class life shall be used in determining the class of such property without regard to any classification under subsection (e)(2).

"(2) 30-YEAR REAL PROPERTY.—The term '30-year real property' means any real property which—

"(A) does not have a class life, and

"(B) is not low-income housing.

"(3) LOW-INCOME HOUSING.—

"(A) IN GENERAL.—The term 'low-income housing' means any real property which is part of a residential rental project if such project meets the requirements of clause (i) or (ii), whichever is elected by the taxpayer at the time the property is placed in service:

"(i) The project meets the requirements of this clause if 20 percent or more of the units in such project are occupied by individuals whose income is 70 percent or less of median gross income.

"(ii) The project meets the requirements of this clause if 25 percent or more of the units in such project are occupied by individuals whose income is 80 percent or less of median gross income.

For purposes of the preceding sentence, property shall not be treated as failing to be residential rental property merely because part of the building in which such property is located is used for purposes other than residential rental purposes.

"(B) VERY LOW-INCOME HOUSING.—Real property which is part of a project shall be treated as very low-income housing meeting the requirements of this subparagraph if such project meets the requirements of subparagraph (A)(i) determined by substituting '40 percent' for '20 percent' and '60 percent' for '70 percent'.

"(C) CERTAIN REQUIREMENTS MADE APPLICABLE.—Rules similar to the rules of paragraphs (2), (3), and (4) of section 142(c) shall apply for purposes of determining whether any property is low-income housing or very low-income housing for purposes of this section.

"(4) QUALIFIED TECHNOLOGICAL EQUIPMENT.—

"(A) IN GENERAL.—The term 'qualified technological equipment' means—

"(i) any computer or peripheral equipment,

"(ii) any high technology telephone station equipment installed on the customer's premises, and

"(iii) any high technology medical equipment.

"(B) COMPUTER OR PERIPHERAL EQUIPMENT DEFINED.—For purposes of this paragraph—

"(i) IN GENERAL.—The term 'computer or peripheral equipment' means—

"(I) any computer, and

"(II) any related peripheral equipment.

"(ii) COMPUTER.—The term 'computer' means a programmable electronically activated device which—

"(I) is capable of accepting information, applying prescribed processes to the information, and supplying the results of these processes with or without human intervention, and

"(II) consists of a central processing unit containing extensive storage, logic, arithmetic, and control capabilities.

"(iii) RELATED PERIPHERAL EQUIPMENT.—The term 'related peripheral equipment' means any auxiliary machine (whether on-line or off-line) which is designed to be placed under the control of the central processing unit of a computer.

"(iv) EXCEPTIONS.—The term 'computer or peripheral equipment' shall not include—

"(I) any equipment which is an integral part of other property which is not a computer,

"(II) typewriters, calculators, adding and accounting machines, copiers, duplicating equipment, and similar equipment, and

"(III) equipment of a kind used primarily for amusement or entertainment of the user.

"(C) HIGH TECHNOLOGY MEDICAL EQUIPMENT.—For purposes of this paragraph, the term 'high technology medical equipment' means any electronic, electromechanical, or computer-based high technology equipment

used in the screening, monitoring, observation, diagnosis, or treatment of patients in a laboratory, medical, or hospital environment.

"(5) LEASE TERM.—

"(A) IN GENERAL.—In determining a lease term—

"(i) there shall be taken into account options to renew, and

"(ii) 2 or more successive leases which are part of the same transaction (or a series of related transactions) with respect to the same or substantially similar property shall be treated as 1 lease.

"(B) SPECIAL RULE FOR FAIR RENTAL OPTIONS ON 30-YEAR REAL PROPERTY OR LOW-INCOME HOUSING.—For purposes of clause (i) of subparagraph (A), in the case of 30-year real property or low-income housing, there shall not be taken into account any option to renew at fair market value, determined at the time of renewal.

"(6) MASS ASSET ACCOUNTS.—Under regulations prescribed by the Secretary, a taxpayer may maintain one or more mass asset accounts for any property to which this section applies. Except as provided in regulations, all proceeds realized on any disposition of property in a mass asset account shall be included in income as ordinary income.

"(7) CHANGES IN USE.—

"(A) IN GENERAL.—The Secretary shall, by regulations, provide for the method of determining the deduction allowable under section 167(a) with respect to any tangible property for any taxable year (and the succeeding taxable years) during which such property changes status under this section but continues to be held by the same person.

"(B) SPECIAL RULE FOR LOW-INCOME HOUSING.—In the case of any property which was low-income housing before the change in status referred to in subparagraph (A)—

"(i) the gross income of the holder of such property shall be increased by the prior excess depreciation deductions,

"(ii) the adjusted basis of such property shall be increased by the amount included in gross income under clause (i), and

"(iii) such adjusted basis shall be depreciated over the remaining recovery period which would have applied to such property had it not been low-income housing when placed in service.

For purposes of the preceding sentence, the term 'excess depreciation deductions' means the excess of the depreciation deductions previously allowable with respect to any property which was low-income housing over the depreciation deductions which would have been allowable if such property had been treated as 30-year real property when placed in service.

"(8) TREATMENTS OF ADDITIONS OR IMPROVEMENTS TO PROPERTY.—The applicable recovery period for any addition to (or improvement of) property shall begin on the later of—

"(A) the date on which such addition (or improvement) is placed in service, or

"(B) the date on which the property with respect to which such addition (or improvement) was made is placed in service.

"(9) TREATMENT OF CERTAIN TRANSFEREES.—

"(A) IN GENERAL.—In the case of any property transferred in a transaction described in subparagraph (B), the transferee shall be treated as the transferor for purposes of computing the depreciation deduction determined under this section with respect to so much of the basis in the hands of the transferee as does not exceed the adjusted basis in the hands of the transferor.

"(B) TRANSACTIONS COVERED.—The transactions described in this subparagraph are any transaction described in section 332, 351, 361, 371(a), 374(a), 721, or 731. Subparagraph (A) shall not apply in the case of a termination of a partnership under section 708(b)(1)(A).

"(10) TREATMENT OF LEASEHOLD IMPROVEMENTS.—In the case of any building erected (or improvements made) on leased property, if such building or improvement is property to which this section applies, section 178 shall not apply (and the depreciation deduction shall be determined under the provisions of this section).

"(11) NORMALIZATION RULES.—

"(A) IN GENERAL.—In order to use a normalization method of accounting with respect to any public utility property for purposes of subsection (f)(3)—

"(i) the taxpayer must, in computing its tax expense for purposes of establishing its cost of service for ratemaking purposes and reflecting operating results in its regulated books of account, use a method of depreciation with respect to such property that is the same as, and a depreciation period for such property that is no shorter than, the method and period used to compute its depreciation expense for such purposes; and

"(ii) if the amount allowable as a deduction under this section with respect to such property differs from the amount that would be allowable as a deduction under section 167 (determined without regard to section 167(l)) using the method (including the period, first and last year convention, and salvage value) used to compute regulated tax expense under clause (i), the taxpayer must make adjustments to a reserve to reflect the deferral of taxes resulting from such difference.

Adjustments similar to the adjustment provided in clauses (i) and (ii) shall be made in the case of any increase in the depreciation deduction determined under this section with respect to any property by reason of subsection (g).

"(B) USE OF INCONSISTENT ESTIMATES AND PROJECTIONS, ETC.—

"(i) IN GENERAL.—One way in which the requirements of subparagraph (A) are not met is if the taxpayer, for ratemaking purposes, uses a procedure or adjustment which is inconsistent with the requirements of subparagraph (A).

"(ii) USE OF INCONSISTENT ESTIMATES AND PROJECTIONS.—The procedures and adjustments which are to be treated as inconsistent for purposes of clause (i) shall include any procedure or adjustment for ratemaking purposes which uses an estimate or projection of the taxpayer's tax expense, depreciation expense, or reserve for deferred taxes under subparagraph (A)(ii) unless such estimate or projection is also used, for ratemaking purposes, with respect to the other 2 such items and with respect to the rate base.

"(iii) REGULATORY AUTHORITY.—The Secretary may by regulations prescribe procedures and adjustments (in addition to those specified in clause (ii)) which are to be treated as inconsistent for purposes of clause (i).

"(C) PUBLIC UTILITY PROPERTY WHICH DOES NOT MEET NORMALIZATION RULES.—In the case of any public utility property to which this section does not apply by reason of subsection (f)(3), the allowance for depreciation under section 167(a) shall be an amount computed using the method and period referred to in subparagraph (A)(i)."

(b) LIMITATION ON ELECTION TO EXPENSE CERTAIN DEPRECIABLE ASSETS.—Subsection (b) of section 179 (relating to election to expense certain depreciable assets) is amended to read as follows:

"(b) LIMITATIONS.—

"(1) DOLLAR LIMITATION.—The aggregate cost which may be taken into account under subsection (a) for any taxable year shall not exceed $10,000.

"(2) CERTAIN TAXPAYERS NOT ELIGIBLE FOR ELECTION.—Subsection (a) shall not apply to any taxpayer for any taxable year if the cost of section 179 property placed in service during such taxable year exceeds $200,000.

"(3) MARRIED INDIVIDUALS FILING SEPARATELY.—In the case of a husband and wife filing separate returns for the taxable year—

"(A) paragraph (1) shall be applied by substituting "$5,000" for "$10,000", and

"(B) such individuals shall be treated as one taxpayer for purposes of determining whether the requirements of paragraph (2) are met."

(c) SYSTEM USED FOR PURPOSES OF EARNINGS AND PROFITS.—Paragraph (3) of section 312(k) is amended to read as follows:

"(3) EXCEPTION FOR TANGIBLE PROPERTY.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), in the case of tangible property to which section 168 applies, the adjustment to earnings and profits for depreciation for any taxable year shall be determined under the nonincentive depreciation system within the meaning of section 168(h)(2).

"(B) TREATMENT OF AMOUNTS DEDUCTIBLE UNDER SECTION 179.—For purposes of computing the earnings and profits of a corporation, any amount deductible under section 179 shall be allowed as a deduction ratably over the period of 5 taxable years (beginning with the taxable year for which such amount is deductible under section 179)."

(d) CONTINUATION OF RULES RELATING TO MOTOR VEHICLE OPERATING LEASES.—Section 7701 is amended by redesignating subsection (h) as subsection (i) and by inserting after subsection (g) the following new subsection:

"(h) MOTOR VEHICLE OPERATING LEASES.—

"(1) IN GENERAL.—For purposes of this title, in the case of a qualified motor vehicle operating agreement which contains a terminal rental adjustment clause—

"(A) such agreement shall be treated as a lease if (but for such terminal rental adjustment clause) such agreement would be treated as a lease under this title, and

"(B) the lessee shall not be treated as the owner of the property subject to an agreement during any period such agreement is in effect.

"(2) QUALIFIED MOTOR VEHICLE OPERATING AGREEMENT DEFINED.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'qualified motor vehicle operating agreement' means any agreement with respect to a motor vehicle (including a trailer) which meets the requirements of subparagraphs (B), (C), and (D) of this paragraph.

"(B) MINIMUM LIABILITY OF LESSOR.—An agreement meets the requirements of this subparagraph if under such agreement the sum of—

"(i) the amount the lessor is personally liable to repay, and

"(ii) the net fair market value of the lessor's interest in any property pledged as security for property subject to the agreement,

equals or exceeds all amounts borrowed to finance the acquisition of property subject to the agreement. There shall not be taken into account under clause (ii) any property pledged which is property subject to the agreement or property directly or indirectly financed by indebtedness secured by property subject to the agreement.

"(C) CERTIFICATION BY LESSEE; NOTICE OF TAX OWNERSHIP.—An agreement meets the requirements of this subparagraph if such agreement contains a separate written statement separately signed by the lessee—

"(i) under which the lessee certifies, under penalty of perjury, that it intends that more than 50 percent of the use of the property subject to such agreement is to be in a trade or business of the lessee, and

"(ii) which clearly and legibly states that the lessee has been advised that it will not be treated as the owner of the property subject to the agreement for Federal income tax purposes.

"(D) LESSOR MUST HAVE NO KNOWLEDGE THAT CERTIFICATION IS FALSE.—An agreement meets the requirements of this subparagraph if the lessor does not know that the certification described in subparagraph (C)(i) is false.

"(3) TERMINAL RENTAL ADJUSTMENT CLAUSE DEFINED.—

"(A) IN GENERAL.—For purposes of this subsection, the term 'terminal rental adjustment clause' means a provision of an agreement which permits or requires the rental price to be adjusted upward or downward by reference to the amount realized by the lessor under the agreement upon sale or other disposition of such property.

"(B) SPECIAL RULE FOR LESSEE DEALERS.—The term 'terminal rental adjustment clause' also includes a provision of an agreement which requires a lessee who is a dealer in motor vehicles to purchase the motor vehicle for a predetermined price and then resell such vehicle where such provision achieves substantially the same results as a provision described in subparagraph (A)."

(e) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) SECTION 167.—Paragraph (4) of section 167(m) (relating to termination of class lives) is amended to read as follows:

"(4) TERMINATION.—This subsection shall not apply with respect to any property to which section 168 applies."

(2) SECTION 178.—Section 178 is amended by adding at the end thereof the following new subsection:

"(d) CROSS REFERENCE.—

"For provision providing that this section does not apply to certain property, see section 168(j)(10)."

(3) SECTION 179.—Paragraph (8) of section 179(d) is amended to read as follows:

"(8) TREATMENT OF PARTNERSHIPS AND S CORPORATIONS.—In the case of a partnership, the limitations of subsection (b) shall apply with respect to the partnership and with respect to each partner. A similar rule shall apply in the case of an S corporation and its shareholders."

(4) SECTION 280F.—

(A) Paragraph (2) of section 280F(b) (relating to depreciation) is amended by striking out "the straight line method over the earnings and profits life for such property" and inserting in lieu thereof "section 168(h) (relating to nonincentive depreciation system)".

(B) Subparagraph (A) of section 280F(b)(3) (relating to recapture) is amended by striking out "the straight line method over the earnings and profits life" and inserting in lieu thereof "section 168(h) (relating to nonincentive depreciation system)".

(C) Paragraph (4) of section 280F(b) (relating to definitions) is amended to read as follows:

"(4) PROPERTY PREDOMINANTLY USED IN QUALIFIED BUSINESS USE.—For purposes of this subsection, property shall be treated as predominantly used in a qualified business use for any taxable year if the business use percentage for such taxable year exceeds 50 percent."

(D) Paragraph (4) of section 280F(c) is amended by striking out "section 168(j)(6)(B)" and inserting in lieu thereof "section 168(j)(5)(A)".

(E) Paragraph (1) of section 280F(d) is amended by striking out "recovery deduction" and inserting in lieu thereof "depreciation deduction".

(F) Paragraph (2) of section 280F(d) is amended—

(i) by striking out "recovery deduction" and inserting in lieu thereof "depreciation deduction", and

(ii) by striking out "use described in section 168(c)(1) (defining recovery property)" and inserting in lieu thereof "use in a trade or business (including the holding for the production of income)".

(G) Clause (iv) of section 280F(d)(4)(A) is amended by striking out "section 168(j)(5)(D)" and inserting in lieu thereof "section 168(j)(4)(B)".

(H) Paragraph (8) of section 280F(d) (defining unrecovered basis) is amended to read as follows:

"(8) UNRECOVERED BASIS.—For purposes of subsection (a)(1), the term 'unrecovered basis' means the adjusted basis of the passenger automobile determined after the application of subsection (a) and as if all use during the recovery period were use in a trade or business."

(I) Paragraph (10) of section 280F(d) is amended by striking out ", notwithstanding any regulations prescribed under section 168(f)(7),".

(5) SECTION 312.—Paragraph (4) of section 312(k) is amended by striking out the last sentence.

(6) SECTION 461.—

(A) Subclause (I) of section 461(i)(2)(C)(ii) (defining cash basis) is amended by striking out "section 168(e)(4)" and inserting in lieu thereof "paragraph (6)".

(B) Subsection (i) of section 461 is amended by adding at the end thereof the following new paragraph:

"(6) RELATED PERSON.—For purposes of this subsection, a person (hereinafter in this paragraph referred to as the 'related person') is related to any person if—

"(A) the related person bears a relationship to such person specified in section 267(b) or section 707(b)(1), or

"(B) the related person and such person are engaged in trades or business under common control (within the meaning of subsections (a) and (b) of section 52).

For purposes of subparagraph (A), in applying section 267(b) or (f) or 707(b)(1), '10 percent' shall be substituted for '50 percent'."

(7) SECTION 465.—Subparagraph (C) of section 465(b)(3) is amended by striking out "section 168(e)(4)" and inserting in lieu thereof "section 461(i)(6)".

(8) SECTION 467.—

(A) Paragraph (3) of section 467(e) is amended to read as follows:

"(3) STATUTORY RECOVERY PERIOD.—

"(A) IN GENERAL.—

"In the case of property in:	The statutory recovery period is:
Class 1	3 years
Class 2	5 years
Class 3	7 years
Class 4	10 years
Class 5	13 years
Class 6	16 years
Class 7	20 years
Class 8	25 years
Class 9	30 years
Class 10	30 years.

"(B) SPECIAL RULE FOR PROPERTY NOT DEPRECIABLE UNDER SECTION 168.—In the case of property to which section 168 does not apply, subparagraph (A) shall be applied as if section 168 applies to such property."

(B) Paragraph (5) of section 467(e) (defining related person) is amended by striking out "section 168(e)(4)(D)" and inserting in lieu thereof "section 461(i)".

(9) SECTION 514.—Subclause (II) of section 514(c)(9)(B)(vi) (relating to real property acquired by a qualified organization) is amended by striking out "section 168(j)(9)" and inserting in lieu thereof "section 168(i)(6)".

(10) SECTION 751.—Subsection (c) of section 751 (defining unrealized receivables) is amended by striking out "section 1245 recovery property (as defined in section 1245(a)(5)),".

(11) SECTION 1245.—

(A) Paragraph (1) of section 1245(a) (relating to gain from dispositions of certain depreciable property) is amended by striking out "beginning after December 31, 1962, or section 1245 recovery property is disposed of after December 31, 1980,".

(B) Paragraph (2) of section 1245(a) (defining recomputed basis) is amended to read as follows:

"(2) RECOMPUTED BASIS.—For purposes of this section—

"(A) IN GENERAL.—The term 'recomputed basis' means, with respect to any property, its adjusted basis recomputed by adding thereto all adjustments reflected in such adjusted basis on account of deductions (whether in respect of the same or other property) allowed or allowable to the taxpayer or to any other person for depreciation or amortization.

"(B) TAXPAYER MAY ESTABLISH AMOUNT ALLOWED.—For purposes of subparagraph (A), if the taxpayer can establish by adequate records or other sufficient evidence that the amount allowed for depreciation or amortization for any period was less than the amount allowable, the amount added for such period shall be the amount allowed.

"(C) CERTAIN DEDUCTIONS TREATED AS AMORTIZATION.—Any deduction allowable under section 179, 190, or 193 shall be treated as if it were a deduction allowable for depreciation."

(C) Paragraph (3) of section 1245(a) (defining section 1245 property) is amended by adding at the end thereof the following new sentence:

"Such term includes any tangible property to which section 168 applied and which is not 30-year real property (as defined in section 168) or low-income housing (as defined in section 168)."

(D) Subsection (a) of section 1245 is amended by striking out paragraphs (5) and (6).

(12) SECTION 4162.—Paragraph (3) of section 4162(c) (defining related person) is amended by striking out "section 168(e)(4)(D)" and inserting in lieu thereof "section 461(i)(6)".

(13) SECTION 6111.—Clause (ii) of section 6111(c)(3)(B) (relating to certain borrowed amounts excluded) is amended by striking out "section 168(e)(4)" and inserting in lieu thereof "section 461(i)(6)".

(14) SECTION 7701.—

(A) Subparagraph (A) of section 7701(e)(4) is amended by striking out "section 168(j)" and inserting in lieu thereof "section 168(h)".

(B) Paragraph (5) of section 7701(e) (relating to exception for certain low-income housing) is amended by striking out "section 168(c)(2)(F)" and inserting in lieu thereof "section 168(j)(3)".

(15) CLERICAL AMENDMENT.—The item relating to section 168 in the table of sections for part VI of subchapter B of chapter 1 is amended to read as follows:

"Sec. 168. Incentive depreciation system for tangible property."

SEC. 202. RECAPTURE PROVISIONS FOR SECTION 1250 PROPERTY.

(a) GENERAL RULE.—Subsection (a) of section 1250 (relating to gain from dispositions of certain depreciable realty) is amended by redesignating paragraphs (1), (2), (3), and (4) as paragraphs (2), (3), (4), and (5), respectively, and by inserting before paragraph (2) the following new paragraph:

"(1) ADDITIONAL DEPRECIATION FOR CERTAIN PROPERTY PLACED IN SERVICE AFTER DECEMBER 31, 1985.—

"(A) IN GENERAL.—If any section 1250 property placed in service after December 31, 1985, is disposed of, then the lower of—

"(i) the additional depreciation (as defined in subsection (b)(1) or (4)) in respect of such property, or

"(ii) the excess of the amount realized (in the case of a sale, exchange, or inventory conversion), or the fair market value of such property (in the case of any other disposition), over the adjusted basis of such property,

shall be treated as gain which is ordinary income. Such gain shall be recognized notwithstanding any other provision of this subtitle.

"(B) APPLICATION OF THIS PARAGRAPH.—This paragraph shall not apply to any property described in section 203(b) of the Tax Reform Act of 1985 (relating to transitional rules).

"(C) COORDINATION WITH PARAGRAPH (2).—Paragraph (2) of this subsection shall not apply to any property to which this paragraph applies."

(b) DETERMINATION OF ADDITIONAL DEPRECIATION.—Paragraph (5) of section 1250(b) (relating to method of computing straight line adjustments) is amended by striking out subparagraphs (A) and (B) and inserting in lieu thereof the following:

"(A) in the case of—

"(i) property to which section 168 (as amended by the Tax Reform Act of 1985) applies, by determining the adjustments which would have resulted for such year if such adjustments had been made under the straight-line method for such year using the recovery period applicable to such property, or

"(ii) recovery property to which section 168 (as in effect on the day before the date of the enactment of the Tax Reform Act of 1985) applies, by determining the adjustments which would have resulted for such year if the taxpayer had elected the straight-line method for such year using the recovery period applicable to such property, and

"(B) in the case of property not described in subparagraph (A), if a useful life (or salvage value) was used in determining the amount allowable as a deduction for any taxable year, by using such life (or value).

In the case of any property described in subparagraph (A)(i) which is low-income housing (as defined in section 168(i)(3)) which is sold by the taxpayer and leased back by the taxpayer, the Secretary may by regulations prescribe that the recovery period applicable to 30-year real property shall be used for purposes of this paragraph if such property is not to be used as low-income housing after such leaseback."

SEC. 203. EFFECTIVE DATES.

(a) GENERAL RULE.—Except as otherwise provided in this section, the amendments made by section 201 shall apply to property placed in service after December 31, 1985, in taxable years ending after such date.

(b) GENERAL TRANSITIONAL RULE.—

(1) IN GENERAL.—The amendments made by section 201 shall not apply to—

(A) any property which is constructed, reconstructed, or acquired pursuant to a written contract which was binding on September 25, 1985,

(B) property which is constructed or reconstructed by the taxpayer if—

(i) the lesser of (I) $1,000,000, or (II) 5 percent of the cost of such property has been incurred or committed by September 25, 1985, and

(ii) the construction or reconstruction of such property began by such date, or

(C) an equipped building or plant facility if construction has commenced as of September 25, 1985, pursuant to a written specific plan and more than one-half of the cost of such equipped building or facility has been incurred or committed by such date.

(2) REQUIREMENT THAT PROPERTY BE PLACED IN SERVICE BEFORE CERTAIN DATE.—Paragraph (1) and subsection (d) (other than paragraph (9) thereof) shall not apply to any property unless such property is placed in service before the applicable date determined under the following table:

In the case of property in class:	The applicable date is:
1	July 1, 1986
2	January 1, 1987
3	January 1, 1989
4	January 1, 1989
5	January 1, 1989
6	January 1, 1989
7	January 1, 1991
8	January 1, 1991
9	January 1, 1991
10	January 1, 1991.

For purposes of the preceding sentence, property referred to in section 168(e)(2)(C) (relating to cars and light general purpose trucks) shall be treated as being property in class 1, and all property described in subsection (d)(5)(A) shall be treated as being property in class 7.

(3) PROPERTY QUALIFIES IF SOLD IN LEASEBACK IN 90 DAYS.—Property shall be treated as meeting the requirements of paragraphs (1) and (2) with respect to any taxpayer if such property is acquired by the taxpayer from a person in whose hands such property met the requirements of paragraphs (1) and (2) and such property is leased back by the taxpayer to such person not later than the earlier of the applicable date under paragraph (2) or the day 90 days after such property was originally placed in service.

(c) PROPERTY FINANCED WITH TAX-EXEMPT BONDS.—

(1) IN GENERAL.—Subparagraph (C) of section 168(h)(3) of the Internal Revenue Code of 1954 (as added by this section) shall apply to property placed in service after December 31, 1985, in taxable years ending after such date, to the extent such property is financed by the proceeds of an obligation (including a refunding obligation) issued after September 25, 1985.

(2) EXCEPTIONS.—

(A) CONSTRUCTION OR BINDING AGREEMENTS.—Subparagraph (C) of section 168(h)(3) of such Code (as so added) shall not apply to obligations with respect to a facility—

(i)(I) the original use of which commences with the taxpayer, and the construction, reconstruction, or rehabilitation of which began before September 26, 1985, and was completed on or after such date,

(II) with respect to which a binding contract to incur significant expenditures for construction, reconstruction, or rehabilitation was entered into before September 26, 1985, and some of such expenditures are incurred on or after such date, or

(III) acquired on or after September 26, 1985, pursuant to a binding contract entered into before such date, and

(ii) described in an inducement resolution or other comparable preliminary approval adopted by the issuing authority (or by a voter referendum) before September 26, 1985.

(B) REFUNDING.—

(i) IN GENERAL.—Except as provided in clause (ii), in the case of property placed in service after December 31, 1985, which is financed by the proceeds of an obligation which is issued solely to refund another obligation which was issued before September 26, 1985, subparagraph (C) of section 168(h)(3) of such Code (as so added) shall apply only with respect to an amount equal to the basis in such property which has not been recovered before the date such refunded obligation is issued.

(ii) SIGNIFICANT EXPENDITURES.—In the case of facilities the original use of which commences with the taxpayer and with respect to which significant expenditures are made before January 1, 1985, subparagraph (C) of section 168(h)(3) of such Code (as so added) shall not apply with respect to such facilities to the extent such facilities are financed by the proceeds of an obligation issued solely to refund another obligation which was issued before September 26, 1985.

(C) FACILITIES.—In the case of an inducement resolution or other comparable preliminary approval adopted by an issuing authority before September 26, 1985, for purposes of subparagraphs (A) and (B)(ii) with respect to obligations described in such resolution, the term "facilities" means the facilities described in such resolution.

(D) SIGNIFICANT EXPENDITURES.—For purposes of this paragraph, the term "significant expenditures" means expenditures greater than 10 percent of the reasonably anticipated cost of the construction, reconstruction, or rehabilitation of the facility involved.

(d) OTHER TRANSITIONAL RULES.—

(1) URBAN RENOVATION PROJECTS.—

(A) IN GENERAL.—The amendments made by section 201 shall not apply to any property which is an integral part of any qualified urban renovation project.

(B) QUALIFIED URBAN RENOVATION PROJECT.—For purposes of subparagraph (A), the term 'qualified urban renovation project' means any project—

(i) which before September 25, 1986, was publicly announced by a political subdivi-

sion of a State for a renovation of an urban area within its jurisdiction,

(ii) which before September 25, 1986, was identified as a single unitary project in the internal financing plans of the primary developer of the project,

(iii) which is described in subparagraph (C) or (D), and

(iv) which is not substantially modified on or after such date.

(C) PROJECT WHERE AGREEMENT ON DECEMBER 19, 1984.—A project is described in this subparagraph if—

(i) a political subdivision granted on July 11, 1985, development rights to the primary developer-purchaser of such project, and

(ii) such project was the subject of a development agreement between a political subdivision and a bridge authority on December 19, 1984.

(D) CERTAIN ADDITIONAL PROJECTS.—A project is described in this subparagraph if it is described in any of the following clauses of this subparagraph and the primary developer of all such projects is the same person:

(i) A project is described in this clause if the development agreement with respect thereto was entered into during April 1984 and the estimated cost of the project is approximately $191,000,000.

(ii) A project is described in this clause if the development agreement with respect thereto was entered into during May 1984 and the estimated cost of the project is approximately $177,000,000.

(iii) A project is described in this clause if the development agreement with respect thereto was entered into during September 1983 and the estimated cost of the project is approximately $107,000,000.

(iv) A project is described in this clause if the project has an estimated cost of approximately $92,000,000 and at least $7,000,000 was spent before September 26, 1985, with respect to such project.

(v) A project is described in this clause if the estimated project cost is approximately $40,000,000 and at least $2,000,000 of construction cost for such project were incurred before September 26, 1985.

(vi) A project is described in this clause if the development agreement with respect thereto was entered into before September 26, 1985, and the estimated cost of the project is approximately $120,000,000.

(2) CERTAIN PROJECTS GRANTED FERC LICENSES, ETC.—The amendments made by section 201 shall not apply to any property which is part of a project—

(A) which is certified before September 26, 1985, as a qualified facility for purposes of the Public Utilities Regulatory Policies Act of 1978, or

(B) which was granted before September 26, 1985, a hydroelectric license for such project by the Federal Energy Regulatory Commission.

(3) SUPPLIER SERVICE CONTRACTS.—The amendments made by section 201 shall not apply to any property which is readily identifiable with and necessary to carry out a written supply or service contract, or agreement to lease, which was binding on September 25, 1985.

(4) PROPERTY TREATED UNDER PRIOR TAX ACTS.—The amendments made by section 201 shall not apply to property described in section 12(c)(2) or 31(g)(5) of the Tax Reform Act of 1984 and to property described in section 209(d)(1)(B) of the Tax Equity and Fiscal Responsibility Act of 1982.

(5) SPECIAL RULES FOR PROPERTY INCLUDED IN MASTER PLANS OF INTEGRATED PROJECTS.—The amendments made by section 201 shall not apply to any property placed in service pursuant to a master plan which is clearly identifiable as of September 25, 1985, for any project described in any of the following subparagraphs of this paragraph:

(A) A project is described in this subparagraph if—

(i) the project involves production platforms for offshore drilling, oil and gas pipeline to shore, process and storage facilities, and a marine terminal, and

(ii) at least $900,000,000 of the costs of such project were incurred before September 26, 1985.

(B) A project is described in this subparagraph if—

(i) such project is a dragline acquired in connection with a 3 stage program which began in 1980 to increase production from a coal mine,

(ii) at least $35,000,000 was spent before September 26, 1985, on the 1st 2 stages of the program, and

(iii) at least $4,000,000 was spent to prepare the mine site for the dragline.

(C) A project is described in this subparagraph if—

(i) such project involves a fiber optic network of at least 20,000 miles, and

(ii) before September 26, 1985, construction commenced pursuant to the master plan and at least $85,000,000 was spent on construction.

(D) A project is described in this subparagraph if—

(i) such project involves an intercity communication link (including multiple repeater sites and junction stations for microwave transmissions and amplifiers for fiber optics), and

(ii) at least 5 percent of the total project cost has been expended before September 26, 1985.

(E) A project is described in this subparagraph if—

(i) such project is part of a flat rolled product modernization plan which was initially presented to the Board of Directors of the taxpayer on July 8, 1983,

(ii) such program will be carried out at 3 locations, and

(iii) such project will involve a total estimated minimum capital cost of at least $250,000,000.

(F) A project is described in this subparagraph if the project is being carried out by a corporation engaged in the production of paint and glass, and if—

(i) the project involves a paint filling line (at least $1,000,000 of the cost of which was incurred before September 26, 1985),

(ii) the project is a turbogenerator which was approved by the president of such corporation and at least $1,000,000 of the cost of which was incurred before such date,

(iii) the project is a waste-to-energy disposal system which was approved by the management committee of the corporation on March 29, 1982,

(iv) the project includes an applications building, service facility, conference center, and refinishing school and the construction of which was approved by the management committee of the corporation on September 11, 1985, or

(v) the project is a facility to consolidate the silica production of such corporation at Lake Charles project.

(G) A project is described in this subparagraph if—

(i) such project involves a port terminal and oil pipeline extending generally from the area of Los Angeles, California, to the area of Midland, Texas, and

(ii) before September 26, 1985, there is a binding contract for dredging and channeling with respect thereto and a management contract with a construction manager for such project.

(H) A project is described in this subparagraph if—

(i) the project is a newspaper printing and distribution plant project with respect to which a contract for the purchase of 8 printing press units and related equipment to be installed in a single press line was entered into on January 8, 1985, and

(ii) the contract price for such units and equipment represents at least 50 percent of the total cost of such project.

(I) A project is described in this subparagraph if—

(i) a letter of intent with respect to such project was executed on June 4, 1985, and

(ii) a 5 percent downpayment was made in connection with such project for 2 10-unit press lines and related equipment.

(J) A project is described in this subparagraph if it is the second phase of a project involving direct current transmission lines spanning approximately 190 miles from the United States-Canadian border to Ayer, Massachusetts, alternating current transmission lines in Massachusetts from Ayer to Millbury to West Medway, DC-AC converter terminals in Monroe, New Hampshire, and Ayer, Massachusetts, and other related equipment and facilities.

(7) NATURAL GAS PIPELINE.—The amendments made by section 201 shall not apply to any interstate natural gas pipeline (and related equipment) if—

(A) 3 applications for the construction of such pipeline were filed with the Federal Energy Regulatory Commission before November 22, 1985 (and 2 of which were filed before September 26, 1985), and

(B) such pipeline is between 350 and 400 miles long and 1 of its terminal points is near Bakersfield, California.

(8) CERTAIN LEASEHOLD IMPROVEMENTS.—The amendments made by section 201 shall not apply to any reasonable leasehold improvements, equipment, and furnishings placed in service by a lessee if—

(A) the lessee is the original occupant of each building in which such property is to be used,

(B) such lessee is obligated to lease the building under a lease entered into before September 26, 1985, and to provide such property for such building, and

(C) such buildings are to serve as world headquarters of the lessee.

(9) SOLID WASTE DISPOSAL FACILITIES.—The amendments made by section 201, and subsection (c) of this section, shall not apply to any qualified solid waste disposal facility (as defined in section 7701(e)(3)(B) of the Internal Revenue Code of 1954) if before January 1, 1986—

(A) there is a binding written contract between the service recipient and the service provider with respect to the operation of such facility to pay for the services to be provided by such facility,

(B) a service recipient or governmental unit (or any entity related to such recipient or unit) made a financial commitment of at least $200,000 for the financing or construction of such facility, or

(C) such facility is the Tri-Cities Solid Waste Recovery Project involving Fremont, Newark, and Union, California, and has received an authority to construct from the Environmental Protection Agency or from a State or local agency authorized by the En-

vironmental Protection Agency to issue air quality permits under the Clean Water Act.

(10) CERTAIN MULTI-FAMILY HOUSING.—The amendments made by section 201 shall not apply to any property which is part of the multi-family housing at the Columbia Point Project in Boston, Massachusetts.

(11) CERTAIN SUBMERSIBLE DRILLING UNITS.—In the case of a binding contract entered into on October 20, 1984, for the purchase of 6 semi-submersible drilling units at a cost of $425,000,000, such units shall be treated as having an applicable date under subsection (b)(2) of January 1, 1991.

(12) COGENERATION FACILITY.—The amendments made by section 201 shall not apply to any property which is part of a cogeneration facility if—

(A) an inducement resolution for such facility was adopted on September 10, 1985,

(B) a development authority was given an inducement date of September 10, 1985, for a loan not to exceed $80,000,000 with respect to such facility, and

(C) such facility is expected to have a capacity of approximately 30 megawatts of electric power and 70,000 pounds of steam per hour.

(13) SEWAGE TREATMENT FACILITY.—The amendments made by section 201 shall not apply to any property which is part of a sewage treatment facility if—

(A) a city-parish advertised in September 1985, for bids for construction of secondary treatment improvements for such facility,

(B) in May 1985, the city-parish received statements from 16 firms interested in privatizing the waste water treatment facilities, and

(C) the metropolitan council selected a privatizer at its meeting on November 20, 1985, and adopted a resolution authorizing the Mayor to enter into contractual negotiation with the selected privatizer.

(e) NORMALIZATION REQUIREMENTS.—

(1) IN GENERAL.—A normalization method of accounting shall not be treated as being used with respect to any public utility property for purposes of section 167 or 168 of the Internal Revenue Code of 1954 if the taxpayer, in computing its cost of service for ratemaking purposes and reflecting operating results in its regulated books of account, reduces the excess tax reserve more rapidly or to a greater extent than such reserve would be reduced under the average rate assumption method.

(2) DEFINITIONS.—For purposes of this subsection—

(A) EXCESS TAX RESERVE.—The term "excess tax reserve" means the excess of—

(i) the reserve for deferred taxes (as described in section 167(l)(3)(G)(ii) or 168(e)(3)(B)(ii) of the Internal Revenue Code of 1954 as in effect on the day before the date of the enactment of this Act), over

(ii) the amount which would be the balance in such reserve if the amount of such reserve were determined by assuming that the corporate rate reductions provided in this Act were in effect for all prior periods.

(B) AVERAGE RATE ASSUMPTION METHOD.—The average rate assumption method is the method under which the excess in the reserve for deferred taxes is reduced over the remaining lives of the property as used in its regulated books of account which gave rise to the reserve for deferred taxes. Under such method, if timing differences for the property reverse, the amount of the adjustment to the reserve for the deferred taxes is calculated by multiplying—

(i) the ratio of the aggregate deferred taxes for the property to the aggregate timing differences for the property as of the beginning of the period in question, by

(ii) the amount of the timing differences which reverse during such period.

(f) SPECIAL RULE FOR FINANCE LEASE PROVISIONS.— The provisions of section 168(f)(8) of the Internal Revenue Code of 1954 (as amended by section 209 of the Tax Equity and Fiscal Responsibility Act of 1982) shall continue to apply to any transaction permitted by reason of section 12(c)(2) of the Tax Reform Act of 1984 or section 209(d)(1)(B) of the Tax Equity and Fiscal Responsibility Act of 1982.

Subtitle B—Repeal of Regular Investment Tax Credit

SEC. 211. REPEAL OF REGULAR INVESTMENT TAX CREDIT.

(a) GENERAL RULE.—Subpart E of part IV of subchapter A of chapter 1 (relating to investment tax credit) is amended by adding at the end thereof the following new section:

"SEC. 49. TERMINATION OF REGULAR PERCENTAGE.

"(a) GENERAL RULE.—Except as otherwise provided in this section, for purposes of determining the amount of the investment tax credit determined under section 46, the regular percentage shall not apply to any property placed in service after December 31, 1985.

"(b) EXCEPTION FOR QUALIFIED PROGRESS EXPENDITURES FOR PERIODS BEFORE JANUARY 1, 1986.—In the case of any taxpayer who has made an election under section 46(d)(6), subsection (a) shall not apply to the portion of the adjusted basis of any progress expenditure property attributable to qualified progress expenditures for periods before January 1, 1986.

"(c) EXCEPTION FOR TRANSITION PROPERTY.—

"(1) IN GENERAL.—Subsection (a) shall not apply to transition property.

"(2) CREDIT FOR TRANSITION PROPERTY EARNED RATABLY OVER 5 YEARS.—The amount of the qualified investment for any taxable year with respect to transition property (determined without regard to this paragraph) shall be taken into account ratably over the 5-taxable-year period beginning with the taxable year for which such qualified investment would have been taken into account but for this paragraph.

"(3) FULL BASIS ADJUSTMENT.—In the case of transition property, section 48(q) (relating to basis adjustment to section 38 property) shall be applied—

"(A) by substituting '100 percent' for '50 percent' in paragraph (1), and

"(B) by applying section 48(q) as if it did not contain paragraph (4) thereof (relating to election of reduced credit in lieu of basis adjustment).

"(4) TRANSITION PROPERTY.—The term 'transition property' means any property placed in service after December 31, 1985, and to which the amendments made by section 201 of the Tax Reform Act of 1985 do not apply. For purposes of paragraphs (2) and (3), such term shall not include any property described in section 203(d)(4) and 211(c)(3) of the Tax Reform Act of 1985.

(4) TREATMENT OF PROGRESS EXPENDITURES.—No progress expenditures for periods after December 31, 1985, with respect to any property shall be taken into account for purposes of applying the regular percentage unless it is reasonable to expect that such property will be transition property when placed in service. If any progress expenditures are taken into account by reason of the preceding sentence and subsequently there is not a reasonable expectation that such property would be transition property when placed in service, the credits attributable to progress expenditures with respect to such property shall be recaptured under section 47."

(b) NORMALIZATION RULES.—If the requirements of paragraph (1) or (2) of section 46(f) of the Internal Revenue Code of 1954 is not met with respect to public utility property to which the regular percentage applied for purposes of determining the amount of the investment tax credit—

(1) all credits for open taxable years as of the time of the final determination referred to in section 46(f)(4)(A) of such Code shall be disallowed, and

(2) if the amount in the taxpayer's unamortized credits (or the credits not previously restored to rate base) with respect to such property (whether or not for open years) exceeds the amount referred to in paragraph (1), the taxpayer's tax for the taxable year shall be increased by the amount of such excess.

If any portion of the excess described in paragraph (2) is attributable to a credit which is allowable as a carryover to a taxable year beginning after December 31, 1985, in lieu of applying paragraph (2) with respect to such portion, the amount of such carryover shall be reduced by the amount of such portion. Rules similar to the rules of this subsection shall apply in the case of any property with respect to which the requirements of section 46(f)(9) of such Code are met.

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—The amendments made by this section shall apply to property placed in service after December 31, 1985, in taxable years ending after such date.

(2) EXCEPTIONS FOR CERTAIN FILMS.—For purposes of determining whether any property is transition property within the meaning of section 49(b) of such Code—

(A) in the case of any motion picture or television film, construction shall be treated as including production for purposes of section 203(b)(1) of this Act, and written contemporary evidence of an agreement (in accordance with industry practice) shall be treated as a written binding contract for such purposes,

(B) in the case of any television film, a license agreement between a television network and a producer shall be treated as a binding contract for purposes of section 203(b)(1)(A) of this Act, and

(C) a motion picture film shall be treated as described in section 203(b)(1)(A) of this Act if—

(i) funds were raised pursuant to a public offering before September 26, 1985, for the production of such film,

(ii) 40 percent of the funds raised pursuant to such public offering are being spent on films the production of which commenced before such date, and

(iii) all of the films funded by such public offering are required to be distributed pursuant to distribution agreements entered into before September 26, 1985.

(3) ADDITIONAL EXCEPTION.—Paragraph (2) of section 49(c) of the Internal Revenue Code of 1954 shall not apply to any continuous caster facility for slabs and blooms which is subject to a finance lease and which is part of a project the second phase of which is a continuous slab caster which will be placed in service before December 31, 1985.

Subtitle C—Changes in Certain Rapid Amortization Provisions

SEC. 221. REPEAL OF 5-YEAR AMORTIZATION OF TRADEMARK AND TRADE NAME EXPENDITURES.

(a) IN GENERAL.—Section 177 (relating to trademark and trade name expenditures) is hereby repealed.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) Paragraph (3) of section 312(n) is amended by striking out ", 177,".

(2) Subsection (a) of section 1016 (relating to adjustments to basis) is amended by striking out paragraph (16) and by redesignating paragraphs (17) through (27) as paragraphs (16) through (26), respectively.

(3) The table of sections for part VI of subchapter B of chapter 1 is amended by striking out the item relating to section 177.

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to expenditures paid or incurred after December 31, 1985.

(2) TRANSITIONAL RULE.—The amendments made by this section shall not apply to any expenditure incurred—

(A) pursuant to a binding contract entered into before September 26, 1985, or

(B) with respect to the development, protection, expansion, registration, or defense of a trademark or trade name commenced before September 26, 1985, but only if not less than the lesser of $1,000,000 or 5 percent of the aggregate cost of such development, protection, expansion, registration, or defense has been incurred or committed before such date.

The preceding sentence shall not apply to any expenditure with respect to a trademark or trade name placed in service after December 31, 1987.

SEC. 222. REPEAL OF 5-YEAR AMORTIZATION OF POLLUTION CONTROL FACILITIES.

(a) IN GENERAL.—Section 169 (relating to amortization of pollution control facilities) is hereby repealed.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) Paragraph (5) of section 46(c) is hereby repealed.

(2) Paragraph (5) of section 291(a) is hereby repealed.

(3) Sections 1082(a)(2)(B) and 10642(f) are each amended by striking out "169,".

(4) Paragraph (3) of section 1250(b) (defining additional depreciation) is amended by inserting "(as in effect before its repeal by the Tax Reform Act of 1985)" after "169".

(5) The table of sections for part VI of subchapter B of chapter 1 is amended by striking out the item relating to section 169.

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to that portion of the amortizable basis of any facility which is attributable to expenditures paid or incurred after December 31, 1985.

(2) TRANSITIONAL RULE.—The amendments made by this section shall not apply to any expenditure incurred—

(A) pursuant to a binding contract entered into before September 26, 1985, or

(B) with respect to any facility the construction of which commenced before September 26, 1985, but only if not less than the lesser of $1,000,000 or 5 percent of the aggregate cost of such construction has been incurred or committed before such date.

The preceding sentence shall not apply to any expenditure with respect to a facility placed in service after December 31, 1987.

SEC. 223. CHANGES RELATING TO DEPRECIATION OF EXPENDITURES TO REHABILITATE LOW-INCOME RENTAL HOUSING.

(a) AMORTIZATION MADE PERMANENT.—Paragraph (1) of section 167(k) is amended by striking out "and before January 1, 1987,".

(b) INCREASE IN EXPENDITURES PERMITTED TO BE TAKEN INTO ACCOUNT.—Paragraph (2) of section 167(k) (relating to depreciation of expenditures to rehabilitate low-income rental housing) is amended—

(1) by striking out "$20,000" in subparagraph (A) and inserting in lieu thereof "$30,000",

(2) by striking out subparagraph (B), and

(3) by redesignating subparagraph (C) as subparagraph (B).

(c) TECHNICAL AMENDMENT.—Paragraph (3) of section 167(k) is amended by striking out subparagraph (D) thereof.

(d) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to expenditures paid or incurred after December 31, 1985.

(2) TRANSITIONAL RULE.—The repeal of subparagraph (B) of section 167(k)(2) of such Code made by subsection (b) shall not apply to any expenditure incurred—

(A) pursuant to a binding contract entered into before September 26, 1985, or

(B) with respect to a rehabilitation which commenced before September 26, 1985, but only if not less than 5 percent of the aggregate cost of such rehabilitation has been incurred or committed before such date.

The preceding sentence shall not apply to any expenditure with respect to property (or additions or improvements thereto) placed in service after December 31, 1987.

(3) ADDITIONAL TRANSITIONAL RULE.—The repeal of subparagraph (B) of section 167(k)(2) of such Code made by subsection (b) shall not apply to any expenditure incurred with respect to units located in neighborhood strategy areas within the community development block grant program of the city of Fort Wayne, Indiana. The number of units to which the preceding sentence applies shall not exceed 150.

SEC. 224. REPEAL OF AMORTIZATION OF RAILROAD GRADING AND TUNNEL BORES.

(a) IN GENERAL.—Section 185 (relating to amortization of railroad grading and tunnel bores) is hereby repealed.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) Subparagraph (B) of section 1082(a)(2) is amended by striking out ", 185,".

(2) Paragraph (3) of section 1250(b) (defining additional depreciation) is amended by inserting "(as in effect before its repeal by the Tax Reform Act of 1985)" after "185".

(3) The table of sections for part VI of subchapter B of chapter 1 is amended by striking out the item relating to section 185.

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to that portion of the basis of any property which is attributable to expenditures paid or incurred after December 31, 1985.

(2) TRANSITIONAL RULE.—The amendments made by this section shall not apply to any expenditure incurred—

(A) pursuant to a binding contract entered into before September 26, 1985, or

(B) with respect to any improvement commenced before September 26, 1985, but only if not less than the lesser of $1,000,000 or 5 percent of the aggregate cost of such improvement has been incurred or committed before such date.

The preceding sentence shall not apply to any expenditure with respect to an improvement placed in service after December 31, 1987.

(3) ADDITIONAL TRANSITIONAL RULE.—

(A) In the case of expenditures for railroad grading and tunnel bores which were incurred by a common carrier by railroad to replace property destroyed in a disaster occurring on or about April 17, 1983, near Thistle, Utah, such expenditures, to the extent not in excess of $15,000,000, shall be treated as recovery property which is in the 5-year class under section 168 of the Internal Revenue Code of 1954 (as in effect before the amendments made by this Act) and which is placed in service at the time such expenditures were incurred.

(B) Business interruption proceeds received for loss of use, revenues, or profits in connection with the disaster described in subparagraph (A) and devoted by the taxpayer described in subparagraph (A) to the construction of replacement track and related grading and tunnel bore expenditures shall be treated as constituting an amount received from the involuntary conversion of property under section 1033(a)(2) of such Code.

(C) This paragraph shall apply to taxable years ending after April 17, 1983.

SEC. 225. 2-YEAR EXTENSION OF EXPENSE TREATMENT FOR REMOVAL OF ARCHITECTURAL BARRIERS TO THE HANDICAPPED AND ELDERLY.

Paragraph (2) of section 190(d) (relating to expenditures to remove architectural and transportation barriers to the handicapped and elderly) is amended by striking out "1986" and inserting in lieu thereof "1988".

Subtitle D—Other Capital Related Costs

SEC. 231. AMENDMENTS RELATING TO CREDIT FOR INCREASING RESEARCH ACTIVITIES.

(a) 3-YEAR EXTENSION OF THE RESEARCH CREDIT.—

(1) IN GENERAL.—Section 30 (relating to credit for increasing research activities) is amended by adding at the end thereof the following new subsection:

"(h) TERMINATION.—

"(1) IN GENERAL.—This section shall not apply to any amount paid or incurred after December 31, 1988.

"(2) COMPUTATION OF BASE PERIOD EXPENSES.—In the case of any taxable year which begins before January 1, 1989, and ends after December 31, 1988, any amount for any base period with respect to such taxable year shall be the amount which bears the same ratio to such amount for such base period as the number of days in such taxable year before January 1, 1989, bears to the total number of days in such taxable year."

(2) CONFORMING AMENDMENT.—Subsection (d) of section 221 of the Economic Recovery Tax Act of 1981 is amended—

(A) by striking out ", and before January 1, 1986" in paragraph (1), and

(B) by striking out the last sentence of paragraph (2)(A).

(b) REDUCTION IN RATE FROM 25 PERCENT TO 20 PERCENT; CREDIT FOR BASIC RESEARCH PAYMENTS TO QUALIFIED ORGANIZATIONS.—Subsection (a) of section 30 is amended to read as follows:

"(a) GENERAL RULE.—For purposes of section 38, the research credit determined under this section for the taxable year shall be an amount equal to the sum of—

"(1) 20 percent of the excess (if any) of—

"(A) the qualified research expenses for the taxable year, over

"(B) the base period research expenses, and

"(2) 20 percent of the basic research payments determined under subsection (e)(1)(A)."

(c) DEFINITIONS AND SPECIAL RULES RELATING TO PAYMENTS FOR BASIC RESEARCH.—Subsection (e) of section 30 (relating to credit available with respect to certain basic research by colleges, universities, and certain research organizations) is amended to read as follows:

"(e) CREDIT ALLOWABLE WITH RESPECT TO CERTAIN PAYMENTS TO QUALIFIED ORGANIZATIONS FOR BASIC RESEARCH.—For purposes of this section—

"(1) IN GENERAL.—In the case of any taxpayer who makes basic research payments for any taxable year—

"(A) the amount of basic research payments taken into account under subsection (a)(2) shall be equal to the excess of—

"(i) such basic research payments, over

"(ii) the qualified organization base period amount, and

"(B) that portion of such basic research payments which does not exceed the qualified organization base period amount shall be treated as contract research expenses for purposes of subsection (a)(1).

"(2) BASIC RESEARCH PAYMENTS DEFINED.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'basic research payment' means, with respect to any taxable year, any amount paid during such taxable year by a corporation to any qualified organization for basic research but only if—

"(i) such payment is pursuant to a written agreement between such corporation and such qualified organization, and

"(ii) such basic research is to be performed by such qualified organization.

"(B) EXCEPTION TO REQUIREMENT THAT RESEARCH BE PERFORMED BY THE ORGANIZATION.—In the case of a qualified organization described in subparagraph (C) or (D) of paragraph (6), clause (ii) of subparagraph (A) shall not apply.

"(3) QUALIFIED ORGANIZATION BASE PERIOD AMOUNT.—For purposes of this subsection, the term 'qualified organization base period amount' means an amount equal to the sum of—

"(A) the minimum basic research amount, plus

"(B) the maintenance-of-effort amount.

"(4) MINIMUM BASIC RESEARCH AMOUNT.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'minimum basic research amount' means an amount equal to the greater of—

"(i) 1 percent of the average of the sum of amounts paid or incurred during the base period for—

"(I) any in-house research expenses, and

"(II) any contract research expenses, or

"(ii) the amounts treated as contract research expenses during the base period by reason of this subsection (as in effect during the base period).

"(B) FLOOR AMOUNT.—The minimum basic research amount for any base period shall not be less than 50 percent of the basic research payments for the taxable year for which a determination is being made under this subsection.

"(5) MAINTENANCE-OF-EFFORT AMOUNT.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'maintenance-of-effort amount' means, with respect to any taxable year, an amount equal to the excess (if any) of—

"(i) an amount equal to—

"(I) the average of the nondesignated university contributions paid by the taxpayer during the base period, multiplied by

"(II) the cost-of-living adjustment for the calendar year in which such taxable year begins, over

"(ii) the amount of nondesignated university contributions paid by the taxpayer during such taxable year.

"(B) NONDESIGNATED UNIVERSITY CONTRIBUTIONS.—For purposes of this paragraph, the term 'nondesignated university contribution' means any amount paid by a taxpayer to any qualified organization described in paragraph (6)(A)—

"(i) for which a deduction was allowable under section 170, and

"(ii) which was not taken into account—

"(I) in computing the amount of the credit under this section (as in effect during the base period) during any taxable year in the base period, or

"(II) as a basic research payment for purposes of this section.

"(C) COST-OF-LIVING ADJUSTMENT DEFINED.—

"(i) IN GENERAL.—The cost-of-living adjustment for any calendar year is the cost-of-living adjustment for such calendar year determined under section 1(e)(3).

"(ii) SPECIAL RULE WHERE BASE PERIOD ENDS IN A CALENDAR YEAR OTHER THAN 1983 OR 1984.—If the base period of any taxpayer does not end in 1983 or 1984, section 1(e)(3)(B) shall, for purposes of this paragraph, be applied by substituting the calendar year in which such base period ends for 1983.

"(6) QUALIFIED ORGANIZATION.—For purposes of this subsection, the term 'qualified organization' means any of the following organizations:

"(A) EDUCATIONAL INSTITUTIONS.—Any educational organization which—

"(i) is an institution of higher education (within the meaning of section 3304(f)), and

"(ii) is described in section 170(b)(1)(A)(ii).

"(B) CERTAIN SCIENTIFIC RESEARCH ORGANIZATIONS.—Any organization not described in subparagraph (A) which—

"(i) is described in section 501(c)(3) and is exempt from tax under section 501(a),

"(ii) is organized and operated primarily to conduct scientific research, and

"(iii) is not a private foundation.

"(C) SCIENTIFIC TAX-EXEMPT ORGANIZATIONS.—Any organization which—

"(i) is described in—

"(I) section 501(c)(3) (other than a private foundation), or

"(II) section 501(c)(6),

"(ii) is exempt from tax under section 501(a),

"(iii) is organized and operated primarily to promote scientific research by qualified organizations described in subparagraph (A) pursuant to written research agreements, and

"(iv) currently expends—

"(I) substantially all of its funds, or

"(II) substantially all of the basic research payments received by it,

for grants to, or contracts for basic research with, an organization described in subparagraph (A).

"(D) CERTAIN GRANT ORGANIZATIONS.—Any organization not described in subparagraph (B) or (C) which—

"(i) is described in section 501(c)(3) and is exempt from tax under section 501(a) (other than a private foundation),

"(ii) is established and maintained by an organization established before July 10, 1981, which meets the requirements of clause (i),

"(iii) is organized and operated exclusively for the purpose of making grants to organizations described in subparagraph (A) pursuant to written research agreements for purposes of basic research, and

"(iv) makes an election, revocable only with the consent of the Secretary, to be treated as a private foundation for purposes of this title (other than section 4940, relating to excise tax based on investment income).

"(7) DEFINITIONS AND SPECIAL RULES.—For purposes of this subsection—

"(A) BASIC RESEARCH.—The term 'basic research' means any original investigation for the advancement of scientific knowledge not having a specific commercial objective, except that such term shall not include—

"(i) basic research conducted outside of the United States, and

"(ii) basic research in the social sciences or humanities.

"(B) BASE PERIOD.—The term 'base period' means the 3-taxable year period ending with the taxable year immediately preceding the 1st taxable year of the taxpayer beginning after December 31, 1983.

"(C) EXCLUSION FROM INCREMENTAL CREDIT CALCULATION.—For purposes of determining the amount of credit allowable under subsection (a)(1) for any taxable year, the amount of the basic research payments taken into account under subsection (a)(2) shall not—

"(i) be treated as qualified research expenses under subsection (a)(1)(A), and

"(ii) be included in the computation of base period research expenses under subsection (a)(1)(B).

"(D) TRADE OR BUSINESS QUALIFICATION.—Any basic research payments shall be treated as an amount paid in carrying on a trade or business of the taxpayer in the taxable year in which it is paid (without regard to the provisions of subsection (b)(3)(B)).

"(E) CERTAIN CORPORATIONS NOT ELIGIBLE.—The term 'corporation' shall not include—

"(i) an S corporation,

"(ii) a personal holding company (as defined in section 542), and

"(iii) a service organization (as defined in section 414(m)(3))."

(d) DENIAL OF CREDIT WITH RESPECT TO AMOUNTS FOR CERTAIN LEASED PERSONAL PROPERTY.—Clause (iii) of section 30(b)(2)(A) (defining in-house research expenses) is amended to read as follows:

"(iii) under regulations prescribed by the Secretary, any amount paid or incurred to another person for the right to use computers in the conduct of qualified research."

(e) RESEARCH CREDIT TREATED AS OTHER BUSINESS CREDITS.—

(1) IN GENERAL.—Subsection (b) of section 38 (relating to current year business credit), as amended by this Act, is amended by striking out "plus" at the end of paragraph (2), by redesignating paragraph (3) as paragraph (4), and by adding after paragraph (2) the following new paragraph:

"(3) the research credit determined under section 40(a)."

(2) TRANSFER OF RESEARCH CREDIT TO SUBPART RELATING TO BUSINESS CREDITS.—Section 30 (relating to credit for increasing research activities) is hereby transferred to subpart D of part IV of subchapter A of chapter 1 of

the Internal Revenue Code of 1954 (as amended by this Act), inserted before section 41 of such Code, and redesignated as section 40 of such Code.

(3) TECHNICAL AND CONFORMING AMENDMENTS.—

(A)(i) Subsections (b) and (c) of section 28 are each amended by striking out "section 30" each place it appears and inserting in lieu thereof "section 40".

(ii) Paragraph (2) of section 28(c) is amended by striking out "section 30(b)" and inserting in lieu thereof "section 40(b)".

(iii) Paragraph (4) of section 28(d) is amended by striking out "section 30(f)" and inserting in lieu thereof "section 40(f)".

(B) Subsection (d) of section 38, as amended by this Act, is amended by inserting "40(a)," before "41(a),".

(C)(i) Subsection (d) of section 39 (relating to carryback and carry forward of unused credits) is amended by adding at the end thereof the following new paragraph:

"(3) SIMILAR RULES FOR RESEARCH CREDIT.—Rules similar to the rules of paragraphs (1) and (2) shall apply to the credit allowable under section 30 (as in effect before the date of the enactment of the Tax Reform Act of 1985) except that—

"(A) 'December 31, 1985' shall be substituted for 'December 31, 1983' each place it appears, and

"(B) 'January 1, 1986' shall be substituted for 'January 1, 1984'."

(ii) Subsection (g) of section 40 (relating to limitation based on amount of tax), as redesignated by this section, is amended to read as follows:

"(g) SPECIAL RULE FOR PASS-THRU OF CREDIT.—In the case of an individual who—

"(1) owns an interest in an unincorporated trade or business,

"(2) is a partner in a partnership,

"(3) is a beneficiary of an estate or trust, or

"(4) is a shareholder in an S corporation,

the amount determined under subsection (a) for any taxable year shall not exceed an amount (separately computed with respect to such person's interest in such trade or business or entity) equal to the amount of tax attributable to that portion of a person's taxable income which is allocable or apportionable to the person's interest in such trade or business or entity."

(D) Subparagraph (B) of section 108(b)(2) (relating to reduction of tax attributes in title 11 case or insolvency) is amended by striking out all that precedes the second sentence and inserting in lieu thereof the following:

"(B) GENERAL BUSINESS CREDIT.—Any carryover to or from the taxable year of a discharge of an amount for purposes for determining the amount allowable as a credit under section 38 (relating to general business credit)."

(E)(i) Paragraph (3) of section 280C(b) is amended—

(I) by striking out "section 30(f)(5)" and inserting in lieu thereof "section 40(f)(5)",

(II) by striking out "section 30(f)(1)(B)" and inserting in lieu thereof "section 40(f)(1)(B)", and

(III) by striking out "section 30(f)(1)" and inserting in lieu thereof "section 40(f)(1)".

(ii) Subsection (c) of section 280C, as amended by this section, is amended—

(I) by striking out "section 30(b)" in paragraph (1) and inserting in lieu thereof "section 40(b)",

(II) by striking out "section 30(a)" in paragraph (1) and inserting in lieu thereof "section 40(a)", and

(III) by striking out "section 30" in paragraph (2) and inserting in lieu thereof "section 40".

(F) Subsection (c) of section 381 is amended by striking out paragraph (25) and by redesignating paragraph (26) as paragraph (25).

(G) Section 936(h)(5)(C)(i)(I)(a) (defining product area research) is amended by striking out "section 30(b)" and inserting in lieu thereof "section 40(b)".

(H) Section 6411 (relating to tentative carryback and refund adjustments) is amended—

(i) by striking out "by a research credit carryback provided in section 30(g)(2)" in subsection (a),

(ii) by striking out "a research credit carryback or" in subsection (a),

(iii) by striking out "(or, with respect to any portion of a business credit carryback attributable to a research credit carryback from a subsequent taxable year within a period of 12 months from the end of such subsequent taxable year)" in subsection (a), and

(iv) by striking out "unused research credit," each place it appears in subsections (a) and (b).

(I) Subparagraph (C) of section 6511(d)(6) (defining credit carryback) is amended by striking out "and any research credit carryback under section 30(g)(2)".

(J) The table of sections for subpart B of part IV of subchapter A of chapter 1 is amended by striking out the item relating to section 30.

(K) The table of sections for subpart D of such part is amended by inserting before the item relating to section 41 the following new item:

"Sec. 40. Credit for increasing research activities."

(f) DEDUCTION FOR CERTAIN CONTRIBUTIONS OF SCIENTIFIC RESEARCH PROPERTY.—Clause (i) of section 170(e)(4)(B) (relating to special rule for contributions of scientific property used for research) is amended to read as follows:

"(i) the contribution is to an organization described in subparagraph (A) or subparagraph (B) of section 40(e)(6),".

(g) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after Decem- ber 31, 1985.

SEC. 232. MODIFICATION OF INVESTMENT TAX CREDIT FOR REHABILITATION EXPENDITURES.

(a) REDUCTION IN PERCENTAGE.—Paragraph (4) of section 46(b) (relating to rehabilitation percentage) is amended to read as follows:

"(4) REHABILITATION PERCENTAGE.—

"(A) IN GENERAL.—The term 'rehabilitation percentage' means—

"(i) 10 percent in the case of qualified rehabilitation expenditures with respect to a qualified rehabilitated building other than a certified historic structure, and

"(ii) 20 percent in the case of such expenditure with respect to a certified historic structure.

"(B) REGULAR AND ENERGY PERCENTAGES NOT TO APPLY.—The regular percentages and the energy percentages shall not apply to that portion of the basis of any property which is attributable to qualified rehabilitation expenditures."

(b) SPECIAL RULES FOR QUALIFIED REHABILITATED BUILDINGS.—Subsection (g) of section 48 (relating to special rules for qualified rehabilitated buildings) is amended to read as follows:

"(g) SPECIAL RULES FOR QUALIFIED REHABILITATED BUILDINGS.—For purposes of this subpart—

"(1) QUALIFIED REHABILITATED BUILDING.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'qualified rehabilitated building' means any building (and its structural components) if—

"(i) such building has been substantially rehabilitated,

"(ii) such building was placed in service before the beginning of the rehabilitation, and

"(iii) in the case of any building other than a certified historic structure, in the rehabilitation process—

"(I) 50 percent or more of the existing external walls of such building are retained in place as external walls,

"(II) 75 percent or more of the existing external walls of such building are retained in place as internal or external walls, and

"(III) 75 percent or more of the existing internal structural framework of such building is retained in place.

"(B) BUILDING MUST BE FIRST PLACED IN SERVICE BEFORE 1936.—In the case of a building other than a certified historic structure, a building shall not be a qualified rehabilitated building unless the building was first placed in service before 1936.

"(C) SUBSTANTIALLY REHABILITATED DEFINED.—

"(i) IN GENERAL.—For purposes of subparagraph (A)(i), a building shall be treated as having been substantially rehabilitated only if the qualified rehabilitation expenditures during the 24-month period selected by the taxpayer (at the time and in the manner prescribed by regulations) and ending with or within the taxable year exceed the greater of—

"(I) the adjusted basis of such building (and its structural components), or

"(II) $5,000.

The adjusted basis of the building (and its structural components) shall be determined as of the beginning of the 1st day of such 24-month period, or of the holding period of the building, whichever is later. For purposes of the preceding sentence, the determination of the beginning of the holding period shall be made without regard to any reconstruction by the taxpayer in connection with the rehabilitation.

"(ii) SPECIAL RULE FOR PHASED REHABILITATION.—In the case of any rehabilitation which may reasonably be expected to be completed in phases set forth in architectural plans and specifications completed before the rehabilitation begins, clause (i) shall be applied by substituting '60-month period' for '24-month period'.

"(iii) LESSEES.—The Secretary shall prescribe by regulation rules for applying this subparagraph to lessees.

"(D) RECONSTRUCTION.—Rehabilitation includes reconstruction.

"(2) QUALIFIED REHABILITATION EXPENDITURE DEFINED.—For purposes of this section—

"(A) IN GENERAL.—The term 'qualified rehabilitation expenditure' means any amount properly chargeable to capital account—

"(i) for property for which depreciation is allowable under section 168 and which is—

"(I) 30-year real property,

"(II) low-income housing,

"(III) real property which has a class life of more than 12.5 years, or

"(IV) an addition or improvement to property or housing described in subclause (I), (II), or (III), and

"(ii) in connection with the rehabilitation of a qualified rehabilitated building.

"(B) CERTAIN EXPENDITURES NOT INCLUDED.—The term 'qualified rehabilitation expenditure' does not include—

"(i) INCENTIVE METHOD OF DEPRECIATION MAY NOT BE USED.—Any expenditure with respect to which an election has not been made under section 168(h)(7) (relating to election to use nonincentive depreciation system). The preceding sentence shall not apply to any expenditure to the extent the nonincentive depreciation system of section 168(h) applies to such expenditure by reason of subparagraphs (B) and (C) of section 168(h)(1).

"(ii) COST OF ACQUISITION.—The cost of acquiring any building or interest therein.

"(iii) ENLARGEMENTS.—Any expenditure attributable to the enlargement of an existing building.

"(iv) CERTIFIED HISTORIC STRUCTURE, ETC.—Any expenditure attributable to the rehabilitation of a certified historic structure or a building in a registered historic district, unless the rehabilitation is a certified rehabilitation (within the meaning of subparagraph (C)). The preceding sentence shall not apply to a building in a registered historic district if—

"(I) such building was not a certified historic structure,

"(II) the Secretary of the Interior certified to the Secretary that such building is not of historic significance to the district, and

"(III) if the certification referred to in subclause (II) occurs after the beginning of the rehabilitation of such building, the taxpayer certifies to the Secretary that, at the beginning of such rehabilitation, he in good faith was not aware of the requirements of subclause (II).

"(v) TAX-EXEMPT USE PROPERTY.—

"(I) IN GENERAL.—Any expenditure in connection with the rehabilitation of a building which is allocable to that portion of such building which is (or may reasonably be expected to be) tax-exempt use property (within the meaning of section 168(h)).

"(II) CLAUSE NOT TO APPLY FOR PURPOSES OF PARAGRAPH (1)(C).—This clause shall not apply for purposes of determining under paragraph (1)(C) whether a building has been substantially rehabilitated.

"(vi) EXPENDITURES OF LESSEE.—Any expenditure of a lessee of a building if, on the date the rehabilitation is completed, the remaining term of the lease (determined without regard to any renewal periods) is less than the recovery period determined under section 168(c).

"(C) CERTIFIED REHABILITATION.—For purposes of subparagraph (B), the term 'certified rehabilitation' means any rehabilitation of a certified historic structure which the Secretary of the Interior has certified to the Secretary as being consistent with the historic character of such property or the district in which such property is located.

"(D) 30-YEAR REAL PROPERTY; LOW-INCOME HOUSING; CLASS LIFE.—For purposes of subparagraph (A), the terms '30-year real property', 'low-income housing', and 'class life' have the respective meanings given such terms by section 168(i).

"(3) CERTIFIED HISTORIC STRUCTURE DEFINED.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'certified historic structure' means any building (and its structural components) which—

"(i) is listed in the National Register, or

"(ii) is located in a registered historic district and is certified by the Secretary of the Interior to the Secretary as being of historic significance to the district.

"(B) REGISTERED HISTORIC DISTRICT.—The term 'registered historic district' means—

"(i) any district listed in the National Register, and

"(ii) any district—

"(I) which is designated under a statute of the appropriate State or local government, if such statute is certified by the Secretary of the Interior to the Secretary as containing criteria which will substantially achieve the purpose of preserving and rehabilitating buildings of historic significance to the district, and

"(II) which is certified by the Secretary of the Interior to the Secretary as meeting substantially all of the requirements for the listing of districts in the National Register.

"(4) PROPERTY TREATED AS NEW SECTION 38 PROPERTY.—Property which is treated as section 38 property by reason of subsection (a)(1)(E) shall be treated as new section 38 property.".

(c) BASIS ADJUSTMENT FOR CERTIFIED HISTORIC STRUCTURES.—Paragraph (3) of section 48(q) (relating to special rule for qualified rehabilitated buildings) is amended by striking out "other than a certified historic structure".

(d) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as otherwise provided in this subsection, the amendments made by this section shall apply to property placed in service after December 31, 1985, in taxable years ending after such date.

(2) GENERAL TRANSITIONAL RULE.—The amendments made by this section shall not apply to any property placed in service before January 1, 1994, if such property is placed in service as part of—

(A) a rehabilitation which was completed pursuant to a written contract which was binding on September 25, 1985, or

(B) a rehabilitation incurred in connection with property (including any leasehold interest) acquired before September 26, 1985, or acquired on or after such date pursuant to a written contract that was binding on September 25, 1985, if—

(i) the rehabilitation was completed pursuant to a written contract that was binding on November 22, 1985,

(ii) parts 1 and 2 of the Historic Preservation Certification Application were filed with the Department of the Interior (or its designee) before November 23, 1985, or

(iii) the lesser of $1,000,000 or 5 percent of the cost of the rehabilitation is incurred before November 23, 1985, or is required to be incurred pursuant to a written contract which was binding on November 22, 1985.

(3) REHABILITATION WHERE UDAG CONTRACT INVOLVED.—The amendments made by this section shall not apply to any property placed in service as part of a rehabilitation if—

(A) an urban development action grant was first approved on September 30, 1983, with respect to such rehabilitation,

(B) such grant was further amended and approved by the Department of Housing and Urban Development on December 14, 1984, and

(C) there was a binding contract with a municipality as of February 15, 1985.

(4) CERTAIN ADDITIONAL REHABILITATIONS.—The amendments made by this section shall not apply to—

(A) the rehabilitation of 8 bathhouses within the Hot Springs National Park or of buildings in the Central Avenue Historic District at such Park,

(B) any rehabilitation conducted pursuant to Public Law 97-125, and

(C) any rehabilitation of Union Station in Indianapolis, Indiana.

(5) UPPER PONTALBA BUILDING.—The rehabilitation of the Upper Pontalba Building in New Orleans, Louisiana.

(6) REDUCTION IN CREDIT FOR PROPERTY UNDER TRANSITIONAL RULES.—In the case of property placed in service after December 31, 1985, and to which the amendments made by this section do not apply—

(A) subparagraph (A) of section 46(b)(4) of the Internal Revenue Code of 1954 (as in effect before the enactment of this Act) shall be applied—

(i) by substituting "10 percent" for "15 percent",

(ii) by substituting "13 percent" for "20 percent", and

(iii) by substituting "20 percent" for "25 percent", and

(B) paragraph (3) of section 48(q) of such Code (as so in effect) shall be applied without regard to the phrase "other than a certified historic structure".

SEC. 233. PROVISIONS RELATING TO MERCHANT MARINE CAPITAL CONSTRUCTION FUNDS.

(a) PURPOSE.—The purpose of this section is to coordinate the application of the Internal Revenue Code of 1985 with the capital construction program under the Merchant Marine Act, 1936.

(b) AMENDMENT OF 1985 CODE.—Chapter 77 (relating to miscellaneous provisions) is amended by adding at the end thereof the following new section:

"SEC. 7518. TAX INCENTIVES RELATING TO MERCHANT MARINE CAPITAL CONSTRUCTION FUNDS.

"(a) CEILING ON DEPOSITS.—

"(1) IN GENERAL.—The amount deposited in a fund established under section 607 of the Merchant Marine Act, 1936 (hereinafter in this section referred to as a 'capital construction fund') shall not exceed for any taxable year the sum of:

"(A) that portion of the taxable income of the owner or lessee for such year (computed as provided in chapter 1 but without regard to the carryback of any net operating loss or net capital loss and without regard to this section) which is attributable to the operation of the agreement vessels in the foreign or domestic commerce of the United States or in the fisheries of the United States,

"(B) the amount allowable as a deduction under section 167 for such year with respect to the agreement vessels,

"(C) if the transaction is not taken into account for purposes of subparagraph (A), the net proceeds (as defined in joint regulations) from—

"(i) the sale or other disposition of any agreement vessel, or

"(ii) insurance or indemnity attributable to any agreement vessel, and

"(D) the receipts from the investment or reinvestment of amounts held in such fund.

"(2) LIMITATIONS ON DEPOSITS BY LESSEES.—In the case of a lessee, the maximum amount which may be deposited with respect to an agreement vessel by reason of paragraph (1)(B) for any period shall be reduced by any amount which, under an agreement entered into under section 607 of the Merchant Marine Act, 1936, the owner is required or permitted to deposit for such period with respect to such vessel by reason of paragraph (1)(B).

"(3) CERTAIN BARGES AND CONTAINERS INCLUDED.—For purposes of paragraph (1), the term 'agreement vessel' includes barges and containers which are part of the complement of such vessel and which are provided for in the agreement.

"(b) REQUIREMENTS AS TO INVESTMENTS.—

"(1) IN GENERAL.—Amounts in any capital construction fund shall be kept in the depository or depositories specified in the agreement and shall be subject to such trustee and other fiduciary requirements as may be specified by the Secretary.

"(2) LIMITATION ON FUND INVESTMENTS.—Amounts in any capital construction fund may be invested only in interest-bearing securities approved by the Secretary; except that, if such Secretary consents thereto, an agreed percentage (not in excess of 60 percent) of the assets of the fund may be invested in the stock of domestic corporations. Such stock must be currently fully listed and registered on an exchange registered with the Securities and Exchange Commission as a national securities exchange, and must be stock which would be acquired by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and the preservation of their capital. If at any time the fair market value of the stock in the fund is more than the agreed percentage of the assets in the fund, any subsequent investment of amounts deposited in the fund, and any subsequent withdrawal from the fund, shall be made in such a way as to tend to restore the fund to a situation in which the fair market value of the stock does not exceed such agreed percentage.

"(3) INVESTMENT IN CERTAIN PREFERRED STOCK PERMITTED.—For purposes of this subsection, if the common stock of a corporation meets the requirements of this subsection and if the preferred stock of such corporation would meet such requirements but for the fact that it cannot be listed and registered as required because it is nonvoting stock, such preferred stock shall be treated as meeting the requirements of this subsection.

"(c) NONTAXABILITY FOR DEPOSITS.—

"(1) IN GENERAL.—For purposes of this title—

"(A) taxable income (determined without regard to this section and section 607 of the Merchant Marine Act, 1936) for the taxable year shall be reduced by an amount equal to the amount deposited for the taxable year out of amounts referred to in subsection (a)(1)(A),

"(B) gain from a transaction referred to in subsection (a)(1)(C) shall not be taken into account if an amount equal to the net proceeds (as defined in joint regulations) from such transaction is deposited in the fund,

"(C) the earnings (including gains and losses) from the investment and reinvestment of amounts held in the fund shall not be taken into account,

"(D) the earnings and profits (within the meaning of section 316) of any corporation shall be determined without regard to this section and section 607 of the Merchant Marine Act, 1936, and

"(E) in applying the tax imposed by section 531 (relating to the accumulated earnings tax), amounts while held in the fund shall not be taken into account.

"(2) ONLY QUALIFIED DEPOSITS ELIGIBLE FOR TREATMENT.—Paragraph (1) shall apply with respect to any amount only if such amount is deposited in the fund pursuant to the agreement and not later than the time provided in joint regulations.

"(d) ESTABLISHMENT OF ACCOUNTS.—For purposes of this section—

"(1) IN GENERAL.—Within a capital construction fund 3 accounts shall be maintained:

"(A) the capital account,

"(B) the capital gain account, and

"(C) the ordinary income account.

"(2) CAPITAL ACCOUNT.—The capital account shall consist of—

"(A) amounts referred to in subsection (a)(1)(B),

"(B) amounts referred to in subsection (a)(1)(C) other than that portion thereof which represents gain not taken into account by reason of subsection (c)(1)(B),

"(C) the percentage applicable under section 243(a)(1)(A) of any dividend received by the fund with respect to which the person maintaining the fund would (but for subsection (c)(1)(C)) be allowed a deduction under section 243, and

"(D) interest income exempt from taxation under section 103.

"(3) CAPITAL GAIN ACCOUNT.—The capital gain account shall consist of—

"(A) amounts representing capital gains on assets held for more than 6 months and referred to in subsection (a)(1)(C) or (a)(1)(D), reduced by

"(B) amounts representing capital losses on assets held in the fund for more than 6 months.

"(4) ORDINARY INCOME ACCOUNT.—The ordinary income account shall consist of—

"(A) amounts referred to in subsection (a)(1)(A),

"(B)(i) amounts representing capital gains on assets held for 6 months or less and referred to in subsection (a)(1)(C) or (a)(1)(D), reduced by

"(ii) amounts representing capital losses on assets held in the fund for 6 months or less,

"(C) interest (not including any tax-exempt interest referred to in paragraph (2)(D)) and other ordinary income (not including any dividend referred to in subparagraph (E)) received on assets held in the fund,

"(D) ordinary income from a transaction described in subsection (a)(1)(C), and

"(E) the portion of any dividend referred to in paragraph (2)(C) not taken into account under such paragraph.

"(5) CAPITAL LOSSES ONLY ALLOWED TO OFFSET CERTAIN GAINS.—Except on termination of a capital construction fund, capital losses referred to in paragraph (3)(B) or in paragraph (4)(B)(ii) shall be allowed only as an offset to gains referred to in paragraph (3)(A) or (4)(B)(i), respectively.

"(e) PURPOSES OF QUALIFIED WITHDRAWALS.—

"(1) IN GENERAL.—A qualified withdrawal from the fund is one made in accordance with the terms of the agreement but only if it is for:

"(A) the acquisition, construction, or reconstruction of a qualified vessel,

"(B) the acquisition, construction, or reconstruction of barges and containers which are part of the complement of a qualified vessel, or

"(C) the payment of the principal on indebtedness incurred in connection with the acquisition, construction, or reconstruction of a qualified vessel or a barge or container which is part of the complement of a qualified vessel.

Except to the extent provided in regulations prescribed by the Secretary, subparagraph (B), and so much of subparagraph (C) as relates only to barges and containers, shall apply only with respect to barges and containers constructed in the United States.

"(2) PENALTY FOR FAILING TO FULFILL ANY SUBSTANTIAL OBLIGATION.—Under joint regulations, if the Secretary determines that any substantial obligation under any agreement is not being fulfilled, he may, after notice and opportunity for hearing to the person maintaining the fund, treat the entire fund or any portion thereof as an amount withdrawn from the fund in a nonqualified withdrawal.

"(f) TAX TREATMENT OF QUALIFIED WITHDRAWALS.—

"(1) ORDERING RULE.—Any qualified withdrawal from a fund shall be treated—

"(A) first as made out of the capital account,

"(B) second as made out of the capital gain account, and

"(C) third as made out of the ordinary income account.

"(2) ADJUSTMENT TO BASIS OF VESSEL, ETC., WHERE WITHDRAWAL FROM ORDINARY INCOME ACCOUNT.—If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the ordinary income account, the basis of such vessel, barge, or container shall be reduced by an amount equal to such portion.

"(3) ADJUSTMENT TO BASIS OF VESSEL, ETC., WHERE WITHDRAWAL FROM CAPITAL GAIN ACCOUNT.—

"(A) IN GENERAL.—If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the capital gain account, the basis of such vessel, barge, or container shall be reduced by an amount equal to the capital gain percentage of such portion.

"(B) CAPITAL GAIN PERCENTAGE.—For purposes of subparagraph (A), the term 'capital gain percentage' means—

"(i) the rate of tax imposed by section 1201(a), in the case of a taxpayer to which such section applies, and

"(ii) the percentage equal to 100 percent minus the percentage of net capital gain allowed as a deduction under section 1202, in the case of any other person.

"(4) ADJUSTMENT TO BASIS OF VESSELS, ETC., WHERE WITHDRAWALS PAY PRINCIPAL ON DEBT.—If any portion of a qualified withdrawal to pay the principal on any indebtedness is made out of the ordinary income account or the capital gain account, then an amount equal to the aggregate reduction which would be required by paragraphs (2) and (3) if this were a qualified withdrawal for a purpose described in such paragraphs shall be applied, in the order provided in joint regulations, to reduce the basis of vessels, barges, and containers owned by the person maintaining the fund. Any amount of a withdrawal remaining after the application of the preceding sentence shall be treated as a nonqualified withdrawal.

"(5) ORDINARY INCOME RECAPTURE OF BASIS REDUCTION.—If any property the basis of which was reduced under paragraph (2), (3), or (4) is disposed of, any gain realized on such disposition, to the extent it does not exceed the aggregate reduction in the basis of such property under such paragraphs, shall be treated as an amount referred to in subsection (g)(3)(A) which was withdrawn on the date of such disposition. Subject to such conditions and requirements as may be provided in joint regulations, the preceding sentence shall not apply to a disposition where there is a redeposit in an amount determined under joint regulations which will, insofar as practicable, restore the fund to the position it was in before the withdrawal.

"(g) TAX TREATMENT OF NONQUALIFIED WITHDRAWALS.—

"(1) IN GENERAL.—Except as provided in subsection (h), any withdrawal from a capital construction fund which is not a qualified withdrawal shall be treated as a nonqualified withdrawal.

"(2) ORDERING RULE.—Any nonqualified withdrawal from a fund shall be treated—

"(A) first as made out of the ordinary income account,

"(B) second as made out of the capital gain account, and

"(C) third as made out of the capital account.

For purposes of this section, items withdrawn from any account shall be treated as withdrawn on a first-in-first-out basis; except that (i) any nonqualified withdrawal for research, development, and design expenses incident to new and advanced ship design, machinery and equipment, and (ii) any amount treated as a nonqualified withdrawal under the second sentence of subsection (f)(4), shall be treated as withdrawn on a last-in-first-out basis.

"(3) OPERATING RULES.—For purposes of this title—

"(A) any amount referred to in paragraph (2)(A) shall be included in income as an item of ordinary income for the taxable year in which the withdrawal is made,

"(B) any amount referred to in paragraph (2)(B) shall be included in income for the taxable year in which the withdrawal is made as an item of gain realized during such year from the disposition of an asset held for more than 6 months, and

"(C) for the period on or before the last date prescribed for payment of tax for the taxable year in which this withdrawal is made—

"(i) no interest shall be payable under section 6601 and no addition to the tax shall be payable under section 6651,

"(ii) interest on the amount of the additional tax attributable to any item referred to in subparagraph (A) or (B) shall be paid at the applicable rate (as defined in paragraph (4)) from the last date prescribed for payment of the tax for the taxable year for which such item was deposited in the fund, and

"(iii) no interest shall be payable on amounts referred to in clauses (i) and (ii) of paragraph (2) or in the case of any nonqualified withdrawal arising from the application of the recapture provision of section 605(5) of the Merchant Marine Act of 1936 as in effect on December 31, 1969.

"(4) INTEREST RATE.—For purposes of paragraph (3)(C)(ii), the applicable rate of interest for any nonqualified withdrawal—

"(A) made in a taxable year beginning in 1970 or 1971 is 8 percent, or

"(B) made in a taxable year beginning after 1971, shall be determined and published jointly by the Secretary of the Treasury or his delegate and the applicable Secretary and shall bear a relationship to 8 percent which the Secretaries determine under joint regulations to be comparable to the relationship which the money rates and investment yields for the calendar year immediately preceding the beginning of the taxable year bear to the money rates and investment yields for the calendar year 1970.

"(5) AMOUNT NOT WITHDRAWN FROM FUND AFTER 10 YEARS FROM DEPOSIT TAXED AS NONQUALIFIED WITHDRAWAL.—

"(A) IN GENERAL.—The applicable percentage of any amount which remains in a capital construction fund at the close of the 11th, 12th, 13th, 14th, or 15th taxable year following the taxable year for which such amount was deposited shall be treated as a nonqualified withdrawal in accordance with the following table:

If the amount remains in the fund at the close of the—	The applicable percentage is—
11th taxable year	20 percent
12th taxable year	40 percent
13th taxable year	60 percent
14th taxable year	80 percent
15th taxable year	100 percent.

"(B) EARNINGS TREATED AS DEPOSITS.—The earnings of any capital construction fund for any taxable year (other than net gains) shall be treated for purposes of this paragraph as an amount deposited for such taxable year.

"(C) AMOUNTS COMMITTED TREATED AS WITHDRAWN.—For purposes of subparagraph (A), an amount shall not be treated as remaining in a capital construction fund at the close of any taxable year to the extent there is a binding contract at the close of such year for a qualified withdrawal of such amount with respect to an identified item for which such withdrawal may be made.

"(D) AUTHORITY TO TREAT EXCESS FUNDS AS WITHDRAWN.—If the Secretary determines that the balance in any capital construction fund exceeds the amount which is appropriate to meet the vessel construction program objectives of the person who established such fund, the amount of such excess shall be treated as a nonqualified withdrawal under subparagraph (A) unless such person develops appropriate program objectives within 3 years to dissipate such excess.

"(E) AMOUNTS IN FUND ON JANUARY 1, 1986.—For purposes of this paragraph, all amounts in a capital construction fund on January 1, 1986, shall be treated as deposited in such fund on such date.

"(6) NONQUALIFIED WITHDRAWALS TAXED AT HIGHEST MARGINAL RATE.—

"(A) IN GENERAL.—In the case of any taxable year for which there is a nonqualified withdrawal (including any amount so treated under paragraph (5)), the tax imposed by chapter 1 shall be increased by an amount equal to the excess (if any) of the sum of—

"(i) the tax imposed by chapter 1 for the taxable year determined without regard to this section,

"(ii) the product of the capital gains percentage (as defined in subsection (f)(3)(B)) and the portion of nonqualified withdrawals made out of the capital gain account, plus

"(iii) the product of the highest rate specified in—

"(I) section 11, in the case of a corporation, or

"(II) section 1, in the case of any other person,

and the portion of nonqualified withdrawals made out of the ordinary income account.

"(B) TAX BENEFIT RULE.—If any portion of a nonqualified withdrawal is properly attributable to deposits (other than earnings on deposits) made by the taxpayer in any taxable year which did not reduce the taxpayer's liability for tax under chapter 1 for any taxable year preceding the taxable year in which such withdrawal occurs—

"(i) such portion shall not be taken into account under subparagraph (A), and

"(ii) an amount equal to such portion shall be treated as allowed as a deduction under section 172 for the taxable year in which such withdrawal occurs.

"(h) CERTAIN CORPORATE REORGANIZATIONS AND CHANGES IN PARTNERSHIPS.—Under joint regulations—

"(1) a transfer of a fund from one person to another person in a transaction to which section 381 applies may be treated as if such transaction did not constitute a nonqualified withdrawal, and

"(2) a similar rule shall be applied in the case of a continuation of a partnership.

"(i) DEFINITIONS.—For purposes of this section, any term defined in section 607(k) of the Merchant Marine Act, 1936 which is also used in this section (including the definition of 'Secretary') shall have the meaning given such term by such section 607(k) as in effect on the date of the enactment of this section.".

(c) DEPARTMENTAL REPORTS AND CERTIFICATION.—Section 607 of the Merchant Marine Act, 1936, is amended by adding at the end thereof the following new subsection:

"(m) DEPARTMENTAL REPORTS AND CERTIFICATION.—

"(1) IN GENERAL.—For each calendar year, the Secretaries shall each provide the Secretary of the Treasury, within 120 days after the close of such calendar year, a written report with respect to those capital construction funds that are under their jurisdiction.

"(2) CONTENTS OF REPORTS.—Each report shall set forth the name and taxpayer identification number of each person—

"(A) establishing a capital construction fund during such calendar year;

"(B) maintaining a capital construction fund as of the last day of such calendar year;

"(C) terminating a capital construction fund during such calendar year;

"(D) making any withdrawal from or deposit into (and the amounts thereof) a capital construction fund during such calendar year; or

"(E) with respect to which a determination has been made during such calendar year that such person has failed to fulfill a substantial obligation under any capital construction fund agreement to which such person is a party.".

(d) CONFORMING AMENDMENTS.—

(1) Subparagraph (A) of section 607(d)(1) of the Merchant Marine Act, 1936 is amended by inserting "and section 7518 of such Code" after "this section".

(2) Subparagraph (D) of section 607(d)(1) of such Act is amended by inserting "and section 7518 of such Code" after "this section".

(3) Subparagraph (C) of Section 607(e)(2) of such Act is amended by striking out "85 percent" and inserting in lieu thereof "the percentage applicable under section 243(a)(1)(A) of the Internal Revenue Code of 1954".

(4) Subparagraph (E) of section 607(e)(4) of such Act is amended to read as follows:

"(E) the portion of any dividend referred to in paragraph (2)(C) not taken into account under such paragraph."

(3) Paragraph (3) of section 607(g) of such Act is amended to read as follows:

"(3)(A) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the capital gain account, the basis of such vessel, barge, or container shall be reduced by an amount equal to the capital gain percentage of such portion.

"(B) For purposes of subparagraph (A), the term 'capital gain percentage' means—

"(i) the rate of tax imposed by section 1201(a) of the Internal Revenue Code of 1954, in the case of a taxpayer to which such section applies, or

"(ii) the percentage equal to 100 percent minus the percentage of net capital gain al-

lowed as a deduction under section 1202 of such Code, in the case of any other person.

(5) Subsection (h) of section 607 of such Act is amended by adding at the end thereof the following new paragraphs:

"(5) AMOUNT NOT WITHDRAWN FROM FUND AFTER 10 YEARS FROM DEPOSIT TAXED AS NONQUALIFIED WITHDRAWAL.—

"(A) IN GENERAL.—The applicable percentage of any amount which remains in a capital construction fund at the close of the 11th, 12th, 13th, 14th, or 15th taxable year following the taxable year for which such amount was deposited shall be treated as a nonqualified withdrawal in accordance with the following table:

If the amount remains in the fund at the close of the—	The applicable percentage is—
11th taxable year	20 percent
12th taxable year	40 percent
13th taxable year	60 percent
14th taxable year	80 percent
15th taxable year	100 percent.

"(B) EARNINGS TREATED AS DEPOSITS.—The earnings of any capital construction fund for any taxable year (other than net gains) shall be treated for purposes of this paragraph as an amount deposited for such taxable year.

"(C) AMOUNTS COMMITTED TREATED AS WITHDRAWN.—For purposes of subparagraph (A), an amount shall not be treated as remaining in a capital construction fund at the close of any taxable year to the extent there is a binding contract at the close of such year for a qualified withdrawal of such amount with respect to an identified item for which such withdrawal may be made.

"(D) AUTHORITY TO TREAT EXCESS FUNDS AS WITHDRAWN.—If the Secretary determines that the balance in any capital construction fund exceeds the amount which is appropriate to meet the vessel construction program objectives of the person who established such fund, the amount of such excess shall be treated as a nonqualified withdrawal under subparagraph (A) unless such person develops appropriate program objectives within 3 years to dissipate such excess.

"(E) AMOUNTS IN FUND ON JANUARY 1, 1986.—For purposes of this paragraph, all amounts in a capital construction fund on January 1, 1986, shall be treated as deposited in such fund on such date.

"(6) NONQUALIFIED WITHDRAWALS TAXED AT HIGHEST MARGINAL RATE.—

"(A) IN GENERAL.—In the case of any taxable year for which there is a nonqualified withdrawal (including any amount so treated under paragraph (5)), the tax imposed by chapter 1 of the Internal Revenue Code of 1954 shall be increased by an amount equal to the excess (if any) of the sum of—

"(i) the tax imposed by chapter 1 of such Code for the taxable year determined without regard to this section,

"(ii) the product of the capital gains percentage (as defined in subsection (f)(3)(B)) and the portion of nonqualified withdrawals made out of the capital gain account, plus

"(iii) the product of the highest rate specified in—

"(I) section 11 of such Code, in the case of a corporation, or

"(II) section 1 of such Code, in the case of any other person,

and the portion of nonqualified withdrawals made out of the ordinary income account.

"(B) TAX BENEFIT RULE.—If any portion of a nonqualified withdrawal is properly attributable to deposits (other than earnings on deposits) made by the taxpayer in any taxable year which did not reduce the taxpayer's liability for tax under chapter 1 for any taxable year preceding the taxable year in which such withdrawal occurs—

"(i) such portion shall not be taken into account under subparagraph (A), and

"(ii) an amount equal to such portion shall be treated as allowed as a deduction under section 172 of such Code for the taxable year in which such withdrawal occurs.".

(e) CLERICAL AMENDMENT.—The table of sections for chapter 77 is amended by adding at the end thereof the following new item:

"Sec. 7518. Tax incentives relating to merchant marine capital construction funds.".

(f) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 1985.

Subtitle E—Capital Gains and Losses

SEC. 241. REDUCTION IN DEDUCTION FOR CAPITAL GAINS.

(a) IN GENERAL.—Subsection (a) of section 1202 (relating to deduction for capital gains) is amended by striking out "60 percent" and inserting in lieu thereof "42 percent (50 percent in the case of taxable years beginning in 1986)".

(b) CONFORMING AMENDMENTS.—

(1) Section 170(e)(1) (relating to certain contributions of ordinary income and capital gain property) is amended—

(A) by striking out "40 percent" and inserting in lieu thereof "58 percent", and

(B) by adding at the end thereof the following new sentence: "In the case of any taxable year beginning in 1986, this paragraph shall be applied by substituting '50 percent' for '58 percent'."

(2) Section 1202 is amended by striking out subsection (c).

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 1985.

SEC. 242. REPEAL OF SECTION 631(c).

(a) IN GENERAL.—Section 631(c) (relating to disposal of coal or domestic iron ore with a retained economic interest) is hereby repealed.

(b) CONFORMING AMENDMENTS.—

(1)(A) Section 272 (relating to disposal of coal or domestic iron ore) is hereby repealed.

(B) The table of sections for part IX of subchapter B of chapter 1 is amended by striking out the item relating to section 272.

(2) Each of the following sections is amended by striking out "631(b) or (c)" and inserting in lieu thereof "631(b)":

(A) Subparagraph (A) of section 871(d)(1).

(B) Paragraph (2) of section 881(a).

(C) Subparagraph (A) of section 882(d)(1).

(D) Section 1441(b).

(E) Paragraph (5) of section 1441(c).

(3) Paragraph (2) of section 1231(b) is amended—

(A) by striking out ", coal, and iron ore", and

(B) by striking out ", COAL OR DOMESTIC IRON ORE" in the heading thereof.

(4)(A) The heading for section 631 is amended by striking out ", coal, or domestic iron ore".

(B) The table of sections for part III of subchapter I of chapter 1 is amended by striking out ", coal, or domestic iron ore" in the item relating to section 631.

(c) EFFECTIVE DATES.—

(1) IN GENERAL.—The amendments made by this section shall apply to sales after December 31, 1985, in taxable years ending after such date.

(2) TRANSITIONAL RULES.—

(A) CORPORATIONS.—In the case of any corporation, the amendments made by this section shall not apply to amounts properly taken into account before January 1, 1989.

(B) TAXPAYERS OTHER THAN CORPORATIONS.—In the case of any taxpayer other than a corporation, the amendments made by this section shall not apply to—

(i) 60 percent of the amounts properly taken into account during 1986,

(ii) 2⅔ of the amounts properly taken into account during 1987, and

(iii) 1⅓ of the amounts properly taken into account during 1988.

SEC. 243. GAIN FROM DISPOSITION OF INTEREST IN OIL, GAS, OR GEOTHERMAL PROPERTY.

(a) RECAPTURE TO INCLUDE DEPLETION.—Paragraph (1) of section 1254(a) (relating to ordinary income) is amended to read as follows:

"(1) ORDINARY INCOME.—If oil, gas, or geothermal property is disposed of, the lesser of—

"(A) the aggregate amount of—

"(i) expenditures which have been deducted by the taxpayer or any person as intangible drilling and development costs under section 263(c) with respect to such property and which, but for such deduction, would have been included in the adjusted basis of such property, and

"(ii) the deductions for depletion under section 611 which reduced the adjusted basis of such property, or

"(B) the excess of—

"(i) in the case of—

"(I) a sale, exchange, or involuntary conversion, the amount realized, or

"(II) in the case of any other disposition, the fair market value of such property, over

"(ii) the adjusted basis of such property,

shall be treated as gain which is ordinary income. Such gain shall be recognized notwithstanding any other provision of this subtitle.".

(b) CONFORMING AMENDMENT—Section 1254(a) is amended by striking out paragraph (4).

(c) EFFECTIVE DATES—

(1) IN GENERAL.—The amendments made by this section shall apply to any disposition of property which is placed in service by the taxpayer after December 31, 1985.

(2) EXCEPTION FOR BINDING CONTRACTS.—The amendments made by this section shall not apply to any disposition of property placed in service after December 31, 1985, if such property was acquired pursuant to a written contract which was entered into before September 26, 1985, and which was binding at all times thereafter.

Subtitle F—Provisions Relating to Oil and Gas

SEC. 251. AMORTIZATION OF CERTAIN INTANGIBLE DRILLING AND DEVELOPMENT COSTS.

(a) IN GENERAL.—Section 263 (relating to capital expenditures) is amended by adding at the end thereof the following new subsection:

"(i) SPECIAL RULES FOR INTANGIBLE DRILLING AND DEVELOPMENT COSTS.—

"(1) COSTS INCURRED AFTER START OF INSTALLATION OF PRODUCTION CASING.—

"(A) IN GENERAL.—Subsection (c) shall not apply to any intangible drilling and development costs with respect to any well which are incurred after the commencement of the installation of the production casing for such well. The preceding sentence shall not apply below the lowest production level.

"(B) COSTS NOT EXPENSED AMORTIZED OVER 26 MONTHS.—The amount not allowable as a

deduction under subsection (c) by reason of subparagraph (A) shall be allowable as a deduction ratably over the 26-month period beginning with the month in which the costs are paid or incurred.

"(2) FOREIGN INTANGIBLE DRILLING AND DEVELOPMENT COSTS.—In the case of intangible drilling and development costs incurred outside of the United States—

"(A) subsection (c) and paragraph (1) shall not apply, and

"(B) such costs shall—

"(i) at the election of the taxpayer, be included in the adjusted basis of the taxpayer for purposes of computing the amount of any deduction allowable under section 611 (determined without regard to section 613), or

"(ii) if clause (i) does not apply, be allowed as a deduction ratably over the 10-taxable year period beginning with the taxable year in which such costs were paid or incurred.

"(3) COORDINATION WITH SECTION 1254.—For purposes of section 1254, any amount allowable as a deduction by reason of this paragraph shall be treated as a deduction allowable under subsection (c) of this section."

(b) CONFORMING AMENDMENTS.—

(1) Section 263(c) is amended by inserting "and except as provided in subsection (i)," after "subsection (a),".

(2) Section 312(n)(2) is amended by striking out "section 263(c)" and inserting in lieu thereof "subsection (c) or (i)(1) of section 263 or section 291(b)(2)(A)".

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to costs paid or incurred after December 31, 1985, in taxable years ending after such date.

SEC. 252. PHASE-OUT OF PERCENTAGE DEPLETION FOR OIL AND GAS WELLS.

(a) IN GENERAL.—Paragraph (5) of section 613A(c) (defining applicable percentage) is amended to read as follows:

"(5) APPLICABLE PERCENTAGE.—For purposes of paragraph (1)—

"(A) IN GENERAL.—The applicable percentage shall be determined in accordance with the following table:

"In the case of production during calendar year:	The applicable percentage is:
1986	10
1987	5
1988 and thereafter	0.

"(B) SPECIAL RULE FOR STRIPPER WELLS.—In the case of any stripper well oil or gas produced during any calendar year after 1985, the applicable percentage shall be 15 percent.

"(C) ORDERING RULE FOR DEPLETABLE OIL OR GAS QUANTITY.—A taxpayer's depletable oil quantity under paragraph (3) or depletable natural gas quantity under paragraph (4) for production during calendar years 1986 and 1987 shall be allocated first to stripper well oil or gas.

"(D) STRIPPER WELL OIL OR GAS.—For purposes of this paragraph, the term 'stripper well oil or gas' means—

"(i) domestic crude oil from a stripper well property within the meaning of the June 1979 energy regulations (as defined in section 4996(b)(8)(C)), or

"(ii) domestic natural gas which is stripper well gas within the meaning of section 108(b) of the Natural Gas Policy Act of 1978 (15 U.S.C. 3318(b))."

(b) EFFECTIVE DATE.—The amendments made by this section shall apply to production after December 31, 1985, in taxable years ending after such date.

SEC. 253. PERCENTAGE DEPLETION NOT ALLOWED FOR LEASE BONUSES, ETC.

(a) IN GENERAL.—Subsection (d) of section 613A (relating to limitations on application of subsection (c)) is amended by adding at the end thereof the following new paragraph:

"(5) PERCENTAGE DEPLETION NOT ALLOWED FOR LEASE BONUSES, ETC.—In the case of any oil or gas property to which subsection (c) applies, for purposes of section 613, the term 'gross income from the property' shall not include any lease bonus, advance royalty, or other amount payable without regard to production from the property."

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect on January 1, 1986.

SEC. 254. PERCENTAGE DEPLETION FOR GEOTHERMAL DEPOSITS.

(a) PHASE-OUT OF PERCENTAGE DEPLETION.—Paragraph (2) of section 613(e) (relating to percentage depletion for geothermal deposits) is amended to read as follows:

"(2) APPLICABLE PERCENTAGE.—For purposes of paragraph (1)—

"In the case of production during calendar year:	The applicable percentage is:
1986	10
1987	5
1988 and thereafter	0."

(b) PERCENTAGE DEPLETION NOT ALLOWED FOR LEASE BONUSES, ETC.—Section 613(e) is amended by adding at the end thereof the following new paragraph:

"(4) PERCENTAGE DEPLETION NOT TO INCLUDE LEASE BONUSES, ETC.—In the case of any geothermal deposit, the term 'gross income from the property' shall, for purposes of this section, not include any amount described in section 613A(d)(5)."

(c) EFFECTIVE DATES.—

(1) REDUCTION IN PERCENTAGE.—The amendment made by subsection (a) shall apply to taxable years beginning after December 31, 1985.

(2) LEASE BONUSES, ETC.—The amendment made by subsection (b) shall take effect on January 1, 1986.

SEC. 255. EXEMPTION FROM WINDFALL PROFIT TAX FOR CERTAIN CRUDE OIL EXCHANGED FOR RESIDUAL FUEL OIL.

(a) IN GENERAL.—Subsection (b) of section 4991 (defining exempt oil) is amended by striking out "and" at the end of paragraph (5), by striking out the period at the end of paragraph (6) and inserting in lieu thereof ", and", and by adding at the end thereof the following new paragraph:

"(7) any exempt production oil."

(b) EXEMPT PRODUCTION OIL DEFINED.—Section 4994 (relating to definitions and special rules relating to exemptions) is amended by adding at the end thereof the following new subsection:

"(h) EXEMPT PRODUCTION OIL.—For purposes of section 4991(b)—

"(1) IN GENERAL.—The term 'exempt production oil' means, with respect to any person, the number of barrels of domestic crude oil—

"(A) of which such person is the producer,

"(B) which is removed from a property during the calendar quarter,

"(C) which would (but for section 4991(b)(7)) be taxable crude oil,

"(D) which is attributable to such person's operating mineral interest (as defined in section 614(d)) in the property, and

"(E) which is exchanged solely for an equal number of barrels of residual fuel oil used by such person with respect to such property during such quarter or the next succeeding quarter in enhanced recovery processes.

"(2) DETERMINATION OF FUEL OIL USED.—

"(A) IN GENERAL.—For purposes of paragraph (1), a person shall be treated as using residual fuel oil with respect to any property during a calendar quarter in an amount which bears the same ratio to—

"(i) the aggregate residual fuel oil used during such quarter in enhanced recovery processes with respect to crude oil from such property, as

"(ii)(I) the amount of such person's share for such quarter of the production of crude oil from such property, bears to

"(II) the amount of such production.

"(B) APPLICATION TO NONOPERATING INTERESTS.—

"(i) RESIDUAL FUEL OIL NOT TREATED AS USED BY NONOPERATING INTERESTS.—Subparagraph (A) shall apply only to shares of production which are attributable to operating mineral interests (as defined in section 614(d)).

"(ii) UNALLOCATED RESIDUAL FUEL OIL TREATED AS USED BY OPERATING INTERESTS.—For purposes of subparagraph (A)(ii)(II), the amount of production of crude oil from a property for a quarter shall be reduced by the amount of such production which is not attributable to operating mineral interests (as so defined).

"(3) ALLOCATION OF EXEMPT PRODUCTION OIL AMONG TIERS.—Under regulations prescribed by the Secretary, exempt production oil shall be allocated—

"(A)(i) in any case where the crude oil produced from a property falls within 1 tier, to such tier of oil, or

"(ii) in any case where the crude oil produced from a property falls within more than 1 tier, among the tiers in proportion to the production from such property for such quarter of domestic crude oil in each such tier, and

"(B) within any tier of taxable crude oil, on the basis of the removal prices for such person's domestic crude oil (produced from such property) in such tier removed during such quarter, beginning with the highest of such prices.

For purposes of this paragraph, crude oil which is not taxable crude oil (without regard to this section) shall be treated as a tier of oil and newly discovered oil shall be treated as a separate tier of oil and not included in tier 3 oil.

"(4) RESIDUAL FUEL OIL DEFINED.—For purposes of this subsection, the term 'residual fuel oil' means—

"(A) any fuel oil commonly known as—

"(i) No. 4, No. 5, or No. 6 fuel oil,

"(ii) Bunker C, or

"(iii) Navy Special Fuel Oil, and

"(B) any fuel oil not described in subparagraph (A) which has a 50 percent boiling point over 700 degrees Fahrenheit in the ASTM D-86 standard distillation test.

"(5) ENHANCED RECOVERY PROCESS.—

"(A) IN GENERAL.—For purposes of this subsection, the term 'enhanced recovery process' means any process—

"(i) for increasing the ultimate total recovery of oil from a reservoir which is designed to modify any property of any fluid in the reservoir or the reservoir rock, or

"(ii) for displacing or controlling the flow rate or flow pattern in the reservoir.

"(B) EXCLUSION OF PROCESSES APPLIED SOLELY TO AID LIFTING.—Such term does not include any process the sole purpose of which is to aid in the lifting of fluids in the well bore."

(c) DEPLETION DEDUCTION DISALLOWED.—Section 611 of such Code (relating to the allowance of a deduction for depletion) is amended by redesignating subsection (c) as subsection (d) and by inserting after subsection (b) the following new subsection:

"(c) EXEMPT PRODUCTION OIL.—No deduction for depletion shall be allowed under this subchapter with respect to crude oil which is exempt from the tax imposed by section 4896 solely by reason of section 4991(b)(7)."

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to residual fuel oil used, and crude oil removed, after the date of the enactment of this Act.

Subtitle G—Treatment of Hard Minerals

SEC. 261. REDUCTION OF PERCENTAGE DEPLETION FOR CERTAIN HARD MINERALS.

(a) IN GENERAL.—Section 613 (relating to percentage depletion) is amended by adding at the end thereof the following new subsection:

"(f) APPLICABLE PERCENTAGE DEFINED.—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the applicable percentage shall be 5 percent.

"(2) NO DEPLETION IN CERTAIN CASES.—In the case of any mine, well, or natural deposit—

"(A) described in paragraph (6) of subsection (b), or

"(B) any noncompetitive bid mineral,

the applicable percentage shall be zero.

"(3) SPECIAL RULES FOR CERTAIN STONE AND MINERALS USED IN PRODUCTION OF ANIMAL FEED OR FERTILIZER.—

"(A) DIMENSION OR ORNAMENTAL STONE.—In the case of any stone described in subsection (b)(7) used or sold for use by the mine owner or operator as dimension stone or ornamental stone, the applicable percentage shall, with respect to the gross income from the property properly allocable to such stone, be 14 percent.

"(B) FERTILIZER AND ANIMAL FEED.—In the case of any qualified fertilizer or animal feed substance, the applicable percentage shall, with respect to the gross income from the property properly allocable to such substance, be the percentage in effect under subsection (b) on the day before the date of the enactment of this subsection.

"(C) QUALIFIED FERTILIZER OR ANIMAL FEED SUBSTANCE.—For purposes of subparagraph (B), the term 'qualified fertilizer or animal feed substance' means any substance—

"(i) used by taxpayer in the manufacture or production of fertilizer or animal feed, or

"(ii) sold by the taxpayer for—

"(I) use by the purchaser, or

"(II) resale by the purchaser for use, or resale for ultimate use,

in the manufacture or production of fertilizer or animal feed.

"(4) TRANSITIONAL RULES FOR 1986 AND 1987.—In the case of any mine, well, or natural deposit to which paragraph (1) or (2) applies, the applicable percentage shall, for production during calendar years 1986 and 1987, be determined in accordance with the following table:

"If the item is described in the following paragraph of subsection (b):	The applicable percentage is: 1986	1987
(1)	16⅓	10⅔
(2)	11⅔	8⅓
(3) or (7)	11	8
(4)	8⅓	6⅔
(5)	6⅔	5⅔
(6)	3⅓	1⅔

For purposes of this paragraph, any item described in paragraph (2)(B), shall be treated as described in subsection (b)(6).

"(5) NONCOMPETITIVE BID MINERAL.—For purposes of paragraph (2)(B), the term 'noncompetitive bid mineral' means any mineral described in subsection (b)(7) which—

"(A) is used, or sold for use, by the taxpayer as rip rap, ballast, road material, rubble, concrete aggregates, or similar purposes,

"(B) is not sold by the taxpayer on bid in direct competition with a bona fide bid to sell a mineral described in subsection (b)(3), and

"(C) is not slate to which subsection (b)(5) applies."

(b) REDUCTION OF TAXABLE INCOME WHICH MAY BE OFFSET FROM 50 PERCENT TO 25 PERCENT.—Section 613(a) (relating to percentage depletion) is amended—

(1) by striking out "50 percent" and inserting in lieu thereof "25 percent", and

(2) by adding at the end thereof the following new sentence: "This paragraph shall be applied—

"(1) except as provided in paragraph (2), in the case of taxable years beginning during 1986 and 1987, by substituting '41⅔ percent' and '33⅓ percent', respectively, for '25 percent', and

"(2) in the case of any oil or gas well or geothermal deposit for any taxable year beginning after December 31, 1985, by substituting '50 percent' for '25 percent'."

(c) CONFORMING AMENDMENTS.—

(1) Section 613(a) is amended by striking out "percentage, specified in subsection (b)," and inserting in lieu thereof "applicable percentage determined under subsection (f)".

(2) Subsection (b) of section 613 is amended—

(A) by striking out ", and the percentages," in the matter preceding paragraph (1),

(B) by striking out "22 percent—" in paragraph (1) and inserting in lieu thereof "Any—"

(C) by striking out "15 percent—" in paragraph (2),

(D) by striking out "14 percent—" in paragraph (3) and inserting in lieu thereof "Any—",

(E) by striking out "10 percent—" in paragraph (4) and inserting in lieu thereof "Any—",

(F) by striking out "7½ percent—" in paragraph (5) and inserting in lieu thereof "Any—",

(G) by striking out "5 percent—" in paragraph (6) and inserting in lieu thereof "Any—", and

(H) by striking out "14 percent—all" in paragraph (7) and inserting in lieu thereof "All".

(3) The first sentence of section 613(b)(7) is amended by striking out ", except" and all that follows and inserting in lieu thereof a period.

(4) The heading for section 613(b) is amended to read as follows:

"(b) PROPERTY TO WHICH SECTION APPLIES.—"

(5) Each of the following provisions of section 613A are amended by striking out "deemed to be specified in subsection (b) of section 613" and inserting in lieu thereof "the applicable percentage under section 613(f)":

(A) Subsection (b)(2).

(B) Subsection (c)(1).

(C) Subsection (c)(6)(A).

(6) Section 614(d) is amended by striking out "the 50 percent limitation" and inserting in lieu thereof "the taxable income limitation".

(d) EFFECTIVE DATES.—

(1) REDUCTION IN RATES.—The amendments made by subsection (a) and (c) shall apply to production in calendar years beginning after December 31, 1985.

(2) REDUCTION IN TAXABLE INCOME.—The amendments made by subsection (b) shall apply to taxable years beginning after December 31, 1985.

SEC. 262. TREATMENT OF DEVELOPMENT AND MINING EXPLORATION EXPENDITURES.

(a) IN GENERAL.—Section 616 (relating to development expenditures) is amended to read as follows:

"SEC. 616. DEVELOPMENT AND MINING EXPLORATION EXPENDITURES.

"(a) ALLOWANCE OF DEDUCTION.—A taxpayer may elect to treat any qualified development or mining exploration expenditures which are paid or incurred during the preproductive period with respect to any mine as expenses which are not chargeable to capital account. Any expenditures so treated shall be allowed as a deduction in the taxable year in which paid or incurred.

"(b) RECAPTURE UPON COMMENCEMENT OF THE PRODUCTION STAGE.—

"(1) INCLUSION IN INCOME.—In the case of any taxable year in which the taxpayer reaches the production stage with respect to any mine, the taxpayer shall include in gross income the amount of the adjusted development or mining exploration expenditures with respect to such mine.

"(2) AMOUNT RECAPTURED TREATED AS INVESTMENT IN CLASS 1 PROPERTY.—In any case to which paragraph (1) applies, the taxpayer shall, for purposes of this subtitle, be treated as having placed in service class 1 property (within the meaning of section 168(e)) with an adjusted basis equal to the amount included in gross income under paragraph (1).

"(3) TIME WHEN PLACED IN SERVICE.—For purposes of paragraph (2), the class 1 property shall be treated as having been placed in service in the month in which the production stage was reached.

"(4) ELECTION NOT TO HAVE SUBSECTION APPLY.—

"(A) IN GENERAL.—A taxpayer may elect not to have this subsection apply to all mines reaching the production stage during a taxable year.

"(B) EFFECT OF ELECTION.—If an election under subparagraph (A) applies to any mine, no deduction for depletion shall be allowed under section 611 with respect to such mine until the amount of such deduction equals the adjusted development or mining exploration expenditures with respect to such mine.

"(C) TIME OF ELECTION.—Any election under subparagraph (A) for any taxable year may be made or revoked on or before the due date for filing the return (including extensions) for such taxable year.

"(c) GAIN FROM DISPOSITIONS OF CERTAIN MINING PROPERTY.—

"(1) GENERAL RULE.—Except as otherwise provided in this subsection, if mining property is disposed of, the lesser of—

"(A) the sum of—

"(i) the adjusted development or mining exploration expenditures with respect to such property, and

"(ii) the aggregate amount of deductions under section 611 which reduced the basis of such property, or

"(B) the excess of—

"(i) in the case of—

"(I) any sale, exchange, or involuntary conversion, the amount realized, or

"(II) in the case of any other disposition, the fair market value over

"(ii) the adjusted basis of such property,

shall be treated as ordinary income. Such gain shall be recognized notwithstanding any other provision of this subtitle.

"(2) DISPOSITION OF PORTION OF PROPERTY.—For purposes of paragraph (1)—

"(A) IN GENERAL.—In the case of the disposition of a portion of a mining property (other than an undivided interest), the amount described in paragraph (1)(A) with respect to such property shall be treated as attributable to such portion to the extent of the amount of the gain to which paragraph (1) applies.

"(B) UNDIVIDED INTERESTS.—In the case of the disposition of an undivided interest in a mining property (or a portion thereof), a proportionate part of the amount described in paragraph (1)(A) with respect to such property shall be treated as attributable to such undivided interest to the extent of the amount of the gain to which paragraph (1) applies.

"(C) EXCEPTION.—This paragraph shall not apply to any amount described in paragraph (1)(A) to the extent that the taxpayer establishes to the satisfaction of the Secretary that such expenditure does not relate to—

"(i) the portion (or interest therein) disposed of, or

"(ii) any mine which is part of the mining property held by the taxpayer before the disposition and which has reached the producing stage.

"(3) EXCEPTIONS AND LIMITATIONS.—Paragraphs (1), (2), and (3) of section 1245(b) (relating to exceptions and limitations with respect to gain from disposition of certain depreciable property) shall apply in respect of this subsection in the same manner and with the same effect as if references in section 1245(b) to section 1245 or any provision thereof were references to this subsection or the corresponding provisions of this subsection and as if references to section 1245 property were references to mining property.

"(4) APPLICATION OF SUBSECTION.—This subsection shall apply notwithstanding any other provision of this subtitle.

"(d) ADJUSTED DEVELOPMENT OR MINING EXPLORATION EXPENDITURES.—For purposes of this section—

"(1) IN GENERAL.—The term 'adjusted development or mining exploration expenditures' means, with respect to any mine, the amount of the deduction allowable to any person under subsection (a) for the taxable year in which the production stage is reached and any preceding taxable year which—

"(A) are properly chargeable to such mine, and

"(B) which, but for subsection (a), would be reflected in the adjusted basis of such mine.

"(2) ADJUSTMENTS FOR GAIN RECOGNIZED.—The adjusted development or mining exploration expenditures determined under paragraph (1) shall be properly adjusted to reflect any amount included in gross income under subsection (b)(1), (c), or (g)(4) with respect to any mine.

"(3) SPECIAL RULES RELATING TO PARTNERSHIP PROPERTY.—

"(A) PROPERTY DISTRIBUTED TO PARTNER.—In the case of any property received by a taxpayer in a distribution with respect to part or all of the taxpayer's interest in a partnership, the adjusted development or mining exploration expenditures with respect to such property shall include the excess of—

"(i) the adjusted development or mining exploration expenditures immediately before such distribution which have not otherwise been included in gross income under subsection (b)(1), over

"(ii) the amount of gain to which section 751(b) applied and which was realized by the partnership (as constituted after the distribution) on the distribution of such property.

"(B) PROPERTY RETAINED BY PARTNERSHIP.—In the case of any property held by a partnership after a distribution to a partner to which section 751(b) applied, the adjusted development or mining exploration expenditures with respect to such property shall, under regulations, be reduced by the amount of gain to which section 751(b) applied and which was realized by such partner with respect to such distribution on account of such property.

"(e) SPECIAL RULES FOR FOREIGN DEVELOPMENT AND MINING EXPLORATION COSTS.—In the case of any qualified development or mining exploration expenditures paid or incurred during the preproductive period with respect to any mine located outside of the United States—

"(1) subsections (a) and (b) shall not apply, and

"(2) such expenditures shall—

"(A) at the election of the taxpayer, be included in the adjusted basis of the taxpayer for purposes of computing the amount of any deduction allowable under section 611 (without regard to section 613), or

"(B) if subparagraph (A) does not apply, be allowed as a deduction ratably over the 10-taxable year period beginning with the taxable year in which such expenditures were paid or incurred.

"(f) QUALIFIED DEVELOPMENT OR MINING EXPLORATION EXPENDITURES.—For purposes of this section—

"(1) IN GENERAL.—The term 'qualified development or mining exploration expenditures' means any expenditures which, but for this section, would not be allowable as a deduction for the taxable year and which are paid or incurred—

"(A) for the development of a mine or other natural deposit (other than an oil or gas well), or

"(B) for the purpose of ascertaining the existence, location, extent, or quality of any deposit of ore or other mineral.

"(2) CERTAIN EXPENDITURES NOT INCLUDED.—The term 'qualified development or mining exploration expenditures' shall not include any expenditures—

"(A) with respect to any deposit of oil or gas or of any mineral with respect to which a deduction for percentage depletion is not allowable under section 613 (as in effect before the Tax Reform Act of 1985), or

"(B) for the acquisition or improvement of property of a character which is subject to the allowance for depreciation under section 167.

"(g) OTHER DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

"(1) PREPRODUCTIVE PERIOD.—The term 'preproductive period' means—

"(A) in the case of qualified mining exploration expenditures, any expenditures paid or incurred before the beginning of the development stage of any property, and

"(B) in the case of any qualified development expenditures, any expenditures paid or incurred after the existence of ores or minerals in commercially marketable quantities has been disclosed.

"(2) MINING PROPERTY.—The term 'mining property' means any property (within the meaning of section 614 after the application of subsections (c) and (e) thereof) with respect to which any qualified development or mining exploration expenditures are properly chargeable.

"(3) MINE.—The term 'mine' includes any natural deposit.

"(4) ADJUSTMENTS TO BASIS.—The basis of any property shall not be reduced by the amount of any deduction for depletion which, but for the application of this section, would be allowable.

"(5) RECAPTURE IN CASE OF BONUS OR ROYALTY.—If—

"(A) an election under subsection (a) has been made with respect to any mining property, and

"(B) the taxpayer receives or accrues a bonus or royalty with respect to such property,

then the deduction under section 611 with respect to the bonus or royalty shall be disallowed until the amount of such deduction which, but for this paragraph, would be allowable equals the amount of the adjusted development or exploration expenditures with respect to such property.

"(6) TIME FOR MAKING ELECTION.—

"(A) IN GENERAL.—Any election under subsection (a) for any taxable year may be made at any time before the expiration of the time for filing a claim for credit or refund of the tax imposed by this chapter for such taxable year.

"(B) REVOCATION OF ELECTION.—An election under subsection (a), once made, may be revoked only with the consent of the Secretary.

"(C) PERIOD FOR ASSESSING DEFICIENCIES.—Notwithstanding any provision of law or rule of law, the statutory period for the assessment of any deficiency for any taxable year which is attributable to an election or revocation of election under subsection (a) shall not expire before the last day of the 2-year period beginning on the day after the date on which such election or revocation is made."

(b) CORPORATE PREFERENCE ITEMS.—Subparagraph (B) of section 291(b)(2) (relating to mineral exploration and development costs) is amended to read as follows:

"(B) MINERAL EXPLORATION AND DEVELOPMENT COSTS.—In the case of any amount not allowable as a deduction under section 616(a) for any taxable year by reason of paragraph (1), the taxpayer shall be treated as having placed in service on the first day of such taxable year class 2 property (within the meaning of section 168(e)) with an adjusted basis equal to such amount."

(c) CONFORMING AMENDMENTS.—

(1) Section 170(e)(1) is amended by striking out "617(d)(1)" and inserting in lieu thereof "616(c)(1)".

(2) Section 243(b)(2)(C) is amended by inserting "and" at the end of clause (i), by striking out clause (ii), and by redesignating clause (iii) as clause (ii).

(3) Subparagraph (A) of section 263(a)(1) is amended to read as follows:

"(A) qualified development or mining exploration expenditures deductible under section 616(a)".

(4)(A) Subparagraph (B) of section 291(b)(1) is amended by striking out "or 617".

(B) Section 291(b) is amended by striking out paragraph (3) and redesignating paragraphs (4), (5), and (6) as paragraphs (3), (4), and (5), respectively.

(5) Subparagraph (B) of section 312(n)(2) is amended by striking out "or 617".

(6) Paragraph (12) of section 341(e) is amended by striking out "617(d)(1)" and inserting in lieu thereof "616(c)(1)".

(7) Section 381(c) is amended by striking out paragraph (10).

(8) Paragraph (2) of section 453B(d) is amended by striking out "617(d)(1)" and inserting in lieu thereof "616(c)(1)".

(9)(A) Section 617 is hereby repealed.

(B) The table of sections for part I of subchapter I of chapter 1 is amended by striking out the item relating to section 617.

(10) Paragraph (4) of section 703(b) is amended to read as follows:

"(4) section 616(a) (relating to deduction of certain development and mining exploration expenditures), or".

(11) Section 751(c) is amended by striking out "617(d)(1)" and inserting in lieu thereof "616(c)(1)".

(12) Section 1016(a) is amended by striking out paragraph (9).

(13) Subparagraph (B) of section 1362(c)(2) is amended to read as follows:

"(B) section 616(a) (relating to deduction and recapture of certain development and mining exploration expenditures), and".

(d) EFFECTIVE DATES.—

(1) IN GENERAL.—The amendments made by this section shall apply to costs paid or incurred after December 31, 1985, in taxable years ending after such date.

(2) SPECIAL RULES FOR RECAPTURE PROVISIONS.—

(A) IN GENERAL.—Section 616(c) of the Internal Revenue Code of 1985, as added by this section, shall apply to any disposition of property placed in service by the taxpayer after December 31, 1985.

(B) EXCEPTION FOR BINDING CONTRACTS.—Section 616(c) of such Code, as so added, shall not apply to property placed in service after December 31, 1985, if such property was acquired pursuant to a written contract which was entered into before September 26, 1985, and which was binding at all times thereafter.

(C) SECTION 617(d).—Section 617(d) of such Code, as in effect before the amendments made by this Act, shall apply to property to which it applied before such amendments and to which section 616(c) of such Code, as so added, does not apply.

Subtitle H—Provisions Relating to Energy Credits

SEC. 271. EXTENSION OF RESIDENTIAL ENERGY CREDITS FOR SOLAR RENEWABLE ENERGY SOURCE EXPENDITURES.

(a) IN GENERAL.—Section 23(b) (relating to qualified expenditures) is amended by adding at the end thereof the following new paragraph:

"(6) SPECIAL RULES FOR EXPENDITURES AFTER DECEMBER 31, 1985, AND BEFORE JANUARY 1, 1989, FOR SOLAR PROPERTY.—

"(A) IN GENERAL.—In the case of renewable energy source expenditures for solar property made after December 31, 1985, and before January 1, 1989—

"(i) paragraph (2) shall be applied by substituting the applicable percentage for '40 percent',

"(ii) paragraph (5)(B) shall be applied by substituting '1990' for '1987', and

"(iii) the aggregate amount of such expenditures for solar property used to provide hot water for use in a dwelling unit which may be taken into account under this section for all taxable years shall not exceed $5,000.

"(B) APPLICABLE PERCENTAGE DEFINED.—For purposes of this paragraph, the applicable percentage means the percentage determined in accordance with the following table:

"For expenditures made in:	The percentage is:
1986	30
1987	20
1988	20

"(C) DEFINITION OF SOLAR PROPERTY.—For purposes of this paragraph—

"(i) IN GENERAL.—The term 'solar property' means renewable energy source property which, when installed in connection with a dwelling, transmits or uses solar energy for the purpose of heating or cooling such dwelling or providing hot water or electricity for use within such dwelling.

"(ii) EXCEPTIONS FOR GREENHOUSES, ETC.—The term 'solar energy property' shall not include any greenhouse, sunroom, or similar addition to a principal residence."

(b) CONFORMING AMENDMENT.—Subsection (f) of section 23 (relating to termination) is amended to read as follows:

"(f) TERMINATION.—

"(1) IN GENERAL.—Except as provided in paragraph (2), this section shall not apply to expenditures made after December 31, 1985.

"(2) SOLAR PROPERTY.—In the case of solar property (as defined in subsection (b)(6)(C)), this section shall not apply to expenditures made after December 31, 1988."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to expenditures made after December 31, 1985, in taxable years ending after such date.

SEC. 272. EXTENSION OF ENERGY INVESTMENT CREDIT FOR SOLAR PROPERTY.

(a) IN GENERAL.—The table contained in subparagraph (A) of section 46(b)(2) (relating to energy percentage) is amended by adding at the end thereof the following new items:

"(viii) SOLAR ENERGY PROPERTY.—Property described in section 48(l)(4) (other than wind energy property).	A. 15 percent	Jan. 1, 1986	Dec. 31, 1986.
	B. 12 percent	Jan. 1, 1987	Dec. 31, 1987.
	C. 8 percent	Jan. 1, 1988	Dec. 31, 1988.
"(ix) GEOTHERMAL PROPERTY.—Solar energy property described in section 48(l)(3)(A)(viii).	A. 15 percent	Jan. 1, 1986	Dec. 31, 1986.
	B. 10 percent	Jan. 1, 1987	Dec. 31, 1988."

(b) TREATMENT OF CERTAIN TRANSITIONAL RULE PROPERTY.—Paragraph (2) of section 46(b) is amended by adding at the end thereof the following new subparagraph:

"(E) CERTAIN RULES MADE APPLICABLE.—Rules similar to the rules of paragraphs (2) and (3) of section 49(b) shall apply to any credit allowable by reason of subparagraph (C) or (D)."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to periods beginning after December 31, 1985, under rules similar to rules under section 48(m) of such Code.

SEC. 273. TERMINATION OF CREDIT FOR PRODUCING FUEL FROM A NONCONVENTIONAL SOURCE.

Subsection (f) of section 29 (relating to application of credit for producing fuel from a nonconventional source) is amended to read as follows:

"(f) APPLICATION OF SECTION.—

"(1) IN GENERAL.—Except as provided in paragraph (2), this section shall apply with respect to qualified fuels—

"(A) which are—

"(i) produced from a well drilled after December 31, 1979, and before January 1, 1986, or

"(ii) produced in a facility placed in service after December 31, 1979, and before January 1, 1986, and

"(B) which are sold after December 31, 1979, and before January 1, 1990.

"(2) SPECIAL RULE FOR SYNTHETIC GASEOUS FUEL PRODUCED FROM WOOD.—In the case of any qualified fuel which is a synthetic gaseous fuel produced from wood, paragraph (1) shall be applied by substituting—

"(A) '1989' for '1986' each place it appears, and

"(B) '2001' for '1990'."

SEC. 274. REPEAL OF ALCOHOL FUELS CREDIT.

(a) REPEAL OF ALCOHOL FUELS CREDIT.—Section 40 (relating to credit for alcohol used as a fuel) is hereby repealed.

(b) CONFORMING AMENDMENTS.—

(1) Section 38(b) is amended by inserting "plus" at the end of paragraph (2), by striking out paragraph (3), and by redesignating paragraph (4) as paragraph (3).

(2) Section 38(d) is amended by striking out "40(a),".

(3)(A) Section 87 is hereby repealed.

(B) The table of sections for part II of subchapter B of chapter 1 is amended by striking out the item relating to section 87.

(4) Section 196(c) is amended by inserting "and" at the end of paragraph (1), by striking out ", and" at the end of paragraph (2) and inserting in lieu thereof a period, and by striking out paragraph (3).

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—The amendments made by this section shall apply to taxable years beginning after December 31, 1985.

(2) NO CARRYOVERS AFTER 1987.—No amount may be carried under section 39 of the Internal Revenue Code of 1954 by reason of any credit allowed by reason of section 40 of such Code (as in effect before the amendments made by this section) to any taxable year beginning after December 31, 1987. For purposes of the preceding sentence, the credit allowed by such section 40 shall be treated as the first amount allowed by subpart D of part IV of subchapter A of chapter 1 of such Code.

SEC. 275. PROVISIONS RELATING TO EXCISE TAX ON FUELS.

(a) REDUCTION IN EXCISE TAX EXEMPTION FOR QUALIFIED METHANOL AND ETHANOL FUELS.—

(1) IN GENERAL.—Subparagraph (A) of section 4041(b)(2) (relating to exemption for qualified ethanol and methanol fuels) is amended to read as follows:

"(A) IN GENERAL.—In the case of any qualified methanol or ethanol fuel, subsection (a)(2) shall be applied by substituting '3 cents' for '9 cents'."

(2) CONFORMING AMENDMENT.—The heading for section 4041(b) is amended by striking out "Exemption" the second place it appears and inserting in lieu thereof "Reduction in Tax".

(3) EFFECTIVE DATE.—The amendments made by this subsection shall take effect on January 1, 1986.

(b) EXTENSION OF REDUCTION IN TAX FOR FUEL USED BY TAXICABS.—Paragraph (3) of section 6427(e) (relating to termination in use for certain taxicabs) is amended by striking out "September 30, 1985" and inserting in lieu thereof "September 30, 1988".

Subtitle I—Extension of Other Credits

SEC. 282. EXTENSION AND MODIFICATION OF TARGETED JOBS CREDIT.

(a) 2-YEAR EXTENSION.—Paragraph (3) of section 51(c) (relating to termination) is amended by striking out "December 31, 1985" and inserting in lieu thereof "December 31, 1987".

(b) CREDIT FOR FIRST YEAR WAGES ONLY.—

(1) IN GENERAL.—Section 51(a) (relating to determination of amount of credit) is amended to read as follows:

"(a) DETERMINATION OF AMOUNT.—For purposes of section 38, the amount of the targeted jobs credit determined under this section for the taxable year shall be equal to 40 percent of the qualified first-year wages for such year."

(2) CONFORMING AMENDMENTS.—

(A) Subsection (b) of section 51 (defining qualified wages) is amended—

(i) by striking out paragraph (3) and by redesignating paragraph (4) as paragraph (3), and

(ii) by striking out ", and the amount of the qualified second-year wages," in paragraph (3) (as redesignated by subparagraph (A)).

(B) Subparagraph (B) of section 51(d)(12) (relating to qualified summer youth employee) is amended—

(i) by striking out "50 percent" in clause (i) thereof and inserting in lieu thereof "40 percent",

(ii) by striking out clause (ii) and redesignating clauses (iii) and (iv) as clauses (ii) and (iii), respectively, and

(iii) by striking out "subsection (b)(4)" and inserting in lieu thereof "subsection (b)(3)" in clause (iii) (as redesignated by paragraph (1)).

(c) ELIGIBLE INDIVIDUALS MUST BE EMPLOYED FOR AT LEAST 14 DAYS.—Subsection (i) of section 51 (relating to certain individuals ineligible) is amended by adding at the end thereof the following new paragraph:

"(3) INDIVIDUALS EMPLOYED LESS THAN 14 DAYS.—No wages shall be taken into account under subsection (a) with respect to any individual if such individual is employed by the employer for less than 14 days."

(d) EXTENSION OF AUTHORIZATION.—Paragraph (2) of section 261(f) of the Economic Recovery Tax Act of 1981 is amended by striking out "fiscal years 1983, 1984, and 1985" and inserting in lieu thereof "fiscal years 1983, 1984, 1985, and 1986".

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 1985.

SEC. 283. EXTENSION OF CREDIT FOR CLINICAL TESTING EXPENSES FOR CERTAIN DRUGS.

Subsection (e) of section 28 (relating to termination) is amended by striking out "1987" and inserting in lieu thereof "1988".

TITLE III—CORPORATE PROVISIONS

Subtitle A—Corporate Rate Reductions

SEC. 301. CORPORATE RATE REDUCTIONS.

(a) GENERAL RULE.—Subsection (b) of section 11 is amended to read as follows:

"(b) AMOUNT OF TAX.—The amount of the tax imposed by subsection (a) shall be the sum of—

"(1) 15 percent of so much of the taxable income as does not exceed $50,000,

"(2) 25 percent of so much of the taxable income as exceeds $50,000 but does not exceed $75,000, and

"(3) 36 percent of so much of the taxable income as exceeds $75,000.

In the case of a corporation which has taxable income in excess of $100,000 for any taxable year, the amount of tax determined under the preceding sentence for such taxable year shall be increased by the lesser of (A) 5 percent of such excess, or (B) $13,250."

(b) EFFECTIVE DATE.—

(1) IN GENERAL.—The amendment made by subsection (a) shall apply to taxable years beginning after July 1, 1986.

(2) CROSS REFERENCE.—

For treatment of taxable years which include July 1, 1986, see section 15 of the Internal Revenue Code of 1954.

SEC. 302. REPEAL OF CORPORATE CAPITAL GAINS TREATMENT.

(a) GENERAL RULE.—Section 1201 (relating to alternative tax for corporations) is amended to read as follows:

"SEC. 1201. ALTERNATIVE TAX FOR CORPORATIONS.

"(a) GENERAL RULE.—If for any taxable year a corporation has a net capital gain, then, in lieu of the tax imposed by sections 11, 511, 821(a) or (c), and 831(a), there is hereby imposed a tax (if such tax is less than the tax imposed by such sections) which shall consist of the sum of—

"(1) a tax computed on the taxable income reduced by the amount of the net capital gain, at the rates and in the manner as if this subsection had not been enacted, plus

"(2) the sum of—

"(A) 28 percent of the pre-1986 net capital gain,

"(B) the applicable percentage of the timber, iron, or coal capital gain, plus

"(C) 36 percent of the net capital gain to the extent not taken into account under subparagraph (A) or (B).

"(b) PRE-1986 NET CAPITAL GAIN.—For purposes of this section, the term 'pre-1986 net capital gain' means the lesser of—

"(1) the net capital gain for the taxable year, or

"(2) the net capital gain determined by taking into account only gain or loss which—

"(A) is attributable to any sale or exchange made on or before September 25, 1985 (or pursuant to a written binding contract in effect on such date), or

"(B) which is properly taken into account for the portion of the taxable year before January 1, 1986.

"(c) TIMBER, IRON, OR COAL CAPITAL GAIN.—For purposes of this section—

"(1) IN GENERAL.—The term 'timber, iron, or coal capital gain' means the lesser of—

"(A) the net capital gain for the taxable year reduced by the amount (if any) of the pre-1986 net capital gain, or

"(B) the net capital gain for the taxable year determined by taking into account only gain or loss attributable to timber, coal, or iron ore with respect to which section 631 applies.

In applying subparagraph (B), gains and losses described in subsection (b)(2), and gains and losses for periods after December 31, 1988, shall not be taken into account.

"(2) APPLICABLE PERCENTAGE.—The term 'applicable percentage' means—

"In the case of taxable years:	The applicable percentage is:
Beginning or ending in 1986	30
Beginning in 1987	31
Beginning in 1988	32

"(d) CROSS REFERENCES.—

"For computation of the alternative tax—

"(1) in the case of life insurance companies, see section 801(a)(2),

"(2) in the case of regulated investment companies and their shareholders, see section 852(b)(3)(A) and (D), and

"(3) in the case of real estate investment trusts, see section 857(b)(3)(A)."

(b) TECHNICAL AMENDMENTS.—

(1) Paragraph (1) of section 170(e) (relating to certain contributions of ordinary income in capital gain property) is amended by striking out "(28/46 in the case of a corporation)" and inserting in lieu thereof "(100 percent in the case of a corporation)".

(2) Clause (iii) of section 852(b)(3)(D) is amended by striking out "72 percent" and inserting in lieu thereof "64 percent".

(c) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to taxable years ending after December 31, 1985.

SEC. 303. REDUCTION IN DIVIDENDS RECEIVED DEDUCTION.

(a) GENERAL RULE.—The following provisions are each amended by striking out "85 percent" and inserting in lieu thereof "80 percent":

(1) Section 243(a)(1) (relating to dividends received by corporations).

(2) Sections 244(a)(3) and (b)(2) (relating to dividends received on certain preferred stock).

(3) Section 246(b) (relating to limitation on aggregate amount of deductions).

(4) Section 246A(a)(1) (relating to dividends received deduction reduced where portfolio stock is debt financed).

(b) EFFECTIVE DATES.—

(1) IN GENERAL.—The amendments made by subsection (a) shall apply to dividends received or accrued after December 31, 1985, in taxable years ending after such date.

(2) AMENDMENT RELATING TO LIMITATION ON DEDUCTIONS.—The amendment made by subsection (a) to section 246(b) of the Internal Revenue Code of 1954 shall apply to taxable years beginning after December 31, 1985.

Subtitle B—Dividend Paid Deduction; Etc.

SEC. 311. 10-PERCENT DIVIDEND PAID DEDUCTION.

(a) GENERAL RULE.—Part VIII of subchapter B of chapter 1 (relating to special deductions for corporations) is amended by striking out the table of sections and section 241 and inserting in lieu thereof the following:

"Subpart A. Dividend paid deduction.
"Subpart B. Dividend received deduction.
"Subpart C. Miscellaneous corporate deductions.

"SEC. 230. ALLOWANCE OF SPECIAL DEDUCTIONS.

"In addition to the deductions provided in part VI (section 161 and following), there shall be allowed as deductions in computing taxable income the items specified in this part.

"Subpart A—Dividend Paid Deduction

"Sec. 231. 10-percent dividend paid deduction.
"Sec. 232. Qualified dividend account.
"Sec. 233. Ineligible corporations.

"Sec. 234. Special rules.

"SEC. 231. 10-PERCENT DIVIDEND PAID DEDUCTION.

"(a) ALLOWANCE OF DEDUCTION.—In the case of a corporation, there shall be allowed as a deduction an amount equal to 10 percent of the dividends paid by such corporation during the taxable year.

"(b) PHASE-IN.—In the case of dividends paid by a corporation during a taxable year of such corporation beginning on or before January 1, 1996, the phase-in percentage determined under the following table shall be substituted for '10 percent' in subsection (a):

"In the case of a dividend paid in a taxable year which begins:		The phase-in percentage is:
After January 1 of:	And on or before January 1 of:	
1987	1988	1
1988	1989	2
1989	1990	3
1990	1991	4
1991	1992	5
1992	1993	6
1993	1994	7
1994	1995	8
1995	1996	9.

"(c) LIMITATION BASED ON AMOUNT IN QUALIFIED DIVIDEND ACCOUNT.—The amount of the dividends paid during any taxable year which may be taken into account under subsection (a) shall not exceed the amount in the corporation's qualified dividend account as of the close of such taxable year determined after the application of section 232(b)(1) for the taxable year but before the application of section 232(b)(2) for such taxable year.

"SEC. 232. QUALIFIED DIVIDEND ACCOUNT.

"(a) ESTABLISHMENT OF ACCOUNT.—Each corporation shall establish a qualified dividend account. The opening balance of such account shall be zero.

"(b) ADJUSTMENTS TO ACCOUNT.—As of the close of each taxable year beginning after January 1, 1987, the qualified dividend account—

"(1) shall be increased by the adjusted taxable income of the corporation for the taxable year, and

"(2) shall be reduced by the amount of the dividends paid by the corporation during the taxable year to the extent the amount so paid does not exceed the limitation of section 231(c).

"(c) ADJUSTED TAXABLE INCOME.—For purposes of this section—

"(1) IN GENERAL.—The term 'adjusted taxable income' means taxable income adjusted as provided in this subsection.

"(2) ADJUSTMENT FOR CERTAIN QUALIFYING DIVIDENDS.—Taxable income shall be increased by the deduction allowed under section 243 with respect to that portion of any qualifying dividend (as defined in section 243(b)(1)) for which such deduction is determined at a rate of less than 100 percent. Similar rules shall apply in the case of dividends for which deductions are allowable under section 245(b).

"(3) ADJUSTMENT FOR TAX CREDITS.—

"(A) IN GENERAL.—Taxable income shall be reduced by the deduction equivalent of the tentative nonrefundable credits for the taxable year.

"(B) DEDUCTION EQUIVALENT.—For purposes of subparagraph (A), the deduction equivalent of the tentative nonrefundable credits for any taxable year is the amount which (if allowed as a deduction for the taxable year) would reduce the tax liability (as defined in section 26(b)) for the taxable year by an amount equal to the tentative nonrefundable credits.

"(C) TENTATIVE NONREFUNDABLE CREDITS.—For purposes of this paragraph, the term 'tentative nonrefundable credits' means the amount of the credits which would have been allowable under part IV of subchapter A of this chapter for the taxable year (other than the credit allowable under section 34) if no deduction were allowable under section 231.

"(3) ADJUSTMENT FOR CORPORATE MINIMUM TAX.—If tax is imposed by section 55 on the corporation for any taxable year, taxable income for the succeeding taxable year shall be increased by an amount equal to 100/36 of the amount of tax so imposed.

"(4) DIVIDEND PAID DEDUCTION NOT TAKEN INTO ACCOUNT.—Taxable income shall be determined without regard to the deduction allowed under section 231.

"SEC. 233. INELIGIBLE CORPORATIONS.

"(a) GENERAL RULE.—No deduction shall be allowed under section 231 with respect to any dividend paid by—

"(1) a regulated investment company,

"(2) a real estate investment trust,

"(3) an S corporation,

"(4) any organization taxable under subchapter T of this chapter (relating to cooperative organizations), or

"(5) a FSC or a DISC.

"(b) FOREIGN CORPORATIONS.—In the case of a foreign corporation—

"(1) no deduction shall be allowed under section 231 for dividends paid by such corporation during any taxable year unless the corporation meets the requirements of section 245(a) for such taxable year,

"(2) only adjusted taxable income effectively connected with the conduct of a trade or business in the United States and attributable to the uninterrupted period referred to in section 245(a) shall be added to the qualified dividend account, and

"(3) any distribution shall be treated as made ratably out of income effectively connected with the conduct of a trade or business in the United States and other income.

"SEC. 234. SPECIAL RULES.

"(a) CERTAIN DISTRIBUTIONS NOT TREATED AS DIVIDENDS.—For purposes of this subpart, the term 'dividend' does not include—

"(1) any distribution in redemption of stock, in liquidation, or in a reorganization (whether or not such distribution is treated as a distribution to which section 301 applies), and

"(2) any dividend described in section 244 (relating to dividends received on certain preferred stock).

"(b) DEDUCTION NOT TAKEN INTO ACCOUNT FOR PURPOSES OF CERTAIN LIMITATIONS BASED ON TAXABLE INCOME.—For purposes of sections 246(c), 613, 613A, and 593, taxable income shall be determined without regard to the deduction allowed under section 231.

"(c) TREATMENT OF DIVIDENDS RECEIVED BY 5-PERCENT TAX-EXEMPT SHAREHOLDERS.—

"(1) IN GENERAL.—For purposes of part III of subchapter F (relating to taxation of unrelated business income of certain exempt organizations), any dividend received by a tax-exempt organization from a corporation in which such organization is a 5-percent shareholder shall be treated as unrelated business taxable income to the extent of the amount of the deduction allowable under section 231 to such corporation with respect to such dividend. Except as provided in regulations, the amount of such deduction shall be determined on the basis of the return filed by the corporation for the taxable year.

"(2) DEFINITIONS.—For purposes of this subsection—

"(A) 5-PERCENT SHAREHOLDER.—The term '5-percent shareholder' means any tax-exempt organization which owns (or is considered as owning within the meaning of section 318)—

"(i) 5 percent or more (by value) of the outstanding stock of the corporation, or

"(ii) stock possessing 5 percent or more of the total combined voting power of all stock of the corporation.

"(B) TAX-EXEMPT ORGANIZATION.—The term 'tax-exempt organization' means any organization which is exempt from the tax imposed by this chapter.

"(C) RELATED ENTITIES.—A tax-exempt organization and 1 or more other tax-exempt organizations which have—

"(i) significant common purposes and substantial common membership, or

"(ii) directly or indirectly substantial common direction or control,

shall be treated as 1 tax-exempt organization for purposes of this paragraph.

"(d) TREATMENT OF SUBSEQUENT ADJUSTMENTS.—If there is any adjustment which affects the amount of the adjusted taxable income of a corporation for any taxable year (whether by reason of any carryback to such taxable year or otherwise) for purposes of this subpart and subpart B, the amount of such adjustment shall be treated as made as of the close of such taxable year.

"(e) ALLOCATION OF QUALIFIED DIVIDEND ACCOUNT IN CORPORATE SEPARATIONS, REORGANIZATIONS, AND REDEMPTIONS.—Adjustments similar to the adjustments provided in subsection (h) or (n)(7) of section 312 shall be made to the qualified dividend account in the case of a transaction described in either of such subsections.

"(f) MUTUAL LIFE INSURANCE COMPANIES.—

"(1) GENERAL RULE.—In the case of a mutual life insurance company, for purposes of this subpart, 80 percent of the differential earnings amount (as defined in section 809(a)(3)) shall be treated as a dividend paid to a shareholder.

"(2) REGULATIONS.—The Secretary may prescribe regulations applying rules consistent with this subpart to mutual life insurance companies. Such regulations may include rules treating an appropriate portion of the recomputed differential earnings amount (as defined in section 809(f)(3)) as an adjustment to the amount described in paragraph (1).

"Subpart B—Dividend Received Deduction

"Sec. 243. Dividends received by corporations.

"Sec. 244. Dividends received on certain preferred stock.

"Sec. 245. Dividends received from certain foreign corporations.

"Sec. 246. Rules applying to deductions for dividends received.

"Sec. 246A. Dividends received deduction reduced where portfolio stock is debt financed.

"Sec. 247. Dividends paid on certain preferred stock of public utilities."

(b) COMPENSATORY WITHHOLDING TAX ON DIVIDENDS PAID TO NONRESIDENT ALIENS OR FOREIGN CORPORATIONS.—

(1) GENERAL RULE.—Subpart C of part II of subchapter N of chapter 1 (relating to miscellaneous provisions) is amended by adding at the end thereof the following new section:

"SEC. 898. ADDITIONAL TAX ON DIVIDENDS TO REFLECT DIVIDEND PAID DEDUCTION.

"(a) GENERAL RULE.—In addition to any tax imposed by section 871 or 881, there is hereby imposed a tax equal to the applicable percentage of the dividends received from sources within the United States by a nonresident alien individual or foreign corporation.

"(b) APPLICABLE PERCENTAGE.—For purposes of subsection (a)—

"(1) IN GENERAL.—Except as provided in paragraph (2), the applicable percentage is 3.6.

"(2) PHASE-IN.—In the case of any dividend paid in a taxable year of the payor beginning on or before January 1, 1996, the applicable percentage shall be 36/100 of the phase-in percentage applicable to such taxable year under section 231(b).

"(c) TAX NOT TO APPLY TO SHAREHOLDER'S EFFECTIVELY CONNECTED ITEMS.—The tax imposed by this section shall not apply to any dividend to the extent such dividend is effectively connected with the conduct of a trade or business by the shareholder within the United States.

"(d) CORRESPONDING INCREASE IN WITHHOLDING TAX.—In the case of any dividend subject to tax under subsection (a), the tax imposed by section 1441 or 1442 (as the case may be) shall be increased by an amount equal to the applicable percentage of such dividend.

"(e) EXCEPTION FOR CERTAIN TREATY COUNTRIES.—The tax imposed by subsection (a) shall not apply to any dividend paid to a resident or corporation of a foreign country during any period—

"(1) in which an income tax treaty between such country and the United States is in effect, and

"(2) during which there is in effect a certification by the Secretary that—

"(A) such income tax treaty has adequate provisions to prevent treaty shopping, and

"(B) if such foreign country imposes an income tax comparable to the tax imposed by this subtitle and grants relief from such tax to its residents, such country grants relief equivalent to that provided in section 231 with respect to dividends paid to United States persons.

The requirements of paragraph (2) shall not apply to dividends paid before January 1, 1989."

(2) CLERICAL AMENDMENT.—The table of sections for subpart C of part II of subchapter N of chapter 1 is amended by adding at the end thereof the following new item:

"Sec. 898. Additional tax on dividends to reflect dividend paid deduction."

(c) SECTION 381 TO APPLY TO QUALIFIED DIVIDEND ACCOUNT.—Subsection (c) of section 381 (relating to items of the distributor or transferor corporation) is amended by adding at the end thereof the following new paragraph:

"(27) QUALIFIED DIVIDEND ACCOUNT.—Under regulations prescribed by the Secretary, the acquiring corporation shall take into account (to the extent proper to carry out the purposes of this section and subpart A of part VIII of subchapter B of this chapter) the qualified dividend account of the distributor or transferor corporation."

(d) CLERICAL AMENDMENT.—Part VIII of subchapter B of chapter 1 is amended by inserting after section 247 the following:

"Subpart C—Miscellaneous Provisions

"Sec. 248. Organizational expenditures.
"Sec. 249. Limitation on deduction of bond premium on repurchase.
"Sec. 250. Certain payments to the National Railroad Passenger Corporation."

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to dividends paid during taxable years of payor corporations beginning after January 1, 1987.

SEC. 312. REDUCTION IN DIVIDEND RECEIVED DEDUCTION.

(a) GENERAL RULE.—Subsection (a) of section 243 (relating to dividends received by corporations) is amended to read as follows:

"(a) GENERAL RULE.—

"(1) ALLOWANCE OF DEDUCTION.—In the case of a corporation, there shall be allowed as a deduction an amount equal to the following percentages of the amount received as dividends from a domestic corporation which is subject to taxation under this chapter:

"(A) 70 percent, in the case of dividends other than dividends described in subparagraph (B) or (C),

"(B) 90 percent, in the case of dividends received by a small business investment company operating under the Small Business Investment Act of 1958 (15 U.S.C. 661 and following), and

"(C) 90 percent, in the case of qualifying dividends (as defined in subsection (b)(1)).

"(2) PHASE-IN OF LOWER DEDUCTION.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), in the case of any dividend paid by a corporation in a calendar year before 1997, the applicable percentage under paragraph (1) shall be increased by the excess of 10 percent over the phase-in percentage which would be applicable to such dividend under section 231(b) if the corporation paying the dividend had a calendar year as its taxable year.

"(B) SPECIAL RULE FOR QUALIFYING DIVIDENDS.—In the case of any qualifying dividend paid by a corporation in a taxable year of such corporation beginning on or before January 1, 1996, the applicable percentage under paragraph (1) shall be increased by the excess of 10 percent over the phase-in percentage applicable to such dividend under section 231(b).

"(3) TREATMENT OF NONDEDUCTIBLE QUALIFYING DIVIDENDS.—

"(A) IN GENERAL.—In the case of any qualifying dividend not paid out of the qualified dividend account of the payor corporation, the applicable percentage for purposes of paragraph (1) shall be 100 percent.

"(B) DETERMINATION OF PORTION OF DIVIDEND NOT PAID OUT OF QUALIFIED DIVIDEND ACCOUNT.—For purposes of subparagraph (A), a qualifying dividend shall be treated as not paid out of the qualified dividend account in an amount which bears the same ratio to the excess described in subparagraph (C) as the amount of such dividend bears to the total amount of the dividends paid by the payor corporation during its taxable year in which the dividend was paid.

"(C) EXCESS.—For purposes of subparagraph (B), the excess described in this subparagraph is the excess (if any) of—

"(i) the amount of the dividends paid by the payor corporation during its taxable year, over

"(ii) the amount in the qualified dividend account of such corporation as of the close of such taxable year (computed without reduction by reason of dividends paid during such taxable year)."

(b) TREATMENT OF DIVIDENDS PAID BY CERTAIN WHOLLY OWNED FOREIGN SUBSIDIARIES.—

(1) Paragraph (1) of section 245(b) (relating to certain dividends received from wholly owned foreign subsidiaries) is amended by striking out "100 percent" and inserting in lieu thereof "90 percent".

(2) Subsection (b) of section 245 is amended by adding at the end thereof the following new paragraph:

"(4) PHASE-IN OF LOWER DEDUCTION; TREATMENT OF NONDEDUCTIBLE DIVIDENDS.—For purposes of paragraph (1), the rules of paragraphs (2) and (3) of section 243(a) shall apply to dividends described in paragraph (2) in the same manner as if such dividends were qualifying dividends (within the meaning of section 243(b)(1))."

(c) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to dividends paid by corporations during taxable years of such corporations beginning on or after January 1, 1987.

SEC. 313. REPEAL OF PARTIAL EXCLUSION OF DIVIDENDS RECEIVED BY INDIVIDUALS.

(a) GENERAL RULE.—Section 116 (relating to partial exclusion of dividends received by individuals) is hereby repealed.

(b) TECHNICAL AMENDMENTS.—

(1) Subsection (g) of section 301 is amended by striking out paragraph (4).

(2)(A) Subsection (c) of section 584 is amended to read as follows:

"(c) INCOME OF PARTICIPANTS IN FUND.—Each participant in the common trust fund in computing its taxable income shall include, whether or not distributed and whether or not distributable—

"(1) as part of its gains and losses from sales or exchanges of capital assets held for not more than 6 months, its proportionate share of the gains and losses of the common trust fund from sales or exchanges of capital assets held for not more than 6 months,

"(2) as part of its gains and losses from sales or exchanges of capital assets held for more than 6 months, its proportionate share of the gains and losses of the common trust fund from sales or exchanges of capital assets held for more than 6 months,

"(3) its proportionate share of the ordinary taxable income or the ordinary net loss of the common trust fund, computed as provided in subsection (d)."

(B) If the amendments made by section 1001 of the Tax Reform Act of 1984 cease to apply, effective with respect to property to which such amendments do not apply, subsection (c) of section 584 is amended by striking out "6 months" each place it appears and inserting in lieu thereof "1 year".

(3) Section 642 is amended by striking out subsection (j).

(4) Paragraph (7) of section 643(a) is hereby repealed.

(5) Paragraph (5) of section 702(a) is amended by striking out "or interest with respect to which there is an exclusion under section 116 or 128".

(6) Section 854 is amended—

(A) by striking out "section 116 (relating to an exclusion for dividends received by individuals), and" in subsection (a),

(B) in subsection (b)—

(i) by striking out subparagraph (B) of paragraph (1) and redesignating subparagraph (C) as subparagraph (B),

(ii) by striking out "or (B)" in subparagraph (B) (as so redesignated),

(iii) by striking out "the exclusion under section 116 and" in paragraph (2), and

(iv) by amending subparagraph (B) of paragraph (3) to read as follows:

"(B)(i) The term 'aggregate dividends received' includes only dividends received from domestic corporations.

"(ii) For purposes of clause (i), the term 'dividend' shall not include any distribution from—

"(I) a corporation which, for the taxable year of the corporation in which the distribution is made, or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 (relating to certain charitable, etc., organizations) or section 521 (relating to farmers' cooperative associations), or

"(II) a real estate investment trust which, for the taxable year of the trust in which the dividend is paid, qualifies under part II of subchapter M (section 856 and following).

"(iii) In determining the amount of any dividend for purposes of this subparagraph, a dividend received from a regulated investment company shall be subject to the limitations prescribed in this section."

(7) Subsection (c) of section 857 is amended by striking out "section 116 (relating to an exclusion for dividends received by individuals), and".

(8) The table of sections for part III of subchapter B of chapter 1 is amended by striking out the item relating to section 116.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after Decem- ber 31, 1985.

SEC. 314. CLARIFICATION OF NONDEDUCTIBILITY OF STOCK REDEMPTION EXPENSES.

Section 162 (relating to trade or business expenses) is amended by redesignating subsection (k) as subsection (l) and by inserting after subsection (j) the following new subsection:

"(k) STOCK REDEMPTION EXPENSES.—No deduction shall be allowed under this chapter for any amount paid or incurred by a corporation in connection with the redemption of its stock."

Subtitle C—Limitation on Net Operating Loss Carryforwards and Excess Credit Carryforwards

SEC. 321. LIMITATION ON NET OPERATING LOSS CARRYFORWARDS.

(a) GENERAL RULE.—Section 382 (relating to special limitation on net operating loss carryovers) is amended to read as follows:

"SEC. 382. LIMITATION ON NET OPERATING LOSS CARRYFORWARDS.

"(a) GENERAL RULE.—The amount of the taxable income of any corporation for any post-trigger year which may be offset by pre-trigger losses shall not exceed the trigger amount for such year.

"(b) TRIGGER AMOUNT.—For purposes of this section—

"(1) IN GENERAL.—Except as otherwise provided in this section, the trigger amount for any taxable year is an amount equal to—

"(A) the trigger value of the old loss corporation, multiplied by

"(B) the long-term tax-exempt rate.

"(2) CARRYOVER OF UNUSED LIMITATION.—

"(A) IN GENERAL.—If the trigger amount for any post-trigger year exceeds the taxable income of the corporation for such year, the trigger amount for the next taxable year shall be increased by the amount of such excess.

"(B) CROSS REFERENCE.—

"For ordering rule for purposes of subparagraph (A), see subsection (n)(9).

"(3) SPECIAL RULE FOR POST-TRIGGER YEAR WHICH INCLUDES THE TRIGGER DAY.—In the case of the post-trigger year which includes the trigger day—

"(A) LIMITATION DOES NOT APPLY TO TAXABLE INCOME BEFORE TRIGGER.—Subsection (a) shall not apply to the portion of the taxable income for such year which is allocable (determined on a daily pro rata basis) to the period in such year before the trigger day.

"(B) LIMITATION FOR PERIOD ON OR AFTER TRIGGER DAY.—For purposes of applying the limitation of subsection (a) to the remainder of the taxable income for such year, the trigger amount shall be an amount which bears the same ratio to such amount (determined without regard to this paragraph) as—

"(i) the number of days in such year on or after the trigger day, bears to

"(ii) the total number of days in such year.

"(c) CARRYFORWARDS DISALLOWED IF CONTINUITY OF BUSINESS REQUIREMENTS NOT MET.—In the case of any trigger, the trigger amount for any post-trigger year shall be zero if the continuity of business enterprise requirements applicable under section 368 are not met with respect to the new loss corporation during the 2-year period beginning on the date of the trigger.

"(d) DEFINITION OF PRE-TRIGGER LOSS AND POST-TRIGGER YEAR.—For purposes of this section—

"(1) PRE-TRIGGER LOSS.—The term 'pre-trigger loss' means—

"(A) any such net operating loss of the old loss corporation for any taxable year preceding the taxable year in which the trigger occurs, and

"(B) the net operating loss of the old loss corporation for the taxable year in which the trigger occurs which is allocable (determined on a daily pro rata basis) to the period in such year before the trigger day.

"(2) POST-TRIGGER YEAR.—The term 'post-trigger year' means any taxable year ending after the trigger day.

"(e) TRIGGER VALUE.—For purposes of this section—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the trigger value of the old loss corporation is the value of the equity of such corporation immediately before the trigger.

"(2) EQUITY DEFINED.—The term 'equity' means—

"(A) stock,

"(B) warrants or other options (issued by the corporation) to acquire an interest in the equity of the corporation,

"(C) the conversion feature of convertible debt interests, and

"(D) any other interest in the equity of the corporation.

"(3) SPECIAL RULE IN THE CASE OF REDEMPTION.—If the last component event of the trigger is a redemption, the trigger value under paragraph (1) shall be determined immediately after the trigger.

"(4) SPECIAL RULE FOR INSOLVENCY TRANSACTIONS.—In the case of a reorganization described in subparagraph (G) of section 368(a)(1) or any exchange of debt for stock in a title 11 or similar proceeding, the trigger value shall be the value of the equity of the new loss corporation immediately after the trigger.

"(f) LONG-TERM TAX-EXEMPT RATE.—For purposes of this section, the long-term tax-exempt rate shall be the Federal long-term rate (determined under section 1274 as of the trigger) properly adjusted, under regulations prescribed by the Secretary, for differences between rates on taxable and tax-exempt obligations.

"(g) TRIGGER.—For purposes of this section—

"(1) IN GENERAL.—There is a trigger if—

"(A) OWNER SHIFT.—There is a more than 50-percent owner shift, or

"(B) EQUITY STRUCTURE CHANGE.—There is a more than 50-percent equity structure change.

"(2) 50-PERCENT OWNER SHIFT.—There is a more than 50-percent owner shift if the total value of the stock of the corporation held at the close of the testing period by 5-percent shareholders has increased by more than 50 percentage points over such holdings by such shareholders at the beginning of the testing period.

"(3) 50-PERCENT EQUITY STRUCTURE CHANGE.—There is a more than 50-percent equity structure change if, as the result of an equity structure change, the continuing interest of the shareholders of the old loss corporation in the new loss corporation is less than 50 percent.

"(4) OWNER SHIFT DEFINED.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), the term 'owner shift' means any change in the respective holdings in the stock of a corporation.

"(B) EXCLUSION OF EQUITY STRUCTURE CHANGE.—An equity structure change shall not be treated as an owner shift.

"(5) EQUITY STRUCTURE CHANGE DEFINED.—The term 'equity structure change' means any reorganization (within the meaning of section 368). Such term shall not include any reorganization described in subparagraph (D) or (G) of section 368(a)(1) unless the requirements of subparagraphs (A) and (B) of section 354(b)(1) are met.

"(h) SPECIAL RULES FOR BUILT-IN GAINS AND LOSSES.—

"(1) IN GENERAL.—For purposes of this section—

"(A) NET UNREALIZED BUILT-IN GAIN.—

"(i) IN GENERAL.—If the old loss corporation has a net unrealized built-in gain, the trigger amount for any taxable year ending in the recognition period shall be increased by the recognized built-in gains for such year.

"(ii) LIMITATION.—The increase under clause (i) for any taxable year ending in the recognition period shall not exceed—

"(I) the net unrealized built-in gain, reduced by

"(II) the recognized built-in gains for prior years ending in the recognition period.

"(B) NET UNREALIZED BUILT-IN LOSS.—

"(i) IN GENERAL.—If the old loss corporation has a net unrealized built-in loss, the recognized built-in loss for any taxable year ending in the recognition period shall be subject to limitation under this section in the same manner as if such loss were a pre-trigger loss.

"(ii) LIMITATION.—Clause (i) shall apply to recognized built-in losses for any taxable year in the recognition period only to the extent such losses do not exceed—

"(I) the net unrealized built-in loss, reduced by

"(II) recognized built-in losses for prior taxable years ending in the recognition period.

"(2) RECOGNIZED BUILT-IN GAINS AND LOSSES.—For purposes of this subsection—

"(A) RECOGNIZED BUILT-IN GAIN.—The term 'recognized built-in gain' means any gain recognized during the recognition period on the disposition of any asset to the extent such gain does not exceed the excess of—

"(i) the fair market value of such asset as of the trigger day, over

"(ii) its adjusted basis as of such day.

"(B) RECOGNIZED BUILT-IN LOSS.—The term 'recognized built-in loss' means—

"(i) any loss recognized in the recognition period on the disposition of any asset to the

extent such loss does not exceed the excess of—

"(I) the adjusted basis of such asset as of the trigger day, over

"(II) its fair market value as of such day, and

"(ii) any amount allowable for depreciation, amortization, or depletion for the taxable year attributable to the excess described in clause (i).

"(3) NET UNREALIZED BUILT-IN GAIN AND LOSS DEFINED.—For purposes of this subsection—

"(A) NET UNREALIZED BUILT-IN GAIN AND LOSS.—The terms 'net unrealized built-in gain' and 'net unrealized built-in loss' mean, with respect to any old loss corporation, the amount by which—

"(i) the fair market value of the assets of such corporation as of the trigger day, is more or less, respectively, than

"(ii) the aggregate adjusted bases of such assets as of such day.

If the last component of the trigger is a redemption, determinations under the preceding sentence shall be made as of the time immediately after the trigger.

"(B) THRESHOLD REQUIREMENT.—

"(i) IN GENERAL.—If the amount of the net unrealized built-in gain or loss (as the case may be) of any old loss corporation is not greater than 15 percent of the amount determined under clause (i) of subparagraph (A) (as modified by clause (ii) of this subparagraph), the net unrealized built-in gain or loss shall be treated as zero.

"(ii) CASH AND CASH ITEMS NOT TAKEN INTO ACCOUNT.—For purposes of clause (i), there shall not be taken into account—

"(I) any cash or cash item, or

"(II) any marketable security which has not declined or appreciated substantially in value (as determined under regulations).

"(C) SECRETARY MAY TREAT CERTAIN DEDUCTIONS AS BUILT-IN LOSSES.—The Secretary may by regulation treat amounts which accrue before the trigger day but which are allowable as a deduction on or after such day as unrealized built-in losses.

"(4) RECOGNITION PERIOD.—For purposes of this subsection, the term 'recognition period' means the period beginning on the trigger day and ending at the close of the 10th post-trigger year.

"(5) DETERMINATION OF FAIR MARKET VALUE IN CERTAIN CASES.—If 80 percent or more in value of the stock of a corporation is acquired in 1 transaction (or in a series of related transactions) during any 12-month period, for purposes of determining the net unrealized loss, the fair market value of the assets of such corporation shall not exceed the grossed up amount paid for such stock properly adjusted for indebtedness of the corporation and other relevant items.

"(6) TAX-FREE EXCHANGES OR TRANSFERS.—The Secretary shall prescribe such regulations as may be necessary to carry out the purposes of this subsection where property held on the trigger is transferred in a transaction where gain or loss is not recognized (in whole or in part).

"(i) 5-PERCENT SHAREHOLDERS.—For purposes of this section—

"(1) 5-PERCENT SHAREHOLDER DEFINED.—The term '5-percent shareholder' means any person holding 5 percent or more in value of the stock of the corporation at any time during the testing period.

"(2) TREATMENT OF INCREASES IN HOLDINGS OF NON-5-PERCENT SHAREHOLDERS.—If—

"(A) the percentage of the total value of the stock of the corporation held by persons who are not 5-percent shareholders, exceeds

"(B) the percentage of the total value of the stock of the corporation held at the beginning of the testing period by persons who would not have been 5-percent shareholders if the determination had been made at such time,

the percentage points representing such increase shall be taken into account as if it were an increase in the percentage holdings of a 5-percent shareholder.

"(j) CONTINUING INTEREST WHERE THERE IS EQUITY STRUCTURE CHANGE.—For purposes of this section—

"(1) IN GENERAL.—The continuing interest of the shareholders of the old loss corporation as the result of an equity structure change is the percentage of the value of the stock of the new loss corporation owned (immediately after the change) by the shareholders (immediately before the change) of the loss corporation, as the result of owning stock of the loss corporation.

"(2) 5-PERCENT SHAREHOLDER RULES TAKEN INTO ACCOUNT.—

"(A) IN GENERAL.—If there has been an increase in the holdings of the 5-percent shareholders of the loss corporation during the testing period, the continuing interest percentage determined under paragraph (1) shall be adjusted by multiplying it by the percentage equal to 100 percent minus the percentage point increases in such holdings.

"(B) RULE FOR APPLYING SUBPARAGRAPH (A).—In applying subparagraph (A) the testing period shall close immediately before the equity structure change.

"(3) ADJUSTMENTS WHERE STOCK OF CORPORATION OTHER THAN ACQUIRING CORPORATION IS USED.—Appropriate adjustments shall be made in the application of this section in case of a reorganization where the stock exchanged for the stock or securities of the controlled corporation is stock of a corporation other than the acquiring corporation.

"(k) TESTING PERIOD.—For purposes of this section—

"(1) 3-YEAR PERIOD.—Except as otherwise provided in this section, the testing period is the 3-year period ending on the day of any owner shift or equity structure change.

"(2) SHORTER PERIOD WHERE THERE HAS BEEN RECENT TRIGGER.—If there has been a trigger under this section affecting any carryforward of a loss or of an excess credit, the testing period for determining whether a 2d trigger has occurred with respect to such carryforward shall not begin before the trigger day of such earlier trigger.

"(l) TRIGGER DAY.—For purposes of this section, the trigger day is—

"(1) in the case of a more than 50-percent owner shift, the 1st day as of which there is such a shift, or

"(2) in the case of a more than 50-percent equity structure change, the date of the transfer of the stock or property.

"(m) DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

"(1) LOSS CORPORATION.—The term 'loss corporation' means a corporation entitled to use a net operating loss carryforward. Except to the extent provided in regulations, such term includes any corporation with a net unrealized built-in loss.

"(2) OLD LOSS CORPORATION.—The term 'old loss corporation' means the corporation which (before the trigger) was a loss corporation.

"(3) NEW LOSS CORPORATION.—The term 'new loss corporation' means a corporation which (after the trigger) is a loss corporation. Nothing in this section shall be treated as implying that the same corporation may not be both the old loss corporation and the new loss corporation.

"(4) TAXABLE INCOME.—Taxable income shall be computed with the modifications set forth in section 172(d).

"(5) VALUE.—The term 'value' means fair market value.

"(6) RULES RELATING TO STOCK.—

"(A) STOCK NOT TO INCLUDE CERTAIN PREFERRED STOCK.—The term 'stock' means stock other than stock described in section 1504(a)(4).

"(B) DETERMINATIONS ON BASIS OF VALUE.—Determinations of the percentage of stock of any corporation held by any person (or group of persons) shall be made on the basis of value.

"(n) CERTAIN ADDITIONAL OPERATING RULES.—For purposes of this section—

"(1) TREATMENT OF CAPITAL CONTRIBUTIONS DURING TESTING PERIOD.—

"(A) IN GENERAL.—For purposes of this section—

"(i) the trigger value of any old loss corporation shall be reduced by an amount equal to the aggregate capital contributions received by such corporation during the testing period, and

"'(ii) such contributions shall not be taken into account for purposes of applying subsection (h)(3)(B), and, if identifiable as of the trigger, shall not be taken into account for purposes of applying the remainder of subsection (h).

"(B) CAPITAL CONTRIBUTION DEFINED.—

"(i) IN GENERAL.—Except as otherwise provided in this subparagraph, the term 'capital contribution' means any amount received by the corporation—

"(I) for stock in the corporation, or

"(II) as a contribution to capital.

"(ii) EMPLOYEE STOCK OPTIONS AND STOCK REINVESTMENT PLANS EXCLUDED.—The term 'capital contribution' does not include any amount received by the corporation pursuant to an employee stock option plan or a dividend reinvestment plan which meets the standards prescribed by the Secretary for purposes of this subparagraph.

"(C) DE MINIMIS EXCEPTION.—The Secretary may by regulations provide a de minimis exception to the provisions of subparagraph (A).

"(2) COORDINATION WITH SECTION 172(b) CARRYOVER RULES.—In the case of any pre-trigger loss for any taxable year (hereinafter in this paragraph referred to as the 'loss year') subject to limitation under this section, for purposes of determining under the second sentence of section 172(b)(2) the amount of such loss which may be carried to any taxable year, taxable income for any taxable year shall be treated as not greater than—

"(A) the trigger amount for such taxable year, reduced by

"(B) the pre-trigger losses for taxable years preceding the loss year.

Similar rules shall apply in the case of any credit or loss subject to limitation under section 383.

"(3) CONSTRUCTIVE OWNERSHIP.—Section 318 (relating to constructive ownership of stock) shall apply in determining ownership of stock, except that—

"(A) paragraph (1) of section 318(a) shall be applied by assuming that the family status as of the close of the testing period was the same as the family status as of the beginning of the testing period,

"(B) paragraph (2)(C) of section 318(a) shall be applied without the 50-percent limitation contained therein,

"(C) paragraph (3)(C) of section 318(a) shall be applied—

"(i) without the 50-percent limitation contained therein, and

"(ii) by considering a corporation as owning the stock (other than stock in such corporation) owned by or for any shareholder of such corporation in that proportion which the value of the stock which such shareholder owns in such corporation bears to the value of all stock in such corporation, and

"(D) to the extent provided in regulations, paragraph (4) of section 318(a) shall not apply.

Stock in any corporation which is treated as owned by such corporation by reason of paragraph (2) of section 318(a) shall be treated as stock which is not outstanding.

"(4) WAIVER OF BACK ATTRIBUTION IN CERTAIN CASES.—Under regulations prescribed by the Secretary, paragraph (3) of section 318(a) shall not apply to the extent that the application of such paragraph is not necessary to carry out the purposes of this section.

"(5) PREVENTION OF DOUBLE COUNTING.—The regulations prescribed under this section shall include regulations under which—

"(A) section 318 shall be applied so that only 1 person will be treated as owning any share of stock, and

"(B) such person shall be the person which results in the largest percentage increase or the smallest continuing interest, whichever is applicable.

"(6) STOCK ACQUIRED BY REASON OF DEATH.—If—

"(A) the basis of any stock in the hands of any person is determined under section 1014 (relating to property acquired from a decedent), or

"(B) stock is received by any person in satisfaction of a right to receive a pecuniary bequest,

such person shall be treated as owning such stock during the period such stock was owned by the decedent. The preceding sentence shall apply only in the case of the estate of the decedent or a person who is a member of the decedent's family (within the meaning of section 318(a)(1)(A)).

"(7) CERTAIN CHANGES IN PERCENTAGE OWNERSHIP WHICH ARE ATTRIBUTABLE TO FLUCTUATIONS IN VALUE NOT TAKEN INTO ACCOUNT.—Under regulations prescribed by the Secretary, any change in proportionate ownership which is attributable solely to fluctuations in the relative fair market values of different classes or amounts of stock shall not be taken into account.

"(8) REDUCTION IN TRIGGER VALUE WHERE SUBSTANTIAL NONBUSINESS ASSETS.—

"(A) IN GENERAL.—If, immediately after the trigger, the old loss corporation has substantial nonbusiness assets, the trigger value of such corporation shall be reduced by the excess (if any) of—

"(i) the fair market value of the nonbusiness assets of such corporation, over

"(ii) the nonbusiness asset share of indebtedness for which such corporation is liable.

"(B) CORPORATION HAVING SUBSTANTIAL NONBUSINESS ASSETS.—For purposes of subparagraph (A), the old loss corporation shall be treated as having substantial nonbusiness assets if at least ⅓ of the value of the total assets of such corporation consists of nonbusiness assets.

"(C) NONBUSINESS ASSETS.—For purposes of this paragraph, the term 'nonbusiness assets' means—

"(i) cash,

"(ii) marketable stocks or securities, and

"(iii) any other asset which is—

"(I) not held for active use in a trade or business, or

"(II) disposed of (other than in the ordinary course of the old loss corporation's trade or business) pursuant to a plan or arrangement in existence before the trigger day.

"(D) NONBUSINESS ASSET SHARE.—For purposes of this paragraph, the nonbusiness asset share of the indebtedness of the corporation is an amount which bears the same ratio to such indebtedness as—

"(i) the fair market value of the nonbusiness assets of the corporation, bears to

"(ii) the fair market value of all assets of such corporation.

"(E) TREATMENT OF SUBSIDIARIES.—For purposes of this paragraph, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets. For purposes of the preceding sentence, a corporation shall be treated as a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock.

"(9) ORDERING RULE.—In any case in which—

"(A) a pre-trigger loss of a loss corporation for any taxable year is subject to the limitation of this section, and

"(B) a net operating loss of such corporation from such taxable year is not subject to such limitation,

taxable income shall, for purposes of this chapter, be treated as having been offset first by the loss subject to such limitation.

"(o) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this section and section 383, including (but not limited to) regulations—

"(1) providing for the application of this section and section 383 where a trigger with respect to the old loss corporation is followed by a trigger with respect to the new loss corporation,

"(2) which treat warrants, obligations convertible into stock, and other similar interests as stock,

"(3) which treat options to acquire or sell stock as having been exercised, and

"(4) which provides such adjustments to the application of this section and section 383—

"(A) where 1 corporation owns stock in a 2nd corporation which owns stock in the 1st corporation,

"(B) where 1 corporation owns stock in a 2nd corporation which is extinguished by the merger of the 2nd corporation into the 1st corporation,

"(C) where the same persons own stock in 2 corporations,

"(D) where it is necessary to follow the ownership of old loss shareholders in the new loss corporation, or

"(E) in any other case where the foregoing rules of this section do not carry out the purpose of this section and section 383."

(b) AMENDMENT OF SECTION 383.—Section 383 (relating to special limitations on unused investment credits, etc.) is amended to read as follows:

"SEC. 383. SPECIAL LIMITATIONS ON CERTAIN EXCESS CREDITS, ETC.

"(a) EXCESS CREDITS.—

"(1) IN GENERAL.—Under regulations prescribed by the Secretary, if a trigger occurs with respect to a corporation, the amount of any excess credit for any taxable year before the 1st post-trigger year which may be used in any post-trigger year shall be limited to an amount determined on the basis of the tax liability which is attributable to so much of the taxable income as does not exceed the trigger amount for such post-trigger year to the extent available after the application of section 382 and subsections (b) and (c) of this section.

"(2) EXCESS CREDIT.—For purposes of paragraph (1), the term 'excess credit' means—

"(A) any unused general business credit of the corporation under section 39, and

"(B) any unused minimum tax credit of the corporation under section 53.

"(b) LIMITATION ON NET CAPITAL LOSS.—If a trigger occurs with respect to a corporation, the amount of any net capital loss under section 1212 for any taxable year before the 1st post-trigger year which may be used in any post-trigger year shall be limited under regulations prescribed by the Secretary which shall be based on the principles applicable under section 382. Such regulations shall provide that any such net capital loss used in a post-trigger year shall reduce the amount of any pre-trigger net operating loss which may be used under section 382 in a subsequent post-trigger year.

"(c) FOREIGN TAX CREDITS.—If a trigger occurs with respect to a corporation, the amount of any excess foreign taxes under section 904(c) for any taxable year before the 1st post-trigger taxable year shall be limited under regulations prescribed by the Secretary which shall be consistent with purposes of this section and section 382.

"(d) PRO RATION RULES FOR YEAR WHICH INCLUDES TRIGGER.—For purposes of this section, rules similar to the rules of subsections (b)(3) and (d)(1)(B) of section 382 shall apply.

"(e) DEFINITIONS.—Terms used in this section shall have the same respective meanings as when used in section 382, except that appropriate adjustments shall be made to take into account that the limitations of this section apply to credits and net capital losses."

(c) CONFORMING AMENDMENT TO SECTION 318(b).—Paragraph (5) of section 318(b) is amended by striking out "section 382(a)(3)" and inserting in lieu thereof "section 382".

(d) REPEAL OF CHANGES MADE BY TAX REFORM ACT OF 1976.—

(1) Subsections (e) and (f) of section 806 of the Tax Reform Act of 1976 are hereby repealed.

(2) Subsection (g) of such section 806 is amended by striking out paragraphs (2) and (3).

(3) The repeals made by paragraph (1) and the amendment made by paragraph (2) shall not affect the amendment to section 383 of the Internal Revenue Code of 1954 made by subsection (f) of such section 806.

(e) EFFECTIVE DATES.—

(1) IN GENERAL.—

(A) The amendments made by subsections (a), (b), and (c) shall apply to—

(i) equity structure changes (as defined in section 382(g)(5) of the Internal Revenue Code of 1985 as amended by this section) pursuant to plans of reorganization adopted after December 31, 1985, and

(ii) 50-percent owner shifts (as defined in section 382(g)(2) of such Code as so amended) where the trigger day (as defined in section 382 of such Code as so amended) occurs after December 31, 1985.

(B) For purposes of determining whether there is a more than 50-percent owner shift after December 31, 1985, the testing period shall not begin before October 28, 1985.

(2) FOR AMENDMENTS TO TAX REFORM ACT OF 1976.—The repeals made by subsection (d)(1) and the amendment made by subsection (d)(2) shall take effect on the date of the enactment of the Tax Reform Act of 1976 except that such amendment shall not apply in any case to which the amendments repealed by subsection (d)(1) apply by reason of an election under section 368(b) of the Revenue Act of 1978.

(3) BANKRUPTCY PROCEEDINGS.—In the case of a reorganization described in subparagrah (G) of section 368(a)(1) of such Code or an exchange of debt for stock in a title 11 or similar case, as defined in section 368(a)(3) of such Code, the amendments made by subsections (a), (b), and (c) shall not apply to any 50-percent equity structure change or 50-percent owner shift resulting from such a reorganization or proceeding if—

(A) a plan of reorganization was filed with the court before September 26, 1985, or

(B) the reorganization occurs before January 1, 1989.

In any case to which subparagraph (B) applies, only the amount of claims held by persons which were creditors as of September 25, 1985, or which become creditors under written contracts which are binding on September 25, 1985, and who receive stock in the reorganization shall be taken into account.

(4) CERTAIN PLANS.—The amendments made by subsections (a), (b), and (c) shall not apply to any 50-percent owner shift or 50-percent equity structure change with respect to—

(A) a corporation the stock of which is acquired pursuant to a plan of divestiture which identified such corporation and its assets, and was agreed to by the board of directors of such corporation's parent corporation on May 17, 1985,

(B) a merger which occurs pursuant to a merger agreement (entered into before September 24, 1985) and an application for approval by the Federal Home Loan Bank Board was filed on October 4, 1985,

(C) a reorganization involving a party to a reorganization of a group of corporations engaged in enhanced oil recovery operations in California, merged in furtherance of a plan of reorganization adopted by a board of directors vote on September 24, 1985, and a Delaware corporation whose principal oil and gas producing fields are located in California, or

(D) the conversion of a mutual savings and loan association holding a Federal charter dated March 22, 1985, to a stock savings and loan association pursuant to the rules and regulations of the Federal Home Loan Bank Board.

Subtitle D—Recognition of Gain and Loss on Distributions of Property in Liquidation

SEC. 331. AMENDMENT TO SECTION 336.

(a) GENERAL RULE.—Section 336 (relating to distributions of property in liquidation) is amended to read as follows:

"SEC. 336. DISTRIBUTIONS OF PROPERTY IN LIQUIDATION.

"(a) GENERAL RULE.—Except as otherwise provided in this section, gain or loss shall be recognized to a corporation on the distribution of property in complete liquidation as if such property were sold to the distributee at its fair market value.

"(b) NONRECOGNITION IN CERTAIN CORPORATE LIQUIDATIONS.—

"(1) IN GENERAL.—In the case of any liquidation to which section 332 applies where there is not a minority shareholder, no gain or loss shall be recognized to the liquidating corporation on the distribution of property in complete liquidation.

"(2) PARTIAL RECOGNITION WHERE MINORITY SHAREHOLDER.—In the case of any liquidation to which section 332 applies where there is a minority shareholder, the 80-percent distributee's share of each gain or loss which (but for this paragraph) would be recognized under subsection (a) shall not be recognized.

"(3) DETERMINATION OF 80-PERCENT DISTRIBUTEE'S SHARE.—For purposes of this subsection—

"(A) IN GENERAL.—Except as provided in subparagraph (B), the 80-percent distributee's share of any gain or loss is the percentage (in value) of the stock of the liquidating corporation which is held by the 80-percent distributee on the date of the adoption of the plan of complete liquidation.

"(B) INCREASE FOR CERTAIN SHARES ACQUIRED FROM MINORITY SHAREHOLDERS.—The percentage determined under subparagraph (A) shall be increased by an amount determined by treating—

"(i) any stock acquired (after the adoption of the plan) by the 80-percent distributee from a minority shareholder for cash, and

"(ii) any stock of a minority shareholder with respect to which the liquidating distribution consists of cash,

as held by the 80-percent distributee on the day on which the plan of liquidation was adopted. This subparagraph shall not apply in the case of any liquidation which is a qualified section 332 liquidation (as defined in section 337(b)(2)).

"(4) OTHER DEFINITIONS.—For purposes of this subsection—

"(A) 80-PERCENT DISTRIBUTEE.—The term '80-percent distributee' means any shareholder that meets the 80-percent stock ownership requirement specified in section 332(b).

"(B) MINORITY SHAREHOLDER.—The term 'minority shareholder' means any shareholder in the liquidating corporation other than the 80-percent distributee.

"(c) EXCEPTION FOR QUALIFIED STOCK HELD IN CERTAIN ACTIVE BUSINESS CORPORATIONS.—

"(1) IN GENERAL.—In the case of any liquidation of an active business corporation where 1 or more shareholders hold qualified stock, the applicable percentage of each gain or loss which (but for this paragraph) would be recognized under subsection (a) shall not be recognized.

"(2) PARAGRAPH (1) NOT TO APPLY TO CERTAIN ITEMS.—Paragraph (1) shall not apply to—

"(A) any gain or loss which is an ordinary gain or loss,

"(B) any gain or loss on a capital asset held for not more than 6 months, and

"(C) any gain to the extent section 453B applies.

"(3) APPLICABLE PERCENTAGE.—The term 'applicable percentage' means the percentage (by value) of the stock of the corporation which is qualified stock (determined as of the date of the adoption of the plan of complete liquidation).

"(4) QUALIFIED STOCK.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'qualified stock' has the meaning given to such term by section 311(e)(1).

"(B) RULES FOR PASS-THRU ENTITIES.—Rules similar to the rules of section 311(e)(1)(C) shall apply.

"(5) QUALIFIED ACTIVE BUSINESS CORPORATION.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'active business corporation' means any corporation if—

"(i) substantially all of the assets of such corporation consists of the assets of 1 or more qualified businesses, and

"(ii) no substantial part of such corporation's nonbusiness assets were acquired in a transaction to which section 351 applied, or as a contribution to capital, within the 5-year period ending on the date of the completion of the liquidation.

"(B) QUALIFIED BUSINESS, ETC.—The terms 'qualified business' and 'nonbusiness asset' have the respective meanings given to such terms by section 311(e)(2)(B).

"(C) TREATMENT OF SUBSIDIARIES.—In determining whether any liquidating corporation is a qualified active business corporation, such corporation shall be treated as owning its proportionate share of the assets of all other corporations in which it owns 50 percent or more in value of the outstanding stock.

"(6) COORDINATION WITH SUBSECTION (b).—In the case of any liquidation described in subsection (b) where 1 or more shareholders own qualified stock, the nonrecognition under this subsection shall be in addition to the nonrecognition under subsection (b).

"(d) EXCEPTION FOR CERTAIN LIQUIDATIONS TO WHICH PART III APPLIES.—This section (and section 337) shall not apply with respect to any exchange or distribution of property to the extent there is nonrecognition of gain or loss with respect to such property to the receipient under part III.

"(e) SPECIAL RULE WHERE LIABILITIES EXCEED BASIS.—

"(1) IN GENERAL.—For purposes of this section, if any property distributed in the liquidation is subject to a liability, or the shareholder assumes a liability of the liquidating corporation in connection with the distribution, the fair market value of such property shall be treated as not less than the amount of such liability.

"(2) SPECIAL RULE WHERE PROPERTY DISTRIBUTED WITH RESPECT TO QUALIFIED STOCK.—If—

"(A) the liability referred to in paragraph (1) exceeds the adjusted basis of the property in the hands of the liquidating corporation, and

"(B) such property is distributed with respect to qualified stock,

subsection (b) shall not apply to any gain on such property."

(b) DEFINITION OF QUALIFIED STOCK.—Paragraph (1) of section 311(e) (defining qualified stock) is amended by striking out subparagraphs (A) and (B) and inserting in lieu thereof the following:

"(A) IN GENERAL.—The term 'qualified stock' means stock held by any person (other than a corporation) if—

"(i) such person held such stock for at least 5 years (or, if lesser, the period during which the liquidating corporation (or predecessor corporation) was in existence), and

"(ii) at all times during such period, such person held at least 10 percent in value of the outstanding stock of the distributing corporation (or predecessor corporation).

"(B) DETERMINATION OF PERIOD FOR WHICH STOCK HELD.—Section 318 shall apply in determining ownership of stock under subparagraph (A); except that, in applying section 318(a)(1), the term 'family' includes any individual described in section 267(c)(4) and any spouse of any such individual. Any person who acquires any stock by reason of the death of an individual shall be treated

as owning such stock for all periods during which such stock was held by the decedent."

SEC. 332. AMENDMENT TO SECTION 337.

Section 337 (relating to gain or loss on sales or exchanges in connection with certain liquidations) is amended to read as follows:

"SEC. 337. GAIN OR LOSS ON SALES OR EXCHANGES IN CONNECTION WITH CERTAIN LIQUIDATIONS.

"(a) GENERAL RULE.—In the case of any liquidation to which this section applies, gain or loss shall not be recognized to the liquidating corporation from the sale or exchange by it of property within the 12-month period referred to in subsection (b)(1) to the extent gain or loss would not be recognized under section 336 if such property were distributed to the shareholders of the liquidating corporation.

"(b) LIQUIDATIONS TO WHICH THIS SECTION APPLIES.—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, this section shall apply to any liquidation of a corporation—

"(A) if within the 12-month period beginning on the date on which the corporation adopts a plan of complete liquidation, all of the assets of the corporation are distributed in complete liquidation (less assets retained to meet claims), and

"(B) if—

"(i) such liquidation is a qualified section 332 liquidation, or

"(ii) the liquidating corporation is an active business corporation and 1 or more shareholders in the liquidating corporation hold qualified stock.

For purposes of this subsection, the terms 'qualified stock' and 'active business corporation' have the respective meanings given to such terms by section 336.

"(2) QUALIFIED SECTION 332 LIQUIDATION.—

"(A) IN GENERAL.—For purposes of paragraph (1), the term 'qualified section 332 liquidation' means any liquidation to which section 332 applies if—

"(i) within the 12-month period beginning on the date of the adoption of a plan of liquidation by the liquidating corporation, such corporation and each distributee corporation is completely liquidated, and

"(ii) none of the complete liquidations referred to in clause (i) is a liquidation to which section 333 applies.

"(B) DISTRIBUTEE CORPORATION.—For purposes of subparagraph (A), the term 'distributee corporation' means any corporation which receives a distribution to which section 332 applies in a complete liquidation of the liquidating corporation. Such term also includes any other corporation which receives a distribution to which section 332 applies in a complete liquidation of a corporation which is a distributee corporation under the preceding sentence or prior application of this sentence.

"(C) TREATMENT OF CERTAIN SECTION 332 LIQUIDATIONS OF ACTIVE BUSINESS CORPORATIONS.—In the case of a liquidation to which section 332 applies of an active business corporation with 1 or more shareholders who hold qualified stock, unless such liquidation is a qualified section 332 liquidation, the exceptions contained in section 336(b) shall not apply for purposes of determining the amount of gain or loss recognized under subsection (a).

"(3) COLLAPSIBLE CORPORATIONS AND LIQUIDATIONS TO WHICH SECTION 333 APPLIES.—This section shall not apply to any sale or exchange—

"(A) made by a collapsible corporation (as defined in section 341(b)), or

"(B) following the adoption of a plan of complete liquidation, if section 333 applies with respect to such liquidation.

"(c) DEFINITIONS AND SPECIAL RULES.—

"(1) PROPERTY DEFINED.—For purposes of subsection (a), the term 'property' does not include—

"(A) stock in trade of the corporation, or other property of a kind which would properly be included in the inventory of the corporation if on hand at the close of the taxable year, and property held by the corporation primarily for sale to customers in the ordinary course of its trade or business,

"(B) installment obligations acquired in respect of the sale or exchange (without regard to whether such sale or exchange occurred before, on, or after the date of the adoption of the plan referred to in subsection (a)) of stock in trade or other property described in subparagraph (A) of this paragraph, and

"(C) installment obligations acquired in respect of property (other than property described in subparagraph (A)) sold or exchanged before the date of the adoption of such plan of liquidation.

"(2) SECTION TO APPLY TO CERTAIN TRANSACTION BEFORE ADOPTION OF PLAN OF LIQUIDATION.—Subsection (a) shall also apply to any loss on the sale or exchange (other than in the ordinary course of the liquidating corporation's trade or business) of property during the 1-year period ending on the adoption of the plan of complete liquidation or at any time after the adoption of the plan of liquidation.

"(3) SPECIAL RULE FOR INVOLUNTARY CONVERSIONS.—If—

'(A) there is an involuntary conversion (within the meaning of section 1033) of property of a distributing corporation and there is a complete liquidation of such corporation which qualifies under subsection (b),

"(B) the disposition of the converted property (within the meaning of clause (ii) of section 1033(a)(2)(E)) occurs during the 60-day period which ends on the day before the 1st day of the 12-month period, and

"(C) such corporation elects the application of this paragraph at such time and in such manner as the Secretary may by regulations prescribe,

then for the purposes of this section such disposition shall be treated as a sale or exchange occurring within the 12-month period."

SEC. 333. AMENDMENT TO SECTION 338.

(a) RECOGNITION OF GAIN IN CASE OF ELECTIONS UNDER SECTION 338.—Paragraph (1) of section 338(a) (relating to certain stock purchases treated as asset acquisitions) is amended by striking out "to which section 337 applies".

(b) EXCEPTION FOR QUALIFIED STOCK.—Subsection (c) of section 338 is amended to read as follows:

"(c) EXCEPTION FOR QUALIFIED STOCK IN ACTIVE BUSINESS CORPORATIONS.—

"(1) IN GENERAL.—If—

"(A) the target corporation is an active business corporation, and

"(B) as of the day on which the 1st stock purchase included in the qualified stock purchase was made, 1 or more shareholders held qualified stock in such corporation,

the amount of gain or loss recognized under subsection (a) shall be determined under section 336 (without regard to subsection (b) thereof) as if the target corporation distributed all of its assets in liquidation on the acquisition date.

"(2) DETERMINATION OF APPLICABLE PERCENTAGE.—For purposes of determining the amount of gain or loss recognized under subsection (a) of this section, the applicable percentage used for purposes of section 336(c) shall be determined as of the 1st day on which there was a purchase of stock included in the qualified stock purchase.

"(3) ACTIVE BUSINESS CORPORATION, ETC.—For purposes of this subsection, the terms 'active business corporation' and 'qualified stock' have the respective meanings given to such terms by section 336."

SEC. 334. TECHNICAL AMENDMENT.

Subsection (d) of section 1362 (relating to termination) is amended by adding at the end thereof the following new paragraph:

"(4) TERMINATION IN THE CASE OF CERTAIN LIQUIDATIONS.—

"(A) IN GENERAL.—If

"(i) a corporation elects on or after November 20, 1985, to be an S corporation for any taxable year,

"(ii) such corporation (or predecessor) was a C corporation for any prior taxable year, and

"(iii) such corporation liquidates before the close of the 3-year period beginning on the 1st day of the 1st taxable year for which such election was effective,

such election shall be terminated as of such 1st day.

"(B) STATUTE OF LIMITATIONS.—If any election is terminated under subparagraph (A)—

"(i) the period for the assessment of any deficiency of the liquidating corporation (or any shareholder thereof) attributable to such termination shall not expire before the expiration of the date 1 year after the date of the liquidation, and

"(ii) the period for filing a claim for credit or refund of any overpayment attributable to such termination shall not expire before the expiration of the date 1 year from the date of the liquidation.

Such deficiency may be assessed before the expiration of such 1-year period, and any credit or refund of such overpayment may be allowed or made if claim therefor is filed during such 1-year period, notwithstanding the provisions of any law or rule of law which would otherwise prevent such assessment (or the allowance or making of such refund)."

SEC. 335. EFFECTIVE DATE.

(a) GENERAL RULE.—Except as otherwise provided in this section, the amendments made by this subtitle shall apply to distributions or sales and exchanges on or after November 20, 1985 and to any transaction described in section 338 of the Internal Revenue Code of 1954 for which the acquisition date occurs on or after November 20, 1985.

(b) EXCEPTION FOR PLANS OF LIQUIDATION ADOPTED BEFORE NOVEMBER 20, 1985.—

(1) IN GENERAL.—The amendments made by this subtitle shall not apply to distributions or sales and exchanges made pursuant to a plan of liquidation adopted before November 20, 1985.

(2) SPECIAL RULES FOR DETERMINING WHEN PLAN ADOPTED.—For purposes of paragraph (1), transactions shall be treated as made pursuant to a plan of liquidation adopted before November 20, 1985—

(A) if before November 20, 1985—

(i) the board of directors of the liquidating corporation adopted a resolution to solicit shareholder approval for a transaction of a kind described in section 336 or 337, or

(ii) the shareholders or board of directors have approved such a transaction,

but only if a plan of complete liquidation is adopted before January 1, 1988, and at least 1 sale or distribution pursuant to such plan is made before such date,

(B) if before November 20, 1985—

(i) there has been an offer to purchase a majority of the voting stock of the liquidating corporation, or

(ii) the board of directors of the liquidating corporation has adopted a resolution approving an acquisition or recommending the approval of an acquisition to the shareholders,

but only if the sale or distribution is pursuant to or was contemplated by the terms of the offer or resolution, a plan of complete liquidation is adopted before January 1, 1988, and there is at least 1 sale or distribution pursuant to such plan of liquidation before January 1, 1988, or

(C) a ruling request was submitted to the Secretary of the Treasury or his delegate with respect to a transaction of a kind described in section 336 or 337 and (pursuant to the transaction described in the ruling request) a plan of complete liquidation is adopted, and at least 1 sale or distribution pursuant to such plan occurs, before the later of January 1, 1988, or 90 days after the date on which the Secretary of the Treasury or his delegate issues a ruling with respect to such transaction.

For purposes of the preceding sentence, any election under section 338 shall be treated as an adoption of a plan of complete liquidation, and such liquidation shall be treated as occurring on the acquisition date.

(3) SPECIAL RULE FOR ACTION BY PARENT.—For purposes of paragraph (2), any action taken by the board of directors or shareholders of a corporation with respect to any subsidiary of such corporation shall be treated as taken by the board of directors or shareholders of such subsidiary.

TITLE IV—TAX SHELTERS

SEC. 401. EXTENSION OF AT RISK LIMITATIONS TO REAL PROPERTY.

(a) IN GENERAL.—Paragraph (3) of section 465(c) (relating to activities to which section applies) is amended by striking out subparagraph (D) and by redesignating subparagraph (E) as subparagraph (D).

(b) QUALIFIED NONRECOURSE FINANCING TREATED AS AN AMOUNT AT RISK.—Section 465(b) (relating to amounts considered at risk) is amended by adding at the end thereof the following new paragraph:

"(6) QUALIFIED NONRECOURSE FINANCING TREATED AS AMOUNT AT RISK.—For purposes of this section—

"(A) IN GENERAL.—Notwithstanding any other provision of this subsection, in the case of an activity of holding real property, a taxpayer shall be considered at risk with respect to any qualified nonrecourse financing which is secured by real property used in such activity.

"(B) QUALIFIED NONRECOURSE FINANCING.—For purposes of this paragraph, the term 'qualified nonrecourse financing' means any financing—

"(i) which is borrowed by the taxpayer with respect to the activity of holding real property,

"(ii) which is borrowed by the taxpayer from a qualified person or represents a loan from any Federal, State, or local government or instrumentality thereof, or is guaranteed by any Federal, State, or local government or instrumentality thereof,

"(iii) which is not used by the taxpayer to acquire an interest in property from a person who is a related person (within the meaning of paragraph (3)(C)),

"(iv) except to the extent provided in regulations, with respect to which no person is personally liable for repayment, and

"(v) which is not convertible debt.

"(C) SPECIAL RULE FOR PARTNERSHIPS.—In the case of a partnership, a partner's share of any qualified nonrecourse financing of such partnership shall be determined on the basis of the partner's share of liabilities of such partnership (within the meaning of section 752).

"(D) QUALIFIED PERSON DEFINED.—For purposes of this paragraph, the term 'qualified person' has the same meaning given such term by section 46(c)(8)(D)(iv).

"(E) ACTIVITY OF HOLDING REAL PROPERTY.—For purposes of this paragraph, the activity of holding real property shall—

"(i) include personal property and services which are incidental to making real property available as living accommodations, and

"(ii) not include the holding of mineral property."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to losses incurred after December 31, 1985, with respect to property acquired by the taxpayer after December 31, 1985.

SEC. 402. LIMITATION ON DEDUCTION FOR NONBUSINESS INTEREST.

(a) GENERAL RULE.—Subsection (d) of section 163 (relating to limitation on interest on investment indebtedness) is amended to read as follows:

"(d) LIMITATION ON NONBUSINESS INTEREST.—

"(1) IN GENERAL.—In the case of a taxpayer other than a corporation, the amount allowed as a deduction under this chapter for nonbusiness interest for any taxable year shall not exceed the sum of—

"(A) $10,000 ($20,000, in the case of a joint return), plus

"(B) the net investment income for the taxable year.

In the case of a trust, the amount specified in subparagraph (A) shall be zero.

"(2) CARRYOVER OF DISALLOWED INTEREST.—The amount not allowed as a deduction for any taxable year by reason of paragraph (1) shall be treated as nonbusiness interest paid or accrued by the taxpayer in the succeeding taxable year.

"(3) NONBUSINESS INTEREST.—For purposes of this subsection, the term 'nonbusiness interest' means any interest allowable as a deduction under this chapter (determined without regard to paragraph (1)); except that such term shall not include—

"(A) any qualified residence interest, and

"(B) any interest which is allowable as a deduction in computing adjusted gross income and which is not attributable to a limited business interest.

For purposes of the preceding sentence, the term 'interest' includes any amount allowable as a deduction in connection with personal property used in a short sale.

"(4) QUALIFIED RESIDENCE INTEREST.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'qualified residence interest' means interest which is paid or accrued during the taxable year on indebtedness which is secured by any property which (at the time such interest is paid or accrued) is a qualified residence of the taxpayer.

"(B) EXCEPTION FOR INTEREST ON INDEBTEDNESS IN EXCESS OF THE FAIR MARKET VALUE OF THE QUALIFIED RESIDENCE.—

"(i) IN GENERAL.—The term 'qualified residence interest' shall not include any interest paid or accrued on indebtedness secured by any qualified residence which is allocable to that portion of the principal amount of such indebtedness which, when added to the outstanding aggregate principal amount of all other indebtedness previously incurred and secured by such qualified residence, exceeds the fair market value of such qualified residence.

"(ii) TIME FOR DETERMINATION.—The determination under clause (i) shall be made as of the time the indebtedness is incurred.

"(C) QUALIFIED RESIDENCE.—For purposes of this paragraph—

"(i) IN GENERAL.—The term 'qualified residence' means—

"(I) a principal residence (within the meaning of section 1034) of the taxpayer, and

"(II) 1 other residence (whether or not a principal residence) of the taxpayer which is selected by the taxpayer for purposes of this subsection for the taxable year.

"(ii) MARRIED INDIVIDUALS FILING SEPARATE RETURNS.—If a married couple does not file a joint return for any taxable year—

"(I) such couple shall be treated as 1 taxpayer for purposes of clause (i), and

"(II) each individual shall be entitled to take into account a residence unless both individuals consent in writing to 1 individual taking into account a principal residence and 1 other residence.

"(D) SPECIAL RULE FOR COOPERATIVE HOUSING CORPORATIONS.—For purposes of this paragraph, any indebtedness secured by stock held by the taxpayer as a tenant-stockholder (as defined in section 216) in a cooperative housing corporation (as so defined) shall be treated as secured by the house or apartment which the taxpayer is entitled to occupy as such a tenant-stockholder.

"(E) SPECIAL RULE FOR RESIDENTIAL LOTS.—For purposes of this paragraph—

"(i) IN GENERAL.—A residential lot shall be treated as a residence.

"(ii) EXCEPTION FOR DIVIDED LOTS.—Clause (i) shall not apply to any lot which is divided by the taxpayer and sold.

"(F) SPECIAL RULE FOR TIME-SHARING.—For purposes of this paragraph, up to 6 weeks of time-sharing of a residential property may be treated as 1 residence.

"(5) NET INVESTMENT INCOME.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'net investment income' means the excess of—

"(i) investment income, over

"(ii) investment expenses.

"(B) INVESTMENT INCOME.—The term 'investment income' means the sum of—

"(i) the gross income from interest, dividends, rents, and royalties,

"(ii) any amount treated under section 1245, 1250, or 1254 as ordinary income, and

"(iii) any capital gain net income (reduced by the amount of any deduction under section 1202(a) allocable to such gain) attributable to the disposition of property held for investment,

but only to the extent such amounts are not derived from the conduct of a trade or business.

"(C) INVESTMENT EXPENSES.—The term 'investment expenses' means the deductions allowable under this chapter (other than for interest) which are directly connected with the production of investment income.

"(D) SPECIAL RULE FOR CERTAIN AMOUNTS ATTRIBUTABLE TO NET LEASES.—The net investment income of a taxpayer for any taxable year shall be increased by an amount equal to the excess (if any) of—

"(i) the deductions allowable for such taxable year under this section (determined without regard to this subsection) and sections 162, 164(a) (1) or (2) , or 212 attributable to a net lease, over

"(ii) the income for such taxable year attributable to such property.

"(E) INCOME AND LOSSES FROM LIMITED BUSINESS INTERESTS TAKEN INTO ACCOUNT.—Any income or loss derived from a limited business interest shall be taken into account in computing net investment income.

"(6) LIMITED BUSINESS INTEREST.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'limited business interest' means—

"(i)(I) any interest as a limited partner in a partnership, and

"(II) any other interest as a partner in a partnership if the taxpayer does not actively participate in the management of such partnership,

"(ii) any interest as a shareholder in an S corporation if the taxpayer does not actively participate in the management of such corporation,

"(iii) any interest of a lessor in property subject to a lease if—

"(I) for the taxable year the sum of the deductions of the lessor with respect to such property which are allowable solely by reason of section 162 (other than rentals and reimbursed amounts with respect to such property) is less than 15 percent of the rental income produced by such property, or

"(II) the lessor is either guaranteed a specific rental or is guaranteed in whole or in part against loss of income, and

"(iv) any interest as a limited entrepreneur (within the meaning of section 464(e)(2)).

"(B) EXCEPTION FOR CERTAIN LOW-INCOME HOUSING.—A limited business interest shall not include an interest in—

"(i) any project described in section 168(j)(3)(B),

"(ii) a qualified residential rental project described in section 142(c)—

"(I) section 142(c)(1)(A), or

"(II) section 142(c)(1)(B),

but only if such project is financed from the proceeds of tax-exempt obligations, or

"(iii) any low-income rental housing described in section 167(k).

Net investment income shall be computed without regard to any such interest.

"(C) SPECIAL RULES FOR SUBPARAGRAPH (A)(iii).—For purposes of determining whether an interest is a net lease under subparagraph (A)(iii)—

"(i) CERTAIN PERSONAL SERVICES TAKEN INTO ACCOUNT.—In the case of—

"(I) an individual, or

"(II) a partnership (other than a partnership in which an interest is held by a limited partner),

which manages property held by such individual or partnership, deductions under section 162 with respect to such property shall be treated as including the fair market value of management or repair services performed by such individual or a partner in such partnership with respect to such property.

"(ii) REAL PROPERTY LEASES.—

"(I) 2 OR MORE LEASES.—If a parcel of real property of the taxpayer is leased under 2 or more leases, subparagraph (A)(iii) shall, at the election of the taxpayer, be applied by treating all leased portions of such property as subject to a single lease.

"(II) PROPERTY HELD FOR MORE THAN 5 YEARS.—At the election of the taxpayer, subparagraph (A)(iii) shall not apply with respect to real property of the taxpayer which has been in use by the taxpayer for more than 5 years.

"(7) COORDINATION WITH SECTION 280A.—

"(A) APPLICATION OF SECTION 280A.—Section 280A shall be applied without regard to the limitations of this subsection.

"(B) APPLICATION OF INTEREST LIMITATION.—For purposes of this subsection—

"(i) the determination of whether any interest is allocable to a section 280A use shall be made in the same manner as for purposes of section 280A, and

"(ii) any interest allocable to a section 280A use shall be treated as nonbusiness interest to the extent such interest is greater than the excess (if any) of—

"(I) the gross income derived from such use for the taxable year, over

"(II) the deductions referred to in section 280A(c)(5)(B) (other than for interest).

For purposes of the preceding sentence, the term 'section 280A use' means any use referred to in section 280A(c)(5).

"(8) NET LEASE.—For purposes of this subsection, the term 'net lease' means a limited business interest described in clause (iii) of paragraph (6)(A).

"(9) PHASE-IN OF AMOUNTS TREATED AS NONBUSINESS INTEREST AND INVESTMENT INCOME.—In the case of any taxable year beginning in calendar years 1986 through 1994—

"(A) IN GENERAL.—The amount of interest disallowed under this subsection for any such taxable year shall not exceed the sum of—

"(i) the amount of interest which would have been disallowed under this subsection (as in effect on the day before the date of the enactment of the Tax Reform Act of 1985) for the taxable year, plus

"(ii) the applicable percentage of the excess of the amount which (but for this paragraph) would have been disallowed under this subsection for the taxable year over the amount described in clause (i).

"(B) APPLICABLE PERCENTAGE.—For purposes of this paragraph, the term 'applicable percentage' means, with respect to any calendar year, 10 percent, multiplied by 1 plus the number of years between such calendar year and 1985."

(b) SHORT TAXABLE YEAR.—Paragraph (3) of section 443(b) (defining modified taxable income) is amended by adding at the end thereof the following new sentence: "In the case of a short period, for purposes of this subsection, the applicable dollar amount specified in section 163(d)(1)(A) shall be reduced to the amount which bears the same ratio to such applicable amount as the number of days in the short period bears to 365."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 1985.

TITLE V—ALTERNATIVE MINIMUM TAX

SEC. 501. ALTERNATIVE MINIMUM TAX FOR INDIVIDUALS AND CORPORATIONS.

(a) GENERAL RULE.—Part VI of subchapter A of chapter 1 (relating to minimum tax for tax preferences) is amended to read as follows:

"PART VI—ALTERNATIVE MINIMUM TAX

"Sec. 55. Alternative minimum tax imposed.
"Sec. 56. Treatment of certain tax preferences.
"Sec. 57. Other items of tax preference.
"Sec. 58. Denial of certain losses.
"Sec. 59. Other definitions and special rules.

"SEC. 55. ALTERNATIVE MINIMUM TAX IMPOSED.

"(a) GENERAL RULE.—There is hereby imposed (in addition to any other tax imposed by this subtitle) a tax equal to the excess (if any) of—

"(1) tentative minimum tax for the taxable year, over

"(2) the regular tax for the taxable year.

"(b) TENTATIVE MINIMUM TAX.—For purposes of this part—

"(1) IN GENERAL.—The tentative minimum tax for the taxable year is—

"(A) 25 percent of so much of the alternative minimum taxable income for the taxable year as exceeds the exemption amount, reduced by

"(B) the alternative minimum tax foreign tax credit for the taxable year.

"(2) ALTERNATIVE MINIMUM TAXABLE INCOME.—The term 'alternative minimum taxable income' means the taxable income of the taxpayer for the taxable year—

"(A) determined with the adjustments provided in section 56 and section 58, and

"(B) increased by the amount of the items of tax preferences described in section 57.

"(c) REGULAR TAX.—

"(1) IN GENERAL.—For purposes of this section, the term 'regular tax' means the regular tax liability for the taxable year (as defined in section 26(b)) reduced by the foreign tax credit allowable under section 27(a). Such term shall not include any increase in tax under section 47.

"(2) CROSS REFERENCES.—

"For provisions providing that certain credits are not allowable against the tax imposed by this section, see sections 26(a), 28(d)(2), 29(b)(5), and 38(c).

"(d) EXEMPTION AMOUNT.—For purposes of this section—

"(1) EXEMPTION AMOUNT FOR TAXPAYERS OTHER THAN CORPORATIONS.—In the case of a taxpayer other than a corporation, the term 'exemption amount' means—

"(A) $40,000 in the case of—

"(i) a joint return, or

"(ii) a surviving spouse,

"(B) $30,000 in the case of an individual who—

"(i) is not a married individual, and

"(ii) is not a surviving spouse, and

"(C) $20,000 in the case of—

"(i) a married individual (as so defined) who files a separate return, or

"(ii) an estate trust to which subchapter A of chapter 99 applies.

For purposes of this paragraph, the term 'surviving spouse' has the meaning given to such term by section 2(a), and marital status shall be determined under section 7703.

"(2) CORPORATIONS.—In the case of a corporation, the term 'exemption amount' means $40,000.

"(3) CROSS REFERENCE.—

"For exemption amount in case of certain estates and trusts, see section 665.

"SEC. 56. TREATMENT OF CERTAIN TAX PREFERENCES.

"(a) ADJUSTMENTS APPLICABLE TO ALL TAXPAYERS.—In determining the amount of the alternative minimum taxable income for any taxable year the following treatment shall apply (in lieu of the treatment applicable for purposes of computing the regular tax):

"(1) DEPRECIATION.—

"(A) IN GENERAL.—The depreciation deduction allowable under section 167 with respect to any tangible property placed in service after December 31, 1985, shall be determined under the nonincentive system of section 168(h) (without any inflation adjustments under section 168(g)).

"(B) EXCEPTION FOR CERTAIN PROPERTY.—This paragraph shall not apply to property described in paragraph (2), (3), (4), or (5) of section 168(f).

"(C) SPECIAL RULE FOR REHABILITATION EXPENDITURES OF LOW-INCOME HOUSING.—In the case of rehabilitation expenditures to which section 167(k) applies, the recovery period used for purposes of subparagraph (A) shall be 15 years.

"(2) MINING EXPLORATION AND DEVELOPMENTS COSTS.—

"(A) IN GENERAL.—With respect to each mine or other natural deposit (other than an oil, gas, or geothermal well) of the taxpayer, the amount allowable as a deduction under section 616(a) in computing the regular tax for costs paid or incurred after December 31, 1985, shall be capitalized and amortized ratably over the 10-year period beginning with the taxable year in which the expenditures were made.

"(B) LOSS ALLOWED.—If a loss is sustained with respect to any property described in subparagraph (A), a deduction shall be allowed for the expenditures described in subparagraph (A) for the taxable year in which such loss is sustained an amount equal to the lesser of—

"(i) the amount allowable under section 165(a) for the expenditures if they had remained capitalized, or

"(ii) the amount of such expenditures which have not previously been amortized under subparagraph (A).

"(3) TREATMENT OF CERTAIN LONG-TERM CONTRACTS.—

"(A) IN GENERAL.—The taxable income from any long-term contract to which this paragraph applies shall be determined under the percentage of completion method of accounting.

"(B) LONG-TERM CONTRACTS TO WHICH PARAGRAPH APPLIES.—This paragraph shall apply to any long-term contract entered into by the taxpayer after September 25, 1985, if the taxpayer is not required to use the percentage of completion method with respect to such contract by reason of section 904(d) of the Tax Reform Act of 1985.

"(4) ALTERNATIVE TAX NET OPERATING LOSS DEDUCTION.—The alternative tax net operating loss deduction shall be allowed in lieu of the net operating loss deduction allowed under section 172.

"(5) ADJUSTED BASIS.—The adjusted basis of any property to which paragraph (1) applies (or with to which there are any expenditures to which paragraph (2) or subsection (b)(3) applies) shall be determined on the basis of the treatment prescribed in paragraph (1) or (2) or subsection (b)(2), whichever is applicable.

"(6) SHAREHOLDERS OF FOREIGN SALES CORPORATIONS AND DOMESTIC INTERNATIONAL SALES CORPORATIONS.—

"(A) FOREIGN SALES CORPORATIONS.—

"(i) IN GENERAL.—Each shareholder of a FSC shall take into account such shareholder's pro rata share of—

"(I) the gross income of such FSC,

"(II) any deductions of such FSC, and

"(III) any tax paid by such FSC under this chapter.

Such amounts shall be taken into account for the taxable year of the shareholder in which the taxable year of the FSC ends.

"(ii) TREATMENT OF AMOUNTS.—Amounts taken into account under clause (i) shall be treated as effectively connected with the conduct of a trade or business in the United States and from sources within the United States.

"(iii) TREATMENT OF FSC.—Except as provided in clause (i), this part shall not apply to a FSC.

"(B) DOMESTIC INTERNATIONAL SALES CORPORATIONS.—The amount treated as distributed to a shareholder of a DISC under section 995(b)(1)(F) shall be the excess of the taxable income of the DISC for the taxable year (before reduction for distributions during such year) over the amounts deemed distributed for such taxable year under subparagraphs (A), (B), (C), (D), and (E) of section 995(b)(1).

"(b) ADJUSTMENTS APPLICABLE TO INDIVIDUALS.—In determining the amount of the alternative taxable income of any taxpayer (other than a corporation) the following treatment shall apply (in lieu of the treatment applicable for purposes of computing the regular tax):

"(1) LIMITATION ON ITEMIZED DEDUCTION.—Any deduction not allowable in computing adjusted gross income shall not be allowed unless such deduction is an alternative tax itemized deduction.

"(2) CIRCULATION AND RESEARCH AND EXPERIMENTAL EXPENDITURES.—

"(A) IN GENERAL.—The amount allowable as a deduction under section 173 or 174(a) in computing the regular tax for amounts paid or incurred after December 31, 1985, shall be capitalized and—

"(i) in the case of circulation expenditures described in section 173, shall be amortized ratably over the 3-year period beginning with the taxable year in which the expenditures were made, or

"(ii) in the case of research and experimental expenditures described in section 174(a), shall be amortized ratably over the 10-year period beginning with the taxable year in which the expenditures were made.

"(B) LOSS ALLOWED.—If a loss is sustained with respect to any property described in subparagraph (A), a deduction shall be allowed for the expenditures described in subparagraph (A) for the taxable year in which such loss is sustained an amount equal to the lesser of—

"(i) the amount allowable under section 165(a) for the expenditures if they had remained capitalized, or

"(ii) the amount of such expenditures which have not previously been amortized under subparagraph (A).

"(C) SPECIAL RULE FOR PERSONAL HOLDING COMPANIES.—In the case of circulation expenditures described in section 173, the adjustments provided in this paragraph shall apply to a personal holding company (as defined in section 542).

"(c) ALTERNATIVE TAX NET OPERATING LOSS DEDUCTION DEFINED.—

"(1) IN GENERAL.—For purposes of subsection (a)(4), the term 'alternative tax net operating loss deduction' means the net operating loss deduction allowable for the taxable year under section 172, except that in determining the amount of such deduction—

"(A) the net operating loss (within the meaning of section 172(c)) for any loss year shall be adjusted as provided in paragraph (2), and

"(B) in the case of taxable years beginning after December 31, 1985, section 172(b)(2) shall be applied by substituting 'alternative minimum taxable income' for 'taxable income' each place it appears.

"(2) ADJUSTMENTS TO NET OPERATING LOSS COMPUTATION.—

"(A) POST-1985 LOSS YEARS.—In the case of a loss year beginning after December 31, 1985, the net operating loss for such year under section 172(c) shall—

"(i) be determined with the adjustments provided in this section and section 58,

"(ii) be reduced by the items of tax preference determined under section 57 for such year which are taken into account in computing the net operating loss, and

"(iii) be computed by taking into account only itemized deductions which are alternative tax itemized deductions and which are otherwise described in section 172(c).

"(B) PRE-1986 YEARS.—In the case of loss years beginning before January 1, 1986, the amount of the net operating loss which may be carried over to taxable years beginning after December 31, 1985, for purposes of paragraph (2), shall be equal to the amount which may be carried from the loss year to the first taxable year of the taxpayer beginning after December 31, 1985.

"(d) ALTERNATIVE TAX ITEMIZED DEDUCTIONS.—For purposes of this part—

"(1) IN GENERAL.—The term 'alternative tax itemized deductions' means any amount allowable as a deduction for the taxable year (other than a deduction allowable in computing adjusted gross income) under—

"(A) section 165(a) for losses described in subsection (c)(3) or (d) of section 165,

"(B) section 170 (relating to charitable deductions),

"(C) section 213 (relating to medical deductions),

"(D) this chapter for qualified interest, or

"(E) section 691(c) (relating to deduction for estate tax).

The amount determined under the preceding sentence shall be reduced by the amount of the reduction determined under section 63(e)(4) (relating to reduction in itemized deductions for portion of personal exemption).

"(2) AMOUNTS WHICH MAY BE CARRIED OVER.—No amount shall be taken into account under paragraph (1) to the extent such amount may be carried to another taxable year for purposes of the regular tax.

"(3) QUALIFIED INTEREST.—The term 'qualified interest' means the sum of—

"(A) any qualified housing interest, and

"(B) any amount allowed as a deduction for interest (other than qualified housing interest) to the extent such amount does not exceed the qualified net investment income of the taxpayer for the taxable year.

"(4) QUALIFIED HOUSING INTEREST.—

"(A) IN GENERAL.—The term 'qualified housing interest' means interest which is paid or accrued during the taxable year on indebtedness which is incurred in acquiring, constructing, or substantially rehabilitating any property which—

"(i) is the principal residence (within the meaning of section 1034) of the taxpayer at the time such interest accrues or is paid, or

"(ii) is a qualified dwelling used by the taxpayer (or any member of his family within the meaning of section 267(c)(4)) during the taxable year.

"(B) QUALIFIED DWELLING.—The term 'qualified dwelling' means any—

"(i) house,

"(ii) apartment,

"(iii) condominium, or

"(iv) mobile home not used on a transient basis (within the meaning of section 7701(a)(19)(C)(v)),

including all structures or other property appurtenant thereto.

"(C) SPECIAL RULE FOR INDEBTEDNESS INCURRED BEFORE JULY 1, 1982.—The term 'qualified housing interest' includes interest paid or accrued on indebtedness which—

"(i) was incurred by the taxpayer before July 1, 1982, and

"(ii) is secured by property which, at the time such indebtedness was incurred, was—

"(I) the principal residence (within the meaning of section 1034) of the taxpayer, or

"(II) a qualified dwelling used by the taxpayer (or any member of his family (within the meaning of section 267(c)(4))).

"(5) QUALIFIED NET INVESTMENT INCOME.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'qualified net investment income' means the excess of—

"(i) qualified investment income, over

"(ii) qualified investment expenses.

"(B) QUALIFIED INVESTMENT INCOME.—The term 'qualified investment income' means the sum of—

"(i) investment income (within the meaning of section 163(d)(3)(B) other than clause (ii) thereof), and

"(ii) any capital gain net income attributable to the disposition of property held for investment.

"(C) QUALIFIED INVESTMENT EXPENSES.—The term 'qualified investment expenses' means the deductions (determined with the adjustments provided in section 56) directly connected with the production of qualified investment income to the extent that—

"(i) such deductions are allowable in computing adjusted gross income, and

"(ii) such deductions are not items of tax preference.

"(6) SPECIAL RULES FOR ESTATES AND TRUSTS.—

"(A) IN GENERAL.—In the case of an estate or trust, the alternative tax itemized deductions for any taxable year includes the deductions allowable under section 643(b) or sections 10642(c), 10651(a), and 10661(a).

"(B) DETERMINATION OF ADJUSTED GROSS INCOME.—The adjusted gross income of an estate or trust shall be computed in the same manner as in the case of an individual, except that the deductions for costs paid or incurred in connection with the administration of the estate or trust shall be treated as allowable in arriving at adjusted gross income.

"(7) LIMITATION ON MEDICAL DEDUCTION.—In applying subparagraph (C) of paragraph (1), the amount allowable as a deduction under section 213 shall be determined by substituting '10 percent' for '5 percent' in section 213(a).

"(8) TREATMENT OF INTERESTS IN LIMITED PARTNERSHIPS AND SUBCHAPTER S CORPORATIONS.—

"(A) CERTAIN INTEREST TREATED AS NOT ALLOWABLE IN COMPUTING ADJUSTED GROSS INCOME.—Any amount allowable as a deduction for interest on indebtedness incurred or continued to purchase or carry a limited business interest shall be treated as not allowable in computing adjusted gross income.

"(B) INCOME AND LOSSES TAKEN INTO ACCOUNT IN COMPUTING QUALIFIED NET INVESTMENT INCOME.—Any income or loss derived from a limited business interest shall be taken into account in computing qualified net investment income.

"(C) LIMITED BUSINESS INTEREST.—The term 'limited business interest' means an interest—

"(i) as a limited partner in a partnership, or

"(ii) as a shareholder in an S corporation if the taxpayer does not actively participate in the management of such corporation.

"SEC. 57. OTHER ITEMS OF TAX PREFERENCE.

"(a) GENERAL RULE.—For purposes of this part, the items of tax preference determined under this section are—

"(1) CAPITAL GAINS OF TAXPAYERS OTHER THAN CORPORATIONS.—

"(A) IN GENERAL.—In the case of a taxpayer other than a corporation, an amount equal to the excess of—

"(i) the net capital gain deduction for the taxable year determined under section 1202, over

"(ii) 2/5 of the amount of the net capital gain for the taxable year.

"(B) PRINCIPAL RESIDENCE.—For purposes of subparagraph (A), gain from the sale or exchange of a principal residence (within the meaning of section 1034) shall not be taken into account.

"(C) SALES OF FARM LAND BY INSOLVENT FARMERS.—For purposes of this paragraph, gain from a qualified farm sale (as defined in section 59(c)) shall not be taken into account.

"(2) APPRECIATED PROPERTY CHARITABLE DEDUCTION.—The amount of the appreciated property charitable deduction determined under subsection (b).

"(3) DEPLETION.—With respect to each property (as defined in section 614), the excess of the deduction for depletion allowable under section 611 for the taxable year over the adjusted basis of the property at the end of the taxable year (determined without regard to the depletion deduction for the taxable year).

"(4) INTANGIBLE DRILLING COSTS.—

"(A) IN GENERAL.—With respect to all oil, gas, and geothermal properties of the taxpayer, the amount (if any) by which the amount of the excess intangible drilling costs arising in the taxable year is greater than 65 percent of the net income of the taxpayer from oil, gas, and geothermal properties for the taxable year.

"(B) EXCESS INTANGIBLE DRILLING COSTS.—For purposes of subparagraph (A), the amount of the excess intangible drilling costs arising in the taxable year is the excess of—

"(i) the intangible drilling and development costs paid or incurred in connection with oil, gas, and geothermal wells (other than costs incurred in drilling a nonproductive well) allowable under section 263(c), 263(i), or 291(b) for the taxable year, over

"(ii) the amount which would have been allowable for the taxable year if such costs had been capitalized and straight line recovery of intangibles (as defined in subsection (c)) had been used with respect to such costs.

"(C) NET INCOME FROM OIL, GAS, AND GEOTHERMAL PROPERTIES.—For purposes of subparagraph (A), the amount of the net income of the taxpayer from oil, gas, and geothermal properties for the taxable year is the excess of—

"(i) the aggregate amount of gross income (within the meaning of section 613(a)) from all oil, gas, and geothermal properties of the taxpayer received or accrued by the taxpayer during the taxable year, over

"(ii) the amount of any deductions allocable to such properties reduced by the excess described in subparagraph (B) for such taxable year.

"(D) PARAGRAPH APPLIED SEPARATELY WITH RESPECT TO GEOTHERMAL PROPERTIES AND OIL AND GAS PROPERTIES.—This paragraph shall be applied separately with respect to—

"(i) all oil and gas properties which are not described in clause (ii), and

"(ii) all properties which are geothermal deposits (as defined in section 613(e)(3)).

"(5) INCENTIVE STOCK OPTIONS.—With respect to the transfer of a share of stock pursuant to the exercise of an incentive stock option (as defined in section 422A), the amount by which the fair market value of the share at the time of exercise exceeds the option price. For purposes of this paragraph, the fair market value of a share of stock shall be determined without regard to any restriction other than a restriction which, by its terms, will never lapse.

"(6) TAX-EXEMPT INTEREST.—

"(A) IN GENERAL.—Interest on nonessential function bonds (as defined in section 142) which are issued after December 31, 1985, and the interest on which is exempt from tax under section 103 reduced by the amount of any deduction disallowed under section 265 by reason of the receipt of such interest.

"(B) EXCEPTION FOR REFUNDINGS OF PRE-1986 BONDS.—Subparagraph (A) shall not apply to interest on any obligation issued after December 31, 1985, to refund an obligation issued before January 1, 1986.

"(7) SECTION 911 EXCLUSION FOR FOREIGN-EARNED INCOME.—The amount excluded from gross income of the taxpayer for the taxable year under section 911(a)(1) reduced by the amount of any deduction disallowed under section 911(d)(6).

"(8) RESERVES FOR LOSSES ON BAD DEBTS OF FINANCIAL INSTITUTIONS.—In the case of a financial institution to which section 585 or 593 applies, the amount by which the deduction allowable for the taxable year for a reasonable addition to a reserve for bad debts exceeds the amount that would have been allowable had the institution maintained its bad debt reserve for all taxable years on the basis of actual experience.

"(9) ACCELERATED DEPRECIATION OR AMORTIZATION ON CERTAIN PROPERTY PLACED IN SERVICE BEFORE JANUARY 1, 1986.—The amounts which would be treated as items of tax preference with respect to the taxpayer under paragraphs (2), (3), (4), and (12) of this subsection (as in effect on the date before the date of the enactment of the Tax Reform Act of 1985). The preceding sentence shall not apply to any property to which section 56(a)(1) applies.

"(b) APPRECIATED PROPERTY CHARITABLE DEDUCTION.—

"(1) IN GENERAL.—For purposes of subsection (a)(2), the term 'appreciated property charitable deduction' means the lesser of—

"(A) the amount by which the deduction allowable under section 170 would be reduced if all capital gain property were taken into account at its adjusted basis, or

"(B) the excess (if any) of—

"(i) the alternative minimum taxable income for the taxable year (determined without regard to this paragraph), over

"(ii) the taxable income for the taxable year (determined without regard to the deduction for personal exemptions provided by section 151 or the standard deduction).

"(2) CAPITAL GAIN PROPERTY.—For purposes of this subsection, the term 'capital gain property' has the meaning given to such term by section 170(b)(1)(C)(iv). Such term shall not include any property to which an election under section 170(b)(1)(C)(iii) applies.

"(c) STRAIGHT LINE RECOVERY OF INTANGIBLES DEFINED.—For purposes of paragraph (4) of subsection (a)—

"(1) IN GENERAL.—The term 'straight line recovery of intangibles' when used with respect to intangible drilling and development costs for any well, means (except in the case of an election under paragraph (2) ratable amortization of such costs over the 120-month period beginning with the month in which production from such well begins.

"(2) ELECTION.—If the taxpayer elects, at such time and in such manner as the Secretary may by regulations prescribe, with respect to the intangible drilling and development costs for any well, the term 'straight line recovery of intangibles' means any method which would be permitted for purposes of determining cost depletion with respect to such well and which is selected by the taxpayer for purposes of subsection (a)(4).

"SEC. 58. DENIAL OF CERTAIN LOSSES.

"(a) DENIAL OF EXCESS FARM LOSS.—

"(1) IN GENERAL.—For purposes of computing the amount of the alternative minimum taxable income for any taxable year—

"(A) DISALLOWANCE OF EXCESS FARM LOSS.—The excess farm loss of the taxpayer for such taxable year shall not be allowed.

"(B) DEDUCTION IN SUCCEEDING TAXABLE YEAR.—Any loss from a tax shelter farm activity disallowed under subparagraph (A) shall be treated as a deduction allocable to such activity in the 1st succeeding taxable year.

"(2) EXCESS FARM LOSS.—For purposes of this section, the term 'excess farm loss' means the amount by which the loss for the taxable year from any tax shelter farm activity exceeds twice the taxpayer's cash basis in such activity as of the close of the taxable year.

"(3) TAX SHELTER FARM ACTIVITY.—For purposes of this subsection, the term 'tax shelter farm activity' means—

"(A) any farming syndicate as defined in section 464(c) (as modified by section 461(i)(4)(A)), and

"(B) any other activity consisting of farming unless the taxpayer materially participates in the operation of such activity or is a member of the family (within the meaning of section 2032A(e)(2)) of an individual who so participates.

The determination of whether any individual materially participates in the operation of any activity shall be made in the manner similar to the manner in which such determination is made under section 2032A (including modifications under paragraphs (4) and (5) of section 2032A(b)); except that an individual shall not be treated materially participating in the operation of any activity if such individual is a limited partner with respect to such activity.

"(4) TREATMENT OF SEPARATE ACTIVITIES.—A taxpayer's activity with respect to each farm of which the taxpayer is the proprietor shall be treated as a separate activity.

"(b) DISALLOWANCE OF EXCESS PASSIVE ACTIVITY LOSS.—

"(1) IN GENERAL.—For purposes of determining the amount of the alternative minimum taxable income for any taxable year—

"(A) DISALLOWANCE ON LOSS.—The excess passive activity loss of the taxpayer for the taxable year shall not be allowed.

"(B) DEDUCTION IN SUCCEEDING TAXABLE YEAR.—Any loss from an activity disallowed under subparagraph (A) shall be treated as a deduction allowable to such activity in the 1st succeeding taxable year.

"(2) EXCESS PASSIVE ACTIVITY LOSS.—For purposes of this subsection, the term 'excess passive activity loss' means the amount by which—

"(A) the aggregate losses from all passive activities reduced by the aggregate income from such activities exceed

"(B) the sum of—

"(i) the taxpayer's cash basis in passive activities which are not tax shelters, and

"(ii) the lesser of—

"(I) the taxpayer's cash basis in passive activities which are tax shelters, or

"(II) $50,000.

For purposes of the preceding sentence, the term 'tax shelter' has the meaning given to such term by section 461(i)(3).

"(3) PASSIVE ACTIVITY.—For purposes of paragraph (1)—

"(A) IN GENERAL.—The term 'passive activity' means any activity if a substantial portion of the income from such activity is from a trade or business. For purposes of the preceding sentence, all rents and royalties shall be treated as income from a trade or business.

"(B) ACTIVITIES IN WHICH TAXPAYER MATERIALLY PARTICIPATES, ETC., EXCLUDED.—An activity shall not be treated as a passive activity under subparagraph (A) if the taxpayer (or the spouse of the taxpayer)—

"(i) materially participates in the activity, or

"(ii) provides substantial personal services for the activity.

"(C) TREATMENT OF LIMITED PARTNERS.—A limited partner shall not be treated as meeting the requirements of clause (i) or (ii) of subparagraph (B) with respect to an activity.

"(D) TREATMENT OF CERTAIN RETIRED INDIVIDUALS.—A taxpayer shall be treated as materially participating in the operation of any farm activity if such individual meets the requirements of paragraph (4) or (5) of section 2032A(b) with respect to such activity.

"(4) COORDINATION WITH SUBSECTION (a).—Loss from a farm activity to the extent it is disallowed under subsection (a) shall not be taken into account under this subsection.

"(c) DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

"(1) CASH BASIS.—The term 'cash basis' means—

"(A) in the case of an interest in a partnership, the adjusted basis of the taxpayer's interest in such partnership, determined without regard to—

"(i) any liability of the partnership, and

"(ii) any amount borrowed by the partner with respect to such partnership which—

"(I) was arranged by the partnership or by any person who participated in the organization, sale, or management of the partnership (or any person related to such person within the meaning of section 461(i)), or

"(II) was secured by any assets of the partnership, and

"(B) in the case of any other interest in an activity, the adjusted basis of such interest determined under the principles of subparagraph (A).

"(2) DEFINITION OF LOSS.—The loss from any activity shall be determined under the principles of section 465(d); except that—

"(A) the adjustments of section 56 shall apply, and

"(B) any deduction to the extent such deduction is an item of tax preference under section 57(a) shall not be taken into account, and

"(C) any loss resulting from the disposition of part or all of any interest in such activity shall not be taken into account.

"(3) CERTAIN RULES MADE APPLICABLE.—For purposes of this subsection, rules similar to the rules of subsections (b)(5) and (e) of section 465 shall apply.

"(4) LOSS ALLOWED FOR YEAR OF DISPOSITION.—If the taxpayer disposes of his entire interest in any farm shelter activity or passive activity during any taxable year, the amount of the loss attributable to such activity (determined after carryovers under subsections (a)(1)(B) and (b)(1)(B)) shall be allowed for such taxable year in computing alternative minimum taxable income and not treated as a loss from a tax shelter farm activity or passive activity.

"SEC. 59. OTHER DEFINITIONS AND SPECIAL RULES.

"(a) ALTERNATIVE MINIMUM TAX FOREIGN TAX CREDIT.—For purposes of this part, the alternative minimum tax foreign tax credit for any taxable year shall be the credit which would be determined under section 27(a) for such taxable year if—

"(1) the amount determined under section 55(b)(1)(A) were the tax against which such credit was taken for purposes of section 904 for the taxable year and all prior taxable years beginning after December 31, 1985,

"(2) section 904 were applied on the basis of alternative minimum taxable income instead of taxable income, and

"(3) section 911(d)(6) did not apply for taxable years beginning after December 31, 1985.

"(b) MINIMUM TAX NOT TO APPLY TO 936 CORPORATIONS.—The tax imposed by this part shall not apply to any corporation for which a credit is allowable for the taxable year under section 936.

"(c) QUALIFIED FARM SALE.—

"(1) IN GENERAL.—For purposes of subsection (a)(9)(E), the term 'qualified farm sale' means any sale or exchange before January 1, 1989, to an unrelated person of farmland during any taxable year if—

"(A) 50 percent or more of the average annual gross income of the taxpayer for the 3 preceding taxable years is attributable to the trade or business of farming,

"(B) such taxpayer is insolvent (within the meaning of section 108(d)(3)) as of the time of the sale or exchange,

"(C) substantially all of the proceeds from the sale or exchange are applied in satisfaction of indebtedness of the taxpayer, and

"(D) 90 percent or more of the fair market value of the farmland held by the taxpayer as of the beginning of such taxable year is sold or exchanged during such taxable year in qualified farm sales (determined without regard to this subparagraph).

"(2) DEFINITIONS.—For purposes of this subsection—

"(A) FARMLAND.—The term 'farmland' means any land used or held for use in the trade or business of farming.

"(B) UNRELATED PERSON.—The term 'unrelated person' means any person other than a related person (as defined in section 453(f)(1)).

"(d) SPECIAL RULES FOR TREATMENT OF CERTAIN ENTITIES.—

"(1) ESTATES AND TRUSTS.—In the case of an estate or trust, the differently treated items for any taxable year shall be apportioned between the estate or trust and the beneficiaries in accordance with regulations prescribed by the Secretary.

"(2) PARTICIPANTS IN A COMMON TRUST FUND.—The differently treated items of a common trust fund (as defined in section 584(a)) for each taxable year of the fund shall be treated as items of the participants of such fund and shall be apportioned pro rata among such participants. For purposes of this subsection, this part shall be treated as applying to such fund.

"(3) REGULATED INVESTMENT COMPANIES AND REAL ESTATE INVESTMENT TRUSTS.—In the case of a regulated investment company to which part I of subchapter M applies or a real estate investment company to which part II of subchapter M applies, the differently treated items of such company or

trust for the taxable year shall be apportioned between the company or trust and shareholders and holders of beneficial interests in such company or trust in accordance with regulations prescribed by the Secretary.

"(4) DIFFERENTLY TREATED ITEMS.—For purposes of this subsection, the term 'differently treated item' means any item of tax preference or any other item which is treated differently for purposes of this part than for purposes of computing the regular tax.

"(e) OPTIONAL 10-YEAR WRITEOFF OF CERTAIN TAX PREFERENCES.—

"(1) IN GENERAL.—For purposes of this title, any qualified expenditure to which an election under this paragraph applies shall be allowed as a deduction ratably over the 10-year period (3-year period in the case of circulation expenditures described in section 173) beginning with the taxable year in which such expenditure was made.

"(2) QUALIFIED EXPENDITURE.—For purposes of this subsection, the term 'qualified expenditure' means any amount which, but for an election under this subsection, would have been allowable as a deduction for the taxable year in which paid or incurred under—

"(A) section 173 (relating to circulation expenditures),

"(B) section 174(a) (relating to research and experimental expenditures),

"(C) section 263(c) (relating to intangible drilling and development expenditures), or

"(D) section 616(a) (relating to mining exploration and development expenditures).

"(3) OTHER SECTIONS NOT APPLICABLE.—Except as provided in this subsection, no deduction shall be allowed under any other section for any qualified expenditure to which an election under this subsection applies.

"(4) ELECTION.—

"(A) IN GENERAL.—An election may be made under this subsection with respect to any portion of any qualified expenditure.

"(B) REVOCABLE ONLY WITH CONSENT.—Any election under this subsection may be revoked only with the consent of the Secretary.

"(C) TIME AND MANNER.—An election under this subsection shall be made at such time and in such manner as the Secretary shall by regulations prescribe.

"(D) PARTNERS AND SHAREHOLDERS OF S CORPORATIONS.—In the case of a partnership, any election under this subsection shall be made separately by each partner with respect to the partner's allocable share of any qualified expenditure. A similar rule shall apply in the case of an S corporation and its shareholders.

"(5) DISPOSITIONS.—

"(A) OIL, GAS, AND GEOTHERMAL PROPERTY.—In the case of any disposition of any oil, gas, or geothermal property to which section 1254 applies (determined without regard to this section) any deduction under paragraph (1) with respect to costs which are allocable to such property shall, for purposes of section 1254, be treated as a deduction allowable under section 263(c).

"(B) APPLICATION OF SECTION 616(C).—In the case of any disposition of mining property to which section 616(c) applies (determined without regard to this subsection), any amount allowable as a deduction under paragraph (1) which is allocable to such property shall, for purposes of section 616(c), be treated as a deduction allowable under section 616(a).

"(6) AMOUNTS TO WHICH ELECTION APPLY NOT TREATED AS TAX PREFERENCE.—Any qualified expenditure to which an election under paragraph (1) or (4) applies shall not be treated as an item of tax preference under section 57(a) and section 56 shall not apply to such expenditure.

"(f) COORDINATION WITH SECTION 291.—Section 291 shall apply before the application of this part."

"(g) TAX BENEFIT RULE.—The Secretary shall prescribe regulations under which differently treated items shall be properly adjusted where the tax treatment giving rise to such items will not result in the reduction of the taxpayer's regular tax for any taxable year."

(b) CREDIT AGAINST REGULAR TAX FOR PRIOR YEAR MINIMUM TAX LIABILITY.—Part IV of subchapter A of chapter 1 (relating to credits allowable) is amended by adding at the end thereof the following new subpart:

"Subpart G—Credit Against Regular Tax For Prior Year Minimum Tax Liability

"Sec. 53. Credit for prior year minimum tax liability.

"SEC. 53. CREDIT FOR PRIOR YEAR MINIMUM TAX LIABILITY.

"(a) ALLOWANCE OF CREDIT.—There shall be allowed as a credit against the tax imposed by this chapter for any taxable year an amount equal to the minimum tax credit for such taxable year.

"(b) MINIMUM TAX CREDIT.—For purposes of subsection (a), the minimum tax credit for any taxable year is the excess (if any) of—

"(1) the net minimum tax imposed for all prior taxable years beginning after 1985, over

"(2) the amount allowable as a credit under subsection (a) for such prior taxable years.

"(c) LIMITATION.—The credit allowable under subsection (a) for any taxable year shall not exceed the lesser of—

"(1) the regular tax liability of the taxpayer for such taxable year reduced by the sum of the credits allowable under subparts A, B, D, E, and F of this part, or

"(2) the excess (if any) of the amount determined under paragraph (1) over the tentative minimum tax for the taxable year.

"(d) DEFINITIONS.—For purposes of this section—

"(1) NET MINIMUM TAX.—

"(A) IN GENERAL.—The term 'net minimum tax' means the tax imposed by section 55.

"(B) EXCLUSION PREFERENCES OF INDIVIDUALS NOT TAKEN INTO ACCOUNT.—In the case of a taxpayer other than a corporation, the amount of the net minimum tax for any taxable year shall be reduced by the amount which would have been the net minimum tax for such year if sections 56 (other than subsection (b)(1) thereof) and 58 did not apply and the only items of tax preference taken into account were the items described in paragraphs (1), (2), (3), (6), and (7) of section 57(a).

"(2) TENTATIVE MINIMUM TAX.—The term 'tentative minimum tax' has the meaning given to such term by section 55(b)."

(c) CREDITS NOT ALLOWABLE AGAINST MINIMUM TAX.—

(1) PERSONAL CREDITS.—

(A) Subsection (a) of section 26 (relating to limitation based on amount of tax) is amended to read as follows:

"(a) LIMITATION BASED ON AMOUNT OF TAX.—The aggregate amount of credits allowed by this subpart for the taxable year shall not exceed the excess (if any) of—

"(1) the taxpayer's regular tax liability for the taxable year, over

"(2) the tentative minimum tax for the taxable year (determined without regard to the alternative minimum tax foreign tax credit)."

(B) REGULAR TAX LIABILITY.—Subsection (b) of section 26 is amended—

(i) by striking out "tax liability" in paragraph (1) and inserting in lieu thereof "regular tax liability",

(ii) by striking out subparagraph (A) of paragraph (2) and inserting in lieu thereof the following:

"(A) section 55 (relating to minimum tax),", and

(iii) by striking out "TAX LIABILITY" in the subsection heading and inserting in lieu thereof "REGULAR TAX LIABILITY".

(c) GROSS MINIMUM TAX.—Subsection (c) of section 26 is amended to read as follows:

"(c) TENTATIVE MINIMUM TAX.—For purposes of this part, the term 'tentative minimum tax' means the amount determined under section 55(b)(1)."

(2) CREDIT FOR CLINICAL TESTING EXPENSES.—Paragraph (2) of section 28(d) is amended to read as follows:

"(2) LIMITATION BASED ON AMOUNT OF TAX.—The credit allowed by this section for any taxable year shall not exceed the excess (if any) of—

"(A) the regular tax (reduced by the sum of the credits allowable under subpart A and section 27), over

"(B) the tentative minimum tax for the taxable year."

(3) CREDIT FOR PRODUCTION OF FUEL FROM NONCONVENTIONAL SOURCES.—Paragraph (5) of section 29(b) is amended to read as follows:

"(5) APPLICATION WITH OTHER CREDITS.—The credit allowed by subsection (a) for any taxable year shall not exceed the excess (if any) of—

"(A) the regular tax for the taxable year reduced by the sum of the credits allowable under subpart A of sections 27 and 28, over

"(B) the tentative minimum tax for the taxable year."

(4) GENERAL BUSINESS CREDIT.—Subsection (c) of section 38 (relating to limitation based on amount of tax) is amended by redesignating paragraph (3) as paragraph (4), and by striking out paragraphs (1) and (2) and inserting in lieu thereof the following:

"(1) IN GENERAL.—The credit allowed under subsection (a) for any taxable year shall not exceed the lesser of—

"(A) the allowable portion of the taxpayer's net regular tax liability for the taxable year, or

"(B) the excess (if any) of the taxpayer's net regular liability for the taxable year over the tentative minimum tax for the taxable year.

"(2) ALLOWABLE PORTION OF REGULAR TAX LIABILITY.—For purposes of paragraph (1), the allowable portion of the taxpayer's net regular tax liability for the taxable year is the sum of—

"(A) so much of the taxpayer's net regular tax liability for the taxable year as does not exceed $25,000, plus

"(B) 75 percent of so much of the taxpayer's net regular tax liability for the taxable year as exceeds $25,000.

For purposes of the preceding sentence, the term 'net regular tax liability' means the regular tax liability reduced by the sum of the credits allowable under subparts A and B of this part.

"(3) UNUSED CREDITS FROM YEARS BEFORE 1986 MAY OFFSET 75 PERCENT OF MINIMUM TAX WHERE CORPORATION HAS NET OPERATING

LOSSES BEFORE 1986.—In the case of any taxpayer—

"(A) which is a C corporation, and

"(B) which has net operating losses in at least 2 of its last 3 taxable years ending before January 1, 1986,

in the case of unused business credits from taxable years beginning before January 1, 1986, the limitation of paragraph (1) shall not be less than 75 percent of the tentative minimum tax for the taxable year."

(c) ESTIMATED TAX PROVISIONS TO APPLY TO CORPORATE MINIMUM TAX.—

(1) Paragraph (1) of section 6154(c) is amended to read as follows:

"(1) The amount which the corporation estimates as the sum of—

"(A) the income tax imposed by section 11 or 1201(a), or subchapter L of chapter 1, whichever is applicable, and

"(B) the minimum tax imposed by section 55, over".

(2) Subparagraph (A) of section 6425(c)(1) is amended to read as follows:

"(A) The sum of—

"(i) the tax imposed by section 11 or 1201(a), or subchapter L of chapter 1, whichever is applicable, plus

"(ii) the tax imposed by section 55, over".

(3) Paragraph (1) of section 6655(f) is amended to read as follows:

"(A) The sum of—

"(i) the tax imposed by section 11 or 1201(a), or subchapter L of chapter 1, whichever is applicable, plus

"(ii) the tax imposed by section 55, over".

(d) TECHNICAL AMENDMENTS.—

(1) COORDINATION OF SECTION 265 WITH MINIMUM TAX.—Section 265 (relating to expenses and interest relating to tax-exempt interest) is amended by adding at the end thereof the following new paragraph:

"(6) SPECIAL RULE FOR INTEREST TREATED AS TAX PREFERENCE.—Interest shall not fail to be treated as wholly exempt from taxes imposed by this subtitle solely by reason of being an item of tax preference under section 57."

(2) APPLICATION OF SECTION 381.—Subsection (c) of section 381 is amended by adding at the end thereof the following new paragraph:

"(27) CREDIT UNDER SECTION 53.—The acquiring corporation shall take into account (to the extent proper to carry out the purposes of this section and section 53, and under such regulations as may be prescribed by the Secretary) the items required to be taken into account for purposes of section 53 in respect of the distributor or transferor corporation."

(3) LIMITATION IN CASE OF CONTROLLED CORPORATIONS.—Subsection (a) of section 1561 (relating to limitations on certain multiple tax benefits in the case of certain controlled corporations) is amended—

(A) by striking out "and" at the end of paragraph (1), by striking out the period at the end of paragraph (2) and inserting in lieu thereof ", and" and by inserting after paragraph (2) the following new paragraph:

"(3) one $40,000 exemption amount for purposes of computing the amount of the minimum tax.", and

(B) by striking out "amounts specified in paragraph (1)" and inserting in lieu thereof "amounts specified in paragraph (1) (and the amount specified in paragraph (3))".

(4) TREATMENT OF SHORT TAXABLE YEARS.—Subsection (d) of section 443 (relating to adjustment in computing minimum tax for tax preference) is amended to read as follows:

"(d) ADJUSTMENT IN COMPUTING MINIMUM TAX AND TAX PREFERENCES.—If a return is made for a short period by reason of subsection (a)—

"(1) the alternative minimum taxable income for the short period shall be placed on an annual basis by multiplying such amount by 12 and dividing the result by the number of months in the short period, and

"(2) the amount computed under paragraph (1) of section 55 shall bear the same relation of the tax computed on the annual basis as the number of months in the short period bears to 12."

(e) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as otherwise provided in this subsection, the amendments made by this section shall apply to taxable years beginning after December 31, 1985.

(2) ADJUSTMENT OF NET OPERATING LOSS.—

(A) INDIVIDUALS.—In the case of a net operating loss of an individual for a taxable year beginning after December 31, 1982, and before January 1, 1986, for purposes of determining the amount of such loss which may be carried to a taxable year beginning after December 31, 1985, for purposes of the minimum tax, such loss shall be adjusted in the manner provided in section 55(d)(2) of the Internal Revenue Code of 1954 as in effect on the day before the date of the enactment of this Act.

(B) CORPORATIONS.—If the minimum tax of the corporation was deferred under section 56(b) of the Internal Revenue Code of 1954 (as in effect on the day before the date of the enactment of this Act) for any taxable year beginning before January 1, 1986, and the amount of such tax has not been paid for any taxable year beginning before January 1, 1986, the amount of the net operating loss carryovers of such corporation which may be carried to taxable years beginning after December 31, 1985, for purposes of the minimum tax shall be reduced by the amount of tax preferences a tax on which was so deferred.

(3) TRANSITIONAL RULE FOR LOSS DISALLOWANCE RULES.—For purposes of section 58 of the Internal Revenue Code of 1954—

(A) the cash invested in any activity as of the beginning of any taxable year beginning in 1986 shall be treated as not less than zero, and

(B) in applying the principles of section 465 of such Code for purposes of such section 58, there shall be no recapture of any loss from a taxable year beginning before January 1, 1986.

(4) FARM SALE.—For purposes of applying section 57(a)(9) of the Internal Revenue Code of 1954 (as in effect on the day before the date of the enactment of this Act) for taxable years beginning after December 31, 1984, the amount of the net capital gain of any individual shall be determined without taking into account any gain from a qualified farm sale (as defined in section 59(c) of such Code) is amended by this Act.

(5) CERTAIN PUBLIC UTILITY PROPERTY.—If, on September 25, 1985, a regulated electric utility owned an undivided interest, within the range of 1,111 and 1,149, in the "maximum dependable capacity, net, megawatts electric" of an electric generating unit for which a binding written contract was in effect on December 31, 1980—

(A) the amendments made by this section shall not apply with respect to depreciation deductions allowable with respect to such unit, and

(B) any investment tax credit with respect to such unit shall be treated in the manner provided in section 38(c)(3) (without regard to the requirements that the credits be from years before January 1, 1986, and without regard to the net operating loss requirement).

A disposition after December 31, 1985, of a portion of the electric utility's undivided interest in the generating unit will not affect such utility's treatment of depreciation deductions and investment tax credits with respect to any interest retained in the generating unit.

TITLE VI—FOREIGN TAX PROVISIONS

Subtitle A—Foreign Tax Credit Modifications

SEC. 601. SEPARATE APPLICATION OF SECTION 904 WITH RESPECT TO CERTAIN CATEGORIES OF INCOME.

(a) GENERAL RULE.—Paragraph (1) of section 904(d) (relating to separate application of section 904 with respect to certain income) is amended by striking out subparagraph (A), by redesignating subparagraphs (B), (C), (D), and (E) as subparagraphs (D), (E), (F), and (G), respectively, and by inserting before subparagraph (D) (as so redesignated) the following new subparagraphs:

"(A) passive income,

"(B) banking or insurance income,

"(C) shipping income,".

(b) CATEGORIES DEFINED.—Subsection (d) of section 904 is amended by striking out paragraphs (2) and (3) and inserting in lieu thereof the following:

"(2) DEFINITIONS.—For purposes of this subsection—

"(A) PASSIVE INCOME.—

"(i) IN GENERAL.—Except as otherwise provided in this subparagraph, the term 'passive income' means any income received or accrued by any person which is of a kind which would be foreign personal holding company income (as defined in section 954(c), as modified by section 954(b)(6)).

"(ii) CERTAIN AMOUNTS INCLUDED.—

"(I) The term 'passive income' includes any amount includible in gross income under section 551 or by reason of section 1246A.

"(II) The last sentence of section 954(c)(1)(D) (relating to exception for certain foreign currency dealings) shall not apply with respect to a taxpayer which uses the dollar as its functional currency.

"(iii) EXCEPTIONS.—The term 'passive income'—

"(I) shall not include any banking or insurance income,

"(II) shall not include any high-taxed income,

"(III) shall not include any foreign oil and gas extraction income (as defined in section 907(c)), and

"(IV) shall not include any rents and royalties which are derived in the active conduct of a trade or business and which are received from a person other than a related person (as defined in section 954(d)(3)).

"(B) BANKING OR INSURANCE INCOME.—The term 'banking or insurance income' means income received or accrued by any person—

"(i) which is derived in the conduct of a banking, financing, or similar business, or derived from the investment by an insurance company of its unearned premiums or reserves ordinary and necessary for the proper conduct of its insurance business, and

"(ii) any income which is of a kind which would be insurance income as defined in section 953(a); except that subparagraphs (A) and (B) of paragraph (1) of such section (limiting insurance income to income from countries other than the country in which the corporation was created or organized) shall not apply.

"(C) SHIPPING INCOME.—The term 'shipping income' means income received or accrued by any person which is of a kind which would be foreign base company shipping income (as defined in section 954(f)).

"(D) HIGH-TAXED INCOME.—The term 'high-taxed income' means any income which (but for this subparagraph) would be passive income if the sum of—

"(i) the foreign income taxes paid or accrued by the taxpayer with respect to such income, and

"(ii) the foreign income taxes treated as paid by the taxpayer with respect to such income under section 902 or 960,

exceeds the highest rate of tax specified in section 11 multiplied by the amount of such income (determined with regard to section 78). For purposes of the preceding sentence, the term 'foreign income taxes' means any income, war profits, or excess profits tax imposed by any foreign country or possession of the United States.

"(3) LOOK-THROUGH IN CASE OF DIVIDENDS, ETC., FROM 10-PERCENT OWNED FOREIGN CORPORATIONS.—

"(A) IN GENERAL.—Except as otherwise provided in this paragraph, dividends, interest, and royalties received or accrued from a 10-percent owned foreign corporation shall not be taken into account under paragraph (2).

"(B) SUBPART F INCLUSIONS.—Any amount included in gross income under section 951(a) shall be treated as passive income, banking or insurance income, or shipping income (as the case may be) to the extent the amount so included is attributable to such type of income.

"(C) INTEREST AND ROYALTIES.—Any interest or royalty which is received or accrued from a 10-percent owned foreign corporation shall be treated as passive income, banking or insurance income, or shipping income (as the case may be) to the extent it is properly allocable (under regulations prescribed by the Secretary) to such type of income of the 10-percent owned foreign corporation. Under regulations, the preceding sentence shall apply to foreign entities (other than corporations) in which the taxpayer has a 10 percent or greater interest.

"(D) DIVIDENDS.—Any dividend paid out of the earnings and profits of any 10-percent owned foreign corporation shall be treated as passive income, banking or insurance income, or shipping income (as the case may be) in proportion to the ratio of—

"(i) the portion of the earnings and profits attributable to such type of income, to

"(ii) the total amount of earnings and profits.

"(E) 10-PERCENT OWNED FOREIGN CORPORATION.—The term '10-percent owned foreign corporation' means any foreign corporation in which the taxpayer owns directly or indirectly at least 10 percent of the voting stock.

"(4) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary or appropriate for the purposes of this subsection, including regulations for the application of paragraph (3) in the case of income paid through 1 or more entities or between 2 or more chains of entities."

(b) TECHNICAL AMENDMENTS.—

(1) The subsection heading of section 904(d) is amended to read as follows:

"(d) SEPARATE APPLICATION OF SECTION WITH RESPECT TO CERTAIN CATEGORIES OF INCOME.—".

(2) Subparagraph (G) of section 904(d)(1) (as redesignated by subsection (a)) is amended by striking out "in subparagraph (A), (B), (C), or (D)" and inserting in lieu thereof "in any of the preceding subparagraphs".

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 1985.

SEC. 602. TREATMENT OF CERTAIN WITHHOLDING TAXES AND SUBSIDIES.

(a) TREATMENT OF WITHHOLDING TAXES ON CERTAIN INTEREST INCOME.—Section 901 (relating to credit for foreign taxes) is amended by redesignating subsection (i) as subsection (j) and by inserting after subsection (h) the following new subsection:

"(i) TREATMENT OF CERTAIN WITHHOLDING TAXES AND SUBSIDIES.—

"(1) WITHHOLDING TAXES ON CERTAIN INTEREST.—No credit shall be allowed under this section for any withholding tax (or other tax determined on a gross basis) imposed on interest income (or its equivalent) received or accrued by a bank, insurance company, or other financial institution or by any related person to the extent the tax so imposed exceeds the tax imposed by this chapter which is attributable to such interest income. For purposes of the preceding sentence, the term 'related person' has the meaning given such term by section 954(d)(3), except that section 954(d)(3) shall be applied by substituting 'the taxpayer' for 'controlled foreign corporation' each place it appears.

"(2) TREATMENT OF SUBSIDIES.—Any income, war profits, or excess profits tax shall not be treated as a tax for purposes of this title to the extent—

"(A) the amount of such tax is used (directly or indirectly) by the country imposing such tax to provide a subsidy by any means to the taxpayer, a related person (within the meaning of section 482), or any party to the transaction, and

"(B) such subsidy is determined (directly or indirectly) by reference to the amount of such tax, or the base used to compute the amount of such tax."

(b) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendment made by subsection (a) shall apply to foreign taxes paid or accrued in taxable years beginning after December 31, 1985.

(2) EXISTING LOANS TO BORROWERS IN CERTAIN COUNTRIES.—

(A) IN GENERAL.—In the case of a qualified loan, section 901(i)(1) (as amended by this section) shall not apply to any foreign tax imposed on interest for periods before January 1, 1989.

(B) LIMITATION ON CREDITABLE TAX.—Subparagraph (A) shall not apply to any tax referred to in such subparagraph to the extent such tax exceeds the amount which would have been imposed on the basis of—

(i) the rate of foreign tax applicable to such loan on November 16, 1985,

(ii) the rate of interest on such loan on November 16, 1985, and

(iii) the principal amount of such loan on November 16, 1985, increased by—

(I) 3 percent of such amount in the case of interest paid or accrued during calendar year 1986,

(II) 3 percent of such amount (as increased by subclause (I)) in the case of interest paid or accrued during calendar year 1987, and

(III) 3 percent of such amount (as increased by subclauses (I) and (II)) in the case of interest paid or accrued during calendar year 1988.

(C) QUALIFIED LOAN.—For purposes of this paragraph, the term 'qualified loan' means any loan made by the taxpayer which was outstanding on November 16, 1985, and which was made to a borrower in any of the following countries:

(i) Argentina,
(ii) Bolivia,
(iii) Brazil,
(iv) Chile,
(v) Colombia,
(vi) Ecuador,
(vii) Ivory Coast,
(viii) Mexico,
(ix) Morocco,
(x) Nigeria,
(xi) Peru,
(xii) Philippines,
(xiii) Uruguay,
(xiv) Venezuela,
(xv) Yugoslavia

(D) TREATMENT OF RESTRUCTURINGS.—For purposes of this paragraph, any loan resulting from the rollover, rescheduling, or restructuring of a qualified loan (within the meaning of subparagraph (C)), and any increase in the principal amount of indebtedness to the taxpayer by any obligor of any qualified loan made by the taxpayer, shall be treated as a qualified loan subject to the limitations of subparagraph (B).

SEC. 603. CLARIFICATION OF TREATMENT OF SEPARATE LIMITATION LOSSES.

(a) GENERAL RULE.—Subsection (f) of section 904 (relating to recapture of overall foreign loss) is amended by adding at the end thereof the following new paragraph:

"(5) CLARIFICATION OF TREATMENT OF SEPARATE LIMITATION LOSSES.—

"(A) IN GENERAL.—The amount of the separate limitation losses for any taxable year shall reduce income from sources within the United States for such taxable year only to the extent the aggregate amount of such losses exceeds the aggregate amount of the separate limitation incomes for such taxable year.

"(B) ALLOCATION OF LOSSES.—The separate limitation losses for any taxable year (to the extent such losses do not exceed the separate limitation incomes for such year) shall be allocated among (and operate to reduce) such incomes on a proportionate basis.

"(C) RECHARACTERIZATION OF SUBSEQUENT INCOME.—If—

"(i) a separate limitation loss from any income category (hereinafter in this subparagraph referred to as a 'loss category') was allocated to income from any other category under subparagraph (B), and

"(ii) the loss category has income for a subsequent taxable year,

such income (to the extent it does not exceed the aggregate separate limitation losses from the loss category not previously recharacterized under this subparagraph) shall be recharacterized as income from such other category in proportion to the prior reductions under subparagraph (B) in such categories not previously taken into account under this subparagraph.

"(D) DEFINITIONS.—For purposes of this paragraph—

"(i) INCOME CATEGORY.—The term 'income category' means each separate category of income described in subsection (d)(1).

"(ii) SEPARATE LIMITATION INCOME.—The term 'separate limitation income' means, with respect to any income category, the taxable income from sources without the United States, separately computed for such category.

"(iii) SEPARATE LIMITATION LOSS.—The term 'separate limitation loss' means, with respect to any income category, the loss from such category determined under the principles of section 907(c)(4)(B)."

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to losses incurred in taxable years beginning after December 31, 1985.

SEC. 604. DEEMED PAID CREDIT UNDER SECTIONS 902 AND 960 DETERMINED ON ACCUMULATED BASIS.

(a) GENERAL RULE.—Section 902 (relating to credit for corporate stockholder in foreign corporation) is amended to read as follows:

"SEC. 902. DEEMED PAID CREDIT WHERE DOMESTIC CORPORATION OWNS 10 PERCENT OR MORE OF VOTING STOCK OF FOREIGN CORPORATION.

"(a) TAXES PAID BY FOREIGN CORPORATION TREATED AS PAID BY DOMESTIC CORPORATION.—For purposes of this subpart, a domestic corporation which owns 10 percent or more of the voting stock of a foreign corporation from which it receives dividends in any taxable year shall be deemed to have paid the same proportion of such foreign corporation's post-1985 foreign income taxes as—

"(1) the amount of such dividends (determined without regard to section 78), bears to

"(2) such foreign corporation's post-1985 undistributed earnings.

"(b) DEEMED TAXES INCREASED IN CASE OF CERTAIN 2ND AND 3RD TIER FOREIGN CORPORATIONS.—

"(1) 2ND TIER.—If the foreign corporation described in subsection (a) (hereinafter in this section referred to as the '1st tier corporation') owns 10 percent or more of the voting stock of a 2nd foreign corporation from which it receives dividends in any taxable year, the 1st tier corporation shall be deemed to have paid the same proportion of such 2nd foreign corporation's post-1985 foreign income taxes as would be determined under subsection (a) if such 1st tier corporation were a domestic corporation.

"(2) 3RD TIER.—If such 1st tier corporation owns 10 percent or more of the voting stock of a 2nd foreign corporation which, in turn, owns 10 percent or more of the voting stock of a 3rd foreign corporation, such 2nd foreign corporation shall be deemed to have paid the same proportion of such 3rd foreign corporation's post-1985 foreign income taxes as would be determined under subsection (a) if such 2nd foreign corporation were a domestic corporation.

"(3) 5 PERCENT STOCK REQUIREMENT.—For purposes of this subpart—

"(A) FOR 2ND TIER.—Paragraph (1) shall not apply unless the percentage of voting stock owned by the domestic corporation in the 1st tier corporation and the percentage of voting stock owned by the 1st tier corporation in the 2nd foreign corporation when multiplied together equal at least 5 percent.

"(B) FOR 3RD TIER.—Paragraph (2) shall not apply unless the percentage arrived at for purposes of applying paragraph (1) when multiplied by the percentage of voting stock owned by the 2nd foreign corporation in the 3rd foreign corporation is equal to at least 5 percent.

"(c) DEFINITIONS.—For purposes of this section—

"(1) POST-1985 UNDISTRIBUTED EARNINGS.—The term 'post-1985 undistributed earnings' means the amount of the accumulated earnings and profits of the foreign corporation for taxable years beginning after December 31, 1985, computed in accordance with section 964—

"(A) as of the close of the taxable year of the foreign corporation in which the dividend is distributed, and

"(B) without diminution by reason of dividends distributed during such taxable year.

"(2) POST-1985 FOREIGN INCOME TAXES.—The term 'post-1985 foreign income taxes' means the sum of—

"(A) the foreign income taxes with respect to the taxable year of the foreign corporation in which the dividend is distributed, and

"(B) the foreign income taxes with respect to prior taxable years beginning after December 31, 1985, to the extent such foreign taxes were not deemed paid with respect to dividends distributed by the foreign corporation in prior taxable years.

"(3) SPECIAL RULE WHERE DOMESTIC CORPORATION ACQUIRES 10 PERCENT OF FOREIGN CORPORATION AFTER DECEMBER 31, 1985.—

"(A) IN GENERAL.—If the first day on which the ownership requirements of subparagraph (B) are met with respect to any foreign corporation is in a taxable year of such corporation beginning after December 31, 1985, the post-1985 undistributed earnings and the post-1985 foreign income taxes of such foreign corporation shall be determined by only taking into account periods beginning on and after the first day of the first taxable year in which such ownership requirements are met.

"(B) OWNERSHIP REQUIREMENTS.—The ownership requirements of this subparagraph are met with respect to any foreign corporation if—

"(i) 10 percent or more of the voting stock of such foreign corporation is owned by a domestic corporation,

"(ii) 10 percent or more of the voting stock of such foreign corporation is held by another foreign corporation meeting the requirements of clause (i) and the requirements of subsection (b)(3)(A) are met with respect to such corporation, or

"(iii) 10 percent or more of the voting stock of such corporation is owned by another foreign corporation described in clause (ii) and the requirements of subsection (b)(3)(B) are met with respect to such foreign corporation.

"(4) FOREIGN INCOME TAXES.—

"(A) IN GENERAL.—The term 'foreign income taxes' means any income, war profits, or excess profits taxes paid by the foreign corporation to any foreign country or possession of the United States.

"(B) TREATMENT OF DEEMED TAXES.—Except for purposes of determining the amount of the post-1985 foreign income taxes of a 3rd foreign corporation referred to in subsection (b)(2), the term 'foreign income taxes' includes any such taxes deemed to be paid by the foreign corporation under this section.

"(5) ACCOUNTING PERIODS.—In the case of a foreign corporation the income, war profits, and excess profits taxes of which are determined on the basis of an accounting period of less than 1 year, the word 'year' as used in this subsection shall be construed to mean such accounting period.

"(6) TREATMENT OF DISTRIBUTIONS FROM EARNINGS BEFORE 1986.—

"(A) IN GENERAL.—In the case of any dividend paid by a foreign corporation out of accumulated profits (as defined in this section as in effect on the day before the date of the enactment of the Tax Reform Act of 1985) for taxable years beginning before the first taxable year taken into account in determining the post-1985 undistributed earnings of such corporation—

"(i) this section (as amended by the Tax Reform Act of 1985) shall not apply, but

"(ii) this section (as in effect on the day before the date of the enactment of such Act) shall apply.

"(B) DIVIDENDS PAID FIRST OUT OF POST-1985 EARNINGS.—Any dividend in a taxable year beginning after December 31, 1985, shall be treated as made out of post-1985 undistributed earnings to the extent thereof.

"(7) REGULATIONS.—The Secretary shall provide such regulations as may be necessary or appropriate to carry out the provisions of this subsection.

"(d) CROSS REFERENCES.—

"(1) For inclusion in gross income of an amount equal to taxes deemed paid under subsection (a), see section 78.

"(2) For application of subsections (a) and (b) with respect to taxes deemed paid in a prior taxable year by a United States shareholder with respect to a controlled foreign corporation, see section 960.

"(3) For reduction of credit with respect to dividends paid out of accumulated profits for years for which certain information is not furnished, see section 6038."

(b) SECTION 960 CREDIT DETERMINED ON ACCUMULATED BASIS.—The first sentence of section 960(a)(1) (relating to taxes paid by a foreign corporation) is amended by striking out "then" and all that follows down through the period at the end thereof and inserting in lieu thereof the following:

"then, under regulations prescribed by the Secretary, such domestic corporation shall be deemed to have paid a portion of such foreign corporation's post-1985 foreign income taxes determined under section 902 in the same manner as if the amount so included were a dividend paid by such foreign corporation."

(c) CLERICAL AMENDMENT.—The table of sections for subpart A of part III of subchapter N of chapter 1 is amended by striking out the item relating to section 902 and inserting in lieu thereof the following:

"Sec. 902. Deemed paid credit where domestic corporation owns 10 percent or more of voting stock of foreign corporation."

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to distributions by foreign corporations out of, and to inclusions under section 951(a) of the Internal Revenue Code of 1954 attributable to, earnings and profits for taxable years beginning after December 31, 1985.

Subtitle B—Source Rules

SEC. 611. DETERMINATION OF SOURCE IN CASE OF SALES OF PERSONAL PROPERTY.

(a) PERSONAL PROPERTY SOURCE RULES.—Part I of subchapter N of chapter 1 (relating to determination of source of income) is amended by adding at the end thereof the following new section:

"SEC. 865. SOURCE RULES FOR PERSONAL PROPERTY SALES.

"(a) GENERAL RULE.—Except as otherwise provided in this section, income from the sale of personal property—

"(1) by a United States resident shall be sourced in the United States, or

"(2) by a nonresident shall be sourced outside the United States.

"(b) INVENTORY PROPERTY.—

"(1) INCOME ATTRIBUTABLE TO PRODUCTION ACTIVITY.—In the case of income from the sale of inventory property produced (in whole or in part) by the taxpayer—

"(A) a portion (determined under regulations) of such income shall be allocated to production activity (and sourced in the United States or outside the United States

depending on where such activity occurs), and

"(B) the remaining portion of such income shall be sourced under the other provisions of this section.

The regulations prescribed under subparagraph (A) shall provide that at least 50 percent of such income shall be allocated to production activities.

"(2) SALES INCOME.—

"(A) UNITED STATES RESIDENTS.—Income from the sale of inventory property by a United States resident shall be sourced outside the United States if—

"(i) the property is sold for use, consumption, or disposition outside the United States and an office or other fixed place of business of the taxpayer outside the United States participated materially in the sale, and

"(ii) such sale is not (directly or indirectly) to an affiliate of the taxpayer.

"(B) NONRESIDENT.—Income from the sale of inventory property by a nonresident shall be sourced in the United States if—

"(i) the taxpayer has an office or other fixed place of business in the United States, and

"(ii) such sale is through such office or other fixed place of business.

This subparagraph shall not apply if the requirements of clauses (i) and (ii) of subparagraph (A) are met with respect to such sale.

"(3) COORDINATION WITH TREATIES.—For purposes of paragraph (2)(A)(i), a United States resident shall not be treated as having an office or fixed place of business in a foreign country if a treaty prevents such country from imposing an income tax on the income.

"(c) DEPRECIABLE PERSONAL PROPERTY.—

"(1) IN GENERAL.—Gain (not in excess of the depreciation adjustments) from the sale of depreciable personal property shall be allocated between sources in the United States and sources outside the United States—

"(A) by treating the same proportion of such gain as sourced in the United States as the United States depreciation adjustments with respect to such property bear to the total depreciation adjustments, and

"(B) by treating the remaining portion of such gain as sourced outside the United States.

"(2) UNITED STATES DEPRECIATION ADJUSTMENTS.—For purposes of this subsection—

"(A) IN GENERAL.—The term 'United States depreciation adjustments' means the portion of the depreciation adjustments to the adjusted basis of the property which are attributable to the depreciation deductions allowable in computing taxable income from sources in the United States.

"(B) SPECIAL RULE FOR CERTAIN PROPERTY.—Except in the case of property of a kind described in section 48(a)(2)(B), if, for any taxable year—

"(i) such property is used predominantly in the United States, or

"(ii) such property is used predominantly outside the United States,

all of the depreciation deductions allowable for such year shall be treated as having been allocated to income from sources in the United States (or, where clause (ii) applies, from sources outside the United States).

"(3) OTHER DEFINITIONS.—For purposes of this subsection—

"(A) DEPRECIABLE PERSONAL PROPERTY.—The term 'depreciable personal property' means any personal property if the adjusted basis of such property includes depreciation adjustments.

"(B) DEPRECIATION ADJUSTMENTS.—The term 'depreciation adjustments' means adjustments reflected in the adjusted basis of any property on account of depreciation deductions (whether allowed with respect to such property or other property and whether allowed to the taxpayer or to any other person).

"(C) DEPRECIATION DEDUCTIONS.—The term 'depreciation deductions' means any deductions for depreciation or amortization or any other deduction allowable under any provision of this chapter which treats an otherwise capital expenditure as a deductible expense.

"(d) UNITED STATES RESIDENT; NONRESIDENT.—For purposes of this section—

"(1) IN GENERAL.—Except as otherwise provided in this subsection—

"(A) UNITED STATES RESIDENT.—The term 'United States resident' means—

"(i) any individual who has a tax home (as defined in section 911(d)(3)) in the United States, and

"(ii) any corporation, partnership, trust, or estate which is a United States person (as defined in section 7701(a)(30)).

"(B) NONRESIDENT.—The term 'nonresident' means any person other than a United States resident.

"(2) EFFECTIVELY CONNECTED ITEMS.—

"(A) UNITED STATES BUSINESSES.—In the case of any item effectively connected with the conduct by a nonresident of a trade or business in the United States, such nonresident shall be treated as a United States resident for purposes of determining the source of any such item.

"(B) FOREIGN BUSINESSES.—Except as provided in regulations, in the case of any item effectively connected with the conduct of a trade or business by a United States resident in a foreign country, such United States resident shall be treated as a nonresident for purposes of determining the source of such item. The preceding sentence shall not apply to any inventory property produced in whole or in part in the United States.

"(3) SPECIAL RULES FOR UNITED STATES CITIZENS AND RESIDENTS.—For purposes of this section, a citizen of the United States or resident of the United States (within the meaning of section 7701(b)) shall not be treated as a resident of another country with respect to any sale of personal property unless an income tax is actually paid to such foreign country with respect to any gain from the sale.

"(e) EXCEPTION FOR INTANGIBLES.—

"(1) IN GENERAL.—In the case of any sale of an intangible—

"(A) this section shall apply only to the extent the payments in consideration of such sale are not contingent on the productivity, use, or disposition of the intangible, and

"(B) to the extent such payments are so contingent, the source of such payments shall be determined under sections 861 and 863 in the same manner as if such payments were royalties.

"(2) INTANGIBLE.—For purposes of paragraph (1), the term 'intangible' means any patent, copyright, secret process or formula, goodwill, trademark, trade brand, or other like property.

"(3) SPECIAL RULE IN THE CASE OF GOODWILL.—To the extent this section applies to the sale of goodwill, payments in consideration of such sale shall be treated as from sources in the country in which such goodwill was generated.

"(f) OTHER DEFINITIONS.—For purposes of this section—

"(1) INVENTORY PROPERTY.—The term 'inventory property' means personal property described in paragraph (1) of section 1221.

"(2) AFFILIATE.—The term 'affiliate' means any person bearing a relationship to the taxpayer described in section 482.

"(3) UNITED STATES EFFECTIVELY CONNECTED PRINCIPLES TO APPLY.—The determination of whether any item is effectively connected with the conduct of trade or business in any foreign country shall be made under the principles applicable to the determination of whether any item is effectively connected with the conduct of a trade or business in the United States.

"(4) SALE INCLUDES EXCHANGE.—The term 'sale' includes an exchange or any other disposition.

"(5) TREATMENT OF POSSESSIONS.—Any possession of the United States shall be treated as a foreign country.

"(g) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purpose of this section."

(b) CONFORMING AMENDMENTS.—

(1) Subsection (b) of section 863 is amended by striking out the second sentence and inserting in lieu thereof the following: "Gains, profits, and income from services rendered partly in and partly outside the United States shall be treated as sourced partly in the United States and partly outside the United States."

(2) Paragraph (6) of section 861(a) (relating to sale or exchange of personal property) is amended to read as follows:

"(6) SALE OR EXCHANGE OF PERSONAL PROPERTY.—

"For provisions relating to source of gain from sale or exchange of personal property, see section 865."

(3) Paragraph (6) of section 862(a) is amended to read as follows:

"(6) income from the sale or exchange of personal property to the extent treated as from sources outside the United States under section 865;".

(4) Paragraph (3) of section 904(b) is amended by striking out subparagraphs (C) and (D) and redesignating subparagraphs (E) and (F) as subparagraphs (C) and (D), respectively.

(5) Subparagraph (D) of section 871(a)(1) is amended by striking out "or from payments which are treated as being so contingent under subsection (e)".

(6) Subsection (e) of section 871 is hereby repealed.

(7) Paragraph (4) of section 881(a) is amended by striking out "or from payments which are treated as being so contingent under section 871(e),".

(c) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to taxable years beginning after December 31, 1985.

(2) TRANSITIONAL RULE.—The amendments made by this section shall not apply to any sale or exchange during calendar year 1986 to a person other than a related person (as defined in section 901(i)(1) of the Internal Revenue Code of 1985) if such sale or exchange is pursuant to a written binding contract in effect on December 31, 1985.

SEC. 612. LIMITATIONS ON SPECIAL TREATMENT OF 80-20 CORPORATIONS.

(a) GENERAL RULE.—

(1) Subparagraph (B) of section 861(a)(1) (relating to interest paid by domestic corpo-

rations, etc., with less than 20 percent U.S. source income) is amended to read as follows:

"(B) interest meeting the requirements of section 871(i)(2)(B) received by a financial institution described in section 581 or 591 or by a similar foreign financial institution from an unrelated person but only if such interest is (with respect to such financial institution) effectively connected with the conduct of a trade or business of such financial institution in a foreign country,".

(2) Subparagraph (A) of section 861(a)(2) is amended to read as follows:

"(A) from a domestic corporation other than a corporation which has an election in effect under section 936, or".

(b) WITHHOLDING TAX NOT TO APPLY TO CERTAIN INTEREST.—

(1) NONRESIDENT ALIENS.—Section 871 (relating to tax on nonresident aliens) is amended by redesignating subsection (i) as subsection (j) and by inserting after subsection (h) the following new subsection:

"(i) TAX NOT TO APPLY TO CERTAIN INTEREST.—

"(1) IN GENERAL.—No tax shall be imposed under paragraph (1)(A) or (1)(C) of subsection (a) on any amount described in paragraph (2).

"(2) AMOUNTS TO WHICH PARAGRAPH (1) APPLIES.—The amounts described in this paragraph are as follows:

"(A) Interest on deposits, etc., if such interest is not effectively connected with the conduct of a trade or business within the United States.

"(B) Interest paid by a domestic corporation meeting the requirements of paragraph (4) but only to the extent such interest is attributable to the active conduct of a trade or business in a foreign country by such corporation or by a subsidiary or chain of subsidiaries of such corporation.

"(C) Income derived by a foreign central bank of issue from bankers' acceptances.

"(3) DEPOSITS, ETC.—For purposes of paragraph (2), the term 'deposits, etc.' means amounts which are—

"(A) deposits with persons carrying on the banking business,

"(B) deposits or withdrawable accounts with savings institutions chartered and supervised as savings and loan or similar associations under Federal or State law, but only to the extent that amounts paid or credited on such deposits or account are deductible under section 591 (determined without regard to sections 265 and 291) in computing the taxable income of such institutions, and

"(C) amounts held by an insurance company under an agreement to pay interest thereon.

"(4) REQUIREMENTS FOR DOMESTIC CORPORATION.—For purposes of paragraph (2), a domestic corporation meets the requirements of this paragraph if it is shown to the satisfaction of the Secretary that less than 20 percent of the gross income from all sources of such corporation has been derived from sources within the United States (as determined under the provisions of this part) for the 3-year period ending with the close of the taxable year of such corporation preceding the payment of such interest (or for such part of such period as may be applicable). If such corporation has no gross income for such 3-year period (or part thereof), the preceding sentence shall be applied with respect to the taxable year in which the interest is paid.

"(5) SPECIAL RULE FOR CERTAIN INTEREST PAID TO RELATED PERSON.—Paragraph (2)(B) shall not apply to any interest paid by a domestic corporation to a related person (within the meaning of section 901(i)(1)) unless at all times during the taxable year, not more than 50 percent of the total combined voting power of all classes of stock of such corporation entitled to vote, and of the total value of the stock of such corporation, is owned (within the meaning of section 958(a), other than paragraph (4)) or is considered as owned (by applying rules similar to the ownership rules of section 958(b)), by persons other than United States persons."

(2) FOREIGN CORPORATIONS.—Section 881 (relating to tax on foreign corporations) is amended by redesignating subsection (d) as subsection (e) and by inserting after subsection (c) the following new subsection:

"(d) TAX NOT TO APPLY TO CERTAIN INTEREST.—No tax shall be imposed under paragraph (1) or (3) of subsection (a) on any amount described in section 871(i)(2)."

(3) WITHHOLDING TAX.—Subsection (c) of section 1441 (relating to exceptions) is amended by adding at the end thereof the following new paragraph:

"(10) EXCEPTION FOR CERTAIN INTEREST.—No tax shall be required to be deducted and withheld under subsection (a) from any amount described in section 871(i)(2)."

(4) CONFORMING AMENDMENTS.—

(A) Paragraph (1) of section 861(a) is amended by striking out subparagraphs (A) and (E) and by redesignating subparagraphs (B), (C), (D), (F), (G), and (H) as subparagraphs (A), (B), (C), (D), (E), and (F), respectively.

(B) Section 861 is amended by striking out subsection (c).

(C) Subsection (d) of section 861 is amended—

(i) by striking out "(1)(B), (1)(C), (1)(D), and (2)(B)" each place it appears (including in the subsection heading) and inserting in lieu thereof "(1)(B), (1)(C), and (2)(B)", and

(ii) by striking out "(1)(C), (1)(D), and (2)(B)" in paragraph (2) and inserting in lieu thereof "(1)(B), (1)(C), and (2)(B)".

(c) EFFECTIVE DATES.—

(1) IN GENERAL.—The amendments made by this section shall apply to taxable years beginning after December 31, 1985.

(2) TREATMENT OF CERTAIN INTEREST.—

(A) IN GENERAL.—The amendments made by this section shall not apply to any interest paid or accrued on any obligation held on December 31, 1985. The preceding sentence shall not apply to any interest paid pursuant to any extension or renewal of such an obligation agreed to after December 31, 1985.

(B) SPECIAL RULE FOR RELATED PAYEE.—If the payee of any interest to which subparagraph (A) applies is related (within the meaning of section 901(i)(1) of the Internal Revenue Code of 1985) to the payor, such interest shall be treated for purposes of section 904 of such Code as if the payor were a controlled foreign corporation (within the meaning of section 957(a) of such Code).

(3) CERTAIN DIVIDENDS.—

(A) IN GENERAL.—The amendments made by this section shall not apply to any dividend paid before January 1, 1991, by a qualified corporation with respect to stock which was outstanding on May 31, 1985.

(B) QUALIFIED CORPORATION.—For purposes of subparagraph (A), the term 'qualified corporation' means any business systems corporation which—

(i) was incorporated in Delaware in February, 1979,

(ii) is headquartered in Garden City, New York, and

(iii) the parent corporation of which is a resident of Sweden.

SEC. 613. SPECIAL RULES FOR TRANSPORTATION INCOME.

(a) GENERAL RULE.—Paragraph (2) of section 863(c) (relating to special rule for certain transportation income) is amended to read as follows:

"(2) OTHER TRANSPORTATION HAVING UNITED STATES CONNECTION.—50 percent of all transportation income attributable to transportation which—

"(A) is not described in paragraph (1), and

"(B) begins or ends in the United States,

shall be treated as from sources in the United States."

(b) 4 PERCENT TAX ON GROSS TRANSPORTATION INCOME.—

(1) IN GENERAL.—Part II of subchapter N of chapter 1 (relating to nonresident alien individuals and foreign corporations) is amended by redesignating subpart C as subpart D and by inserting after subpart B the following new subpart:

"Subpart C—Tax on Gross Transportation Income

"Sec. 886. Imposition of tax on gross transportation income of nonresident aliens and foreign corporations.

"Sec. 887. Collection of tax.

"SEC. 886. IMPOSITION OF TAX ON GROSS TRANSPORTATION INCOME OF NONRESIDENT ALIENS AND FOREIGN CORPORATIONS.

"(a) IMPOSITION OF TAX.—In the case of any nonresident alien individual or foreign corporation, there is hereby imposed for each taxable year a tax equal to 4 percent of such individual's or corporation's United States source gross transportation income for such taxable year.

"(b) UNITED STATES SOURCE GROSS TRANSPORTATION INCOME.—

"(1) IN GENERAL.—Except as provided in paragraph (2), the term 'United States source gross transportation income' means any gross income which is transportation income (as defined in section 863(c)(3)) to the extent such income is treated as from sources in the United States under section 863(c).

"(2) EXCEPTION FOR INCOME EFFECTIVELY CONNECTED WITH BUSINESS IN THE UNITED STATES.—The term 'United States source gross transportation income' shall not include any income taxable under section 871(b) or 882.

"(3) CLARIFICATION OF DEFINITION OF EFFECTIVELY CONNECTED INCOME.—For purposes of this chapter, transportation income of any taxpayer shall not be treated as effectively connected with the conduct of a trade or business within the United States unless—

"(A) the taxpayer has a fixed place of business in the United States involved in the earning of transportation income, and

"(B) substantially all of the United States source gross transportation income (determined without regard to paragraph (2)) of the taxpayer is attributable to regularly scheduled transportation.

"(c) EXCEPTION WHERE PRIOR TAX PAID.—No tax shall be imposed under this section with respect to any income to the extent the taxpayer establishes (under such terms and conditions as the Secretary may require) that a prior tax was paid with respect to such income under this section.

"SEC. 887. COLLECTION OF TAX.

"(a) WITHHOLDING OF TAX.—

"(1) IN GENERAL.—Except as otherwise provided in paragraph (2), any person, of what-

ever capacity, acting, having control, receipt, custody, disposal, or payment of any item of United States source gross transportation income of a foreign person shall deduct and withhold from such item a tax equal to 4 percent thereof.

"(2) EXEMPTION.—Subject to such terms and conditions as may be provided by regulations prescribed by the Secretary, subsection (a) shall not apply if the Secretary determines that the requirements of subsection (a) impose an undue administrative burden and that the collection of the tax imposed by section 886 will not be jeopardized by the exemption.

"(3) CERTAIN PROVISIONS MADE APPLICABLE.—The provisions of section 33 and subchapter B of chapter 3 shall apply to any tax deducted and withheld under paragraph (1) in the same manner as in the case of tax deducted and withheld under subchapter A of chapter 3.

"(b) AUTHORITY TO REQUIRE BOND.—The Secretary may require a nonresident alien individual or a foreign corporation which has United States source gross transportation income to give a bond, with sureties satisfactory to and approved by the Secretary. Such bond shall be in such amount as the Secretary may require and may contain such other conditions as the Secretary may require."

(2) CLERICAL AMENDMENT.—The table of subparts for part II of subchapter N is amended by striking out the item relating to subpart C and inserting in lieu thereof the following:

"Subpart C. Tax on gross transportation income.
"Subpart D. Miscellaneous provision."

(c) LIMITATION ON EXCLUSION OF TRANSPORTATION INCOME.—

(1) Subsection (b) of section 872 (relating to exclusions) is amended by striking out paragraphs (1) and (2) and inserting in lieu thereof the following:

"(1) SHIPS OPERATED BY CERTAIN NONRESIDENTS.—Gross income derived by an individual resident of a foreign country from the operation of a ship or ships if such foreign country grants an equivalent exemption of citizens of the United States and to corporations organized in the United States.

"(2) AIRCRAFT OPERATED BY CERTAIN NONRESIDENTS.—Gross income derived by an individual resident of a foreign country from the operation of aircraft if such foreign country grants an equivalent exemption to citizens of the United States and to corporations organized in the United States."

(2) Subsection (a) of section 883 (relating to exclusions from gross income) is amended by striking out paragraphs (1) and (2) and by inserting in lieu thereof the following:

"(1) SHIPS OPERATED BY CERTAIN FOREIGN CORPORATIONS.—Gross income derived by a corporation organized in a foreign country from the operation of a ship or ships if such foreign country grants an equivalent exemption to citizens in the United States and to corporations organized in the United States.

"(2) AIRCRAFT OPERATED BY CERTAIN FOREIGN CORPORATIONS.—Gross income derived by a corporation organized in a foreign country from the operation of aircraft if such foreign country grants an equivalent exemption to citizens of the United States and to corporations organized in the United States."

(3) Section 883 is amended by adding at the end thereof the following new subsection:

"(c) TREATMENT OF CERTAIN FOREIGN CORPORATIONS.—

"(1) IN GENERAL.—Paragraphs (1) and (2) of subsection (a) shall not apply to any foreign corporation if 25 percent or more of the value of the stock of such corporation is owned (within the meaning of section 958(a)) or is considered as owned (under the principles of section 958(b)) by persons who are not residents of such foreign country or another foreign country meeting the requirements of such paragraphs (1) and (2).

"(2) TREATMENT OF UNITED STATES SHAREHOLDERS OF CONTROLLED FOREIGN CORPORATIONS.—For purposes of paragraph (1), in the case of a foreign corporation which is a controlled corporation (as defined in section 957(a)), United States shareholders (as defined in section 951(b)) of such corporation shall be treated as residents of the foreign country in which such corporation is organized.

"(3) EXCEPTION FOR PUBLICLY TRADED CORPORATIONS.—Paragraph (1) shall not apply to any foreign corporation the stock of which is primarily and regularly traded on an established securities market in the foreign country in which such corporation is organized."

(d) REPEAL OF SPECIAL TREATMENT FOR LEASED AIRCRAFT, ETC.—Section 861 is amended by striking out subsection (e) and by redesignating subsection (f) as subsection (e).

(e) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to taxable years beginning after December 31, 1985.

(2) SPECIAL RULE FOR CERTAIN LEASED PROPERTY.—The amendments made by subsections (a) and (d) shall not apply to any income attributable to property held by the taxpayer on January 1, 1986, if such property was first leased by the taxpayer before January 1, 1986, in a lease to which section 863(c) or 861(e) of the Internal Revenue Code of 1985 (as in effect on the day before the date of the enactment of this Act) applied.

SEC. 614. RULES FOR ALLOCATING INTEREST, ETC., TO FOREIGN SOURCE INCOME.

(a) GENERAL RULE.—Section 864 (relating to definitions) is amended by adding at the end thereof the following new subsection:

"(e) RULES FOR ALLOCATING INTEREST, ETC.—

"(1) TREATMENT OF AFFILIATED GROUPS.—For purposes of section 904, the taxable income of each member of an affiliated group from sources outside the United States shall be determined by allocating and apportioning interest expense of each member as if all members of such group were a single corporation. Except to the extent provided in regulations, a similar rule shall apply in the case of all other expenses.

"(2) GROSS INCOME METHOD MAY NOT BE USED FOR INTEREST.—All allocations and apportionments of interest expense shall be made on the basis of assets rather than gross income.

"(3) TAX-EXEMPT ASSETS NOT TAKEN INTO ACCOUNT.—For purposes of allocating and apportioning any deductible expense, any tax-exempt asset (and any income from such an asset) shall not be taken into account. A similar rule shall apply in the case of any dividend (other than a qualifying dividend as defined in section 243(b)) for which a deduction is allowable under section 243 or 245(a) and any stock the dividends on which would be so deductible and would not be qualifying dividends (as so defined).

"(4) BASIS OF STOCK IN CERTAIN FOREIGN CORPORATIONS ADJUSTED FOR EARNINGS AND PROFITS CHANGES.—For purposes of allocating and apportioning expenses on the basis of assets, the adjusted basis of any asset which is stock in a foreign corporation with respect to which the requirements of section 1248(a)(2) are met shall be—

"(A) increased by the amount of the earnings and profits of such foreign corporation attributable to such stock and accumulated during the period the taxpayer held such stock, or

"(B) reduced (but not below zero) by any deficit in earnings and profits of such foreign corporation attributable to such stock for such period.

"(5) SPECIAL RULE FOR CERTAIN FINANCIAL INSTITUTIONS.—The first sentence of paragraph (1) shall not apply to any financial institution described in section 581 or 591 if—

"(A) the business of such financial institution is predominantly with persons other than related persons or their customers, and

"(B) such financial institution is required by State or Federal law to be operated separately from any other entity which is not such an institution.

Such financial institution shall not be treated as a member of the group for purposes of applying such first sentence to other members of such group.

"(6) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary to carry out the purposes of this section including regulations providing for the resourcing of income of any member of an affiliated group or modifications to the consolidated return regulations to the extent such resourcing or modification is necessary to carry out the purposes of this section."

(b) CLERICAL AMENDMENTS.—

(1) The section heading for section 864 is amended to read as follows:

"SEC. 864. DEFINITIONS AND SPECIAL RULES."

(2) The table of sections for part I of subchapter N of chapter 1 is amended by striking out the item relating to section 864 and inserting in lieu thereof the following:

"Sec. 864. Definitions and special rules."

(c) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as otherwise provided in this subsection, the amendments made by this section shall apply to taxable years beginning after December 31, 1985.

(2) TRANSITIONAL RULES.—

(A) GENERAL PHASE-IN.—Except as provided in subparagraph (B), in the case of the 1st 3 taxable years of the taxpayer beginning after December 31, 1985, the amendments made by this section shall apply only to the applicable percentage (determined under the following table) of the interest expenses paid or accrued by the taxpayer during the taxable year with respect to an aggregate amount of indebtedness which does not exceed the aggregate amount of indebtedness outstanding on November 16, 1985:

In the case of the:	The applicable percentage is:
1st taxable year	25
2nd taxable year	50
3rd taxable year	75.

(B) CONSOLIDATION RULE NOT TO APPLY TO CERTAIN INTEREST.—

"(i) INTEREST ATTRIBUTABLE TO INCREASE IN INDEBTEDNESS FROM JANUARY 1, 1984, THROUGH MAY 28, 1985.—In the case of the first 5 taxable years of the taxpayer beginning after December 31, 1985, with respect

to interest expenses attributable to the excess of—

(I) the amount of the outstanding debt of the taxpayer on May 29, 1985, over

(II) the amount of the outstanding debt of the taxpayer on December 31, 1983,

paragraph (1) of section 864(e) of the Internal Revenue Code of 1954 (as added by this section) shall apply only to the applicable percentage (determined under the following table) of the interest expenses paid or accrued by the taxpayer during the taxable year:

In the case of the:	The applicable percentage is:
1st taxable year	16⅔
2nd taxable year	33⅓
3rd taxable year	50
4th taxable year	66⅔
5th taxable year	83⅓.

"(ii) INTEREST ATTRIBUTABLE TO INCREASE IN INDEBTEDNESS FROM JANUARY 1, 1983, THROUGH DECEMBER 31, 1984.—

In the case of the first 4 taxable years of the taxpayer beginning after December 31, 1985, with respect to interest expenses attributable to the excess of—

(I) the amount of the outstanding debt of the taxpayer on January 1, 1984, over

(II) the amount of the outstanding debt of the taxpayer on December 31, 1982,

paragraph (1) of section 864(e) of the Internal Revenue Code of 1954 (as added by this section) shall apply only to the applicable percentage (determined under the following table) of the interest expenses paid or accrued by the taxpayer during the taxable year:

In the case of the:	The applicable percentage is:
1st taxable year	20
2nd taxable year	40
3rd taxable year	60
4th taxable year	80.

(iii) ORDERING RULE.—For purposes of this subparagraph, indebtedness outstanding on December 31, 1985, shall be treated as attributable first to any excess described in clause (i), then to any excess described in clause (ii), and then to other indebtedness.

(3) SPECIAL RULE.—

(A) IN GENERAL.—In the case of a qualified corporation, the amendments made by this section shall not apply to interest expenses allocable to any indebtedness to the extent such indebtedness does not exceed $500,000,000 if—

(i) the indebtedness was incurred to develop or improve existing property that is owned by the taxpayer on November 16, 1985, and was acquired with the intent to develop or improve the property,

(ii) the loan agreement with respect to the indebtedness provides that the funds are to be utilized for purposes of developing or improving the above property, and

(iii) the debt to equity ratio of the companies that join in the filing of the consolidated return is less than 15 percent.

(B) QUALIFIED CORPORATION.—For purposes of subparagraph (A), the term "qualified corporation" means a corporation—

(i) which was incorporated in Delaware on June 29, 1964,

(ii) the principal subsidiary of which is a resident of Arkansas, and

(iii) which is a member of an affiliated group the average daily United States production of oil of which is less than 50,000 barrels and the average daily United States refining of which is less than 150,000 barrels.

SEC. 615. SOURCE RULE FOR SPACE AND CERTAIN OCEAN ACTIVITIES.

(a) GENERAL RULE.—Section 863 (relating to items not specified in section 861 or 862) is amended by adding at the end thereof the following new subsection:

"(d) SOURCE RULES FOR SPACE AND CERTAIN OCEAN ACTIVITIES.—

"(1) IN GENERAL.—Any income derived from a space or ocean activity—

"(A) if derived by a United States resident, shall be sourced in the United States, and

"(B) if derived by a nonresident, shall be sourced outside the United States.

"(2) SPACE OR OCEAN ACTIVITY.—For purposes of paragraph (1)—

"(A) IN GENERAL.—The term 'space or ocean activity' means—

"(i) the use (or hiring or leasing for use) of a spacecraft, and

"(ii) any activity conducted on or under water not within the jurisdiction (as recognized by the United States) of a foreign country, possession of the United States, or the United States.

Such term includes any activity conducted in Antarctica.

"(B) EXCEPTION FOR TRANSPORTATION AND OIL AND GAS ACTIVITIES.—The term 'space or ocean activity' shall not include—

"(i) any activity giving rise to transportation income (as defined in section 863(c)), and

"(ii) any activity with respect to mines, oil and gas wells, or other natural deposits to the extent within the United States or any foreign country or possession of the United States (as defined in section 638).

For purposes of applying section 638, the jurisdiction of any foreign country shall not include any jurisdiction not recognized by the United States.

"(3) EXCEPTION FOR CERTAIN UNITED STATES-OWNED FOREIGN CORPORATIONS.—For purposes of paragraph (1), a foreign corporation shall be treated as a United States resident if 50 percent or more (in value) of the stock of such corporation is owned (within the meaning of section 958(a)) or considered as owned under the principles of section 958(b) by United States persons."

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to taxable years beginning after December 31, 1985.

SEC. 616. 2-YEAR MODIFICATION IN REGULATIONS PROVIDING FOR ALLOCATION OF RESEARCH AND EXPERIMENTAL EXPENDITURES.

(a) GENERAL RULE.—For purposes of section 861(b), section 862(b), and section 863(b) of the Internal Revenue Code of 1985, notwithstanding section 864(e) of such Code—

(1) 50 percent of all amounts allowable as a deduction for qualified research and experimental expenditures shall be apportioned to income from sources within the United States and deducted from such income in determining the amount of taxable income from sources within the United States, and

(2) the remaining portion of such amounts shall be apportioned on the basis of gross sales or gross income.

The preceding sentence shall not apply to any expenditures described in section 1.861-8(e)(3)(i)(B) of the Income Tax Regulations.

(b) QUALIFIED RESEARCH AND EXPERIMENTAL EXPENDITURES.—For purposes of this section—

(1) IN GENERAL.—The term "qualified research and experimental expenditures" means amounts—

(A) which are research and experimental expenditures within the meaning of section 174 of such Code, and

(B) which are attributable to activities conducted in the United States.

(2) TREATMENT OF DEPRECIATION, ETC.—Rules similar to the rules of section 174(c) of such Code shall apply.

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—This section shall apply to taxable years beginning after August 1, 1985, and on or before August 1, 1987.

(2) SPECIAL RULE.—If section 126 of the Tax Reform Act of 1984 applied to the taxpayer's 3rd taxable year beginning after August 13, 1981, by reason of subsection (c)(2) of such section, this section shall apply to the first 2 taxable years of the taxpayer following such 3rd taxable year.

Subtitle C—Taxation of Income Earned Through Foreign Corporations

SEC. 621. INCOME SUBJECT TO CURRENT TAXATION.

(a) DEFINITION OF FOREIGN PERSONAL HOLDING COMPANY INCOME.—Subsection (c) of section 954 (defining foreign personal holding company income) is amended to read as follows:

"(c) FOREIGN PERSONAL HOLDING COMPANY INCOME.—

"(1) IN GENERAL.—For purposes of subsection (a)(1), the term 'foreign personal holding company income' means the portion of the gross income which consists of:

"(A) DIVIDENDS, ETC.—Dividends, interest, royalties, rents, and annuities.

"(B) CERTAIN PROPERTY TRANSACTIONS.—Gain from the sale or exchange of property of a kind giving rise to income covered by subparagraph (A) after application of paragraphs (2) and (3). This subparagraph shall not apply to gain from the sale or exchange of any property by a regular dealer in such property.

"(C) COMMODITIES TRANSACTIONS.—Gain from any transaction (including a futures transaction) in any commodity. This subparagraph shall not apply to gains which—

"(i) arise out of bona fide hedging transactions reasonably necessary to the conduct of any business by a producer, processor, merchant, or handler of a commodity in the manner in which such business is customarily and usually conducted by others, or

"(ii) are active business gains from the sale of commodities, but only if substantially all of the taxpayer's business is as an active producer, processor, merchant, or handler of commodities.

"(D) FOREIGN CURRENCY GAINS.—Gain attributable to any transaction (including a futures transaction) in a currency other than the taxpayer's functional currency. This subparagraph shall not apply in the case of any transaction directly related to the business needs of the taxpayer.

"(2) EXCEPTION FOR RENTS AND ROYALTIES DERIVED IN ACTIVE BUSINESS.—

"(A) IN GENERAL.—Foreign personal holding company income shall not include same country rents and royalties which are derived in the active conduct of a trade or business and which are received from a person other than a related person (within the meaning of subsection (d)(3)), and

"(B) SAME COUNTRY RENTS AND ROYALTIES.—For purposes of subparagraph (A), a rent or royalty shall be treated as a same country rent or royalty if—

"(i) such rent or royalty is not attributable to property developed or produced by, or

acquired (directly or indirectly) from, a related person outside the country under the laws of which the controlled foreign corporation is created or organized, or

"(ii) such rent or royalty is received by the controlled foreign corporation for the use of, or the privilege of using, such property within the country under the laws of which the controlled foreign corporation is created or organized.

"(3) CERTAIN INCOME RECEIVED FROM RELATED PERSONS.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), the term 'foreign personal holding company income' does not include—

"(i) dividends and interest received from a related person which (I) is created or organized under the laws of the same foreign country under the laws of which the controlled foreign corporation is created or organized, and (II) has a substantial part of its assets used in its trade or business located in such same foreign country, and

"(ii) rents and royalties received from a related person for the use of, or the privilege of using, property within the country under the laws of which the controlled foreign corporation is created or organized.

"(B) EXCEPTION NOT TO APPLY TO ITEMS WHICH REDUCE SUBPART F INCOME.—Subparagraph (A) shall not apply in the case of any interest, rent, or royalty to the extent such interest, rent, or royalty reduces the payor's subpart F income."

(b) DEFINITION OF INSURANCE INCOME.—

(1) IN GENERAL.—Subsection (a) of section 953 (defining income derived from the insurance of United States risks) is amended to read as follows:

"(a) GENERAL RULE.—For purposes of section 952(a)(1), the term 'insurance income' means any income which—

"(1) is attributable to the issuing (or reinsuring) of any insurance or annuity contract—

"(A) in connection with property in, liability arising out of activity in, or with the lives or health of residents of, a country other than the country under the laws of which the controlled foreign corporation is created or organized, or

"(B) in connection with risks not described in subparagraph (A) as the result of any arrangement whereby another corporation receives a substantially equal amount of premiums or other consideration in respect of issuing (or reinsuring) a contract described in subparagraph (A), and

"(2) would (subject to the modifications provided by paragraphs (1) and (2) of subsection (b)) be taxed under subchapter L of this chapter if such income were the income of a domestic insurance company."

(2) CONFORMING AMENDMENTS.—

(A) Paragraph (1) of section 952(a) (defining subpart F income) is amended to read as follows:

"(1) insurance income (as defined under section 953),".

(B) Subsection (e) of section 954 is amended by striking out the last sentence.

(C) Subsection (b) of section 957 is amended by striking out "income derived from insurance of United States risks" and inserting in lieu thereof "insurance income".

(D) The section heading for section 953 is amended to read as follows:

"SEC. 953. INSURANCE INCOME."

(E) The table of sections for subpart F of part III of subchapter N of chapter 1 is amended by striking out the item relating to section 953 and inserting in lieu thereof the following:

"Sec. 953. Insurance income."

(c) REPEAL OF EXCLUSION FOR REINVESTED SHIPPING INCOME.—

(1) IN GENERAL.—Paragraph (2) of section 954(b) (relating to exclusion for reinvested shipping income) is hereby repealed.

(2) SPACE AND CERTAIN OCEAN ACTIVITIES INCLUDED.—Subsection (f) of section 954 (defining foreign base company shipping income) is amended by adding at the end thereof the following new sentence:

"Such term includes any income derived from a space or ocean activity (as defined in section 863(d)(2))."

(3) CONFORMING AMENDMENTS.—

(A) Section 954 is amended by striking out subsection (g).

(B) Subparagraph (A) of section 955(a)(1) is amended by striking out "all prior taxable years" and inserting in lieu thereof "all prior taxable years beginning before 1986".

(C) Subparagraph (A) of section 955(a)(2) is amended by striking out "at the close of the preceding taxable year" and inserting in lieu thereof "as of the close of the last taxable year beginning before 1986".

(d) EXCEPTION WHERE FOREIGN CORPORATION NOT AVAILED OF TO REDUCE TAX.—Paragraph (4) of section 954(b) (relating to exception for foreign corporations not availed of to reduce taxes) is amended to read as follows:

"(4) EXCEPTION FOR CERTAIN INCOME SUBJECT TO HIGH FOREIGN TAXES.—For purposes of subsection (a), foreign base company income and insurance income (not attributable to United States risks) shall not include any item of income received by a controlled foreign corporation if the taxpayer establishes to the satisfaction of the Secretary that such income was subject to an effective rate of income tax imposed by a foreign country greater than 90 percent of the maximum rate of tax specified in section 11. The preceding sentence shall not apply to foreign base company oil-related income described in subsection (a)(5)."

(e) DEFINITION OF RELATED PERSON.—

(1) Paragraph (3) of section 954(d) (defining related person) is amended by striking out subparagraphs (A), (B), and (C), and inserting in lieu thereof the following:

"(A) such person is an individual, corporation, partnership, trust, or estate which controls, or is controlled by, the controlled foreign corporation, or

"(B) such person is a corporation, partnership, trust, or estate which is controlled by the same person or persons which control the controlled foreign corporation."

(2) Paragraph (3) of section 954(d) is amended by striking out the last 2 sentences and inserting in lieu thereof the following: "For purposes of the preceding sentence, control means, with respect to a corporation, the ownership, directly or indirectly, of stock possessing 50 percent or more of the total voting power of all classes of stock entitled to vote. In the case of a partnership, trust, or estate, control means the ownership, directly or indirectly, of 50 percent or more (by value) of the beneficial interests in such partnership, trust, or estate. For purposes of this paragraph, rules similar to the rules of section 958 shall apply."

(f) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years of foreign corporations beginning after December 31, 1985.

SEC. 622. TESTING CONTROLLED FOREIGN CORPORATIONS AND FOREIGN PERSONAL HOLDING COMPANIES BY VALUE AND VOTING POWER.

(a) DEFINITION OF CONTROLLED FOREIGN CORPORATION.—Subsection (a) of section 957 (defining controlled foreign corporation) is amended to read as follows:

"(a) GENERAL RULE.—For purposes of this subpart, the term 'controlled foreign corporation' means any foreign corporation if 50 percent or more of—

"(1) the total combined voting power of all classes of stock of such corporation entitled to vote, or

"(2) the total value of the stock of such corporation,

is owned (within the meaning of section 958(a)), or is considered as owned by applying the rules of ownership of section 958(b), by United States shareholders on any day during the taxable year of such foreign corporation."

(b) DEFINITION OF FOREIGN PERSONAL HOLDING COMPANY.—Paragraph (2) of section 552(a) (defining foreign personal holding company) is amended to read as follows:

"(2) STOCK OWNERSHIP REQUIREMENT.—At any time during the taxable year 50 percent or more of—

"(A) the total combined voting power of all classes of stock of such corporation entitled to vote, or

"(B) the total value of the stock of such corporation,

is owned (directly or indirectly) by or for not more than 5 individuals who are citizens or residents of the United States (hereinafter in this part referred to as the 'United States group')."

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—The amendments made by this section shall apply to taxable years of foreign corporations beginning after December 31, 1985.

(2) TRANSITIONAL RULE.—In the case of any taxable year of a foreign corporation beginning during 1986, section 957(a) of the Internal Revenue Code of 1985 (as amended by subsection (a)) and section 552(a)(2) of such Code (as amended by subsection (b)) shall each be applied by substituting "more than 50 percent" for "50 percent or more".

SEC. 623. SUBPART F DE MINIMIS RULE AND 70-PERCENT RULE BASED ON EARNINGS AND PROFITS.

(a) GENERAL RULE.—Paragraph (3) of section 954(b) (relating to special rule where foreign base company income is less than 10 percent or more than 70 percent of gross income) is amended to read as follows:

"(3) SPECIAL RULE WHERE FOREIGN BASE COMPANY INCOME IS LESS THAN 10 PERCENT OR MORE THAN 70 PERCENT OF EARNINGS AND PROFITS.—For purposes of subsection (a)—

"(A) DE MINIMIS.—If the foreign base company income for the taxable year is less than 10 percent of the earnings and profits for such taxable year, no part of the gross income for the taxable year shall be treated as foreign base company income.

"(B) 70-PERCENT RULE.—If the foreign base company income for the taxable year exceeds 70 percent of the earnings and profits for such taxable year, the entire gross income for the taxable year shall, subject to the provisions of paragraphs (4) and (5), be treated as foreign base company income.

For purposes of this paragraph, foreign base company income shall be determined with regard to paragraph (5)."

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to tax-

able years of foreign corporations beginning after December 31, 1985.

SEC. 624. REPEAL OF SPECIAL TREATMENT OF POSSESSIONS CORPORATIONS.

(a) GENERAL RULE.—Section 957 (defining controlled foreign corporations; United States persons) is amended by striking out subsection (c) and by redesignating subsection (d) as subsection (c).

(b) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendment made by subsection (a) shall apply to taxable years of foreign corporations beginning after December 31, 1985.

(2) TRANSITIONAL RULE.—In the case of any corporation treated as a controlled foreign corporation by reason of the amendment made by subsection (a)—

(A) only deficits in earnings and profits for taxable years beginning after December 31, 1985, shall be taken into account under section 952(c) of the Internal Revenue Code of 1985, and

(B) property acquired before December 31, 1985, shall not be taken into account under section 956(b) of such Code.

SEC. 625. TREATMENT OF FOREIGN INVESTMENT COMPANY STOCK.

(a) REPEAL OF 50-PERCENT UNITED STATES OWNERSHIP REQUIREMENT.—Subsection (b) of section 1246 is amended—

(1) by striking out the comma at the end of paragraph (2)(C) and inserting in lieu thereof a period, and

(2) by striking out the material following paragraph (2)(C).

(b) TREATMENT OF CERTAIN PASSIVE FOREIGN INVESTMENT COMPANIES.—

(1) IN GENERAL.—Part IV of subpart P of chapter 1 is amended by inserting after section 1246 the following new section:

"SEC. 1246A. TREATMENT OF CERTAIN PASSIVE FOREIGN INVESTMENT COMPANIES.

"(a) GENERAL RULE.—Except as provided in subsection (b)—

"(1) a passive foreign investment company shall be treated as a controlled foreign corporation for purposes of subpart F of subchapter N of this chapter, and

"(2) each United States person who owns (within the meaning of section 958(a)) stock in a passive foreign investment company shall be treated as a United States shareholder of such controlled foreign corporation for purposes of such subpart F.

"(b) ELECTION TO DEFER TAX.—

"(1) IN GENERAL.—Any United States person may elect to have subsection (a) not apply to any stock held by such person in a passive foreign investment company. The preceding sentence shall not apply if, without regard to this section—

"(A) such company is a controlled foreign corporation, and

"(B) the taxpayer is a United States shareholder in such corporation.

"(2) TIME FOR MAKING ELECTION.—Any election under paragraph (1) with respect to any passive foreign investment company shall be made by the taxpayer on the return of the tax imposed by this chapter for the first taxable year beginning after December 31, 1985, in which such taxpayer held stock in such foreign investment company. Such an election may be revoked only with the consent of the Secretary.

"(3) INTEREST PAYABLE ON DEFERRED AMOUNTS.—

"(A) IN GENERAL.—The taxpayer shall pay interest (determined in the manner provided under subparagraph (B)) on the amount of the tax imposed by this chapter for any taxable year to the extent attributable to deferred income received by the taxpayer during such taxable year. Such interest shall be paid on or before the due date for such taxable year.

"(B) DETERMINATION OF INTEREST.—The amount of interest referred to in subparagraph (A) shall be determined for the period—

"(i) beginning on the due date for the taxable year in which the deferred income arose, and

"(ii) ending on the due date for the taxable year in which the deferred income was received,

by using the rates applicable under section 6621 for underpayments of tax for such period.

"(C) DEFERRED INCOME.—The term 'deferred income' means any income attributable to stock in a passive investment company to the extent such income does not exceed the excess of—

"(i) the amounts which would have been included in gross income with respect to stock for prior taxable years but for an election under this subsection, over

"(ii) the amount actually included in gross income with respect to such stock for prior taxable years.

Any deferred amount shall be treated as attributable to amounts described in clause (i) in the order of the taxable years in which such amount arose.

"(D) TREATMENT OF DISPOSITION.—In the case of any disposition of stock in a passive foreign investment company, the entire amount of the deferred income attributable to such stock shall be included in gross income for the taxable year in which such disposition occurs. For purposes of the preceding sentence, if the taxpayer uses any stock as security for a loan, the taxpayer shall be treated as disposing of such stock.

"(E) DUE DATE.—For purposes of this subsection, the term 'due date' means the date prescribed by law (determined without regard to extensions) for filing the return of the tax imposed by this chapter for the taxable year.

"(c) PASSIVE FOREIGN INVESTMENT COMPANY DEFINED.—For purposes of this section, the term 'passive foreign investment company' means any foreign investment company if, for any taxable year beginning after December 31, 1985—

"(1) 75 percent or more of the gross income of such company is passive income (within the meaning of section 904(d)), or

"(2) 50 percent or more of its assets (by value) produces passive income or are held for the production of such income."

(2) CLERICAL AMENDMENT.—The table of sections for part IV of subchapter P of chapter 1 is amended by inserting after the item relating to section 1246 the following new item:

"1246A. Treatment of certain passive foreign investment companies."

(c) COORDINATION WITH SECTION 1248.—Section 1246 is amended by adding at the end thereof the following new subsection:
